Student Council Sets Up Office To Solve Problems

By Peggy Morgan

Got a complaint? Take it to the Student Council. They're setting up office hours especially to help solve problems between students and the administration.

The council voted at its meeting Thursday, to have office hours from 9 a. m. to 4 p. m. Mondays through Friday, at its office in the Student Union. At least one council member will be there except at the lunch hour from noon to 1 p. m.

This plan will give students a chance to bring their problems straight to the council," said Clyde Reynolds, president of the Student Council. "We certainly urge everyone to feel free to bring us their problems. Office hours will begin tomorrow.

Proposed centralization of personnel was discussed at the meeting. Reynolds reported that he, Col. Alexander B. MacMillan, Carl E. Erickson, director of athletics, Bob Dunkel and Fran Mizenko, cheerleaders, and Dr. William C. Westberg, faculty adviser to the Student Council, have discussed the possibility of making the student council the central control of pep activities. The various pep groups would report their plans to a committee of council members for approval, and then carry them out.

Such action would facilitate pep activities on campus, the group hopes.

Jerry Duane, senior representative, moved that the student council approve a central pep committee, the details to be worked out by the chairman of the various pep committees on campus. The plan would be subject to the approval of the Student Council before taking effect, Martha Crawley seconded the motion which was passed unanimously.

Report On Parking

Sandra Underg, co-chairman of the council committee investigating the parking problem, read the report prepared by her and Shirley Gott. Special discussion centered on the president's parking report.

The report said that the lot is under the administration's jurisdiction, and the parking committee can do nothing about opening it for student use. Jerry Duane suggested that the council ask the administration that the back part of the lot be opened for student use and the front section be reserved for visitors. Action on this will be taken at a later meeting.

A request for \$50 was granted to Wayne Oldham, chairman of "Parent For a Day," to cover expenses for that day and "Parents for a Day." "Parents for a Day" new this year, will be chosen in a drawing tomorrow.

Students can register their parents for the drawing today, or tomorrow.

Faculty wives, Mrs. Phillip Olson, Mrs. Woodson Fishback and Mrs. Robert Mueller pose in the Japanese costume for the play "Mike Kado Ph.D."

Football Game To Launch Parents Day

The 6th annual SIU Parents Day Saturday will begin with a luncheon and football game.

More than 5,000 invitations are being mailed to parents of students. Registration is from 10 a. m. till noon at the Student Union. Guides will be available to take the visitors on tours of the campus.

The luncheon will be served at the men's Gymnasium from 11:30 to 1 p. m. This will be followed by the SIU-Northern football game in McAndrew Stadium. Parents may sit with their children in the student section.

A pizza supper sponsored by Delta Epsilon Chi will be served at the Student Union from 5:30 to 8 p. m.

This year's attendance is expected to top last year's estimated 700 parents.

Classes Out At Noon Nov. 23

All classes will be dismissed at noon Wednesday Nov. 23 to give students an early start home for the Thanksgiving holidays.

This is the first time that classes have been dismissed early for Thanksgiving. The new policy was put into effect to aid students who live far from school.

A second reason was so that students could do the bulk of their driving during the day.

Classes will resume Monday morning.

KAM's And Camera

Steve Kappa Alpha Mu, honorary photo-journalism fraternity, held their annual work day Saturday. The KAM's photographed the town of Carlinville.

Photographers attending were Don Bell, Don Ladlock, Don Phillips, George Bliss, Ed Hahney and Dr. C. William Horrell.

SIU Lags Behind In Building Space Per Student Despite Construction Efforts

Despite continuing construction efforts, Southern is behind its pace of 15 years ago in terms of square feet of building space per student.

A recent survey based on figures supplied by Charles Pulley, University architect, shows that there are 116 square feet of space in permanent buildings for each of Southern's 5,554 resident students in 1940, with the enrollment at 2,181, the space parcelled out at 117 square feet for each student, which the University "regards as essential to provide adequate instructional, research, service and housing facilities for each of its resident students" according to Max Turner, chairman of SIU's Committee of Facts and Figures.

The current average is a drop of 31 square feet per student from last year, when the resident enrollment stood at 4,619. Completion of the Life Science Building helped fatten the average then, but the 20 percent enrollment increase this year, with no new buildings finished, has pared it down again.

The figure compares to the tight conditions in the post-war years if University School (elementary and high school) is dropped from consideration.

Although part of the campus-building scene, the 138,800 square feet at University School is only partly used for "college level work" by resident students. Removing that and omitting the 19 Belleville Residence Center studies, the ratio figures out at 93.2 square feet per student.

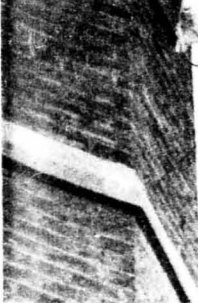

Turner said SIU's skimpiest year, according to existing statistics, was in 1950, when there were only 83 square feet of permanent buildings for each student. The deficiency that year was offset by adding temporary buildings bought from war surplus agencies.

Because of the rapidly growing enrollment at SIU, Turner said he believed "the school will be 'down' in the next decade.

Some authorities feel that an "optimum level" calls for at least 245 for full-sized university.

Turner emphasized that the survey relates to permanent buildings only. There are over 480,000 square feet of space in temporary barracks and buildings now in use at SIU.

A 'Bra'zen Act

A photographer happened to be strolling by Alford Hill Thursday afternoon when he looked up and saw something other than the usual architecture . . . a woman's bra and slip. Perhaps, some young lady dreamed she went plunk walking in her . . . bra?

Last Day Set For Obelisk Group Pictures

Thursday is the last day campus organizations and living groups may reserve space or set a date for pictures to be taken for the 1956 Obelisk, according to Don Hargus, editor. Reservations must include a lay, time and place for pictures to be taken.

Reservations for space already placed will be cancelled if a picture date has not been scheduled by Friday. All pictures must be taken and returned to the Obelisk office by Dec. 1.

Pictures may be picked up at the Photographic Service four days after they are taken. They are then to be turned into the Obelisk office, with complete identification, within two days.

"If we haven't made any definite rule on this yet but we are going to have to cancel space reservations of groups who have had pictures made but have not turned them in to the Obelisk yet—the Commerce Club, for instance, has been holding their pictures for nearly a month," Hargus said.

More organizations and living groups are going to be pictured in the 1956 Obelisk than in any previous book. "In fact, we've had to add 16 pages to the book to accommodate them," Hargus said.

"If the book is to be printed and arrive on campus in time to be distributed before school is out next spring, we must have all group pictures in before Christmas vacation."

Dates For Student Teacher's Physical Told

All students who plan to be assigned to student teaching during the winter term should take their physical examinations at the Health Service between Nov. 21 and Dec. 4.

This will be the only time the physicals will be given. Failure to take the examination may delay student's teaching assignment.

Thornberry To Talk To IRC

Lt. Marion E. Thornberry of the SIU ROTC staff will speak Thursday at 7 p. m. to students of the International Relations Club in University School Student Theater.

The title of his address will be "The Philippine Social, Cultural Aspects." He will discuss the role of the Philippines in Southeastern Asia and its national significance.

Student-Faculty Mixer In Union Tomorrow

"Chat 'n' Chew," an informal student-faculty coffee hour, will be in the Student Union from 4 to 5 p. m. tomorrow. Faculty members in the Foreign Languages Department will serve as hosts.

Free coffee and doughnuts will be served by the Student Union committee.

Sponsored by the Student Union Council, tomorrow's coffee hour is the first in a series of six planned during the school year. Faculty members from a different department will host each time.

"The idea of 'Chat 'n' Chew' is to provide a chance for students and faculty to get to know each other better through informal conversation outside the class room.

"We're making a big pot of coffee," Jerry Gibson, Student Union program chairman, said, "so all students and faculty members who can squeeze into the Union are invited."

Language Students To Go Roman Thursday

Shades of Julius Caesar! Wearing togas and reposing on low divans, members of the Foreign Language Club of University School will hold their annual Roman banquet Thursday.

Members of the Latin Class will prepare the banquet of eggs, ham, vegetables, rolls, apples and Roman punch in the Roman style.

Allen Speaks At FTA Meeting

"The Schools of Today Compared to the Schools of 100 Years Ago" was John W. Allen's topic at the FTA meeting Tuesday night in the University School Auditorium.

A short business meeting preceded Allen's talk. The Obelisk picture was taken after the meeting, and refreshments were served.

Student Council Releases Report On Parking Situation

By Sandra Underg and Shirley Gott (Student Council Committee of Student Affairs and Activities)

The Student Council's Committee of Student Affairs and Activities chooses for its second report to the students, the problem of SIU's parking situation. This problem now seems to be quite a controversy among the students and faculty. And, as noted by considerations among students, there are many queries and questions which they would like to have answered. The main questions are found to be:

"Why, when we pay for a parking space, can't we find a place to park where and when we need one?"

"Why can't we park on Harvard and Thompson street?"

"Why is the President's lot restricted when it is seldom used to the full capacity?"

"Aren't the fines too stiff?"

This Student Council Committee is trying to bring answers and facts about the parking situation to the students through this investigation. A special parking committee meeting was held Oct. 1, 1955, at which time the present status of the parking situation was explained and the student's questions were listed over and answered.

The parking committee stated that they have three main questions which they are constantly working on and trying to answer. The first one is: "How much off-street parking is the University obligated to furnish?" It would be impossible for it to furnish and supply all the off-street parking. And to banish all cars would be very impractical. A problem of this concern which is coming up is how much land space should be set aside for parking at the new Men's Dormitories.

The second question they are working on is: "Who are commuters and what is considered commuting?" The main concern of all parking is to be sure to have enough parking space for commuters.

The registration of cars is serving as a study of where cars are coming from and how many, so that a radius from the center of campus can be set up to determine commuters and other students who need transportation. The committee is questioning whether the university will never be able to provide parking space for students in walking distance.

Clutter Campus

The third question facing the committee is: "Is it smart to clutter the campus for parking spaces?" The Universities of Texas and Newmexico have no more than one parking space is provided.

for permit holders, but it is not all-park, but where the student wants it. A suggested plan for a survey of this situation is to have volunteer students be counters at each parking lot and log in cars, keeping count of the street each hour.

At Other Schools

The parking committee is very concerned with how the university can best utilize the space for the maximum number of students. In making surveys, they found several suggestions. Some campuses buy cards which act as keys to unlock the gates to certain parking lots. Another plan is to have colored lots and permits are sold in colors designated to certain lots. These plans will work in the respect that students with permits will be assured of a parking space. But the car won't be there all the time and that would leave empty spaces, therefore decreasing the amount of cars that could obtain parking permits. Although our situation has much room for improvement, Dean Davis stated that we are better off in our parking situation than any of the Big 10 schools.

The committee believes that students and faculty should be educated as to how to park correctly. Cars parking incorrectly cut down the amount of parking spaces. An educational system might be set

Students Get Chance To See 'Mike Kado' In Shryock Thursday

Students clamoring to see the musical script "Mike Kado, Ph.D." written by Dr. Paul Hunsinger of the SIU speech department, have influenced the cast to present the play to the student body and the public.

The cast is made up of the SIU faculty.

Hunsinger said that some students were planning to get keys to the auditorium so they could sneak in and see the play, which was originally scheduled for faculty members only. Some students even wanted to work backstage in order to watch.

However, the cast has decided to present their two-act comedy to students in Shryock Auditorium Thursday. Admission will be 25 cents per person. Faculty members will be admitted free to the Wednesday performance which will be given in the University School auditorium.

The play is being sponsored by the Student Union Board and all proceeds will go to the Student Union Building Fund.

Mrs. Jeri Lindgren, Women's Faculty Club president, has been working for the past two months arranging committees and performing miscellaneous tasks connected with the play. Hunsinger praised the hard work of Mrs. Lindgren.

Committee chairmen are: Mrs. Oliver Beinhorn, general chairman; Mrs. Robert McGrath, costumes; Mrs. Gordon Butts, props and scenery; Mrs. John Fleming, publicity; Mrs. William Tudor and Mrs. Charles Pulley, properties; Robert Chamness, lighting; and Mrs. C. Horton Talley, Mrs. William B. Schneider and Mrs. Fount Warren, refreshments.

Frank W. Wikeland is directing musical numbers.

Horton C. Talley, dean of the School of Communications, has replaced C. C. Franklin, men's P. E., as the character "Lois High Requisitioner." Franklin has been asked to drop out of the play in order to attend a meeting in Peoria.

Big 10 Student Government

A plan to provide Big Ten student governments with comprehensive information on their common problems and to generally coordinate Big Ten affairs has been begun through the progressive program to provide service to member schools. Headquarters have been formed at Michigan State College.

Student government presidents from each of the ten schools met last year at Northwestern University and decided to build their or-

ganization as a supplement to the National Student Association. Three Big Ten members, Purdue, Michigan State and Indiana are not affiliated with the National Student Association.

General plans suggest that the total organization be divided into two divisions, one for research and one for publications. The research bureau will be in charge of gathering information on such problems as discrimination, parking and dining, increasing student interest in student government, and housing. It will work through Bureau members located at each Big Ten General located at Central Headquarters in East Lansing, will coordinate the work of field representatives.

The informal address is open to students, faculty members and the public. A and of many of the world's most eminent botanists. Dr. Poel was chairman of the botany department at the University of Nebraska for 42 years.

McCoy Attains 2 Posts
 SU Director of Libraries Ralph E. McCoy is the new vice-president and president-elect of the Illinois Library Association. His election took place at the organization's annual meeting in Chicago. The 1956 annual meeting will be in Peoria next fall.

20 Trips On Debate Squad Schedule

The SIU Debate Squad has scheduled twenty trips for this year. No SIU debate squad has ever scheduled this many trips for one season, according to Walter H. Murrish, director.

Last Saturday, the local debaters participated in a practical tournament at Murray State Teachers College in Murray, Ky. Since it was only a practice tournament, no decision was made as to which team was the winner.

This weekend eight SIU teams will see action. Two teams composed of Leon Scroggins, Dorothy Beck, Richard Rieke and Joe Selmeier, will compete in the Purdue University Debate Tournament.

Meanwhile, the six other teams will travel to Bradley University for a tournament. Members of the six teams going to Bradley are: Dick Crawford, William Holton, William Hull, Ted Foster, Robert Holton, Pat Dwyer, Sue Barker and Susanne Knox.

Major Tournaments
 Some of the major tournaments scheduled for this year are the Rocky Mountain Speech Conference, Denver, Colo.; St. Thomas Tournament, St. Paul, Minn.; the AFROTC Debate Tournament, Pittsburgh, Pa.; and the West Point Regional Tournament.

The schedule for the remainder of the fall term is: Green Hill Tournament, Greenville, Dec. 3; Kirksville Invitational Tournament, Kirksville, Mo., Dec. 3; University of Arkansas Debate Tournament, Fayetteville, Ark., Dec. 9-10; and the Navy Pier Tournament, Chicago, Dec. 9-10.

The topic for all debate tournaments this year is Resolved: that non-agricultural industries should guarantee their employees an annual wage.

(Left)—Scraping paint is hard work, but Shirley Bridges (on ladder) and Jean Horn, don't seem to mind. Like other Delta Sigs they flew into their room remodeling project with gusto.

Typical Parents To Be Chosen On Their Day

The mother and father of a SIU student will again over Parents Day activities here Saturday. All students are eligible to submit their parents' names at special booths set up in the Student Union and in Old Main until noon tomorrow. The lucky parents will be selected at a drawing Wednesday afternoon, during the student-faculty "coffee hour."

The winning parents and their son or daughter will occupy a special box at the SIU Northern Illinois football game Saturday afternoon as guests of Pres. and Mrs. Delve W. Morris.

They will also be honored at a dinner for all students and their parents to be served from 11 a. m. to 1 p. m. in the men's gym on campus.

Parents of members of the Southern football squad will be given special recognition at the game. The fathers—wearing their sons' numbers on their backs—will have seats on a bench directly behind the players' bench. Football mothers will sit in a reserved section in the east stands.

Don Bolmer, SIU student chairman for the event.

Dr. Grinnell Presides At Teachers' Meeting
 Dr. J. E. Grinnell, dean of the College of Education, was presiding officer at a statewide meeting of teachers from Indiana colleges and universities from Sunday to today at Turkey Run State Park.

Dr. Jacob O. Bach, assistant professor of education, also attended the meeting.

Russell Cooper, dean of the College of Education at the University of Wisconsin, and Thomas Hamilton, dean of the College of Education at Michigan State University, were the principal speakers.

Delta Sigas Decide 'It's Time To Change'

"It's time for a change," decided members of Delta Sigma Epsilon sorority.

The girls went to work remodeling the interior of their house located just a block north of the campus.

The project, which began in the living room last summer and ended in the basement this fall, did wonders for the looks of the house. It also gave the coeds a few blisters and aching backs, but the girls didn't complain.

Now when they entertain guests Delta Sigas can point with pride to their handiwork—which they usually do.

Mrs. Jerry Taylor, a former Delta Sig, was interior decorator for the living room, assisted in furniture selection by Genie Cox. Abstract wall paintings in the basement were done by Bob Courtney, husband of the former Jane Ross, a Delta Sig alum. Girls used their own initiative in redressing their private rooms.

Two men's residence centers are located on the SIU campus.

Delta Sigas moved their ranch style furniture to their basement is converting it into a comfortable recreation room. Discussing a record from the sorority's collection are Mary Edna Jackson, left, and Joanie Brown. There also are facilities for ping pong and cards.

Specialists Get Best Specimens

Dr. Fisher Refers To Research On Whooping Cranes

By Bob Schaefer

There are only a few of us who can be called specialists in the field, and that's how we happen to wind up with the choice special specimens," said Dr. Harvey I. Fisher, chairman of the Zoology Department.

Fisher referred to the deaths of three of the world's rarest birds, the Whooping Cranes, which have provided him with some rare research material. Fisher, one of the country's leading bird anatomists, was given the opportunity to study the carcasses of the three birds when they were sent to him from different spots in North America. He spends a large share of his time gathering information about different species before they become extinct.

10 From SIU Attend Rehabilitation Conclave

Four faculty members and six students attended the National Rehabilitation Conference at the Jefferson Hotel in St. Louis Wednesday through Friday.

Dr. Guy A. Renzaglia, vocational rehabilitating counselor of the training program, led a group discussion Wednesday. Dr. Maude E. Stewart, guidance and rehabilitation program was in a major panel discussion.

J. O. Anderson, Speech Department, and Dr. Noble H. Kelly, chairman of the Psychology Department, attended the conference.

Six student trainees in rehabilitation counseling attended the meeting Thursday to hear a series of sessions dealing with their majors. They were:

Why do more college men and women smoke VICEROYS than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance—cellulose—found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
3. Smokers en masse report that filtered Viceroy has a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroy costs only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 Tiny Filter Traps... plus that Real Tobacco Taste

The swish-swish of paint brushes marked the start of the redecoration project in the basement recreation room. The Delta Sigas tackled their sorority house basement after completing their individual rooms this fall. At work Thelma Millikin, left, and Jo Pugh.

Alpha Phi Omega Plans New Projects

Projects for the coming week were announced at the Alpha Phi Omega, meeting Thursday.

A new bell to replace the one broken several weeks ago will be put in place in Shryock auditorium.

It was announced that the members will decorate McAndrew Stadium for the Parents' Day "orbital game Saturday.

Preliminary plans for the annual APO Christmas Dance were also discussed.

Europe To Be Subject Of Color Slide Show

Switzerland, Austria, and West Germany will be the subjects of the 200 color slides that Dr. James W. Neckers, chairman of the Chemistry Department will show at 7:30 p. m. tomorrow in the University School Auditorium. Views of Russian occupation troops in Austria, and the modern buildings in a rebuilt West Germany are also included in the showing.

Delta Chi Initiates 20 Saturday

Twenty SIU students, four alumni, and a faculty adviser were initiated into Delta Chi, national social fraternity, in special ceremonies Saturday.

All were members of Delta Epsilon Chi, local fraternity which has been a Delta Chi colony since last spring. Jefferson J. Colman, athletic business manager at the University of Alabama and national president of the fraternity, presented the charter to the new group at the installation banquet Saturday night in the University cafeteria.

C. M. Thompson, former dean of the college of commerce at the University of Illinois and a past national president was the main speaker at the banquet.

Alumni members of the fraternity from all over the Midwest attended the installation as did undergraduate members from chapters at Western Michigan, Iowa, Missouri, Lake Forest, Illinois, Indiana, Purdue, DePauw and Ohio State.

Col. Alexander B. MacMillan, commander of the AFROTC detachment at SIU, is the faculty adviser for the new chapter.

How the Cranes Dies

Wounded by gunshot on the southern coast of Louisiana, the first bird was given to the U. S. National Museum in that state. The second, found alive but injured in Kansas, was sent to the University of Kansas. The third, another gunshot victim, was found on the plains of Saskatchewan, Canada, and was given to a wildlife office. All three were then sent to Fisher.

After examining the birds Fisher published some of his findings.

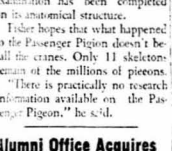

Alumni Office Acquires New Building, Lounge

The Alumni Office has recently vacated the building at 909 S. University Ave., according to Robert Olanick, director of alumni services. The office has been moved next door to the building formerly occupied by the Student Christian Foundation.

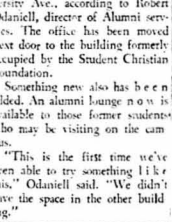

Something new also has been added. An alumni lounge now is available to those former students who may be visiting on the campus.

"This is the first time we've been able to try something like this," Olanick said. "We didn't have the space in the other building."

Salukis Dominate Play, Beat Cardinals 28-14

By Gene Croyer

Turning in their best offensive effort of the season, the Salukis walloped the Illinois Normal Cardinals 28-14 at Bloomington Saturday.

SIU opened the contest with a 60-yard scoring march, with Jack Schneider and Center Shannon carrying most of the load. Shannon climaxed the drive with a 24-yard sprint off his own right tackle. Bill Spratt converted, and the score stood at 7-0.

Midway through the second stanza, the Salukis marched again, starting on their own 39, the Salukis broke Shannon loose for 40 yards to the Normal 32. Then Jerry Hart hit Wayne Williams with a 24-yard anvil. Two plays later, Spratt went into the end zone standing up.

One of the first try for the extra point, the SIU backfield was in the extra point area, but was forced to try again. The second try was also good.

Normal was in Saluki territory only once in the first half and made one first down.

The Cardinals came to life after the intermission and marched 51 yards for their first try. Darrell Spratt scored from one yard out, and Bob Riegenback kicked the extra point to make it 14-7.

Schneider Scores

Two minutes later, Schneider picked up some fine interference and camouflaged 62 yards for the third Saluki score. Spratt's first try for the extra point was wide, but Normal was offside. The second try was good, and SIU led 21-7 with 3:49 left in the third period.

Early in the final stanza, Ed Johnson slipped over his tackle, crossed his field and went 22 yards for the touchdown without having been touched. Spratt booted the extra point to make it 28-7.

Playing against the SIU reserves, the Cardinals scored their final touchdown via a John Thomas Jack Mitchell aerial goad for 34 yards and the score. But Jack Mitchell converted, but the Salukis led 28-14.

Hart, Spratt and center John Arlovitch received facial injuries in the hard-fought contest and Hank Warfield and Walt Bishop were unable to play because of injuries.

The SIU offensive unit piled on 483 yards on the ground and 43 passing for 426 total. The Southern defense, especially the line, turned in an equally fine performance, giving up only 181 yards total.

Summary

| SIU | IN |
|---------------|-----|
| First downs | 15 |
| Yards rushing | 183 |
| Passes Attd. | 8 |
| Passes Comp. | 22 |
| Interceptions | 1 |
| Yards passing | 91 |
| Fumbles | 1 |
| Opp. Fumbles | 1 |
| Penalties | 50 |

Williams Has 40-Yard Punt Average

Averaging 40 yards a punt, IU and Wayne Williams has become one of the top five punters in the nation's small colleges.

Williams in 27 punts has kicked a total of 1,077 yards—averaging 39.9 per kick.

Williams' punting average is even more remarkable since Southern's unique punting technique calls for kicking from the line which forces Williams to kick 15 yards behind the line of scrimmage instead of the usual 10.

Punting averages are counted on the line of scrimmage.

Since Southern's line does little more than "brush back" and then kick downfield, there have been few punt returns—sometimes not a single one in four or five punts—Washington University last week picked up only 14 yards on three punt returns.

In past completions, Williams leads the way with 15 catches for a total of 299 yards.

Schneider heads SIU's coaching department with six touchdowns for 36 points.

Although posting only a 2-4-1 record so far this season, Southern leads opponents in rushing, 1,104 yards, to 1,055 and is ahead in passing 316-509.

One Normal defender could not be satisfied with just tackling Jerry Hart Saturday. He had to plant his fist in Hart's eye.

The Campus Crier

The 28-14 victory over Illinois Normal Saturday gives the Salukis their best record since 1950 and possibly a chance at their best season since 1947.

The Salukis haven't won more than two games a season since 1954. In 1947 they won seven, lost two and tied one. A victory over Northern next Saturday would give them their best season since the '47 campaign. It would also give them third place in the IAC, their best finish since the formation of the league in 1951.

SIU Harriers Finish 6th In IAC Meet

The SIU harriers didn't fire too well at the IAC cross country meet at Vandalia, Mich., Saturday.

Southern just managed to eke out sixth place over Western Illinois, 3-4, by a 130-138 margin.

Host Michigan Normal walked away with team honors, and Central Michigan took second.

John Kikullen of Northern earned individual honors, outstriking the 3 1/2 mile course in 19:47.

The results:

1. Michigan Normal 55
2. Central Michigan 50
3. Eastern Illinois 42
4. Illinois Normal 38
5. Northern Illinois 34
6. Southern Illinois 34
7. Western Illinois 33

Intramurals

By Bill Rupp

Over seventy teams have signed their intentions, entering the intramural basketball competition this fall. At a meeting of the Intramural Student Board last Thursday night, it was decided that the deadline would be extended to allow more practice sessions for teams that had not had an opportunity to practice. The new deadline for entry on the teams is Friday and the new starting date for the games is Monday.

Practice classes must be arranged for the intramural 60-minute basketball, to use the gymnasium this season.

Tench basketball players will be held next week on the intramural basketball of the campus.

By the playoffs will be five Men's Residence Hall League teams which will have an inter-league playoff to determine which of the teams will represent the league in the all-school championship playoffs.

Representing the Intramural

League will be Sigma Phi Gamma, last year's all-school champs, White Hall Inn will be the Organized House league representative while the Huskies will be after the all-school crown as representatives of the Independent League.

Corkhall playoffs were held this week with the Sigma Pi fraternity winning the championship over the White 3-0, Independent representative. In the semifinals, the White 3-0 advanced to the final game with a 8-1 win over Barracks No. 2, winner of the Fresh In Outing in the Student Christian Foundation 4-2.

Doyle Dorm Takes Lead In Inland Bowl

Doyle Dormatory led into the Independent Students Bowling League lead by sweeping the first series against Verneis Five. Harlan Highsmith's timely 466 sparked the league leaders.

Newman Club, the former pace setters were defeated in two games by the Bloopers which dropped them a game back of the lead. Ed Langen of the runner-up highlighted the low scoring traces with a 521 set.

After a short period of hibernation, Hawks nest came to life in compiling the season's highest series with a net 2,477 which was good for a 3-1 division over the Hinkley House. Wayne Petrav and Bob Strat collaborated their respective efforts of 466 and 463 for the winners. Alan Hilsenhoff's 469 topped the victims efforts.

In the remaining match Brown Jug succumbed to La Coterie by a 3-1 decision in a low scoring match with Rev Merriman's 441 tops for the pair of all-stars.

TEAM STANDINGS

| W | L |
|-----------------|------|
| Doyle Dormitory | 13 3 |

| Ed Langen | 1093 |
| Denny Coleman | 1075 |
| Rev Merriman | 1075 |

Huskie Cagers Have Abundance Of Guards

Bill Healey, Northern Illinois State's basketball coach, finds himself blessed with such an abundance of guards this season that he is trying some of them out at new positions. Healey has five letter men and a junior college transfer student who are vying for the guard spots.

The lettermen include Bill Egan, Ray DeVane, Carl Olson, Chuck Faso and Karl Dennis. Egan was the Huskies' most valuable player last year and was runner-up in team scoring to DeVane. The transfer student is L. T. Ivy, a letterman at Trinidad Junior College for two years.

In an effort to strengthen the center spot, Healey is experimenting with Olson at center. Although Olson stands only 6-0, he possesses an amazing hook shot and is a good rebounder for his size. He was a center while in service and won All-Far East honors at that position.

Dennis, a member of LaSalle High School's state finalists two years ago, is being worked in at forward to add height to the front line. At 6-2, he adds rebounding strength to the forward position where Healey has only two tested candidates — John Olson and Ralph Bacon.

ROTC Rifle Team Chalks Up 5 Wins

Sharpshooters of the AFROTC rifle team have been "bullseye perfect" in registering five straight victories in postal match competitions.

A postal match is an arrangement by which teams shoot for score daily, and at week's end mail their opponents the results. Each day a cadet shoots at targets in a prone, standing, sitting, and kneeling position.

The highest score that he records in any position during the week is entered into the team total.

Matches this week will be with the University of Illinois, Arizona and Cornell University.

The Music department is broken down into units of music education, piano and organ, string and orchestra, theory and music

Bill Spratt scores a touchdown, one of four for SIU, in the second quarter of Saturday's contest. Spratt also kicked four extra points in the game.

Carver Shannon evades the outstretched arms of a Cardinal tackler in Saturday's action. Shannon gained 92 yards in seven carries to finish second to Jack Schneider, who reeled off 127 yards in 13 carries, for rushing honors.
