University seeks
$200 million plus
for next biennium

SIU has submitted an operating budget request totaling $209,534,734 for the two years of the 1969-71 biennium. The request, now before the Illinois Board of Higher Education, is an increase of $104,076,507 over the appropriation for 1967-69.

The SIU request is up 88.67 per cent over the previous biennium. Among the public universities and their governing boards, only the Board of Regents Office and the junior colleges lump sum request are a larger percentage increase. The higher board will discuss the requests Dec. 2 and 3.

University President Delpyre W. Morris said more, "The bulk of the increase was necessitated by applying higher Board-approved formulas to projected enrollments, salary adjustments, and costs of new buildings. In addition, 20 per cent of the total increase, $19,369,754, was caused by a 1967 law requiring full funding of current-retirement system costs. Other increases include costs of new degree programs at both the Edwardsville and Carbondale campuses, including the recently approved medical and dental education studies.

The University, with an enrollment of 31,912 for the current quarter, forecasts an enrollment of 42,414 in the fall of 1970, of which half of the increase is predicted for the burgeoning Edwardsville campus. A total of $13,038,792 of the budget increase is asked to compensate for the increased enrollments, reflecting the higher costs associated with the continued maturation of the University in the direction of upper-level undergraduate and graduate instruction, as envisioned in the Illinois Master Plan for Higher Education. Salary and wage adjustments, based on the Higher Board formula, will require an increase of $10,602,512 for the biennium, Morris said, while the costs of opening new buildings will add another $5,810,002.

New instructional programs at all campuses, including initiation of medical and dental education, will cost $13,038,792. Improvement and expansion of existing academic programs is estimated to cost an additional $5,144,345 while organized research will need $3,100,160.

Explaining the University's enrollment projection Morris said, "The actual enrollment for the Fall of 1968 was 31,912, an increase since 1960 of 6,161 students, or 24 per cent, which is better than double the rate expected during the biennium.

"Two years from now, in the Fall of 1970, the University expects to register a total of 42,414 students. Budget for the current biennium was $165,484,227."

City residents to vote today in 18 precincts

Carbondale voters will go to the polls today along with the rest of the nation to cast ballots for national, and local candidates.

The polling places in the 18 city precincts, which were realigned in 1966, will be open until 6 p.m.

The 18 precincts and polling places:
1. Koenig Chevrolet, Rt. 13
2. Church of God, Mill Street
3. Federal Housing Authority, S. Marion Street
4. Community room of the Federal Housing Office, N. Marion Street
5. Ison Grocery, N. Marion Street
6. Assembly of God Church, N. Almond Street
7. Jim Pearsall Motor Co., Illinois Avenue
8. Carbondale Military and Naval Department Armory, W. Sycamore Street
9. Carbondale Community Central High School, N. Springfield Street
10. St. Francis Xavier Church, S. Poplar Street
11. Carbondale Community Teen Center, Walnut Street
12. Church of the Good Shepherd, Orchard Drive
13. Epiphany Lutheran Church, Chautauqua Street
14. JFP Realty Co., Glenview Drive
15. Parrish Grade School, R.R. 4
16. Western Heights Christian Church, R.R. 13
17. Carbondale Nursery, Rt. 51
18. Lakeland Grade School, Giant City blacktop

Every vote counts
in every election

By John Durbin

This year, your vote could make a difference in today's election.

Many persons may think, "Why should I bother to vote? What difference will my vote make?"

But one vote does make a difference in elections and could determine some of today's results.

In 1990, Republican presidential candidate Richard Nixon was defeated by John F. Kennedy by less than one vote per precinct throughout the United States.

Jackson County Circuit Court Clerk James Kerley defeated his opponent in 1964 by 234 votes in 44 precincts, according to Delmar Ward, county clerk. That was less than a five-vote difference per precinct.

In October, an election was held at McDonnell and Douglas Aircraft Corporations in St. Louis to determine which of two unions would represent the workers. There was a tie in 1 with each union receiving 4,981 votes.

One additional vote could have made the difference.

In Massachusetts, a candidate for governor in 1839 needed 51,034 votes for a majority. He received 51,034. Had one voter decided not to vote, there might have been a different governor.

On election day five years ago, a candidate for congress in a Cincinnati suburb was taken to a hospital with an appendicitis attack. He was unable to get to the polls and lost by one vote.

Randall Nelson, S.U. professor of government and Carbondale city councilman, feels that anyone who is indifferent about voting creates "an absolute default in his civic responsibility."

"Each person's vote is his portion of political power in our political system," Nelson said.

Health Service reports

University Health Service reported three admissions and three dismissals over the weekend.

Admitted were Charles Schuchard, Schneider Tower, Friday; Bob Maugy, Schneider Tower, Saturday, and Robert H. Hansen, 206 W. Jackson, Monday.

Dismissed were David Donohue, Wright I, and Robert Shinn, 601 Washington, both Friday, and Duane Kief, Dairy Center, Monday.

Daily Egyptian

Published as the Department of Journalism & Editorials Tuesday through Saturday throughout the normal school year. Vol. XLIX, No. 21, 1980. Published by students and faculty of Southern Illinois University, Carbondale. Copyright 1980 by the student body of Southern Illinois University, Carbondale, Illinois, 62901.

The newspaper of the student body is printed as a result of a 5/12/79 agreement between the student body and the administration of the University.

The Daily Egyptian offers a variety of newspapers to the student body. The newspaper is available at the following locations:

Eastern Illinois University Student Union, Illini Union, Student Union, and the University Center.

Issued weekly during the fall and spring semesters and biweekly during the summer semester.

Elect Ted

LOREK REPUBLICAN STATES ATTORNEY

I ask for your support at the polls today! In checking the Richman record over the last four years, I have become increasingly concerned about his inability to prosecute and convict suspected major lawbreakers. I pledge to you that I will do it and do it right!

LOREK WILL keep police informed on the States Attorney's office on Saturday so that the working man's needs may be reached by ANY ONE at any time.

LOREK WILL open the States Attorney's office on Saturday to discuss law enforcement officers with whom he works.

LOREK WILL concurantly demand and enforcement officers with whom he works.

LOREK WILL immediately suspend the Richman's office due to the inappropriate conduct of law enforcement officers and their use of firearms by assistant States Attorneys.

LOREK WILL establish a meaningful police training program.

LOREK WILL immediately suspend the Richman's office due to the inappropriate conduct of law enforcement officers and their use of firearms by assistant States Attorneys.

LOREK WILL remain calm and swift.

LOREK WILL serve all my constituents with the skills and ability I have learned throughout all of Jackson County.

LOREK WILL serve all my constituents with the skills and ability I have learned throughout all of Jackson County.

I am qualified to be your State's Attorney by virtue of education and experience. I have five years of legal experience in Jackson County and hold both a Bachelor and Juris Doctor degree from the University of Illinois. If you are also a concerned citizen of Jackson County, I ask for your vote today.

LOREK WILL serve all my constituents with the skills and ability I have learned throughout all of Jackson County.

SDS backs Greek expansion plan

Students for a Democratic Society, in its third formal meeting Sunday, voted to support the Greek expansion policy which is now being examined by the Student Senate.

According to Leo Driscoll, spokesman for SDS, the group "feels that LEAC should be allowed to affiliate nationally and that, undergroum-off campus fraternities should be recognized."

It is Driscoll's understanding that the "administrative council" uses strong anti-greek feeling on campus to stimulate the action on expansion. "But popularity of a group on campus should not inhibit a group to determine its own structure or size," Driscoll added.

The Student Senate housing committee has been examining this problem and will discuss the issue at this week's senate meeting.

The 40 people who attended the SDS meeting last Sunday also decided not to boycott today's elections, Driscoll said.

An election boycott had been recommended by the National SDS chapter, said Suzanne Faustiner, campus Senator who helped the local SDS group obtain Senate recognition, but the local group voted the suggestion.

Seven hundred S.U. student tickets, to be presented on a first-come, first-served basis, are available without cost for the concert by the Washington National Symphony Orchestra at 8 p.m. Friday in Shryock Auditorium. Tickets can be obtained at the information desk of the University Center.

The Washington National Symphony, directed by Howard Mitchell, will present Samuel Barber's "School for Scandal overture, Rachmaninoff's "Concerto No. 3 for piano and orchestra," and Beethoven's "Symphony No. 5.""
India now advances; 
Communism faltering

“There is no future for communism in India,” according to K. L. Shrimali, a visiting professor in the College of Education, in the first of a series of lectures on India, Shrimali said communism will not gain a position of strength in India, that communism is best fought not on the battlefield but in the economic field and that India is advancing rapidly in economic development. For this reason, he thinks that communism cannot gain strength there.

When questioned about the effects of communistic appeals to youth in India, Shrimali said that communism has not gained the strength that communist leaders of India would like to project. Since the 1930 communistic movement, the youth of India have started to move away to different political ideas.

Shrimali served as Minister of Education in India for ten years and for 12 years was a member of the Parliament of India.

While at SRI, Shrimali will speak to various organizations. His topics will include “Values of Indian Culture,” “Student Unrest in India,” “Intellectual Impact of the West,” and the “Problem of Population Control in India.”

One of the floats in rain shortened parade

President Deltye Morris honored at half-time
Prominent GOP candidates

For United States Senator

A resident of Pekin, Everett M. Dirksen is seeking his fourth term in the U.S. Senate. Now 72 years old, Dirksen was first elected to the U.S. House of Representatives in 1952. He served there 16 years before being elected to the Senate. He served the Senate as minority whip from 1954 to 1958 and from 1958 to present has been the minority leader. He is a member of the Finance and Judiciary Committees.

For Governor

Formerly sheriff of Cook County and now the president of the Cook County Board of Commissioners, Richard B. Ogilvie has campaigned as a crime-buster and government reformer. An opponent of the Duby machine, he has supported legislative reforms for conducting Cook County elections and aid for county purchasing. A graduate of Yale University and Chicago Kent College of Law, he was special assistant to the U.S. attorney general before running for sheriff. He resides in Northfield with his wife and daughter. He is 45 years old.

For Lieutenant Governor

Robert Dwyer, 42, is an insurance executive who has served as state campaigner for the GOP in the past. Dwyer won in his attempt for the Republican nomination for state treasurer in 1966. In civic organizations he is director of Brain Research Foundation and director of the North Side Boys Club.

For Secretary of State

Presently a state senator, Donald D. Carpenter is seeking the office for which he has been held for 11 years. A senator for six years, he is chairman of the Committee on Highways and Traffic Regulations, and co-chairman of the Illinois Space Needs Commission. He lives in East Moline with his wife and five children. He is 37 years old.

For Auditor of "Public Accounts"

State Senator William G. Harris, 46, has served 14 years in the Illinois General Assembly. He is chairman of the Appropriations Division of the Senate and member of the Illinois Judiciary Commission. He has campaigned as "a taxpayers' watchdog against wasteful spending."

For Attorneys General

Running for attorney general, William J. Scott previously served as state treasurer and special assistant to the U.S. attorneys general. In 1964 he opposed Charles Percy for the Republican nomination for governor. As a member of State Electoral Board he won a series of court cases which resulted in the reapportionment of the state legislature. Scott, 41, is from Chicago.

For Clerk of the Supreme Court

Justin Taft, 44, has served as township supervisor, probate clerk and associate Clerk of Sangamon County. He is the fifth generation member of his family to live on the Taft farm in Rochester. Among other civic organizations, he is a member of the Lincoln and Junior College District and was formerly President of the Rochester Board of Education. For Representative in Congress 21st District

Val Ostel, the Mayor of Harrisburg, has run a hard fought campaign attacking his opponent's voting record in Congress. He has been particularly critical of Gray's voting record on the issue of supplying countries who turned to the North Vietnamese and on his support of the 10 per cent surtax. His campaign received a boost when Richard Nixon campaigned here and called him "one of the bright young stars on the political scene." He is 38 years old.

For State Attorney

Ted Lorek, who serves as legal counsel at SIU and operates his own law firm, has attacked Richman for his inability to solve criminal cases and poor cooperation with the local law enforcement agencies. He thinks his work with the SIU Security Police and teaching at the Police Training School STI gives him more experience than his opponent had before he asked out of politics.

For Circuit Clerk

A Murphysboro resident, Marvin Wright is seeking his first political office. He has worked at Grob Chevrolet for 18 years and serves as town clerk for the small town.

One college does more than broaden horizons. It calls to them, and beyond.

Now there's a way for you to know the world around you first-hand. A way to see the things you've read about, and study as you go. The way is a college that takes the Pantheon as a classroom for a lecture on Greece, and illustrates Hong Kong's floating societies with an hour's ride on a harbor sampler.

Every year Chapman College's World Campus Afloat takes two groups of 500 students out of their classrooms and opens up the world for them. And you can be one of the 500. Your new campus is the s.s. Ryndam, equipped with modern educational facilities and a fine faculty. You'll have a complete study curriculum as you go. And a fully accredited semester while at sea.

Chapman College is now accepting enrollments for Spring '69 and Fall '69 semesters. Spring '69 circles the world, from Los Angeles through the Orient, India, South Africa, to New York. Fall '69 leaves the World for Europe, the Mediterranean, Africa, South America, ending in Los Angeles. The world is there. Here's a good way for you to find out what's happening. Send for our catalog with the coupon at right.

Don't limit yourself Courses may meet weekly, or over a week-end. Special projects & non-academic ideas welcome.

To apply please go to Student Activities Office

Univ. Center or Call 453-2307

Deadline For Winter Quarter is Nov. 26
Key Democratic candidates

For United States Senator—

At 43, William G. Clark has served as a state senator, was the majority leader at age 34, and has served two terms as attorney general. He is a candidate for U.S. senator; he has based much of his campaign on Vietnam veteran and U.S. Senator from Illinois, Paul H. Douglas, described him as a boy who"had a bright future," and he continued to serve in the Senate after the Vietnam War. Clark has served in the House of Representatives since 1974, where he has advocated for stronger gun control laws, and was one of the sponsors of the Brady Handgun Violence Prevention Act.

For Governor—

Samuel Shaprio took over the state's highest office after Governor Otto Kerner was appointed judge of the U.S. Court of Appeals. He started as city attorney for Kankakee, became state's attorney for Kankakee County, state representative, lieutenant governor, and then governor. He was chairman of the Commission on Medical Care Adjustment, a member of the Council of the Improvement of the Economic and Social Status of the Older People, and lieutenant governor.

For Lieutenant Governor—

State Senator Paul Simon is perhaps best known as a sponsor of a "Right to Know" law which requires all meetings of public bodies to be open to the public. Simon, 30-year-old, was voted six times the Independent Voters of Illinois "best legislator" award, he is from Troy, in Madison County.

For Secretary of State—

Running for re-election for secretary of state, Paul Powell previously served 15 terms in the Illinois House of Representatives, Powell, from Vincennes, has introduced a program to improve driver's licenses for minors, started a new auditing system which increased truck license revenues and has recommended legislation to create a merit system in the office.

For Attorney General—

Presently the director of the Department of Public Works and Buildings, Francis S. Lerner supervises operation of the state's road system and interstate highways. After being a lawyer, he served as clerk of the Supreme Court of Cook County, Cook County treasurer and state treasurer. In 1966 he was named by Illinois International as one of the top ten men in public works.

For Clerk of the Supreme Court—

A school teacher from East St. Louis, Miss Fannie G. Jones has a record of state political activity. Girl Scout work, the Headstart program and service as a delegate to Baptist conventions earned her "Woman of the Year" honors for community service in East St. Louis. She is a member of the Illinois Federation of Teachers, the National Education Association and the NAACP.

For Representative in Congress 21st District—

Kenneth Gray is running for his eighth term in Congress after serving 14 years. The fight for the 21st Congressional District seat is one of the fiercest in the country. Gray, who has termed his opponent's campaign a "smear campaign," has based his campaign on contributions he has made to the area. The cost of the projects and improvements in his district is more than two billion dollars, which he says is more than those residents have paid in income taxes. From West Frankfort, Gray is 45 years old.

For States, Attorney—

Richard Richman is standing on his record in his bid for re-election. In one of the most heated contests in Southern Illinois, Richman has denounced his opponent's charges as being unwarranted. He has based his campaign on "high percentage of convictions based on the evidence and excellent cooperation with the local law enforcement agencies.

For Circuit Clerk—

James R. Kerley is basing his campaign on his past record as Circuit Clerk. A veteran of 20 years in the Navy, he worked at a supermarket before being elected in 1964. A Murphysboro resident, he is a member of the Eagles, VFW, American Legion and Farm Bureau.

Harry Flymn is seeking re-election and running on his record. Flynn, 54, a Carbondale insurance agent, is basing his campaign on "honest, efficient, considerate service to every individual who needs it." He has been endorsed by the Jackson County Democratic and Republican Physicians Committee for Flynn.

Rain dampens activities of Saluki Homecoming

By Mary Lou Manning

The 1968 Homecoming festivities might best be described with one word—"wet." And during the period from the foggy-cold Coronation Ball on Friday night to the rain-drenched Saturday afternoon, weather worked to dampen the weather.

Reigning over the festivities was the 1968 Homecoming Queen, Miss Goldsmith, who reigned from Brush Towers, was crowned by the 1967 Queen, Hazel Schaffman, during the ball Saturday night. The coronation took place on the revolving stage in the Arena, under the watchful eye of King Menes, traditional sovereign of SIU's Homecomings.

Miss Goldsmith's court included Diane Clasuing, a junior from Crest; Barbara McVay, a junior from Northbrook; Jan Walker, a senior from Marion; and Madalyn Yezdauki, a junior from Springfield. Cindy Jakes, a sophomore from Collinsville; Sue Hassong, a sophomore from Hazelwood, Mo., were attendants.

The parade—scheduled to suffer most from the rain—thirteen local bands scheduled to appear in the Saturday morning parade—would have marched in the rain, leaving only the Marching Salukis in the lineup, and the parade was rained out. A sizable crown lined the streets to watch.

President Delyne W. Moore, accompanied by his wife, was the Grand Marshal of the Parade.

Winners in the float division, announced during Saturday's pre-game activities, were Alpha Eta Rho aviation fraternity, first place; Veteran's Club, second place; and Saluki Enterprises, honorable mention.

Awards in the stunt category went to Recreation Club, first place; 108 floor of Schneider Hall, Brush Tower, second place; and Alpha Eta Rho, honorable mention.

A Homecoming Residence Hall won first place in the house decoration off-campus, single-group category. Second place went to the Baptist Student Center; third place, Blazine and University Hall, honorable mention, University City.

On-campus single-group winners were: Sigma Sigma Sigma social sorority, first place; Boomer Hall, University Park, second place; Wright Hall, University Park, third place; and Kappa Alpha Psi social fraternity, honorable mention.

Combined group winners were Felts and Kellogg Halls of Thompson Point, second place; Egyptian Dormitory and La Chateau, third place; and Smith and Warren Halls, Thompson Point, honorable mention.

Perhaps the brightest spot of the wet weekend was the Homecoming Stage Show. Jose feliciano, the blind Puerto Rican "soul" singer, received a standing ovation after a moving performance which included his popular recordings of "Light my Fire" and "High Heeled Sneakers."

After adjusting to the revolving stage, Mancini and his 40-piece orchestra presented such crowd-pleasers as "Baby Elephant Walk," "Pink Panther," "Charade," "Peter Gunn," and his two Academy Award winners, "Moon River" and "Days of Wine and Roses."

Vietnam voting factor

By Stephanie Bross

The role foreign policy issues play in affecting voter perception and behavior was the theme of an informal discussion last night in Davis Auditorium, Department of Government faculty members Melvin Kahn, Rue Cho, and Mr. Landecker covered a range of subjects ranging from tariffs, the missile gap, the Pueblo incident, the possibility of a fourth political party, and the results of the recent polls and their effect on the election.

But all three kept coming back to the issue of Vietnam as a major factor in determining voter behavior.

A statement was presented from the audience that President Johnson's decision to stop the bombing of the North was immoral and strictly a political maneuver in behalf of presidential hopeful Hubert Humphrey.

Kahn commented on the statement saying it is obvious that President Johnson did want to see Humphrey as the next president and the fact that he has gained popularity in the polls might in part be attributed to Johnson's bombing halt decision.

Foreign policy has played a minimal role affecting the vote, according to Landecker. He said he felt that voters lack information and preference about foreign affairs, that the issues in this election tend to "blur rather than define foreign policy."

Chou said that American prestige and the United Nations are two major issues in the campaign that have stemmed from the Vietnam war.

McDonald's is your kind of place.
Vietnam universities reported more difficult to enter than American

Getting into a university in South Vietnam involves a lot more than just showing up for registration.

"Vietnamese universities are difficult to get into," says an SIU professor who has recently returned from a four-week trip to Vietnam.

John L. King, chairman of the Department of Educational Administration and Foundations, said the student in South Vietnam must pass two difficult exams at various levels of his education in order to qualify for acceptance in a university. Once the student becomes eligible, he is placed on a long waiting list, and is called only when there is an opening for him.

"Because so few people have the opportunity for higher education, the student is more free than the student in Russia, North Vietnam," King said.

State Police sponsor driving course at SIU

Instruction in safe driving techniques will be offered in a six-week adult certificate course at SIU by Sgt. Lendall C. Rockwell, traffic safety officer for Illinois State Police District 13.

Classes will meet from 7 to 9 p.m. Mondays for four weeks in Room 120 of the Technology Building a beginning Monday. There is no tuition but $1 will be charged for materials.

Chemists to read papers at meeting

Chemistry faculty and students will present six research papers at the Midwest meeting of the American Chemical Society this weekend at Kansas State University. Robert Sapp and Boris Musulin will present a paper entitled "A New Device for Density Measurements." The work describes a new device for measuring "heartiness" of solutions at different temperatures.

Albert L. Caskey, associate professor of chemistry, Gary D. Carlson and Joseph Rigdon will present "Spectrophotometric Determination of Cobalt in Natural Waters, using Sodium 2-Nitroso-1-Napthol-5-Sulfonate."

Frank Gibbard, assistant professor, will present "Heats of Dilution of Electrolyte Solutions."

Cal Y. Meyers, professor of chemistry, Ishah Satary, Tom Doyle and Walter Matthews will present "Mechanism of the Oxidative Rearrangement of Phenyl-Methylallyl Sulfide to Phenyl Cystyl Sulfide."

Two other papers will be presented by John Tykal, Myles Doyle, M.L., Hsu and Satary.

The SIU chapter of Alpha Delta Sigma, national professional advertising organization, has been named regional winner of the Donald W. Davis Award as the outstanding ADS chapter in the Midwest for 1967-68.

Among 42 collegiate chapters of ADS nationwide, the SIU chapter gained a tie for third place nationally with the University of Oklahoma, both scoring 94 of a possible 100 points in the competition.

The national winner of the award for 1967-68 with Texas Tech with 100 points, followed by Texas A & M with 95 points.

On-campus job interviews

Following are on-campus job interviews at University Placement Services. For appointments and additional information, interested students may phone 453-2393 or stop by the Placement Office at 511 South Graham, College Square, Building B.

Thursday, November 7

American Cyanamid Company: Check with Placement Services.

Geygi Agricultural Chemical Co.: Sales Management Trainees—calling on distributors, farm-supply dealers and fertilizer dealers. Must be highly motivated, well-dressed, talk easily of current agricultural problems. Must have a valid driver's license. Hourly plus travel pay. Investment in company stock is possible.

Southern Railways: System Engineer.

Armour & Company: Check with Placement Services.

Community Unit School District #8, Granite City, Illinois, Elementary & Special Education.

Friday, November 8

Emerson Electric Company: Advertising, Accounting, Purchasing, Sales, Management, Marketing.

Alton Box Board Company: Business, Liberal Arts, & Technology majors for positions in Sales Production, Administrative, Engineering, Accounting, & Technical.

Bureau of Federal Credit Unions: Accounting majors for positions involving examination and supervision of Federal Credit Unions.

Merrill Lynch, Pierce, Fenner & Smith, Inc.: Account Executive (stockbroker) Operations-Supervisory positions in Chicago and bookkeeping dept. Must be willing to relocate. Sales/Secretarial for women with basic secretarial skills.

KellyWood Company: Accountants, Chemical Engineers, Chemists, Industrial Engineers, Mechanical Engineers and Personnel.

Lybrand, Ross Bros. & Montgomery (CPA's): Accountants.

Cooperative offers SIU scholarship

SIU undergraduates from Jefferson, Washington or Marion counties may qualify for a $300 scholarship for the 1968-69 school year. The award is offered by Tri-County Electric Cooperative, Inc., of Mt. Vernon. To be eligible, the student must be the son or daughter of a Tri-County Electric Cooperative member, be in good standing and have need of financial assistance.

Area residents are invited to submit names of nominees for the scholarship to A. W. Bird, member service supervisor, Tri-County Electric Cooperative, Inc., P.O. Drawer 309, Mt. Vernon. Final selection will be made by the SIU Office of Student Work and Financial Assistance.

Sheaffer's big deal gets you through 29 term papers, 3 book reports, 17 exams, 52 quizzes and 6 months of homework.

Sorry about that.

Sheaffer’s big deal means you can write twice as long. Because you get the long-writing Sheaffer dollar ballpoint plus an extra long-writing 49c refill free. All for just a dollar. How much do you think you can write?

Junior college priority part of master plan

The doors of SIU always welcome incoming junior college transfers and graduates, Chancellor Robert McVicar told a statewide junior college conference Friday in Rockford.

Speaking at a panel discussion on representative's of all state universities and the Federation of Independent Colleges and Universities, McVicar said "there will continue to be space at SIU for junior college transfers because we expect they will have priority in terms of the University's programs and educational service. SIU is committed to the state master plan for higher education, and it is incumbent on us to provide for the junior college transfer student when he is ready to come."

McVicar said SIU also has designed housing services with junior college students in mind. He said many such students "are more mature and more likely to be married" and that such facilities as the new Evergreen Terrace apartment project are partly the result of heavy demand from transfers.

Free School: Alan Wats philosophy, 7 p.m. Morris Library Lounge. Circle K: Meeting, 8-10 p.m., Agriculture Building Room 15. Inter-University Christian Fellowship: Meeting, 3-4 p.m., Morris Library Lounge. League of Women Voters: Job Corps tutoring, 7:30 p.m., Communications Building Rooms 118-122. Ski Buffs do it!

Ski Buffs is another name for the same thing as the old favorite "Sky Buff." The name Ski Buffs was officially adopted for the reason that the "Sky Buffs" had become so confusing that the public was unable to understand what they were.
Tournament Week, intramural wrestling on tap

**Intramural wrestling**

The annual Intramural Wrestling Tournament will be held in the SIU arena on Tuesday, Nov. 12 through Thursday, Nov. 14. Hours for the tournament all nights will be 8:15 to 10:30 p.m. Weigh-in time will be between 5 p.m. and 5:45 p.m. in the main locker room at the north end of the Arena. Any organization that has a team entered in the tournament, and participants may not be switched from one team to another after 6 p.m. Nov. 11.

The weight divisions will be 115 pounds and under, 125, 136, 145, 155, 165, 175, 190, and heavyweight. This tournament is straight elimination, and boats will be taken from the first match of the first round. In case of ties, there will be an overtime match of three 30-second periods. If still tied after the additional time, the two judges will decide the match. Teams may enter only one student in each weight class, and must include at least six members made up from one of the four teams. Any organization may have only one team entered in the tournament, and participants may not be switched from one team to another after 6 p.m. Nov. 11.

Comestants may enter the competition as independents, although they must fill out papers by 6 p.m. Nov. 11. Stalling that intention, Team members are due at the same time in the Intramural Office.

No wrestler will be expected to wrestle more than twice in any one evening, but each wrestler must present each evening when his name is called to avoid a forfeit. Participants who are not present to wrestle must notify and make suitable arrangements with the Intramural Office before 2 p.m. of the day he is to wrestle.

Standard wrestling or physical education equipment is the official dress for participants. Students participating in wrestling at SIU are not eligible, and a list of such students is posted in the Intramural Office bulletin board.

Wrestling mats will be available for practice after 8 p.m. on Nov. 5 through 8. A team scores five points for first, three for second, two for third and one for fourth place. An additional point will be awarded to the winner of each class and a trophy will be given to the team scoring the most points. All rules may be found in the Illinois High School Rules book. All participants should also read page 14 of the Intramural Handbook of the Health Service regulations governing participation.

**Soccer Club loses to U.I. at Chicago**

**Ex-Saluki Hart, Big Red improve**

Since Jim Hart won his job back at quarterback for the St. Louis Cardinals, both he and the Big Red have shown steady improvement. Engineering the 45-17 win over the winless Philadelphia Eagles Sunday, the ex-SIU quarterback hit on seven of 13 passes for 147 yards and one touchdown. He also went over himself for two more scores.

The game was the fourth Hart has started since losing his job to Charley Johnson. Hart was benched, according to Coach Charley Winner, to take some of the pressure off him after the Cardinals lost the first two games of the season.

**NEW JIMI HENDRIX**

Another Experience. Still the leaders, but now two steps ahead. So much to say, it's taking two albums (packaged as one). Many new games to play, all without benefit of rules. Electricified zapp. Plug yourself in.

**Contact lenses can be heaven or hell**

They may be a wonder of modern science but yet the slightest bit of dirt under the lens can make them unbearable in order to keep your contact lenses as comfortable and convenient as they were designed to be, you have to take care of them.

Until now you needed two or more solutions to properly prepare and maintain your contacts. You would think that caring for contacts should be convenient, as well as wearing them. It can be with Lensine. Lensine is the local lens solution for complete contact lens care. Just a drop or two, before you insert your lens, coats and lubricates it allowing the lens to float more freely in the eye's fluids. That's because Lensine is an isotonic solution, which means that it helps maintain the natural fluids of the eye.

Cleaning your contacts with Lensine retards the build-up of foreign debris on the lenses. And soaking your contacts in Lensine between wear periods assures you of proper lens hygiene. You get a free soaking case on the bottom of every bottle of Lensine. It has been demonstrated that improper storage between wearings may result in the growth of bacteria on the lenses. This is a sure cause of eye irritation and in some cases can endanger your vision. Bacteria cannot grow in Lensine which is sterile, self-sanitizing, and inert.

Let your contacts be the convenience they were meant to be. Get some Lensine, from the Munroe Company, Inc.
Youngstown must have SUU's number. In four meetings with Youngstown, the Salukis have yet to win one.

In 1965 Southern took it on the chin, 8-7, tied 21-21 in 1966 and was defeated 29-3 last year. Last season's loss came just one week after the Salukis stunned Tulsa 16-13 in SUU's Homecoming encounter.

Youngstown upended the Salukis 18-15 Saturday in Saluki homecoming. To fill the 4150-seat standing room only crowd estimated at 14,500.

Coming into the game, the Salukis were riding a three-game winning streak with victories over Lamar Tech 24-27, Dayton 18-17 and Drake 21-20. Dayton and Drake were Homecoming affairs.

The main factors in Southern's loss was Youngstown's brilliant offense and SUU's lack of an offense and a defense which couldn't contain the Penguins.

The Penguins air attack really spelled disaster for the Salukis. Youngstown quarterback Dan DeSio gave the defense a double whammy for both of the Penguin touch- downs when he passed for 133 yards and a touchdown.

Klembara's Thursday target was Dave DeSio who was in on three of SUU's four passes for 113 yards and one touchdown.

Klembara also utilized halfback Calvin Mason and halfback Craig Cotton as receivers. Mason made two receptions for 61 yards and one touchdown which covered 51 yards. Cotton converted four passes for 86 yards.

"Youngstown had good execution there and a good thrower and good receivers," Saluki Coach-Twick said.

Doug Hollinger was the Saluki top receiver for two catches for 77 yards and one touchdown. This touchdown pass from quarterback Mark Montgomery came from wing back Mike Bradley. This score came when Southern was trailing 18-0 with 10:12 remaining in the third quarter.

John Qutillen was once again the SUU workhorse, carrying the ball four times for 112 yards and one touchdown. His score came on a 75-yard run over right tackle with 4:13 left in the third period. The final thrust of penetration for the Salukis was to the Penguin 30-yard line late in the final period.

Concerning the Salukis off-ensive troubles, Coach Twick only said, "We just didn't execute on offense." SUU only gained 203 total yards. "We had a tremendous kicking game," commented Twick. "We get them deep in their own territory, but the defense just couldn't hold them up.

Before Youngstown kicked a field goal in the first quarter to take a 0-0 lead, Saluki punter - Barclay Allen had boomed one to the Youngstown seven-yard line. In the second period Allen boomed one to the Penguin 20-yard line only to have Youngstown come back and kick a 33-yard field goal with one second left in the half. And in the third stanza Allen punted to the Penguin 30-yard line only to have them bounce back and convert a field touchdown on a Klembara to Mason pass which covered all the 31 yards. "We just weren't ready to play this game," Twick stated.

This was by far our poorest defensive game of the year. They didn't pull anything that we didn't know about, but we weren't ready to play against the sweep pass."

"I felt that we would win when we were down 18-0, but Youngstown played a fine game. They were up for it. Heede is a helluva coach. You are going to see all the credit in the world.

Wide open

There is the Saluki defender's Youngstown's end Dave DeSio is about to make one of his many receptions in Saturday's game. This is the way it went all afternoon as the Penguins picked up 333 yards in the air and defeated SUU 18-15.

(PHOTO BY KEN GAREN)
By Barb Leebens

The gun went off and 24 minutes and 25 seconds later SIU's Hollinger flanker Gerry Hinton won his eighth intercollegiate race of the season Saturday at Glenn Ellyn.

Of the 18 teams participating in the Illinois Intercollegiate, SIU placed sixth with a team-total of 148 points while Eastern placed second with 90.

Western, a team Southern beat earlier in the season 26-29, placed third with 100; while DePaul took fourth place honors with 107 points. Northern was fifth with 134 points.

"The kids ran very poorly and we really missed Glenn Ujuy," Coach Lew Hartzog said. "Hinton won with ease.

How they fared

SIU's opponents fared no better Saturday than the Salukis did. They were only 2-6, and one of these wins came because two of Southern's foes played each other.

With SIU's opposition in all capitals, the results are as follows:

- TAMPA 22 NOR THE RN
- MICHIGAN 19
- Southeast Missouri State 19
- SOUTHWEST MISSOURI STATE 8
- LOUISVILLE 23 Kent State 9
- Memphis State 32 TULISA S
- Arkansas State 48 LAMAR
- TECH 17
- Xavier, Ohio, 27 DAYTON
- South Dakota 49 DRAKE 28

DAILY EGYPTIAN

The sixth place showing dipped the Salukis' record to 3-4-1 for the season. Southern will meet Murray State, here Saturday at 11 a.m.

This was the first time since 1962 that SIU has participated in the intercollegiate. Since that time it has been limited to Illinois colleges of a certain student population. Saturday was the first time in the history of the event that all Illinois state colleges were invited to compete regardless of school size.

Doug Hollinger is the runaway Saluki who races past the out-stretched body of a Youngstown University player in Saturday's homecoming tilt. Hollinger was one of the Salukins' more effective players, but few things worked in SIU's favor the entire day. Greeted in the morning by rain, SIU fans saw it let up long enough during the game to allow the usually potent Youngstown pass- ing attack to function. The Salukis lost 18-15. (See more page 15) (Photo by Chuck Rydlewski)

I'm sure the kids tried, but they just couldn't tighten the slack created by Ujuy's loss.*

*Ujuy was lost to the meet because of a leg injury suffered last week in practice.

"I doubt that Ujuy will be back for this Saturday's meet," Hartzog said. "I hope that the boys will be able to pick up such a poor showing at Glenn Ellyn."

Playtex invents the first-day tampon

(We took the inside out to show you how different it is.)

Outside: it's softer and silky (not cardboardy).
Inside: it's so absorbent it even protects on your first day. Your worst day!
In every lab test against the old cardboardy kind... the Playtex tampon was always more absorbent.
Actually 45% more absorbent on the average than the leading regular tampon.
Because it's different. Actually adjusts to you.
It flowers out. Fluffs out. Designed to protect every inch of you. So the chance of a mishap is almost zero!
Try it fast. Why live in the past?

Alfred & Leach for delivery. Offer expires April 1, 1973. If your favorite store is temporarily out of Hai Karate, keep searching.
