Spring Music Festival Draws Over 3,000

By Warren Talley Music at its best, presented in an atmosphere of color and starlight, entertained a crowd of more than 3,000 Sunday night, in McAndrew Stadium.

It was "Music Under the Stars," the seventh annual Southern Illinois Spring Music Festival, presented by approximately 2,500 outstanding area musicians and performers, under the able supervision of Floyd V. Wakefield, associate professor of music at SIU.

Ideal spring weather, with only a touch of excess wind, provided the perfect setting for this musical extravaganza that featured both amateur and professional performers of the highest caliber.

Virginia Haskins, beautiful lyric-coloratura soprano of national opera and television fame, was the evening's honored soloist. Miss Haskins, born in Centralia, and a former resident in Ziegler, sang a few selections at the festival. Accompanied by Harold Eisberg, the diminutive artist sang "Wie Liedchen by Brahms," "The Jewel Number from Faust" by Couv...

Musicians that have appeared in the music festival previously were honored at the program Saturday night. Mrs. J. Clark Phillips of Benton, Mrs. Lily Pope of Du Quoin, and Frank Trobach of West Frankfort received recognition from master of ceremonies Dr. Delyve W. Morris, president of SIU.

Musicians scheduled to be honored but that were unable to attend the program were Mrs. Pearl Sherman of Harrisburg, Mabel Pavey of Mt. Vernon, and Bernard Miller of Belleville. The special honored musician was the 1956 edition of "Music Under the Stars" was Austin Gibson, director of grade and high school music programs in Vienna, a consistent supporter of music in Southern Illinois. For years, he has promoted orchestra work in Vienna, one of the few schools of that size to promote orchestra participation.

More than 150 students from all recognized campus organizations participated in the 1956 Spring Leadership Camp Friday night and Saturday.

Virginia Haskins, featured soloist at the "Music Under the Stars" Saturday night, has achieved national fame.

University Day Plans Made For May 20

Are you one of those students who has never heard of, or seen, the museum in Alton and the Vational Technical Institute. Visitors will see progress made on the buildings and grounds," said I. Clark Davis, acting director of student affairs.

The purpose is "To provide an opportunity for students and residents of the area to visit the campus, both the main one and the Vational Technical Institute. Visitors will see progress made on the buildings and grounds," said I. Clark Davis, acting director of student affairs.

Walking tours, conducted by members of Girls' Rally and Alpha Phi Omega, will take tourists to University School, the university library, the student art exhibit in the Allen building, the home economics department in Old Main, the museum in Alton and the Vational Technical Institute in the old library.

Refreshments will be served at Woody Hall, the Student Union, and the VTI Student Center.

Special exhibits concerning work at the Vocational Technical Institute and some of the laboratories, and class rooms will be open," said Davis.

Paleontology Students Make Field Trips

"Some of the rocks they study are 250 million years old," said J. R. DuBar, paleontology instructor.

Dr. J. C. Kelley, director of the anthropology and sociology museum, will be the guest speaker. Kelley will speak on the work planned for the trip, and other points of interest concerning the excavation work at Durango.

Gus Bode Says—

College would be much more fun if this were a classless society.

Polls Close At 4 p. m. Today; Decisions To Be Known Tonight

Woodwind Group Plans Concert

The SIU Woodwind Quintet will present a concert at 8 p. m. tomorrow night in the University School Auditorium.

This will be the last in a series of three concerts given by the quintet this year. Four members of the group are from the SIU music department faculty and one is a senior music major here at Southern.

The members of the quintet are: Robert Farnes, instructor, oboe; Robert Resnick, instructor, clarinet; Arthur Barnes, instructor, bassoon; Phillip Olson, instructor, French horn; and Phillip Eigenmann, SIU senior, flute.

The concert will open with "Quintet Opus 88 No. 2" by Anton Reich. "Quintet" by Henri C. Van Praeg will be played next, followed by the intermission.

"Quintet Opus 71" by Ludwig van Beethoven, and "Divertissement Opus 6" by Albert Roussel, will close out the concert. Barwick will assist the quintet on the final selection.

Campus Post Office Has Mail Increase

Can you imagine the hustle and bustle going on behind those rigid and uniformed looking iron boxes?

Mrs. Katherine F. McCluckie, postmistress at SIU said that the office has been busier than ever before.

There is personal mail that goes through the Post Office. Students living at the MRH send home bags of dry clothes.

Everyday the busle starts at 2:30 p. m. when the mail comes in from the Carbondale Post Office. Student helpers turn in and start cramming up the little spaces behind the iron boxes.

The added facility also will be used for training VTI industrial wood technology students in operating and maintaining a dry kiln and for short courses a dry kiln, scaled in, and kept there for the duration of the drying cycle.

The added facility will be used for training VTI industrial wood technology students in operating and maintaining a dry kiln and for short courses a dry kiln, scaled in, and kept there for the duration of the drying cycle.

They meet twice a month at the various members' homes. They sit back and listen while one member reads a poem, story or an article he has written and then they discuss it.

The club began in 1950, but it broke up for two years. It began again in 1952 and has continued to grow since that time.

Members of the club are: H. L. Wilson and D. James Benziger, associate professors of English; Edwund Halshay and Pete Brown of the information service; Jack Lawson, sophmore.

Geri Pittman, sophmore; Virginia Spillar of the Southern Illinois; Anne West, a free-lance writer; Herbert Baker and Mrs. Flora May Pierce, lecturers in English; Dr. G. Coleman, associate professor of English; and Dr. George Kimball Plochmann, associate professor of philosophy.

Students who will be honored at the Honor's day program meet at the west side of Old Main at 1:45 a. m., Thursday, May 17.

Housing Shortage Seen For Fall Term

"Where will all the students live next year?" is a problem haunting the Office of Student Affairs.

It appears now that there will not be a shortage of rooms for men students, but the greatest shortage will be rooms for women.

Housing with cooling privileges are getting increased calls by both men and women.

Furnished apartments are also in great demand for married students. The Office of Student Affairs has been unable to find places for all who have requested them for the fall term.

Ag Club Installs Officers hursday

Paul Cannon of Raleigh is the 1956-57 president of the Agriculture Club.

Other officers elected were: Harold Shupe, 1st vice president; Vernon Solm, 2nd vice president; Gilbert Schubert, treasurer; and Gary Heise, reporter.

The new officers will be installed at the Annual Agricultural Roundup Thursday.

The Agriculture Club is composed of students majoring in the School of Agriculture. The club functions as a social and educational organization.

Each term the club sponsors a major campus event. This year the events were: the Harvest Dance, fall term; Invitational Judging Contest, winter term; and this term the annual Agriculture Roundup.

Dry Kiln Added To Pilot Plant

Under construction at VTI, is a pre-fabricated lumber dry kiln. The dry kiln, of the latest type, is being added to the facilities of the cooperative Wood Products Pilot Plant at VTI, according to William Rice, pilot plant superintendent.

The plant is a cooperative research and teaching project of SIU and the Carbondale U. S. Forest Research Center. The dry kiln is 30 by 15 by 15 feet, including a boiler room, and has a capacity for 6,000 board feet of lumber.

The building has a steel framework on a concrete foundation and is covered by insulated aluminum panels. Internal fans circulate the steam-heated air during the lumber-drying process.

The scholarship prize of \$10 will be given to the senior geology major with the highest average in geology.

Mrs. Roger B. Moody was last year's "Miss Radioactive." Bill Daffron and Charley Gossett won the scholarship award. The banquet was at the Jackson County.

APO, Girls Rally Thanked By Stephens

"I would like to express a word of gratitude to two organizations, APO and Girls Rally," said Dr. Clarence Stephens, director of student organization.

Reynolds then read to the council a petition, and Don Davis, 1st Kennedy concerning the motion was passed by the council.

NOTICE Students who will be honored at the Honor's day program meet at the west side of Old Main at 1:45 a. m., Thursday, May 17. They will return tonight.

Finale

Apparently the issue of the Student Union fee increase isn't completely understood by a number of people on this campus.

It is therefore necessary to discuss some of the hazier points.

First of all, no one will deny that there is a definite need for the new union, but they have the mistaken idea that this is not the only or best way to procure it.

If the proposed increase is defeated today, the building of a new union is not in the foreseeable future. You see, student unions are not and have never been financed by the state. The only way it can be financed is through a student fee.

Therefore, those of you who would vote no because they feel there is a greater need for class-

room space than for a new union can reconsider.

The second point to be considered is that the fee will furnish capital with which to borrow the necessary money for construction.

Some people had the feeling that the money from the fees would be the only source of revenue.

There is also a lot of talk about the planned union being too extravagant. It is really too much so when you consider that the union is for the use of all the students and not just for students who have classes in one building occasionally?

Now that these things are cleared up, there seems to be only one thing left to say — vote "yes" today.

Your Choice

For about the last three weeks, the Egyptian has written stories, editorials and ran pictures concerning today's election.

The paper has been trying to stress to you, the students, the importance of all the offices and referendums on the ballots.

The Egyptian has backed the issues, pro or con, as it thought that these issues would best benefit you and ran pictures that you would like.

The polls close at 4 p. m. this afternoon so now is the time for you to make your feelings known. To sum it all up in a word — VOTE!!!

Memorial Day Picnic For House Groups

If you live in an off-campus, organized house, don't go home Memorial Day. A picnic and dance will be held from 2-7:30 p. m. May 30 at the Presbyterian camp site on Little Grassy.

Tickets may be bought from house presidents until May 20.

Transportation will be provided by University buses, which will leave the Student Union about 11:15.

A tug-of-war, swimming, volleyball and softball are among the planned events for students. A dance in the pavilion, starting at 6 p. m. will conclude the day.

The charge will be \$1.00 for the supper and bus fare. Erwin D. house presidents' group, said he expects about 200 students.

This will be the first large-scale social event for the organized houses.

LITTLE MAN ON CAMPUS

by Dick Bibber

"I THOUGHT YOU SAID FRATERNITY BOYS HAD MORE SPENDING MONEY!"

MAIL BOX

Dear editor:

Mr. Campbell, in Friday's Egyptian, and others I've talked with seem quite concerned about the tangible benefits from voting for the activity fee increase for a new Student Union. I think there's one point no one has mentioned yet.

Most of us will be applying for jobs off and on during the next 30 years or so. One of the first questions asked each time will be, "What was your school?"

"SIU? What's that?"
With the facilities planned for

the new Union, the University's ability to host meetings, conventions and conferences will be greatly increased. National, in addition to local and regional, professional organizations, honorary fraternities and other groups will be able to meet at Southern.

This will contribute much to Southern's national reputation and standing.

Who can say that this is not a tangible benefit?
Vote "yes" today — I'm going to!
Sincerely,
Don Hargus

AFROTIC Show Will Display F-86, B-29

On May 19, everyone will be saying, "The Air Force has landed." They won't be wrong, either, because two airplanes, a B-29 "Superfortress" Bomber and a F-86 "Sabrejet," will be sitting on our campus.

These planes are part of the exhibit for the Air Force Orientation Show in honor of Air Force Day, Saturday, May 19. On Saturday, the exhibits will be on display from 9:30 a. m. to 4:30 p. m. and on Sunday from 12 p. m. to 4:30 p. m. The displays will be on Little Grassy on the driveway between Old Main and the Men's Gym.

The Singing Squadron, Angel Flight and the AFROTIC Cadet Band with the Honor Guard will perform Saturday in Shrock Auditorium from 1:30 to 2:45 p. m.

An exhibit titled "Role of Science in the Air Force," shows how science courses such as chemistry and physics, make up a major part of the Air Force training. Headquarters Company 130th Infantry unit of the National Guard will also demonstrate their combat equipment on Saturday.

For the first time, this year the National Society Sons of American Revolution medal will be given to a cadet at SIU.

16 AFROTIC Cadets Receive Medals At Review Today

Sixteen AFROTIC cadets were honored today in the annual awards review. Two cadets were awarded cups, and the others were given medals for their outstanding performances in ROTC.

Cadet Capt. Larry G. James from Marion, was awarded the "Tee-tee" Cup as Commander of the Honor Guard for the best drilled unit or squadron of the Cadet Corps. The cup has the name of the winning unit or squadron and the squadron commander's name inscribed on it.

Chicago Tribune Award

Receiving the Chicago Tribune silver medal awards were Cadet 2nd Lt. Richard South, from Norris City and Cadet Donald G. Gibbs from Farmersville. They were the outstanding sophomore cadets making the highest grades for the first and second quarters.

Cadet M. Sgt. Del N. Wachtel from Marion was awarded the Convair Cadet Award as the outstanding sophomore cadet applying and selected for the advanced course in AFROTIC.

Receiving the American Legion Award was Cadet Lt. Col. Donald H. Cross from Salem. This award is presented the AFROTIC cadet in recognition of continued outstanding service by contributing the greatest effort in the interest of the corps.

Cadet 1st Lt. Peter M. Dunn from Salem, was awarded the National Society of the Sons of the American Revolution Award as an outstanding junior student in the AFROTIC program based on military grades and aptitude for general service.

The Illinois Normal tennis team has won the IAC championship since the formation of the league in 1950. They have three out of five men from the championship team of last year. They have won 10 out of 13 dual meets this year.

Receiving the Reserve Officers Association Award was Cadet 1st Col. Joseph P. Keck Jr. from O'Fallon, Ill. This award is given to the outstanding senior cadet, based on university and AFROTIC grades for the current year and aptitude for general service.

Receiving the Reserve Officers Association Award was Cadet 1st Col. Joseph P. Keck Jr. from O'Fallon, Ill. This award is given to the outstanding senior cadet, based on university and AFROTIC grades for the current year and aptitude for general service.

Saukies Lose Tight One, 2-1; Win 2nd Game 4-3

By Warren Talley

The Southern Salukis and the Central Michigan Chipewags played a double-header Saturday, playing perhaps the tightest and best brand of baseball seen on the SIU diamond this season.

A last-of-the-ninth rally by the Southern pulled the second game out of the fire, 4-3, after ace hurler Ronnie Avers had lost a heart-breaker in the opener, 2-1.

In the first game, only a wind-blown infield pop-fly that dropped for a three hit into center field... breaking the 3-3 deadlock and winning the game for SIU.

In the sixth inning, Chip Catcher Dean Merritt loomed the pop-up that eventually landed near the third base line, driving in the necessary runs needed for the Central victory.

Most Drownings Needless: Shea

(Editor's note: This is the second in a series of three articles by Dr. Edward Shea, chairman of the SIU men's physical education department, on water safety.)

The misconception possessed by most people concerning life-saving rescues is that they are melodramatic affairs.

Children who get into difficulty in the water are particularly easy to handle. In such cases standard techniques hardly seem appropriate. The most effective techniques are the so-called swimming "assist" which, rather than adding to the feeling of panic which always seems to accompany near-drowning experiences, offers immediate assurance of support and a resultant feeling of confidence in the rescuer.

There is prevalent a high degree of perpetuation of untruths concerning some aspects of swimming. The answers usually given to such questions: when is the best time to swim, how long should one wait to swim after eating, do people drown from the so-called "stomach cramp"...

lock, pier, etc.) can be effected by simply reaching with some type of extension such as an oar, a pole, or one's shirt, trousers or dress.

and, over a period of years, the untruth becomes commonly accepted knowledge. Below is listed information concerning these questions which at the present time would seem to have support from scientific data.

Sig Pi, Delta Zeta Capture Hellenic Crown

In almost identical matches, the Sig Pi and Delta Zeta won the playoff for first place from the Sig Tau and Tri Sig in the Hellenic Bowling League last Wednesday night.

In the first game of the girl's match, the Tri Sig's jumped to an early lead and won that game. Marie Wargo was the high scorer for this game with a 160 showing the way for the Tri Sig's.

The second game was a reversal of the first, and Diane Boyd led Delta Zeta quintet with a 160 game. This tied the match at one a piece. The Delta Zeta five moved into the lead in the third game and never challenged again.

Bill Hunt led all the bowlers for the evening as he totaled 708 for the four games.
Women's Scores:

Golfers Tie With Evansville

Bill Malinski won the last hole of the last match to give Southern a 6-6 golf tie with Evansville College in a match at the Jackson Country Club Friday.

Only golfer on either team to blank his opponent was SIU's Bill Relvy. He shot an one-under par 35 the first round and a 39 the last round to get three points.

The results:
Barnett S 38-36-74 tied Gambrel E 37-37-74, 114-114
Bacon E 36-39-75 defeated Donarski S 41-38-79, 2-1
Relvy S 35-39-74 3-0

by 29 bases on balls issued by opposing hurlers and 18 hits. Knocing, Grogg and Venezia all toiled in the contest.

Apple Knockers 12, Phyzzils 1: Twelve hits by the winners helped pave the way for the Phyzzils setback. Ingram was the victorious moundman.

Semifinal competition underway Tuesday night in the Men's Gymnasium with the finals due to follow Wednesday.
In the other volleyball set, Sigma Tau Gamma "A" trimmed Theta Xi "A" two straight by 15-12 sets.

SOFTBALL
Doyle Deacons 9, Club Edwards 8: Deacon Pitcher Earl Dargatzis pitched 11 hits. Bob Read and Earl Reid worked for the losers and allowed nine hits.

Round House Gang 8, Bloopers 6: A 12-hit attack featured the Gang's offensive. Bill Crisman gained the decision.

Hicks 10, Wesley Foundation 7: Jack Schneider won his third game of the intramural campaign and allowed only five hits.

Booleggers 12, Milltoppers 1: The Booleggers blasted out 10 hits while limiting their rivals to two. Batnam got credit for the win.

Southern Rebels 28, Red Devils 19: This wild affair was marked

With The Greatest Of Ease German Student Surpasses SIU Javelin Mark

A man in street clothes intently watched the javelin throwers practicing. He walked over, picked up an extra spear, examined it for balance and nonchalantly heaved it 220-foot feet.

"Well, if this comes as no real shock to you, the SIU javelin record is 193 feet. And if this still doesn't prove anything, it is a toss which a great many college and university athletes in this country spend hours and hours practicing to beat.

The man with the talented right arm is Olympic-bound Poldy Mair, 25-year-old graduate student from the University of Munich in Germany. He came to SIU in March on a fellowship award to study business and economics.

Mair, who stands 6 feet 11 inch and weighs a muscular 195 pounds, is already among the all-time greats of his German home, land in track and field events.

While a student at the University of Munich last season, he threw the javelin 245 feet to grab second place in the nation and make him a top candidate for the Olympics in Australia this winter.

He missed Germany's first place javelin throwing trophy by five feet. The world's record for the javelin is held by an American, Bud Held, who threw the spear 265 feet.

He has been German Student Champion twice for the javelin three times in the discus throw and once in the broad jump.

The honor as German Student Champion is placed upon the student who has the best cumulative record in the universities and colleges of Germany. This is comparable to our All-American Award.

Germani Love Track
In Germany, the track season lasts from May to November. A favorite spectator sport, fans sometimes number in the hundreds of thousands.

In 1955, the tousle-haired Poldy was All-Germany Pentathlon Champion. The Pentathlon includes five events: javelin, discus, broad jump, 220 meter run, 1500 meter run.

To win this, he chucked the javelin 230 feet, threw the discus 159 feet, jumped 23 feet in the broad jump, ran the 220 meter run in 23.5 and the 1500 meter

The young people are doing at General Electric

Young engineer works on new ways to remove heat from atomic reactors

An atomic reactor running at full efficiency creates a tremendous amount of heat in its core. By removing this heat and putting it to work boiling water to make steam, atomic electricity is produced.

One of the men responsible for designing new, more efficient ways to remove heat from atomic reactors is 29-year-old Doctor Salomon Levy — Design Analysis supervisor in the Atomic Power Equipment Department's Reactor Engineering Unit.

Levy's Work Interesting, Vital

To study this problem of heat transfer, G.E. recently constructed a heat-transfer system. By electrically simulating the heat produced in a reactor, it is possible to determine the maximum rate at which heat can be removed from a reactor to make steam.

Dr. Levy conceived the idea of building this complex system, designed it and supervised its construction. At present, Levy works with this system to study new problems of heat transfer and fluid flow encountered in atomic power plants.

25,000 College Graduates at General Electric

When Salomon Levy came to General Electric in 1955, he already knew the kind of work he wanted to do. Like each of our 25,000 college-graduate employees, he was given his chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given the freedom to make progress, everybody benefits — the individual, the company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

DR. SALOMON LEVY joined G.E. in 1955 after receiving his B.S. in M.E. from the Univ. of Calif. in 1949. In 1951 he received his M.S. and in 1953 his Ph.D. From '49-'50 he was teaching assistant at U.C., and '50-'53 he was Junior Research Engineer at the Institution of Engineering Research.
