FRESHMEN I. Q. RESULTS SHOW HIGHER SCORES

Wider Range, Higher Individuals Than Last Year

Results of the intelligence tests given 634 freshmen at the beginning of the fall term reveal, in comparison with last year's freshman class, a wider range in intelligence and a greater proportion of superior students. F. G. Warren, member of the Education department reported last week.

Although the highest score of the group was higher than the highest score of last year's class and the lowest score was not so low as the lowest score reported last year, the medium intelligence content for the class is approximately the same as it has been for the past three years. Checks-up on the tests revealed the scores ranging from 74 to 122, with a possible 133 points which could be had. The average score of the class is 104.

LUTHER KING: AS THE MUSICAL EXPERT AND THE 'TYPICAL S. I. N. U. STUDENT' HEARD HIM THURSDAY IN CHAPEL

The following reviews of the Luther King performance in chapel Thursday are written from the divergent viewpoints of a "music critic" and a "typical student." The opinions expressed below are the personal opinions of the writers and do not necessarily represent the views of the editor. Mr. King is a member of the band orchestra and the band orchestra has had considerable musical training and is a member of the Southern dance orchestra. Mr. Venegeoni has had no musical experience or training.

The best feature of the S. I. N. U. Entertainment course brought a song recital by Luther King, distinguished American Negro tenor. For the most part the program was rather well done. Mr. King's stage presence was excellent and he sang with good control, good vocal range, and good vocal quality. His songs were easily understandable. However, it was very evident that his songs were not very great representations of a tenor voice which he brought in a beautiful and with perfect control. His voice lacked resonance giving it a hard quality which sometimes became slightly irritating. Another outstanding feature was his apparent inability to stay on pitch. At one time, a final note held for several seconds so that it was not intended to give the audience's ears. He does possess much volume. Perhaps that is one reason for the fact that he sang all of his numbers in exactly the same way. That is to say, his dramatic songs were delivered in exactly the same way as his negro spirituals.

A change of program in the first half of the evening was "With All Your Hearts" from the Elphab by Mendelssohn. This was a fortunate change, since the song was very well done and showed off some of Mr. King's best points. Probably the favorite of the audience was "Water Boy" by Robinson. This song was very well done but the first mentioned from the standpoint of putting the thing over. The last group of negro spirituals included "Give Way Jordan" and "Come And See." These songs were also very well done. The other spirituals were nothing to advertise about. But the songs "She Never Told Her Love" by Hayden, and "Le Reve De Des Orients" from Minnow by Massenet were the outstanding songs in his entire recital.

One shouldn't get the impression from this article that the singer was "not so hot," because that is an implication at all. Mr. King had a very pleasing voice, well controlled on his part passages, and his selection of means something. The singer of a song was good. All in all, the program was well done and to Mr. King should go a lot of credit. However,

LOCAL KAPPA PHI KAPPA CHAPTER TO NATIONAL CONCLAVE

Four students of S. I. N. U. Charles Duffin, James Seiler, Fred Craig, and Ralph McBride, representing the local Kappa Phi Chapter, were selected to attend the national convocation at the University of Wisconsin, held October 22, 23, and 24.

Mr. Seiler received special recognition by being elected a member of the National Conclave. He will also be an appointed chairman of the Publication Committee. The student delegates likewise received recognition by the following appointments: Charles Duffin, Nominations Committee; James Seiler, Resolutions Committee; Fred Craig, Alumni Committee; Ralph McBride, Executive Committee.

The Alpha Upsilon Chapter received high commendation in the report of the National Secretary. "Probably no chapter has a more active program nor a higher morale than the members of Alpha Upsilon," declared Mr. McBride.

Mr. Seiler also visited Lookout Mountain. The delegates received first information about the traditional Southern hospitality as they were luncheon and dinner guests of Birmingham Southern College as well as the Georgia Institute of Technology. MARoons THE MACOMB, 7-7, IN LAST 3 MINUTES

63 Yard Punt Return By "Fuzz" Hill Scores Touchdown

MACOMB SCORES ON BAD BREAK

Questionable Ruling On Punt Puts Ball In Position

STARTING LINEUP Southern Western L. E. Hughes L. T. Yuskus O. Smith (C) L. T. Schofield D. Deason L. G. C. Smith Southern C. C. Smith Eastern R. E. Henderson Quinlan R. B. Henderson North Q. B. H. Krausler Nevada T. H. McGintie Hill D. H. J. Krausler McGuire F. B. Kazanycki

On the ensuing kickoff, Bob Krausler, Leatherneck back, took the ball on his own 10 and ran it to the Maroon 20. Hill playing safety again saved the day by blocking the interference and tackling Krausler after a run of 70 yards. On the next down Art Heller again came through by intercepting a pass on the 17 checking the frenzied efforts of the Western eleven and giving Southern the opportunity to keep possession of the ball for the remaining minute of play.

The Western tally was scored on a break on the first play of the second quarter. Hill attempting to catch a punt on about the 8 yard stripe missed the ball completely letting it roll to the end yard where it was downed by a Maroon player. The referee ruled the ball to Western on the grounds that Hill had touched the ball in his effort to snag it. A line plunge by Stewart succeeded the needed yard while Henderson's place kick was good for the point.

The interesting play in the second and third quarters revealed only one threatening drive. In the last of the third stanza, Heller intercepted a pass on the Western 46 and ran it to the enemy 15 before he was downed. Two alternate plunges and passes by Nevada netted only three yards. The Leathernecks were penalized on the one yard line for holding but booted themselves out of the hole on the first called play. The Maroons made one of their first downs on the last three plays of the game when North quipped through the left side of the line three successive times for an advance of fourteen yards.

The four passes intercepted by Southern players were all intercepted by linemen: Southern at center, Hansen at guard, and both by Heller at end. The Southern crew was hampered by a three day practice lay-off and a firing trip lacked the usual zip and drive displayed in former games. Barring the donation of a seven point gift, the Maroon would have annexed another victory.

GYM TEAM GIVES EXHIBITION AT COLCONDA FRIDAY

The S. I. N. U. gym team put on an exhibition at Colconda, Friday night. The exhibition consisted of work on the parallel bars, side bars and vaulting. Although the rings were taken, the gym team was unable to use them, due to the fact that there were no steel bolts in the Colconda. High School auditorium that were accessible to use. The 18 men here were taken on this trip were not in the line of candidates as their work was not up to its regular standard. Among the group that made the trip were 38 undergraduates and 2 freshmen, Harold Black, Al

The following telegram was sent to the Leathernecks prior to the game: GOOD LUCK STOP DON'T BEAT MACANDREW OVER TWO TOUCHDOWNS OR HE WILL LOSE ALL HIS HAIR STOP

FROM THE GRIDDEN'S standpoint, Mac rolled a natural when he carried this season's schedule. The boys have rated three successive homecomings, including the dances, sans shekels.

This thing they danced to Joe "Bull" Clark's "Sinner" and "And Out only danced to him, but stayed in the same hotel with him. Several of the boys shot the bull at some length in Joe's room and received autographed photos from the left-handed maestro. Capt. Neumann and yours truly had just gotten in a taxicab bound for the dorms when a fellow who had been waiting some 15 minutes asked if he might go along. It turned out to be Joe "Himself" Sanders en route to the dance.

IF SOME WISCONSIN crowd has boys a heart throb for that G. ladies' man and appliance magnate letterman on the gym team, was very unfortunate in breaking a bone in his ankle Friday night. He will be unable to work out for about five or six weeks due to this injury.

A complete roster of this year's gym team, ranking from seniority on down is as follows: Seniors: Wilbur Rudland, James Gulley; Juniors: Vernon Hicks, Virgil Wheatley, Kenneth Piner, Frank Green, William Robertson, Harold Black; Sophomores: Fred Roberts, Gale Mosley, Jack Lett, Berle Folk, Joe Brown, Jimmie Finley; Freshmen: Robert Blateman, Conley Chanout, Harry Bissinger, Robert Colford, Max Davis, David DeJavert, Troy Dillion, Max Dawson, Bill Drayer, Art Edgerton, E. Gibbs, Bill Genova, Fred Heston, Elmer King, Louis Le Van, Joe McRobert, William Handke, Bill Shewmaker, Raymond Telford, Arthur Washington, Tom Wilbert Weitz, Alois Zolger, Dale Peters, Roy Rude, Bob McIntosh.

This group will be augmented by several others from the football squad and from the basketball team. Seventeen men from last year's squad have been lost to date, due to transfers, drops, and injuries, however, with a long practice season ahead, Coach DiGiovanna looks toward another outstanding squad.

Tornadoes occur, almost exclusively in the United States.

FOOTBALL SIDELIGHTS

BY PAUL GREEN Just as the Maroons were recovering from the injuries to Glen Deason and John Monahan, and the eligibility of "Big Bill" Brindley, another blow struck the Blue ridden squad "Bastler" Cade, who started his first college game Homecoming, sustained a serious abdominal injury which may prevent his seeing any more action this season. An intimate acquaintance of the "Bastler" told me that he (the Bastler) in a night's sleep, a man when his stomach began, raining him.

Dolph Southern is just too tough, McKendree's first string center, Schwartz is out to play for the season with a bad leg and his substitute, plump Sol Ernst is also through because of several broken ribs. Mac had better tell Dolph to ease up a little.

If Fuzz Hill's second touchdown against McKendree had not have been called back to a team-mate's off-side, the Fuzzy little captain would be undeniably in second place in the conference scoring race.

Henry Stump is still playing headless ball as the first of the current season this chunky boy did not even know which was the front or back of a hog and now he is one of the hardest fighters and best looking backs on the squad. With some experience this boy will show.

Perhaps apologies should be made for the broadcast of the Homecoming game by Boynton and Company. For instance, five or ten minutes after five Kreyes had shifted to the backfield, during which time he had carried the ball on a vigorous seven yards, the announcer said "Oh, I see where Bus Kreyes has moved in an inblack in place of North." Luckily, the wind carried most of the broadcast south so the poor Homecomers could not hear it. It might be noted that soon after the broadcast our school and its assistant had not yet come out of hiding. But "Grise bear with us."

"IRON MAN" JACQUE GUREG has announced to the glory of the Holy wood klieg lights, as well as his money—and will still remain as kind of the stocks, but in the form of names in the raw rather than as bats. In case the "Iron Man" member is surprised for that of Tarzan we lay considerable odds against his being rejected as a supreme chugger. In the bath of Hollywood's still sticks, the score is 139 in favor of the former.

SPEZIA WINS PING PONG TOURNAMENT BY DOWNING AIKEN

Joe Spezia defeated Keith Aiken to win the table tennis tournament Friday by the score of 2:11, 2:16, 1:21, 2:12. Spezia had previously defeated Heller, Kile and Phillips in his path to the finals while Aiken had knocked out Peter Peterson, Glodick, and Edwards in order to play in final round. Near the close of the second quarter, Al Weaver flanked plumped over from the one-yard-line without interference for the third score in the backfield. LIBRARY FINES NOW DUE TEN DAYS AFTER PENALTY IS INCURRED

At the meeting of the Faculty Library Committee last week it was decided that students owing library fines or penalties for lost books are expected to pay them within ten days after they are due. Because of carelessness on the part of a few students in the payment of library fines, the Committee recommended that if fines are not paid within ten days, students be excluded from classes until the fines are paid. Lists of the names of students who owe fines will be kept on file in the Library. Students who are not sure of their reports are clear may inquire at the loan desk.

Cape Girardeau, Mo. The Kirtz-Vi Teachers won their unprecedented straight conference football victory last Friday night defeating the Cape Girardeau Teachers, 59. A Cape minute in the second period, Dave Kankoville hit the ball on the Indiana yard line. A pass, Alexander to Cavannah, was good to the 20, and another heave, Alexander to Trustor took the ball to the two-yard line. Alexander bumped through center for the touchdown. The victory was the thirty-eighth out of 39 games in the last five years by Farm-out teams at Kankoville. Cape Girardeau has not won a game this season despite the fact that every tilt is a close-shorn hair fought game.

RAILROADS Welcome New Ideas Young people today should find much to their liking in the policies of management adopted by our modern railroads. Nothing is sacred merely because it is old. Policies are based solely upon the test-tube findings of current public usefulness and favor. Consider those evidences of railway experimentation: Reduced fares, faster and more convenient schedules, streamline trains, added comfort and beauty in passenger equipment, lower-priced meals, air-conditioning, free pillows for coach passengers, free pick-up and delivery of less-than-carload freight—such innovations bring lustor to the long-held railway advantages of safety, economy and dependability. The Illinois Central is especially proud of its Green Diamond, \$425,000 mile-a-minute streamline train recently placed in service. It has been called a rolling laboratory, in which will be worked out principles affecting the development of future passenger transportation, and it embodies the latest findings of science in a wide variety of fields. Favorably received, it gives every promise of fulfilling its chosen mission. This tends give proof of progress and confirm the skilled determination of railway management and personnel to keep in the very forefront of transportation. American railroads in such ways are daily justifying their kinship with the college and university world. REMINDER... Education today must keep in touch with the railroads. Fundamentals everybody ought to know are what the railroads know as carriers, engineers, tax-payers, purchasers, fields of investment and foundations of national defense. Educators especially should remember that the railroads keep 1,600,000 students in school; that railway bonds are the backbone of many an endowed institution; that the railroads today, in keeping with the spirit of the new education, are keeping ahead progressively to new goals.
