DOLPHIN QUEEN, ATTENDANTS Pat Elder, center, was named Dolphin Club queen last Saturday at the concluding per-

# Pat Elder Wins Dolphin Crown At Water Show

By Joe Meisel  
A brown-eyed blonde in a black bathing suit and surrounded by aquatic regalia, Pat Elder, was presented a trophy and two kisses when she became SIU's first Dolphin Queen in the last performance of "Mr. Dolphin Presents" Saturday.

An overflow crowd at the University School pool watched Joe Bier's swimming team captain make the double-bellied presentation just prior to the finale. The 5'3" blonde beauty, a freshman from Eldorado, made a fast appearance in a pink, full-length formal. She was selected from among 31 candidates.

Barbara Liebig, 18, freshman from Mascoutah, and Pat Day, 19, sophomore from Carbondale, were selected as queen's attendants.

There were eight finalists, two from each of the first four shows, who were elected by audience voting.

Other finalists were Zelma Johnson, Rachel Barbour, Maryblye Elkins, Sandra Biagi and Kay Sue Eadie.

The queen and her attendants were chosen by a panel of five judges, consisting of four faculty members and one student.

Her majesty and attendants will be presented at all major swimming events at SIU throughout the year and will present trophies at the National Athletic Intercollegiate Association Regional Championship swimming meet here in March.

formance of "Mr. Dolphin Presents" at the University School pool. Her attendants were Barbara Liebig, left, and Pat Day

Lauderdale, Fla., during the Christmas vacation. The forum is regularly attended by 40 of the major colleges in the country.

Preparations for 1957 Preparations for next year's show will start in January. It will be presented in conjunction with Parents' Day again next year.

"We will continue to add to the show—scenery, background, new routines, etc.," said Dr. William Heuser, faculty sponsor of the Dolphin Club and head swimming coach.

"We would like to eventually add an underwater speaker and underwater lights," he added.

The SIU swimming team, started in 1954 by Dr. Edward Shea, head of the Physical Education Department, is now in its third year of intercollegiate competition.

Heuser became head swimming coach in the fall of 1955.

SIU's first home meet will be held on Jan. 9, when Belmont College will be here. St. Louis University will be here on Feb. 2, followed by the Air Force Academy on Feb. 9.

The Dolphin Club, initiated on campus last year, is a national honorary men's swimming fraternity. The general purpose of the organization is to further competitive swimming, diving, and other aquatic activities.

SIU's chapter has a membership of 35.

Eligibility is determined by a letter in varsity swimming or those who have shown a high level of interest in the sport.

## 3 Students Receive Chemistry Awards

Three Chemistry students received scholarships Monday, Nov. 12 at 10 a. m.

Cynthia Van Lente Ward, senior, chemistry major with a scholastic average of 4.6415 received an award of \$300.

Leslie Berl Sims, junior chemistry major with a scholastic average of 5.00 received an award of \$150.

William C. Isaac, sophomore, chemistry major with a scholastic average of 5.00 received \$50.

## Ind. Ed. Club Organizes Plans

Setting under the shadow of a first place trophy, won by their homecoming float, James Rowe, president of Industrial Education Club, called the meeting to order.

"This is what we can do if we all work together," said Rowe, as he patted the trophy with a proud smile on his face.

He then stated that there were several committees to be formed if the club was to work as a "well-oiled machine." Volunteers were asked for and received.

**Appointments Committee**  
On the program committee which is to plan the program, invited guest speakers, procure movies are Corlen Hanka, Charles Doy and Cyril Doerner.

The next committee formed was a publicity committee to keep the members and outsiders informed on what the club is doing. This committee is made-up of: Gerald Martin, James Boyd and Dean A. Waller.

The committee which will have the job of adding new members to the club consists of James Bush, Don Drake, and Clarence Scarborough.

Jerry Tarantino, Gerald Martin and Nathan Veach are the members of the refreshment committee whose job is to buy and prepare refreshments for the coming meetings.

Other things brought up at the meeting were a downtown window display, the passing out of membership cards, and an exchange of project plans with other schools.

**Discus Projects**  
The club discussed a way of making money to cut the dues and help pay for their annual picnic. The plan suggested was the manufacturing of a product to be sold on campus. The work is to be done by the members on the weekends, on an assembly line basis. A committee was formed to look into this and each member was asked to submit an idea of what he thinks would be a good project. This committee consisting of James Rowe, Dean Waller and Carroll Doerner are to process these suggestions and decide on the best ones to be put into production. If any of the student body has something they would like to buy in the wood or casting lines, such as ashtrays etc. with an SIU or fraternity, sorority shield on them they can contact Rowe. One club member even has a tool set-up where he can produce water-ski.

Dr. J. W. Nickers presented the meetings in Parkinson 203, at a meeting of all chemistry majors.

## Evaluation Of SIU Graduate School Begins

The SIU Graduate School headed by Dean Willis G. Swartz, with the assistance of the various internal departments is conducting a self-survey report in an attempt to qualify for the offering of the Ph. D. degree.

The departments evaluate their curriculums and facilities in written form and turn them over to Dean Swartz. Swartz will edit and co-ordinate the reports and compile them in a single document form. The evaluation will then be sent to the North Central Association, a group which ranks universities according to their efficiency for study. This association has the power to either permit or deny the desired Ph. D. program.

"We anticipate starting a Ph. D. program next year," said Swartz. "And in order to be properly accredited for it we have to submit this evaluation report."

The criteria used by the North Central Association in judging the self-survey analysis is a hypothetical university set up on paper which has all the qualifications of the ideal institution of higher learning.

John Teschner, camp counselor at Giant City, picked Dave up at the scene of the accident and took him to Doctors Hospital in Carbondale for treatment.

## Richard Lutz Wins MRH Service Award

Richard Lutz has been given the Men's Residence Halls Service Award for 1955-56. He will receive a \$75 cash award.

Lutz was judged the winner because of his significant contribution to the Residence Halls. Last year he lived at the Southern Annex Residence Hall and he currently resides at Thompson Point, Building No. 4. He maintained a three-point average, another of the top requirements. For this year's award, which will also merit a \$75 cash prize, any resident may apply for consideration on his own initiative, or an application may be submitted on behalf of a resident by another student or group of students. There is no limit to the number of candidates from any one residence hall.

The award will be presented at the Activities Day Convocation in the spring.

President Robert Bleem presiding over the Residence Hall's meeting last Thursday.

A motion was carried that \$25 be appropriated to purchase suitable music for the Residence Hall Choir. Robert Walker made the request.

Richard White, business manager, presented the monthly financial reports for the periods of Sept. 24-Sept. 30, and the month of October.

It was moved and passed that \$75 be allocated for the improvement of the Residence Hall's dances. Woody Hall is to contribute a like amount.

John Rorbetz, Harry Rubin and Larry Van Metz formed a committee to look into need repairs in the Dowdell Hall pool table.

The committee's report is to include an estimate on repairs and prices on new and used tables.

PARENTS MEET BURDOW N Mr. and Mrs. John Farnbach, who were selected "Parents of the Day" at the Parents Day Festival last Saturday, met Burdow, a genuine Si-

# Hospitality Weekend -- Yes Or No, Council To See

## Student Injured As University Bus Overturns At Giant City

"It was only a matter of seconds when I noticed the bus was on the edge of the road 'til I felt a jolt and a smattering of but never said hit me in the face."

This statement was made by David Voic, only passenger on the SIU bus that turned over about 6 miles outside Carbondale, en route to Giant City, last Sunday night about 10:30 p. m.

"I wasn't watching the road at the time we went off," said Dave. "Then I felt a slight jar and saw that we were angling along the ditch heading for the embankment. The next thing I knew the bus was lying on its side against the embankment," said Dave.

John Teschner, camp counselor at Giant City, picked Dave up at the scene of the accident and took him to Doctors Hospital in Carbondale for treatment.

"I got to the hospital about 11 p. m.," said Dave, "and they washed my eyes with some kind of medicine and treated the burns on my face."

The bus is owned by Raymond Mueller of De Soto, Illinois, and operated for the University under contract.

According to Mueller the buses are checked for mechanical deficiencies daily and the one which overturned was in "perfect operating condition."

Driver, Glen McCord, did not require medical attention. He was only "shook up slightly" according to Mueller.

Losses sustained on the Health Center Monday morning and unable to attend classes.

# Mr., Mrs. Farnbach Reign Over Parents Day Program

Mr. and Mrs. John Farnbach of Alton, reigned over the largest Parents' Day ever held. They are the parents of John Farnbach, freshman history major, who lives at Southern Annex.

This year the crowd was estimated at about 1,000. Last year's attendance was 800. Steering committee Co-Chairmen were Dick Small and Wayne Oldham.

The Farnbachs were selected as "Parents of the Day" in a drawing by Jane Curry, a Cairo senior. Southern's 1956 Homecoming Queen. Students entered their parent's name in a box in the Student Union.

Farnbach is a welder at Laclede Steel Company, Alton, and his wife is a secretary at Missouri Insurance Company in St. Louis. They are the parents of seven children. The Farnbachs moved to Al-

ton a year ago from Carbondale. They accepted Mr. and Mrs. E. M. Lockman, of West Frankfort, as the parents of Terry Lockman, an SIU sophomore.

**Parents Presented Trophy**  
Mr. and Mrs. Farnbach were presented with a traveling trophy which has become a new feature connected with the honor this year. All the parents registered from 9 to 12 a. m. in the Student Union. When they registered they were presented with tags and tickets for the noon luncheon.

The luncheon was served in the University High School gym from 11:30 a. m. to 1 p. m.

Miss Elizabeth Greenleaf, co-ordinator of student activities, has asked the Student Council to consider the possibility of dropping Hospitality Weekend.

Miss Greenleaf said that high school seniors have a number of chances to visit the campus at other times. She says that she has asked the Council to evaluate the value of Hospitality Weekend in view of these circumstances.

Hospitality Weekend is held in the spring term of every school year, for the benefit of high school students who would like to tour and inspect the SIU campus. It lasts two days—on Friday and Saturday.

After Sandra Unger, Council president, made the announcement at the meeting, the Council decided to let a committee investigate the issue before rendering a final decision.

**Members For**  
Bobbie Harris, recording secretary, voiced her opinion in favor of keeping Hospitality Weekend: "When I was a senior in high school, it helped me a great deal, and I look forward to coming to SIU for Hospitality Weekend."

Dick Hunsacker, vice president, also is in favor of keeping Hospitality Weekend. "Hospitality Weekend was a big help in my decision to come to SIU, and I think it has helped other students, too," Hunsacker stated.

"We would like any student who is interested in the outcome of Hospitality Weekend to come to the Student Council next Thursday and donate his opinion," Miss Unger said.

"Appointed to the committee were Bill Norwood, chairman, along with Martha Van Cleave and Mary Kay Sharkey. They are to report their findings to the Council Thursday.

**Teacher New Member**  
John Teschner, senior, was elected on the third secret ballot to fill the vacancy created by the withdrawal from school of F. o. n. Dunko, former senior representative.

Four other male students filled out petitions. They were Bob Brazner, George Noid, Jim Shaw and Jim Casparis. None was previously served on the Council.

Other business concerned the Procedures Handbook for Student Council Members. Hunsacker reported that the book should be ready for Thursday's meeting.

Discussions concerning representative to the Southern Style, the freshman handbook, reported that work on the brochure will begin after the Thanksgiving vacation.

"I think we will accept the same form as last year," said Miss Newbly.

Les Schneider, treasurer, and Jerry Froelich, freshman representative, were absent from the meeting.

Council meetings, which begin at 8 p. m., are held in the Speech and Hearing Clinic on South Thompson. Any student is welcome to attend these sessions.

**Hastings To Conduct Credit Conference**  
William B. Hastings, lecturer in the business department, is to conduct a four day credit conference in Belleville, Ill., on Nov. 13, 14, 15 and 20.

This conference is the first of a series that are to take place in the near future. The conference will be sponsored by the Small Business Bureau, and the University Adult Extension Division.

Hastings is a former president of a mill retail credit association, and has held the job of credit manager for three large midwest furniture concerns.

The Belleville conference is to be divided into four stages, why you should give credit, opening the credit account, type of accounts and the collection of the account.

This conference is to be attended by credit people in the Belleville area.

**STUDENT UNION**  
Judy Maynard, sophomore, was appointed the new house committee chairman of the Student Union Board and Council. Also appointed Jack Baker as band and orchestra manager and Jerry Watson of the movie committee.

Myma Kuhn is Student Union program chairman.

There were two presentations of the show. One was at 7 and the other was given at 8:45 p. m.

Assisting Small and Oldham on the Steering Committee were: Gary Ripley, the parents-of-the-day; John Finch, football game; Carla Coffey, freshman breaking parents' Day crown estimated at 1,000.

Bill and Marcia Spacy, publicity, and Jim Casman, correspondence,

## Save It

It definitely does have a value. Hospitality Weekend is not just a waste of time; it serves the purpose for which it was designed.

The Office of Student Affairs has asked the Student Council to investigate whether or not it would be wise to discontinue the affair.

The argument, and a very plausible one it is, by the Office of Student Affairs is that high school seniors have numerous chances to visit the SIU campus for various other occasions during the year. Because of these other visits, the OSA says that the Weekend would lose some of its value.

It's true that some of the high school seniors get to visit the campus for one reason or another at other times. But many of them visit only on Hospitality Weekend.

## Professor Supports Egypt

### Cunningham Tells of Cablegram From Native

"No, I don't think the Anglo-French action in the Middle East is justified."

"This statement was made by Dr. Floyd Cunningham, chairman of the geography department. Cunningham, who was a Fulbright lecturer at the American University in Cairo in 1953 and 1954, said that he has the right to see the Suez Canal.

"In regard to the Suez Canal," said Cunningham, "I am pro-Egyptian. Everything we should support on all right, and it's on their territory; they have a right to seize it. Receives Cablegram

"I received a cablegram from a woman in Egypt asking me to let all American citizens know that Egypt is right."

The cablegram said, "O ur innocent women and children are being unmercifully bombed and strafed by invading raiders in a most cruel manner. Please support Egypt against governments despoiling international morality. American prestige is on trial, don't forsake our beliefs. Speak up and let all know American citizens are on the side of the right."

This cablegram came from Mrs. Ruth Alfi who lives in Egypt. She was working for the United States Education Foundation in Cairo in 1953 and 1954.

"Mrs. Alfi is a reliable person," said Cunningham. "I met her when I was a Fulbright lecturer there."

## NEWMAN CLUB

The Rev. J. Barry Jones will speak to the Newman Club Wednesday, Nov. 14. The Rev. Jones is assistant priest of Our Lady of Mount Carmel Catholic Church in Herrin.

The Rev. Jones will speak at the regular bi-weekly meeting, which will be held in the Parish Hall of St. Francis Xavier Church in Carbondale, at 7:30 p. m.

The Newman Club met Wednesday, Nov. 7, to take pictures for the Obelisk. Eighty of the 100 members were present for the picture.

## PHYSICAL EXAMS

All students who plan to be assigned to student teaching during the Winter Term should take their physical examinations at the Health Service between Nov. 13 and Dec. 1.

This is the only time during which these physicals will be given at the Health Service. Failure to take your physical may delay your student teaching assignments.

## LITTLE MAN ON CAMPUS

by Dick Biber

"NUTHIN TO DO ON A LOUSY DAY LIKE THIS—WHADDA YA SAY WE GO TO CLASS?"

## MAIL BOX

To the Editor of the Egyptian: Mr. Editor, I am addressing this letter personally to those SIU students who attended the Southern Illinois Normal football game last Saturday.

Southern's AFROTC Drill Team was scheduled to give a half-time performance at this football game, but our commander was against this, because we were not polished enough to perform. However, he finally accepted the invitation since it was for the benefit of the school. As we first marched onto the field everything was going along fine, until we started to do our first movement. Unfortunately, we didn't perform this movement adequately. To be exact, it was lousy. However, this could not be helped because of a lot of unavoidable confusion and circumstances. Our drill team members felt badly about our performance, but what was worse, the SIU students made cracks and childish remarks as though we were before them acting as comedians. These students behaved as if they were very immature children. This is my point, Mr. Editor! To be a member of the Drill Team, a fellow has to have desire and he has to devote a considerable amount of his free time for practice. Our members even attended 7 a. m. drill last Friday to get ready for our performance at the football game.

We haven't had enough practice to look real sharp, but we have the desire to become a sharp outfit and to try to make Southern proud of us. We have fine, capable AFROTC officers to help us accomplish this goal. If SIU students do not have the respect and courtesy for us, to permit us to try to do our best when performing before them, then I say, we have a very poor student body.

Our main objective is to make Southern proud of us as we are. I only hope the student body will take everything into consideration when I have mentioned in this letter, and give us a chance to prove ourselves.

George Mendall, Member SIU Drill Team

## SIU Has Animal House

### Rabbits To Bird Dogs For Zoology Dept. Study

Five beady-eyed birds, some two alligators," said Church. "They were about six year old and could be fed by hand."

The aquarium, which looks like a miniature converted greenhouse, faces away from the Life Science building to the rear of the animal house. Here are large small and medium size tubs and tanks filled with large, small and medium sized, disinterested fish. There is a constant rush of water circulating water in the tanks.

"They are gold fish, bass, perch, stone rollers and many other fish which are used by the university wild life people," commented Church, his voice echoing against the glass walls.

A few of the smaller rooms are brimming with outdoor equipment. There are coils of fishnets and traps and outdoor motors and gear which are used for wildlife research.

Behind the animal house are kennels for the bird dogs which house a square, clean enclosure and silver wire animal cages of various sizes. The only animal found here at the present time are a few rabbits huddling in the rear of their cages. There will be, according to Church, more animals soon to fill the empty cages.

"About six months ago we had

## Work Progresses On Council Of 100 Road

"The response to the call for volunteers has been good," said Dr. Jo Ann Boydston, executive secretary of the Educational Council of 100.

The council is constructing a camp at Little Grassy Lake for elementary and high school students from the 31 southernmost counties of Illinois.

"Some people and various construction companies have helped," said Boydston. "Progress is being made."

A road, extending from the southern tip of Little Grassy Lake to a point opposite SIU's camp, is being constructed by the council. At the end of the road, a distance of about three miles, the camp will be constructed.

Last Saturday and Sunday volunteers built another section to the road which is now about a mile long.

## Church Publicity Is Gamma Delta Topic

Publicizing Your Church in Your Community" was the topic of discussion at a meeting of Gamma Delta, Lutheran student organization, Wednesday, Nov. 7.

Elmer Kramer, publicity director of the Lutheran Layman's League, with offices in St. Louis, was the guest speaker.

Ralph Kipp, president, presided over the meeting, which was held in the Chapel/Auditorium of Our Savior Lutheran Church in Carbondale. About 50 members participated in the meeting.

## GEOLOGY FIELD TRIP

A trip will be taken Nov. 18 by the Geology Club to study and map Mississippi and Pennsylvania formations at the Pomona and Gorham quadrangles.

"Mississippi and Pennsylvania are age names for layers of rocks that are exposed in Illinois," said R. L. Stevenson, graduate assistant.

"These formations are typical of Southern Illinois."

The five students participating, Larry Toler, George Desborough, Jack Witter, Roger Moody and Bill Von Almen, will leave with Dr. J. R. Dubar at 7 a. m.

## OPEN HOUSE

The Thompson Post Residence Hall Number four will hold an informal open house from 6 p. m. to 8 p. m. Nov. 30. On the same night they will hold a homecoming party and dance from 9 p. m. to 12:30 p. m. It is for the residents and their dates only.

Committee members are Jim Bush, 1st floor, Art Carlisle, 2nd floor, and Fritz Cubin, 3rd floor.

## CLOSED THANKSGIVING

Woody Hill will be closed Nov. 21 at 2 p. m. for the Thanksgiving holidays it was announced at the meeting of House Council Nov. 5, but it will remain open until November 21, for those who obtained work permits through Janet Bracridge. The hall will reopen at 1 p. m. Sunday, Jan. 25.

Small house behind the Life Science building, live the flying, herring and crawling critters of the SIU zoology department.

## Designer Gives Lecture

### Bedno Tells All About Lines And Circles

"Visual design straddles art and technology; you have to have the urge to be an artist and the skill of a technician, the will to face a problem you have never faced before and come up with a solid solution. This is what Edward Bedno said in a lecture Wed., Nov. 7. Bedno has a studio in Chicago where he does free-lance work, which he describes as mostly two-dimensional design for printing. This is the first of a series of 15 lectures being sponsored by the department of design.

Bedno showed slides and told of the design used in the London Transport System. He brought with him a number of the posters and a series of 15 lectures being sponsored by the department of design.

"The maps are very clear and thorough, and the posters are very fanciful and delightful," Bedno said. "Every piece does exactly what it is intended to do. They never mix fancy with clarity."

"The London Transport System has what amounts to a monopoly. They could do the best job or the worst job, but they do the best job."

Bedno showed slides picturing the various kinds of posters and means of advertising.

"The symbol of the system is a circle intersected by a horizontal bar," Bedno said. "It is used in every conceivable way, even on the seat covers of the buses and trains."

"The symbol appears on about 98% of all their work. On their official envelopes, the return address is merely the symbol. On many of the posters, no words are necessary. The picture tells of something you would like to see and the symbol appears in the corner."

## HOLD MEETING

Pi Lambda Theta, honorary educational society for women held its fall initiation last Thursday in the University Cafeteria. The level of membership was given to 35 new members. Present at the meeting were 57 members.

Dean John Grinnell, dean of the College of Education, gave a talk after the initiation and banquet. Jane Curry, senior, is the sorority president.

## PHYSICS TALK

"Recent Development in High Vacuum Techniques" will be the subject of the third in a series of talks by Dr. Walter G. Wlodek of the Physics department.

"The talk will be given in Parkinson 308 Nov. 29."

"Techniques have been developed, which have made it possible, to attain pressures which are lower by a factor of a million than those previously attainable," said Wlodek.

"This has made possible many different kinds of experiments, which were quite impossible before."

## JOINT MEETING

The local chapter of the Future Teachers of America will be guests of Kappa Delta Pi, honorary education fraternity, at a meeting Nov. 20. The meeting will be held in the Library Auditorium.

### African Expert Will Address Freshman Convocation Thursday

Many things about the troubled continent of Africa, its problems, its hopes and aspirations and the role which the U. S., as a world leader, should assume in its development will be learned Thursday, Nov. 15 when Dr. Ernest Delmonico Kalibala will speak at Freshmen Convocation in Shryock Auditorium.

He has traveled the long road from primitive huts in East Africa to skyscrapers in New York to bridge almost the entire gamut of civilization from primitive life to a highly urbanized society.

His first hand knowledge of the struggle in Africa and the desire of the Africans for freedom make his presentation of the independence movements informative.

**Held's Deliberate Degree**  
Dr. Kalibala's topic will be "Africa—Yesterday, Today and Tomorrow." He is Doctor of Theology at Harvard University.

He began his education at a missionary school in East Africa, at Kampala, Uganda, where his father was mayor. From there he studied at colleges in England.

After receiving his Bachelor's degree in Education at New York University, he obtained his Masters degree at Columbia, and a sec-

**"WHAT'LL YOU HAVE?"** As if he didn't know, Waiter Dan DeBoe accommodates Karen Campe, left, and her escort, Bob Butera, at the Pizza Supper in the Student Union after Saturday's football game. The affair was sponsored by Delta Chi in connection with the Parents Day festivities.

### Fall Quarter Final Exam Schedule Sees Changes Made

**Wednesday, December 12**

### Health, P. E. Contast Here Nov. 29, 30

A two-day health and physical education conference will be held on campus Nov. 29 and 30. About 200 are expected to attend the conference, according to Dr. Jean Fligor, assistant dean of the College of Education.

The first day will be exclusively for teachers. Dr. Harold Benjamin of George Peabody College of Teachers, will be the consultant.

Dr. Benjamin, editor of the education series of the McGraw-Hill Book Company, was formerly dean at the University of Minnesota, University of Maryland, and University of Colorado. He is the author of "Suburbs: A Study in Planning."

The second day will be for administrators only. Dr. Delbert Obersteiner will consider individual and area problems, including those developed during the first day of the conference.

Obersteiner was a leader in the recent Washington national conference on physical fitness of American youth. He was the former Ohio director of Health and Physical Education.

The conference will be sponsored by the southern district of the Illinois Association for Health Education and Physical Education.

**Teaching Problems Cited**  
**Education Week Concerned With Teacher Needs**

"Interest is being focused upon the need for teachers in the supply of teachers as well as other important factors concerning teaching during this year's American Education Week," said Dr. Roy Bryant, placement service director.

Only a few of SIU graduates entering the teaching profession are available, according to Bryant.

"On the bachelor's degree level," said Bryant, "only a very few of the elementary majors had previous teaching experience. None of the high school teachers had previous teaching experience."

"On the masters' degree level, several of the elementary majors had previous teaching experience. A few of the high school people had previous teaching experience."

"Several teaching jobs are available according to Bryant. The number of elementary vacancies reported to the Placements Service office this year is 15,916. There have been 5,876 high school vacancies reported."

Bryant said that the demand for librarians, speech correction teachers and teachers for elementary schools is great.

"Teacher shortage is the greatest must miss the final examination may not take an examination before the one scheduled for the class in this case, 'W', followed by the tentative grade with a '12' indicating the number of weeks attended, should be recorded by the instructor. The final examination gets given at a later date, within one week."

A student who, for some reason, must miss the final examination may not take an examination before the one scheduled for the class in this case, 'W', followed by the tentative grade with a '12' indicating the number of weeks attended, should be recorded by the instructor. The final examination gets given at a later date, within one week."

### SIU Participates In Annual American Education Week

"Schools for a Strong America" is the slogan for American Education Week which is being observed this week.

An estimated 20 million individuals will visit schools and colleges during the observance held annually since 1921 under the sponsorship of the National Education Association, the American Legion, the U. S. Office of Education, and the National Congress of Parents and Teachers, according to Ivan Russell, chairman of the SIU American Education Week activities.

At SIU, the College of Education is participating in the observance. "A letter has been sent to each organized house asking them to study more," said Russell, "and letters have been sent to all faculty members asking them to mention American Education Week to their classes."

**Display: Were Made**  
Display cases at the library have been devoted to items about American Education Week.

"Several books on education and posters announcing American Education Week are included in the display," said Russell.

"The College of Education has as its goal to inform students and the public," said Russell, "about the purposes and activities of American Education Week."

Banners with American Education Week written on them will be given to freshmen at Thursday's convocation, and announced.

# Defense Collapses In Second Half, Salukis Fall To Redbirds, 27-13

By Bill Christine  
Southern's football team learned Saturday that two halves make a football game. The truth has at times been painfully evident this season, and Illinois Normal's 27-13 victory here Saturday provided further testimony.

The Southern offense was AWOL in the second half and its defense was just as hospitable as ever. Going down the well-known drain with the hope of a second-place finish in the IABC was the revelation that this Saluki team might better the won-lost mark of last year's Al Kawal-coached aggregation. Now the Salukis can't. Their record is 3 and 5, and the defense have it. In 1935 they won four, lost four and tied two.

In the first half Saturday, Normal would have to admit it was outplayed. The Redbirds even trailed, 13-7, at one stage in the second period, but they showed no panic. Twenty seconds after Carver Shannon, Southern's revitalized offense, had belted across the goal-line from one yard out to establish a 13-7 advantage, Darrell Spang, Normal's stand-out halfback took Ed Hayes' ensuing kickoff.

Normal, five, picked up a few blockers, put down a few defenders and didn't halt until they say the whites of the end zone double-strips. It was a 95-yard run, stop, stop, again, only low placards by Jack Podowicz enabled Southern to go to Kawal's half-time chamber with an even feeling.

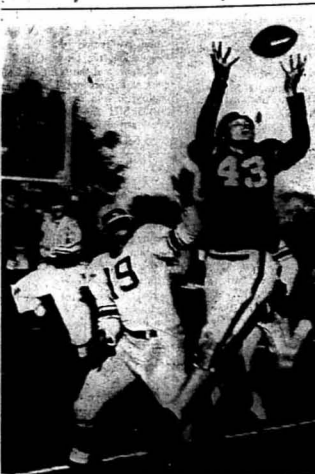

Southern received the second-half kickoff, and when a pair of Shannon ground-bags and Dave Wheeler's pass failed to advance, Charley Hamilton punted out of bounds on Normal's 49. Ed Struck's crew then started a touchdown drive which took 13 plays, the case a one-yard slant over the line by Quarterback John Thomas. A pair of 11-yard passes from Thomas to Mike Hundley were instrumental in the march. Podowicz' kick was perfect, and Normal held a 20-13 lead.

Southern again was stymied on downs and Wheeler's punt gave Normal possession on its own 21. This time the march required 17 plays, and the crew of it was achieved with much more grace. Carl Eichardt lobbed a pass to Bob Jones on the goal-line, to the defensive backfield's dismay, for Jones was unattended and waiting. He brushed off a pair of defenders and stepped into the end zone.

The Saluki defense at the outset showed signs that the game would be a contest. Spang swept 11 yards around right end four minutes and 28 seconds after the opening kickoff for a six-pointer and Podowicz successfully added the point.

Except for Hamilton, Southern fullbacks had become extinct. Captain-elect Bill Spratt was injured in pre-season drills, Paul Restivo had his nose transplanted to his chest against Washington and Rich White was injured on the return of a first-period kickoff. Hamilton sparked a TD incentive which fizzled at the 30 when Spang recovered a fumble. This time the line held, however, and SIU regained the football on its own 49. Banette Lewis devoured 41 of the 51 yards in the sequence—28 on one play—and Cal Fearn, Shannon's replacement, made one yard over right tackle for the marker. Shannon then made his first appearance in three weeks for the extra point try but it went wide.

PRELUDE TO A TD

Normal's Mike Hundley went high in the air to snare a pass which set up the third Redbird touchdown in the third

## Lingle Exits For Australia On Nov. 18; Will See Protege Run

The drive to send Leland P. (Doc) Lingle to the Olympics Nov. 22 is justifying itself. The \$1700 goal. The mark is now at \$1640, according to Robert O. Dannel, director of the Alumni Service.

All contributions may be mailed to the SIU Alumni Office. Checks should be made payable to the Doc Lingle Olympic Fund.

"We welcome student contributions," Harold Hartley, chairman of the drive, said. "No contributions are too small."

Lingle, who has been a head track coach at SIU for the past 16 years, will go to the Olympics to observe one of his former athletes, Phil Coleman, who qualified for the 3,000 meter steeplechase.

Doc will leave Carbondale on Nov. 16 for St. Louis, where he will fly to San Francisco, Calif. On the morning of Nov. 18, he will leave for Melbourne, Australia by plane. He will have to make three stops enroute. One will be at Honolulu, one at the Fiji Islands, and the other at Sydney, Australia.

He is expected to arrive in Melbourne on Nov. 21. Olympics begin on Nov. 22. He is expected to return about the first week in December.

Doc will travel with the Track and Field Tour, sponsored by the Track and Field magazine, which comprises Olympic fans from the U. S. While observing the Olympics, Doc will take photographs and write down notes of the various activities so that he may describe the events when he returns.

Among his notes and pictures there will probably be interesting comments on Coleman.

STATISTICS

## Brown Jug Still Sets Indee Pace

In the Independent Student Bowling League, the Brown Jug quintet held their narrow one-game edge as pace-setters by racking up a 3-1 decision over Thompson Point on some balanced pin toppling by Charles Groenewen, Firman Pinson and Doug Tabor last week.

Newman Club No. 1, off to a slow start this year, came to life by handing the Five Aces a four-game shelling while posting the highest series of the season, a 2-570 set. Dave Boudreau collected the individual high series with a sizzling 571 with Ed Langan checking in with a neat 541 score. Leroy Henning promoted most of the scoring threat for the victims with a hefty 536 series.

Dovle Dormitory also had the whitewash photo and proceeded with a robust 2-467 series clean sweep against Chautauqua-Co-Op. Bob McDaniel set the fireworks for the winners with a healthy 506.

Newman Club No. 2 moved into sole possession of the runner-up slot by virtue of a 3-1 conquest over the cellar dwelling Stearns Residence crew with Chuck Fredrickson's 466 the prime factor. Fred Gaubatz's 487 effort promoted most of the scoring threat for the victims.

## APO CHRISTMAS DANCE

Plans are now being made for a Christmas dance sponsored by the Alpha Phi Omega, Boy Scout service fraternity. The dance will be held Dec. 15. Bob Bernard is chairman of the dance committee.

Students pledging APO will help the Girls' Riary decorate the campus during the Christmas season. Arthur Carlisle, pledge master, was also appointed to the Social Senate.

FIRST SIU SCORE

Cal Fearn, on ground, ex-plunge from inside the one-yard line. Normal sec Durrell Spang (No. 47) failed to plug the hole

mal. Fearn went over on the play. Others in the action are, standing, left to right, Charley Hamilton, Bob Denny and Dave Wheeler.

## Intramurals

By Joe Melesi  
U. D. Plaza of the organized house league and Flatbroke Hotel of Southern Acres clashed yesterday for the all-school intramural football championship.

U. D. Plaza knocked off the Gallaway Caloons, representatives of the Independent League, 14-0, in the semi-finals to qualify for the final.

Two touchdowns by Roger Bryan, U. D. scaback, spearheaded the bombardment on the Caloons, Bryan also converted for 10 points on a pass from Monochian. Monochien also flipped to Chesik for the one-pointer.

The U. D. defense was strong enough to keep the Caloons from getting one first down.

U. D.'s, thus far, have a flawless record of six straight, without a loss.

Flatbroke Hotel 6, Theta Xi 4  
Red hot Flatbroke Hotel has torpedooed through the all-school tournament in devastating fashion.

Theta Xi, representative from the Fraternity League, found itself in the wake of the Hotel Monday when they suffered a 6-4 setback.

A lone Flatbroke TD was enough to shut the Xi guys out.
