SIU 'Duty-Bound' to Clean Up Housing

By Ed Bomberger

SIU President Delyte W. Morris told the University Board of Trustees Friday that the University was "duty-bound to eliminate" substandard housing in Carbondale.

President Morris's remark was included in a general discussion about private housing on both the Carbondale and Edwardsville campuses.

Trustee Melvin C. Lockard, Mattoon, indicated he wanted to ensure against the possibility of slum housing being offered to Edwardsville students, too.

"Let's not let them start overcharging for basements and ratholes," Lockard said. "Let's hold the line for de-

cent housing. Apply the same housing rules at Edwardsville that we have at Carbondale.

"If you are going to progress to a real University from a commuter college, you need housing. Let's learn from our lessons at Carbondale," Lockard concluded.

Vice President for Business Affairs John Rendleman was asked to report on a study concerning the original proposal calling for lease-purchase agreements from private developers.

"We concluded we would be much better off with a revenue bond arrangement. The private developers would charge \$175 a month for family housing and we can provide it for \$115," Rendleman said.

Morris and Rendleman pointed out earlier that University dorms will bring private builders into the act.

A survey was cited that said the maximum use of the proposed housing would be assured with an enrollment set at 7,500 students at Edwardsville.

The board proposed the construction of residence facilities for 1,000 single students and 250 family units. The cost was estimated at \$10,530,000. It would be paid through revenue bonds issued by the board. Officials indicated this would be a non-tax deal.

In a brief prepared for the Higher Board, the SIU trustees said:

"The social, cultural, geographical and economic char-

acteristics of the Edwardsville area create a legitimate need for residential facilities at this campus."

There is no available public transportation in the Edwardsville area and "a commuter institution not serviced by public transportation does not represent equal educational opportunity."

Other specific arguments:

Enrollment growth at Edwardsville has been hindered by a lack of housing. Of 4,500 high school seniors polled within eight miles of the campus, 77 per cent said they would prefer to "live away from home" at college.

Madison and St. Clair Counties alone account for nearly

75 per cent of Edwardsville Campus enrollment. Housing would enable SIU to serve more than these two counties.

Few area homeowners indicate "a willingness to provide rooming space for students regardless of race, creed, or color."

Few types of student housing are available in the Edwardsville area.

Housing would be designed for future student populations more heavily weighted with upperclassmen and graduate students, a trend resulting from the development of junior colleges.

The board said no increase in student fees would be required and no special fees would be assessed in order to finance construction.

Housing Officials Inspect Apartment, Withdraw Approval

By George M. Killenberg

SIU's off-campus housing office has withdrawn approval of a slum-condition apartment building it had previously found acceptable for students.

Housing officials revoked their approval following an inspection of the building yesterday.

New International Study Program To Be Organized

Formation of a new study program to be known as the International Educational Program (Interkul) has been announced by Paul Morrill, administrative assistant to President Delyte W. Morris.

The organizational meeting for Interkul will be at 7 p.m. Monday in Morris Library Auditorium. The new program will begin winter quarter.

A group of 75-125 sophomore students will be invited to participate. All interested students are encouraged to attend the organizational meeting, Morrill said.

At the meeting Robert MacVicar, vice-president for academic affairs, Morrill, and others who will teach in the program will outline plans which include special courses in international education, a speaker series, and summer trips to countries outside the western world.

In discussing the need and purpose of Interkul, MacVicar said, "The University is heavily engaged in overseas projects at the faculty and graduate student level, helping the emerging nations solve their educational problems."

"An undergraduate program at the Carbondale campus is an obvious expansion of the international dimension of the University, a necessity for awareness of non-western ideas and cultures on the part of all educated people."

Courses planned for winter quarter include cultural anthropology and geography in general lectures and seminars emphasizing non-western life.

The inspection was made in the wake of a Daily Egyptian article which reported that the run-down dwelling violated the city housing code on several counts.

The apartment building, located at 718 South University, is currently available to graduate and married students, according to Dean of Students Wilbur Moulton.

Moulton, who supervises the off-campus housing operation, said the building will remain off limits to undergraduate students, until the owner, Carbondale attorney John Lannin, corrects certain deficiencies.

Moulton said the new inspection tour found defects in electrical wiring and the heating system, two of the 10 violations of the housing code discovered by city building inspectors when they checked the premises two years ago.

When asked how the University's housing inspector had missed the code violations on the first check of the building conducted six months earlier, Moulton said that when the building was inspected it had been done on a "hurry-up" basis, by someone who was not a regular member of the housing staff.

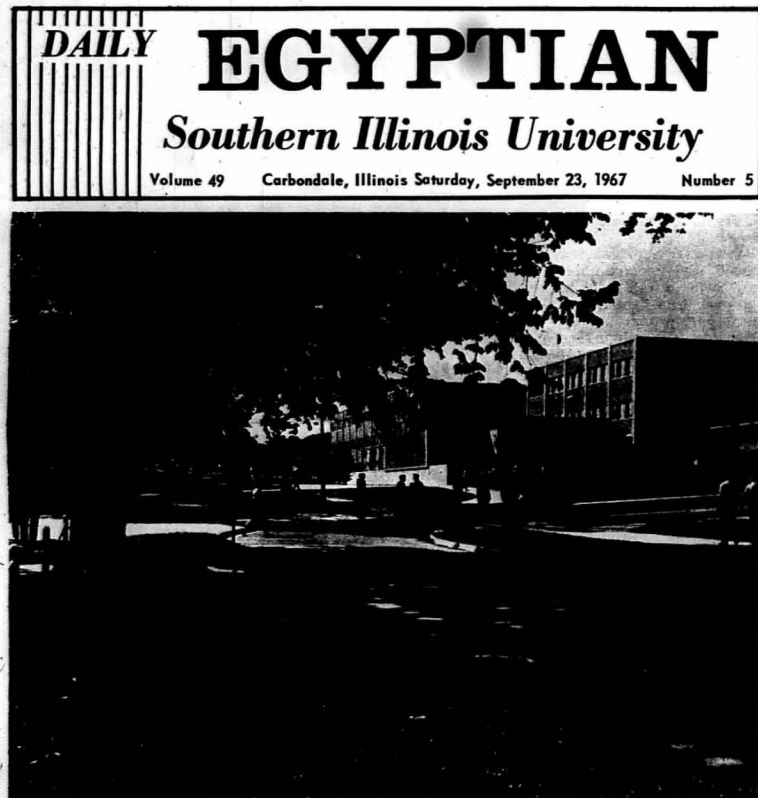

"Our people are not qualified inspectors when it comes to code violations," Moulton said, "and we are dependent upon city officials for assistance in these matters."

(Continued on Page 8)

Gus Bode

Gus says it looks as if our only hope is to get the Sectioning Center declared a disaster area.

THE STREET THAT USED TO BE—Returning students expecting to cross Grand Avenue between the General Classroom building and Wham Education building, above center, were in for a surprise. Grand has been terminated at the

University School, and the former street obliterated beyond that point. Grass, trees, and other plantings beautify the area now rendered safe for pedestrians.

'No Sheep Dogs Here'

Dorm Manager Nixes Long Hair

By John Durbin

Stevenson Arms dormitory manager William Giles is standing firm; his men "will not be allowed to run around looking like sheep dogs."

Giles' statement followed a complaint by Stephen Goldberg who was told he was wearing his hair in an

"unacceptable" fashion. Goldberg, who lived at the dorm during the summer, was told if he did not get a haircut he would not be allowed to return to Stevenson Arms for the fall session.

According to Giles, it is necessary for all residents to have "a proper hair cut" as outlined in the application,

"A proper hair cut can be either the collegian, continental, professional, or Princeton, crew cut or flat top variety," Giles said.

Goldberg's contention is, "Who decides when it is necessary for a person to get a haircut?" Giles answered, "We do. We are a private dormitory that conforms to the school's housing policy and these are our regulations."

Goldberg, 18, filed an official complaint with the newly organized Student Rights Defense Council. He claimed that he was nearly refused admission to the dorm for fall quarter because the application says no long hair.

Blumenthal Named Rights Group Head

Student Senator Al Blumenthal, West Side Dormitories, had been named chairman of a Students Rights Defense Council which was established this week by Student Body President Ray Lenzi.

The council has staffed Room E of University Center to hear student complaints

concerning personal problems arising from University rules.

Members of student government are serving as councilors.

This group will handle problems previously handled by individual student senators, Blumenthal said.

Trustees OK \$9.7 Million Life Science Building

A lengthy agenda approved by the SIU Board of Trustees Friday ranged from ratification of present policy about the use of University property for meetings to accepting bids on a number of construction projects.

The low bid of \$9,777,700 from J.L. Simmons Inc., was accepted for the Life Science building at the Carbondale campus. The board recommended that the Illinois Building Authority award the contract to the Simmons firm.

It will house research laboratories and offices in microbiology, physiology, botany, zoology and psychology. The structure will be an addition to the existing Life Sciences building.

Bids were accepted for the construction of a television transmitting station at Olney. It will operate on UHF Channel 16 and will serve as a satellite of WSIU-TV in Carbondale. The contracts for the project totaled \$141,726.

Board member Dr. Martin V. Brown of Carbondale voted against a proposed parking garage study for the Edwardsville campus. He said there "were other things that are more important."

"We're the biggest University in the world without a golf course and now we are going to build a covered garage," Dr. Brown said. The study was approved, however.

The parking garage would be located near the Edwardsville Communications Building. Financing would be with revenue bonds. Capacity was set at from 500 to 600 cars. Bids submitted for construction of a water pump station at the Edwardsville campus was rejected as "too high." In other action, the board:

--Approved a \$449,915 contract with Bituminous Fuel and

Symphony Slates First Rehearsal

The Southern Illinois symphony will hold its first rehearsal at 7:15 p.m. Tuesday in building T-36.

According to Herbert Levinson, conductor, there are openings for people in the university community who play string instruments. Those interested in joining the symphony should contact Levinson or report to the rehearsal.

Oil Co., Collinsville, for parking lot extensions at the Edwardsville campus. The two new lots will accommodate 1,177 cars, boosting total parking spaces at Edwardsville to 3,294.

--Assigned an architectural planning contract for completion of the upper interior of Morris Library to the Illinois Building Authority. The construction project, under IBA funding, is expected to begin next year. The University earlier entered a contract with Burnham and Hammond, Inc. of Chicago in order to start planning.

--Awarded a \$47,500 contract J&L Robinson Development and Construction Co. of Carbondale for a steam tunnel extension at the Carbondale Campus between Wham Education Building and the General Classroom Building.

A resolution was passed regarding the use of University facilities for scheduled meetings, including political events.

Before the voting, Brown asked what University officials would do if a W.E.B. Dubois club--cited as an example--wanted to pack the ballroom of the university center.

President Delyte W. Morris said such things were "self-corrective." He said "if a recognized group wants a speaker, the University usually endorses it." He said a small room attracts a large crowd while the gathering might be smaller in a large auditorium.

The resolution says primary use of all University

facilities are to fit the basic role of instruction and research but it also recognizes the need of service to the public.

The resolution offers free use of facilities for one meeting each on the national, state and county levels "for any political party listed on the current state ballot."

A review committee is to be established on each campus to help solve scheduling conflicts.

An operating budget of \$70,427,322 for the first year of the current biennium was approved. It is \$9,962,653 larger than the internal budget for the 66-67 fiscal year.

President Morris said the increase would provide for increased enrollments, salary adjustments, costs of operation and the maintenance of new buildings.

Anticipated operating income for the year was shown as \$49,854,830 from legislative appropriation and tuition charges; \$10,685,891 from operation of auxiliary enterprises such as residence halls, and \$9,895,000 in restricted accounts, including \$747,000 in student activity fees.

Personal services will account for approximately 75 per cent of the state-appropriated funds, the same ratio as in past years.

Budget allocations for 1967-68 were approved by the board to include: Educational and general expenses \$58,386,075; Auxiliary Enterprises, \$10,652,492; University Student Activities, \$772,000; and Student Aid (scholar-

ships, grants, fees and fellowships), \$616,755.

The board ratified the early admissions policy for "high-ranking" high school students on a commuter basis and expressed concern for the junior college system.

Board Member Ivan A. Elliott of Carmi questioned the standards of many junior colleges. He suggested that SIU offer assistance, and guidance for new junior colleges. Morris said "we don't want to appear directive."

PARTLY HIPPIE—One of the stranger sights on campus during the week was this group of girls carrying parts of a hippie-dressed manikin to be assembled in one of their rooms. Lois Feinberg, far right, got the dummy from Chicago

where she worked last summer in a store. Others helping in the reassembly are, from left, Jean Lutes, Suzy Ryan and Jan Thompson. All are sophomores.

WSIU-TV Reaches St. Louis

WSIU-TV has more power than the St. Louis stations with 316 kilowatts of maximum power, according to David B. Rochelle, instructor at the SIU broadcasting service.

Business Test Forms Available

Registration forms for the Admission Test for Graduate Study in Business are now available at the School of Business and the Counseling and Testing Center. The national test required by about 170 Business schools throughout the country.

It will be administered on Nov. 4, Feb. 3, April 6, July 13 and Aug. 10. This test is required for entrance to the Master's of Business Administration at SIU.

The Registration forms and bulletin should be obtained at least six weeks prior to taking the test.

Dental Aptitude Test Set Oct. 7

Monday is the registration deadline for those interested in taking the Dental Aptitude Test to be given Oct. 7, according to Harley Bradshaw, psychometrist in Counseling and Testing.

Rochelle said the WSIU transmitters are located in Tamaroa, about 30 miles north of Carbondale. Transmitters for St. Louis stations are located on the other side of the city which makes their stations farther away from Carbondale than WSIU is to the metropolitan area.

Many St. Louis residents are able to pick up the late movies on WSIU-TV and seem to enjoy the commercial-free late movies.

Carbondale residents are not so lucky. They are unable to receive the St. Louis broadcasts.

Matthais to Serve As New Principal

William Matthais has replaced Roger Robinson as principal of University School.

Since Matthais received his Ph. D. from the University of Illinois, he has been the principal of several elementary schools including one at his position as principal Oak Park, Ill.

Robinson is being reassigned in the College of Education, according to Dean Elmer J. Clark.

Graduate Students To Check Texts With Instructors

Graduate students should check with instructors to see what books are to be used in current classes before attempting to purchase textbooks, according to Henry T. Stroman, bookstore manager of Textbook Rental Service.

In the past, graduate students purchased books listed to be used and often found that the instructor did not require them all, Stroman said. Since students will now be checking with the instructors before buying books, this procedure should eliminate the large number of refunds, he said.

Big Bison Skull Found

The largest known fossilized skull of a bison found in the U.S. was located in South Dakota by Irvin M. Peithmann, former Southern Illinois University curator of archeology.

ENGINEERING DEPARTMENT

Board of Trustees Approves New Faculty

More than 60 names were added to the faculty rolls at SIU yesterday when the Board of Trustees approved the personnel section of the agenda. Most of the new faculty members were in the lower

academic ranks and were replacements for resigned members or to strengthen departments in which advance registrations indicated increased loads. Classes started Thursday for the fall quar-

ter at both the Edwardsville and Carbondale campuses. New students will be accepted throughout next week, however.

Dale Kimberly Moore was added to the Edwardsville campus faculty as professor in the Fine Arts Division. A soloist with several Ohio symphony orchestras, he has been an associate professor at the College of Wooster.

Two visiting professors will join the faculty at the Carbondale campus. Ram Prasad Rajbakhsh will serve as professor of economics during the school year. He received the Ph. D. degree from Patna University, India, and has taught at TriChandra College.

Robert M. Herrick will serve as visiting professor of psychology for the academic year. A Ph. D. from Columbia University, he has been employed as a psychologist at the Naval Air Development Center.

In other action the Board voted to permit qualified high school seniors to enroll for college courses.

The plan would give "exceptionally capable" high school students assurance of early admission to SIU while they are still in high school. It was adopted by the Board as an extension of existing university policies controlling the admission of new students.

Policies now in effect limit fall term enrollment to stu-

dents in the upper half of their graduating classes. Lower-ranking students may enroll during later quarters of the school year.

Qualifications for the early admission will be senior class high school standing, a recommendation by the high school principal and approval by the SIU Director of Admissions.

Consideration will be given to such things as class rank, test results, and teacher's evaluations.

Orders for Obelisk Available in Center

Obelisk yearbook sales were expected to reach 4,000 as of noon today, according to Donald Hileman, faculty adviser of Alpha Delta Sigma, service fraternity conducting the sales campaign.

Total sales reached 3,700 at the end of the sales period Thursday. Yearbooks will be sold until noon today at the textbook rental department in

the basement of the Morris Library.

Yearbooks may be purchased beginning Monday in Room H of the University Center building. Sale hours will be from 9 a.m. until 5 p.m. Monday through Friday and 9 a.m. until noon on Saturday.

Oct. 14 will be the last day that yearbooks may be purchased. They sell for \$2 per copy with the balance of the cost of the book being paid for out of the students' activity fees.

Sales will be conducted on Wednesday Oct. 4 during the lunch hours at Trueblood Hall, Woody Hall and Thompson Point Hall cafeterias. They will also be sold at VTI on Oct. 14 from 11 a.m. until 1 p.m.

Hileman expects the drive to sell an additional 3,000 books before the sale closes.

Chemistry Department Gets Research Grant

A \$5,000 award from the Toni Company, Chicago, has been granted to the Department of Chemistry.

Cal Y. Meyers, associate professor of chemistry, will support a graduate research student with the funds.

Relations Group Schedules Meeting

The International Relations Club will meet at 7:30 p.m. Tuesday in Morris Library Auditorium.

A social hour in the Library Lounge will follow the meeting.

Active membership is open to all SIU students, and associate membership is available to faculty and other interested persons.

Lieut. General Sir John Glubb, a noted British authority on Arab affairs, will address the group October 10.

Newcomers Club

Plans Activities

For Fall Term

The SIU Newcomers Club has opened its 1967-68 year of activities with a series of weekly coffee klatsches at members' homes.

The Club, for wives of new SIU faculty members, will hold a family picnic Oct. 15 at Giant City State Park and will meet for an evening mixer Nov. 9 at the Carbondale Savings and Loan Assn. building. The Newcomers' major event of the fall season, the annual Holiday Ball, is scheduled for Dec. 16 at the University Center.

The organization is a subsidiary of the University Women's Club. Faculty wives are eligible for membership during their husbands' first two years at SIU.

Mrs. Edward Murphy is president and Mrs. Thomas Shea is vice president for the coming year. Other officers include Mrs. Jerry Crittenden, treasurer; Mrs. D.L. Guemple, secretary; and Mrs. Azile Winn, membership chairman.

Advisement

Appointments Due

Appointments for winter quarter advisement for students in the School of Communications begins Thursday. Seniors are scheduled to register for appointments Friday.

Anyone may make appointments after the two designated days for upperclassmen.

Lantz to Study Polish Sociology

Herman Lantz, professor of sociology at SIU, has been selected by the Polish Academy of Sciences to serve as a visiting scientist in that country during the coming month.

Lantz will study developments in Polish sociology, lecture on the status of sociological studies in the U.S., and confer with Polish scholars on possible American visits.

He will leave Friday and plans to be based at the University of Warsaw. Following his stay in Poland he will conduct sociology seminars in Ireland, Great Britain, Sweden and the Netherlands.

Winston-Salem Exchange Coeds Here

Five coeds from Winston-Salem State College will spend one year on the SIU campus as exchange students.

The five junior students comprise a part of the exchange program which has been operating for the past three years. The program has

included students, faculty members, administrators and campus organizations and is financed in part by federal funds.

Those on campus for the year of study are Barbara K. Hassell, Sneads Ferry, N.C.; Loretta Proctor, Summit, N.J.; Mrs. Clay Hines Knight, Scotland Neck, N.C.; Barbara L. Seamon, High Point, N.C. and Barbara Bass, Durham, N.C.

Miss Proctor is a biology major and the others are elementary education majors.

Former Instructor Named President

A former SIU professor of speech has been named president of Ball State University at Muncie, Ind.

John J. Pruis, now vice president for administration and professor of speech at Western Michigan University at Kalamazoo, will succeed John R. Emens July 4, 1968, the Ball State board of trustees has announced.

Twins Down Yanks With 13-Hit Attack

MINNEAPOLIS-ST. PAUL (AP)—Minnesota battered old nemesis Mel Stottlemyre for 10 hits and seven runs in six innings, then rode the seven hit pitching of Jim Kaat to a 8-2 victory over the New York Yankees Friday.

For the third straight day, the Twins posted a daytime victory to break a first-place tie and move one-half game ahead of Boston pending the Red Sox' night action.

Harriers Face De Paul Today

The SIU cross-country team, with Jeff Duxbury ready to run, will face DePaul University today at Chicago's Lincoln Park, seeking their first win of the season.

Coach Lew Hartzog is very optimistic about the team's chances against DePaul because of the return of Duxbury, who was out with an inflamed achilles tendon.

The Salukis are led by Oscar Moore, who finished first last Saturday against Miami of Ohio. He should be in top form. Moore ran the four-mile track in 19:23.5. Against DePaul, the SIU team will run a five-mile course.

Southern tied DePaul last year in a home meet.

Favored Hanover Ill

DELAWARE, Brown Jug (AP)—The racing classic for 3-year-old pacers was marred by the illness of heavily favored Romulus Hanover, who had to be pulled from the third heat after it was discovered the fabulous colt was running a temperature of 104 degrees.

Flag Football Officials Needed in Fall Games

Officials are needed for the flag football games this fall. Rule interpretation meetings for the officials will be held at 4:15 p.m. on Tuesday, Wednesday and Thursday in the Arena.

In order to officiate, a student must pass an exam covering the rules and mechanics of officiating.

The games will be played on weekdays at 4:30 p.m. and Saturday and Sunday from 1:30 to 5 p.m.

Boston played a double-header Friday night at Baltimore, with a chance to take over the American League lead by sweeping. If the Red Sox split or lost both games, however, Minnesota would remain in undisputed possession of first.

Third-place Chicago, one game behind starting the day's play, had a single game at Cleveland while fourth-place Detroit, 1 1/2 games back before the Twins won, played a doubleheader at Washington Friday night.

Cesar Tovar and Zoilo Versalles led the Twins 13-hit assault on Stottlemyre and Joe Verbanic.

Tovar hit solo home runs in the fifth and eighth innings, giving him six for the season, and added a single. Versalles stroked his sixth homer with the bases empty in the sixth and added a double and single.

Rod Carew drove in two runs with a single during a four-run Minnesota fifth inning that wrapped it up at 6-0.

Stottlemyre, 14-14, had beaten the Twins seven straight times since April 1965, including two decisions over them this season.

Kaat, now 15-13, posted his sixth straight victory, in September.

Louisville Cards Next in Line for Saluki Gridders

By Charles Springer

SIU's gridgers are faced with the unenviable task of stopping a living legend when they meet a powerful University of Louisville team at Louisville in an 8 p.m. encounter tonight.

The Cardinals have the highest scorer in the history

of Kentucky high school football in a fleet-footed halfback named Herbie Phelps. The most touted gridder to ever enroll at UL, the compact 5-9, 180-pounder broke all state records with a total of 292 points as a junior while attending Old Kentucky Home High near Bardstown, then topped it with 313 as a senior. A two-time All-American in

high school, the speedy sophomore is deceptively quick, does the 40 in 4.8, and has an uncanny sense of balance, often managing to stay on his feet after getting hit. He gained a total of 2,833 yards rushing during his senior year and set another scoring record of 68 points for one game.

The versatile Phelps alternates between halfback, flanker back and quarterback. He throws, receives and is a constant breakaway threat as a runner.

In his initial game in Louisville's 46-7 conquest of Drake last week, he scored twice in the seven times he carried the ball while averaging 6.9 yards per try.

Phelps originally chose the University of Alabama over 94 other colleges seeking his services. During his sophomore year there, he was running as the No. 2 halfback before being sidelined for a

hernia operation. Transferring to UL in January '66, he sat out last season under an MVC transfer rule.

SIU coach Dick Towers is well-aware of Phelps' running ability:

"The films indicated he was a fine runner even though Louisville had the ball in the air most of the time against Drake. We'll probably sweep a lot in an attempt to stop him."

The Saluki mentor is also concerned about a running mate at fullback-Wayne Patrick, a 6-1, 225-pound senior. He carried the ball 14 times in the last game for 68 yards averaging 5.0 per carry.

"With Patrick on the inside and Phelps on the outside," said Towers, "they have about as strong a running attack as they have passing."

"They threw for more than 290 yards and accomplished over 440 yards combined

offensively last week," he added. "They'll give our defense a real test. Our best bet will be to take the ball and hold on to it."

Towers expressed disappointment in a syndicated poll prediction making the Salukis 40-point underdogs.

"We think we're a little better than that," he said. "There's not too much chance of UL being over-confident since we've beaten them in recent years and gave them a good contest last season."

Towers expects to field the following starting offensive lineup: John Ference, left end; Richard Joyce, left guard; Mike Barry, center; Bill Sanders, right guard; Isaac Brigham, right tackle; Bob Huds-peth, outside tackle; Tom Massey, split end; Barry Stine, quarterback; Charles Pemberton, left half; Doug Hollinger, fullback; and, Roger Kuba, right halfback.

Housing Officials Withdraw Slum Apartment's Approval

(Continued from page 1)

The dean explained that the Carbondale housing and zoning department regularly furnishes the SIU housing office with a list of living quarters found to be in violation of city building codes. Moulton said the apartment building in question was not on the city list of code violators when University approval was granted September 6.

Thomas A. Easterly, Carbondale building and zoning administrator, said the dwelling was not on the city's list, because his department informs the University only of violations in off-campus dormitories and rooming houses, not apartment buildings.

Edwardsville Athletics Discussed by Board

The SIU Board of Trustees Friday discussed the possibility of the Edwardsville campus participating in the future in athletics on an inter-collegiate bases.

No decision was reached. The proposal will be taken up later.
