THE Egyptian

SOUTHERN ILLINOIS UNIVERSITY

Published semi-weekly during the school year excepting holidays and exam weeks by students of Southern Illinois University, Carbondale, Ill. Entered as second class matter at the Carbondale post office under the act of March 3, 1929.

Publics of the Egyptian are the responsibility of student editors appointed by the Campus Journalism Council. Statements published here do not necessarily reflect the opinion of the administration or any department of the University.

For Better Or For Worse

There has been some discussion on campus the past few days whether or not the "no quorum" situation at last Thursday night's Student Council meeting would be eliminated if a new system of council representation, based on living groups, were to be adopted.

This representation by living groups has been proposed to the council last spring term and was the main topic of discussion at the Fall Leadership Camp at Giant City. Naturally, no one plan is a guarantee for 100 per cent attendance at every council meeting. However, we believe that representation by living groups would tend to create a greater desire and need for attendance among the members.

For one thing, each representative would be directly responsible to a small, specific group of students who he would be living with or know personally. His very presence on the council would tend to keep the students he represents interested on business matters before the council. He would be able to keep on his toes and attend as many meetings as he can.

The present system of representation is a political system. One campus party can sweep an election and even if they are representing a small minority of the student body, they are in power. We are not condemning this system however. In fact, it has its merits for election of class officers, Homecoming queen and chairman of a Spring Festival chairman. But, and we repeat, these are elections of a different sort than the election for a representative student council.

Imagine the situation if the two local political parties in this state would submit candidates for the General Assembly on the basis of political party alone. It would be entirely possible that all elected would represent the County or some other centralized location. Who then would represent the other sections of the state?

But, would any SIU living group be able to sweep a council election? It would be impossible for any one group to do this if each group were allotted so many seats on the council. The proposed amendment before the council has these provisions:

Whether or not this is still the best solution is as yet unproven. We are waiting to see what we are waiting to see to see created will find the answer to this and other pertinent questions, and the result will be the best form of student government for the student body.

—Harry Thiel

The Show Must Go On

SIU students were entertained in the finest fashion Wednesday night by four young, modern musicians who exhibited "show" business greatness under adverse conditions.

The night could be called "milestones" for a campus that is incessantly flooded with obsolete and quite "unmodern" musical sounds. For finally, the squares and the hep had the opportunity "to dig" some contemporary jazz groups.

Sigma Pi fraternities to be commended for bringing to Southern this "famous first." Let's hope it happens again and soon.

—Harry Thiel

Special Events For Ag Students
Celebrating Careers Month, the SIU Agriculture Club is sponsoring a series of January events for SIU agriculture students. Included are two convocations.

Harold Kuehn, Jackson County farmer from Elkville, will speak to agriculture students about profitable enterprises in Southern Illinois at a 10 a. m. meeting in the SIU Playhouse Friday.

Apartment Scene Of Final Egyptian Deadline Work

There was a power failure at SIU Wednesday night. Anyone who went to the Four Freshmen concert knew that—anyone who was on campus knew it. Lights went out for three hours, from 9:15 p. m. to 12:15 a. m.

We on the Egyptian knew it too. We knew it because it was getting paid for putting out a paper—and that you were paying for it.

So we put out a paper. By transferring copy, typewriters and other necessary material from the Egyptian office to a staff member's apartment in the veterans housing project.

We got there—through a snowstorm. Through the wet, cold snow equipment was taken from office to car, car to apartment, apartment to car and car to office—completing the round trip—and the snow getting deeper.

So, from a warm, well-lighted apartment, not made for a news paper operation, you read this edition.

Winters Attends Conference At U of I
Howard Winters, a junior research associate for the National Science Foundation, who is doing research in the SIU anthropology department, is attending a conference of archeologists this week-end (Jan. 20, 21, 22) at Urbana.

LITTLE MAN ON CAMPUS

By Dick Bibber

MAIL BOX

Dear Editor:
Oh, for the good old days!!

About two or three years ago the students were forced to receive their student checks when they happened to arrive, no certain date being set for their distribution. Some of the University governing bodies, I don't know which, decided that this was unfair to the students.

This was showing inconsistency for the students. A certain date should be set for student checks distribution so that the students would be able to know when they could pay off any bills that they had accrued. Also, the busars of office would not be besieged by students coming in or phoning every day to ask if the checks had arrived.

So a date, the fifteenth of each month, was designated as the day that the checks could be picked up at the busars. Oh how the students rejoiced. Now they could schedule their money and plan how much they could spend so that their money would last until the fifteenth of the next month when they would receive another check!

But, as with all fairy tales, there is a rude awakening to reality. Comes the fifteenth, and the fifteenth, likewise the sixteenth, seventeenth, etc., and the checks, by some, do not arrive. The students are understanding when they are told that there has been an "unavoidable delay" this month. The fifteenth of the next month cometh, the checks do not, likewise with the following months.

The more inquiring of the students begin to ask themselves if they may not have been hoodwinked? Then some of the students remember the old uncertain days of their money. They remember how they had deposited some of the checks on the eleventh and twelfth of the month and had rarely received them past the fifteenth. This was the inconsistency toward them that was done away with? This is being unfair to them? To phrase it in those immortal words—"You should have it so good."

I agree that a fixed date for check issuance should be set, but I also agree that once such a date is set it should be abided by and not just looked at as it goes by. I am sure that those that set this "fixed" date had good intentions.

Dr. Keeper Spads To Dairy Technology Society
Dr. Wendell E. Keeper acting dean of the SIU School of Agriculture, spoke at the monthly meeting of the Southern Illinois Dairy Technology Society at Mr. Vernon last night. The meeting was held in the L & N restaurant.

Keeper discussed "Agriculture at the Crossroads." He will outline some of the economic problems facing the area farmers.

Carbondale's Not Like This!

Gadets Spend Eventful 2 Days At Texas Air Base

By Charles Boedicker
Would you care to put on your bathing suit and go for a swim? Let's go sit outside and see if we can get a suntan.
Silly? Yes. Out of the question? Not exactly. At this time of year such absurd attempts like this, causing them to make "wings" was in the South? Well, this was the nature of the climate in Texas as witnessed by 19 SIU AF ROTC cadets last weekend.

Flying from Scott Air Force Base on the day of Thursday afternoon, these cadets, three hours and 20 minutes later, were stepping out of the plane at Ellington Air Force Base near Houston, Texas.
Designed to stimulate classroom study, the cadets were given a birds-eye view of the training procedure given to aviation cadets in preparation for the role of air observer in the USAF.

During their two-day stay at Ellington, the cadets were given aviation privileges such as the cadet theatre, cadet mess, cadet club and the base exchange.

Orientation Begins Trip
An orientation program Friday morning in the cadet theatre was the start of the two-day field trip. This orientation gave the cadets a brief overview of the role in the Air Force. A film was shown of a cadet as he enters training and following his program through until he files his first mission.

The observer course at Ellington lasts 42 weeks. This consists of 10 weeks of flying, 105 hours of critique and briefing, 873 hours of academic study and 385 hours of officer development, said the officer.

During the next day and a half, the ROTC cadets were given complete base tour receiving briefings in the various divisions of the observer training course.

One of the first briefings was in the electronics division. There the cadets were given an explanation of how the human voice is transmitted into sound waves and projected through space at great distances.

An orientation on the Loran set a unit used for navigation over water, explained the different methods of pin-pointing one's position while flying over water.

Cadets Try Luck
In a radio orientation, the cadets were given the privilege of trying their luck in using the radar set. On the return flight, maps were furnished each cadet and they were able to use the sets and try to pinpoint their position. To some, this proved to be a difficult job and, as a result, they were lost high up in the vast ocean of air.

In a visit to the planetarium, a building where the various star formations, double-dipped ceiling, the cadets were able to find the big dipper, half-dipper, north star and other formations.

The cadets were shown the pressure chamber which is used to check the trainee's ability to withstand high altitude flying.

The instructor in charge of the briefing noted that in ten years it is expected that aircraft will have reached the 100,000 foot mark and it speeds nearing 2,000 m. p. h.

16 Housemothers To Meet Tuesday
Sixteen housemothers will attend the fourth meeting of the Housemothers training course, sponsored by the home economics section of Old Main.

This week's meeting will deal with Food Management and Food Planning. The class will last from 7:30 p. m. and will be followed by a coffee hour.

Enrolled in the course are eight women who run houses for men and eight women who have houses for women. Tuition for the course is six dollars.

Dr. Freeberg Leads Workshop Sessions

Dr. William H. Freeberg, chair man of the outdoor education department at Southern was a leader in workshop sessions at a winter conference in outdoor education Sunday through Tuesday (Jan. 8-10) at Lorando Tait Field Campus near Oregon, Ill., sponsored by Northern Illinois State College, DeKalb.

Plans were advanced for organizing a state outdoor education association. A similar meeting will be held this spring at Southern.

Southern Acres Fire Department Hosts Meet

The Southern Acres Volunteer Fire Department was host to the Coal Belt Fire Protection Association Thursday night, Jan. 12, at the Southern Acres cafeteria.
The welcoming address was delivered by Dr. Keith Humble, director of the Vocational Technical Institute. The AF ROTC Singing Squadron provided entertainment. There were 167 attending the banquet and meeting according to Joe Mayo, chief of the Volunteer Fire Department at Southern Acres.

A sectional view of part of the central wing of Southern's new Agriculture building shows a row of floor-supporting reinforced concrete pillars near

A playground for elementary and secondary students at University School, is in the making as tons of earth are moved to fill a low area to the west of the building. The recreation area, scheduled for completion by spring of 1957, will include a ball diamond swings and slides. The property along Grand Avenue from which dirt is being removed is the site of a future College of Education building.

Sonic Boom Cause Of Recent Explosions, Shock Waves In Area

By Harold Casleton
What is a sonic boom? This phenomenon has been blamed for the explosive sounds and shock waves that have been heard in the Southern Illinois area recently. Each boom left local police and firemen swamped with phone calls from anxious or curious residents.

Beginning in the spring quarter, 1956, an evening course for graduate nurses will be offered at Southern. Other courses may be added, leading to the degree of Bachelor of Science in Nursing.

'Student Interest In Science' Topic Of New York Meet

What can be done to encourage more students to enter the field of science? This was the question which prevailed at the meeting that Dr. H. I. Fisher, chairman of the Zoology department, attended Thursday and Friday Jan. 12 and 13. The Committee on Education and Professional Recruitment of the American Institute of Biological Sciences met in New York City. The committee considered two aspects of the field of science, according to Dr. Fisher. They were the teaching of science and research in science. There has been a decided decrease in the number of students going into science teaching or research in science," Dr. Fisher said. "We are afraid that if we don't get enough well-prepared teachers of science that students particularly in the secondary and college levels will not know the opportunities in science will not be adequately prepared and will not be encouraged to go into science work for a career. "Our approach to the problem was to investigate possibilities of lectureships, radio and television programs and summer institutes. All of these approaches, Dr.

Openings Exist In Adult Education Night Classes At U. School, VTI

Openings exist in adult education night classes at University High School in Carbondale and at the VTI classroom building, east of Carterville. "The courses are sponsored by the Division of Technical and Adult Education at SIU," said Frank Lenz, supervisor. Lenz said additional registrants will be accepted at class meetings of the courses this week. Tuition and book fees range from \$7.20 plus costs to \$14. They are payable at registration. Veterans may use the Illinois Military Scholarship, but must provide the registrar with a copy of discharge papers. All courses are non-credit. Those courses being offered at University High School begin at 7 p. m. They are: Beginning typing—Monday Intermediate typing—Wednesday Beginning shorthand—Tuesday Intermediate Shorthand—Thursday Advanced Shorthand—Monday. Fisher said, are to be carried out on the national level.

-- Southern Society --

Sigma Pi Plans 'Orchid Ball'
The Orchid Ball Sigma Pi's winter formal, is scheduled for Saturday, Feb. 25. Jim Shaw reported in Monday's meeting Kent Hawley, assistant dean of men will be the guest speaker.

Sigma Pi's annual winter concert was Wednesday night. It featured The Four Freshmen. Alvin Dick Gunton visited the house Monday. Les Lantz, also an alumnus, stayed the rest of the week. Both will soon leave for Lackland Air Force Base.

Roger Cullip has graduated, and is working on his Master's degree. Yesterday was topsy-turvy day. The Sigma PIs had an exchange party with the Delta Zetas last Friday night. Tonight they are having one with the Tri Sigas.

Alumnus Bob O'Daniel, now alumni director for the University, attended the last meeting.

Tri Sigas Take First
The Tri Sigas are in first place in the women's bowling division. Tonight the Tri Sigas are having an exchange party with the Sigma PIs at the sorority house.

Tennis Rosenberg was initiated into the Sigma after Monday night's meeting. Carol McConley and three girls from Eastern visited the chapter house last week.

Takes Home Cook
Mrs. Irene Allen, cook and meal planner at the IKE house, received a surprise visit from the freezer, at her home in Elkville, Jan. 12. In honor of her birthday, the Tekes selected her, and gave her a IKE Sweetheart pin.

Mrs. Allen has been with the group since 1953. She has charged the 1,500 meals a month which the Tekes consume. She also serves as hostess at their social functions.

Sigma Tau Gamma Plans
Five Sigma Tau Gamma alumni attended an organization meeting Saturday to begin an alumni chapter. Alumni present were: Bill Moore, Ph. D. candidate at the University of Chicago, Don Fabian St. Louis; Jack Donahue, Dupre Doramus, Frigo, Chicago and Billy Erickson, Tuscola.

Announcements regarding the meeting were: Jack Davis, Ivan Holm, R. T. Sullivan, John Hamcock, and Jay Jednak. Kent Hawley, a student dean of men, and faculty adviser Dr. William Freshure were also present.

Five members of Murphy's were back on campus after being discharged from the U. S. Army.

Delta Chi Elects Officers
Delta Chi officers recently elected are: Donovan Niles, house manager; Fern Niles, soliciting chairman; Lemuel Spies, corresponding secretary; Earle Bitzer, treasurer; R. K. Dillinger, senior IFC delegate and Charles Dykehouse, recording secretary.

Five members of Delta Chi visited the Delta Chi national office at Iowa City, and the Iowa chapter. They were: Donovan Niles, Earle Bitzer, Don Pemberton, Ken Burton, and Don Thomas.

Jim Groff are vice-chairmen.

Bill Reynolds has received his commission in the U. S. Air Force.

Maurus Jim Jenkins and Ed McKinney of Cornell visited the chapter house last weekend.

Pi Kappa Go Topsy - Turvy
Pi Kappa Sigma's topsy turvy day was Tuesday. Sylvia Scott and Marge Basinger served as pledge maids.

Marsha Rhode and Alice Lowry are members of the Spring Festival steering committee. Sara Loewen is chairman for the Pan-Hellenic conference and Ann Baggdale is on the steering committee.

Marsha Rhode visited the chapter house at the University of Illinois last weekend, where she attended a Theta Xi Dance.

Alums Marie Williams, Mary Ann Klingenburg, and Mary Lou Wright visited the chapter house last weekend.

Edwards, Buchanan Help With Workshop
Delta Zeta has two members actively helping with plans for the Pan-Hell Workshop. Mary Ann Edwards is co-chairman of workshop, and Lynda Buchanan is on the steering committee.

Mary Ann is also on the steering committee for Spring Festival, as co-financial chairman.

Helen Collins was a student representative at a luncheon for the legislative committee on Educational Institutions.

A rush party was held at the house Tuesday night.

Pinned
Mrs. Dick Gunton, Delta Zeta alum from East St. Louis visited Monday.

Lois Baucenfeind, Delta Sig alum, to Russ Peithman, Theta Xi, June Kern, Woody Hill, to Duane Weber, Sigma Pi.

Ann Stephens to Jack Turner, Delta Chi. Trula Pemberton to Jerry Duane, Delta Chi. Joann Upchurch to Bill Reynolds, Delta Chi.

WIN \$50,000 IN PRIZES

HURRY! HURRY! HURRY!
CONTEST CLOSING JAN. 31ST

10 Ford Thunderbirds

PLUS 40 COLUMBIA Hi-Fi Phonographs

FOR THE 50 COLLEGE STUDENTS WHO WRITE THE BEST NAMES FOR VICEROY'S PURE, WHITE, NATURAL FILTER!

10 Winners! 10 Thunderbirds! Win a fully equipped new '56 Thunderbird! In your choice of color! Automatic transmission, two tops, power steering, radio, white side walls. Act now and win!

40 Winners! 40 Columbia Hi-Fi Sets! Own America's most exciting Hi-Fidelity Phonograph—the Columbia "360" K—in beautiful hi-alloy! Act now and win!

Plus 10 RCA Victor Color TV Sets to the college organizations designated by the 10 Thunderbird winners!

NO OTHER FILTER LIKE VICEROY!

No cotton! No paper! No asbestos!
No charcoal! No foreign substance
of any kind! Made from Pure Cellulose—Soft... Snow-white... Natural!

It's easy to name this amazing Viceroy Filter when you know what it's made of... why it's superior... why Viceroy's give you that real tobacco taste you miss in every other filter brand!

Remember, the Viceroy Filter is made from 100% pure cellulose—a soft, natural material found in many good foods you eat! There are no impurities in the Viceroy Filter. So naturally it lets the real tobacco taste come through!

Name the Viceroy Filter! Enter this \$50,000 contest, today!

JUST FOLLOW THESE EASY RULES!

- 1 On any plain paper, write the name you think most suitable for the pure, white Viceroy Filter described on this page. It's easy! You can think of dozens of names like "Super Pure," "Filteron," "Natural," "Flavor Flow," "Cellulite," "Pure-The-Filter."
- 2 Mail your entry to Viceroy Thunderbird Contest, P. O. Box 6A, Mount Vernon, N.Y. Write plainly or print your name, the name of your college and your mailing address at college! Submit as many entries as you wish—but with each entry include the picture of the Viceroy Filter Tip top or cut from the back of two (2) Viceroy packages.
- 3 Contest open to all students attending colleges and universities in the U.S.A.
- 4 Contest closes midnight, January 31, 1956. Entries judged by The Reuben H. Donnelly Corporation on the basis of aptness of thought, originality and interest.
- 5 Prizes listed elsewhere in this ad. Winners of the ten Thunderbirds will also be permitted to designate the school organizations to which Brown & Williamson Tobacco Corporation will award RCA Victor Color TV Sets! Write the name of the organization you want to receive this award on your entry.

"All right, Gus, do it right this time," says SIU cage coach Lynn Holder to his bowing center a timeout in the Northern contest.

"Now why did he do that," muses Holder. Holder is a character of every changing mood and facial expression during the course of a game.

During one of his frequent verbal eruptions, Holder bellow's his discontent over a play taking place on the floor.

"Oh, Oh! Now what did he do?" Holder says in bewilderment at the actions of one of the principals involved on the field of battle.

"He did not!" counters Holder to the call of one of the game officials. Holder disagrees verbally, but violently when he does.

"Come on, fellas," pleads Holder during another respite from the redounds of battle. They did, too, winning 86-66. —Photos by Clarence Luckett

Salukis Face Sycamores In Non-League Battle

SIU's cage squad meets a real test tomorrow night when they tangle with the Indiana State Sycamores here.

Although their record is far from impressive, the Sycamores have led tough competition in winning seven games and dropping five. The Indians won the Midwest Holiday Tourney by downing Taylor (Ind.), Kansas State Teachers, and the highly-touted Quaker Marines.

The Sycamores dropped a close game to tough Evansville College and toppled the Eastern Illinois Panthers, reportedly one of the better teams in the ILLAC this season.

Pacing the Indiana State is 6-3 junior forward Sam Richardson, who is averaging 19.2 points per game.

Rounding out the starting five for the visitors will be 6-2 Jerry Ferguson at the other forward, 6-6 Bob Gilbert at the pivot, and 6-0 Gene Williams and 5-11 Wayne Salmon at guards.

SIU coach Lynn Holder is not optimistic about the outcome of the fray.

"This is big and tough," said Holder. "The sycamores are a tough team and the I-ster team is one of the best in the conference this year."

Holder will send a slighter revised lineup into the fray. He will have Watson Talley and Seymour Bryson at forwards, Gus Doss and Larry Whitlock at the pivot, and Dick Blythe and Capt. Joe Johnson at guards.

Talley is the leading scorer to the Southerners with a 15.4 per game average, and Johnson is second with a 12.1 average.

This is the first meeting of the two schools in the cage sport. Cage time is 6:15.

Sigma Pi Clinches 1st Half Title

Sigma Pi won the first half of the Heclem Bowling League with four-point defeat at Delta Sigma Epsilon Wednesday night.

Although one week still remains in the first half, no one is close to the leaders.

In the light for the first half senior championship, Sigma Sigma Sigma led by three and one half points. Delta Zeta is the only team within striking range of the leaders, and they must face Sigma Pi in the final match.

In Wednesday's action, Eldon Klein and Bill Hunt sparked the Sig Pi's with 547 and 522 respectively. Leo Schipper had 411 for the girls' vain effort.

Pi Kappa Sigma took four points from Sigma Tau Gamma. Jack Davis was high for the boys while Love King had 371 to lead the victors.

The Delta Zeta took three points from Delta Kappa and just missed clinching the championship as they lost the third game of the series by two points.

Unbeaten IM Teams

There were 17 unbeaten teams in the intramural basketball leagues after last week's action.

They were: Bachelors Barn 5-0, Theta Xi "A" 5-0, U. D. "B" 5-0, Anthony Hall Angels 4-0, Chautauqua Co-op 4-0, Kimball's 4-0, Delta Chi, 4-0, Barracks 3-8, 3-0, U. D. "A" 3-0, Stag Club 3-0, Cedar Dwellers 3-0, Fighting Texas 3-0, Sizzlers 3-0, Wesley Foundation 3-0, Bootleggers 3-0, Hawks Nest 2-0, and Fugitives 2-0.

Schneider Gets National Rating

Jack Schneider, SIU senior has been given honorable mention on the Williamson football rating system for mid-backer teams.

Schneider, a halfback, spearheaded SIU's rushing attack this past season, netting 370 yards in five games for an average 63 yards per game.

He carried the ball 87 times for an average of 6.6 yards per try.

Only ILLAC player named to the mid-backer (between a major and a small college) team was Central Michigan's Bernie Ratner, who was given a third-team halfback spot.

Wrestlers Meet Indiana, Eastern

Southern Illinois University wrestlers, facing their roughest work of the season, will clash with Indiana University at Bloomington tonight and with Eastern Illinois at Charleston Friday night.

Undeclared in dual-meet competition, Southern has scored seven wins over Illinois Normal and McKendree College and finished as the top school in a 10-team non-title University of Illinois invitational meet at Champaign last month.

With at least one veteran back in every weight position, Coach Jim Wilkinson is hoping for his best record since coming to Southern in 1948.

Indiana, one of the big wrestling powers in the Big Ten, last year swamped the Salukis, 22-7.

Two first-string SIU wrestlers on the injured list and must not participate in the meets this week. Adding are Sam Sallch, Wood Ray, 137-pound class, and Ed Miller, LaGrange, 191.

If these two aren't ready to go, Wilkinson plans to enter Dave Wheeler in place of Miller and either Allen Williams, or Jerry Oras, instead of Sallch.

Other regulars ready for action against Indiana are Ray Bergfeld, 123; Les Grubbs, 130; Dave Ellis, or Bill May, 147; John Orlando, 157; Bob Dunkel, 167; Paul Steingrub, captain, 177; and Ed Hayes, heavyweight.

Statistical Service operates a tabulating office equipped with modern punch-board machines and is maintained as a service unit for campus offices and departments.

School last year, was Southern's top cross country contestant this past season.

Women's Intramurals

A women's intramural swimming meet will be held this year for the first time, said Dr. Lura Evans, Women's Physical Education instructor.

Participants can enter as an individual or as a member of a league team. Events which will be in the meet are: the 50 yard crawl, 50 yard back crawl, 245 yard breast stroke, 100 yard relays and diving.

Practice for the meet, which will start Jan. 20, will be held next Monday and Wednesday Jan. 23 and 25 at 3 p. m. in the University pool.

The meet will start with preliminaries," Dr. Evans said, "but because we don't know just how many girls will show up for the meet, we can't tell whether the preliminaries could be completed in one day or not. That is why we don't know when the finals will be held."

"Right now, the interest is very good."

Each year more than 1000 school children participate in outdoor programs at SIU camp sites.

WDAQ To Broadcast SIU Basketball Games

Radio station WDAQ, Du Quoin, broadcasts a tape-recorded account of all Southern Illinois University basketball games the day following the game, according to the Southern Illinois University Broadcasting Service.

Area Girls Have Basketball Clinic Here

The sixth Annual High School Basketball Clinic held last Saturday morning Jan. 14 was one of the most successful clinics ever held as 345 girls from 24 different area schools took part.

Said Dr. Lura Evans, Women's Physical Education instructor:

"Practicing basketball techniques were 225 girls, who made up the main part of the clinic."

"All three girls came to practice (voluntarily) to prepare for the National Basketball Exam for women officials being held on campus, Jan. 28."

The rest of the people attending were coaches and people interested in women's basketball.

Norma English, senior from Logan, and Carol Emery, senior from Tipton Park, were the first students ever to help teach basketball at these annual clinics. Both girls have a national basketball of teaching rating.

The clinic lasted from 9:30 to 1 o'clock.

WAA News

The Women's Athletic Association had an initiation last Wednesday night at 7:30 in the Women's Gym. Twenty-two girls were initiated.

They were: Sandy Jada, Judy Odell, Judy Bean, Jane Brown, Kay Burns, Gloria Branson, Mickey Sanders, Pat Hollada, Lillian Clark, Jan Johnson, Inez Adams, Barbara Schwindler, Myra Powers, Karen Asselmeier, Pat McCree, Phyllis Dorsey, Janet Orburn, Laurele Carter, Betty Longvart, Bernice Barber, Phyllis Ann Merrick, and Susie Zimbelmann.

Kabat Named '56 Harriet Captain

Bernard Kabat, 18-year-old freshman has been elected by his teammates as captain of the 1956 cross country squad.

The selection was made earlier at a cross country banquet held at the home of Coach Leiland P. (Doc) Lingle.

Kabat, a top runner and basketball player for Walnutville High

Talley Holds Scoring Lead; Blythe Now 3rd

Warren Talley continues to lead the Saluki scoring race for the third week. To date, he has accumulated 157 points on 62 field goals and 61 free throws. Since he has appeared in only 12 of the 18 contests, he is averaging a respectable 15.4 points per game.

In the second spot for the third week is captain and guard Joe Johnson with 157 points on 44 baskets and 69 free throws for 12.1 points per game. His free throw total is high for the team.

On the strength of his 20 point output against Northern, Dick Johnson has moved into third place. Blythe's total now stands at 142 points on 45 field goals and 52 charity tosses for an 10.9 average.

Larry Whitlock has moved into the fourth spot which was vacated by Blythe. Whitlock has accumulated 34 baskets and 23 free throws for 131 points and a 10.1 average.

Seymour Bryson, who formerly was third, collected 10 points in the Northern fray, but dropped to

Nothing without wings climbs like a '56 Chevrolet!

Ever level off a mountain with your foot? Nothing to it. Just point this new '56 Chevy uphill and ease down on the gas.

Up you go with a quiet (hydraulic-hushed valve lifters now in all engines—V8 or 6) rush of power. This is the car, you know, that broke the Pikes Peak record. The car that conquered towering grades and vicious switchbacks turns to prove its superior performance, handling ease and cornering ability. These are built-in qualities that mean more driving pleasure and safety for you. Chevrolet also offers such safety features as seat belts, with or without shoulder harness, and instrument panel padding, as extra-cost options.

There are 19 new Chevrolets—all with Body by Fisher. Drop in and drive one.

Ed Hayes, SIU heavyweight, has been one of the mainstays of the Saluki wrestling squad this year. In two matches so far this year, Hayes has pinned his opponent in the opening minute or two minutes of the match.

Saluki Swimmers Try For 1st Win At Beloit

Pessimism has turned into optimism in the Southern Illinois University swimming front as SIU prepares to travel to Beloit College Friday.

The optimistic outlook prevails even though Southern lost its opening meet at Washington University, 45-39, here Saturday. SIU (0-6 in its first year of varsity swimming last year) was not high regarded this season. Saturday, however, all Southern swimmers turned in their best times of their careers as the two teams combined to set six new pool records.

Other special SIU careers Friday include Dave Barbshtaller, 220-yard freestyle; Wab Steover and Rex Paddock, 50-yard freestyle; Lockman and McClure, 200-yard individual medley; Barry and continues, we can have a very interesting season."

Heuser plans to use about the yard backstroke; Paddock, 440-yard men in the meet against yard freestyle, and Barbshtaller and Beloit. Heading the list will be Stratton, 200-yard breast stroke. Southern's next home meet will be against Western Illinois Jan. 28.

Participants can enter as an individual or as a member of a league team. Events which will be in the meet are: the 50 yard crawl, 50 yard back crawl, 245 yard breast stroke, 100 yard relays and diving.

Practice for the meet, which will start Jan. 20, will be held next Monday and Wednesday Jan. 23 and 25 at 3 p. m. in the University pool.

The meet will start with preliminaries," Dr. Evans said, "but because we don't know just how many girls will show up for the meet, we can't tell whether the preliminaries could be completed in one day or not. That is why we don't know when the finals will be held."

"Right now, the interest is very good."

Each year more than 1000 school children participate in outdoor programs at SIU camp sites.
