University to Curb Motorized Cycles

★ Board Rejects ★ Edwardsville Center Bids

All bids on a University Center building for the Edwardsville campus were rejected and the SIU board of trustees instructed architect Charles Pulley to redraw the specifications.

Bids on the structure, to be a center for student activity at the new campus, were received Jan. 16 and totalled \$5,441,198. This exceeded the \$4,523,135 budget approved by the U.S. Housing and Home Finance Agency, which is underwriting the revenue bond issue for construction.

Pulley told the board, meeting in Edwardsville, he would redraft the specifications to provide for lower cost interior finish materials and would state alternatives which he felt would permit construction within the budget figures. He said he also planned to call for bids on a Communications Building at the same time.

The board approved a short faculty and staff appointment list. Percy Guy Adams was employed as professor of English and Daryle Earl Keefe as professor of secondary education.

Two distinguished visiting professors head a list of 17 term appointments to the faculty. Leo Van Aspinwall, a marketing specialist and former professor at the University of Colorado, will serve during the spring quarter on the Carbondale campus as professor of marketing.

A psychiatrist, Dr. Rudolph Breikurs of Chicago, will join the Edwardsville campus faculty for the spring quarter as visiting professor in the education division.

Allen J. Edwards, associate professor of guidance, was named acting chairman of guidance, succeeding Dennis L. Trueblood, who died Feb. 8.

The University trustees started proceedings for acquisition of two tracts of land, totalling 81 acres, in the SIU Outdoor Education Center area southeast of Little Grassy Lake. The land would be used by the University and the Educational Council of 100.

Voters Required to Register By March 16 for Primaries

If you are over 21 and wish to vote in the spring primaries, you must be registered by March 16, according to Delmar Ward, Jackson County Clerk.

Voters may register at the Carbondale City Hall from 9 a.m. to 4 p.m. March 9 through 13 and from 9 a.m. to 1 p.m. March 14. Or they may register at the county courthouse in Murphysboro between 8 a.m. and 4 p.m.

The first day absentee ballots may be applied for is the county courthouse is March 16.

Absentee ballots may be applied for from the Jackson County Clerk or from a student's home county, if he is registered there. Application may be made by mail up to

five days before an election or three days before in person. Registration must be made in person, except if the voter is physically disabled.

The primary election in Illinois will be on April 14. School board elections throughout the state will take place April 11.

In order to qualify as a voter, a person must be a citizen 21 years old, and must have lived in his precinct 30 days, in the county 90 days and in the state for one year. Recent changes, however, permit a qualified voter to vote for the president and vice president if he has lived in the state for less than one year or in the county less than 90 days, provided he has resided in the election district for 60 days.

You must register if you have never registered before, if you have failed to vote in four years, or if you have

Old Main, Parkinson Hall Off Limits for Noisy Scooters

The Office of Student Affairs announced Friday that parking motorized cycles near Old Main and Parkinson Hall is now forbidden and violators will run the risk of losing their operating privileges.

The office said that students who have classes in those buildings should park their cycles and scooters in

the area just north of the University Center.

The office said the action was taken after several instructors complained that the noise of revving motors and faulty mufflers interrupted classes. Sometimes the noise was so loud that it was impossible to continue a class for five minutes.

Excessive noise will now result in the loss of an operator's privilege to use his vehicle, the office said.

Campus policemen will issue warning tickets for "a reasonable period of time" to persons illegally parked, but continued violation could lead to a loss of operating privileges.

The Student Council last week recommended that regulations be established to control the problem of motor scooter and cycle noise on the campus. Part of the recommendation noted that parking of the vehicles was part of the problem.

The Council had postponed action on the recommendation for two weeks, pending the formation of a policy.

The Thompson Point living area recently put into effect rules concerning the parking and regulation of motorcycles and bicycles.

Edward F. McDevitt, supervisor of the Parking Section of the Student Affairs Office, estimated that as of fall quarter, approximately 250 vehicles under the taxable five horsepower were being used by student and faculty on campus.

The leaves may be picked-up at the circulation desk of the library and will allow women students 15 minutes to return to their quarters after the library closes. Students may pick up the leaves starting Tuesday.

County Affairs Letter Published

The first issue of "Illinois County Government," a bi-monthly newsletter for county officials in the state, has been published at SIU.

The newsletter is published by the SIU Public Affairs Research Bureau in cooperation with the Illinois County Problems Commission. It is edited by Irving Howards, acting director of the bureau and consultant to the commission.

Howards said it is hoped the newsletter will become a valuable source of information not only on the activities of the County Problems Commission, but also on other developments relating to county government in Illinois and the nation.

3 Men Charged With Grand Theft

Three young men, identified as SIU students, were arrested early Friday in Harrisburg and charged with grand theft and attempted grand theft.

According to Henry C. Dempsey, Harrisburg police chief, a fourth youth, also said to be an SIU student, was still at large late Friday.

Dempsey said the three young men were arrested at a Pontiac garage in downtown Harrisburg, while they were attempting to remove a transmission from a new car at a Chevrolet garage in Harrisburg. The fourth youth evaded arrest.

He said they had in their possession a transmission which they admitted taking from a new car at a Chevrolet garage in Harrisburg.

According to Dempsey, the youths will be held in custody over the weekend and probably will be arraigned Monday. He said a representative of SIU had contacted him about the case.

BENNIE HILL

Bennie Hill Top Abbott Resident

Bennie Hill has been named the outstanding resident of Abbott Hall by residents of his hall, in a contest sponsored by the T.P. Pointer.

Runners - up Lou Lutz, Abbott 2nd, and Jim Rainwater, Abbott 3rd, were chosen outstanding residents of their floors.

Hill was starting center on SIU's varsity football team. He is an agriculture-economics major from Taylorville, and is also a first lieutenant in the AFROTC.

Residents of each of the 11 Thompson Point halls will select their outstanding resident. Selection will be based on area and campus activities.

Speaker Will Talk Here About Cotton

Jane Smith, a representative of the National Cotton Council of America, will speak to SIU clothing and textile classes on March 9 in the Home Economics Building.

She will speak to the following classes: Clothing and Textiles 391 and 394 at 10 a.m. in Room 302; Clothing and Textiles 135 at 11 a.m. in Room 301; Clothing and Textiles 360 at 1 p.m. in Room 310; and Clothing and Textiles 127 at 2 p.m. in Room 304.

College Pranks Are Universal Things, But SIU Students Aren't Unanimous In Opinions on These Misdemeanors

By Max Williamson

Spring is just around the corner! The sap is moving back up into the trees, the grass is turning green, and no doubt the "red-blooded" college male's mind is turning to thoughts of...panty raids and other pranks.

College pranks are universal. They are popular in Mudbury Tech as well as Harvard and Yale. The SIU male is no different, and no doubt the surge of warm weather will bring out the pranksters.

What do SIU students think

of pranks and the effects of these misdemeanors?

"I think they are obnoxious," says Flo Mileski, 19 year old junior from Chicago. "Too many people can be hurt by them, both physically and in personal feelings."

"It's traditional," says Gary Brand, 20, junior from Red Bud. "Pranks are good for the morale of the students. For instance, the episode in which some students put red soap suds in the Student Union Fountain, although tough on the cleaning crew, gave the students something to laugh about."

"It depends on whose eyes you are looking through. The student uses the prank as an outlet to relieve tension; the administration frowns on them

as giving the school unwarranted publicity; and the public, in general, sees the prank as the work of innocent youth "letting off steam," says Dennis Mulligan, 21, junior from Toms River, N.J.

Other comments:

Gary Garrison, 22, junior from Salem, Ill.: "I don't know if pranks give students a bad name or not, but they sure give the University plenty publicity. The Thompson Point panty raid in 1958 is a good example of this publicity."

Gary Finch, 22, senior from Carmi: "The only people that dislike pranks are the people who fall victim to them. Pranks are good for the student to 'let off some steam,' so long as it doesn't harm someone's property, person, or reputation."

Jerry Frericks, 22, senior from St. Louis: "College pranks are typical of the age group. We are only young once, and a few harmless pranks are good for morale."

Pete Wugner, 19, sophomore from Chicago: "I am all for pranks. It is far better to go and paint the Old Main cannon than to go out and booze it up all night."

One University-1,300 Telephones

Photostory · Larry Crouse

The telephone users at SIU have access to about 1,300 of these instruments on all parts of the campus.

They are installed from Thompson Point to VTI, from Old Main to Southern Hills. From there are made calls, and calls, and calls....

On an average day, residents of Thompson Point alone make, or receive, about 3,500 telephone messages. In addition, the total of the day includes intra-campus calls, conversations to Carbondale, and to long-distance points far and wide.

To handle this volume, three civil service operators and six student operators handle all the calls that go through the switchboard located on the main floor of the University Center.

However, most calls are directed by automatic equipment located in the basement of the University Center.

A target date of September has been set for installation of private service to Thompson Point and Woody Hall. These will be four-party lines and they will bring the number of SIU telephones to about 1,400.

THE GIRL WORKING ON THE SWITCHBOARD MAY BE DONNA WILSON, WHO HAS HAD SEVERAL YEARS OF EXPERIENCE IN ASSISTING CALLERS.

News in Perspective

Many Asians Fear Viet Nam War Will Spread

Compiled From Associated Press

TOKYO - Much of non-Communist Asia is haunted by fear that the Viet Nam conflict will become an Asian war.

The chances that the Viet Cong Communists can be beaten decisively are viewed generally with pessimism. Yet in some areas there is dread that a pullout of U.S. forces could erode the will to resist communism elsewhere.

Secretary of Defense Robert S. McNamara took off Thursday for South Viet Nam to take a close look at what he described as evidence of stepped-up Northern support for the Communist guerrillas. He called the situation in Viet Nam grave.

A survey of Associated Press bureaus in East Asia shows that nowhere is a view of the Viet Nam war a rosy one. But assessment of U.S. chances to control the situation is tempered by each country's geography and its specific problems.

Here are details of the views expressed in the various capitals.

Japan

The Japanese Foreign Ministry gives a cautious partial endorsement

Long, Minneapolis Tribune

THE SIGNS IN SOUTHEAST ASIA

to the idea of neutralization in Viet Nam - a proposal put forward in broad terms by French President Charles de Gaulle.

The Foreign Ministry answered a question about neutralization this way:

"When, through what stages, and in what form should the neutralization be realized? Besides, we must also take into consideration the fact that North Viet Nam is opposed to having itself neutralized."

The Foreign Ministry regards as unlikely a clear-cut victory without much more U.S. military assistance.

It views the problem as political as well as military, and suggests that a political settlement is out of the question without military improvement restoring security and producing a guarantee which would keep South Viet Nam free from outside interference.

Thailand

Thailand makes it clear she thinks the war must be won to stop Communist advances.

Answering questions submitted by The Associated Press, Foreign Minister Thanat Khoman said:

"If South Viet Nam were to lose its freedom and fall within the Communist orbit, Communist influence and power would substantially increase and might enable Communist powers to exert almost unbearable pressure upon neighboring countries such as Laos, Cambodia and even Thailand."

Thanat called the neutralization idea "purely gratuitous coming from a party which no longer assumes any responsibility in this part of the world."

Malaysia

One official said the weakness of the neutralization idea is that "it is based on the presupposition that

Eric, Atlanta Journal

"WE ARE ON TOP OF THE SITUATION"

China will leave this region in peace."

Malaysian officials say South Viet Nam needs a national image to fight for.

Pessimism has grown since the January military coup in Saigon. Fears are voiced that extension of the hostilities would be dangerous to Asia and would smack of U.S. desperation.

Hong Kong

Non-Communist newspapers generally approve of U.S. efforts to back the Saigon government but question whether military aid alone can produce peace and stability. The papers contend that withdrawal of U.S. aid would bring down the Saigon government within months. Privately, ranking British officials share these views.

Laos-Cambodia

Laos has had experience under neutralization. South Viet Nam's neighbor was guaranteed its neutrality by a 1962 Geneva conference, but the neutrality fell down because of foreign interference, mainly from North Viet Nam, backing the Communist Pathet Lao.

Neutralist Prince Souvanna Phouma, the coalition premier, sees settlement of Laos' problems as tied up with settlement of those of South Viet Nam. He says France's recognition of Red China "will surely help stabilize the situation in Southeast Asia."

Neutralist Gen. Kong Le urges

Non-Candidate Nixon Would Accept Bid

NEW YORK--Former Vice President Richard M. Nixon said Friday he is ready to accept the Republican nomination for the same post again.

He stressed that he is not a candidate for either the presidential or vice presidential nomination but that he would do what his party asked.

Nixon, appearing on the NBC-TV "Today" program, was asked by interviewer Hugh Downs whether

neutralization as the best solution for Southeast Asia nations. He sees no chance for the United States under present conditions to subdue the Communists in South Viet Nam.

Neither does Cambodia. There, Prince Norodom Sihanouk says "peace and stability could be restored to South Viet Nam only by neutralization of that country." Cambodia already is neutralist.

Australia

A consensus of Australian official thinking goes this way:

The best hopes of U.S. success lie in maintaining the present effort and exercising all possible pressure to bolster South Viet Nam's determination to continue the struggle against the Viet Cong.

There is a long, hard haul ahead before any decisive gains can be made. Australia sees neutralization as suicidal unless North Viet Nam is also neutralized.

U.S. withdrawal, say Australians, would mean unrestrained Red Chinese penetration and subversion through Indochina, Malaysia, Burma, Thailand and Indonesia which ultimately and inevitably would threaten Australia.

Ficklen, Dallas News

"DIG" THAT MAN OF PEACE

Censor Is Reasonable

NEW YORK - Quote of the day: Robert Moses, president of the New York World's Fair, on rejection of a painting for display in the Hall of Education: "The fair does not censor exhibits except in cases of extreme bad taste or low standard."

he would accept second spot on the ticket.

"I know you are going to expect me to say 'no' because I have been vice president for eight years and have run for president," Nixon replied.

"But I don't go along with the current talk among the present candidates for down-grading the vice presidency. I think it is time to upgrade it. And as far as I'm concerned I'm making it clear that I'm not a candidate for president and not a candidate for vice president but I will do whatever my party asks me to do and I feel everybody else should, too.

"The vice presidency, as Lyndon Johnson's present position proves today, is as important as the presidency."

Nixon said that the big surprise in the New Hampshire primary next Tuesday may be on the Democratic rather than the Republican side.

He said there were so many contenders in the Republican presidential primary that nobody could win a decisive victory.

Nixon forecast a large write-in vote for Atty. Robert F. Kennedy for the Democratic vice presidential nomination—one that might start a groundswell that would propel him into second spot on the ticket.

Le Pelley, Christian Science Monitor

Nixon Urges Action On Succession Law

WASHINGTON - Richard M. Nixon urged Thursday that Congress move promptly to keep the office of vice president filled and to avoid possible disputes over whether a disabled president is capable of serving.

The former vice president and 1960 Republican presidential candidate offered his own formula but told a Senate Judiciary subcommittee he has "no pat ideas to sell." The important thing, he told the senators, is for them to "seize the idea" they believe will receive the strongest public support and act quickly.

This Week in History

On March 5 in 1770 the Boston Massacre occurred. In this early bloodshed of the American Revolution, three persons were killed and eight were injured.

On March 6 in 1836 the Alamo at San Antonio, Tex., finally was captured by Mexican Gen. Santa Anna's forces after 13 days of bitter fighting. No survivors were permitted among the Texans and the victims included the legendary scouts, Davy Crockett and James Bowie.

On March 6 in 1857 the Supreme Court delivered the Dred Scott decision which favored the South on the slavery issue.

In 1933, President Franklin D. Roosevelt proclaimed a nationwide bank holiday - two days after his inauguration.

"THE SAPS ARE RUNNING?"

Surprise Starter Sparkles

O'Neal Grabs Glory In 1st Starting Job

By Alan Goldfarb:

EVANSVILLE, Ind. -- Put one reserve and one broken finger together, along with plenty of heart and you've got a southern basketball team that ran all over Ball State to win the opener of the NCAA Great Lakes Regional here Thursday night 88-81.

The reserve, who hadn't started a game all year prior to Friday night, is Boyd O'Neal. He filled in for Lloyd Stovall to score 15 points and pull down 16 rebounds to guide the Salukis to an easy win over the outclassed Cardinals.

The broken finger belongs to George McNeill, a surprise starter over veteran Eldon Bigham. McNeill gave the Salukis that added punch in the backline. The Salukis earned the right to get another crack at the host Evansville Aces in tonight's final.

The statistics on O'Neal don't tell half the story, as the young sophomore, put into the hottest pressure spot of his life, put the handcuffs on Ball State's highly-touted jumping-jack, Ed Butler.

Butler, who went into the game with a 22-plus scoring average and better than 17 rebounds per game, just about equaled his totals but was frustrated by O'Neal all night.

Butler scored 20 points and grabbed 16 rebounds in the losing effort, but scored most

of his points when the Salukis had already put the game on ice with eight minutes remaining. O'Neal matched Butler off the boards with 16 grabs.

O'Neal and McNeill got plenty of strong support from the rest of the Salukis, as Joe Ramsey also hit for 15 points. Paul Henry displayed great poise in the backcourt and put through 14 more points. Randy Goin added 11.

The Saluki locker room was surprisingly subdued after the game, as most of the players, along with Coach Hartman, centered their attention around the injured Bigham.

The Salukis also were concerned about the championship game with the Aces. The Aces are favored to go all the way in the 32-team field and Southern would like nothing better than to get revenge over an earlier loss.

Box score of Friday night's basketball game:

McNeill scored 13 points in the winning effort but his ball handling set up many Saluki scores under the basket.

SIU did have one sad note as Bigham slammed his knee hard in the closing minutes of play and went to the locker room for treatment. The extent of the injury was not determined, but Bigham will probably be lost for the championship game here tonight.

SIU Swim Teams Compete Tonight

SIU's talented varsity and freshman swimming teams will clash in an exhibition dual meet at 8 o'clock tonight in the University School pool.

Coach Ralph Casey's varsity squad, with 6 victories and 1 loss in dual meet competition during the regular season, will meet a scrappy yearling crew that sports a 2-0 dual meet record.

Tonight's meet, according to Casey, will serve as warm-up for the all-important NCAA finals at Yale University, March 26-28. Casey also will hold a number of intrasquad sessions during the next two weeks to determine who will represent Southern at the finals.

On the basis of dual meet records, veterans Jack Schiltz, Ted Petras and Dar-

rell Green and outstanding sophomores Thom McAneny and Dave Winfield are certain to be in the Yale-bound contingent. All were standout performers throughout the dual meet season for Southern.

Casey's freshmen, led by freestyler Gerald Pearson and sprintman Tom Hutton, defeated highly regarded Fenwick High School of Chicago, 51-43, in their final dual meet.

ALL STARS—Members of the 1963-64 Intramural Basketball All-Stars are (left to right) Ron Cekander, Charlie Gore, Gary Kilgos and back row: Roger Yates, Dick Hinkle, and Frank Jasmine. Not present for the picture were Jim Long, Don Nesbitt, Mel Patton and Bill McAllister.

Gymnastics Team Prepares For NCAA Championships

Finishing its third straight season with an unblemished record, Southern's gymnastics team will spend the next two weeks in preparation toward the oncoming NCAA championships.

The Salukis' will kick off "Operation championship" Monday night with an intrasquad meet scheduled in the Men's Gym at 7:30. Coach Bill Meade will focus his attention on choosing three performers for the vital all-around competition.

The Salukis, who have won 26 straight dual meets since 1961, will be gunning for the heralded trophy at Los Angeles State College on March 27 and 28 for the fourth consecutive year.

SIU has been frustrated the last three outings with an unprecedented runner-up spot for three consecutive years. This year seems to be the Salukis best chance of taking all the marbles, although they probably have fielded better

all-around squads in the previous three National meets. Southern's chances will be stabilized because of the return of all letter men except three. This year's field seems to be weaker than previous years with perennial power houses, Southern California and Michigan weaker. These two squads will probably be up among the leaders along with Temple and Penn State.

Associated Press News Roundup

Jail Break Near Trial Of Ruby Stirs Ruckus

DALLAS--Two men broke out of the Dallas County Jail Friday, a deputy said, and one of them propelled a woman hostage along a corridor near the Jack Ruby murder trail courtroom.

The man was captured moments later in a parking lot outside the courts building. His companion was captured in the building.

The man's progress with his hostage was punctuated by screams from Little Lynn, a 19-year-old, pregnant strip-tease dancer who was waiting to testify in the trial of Ruby, charged with slaying President Kennedy's accused assassin.

"Oh, my God," screamed the strip-tease performer. "He's after me."

Little Lynn had seen two men back out of an area where no one was supposed to be.

Officers, who captured both men, said the pistol was a fake.

Mrs. Rosemary Allen, a deputy said, "It definitely was a jail break."

Mrs. Melvin M. Belli, the beautiful ash-blond wife of Ruby's chief defense counsel, rushed Little Lynn into a stairwell along with Mrs. Allen to protect the dancer from harm.

Paul Dies, Constantine New Greek King

ATHENS, Greece -- King Paul died Friday in the 17th year of his reign, struck down by a series of grave illnesses. His son, Crown Prince Constantine, 23, at once became the monarch of Greece.

The blue and white flag of Greece was lowered all over the nation in memory of 62-year-old Paul--from the vilages to Athens' Parthenon.

As the nation plunged into

mourning, Constantine dressed in a military uniform and left Taoi Palace, where his father died, for the 26-mile drive into Athens to take his oath of office.

Liz, Burton Plan Quiet Ceremony

TORONTO--Elizabeth Taylor and Richard Burton plan to marry in a quiet ceremony in the United States in the next few days, a spokesman for the couple said Friday.

There was no official word from Miss Taylor, who was granted a Mexican divorce from singer Eddie Fisher Thursday night, or from Burton, who was divorced from his wife in Mexico last year.

The spokesman said the couple had decided against getting married in Toronto, where Burton is playing in "Hamlet," because of legal formalities.

U.N. Cyprus Force Headed by Indian

UNITED NATIONS, N.Y.--Secretary-General U. Thant appointed an Indian general Friday to head a U.N. peace-keeping force for Cyprus, but he was having trouble getting troops for the force.

He announced the appointment of Lt. Gen. Prem Singh Gyani, his observer in Cyprus, to take command whenever the force comes into being.

Johnson Urges Khrushchev To Avoid 'Inflaming' Cyprus

WASHINGTON -- President Johnson agreed Friday with Soviet Premier Khrushchev that outsiders "should strive not to inflame passions" over Cyprus but rejected the Soviet criticism of the U.S. role in that crisis.

In a brief letter, Johnson replied to Khrushchev's Feb. 7 message in which the Soviet premier denounced the then-pending U.S.-British proposal to send a North Atlantic Treaty Organization peace-keeping force to Cyprus to halt violence between Greek and Turkish Cypriots.

The plan since has been shelved in favor of U.N. handling of the situation.

The Johnson letter, dated March 4 and released Friday, told Khrushchev "whatever may have been the motivations of the Soviet government, your message

was based upon a seriously mistaken appreciation both of the situation in Cyprus, and of the aims of the United States" in the matter.

"The United States has been cooperating with the governments concerned, including the government of the Republic of Cyprus, for one purpose alone, that of assisting the Cypriots to restore a peaceful situation in Cyprus," Johnson wrote.

MacArthur's Surgery Termed Successful

WASHINGTON--Army surgeons removed Gen. Douglas MacArthur's gall bladder Friday and said they found no evidence of any cancer.

The post-operative condition of the 84-year-old hero of two world wars was described as "satisfactory."

Tanker Sinks in Puget Sound; 18 Seamen Are Feared Dead

ANACORTES, Wash. -- An empty tanker exploded and sank Friday off Whidbey Island in Puget Sound.

Coast Guard rescue craft picked up 25 survivors, leaving 18 members of the crew from the tanker Bunker Hill unaccounted for. The survivors, badly burned and cut, were taken to hospitals here and at Whidbey Island Naval Air Station.

Cause of the disaster is not yet known.

A crewman, Sheldon Phillips of Seattle, said the 504-foot tanker was bound for the Shell refinery at Anacortes from Tacoma, Wash., when it was racked by a series of explosions shortly after 4 a.m. The vessel sank quickly about 15 miles from Anacortes and 80 miles north of Seattle.
