## Postpone Summer Term One Week

There have been several inquiries concerning the schedule for the summer session. At the Nov. 20, 1951, meeting of the University Council, it was voted to try the plan of having a week's vacation between the spring and summer terms for a two-year period.

Thus, the 1952 summer session will accordingly begin June 16 instead of June 9 and will end Aug. 9 instead of Aug. 2. Commencement will be held on Friday, Aug. 8.

## Little Theatre To Present 'Medea' As Spring Play

Little Theatre's spring play, "Medea," will be given Thursday, May 22, in Shryock auditorium, according to Dr. Archibald McLeod, director.

The play, written by Euripides, a Greek playwright in the fifth century, B.C., has been a favorite play for women actresses. It is a study of passion and emotion, concerning a very super-human dramatic character, Medea.

SIU's drama group will use an adaptation of the play by Robinson Jeffers, who wrote the title role for actress Judith Anderson.

The action centers around the marriage of Medea to Jason, (the same Jason who searched for the golden fleece) his subsequent desertion of her for Creon's daughter, and Medea's killing of her own two sons in her rage.

According to Dr. McLeod, "Medea" is a very difficult play, which few college theatres would attempt to produce. "I realize the difficulties but believe the students should have a chance to do something heavy. There is talent here to do a good job," concluded McLeod.

Casting for the play is not yet complete and the entire cast will be announced at a later date.

## Time Out

Do you ever go to class prepared to listen to an hour-long lecture and then become pleasantly surprised when your instructor goes off on a tangent about some idea or project that has just occurred to him? Before long, members of the class start volunteering opinions and experiences of their own and almost before you know it, the period has ended. You go out of class feeling that while you may not have learned much about the assigned lesson, you have learned a lot about the other members of the class and their attitudes and ideas.

It is the expression and interchanging of ideas between classmates, between fellow workers, between statesmen, and even on a more abstract level, between nations, that makes for a better understanding of the problems, needs and ambitions of each.

Today—right now—we need as much as ever to examine our attitudes and especially our motives toward so-called other races and creeds. Do we have tolerance? If so, how do we practice it—in the refuge of words alone, or by our actions?

Next week is national Brotherhood Week, sponsored each year by the National Conference of Christians and Jews, Inc., in an effort to get us to stop and evaluate for ourselves our interpretation of the word "brotherhood" and to make practical application of this meaning in our relations with others.

The word "brotherhood" has as many interpretations as there are individuals—and each of them different. To the so-called American, the word may signify standing shoulder to shoulder with millions of other Americans against all outside or foreign influences. . . . To a factory worker it may mean a union formed to stand up for his rights against unfair management. . . . To a Jew it may stand for an ideal and a way of life which to him have been, and seem in danger of continuing to be, entirely unobtainable.

Since Brotherhood Week is to be observed next week, a campus committee has been set up here at Southern, sponsored by the Student Council, and several events, such as a dinner and an assembly, are being planned. Organizations have been asked to invite speakers to their regular meetings for talks on some of the aspects of brotherhood.

In addition to these plans, we think that it would be worthwhile for each class and instructor to take ten or fifteen minutes from one period during the week for an informal discussion of the meaning of "brotherhood" to them, and its possible applications.

V.M.

## Council Corner

The last regular meeting of the Student Council was held Tuesday, Feb. 12, with President Doug Shepherd presiding. Jerry Fear was the only member absent.

Before the meeting got under way, visiting faculty members presented several cases to the Council for consideration. Dean of Men J. Clark Davis asked the Council to appoint representatives to meet with the University Council for the purpose of discussing the problem of smoking in permanent buildings on campus.

Dean of Women Leah Farr discussed the advantages and disadvantages of combining the 1952 Homecoming activities with the Carbondale Centennial celebration. She pointed out that such a plan might prove to be a larger drawing card for the Homecoming celebration and also decrease the work of the committee. Shepherd asked that Council members discuss this plan with various organizations and individuals and state their reactions at the next meeting.

W. C. McDANIEL discussed the proposed adoption of the semester plan for Southern. It was decided that arguments for and against the plan from the students' viewpoints should be drawn up and given the necessary publicity so that students could vote on the proposed plan at the spring term registration.

Carroll Cox, Barbara VonBehren, and Phyllis McKenzie were appointed to work with Dr. McDaniel on getting opinions from the students.

The next meeting of the Student Council constitutional committee was set for Monday, 4 p.m., at the Student Center.

Bob Duke reported on the Human Relations Conference which he attended at McKendree College. He also announced that committees had been set up to carry on the drive for aid to Anatolia College in Greece.

JoAnn Eblen reported that plans for the Brotherhood Week observance, Feb. 17-24, were being com-

Serkin was born of Russian background. His first visit to the United States was to play for a special invited audience at the Coolidge Festival in Washington, D. C. His public debut was made in 1936 when Toscanini invited him to be his soloist with the New York Philharmonic Symphony Orchestra.

### New Service Shops House Branches of SIU Physical Plant

After spending many years in the old buildings located at the main gate of McAndrew stadium, most service branches of Southern's physical plant have been moved to the new service shops building south of McAndrew stadium, according to physical plant office personnel.

The moving of this office and equipment took approximately two weeks and was completed early this month.

The service shops building is a one-story structure of brick and concrete, 360 by 100 feet, which is arranged in bays for the separate use of the trades with adequate work space in the front where windows are abundant and storage quarters for materials are at the rear of the building.

**SHOPS WHICH** were moved to the new building are the plumbers, electricians, carpenters, painters, the furniture repair service, the physical plant office, and the transportation office.

The university's supply-receiving station still remains in a temporary building near the central campus. Other service offices that have not been moved into the service shop building are the watchmen, grounds crew, and janitorial service.

### SIU Board of Trustees Meets Here Yesterday

Members of Southern's Board of Trustees met here yesterday for an all-day session.

Douglas E. Lawson, dean of the College of Education, appeared before the board to comment on a previously-presented report on the college. The trustees will hear also a report of the board's special committee on finance and management. Other matters on the agenda consist largely of routine business.

### To Offer Study-Tour Of Mexico As Course During Summer Term

Southern's department of foreign languages has announced a course to be offered for the first time this summer—Spanish 360, Study-Tour of Mexico. Students taking the course will carry eight hours credit, and it will be open to Spanish majors and minors, or others who have advanced standing in Spanish.

The first two weeks of the course will be spent on the campus, and will consist of lectures on the history and customs, the art and culture of the country, as well as drill on useful phrases. The group will travel by cars to Mexico City, which will serve as headquarters for four weeks.

The party will stay in hotels or boarding houses. There will be trips about the city with lectures by competent guides, and numerous visits to native villages, markets, etc.

**THE FEE** for the tour has been tentatively set at \$170, which will include transportation, lodging, guide service, and such minor fees as tourists cards. Meals are not included. The fee will be payable in advance, by June 1, 1952.

The party will leave Carbondale June 21 and return by July 27. There will be room for a limited number of people who cannot take the course for credit, but who would like to go on the tour proper.

Anyone interested in taking this tour, with or without credit, should contact Dr. J. Cary Davis of the foreign language department.

Applications will be accepted on the basis of priority; when the quota is filled, the list will be closed.

### Students, Faculty Buy Over 850 Book Reprints

Students and faculty members at Southern Illinois University have brought more than 850 "good" books during the past 14 months through a cooperative arrangement between the University's library and bookstore.

Believing that college students may become permanent readers of good books if encouraged to buy some, the library staff hit upon the idea in the fall of 1950.

They set up a reading room display collection of the best inexpensive reprint series of fine books, selected carefully by library staff members. Here students and faculty members may browse, select books, and leave orders to be filled by the bookstore.

At present, 31 series of reprints, totalling 1,371 titles, are represented in the display. Prices of books range upward from 25 cents, but no expensive reprints are included.

### AUDREY RUNGE TO GIVE FOOD DEMONSTRATION

"Captivating Casseroles," a food demonstration, will be given at 10 a.m. Monday, Feb. 18, in Main 110 by Mrs. Audrey Runge, student demonstrator. The public is invited to attend.

## Bradley Among Ten Foes Schedule For SIU Baseball Team

Southern's baseball team will play a 19-game schedule, including nine home games, next season, Coach Glenn (Abe) Martin has announced.

The season gets under way April 5 with a game at Arkansas State. Prior to that, the Salukis will play a six-game tour of the south, with games against Southwest Louisiana at Lafayette, Loyola of the South at New Orleans, Mississippi State at Clinton and Louisiana State at Baton Rouge. The tour will last from March 10-15.

Students will have a chance to see doubleheaders with Central Michigan, Northern and Eastern, and single games with Washington U., Millikin and Arkansas State.

A new opponent on this year's schedule is Bradley university, whom the Salukis play at Peoria, May 31, their last game of the year.

The schedule:

- April 5—Arkansas State, away.
- April 8—Washington U., home.
- April 11—Western Illinois, away (2).
- April 15—Millikin, home.
- April 18—Central Michigan, home (2).
- April 25—Michigan Normal, away (2).
- April 29—Washington U., away.
- May 3—Arkansas State, home.
- May 9—Illinois Normal, away (2).
- May 16—Northern Illinois, home (2).
- May 20—Eastern Illinois, home (2).
- May 31—Bradley, away (2).

All Interstate Intercollegiate Athletic Conference games, except those with Eastern May 20, will be played in twin bills on Friday afternoons, weather permitting. However, Martin said, provisions have been made to play the games on Saturdays if they are rained out on Fridays.

Southern's junior varsity cagers won their sixth victory of the year Tuesday night over Centralia junior college by an 88-68 score. The game was played at Centralia.

## Holder Calls For Golf Candidates

All boys wishing to try out for the varsity golf team have been asked to attend a meeting Thursday, Feb. 21st at 3 p.m. in Room 201, Gymnasium.

Coach Lynn Holder said he will have five men back from last year's squad that won four matches and lost five. They are Captain Jim Wilson, Mt. Vernon; Bill Nichols, and Bill Adams, West Frankfort; Jack Shanks, Pana; and Bob Henley, Du Quoin.

The schedule for this year's team hasn't been drawn up yet, Holder said.

## White Gets Doctorate In Physical Education

Norman White of Southern's physical education department received his doctor's degree in physical education Feb. 10 from Indiana University.

Dr. White will give a summary of his thesis March 18 at a meeting of the Midwest Health, Physical Education and Recreation Association in Cincinnati. His thesis was "a critical survey of boys' physical education programs in selected Iowa secondary schools by means of the LaPorte score card."

The B squad plays its final game of the year here Wednesday, Feb. 20 against Washington University of St. Louis.

# SIU Seeks Second Place From Normal Saturday

Southern will be out to recapture second place in the IIAC tomorrow when the Salukis travel to Illinois State Normal.

Normal, who beat Western last Saturday 72-67, now holds second place with a record of six wins and three losses. Southern is in third with six wins and four defeats.

The Salukis will be trying to avenge an earlier loss to the Redbirds. Normal edged out Southern in a game here Feb. 2, 65-63. That was the first time Southern had been beaten on its home court this year.

Normal is the only conference team, besides unbeaten Eastern that Southern hasn't defeated at least once this year. Western, the other team to beat Southern in conference play, was mowed down in a return match with the Salukis, 67-47.

**THE GAME WITH** Normal is the only conference tilt still left on Southern's schedule. A home game with Michigan Normal was postponed early in the season but as yet no date has been agreed upon to make up the game.

Harvey Welch, Southern's top

scoring guard, is still an uncertain starter for the Normal game. Welch, who has an injured finger, missed the first game with the Redbirds. He also was out of the Western tilt and appeared only briefly in the last minute of the game with Eastern.

**WELCH, DESPITE** the fact he has missed three conference tilts, is still Southern's leading scorer in league play: He has scored 104 points, an average of 13 per game.

Forward Bob Nickolaus is averaging 9.4 points per conference game and Forward Ray Ripplemeyer is averaging 9.1. Ripplemeyer, who is second to Welch in total points scored with 91, has a .415 shooting percentage in league play.

Southern's next home game, and the only one left unless Michigan Normal is rescheduled, will be Wednesday, Feb. 20, against Washington U. of St. Louis. After that, the Salukis have two road trips to Beloit, Wisc., Feb. 23, and Siena, New York, March 1.
