## Plan 3rd Conference On Budgetary Request

Governor Stratton agreed Tuesday to add \$1,562,800 to SIU's original appropriation of \$10,314,026, according to John S. Rendleman, legal counsel to President Morris.

"Whether or not the amount will officially be added to the original appropriation will be determined at a meeting Thursday," said Rendleman.

The new request will go for academic and non-academic personnel services.

President Delyte W. Morris, John Page Wham, Centralis, president of the SIU board, and Sen. R. C. Criswell of Mississippi Tuesday talked the budget problems over with Stratton who promised to make a "line by line" examination of the proposals.

In his budget message, Stratton asked \$11,014,625 for operating expenses at Southern. This is a \$2,265,725 increase over the 1954-55 appropriation, but about \$5 million less than the school's request.

The Joint Council on Higher Education has endorsed SIU's plea for more funds. Composed of presidents and representatives of the state-supported schools, the group has said in effect that Southern's monetary needs are worse than their own.

In addition to the amount asked for operating expenses, the school also asked \$36 million for new buildings and other capital improvements. The governor proposed \$6,265,000.

President Morris has said the proposed budget would force Southern to curtail enrollment, deny general salary increases, or operate with an inadequate staff.

### Faced With Eviction Sororities House-Hunt

Two sororities, Pi Kappa Sigma and Delta Zeta, will have to move from their houses this summer because their leases have expired. Neither has a place to go.

Delta Zeta has no prospects for a house to lease, says president Pat Priest. The Pi Kappas have a few houses under consideration to lease or buy, "but no choice has been made," said Margaret Ritchie, president.

Delta Zeta moved into its house at 707 S. University in September, 1953. Pi Kappa Sigma has had its house at 806 S. University 14 years.

### 500 Courses For Summer

More than 500 courses, including eight workshops and two field courses, will be offered during the eight-week summer session beginning June 20.

Sociology students taking 244 and 422 will spend the first two weeks on the campus then will go on a field camp trip to the Cahokia River in southeastern Illinois. Trips will also be made in Indiana and Kentucky.

Students in Geography 450 will take a field trip through North Central United States and South Central Canada.

There will also be field trips in art, education, foreign language and guidance and special education. Advance registration will be April 11 through May 28. Students may also register June 20.

Summer session, with class days, close August 12. Final examinations will be held August 11 and 12, and commencement August 12, according to University officials.

Minnie Brooks, costumer, (center) makes a last-minute alteration in Sandra Parker's skirt prior to going on stage, while Chester Brown (right) does his own final preparations. Sandra and Chester are in "The Red Velvet Coat" which will play tonight and tomorrow night. The play begins its run last night.

### 'Ugly Man' Entries Due Today; 7 Applications In

Today at 4 p. m. is the deadline for entering the Ugly Man Contest, according to Wilbert Spover, APO committee chairman. Entries may be left at the Student Union desk.

Any girls' organization, sorority, living groups or clubs may sponsor a man. Each entry must include three humorous photographs of the contestant.

Voting will be at a display of the pictures next week in the Student Union for a penny a vote. Winning contestant will receive a trophy, the sponsoring girls' organization a plaque at the Spring Festival Vaudeville Show.

Entered at Espirito modeling time were: Steve Zebos, 6'5", 230 lbs., physical ed. major, sponsored by Delta Sigma Epsilon. Zebos is a blue-eyed blond.

### New Dorm For Women In Fall

A new brick dormitory, which will house 68 girls, is going up at 314 South University. The building should be completed by Aug. 15 and will be open for fall term, according to William Al. Roze of the Housing Office.

The University will not operate the dormitory but Paul Barrett, the owner, is working in cooperation with university officials.

The building will be similar to Woods Hall with a reception room and lounge. Rent will be the same, \$60 a month, but lines will not be furnished.

### Aquettes Swim For Cancer Fund

The Aquettes, SIU's synchronized swimming club, will give the proceeds of the first performance "South-Bound" to the cancer fund.

The show will be given Wednesday, April 27, Thursday, April 28, and Saturday, April 30, in the pool at the University School.

All tickets for Wednesday night will be 50 cents, and student activities cards will be honored for the same.

Tickets may be secured in advance from the Woman's Physical Education department from Monday through Friday.

### 1956 Obelisk Senior Picture Schedule Told

Senior pictures for the 1956 Obelisk will be taken April 25 through May 7 at Nauman Studios, according to Don Hargus, editor.

Students who should have pictures taken during this schedule include: All juniors this year who do not plan to drop out of school or transfer to another school next year.

Anyone who will graduate in 1956, at either spring or summer commencements.

Anyone who will complete University work by winter term, 1956, even though he may not receive his degree until 1957 commencement.

This early photo schedule is necessary because school will be starting two weeks later than usual, Hargus said. Underclass pictures will be taken at the beginning of fall term.

Girls will not be photographed in dresses this year; men will be required to wear suits, a and ties, Hargus said.

The price will be the same as last year, \$1.75 payable at the time the picture is taken.

"Anyone who wants his picture in the senior section of next year's Obelisk, will have to have it taken this spring," Hargus said. "No senior pictures will be taken during fall term, there will be no exceptions made to this rule."

### Cameramen At Convention

Four members of the local chapter of Kappa Alpha Mu, national honorary photo-journalism fraternity, are now attending its 10th annual convention at Michigan State University.

Don Phillips, local chapter president; George Bliss, Ken Davis and Joseph Shekler are at the convention, which began yesterday and ends today.

The program consists of "election of national officers and award presentations to winners of a Kappa Alpha Mu national photo contest," said Phillips Wednesday.

### Vaudeville To Give 2 Shows Friday Night

Twenty-six acts are entered in the Vaudeville Show of the Spring Festival next Friday night. Two different hour-and-a-half shows will be given at 7 and 9 p. m.

Entered in the individual competition are Carl Holman, Four Sophomores, Barbara Channess and Joyce Weber, Mary Jane Chaney, Lloyd Cox, Jo Ann Amati, Jerry Miller, Quartet, Pat Cook, Jo McIntire, Pi Kappa Sigma Four Country Cousins and Chester Brown.

Group competitors are Woody Hall Silakettes, Phi Kappa Tau, Anthony Hall, Delta Zeta, Les Casa Mammas, Kappaloes, Delta Epsilon Chi, Sigma Sigma, Sigma Theta Xi, Sigma Pi, Epsilon Tau Sigma, Johnson Hall, Gymnastics Team, Delta Sigma Epsilon and Woody Hall.

Workers pour asphalt for a sidewalk bordering the Egyptian office and leading to the Office of Student Affairs. Another step was made in the campus beautification program, not to mention that it will help relieve the mud and standing water problem.

### Thefts From Cafeteria Prove Costly

Stolen articles that "walk out the front door" of the SIU cafeteria amount to \$60 a month, according to F. L. Schrodt, director of foods in the cafeteria and Student Union and at Southern Acres.

Cups, saucers, glasses, spoons, knives and forks are the "most popular" items that have been found missing by Schrodt since he came to Southern in September.

"There is a terrific loss of silverware, especially spoons. And 37 small bowls, costing 45 cents each, were lost in one week," he said.

"One consolation is the warm weather. When people don't wear coats, we don't seem to lose so much."

Schrodt told of visit to an apartment in Southern Acres. "I counted about eight of our cups and saucers there."

Loss by theft in the Student Union is almost nothing because of the paper cups and wooden spoons used there, Schrodt said.

"We absolutely can't afford the loss of cafeteria articles and we are going to start cracking down on all thefts," he said.

The Baptist Foundation Cafeteria "doesn't seem to be losing anything," reported Mrs. Esther Kelly, cook.

### Area Editors Meet Here Today

The spring meeting of the Southern Illinois Editorial Association will be at SIU today and at Four City State Park Lodge tomorrow.

A banquet will follow the Friday night meeting.

Ken Mollman, John Glanzner and Jerry Mahlandt are in charge.

### Peithman Talk Part Of Science Fair Here

An illustrated lecture on area archaeology by Irvin Peithman and exhibits on display in SIU's men and women's gymnasium will be part of the Junior Academy of Science fair tomorrow.

Peithman, SIU's museum curator of archaeology and author of "Echoes of the Red Man," will speak tomorrow in U. School.

One hundred exhibits by 15 Southern Illinois High School students were submitted and the entries that receive first or superior ratings will be eligible for the state science fair at U. School May 9-7.

Entry divisions are geology, physics, radio, weather, Zoology, newsletters, mathematics, general Biology, astronomy, chemistry, Botany, astronomy, aerobatics.

For co-chairmen are Clyde M. Brown, U. School faculty, and Dr. J. R. Kamp, University of Illinois floriculturist, will be visiting instructors for a Flower Show School May 11-13 in the University School Auditorium.

### Concert Series For Coming Year Planned

The Robert Shaw Choral, the Philharmonic Piano Quartet, Metropolitan Opera Company Metropolitan George London, cellist Leonard Rose and the dance team of Ruthanna Baris and Frank Hohl will appear here in next year's Community Concert series, Dr. Robert Fauser, English professor, announces.

The Robert Shaw Choral — "one of the most admired vocal groups in the United States," Dr. Fauser says — will feature a choruses, an orchestra and soloists.

The Philharmonic quartet features four grand pianos played at the same time. The Baris-Hohl team performs both classical and modern dances.

Dates for the performances have not yet been set, according to Dr. Fauser.

### Flower Show School Slated For May 11-13

Mrs. Ruth Kistner, Glenda N. Y., writer, lecturer, and flower arranger, and Dr. J. R. Kamp, University of Illinois floriculturist, will be visiting instructors for a Flower Show School May 11-13 in the University School Auditorium.

### Hodding Carter Next Lovejoy Lecturer

Hodding Carter, editor and publisher of the Greenville, Miss., Delta Democrat-Times and Pulitzer prize winner for editorial writing in 1946, is to be this year's second Elijah P. Lovejoy Lecturer in Journalism, according to Dr. Howard R. Long, Journalism Department chairman.

Carter will be on campus May 11-13. He will speak at the Freshman Convocation and at the Journalism Day Dinner May 12. During the rest of his three-day visit he will speak to Journalism classes and hold conferences with individual students.

He will be the guest of honor at an all-campus reception in the Woody Hall Lounge from 4 to 5 p. m. May 11. The reception will be open to anyone interested in meeting him.

Carter will be the third Lovejoy lecturer since the program was established last year. His predecessors were Douglas B. Cornell, Associated Press, and Houston, Texas, weekly newspaper publisher from Littleton, Colo.

### Alpha Kappa's To Have Regional Meet Here Today

Some 150-175 Alpha Kappa Phi chapters are expected at SIU for their Central Regional Conference today and tomorrow, according to Lola Cain, co-chairman of the conference and president of the local chapter of the sorority.

Maude Mann, director of the Central Region, will speak. National officers, who will be present, are Arnetta G. Wallace, Supreme Basileus; Evelyn H. Roberts, Supreme Grammatice; and Carrie B. Preston, Executive Secretary.

Registration begins at 2 p. m. in the Student Union. Workshop sessions will be at 4 and 8 p. m. in the Studio Theatre. Constitutional revision and other business will be considered at general assemblies tomorrow in the Southern Playhouse. There will be a luncheon at noon in the cafeteria, and a banquet tomorrow night followed by a dance in the Student Union.

Thelma Walker of the Carbondale graduate chapter is co-chairman with Miss Cim, and Barbara Miles is secretary for the conference.

Dr. Kamp has been on the teaching and directing research at the University of Illinois the last 10 years. He teaches courses in plant propagation and garden flowers.

Mrs. W. M. Gersbacher, Carbondale, is local chairman and Mrs. Jesse W. Harris, Carbondale, is in charge of enrollment.

### Parking Lot Near Completion

A gravel-surfaced parking lot which will hold 120 automobiles will be ready for occupancy next week if the good weather continues, according to John Loneragan, SIU landscape architect.

The lot will be located between the Girl's Hockey Field and Thompson St., and between the Art Barn and the south side of the Audio Visual Aids barracks.

Entrance will be on Thompson St. and on the Physical Plant road.

Work began about a month ago, but progress has been slow because of the rainy weather, according to Loneragan.

### Cancer Drive Nets \$1,156

The people of Carbondale struck back at cancer Saturday by contributing \$1,156.46 during the nine-hour campaign at Main and University in Carbondale.

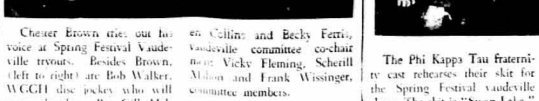

A group of 50 girls of the community donated their time in order to help make the drive a big success.

In appreciation of their services, the girls were entertained at a dinner at University Drive by the cancer drive committee, Kenneth Parrish of New Era Dairy, William Winstead of Kingsley, and Francis Phillips and Frank Bridges, both of the SIU faculty staff.

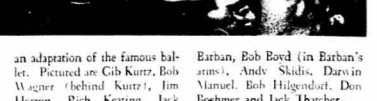

Also donating their services were the Coca-Cola Co., who distributed free colas, and the New Era Dairy, who did likewise with ice cream.

### Rec Meet Cancelled

The Southern Illinois Recreation meeting scheduled for tomorrow has been cancelled.

Chester Brown tries out his voice at Spring Festival Vaudeville tryouts. Besides Brown, (left to right) are Bob Walker, WGH disc jockey who will emcee the show, Bog Gill, Helton Collins and Becky Ferris, Vaudeville entertainment co-chair with Vicky Fleming, Scheill Milton and Frank Wissingler, committee members.

The Phi Kappa Tau fraternity cast rehearses their skit for the Spring Festival Vaudeville show. The skit is "Swan Lake," an adaptation of the famous ballet. Pictured are Gib Kurtz, Bob Wagner (behind Kurtz), Jim Helron, Rich Keating, Jack Barban, Bob Boyd (in Barban's arms), Andy Skidels, Darwin Daniel, Bob Hilgendorf, Don Boehmer and Jack Thacher.

## Cafeteria Thefts

The announcement by the cafeteria of the number of articles that are stolen there is quite startling. \$60 a month loss doesn't seem like too much, but \$720 a year makes the problem sound a bit more serious. When it is taken into consideration that the great majority of the people who use the cafeteria are college students, it is even more astonishing. For people who are supposedly in the higher intellectual and moral bracket, common thievery does not speak so well. Of course, many people at SIU live in apartments and need dishes and silverware to keep the cupboard from being bare, and since these articles are expensive to buy, an alternative is to steal school property. But it must be rather embarrassing when a dinner guest happens to look at his coffee cup and remark that "it looks just like the ones in the cafeteria." And it will be more embarrassing now that the cafeteria will be looking for culprits. It is quite possible these same people will be serving their guests at the City Jail. H.T.

## One-Act Plays Begin

Three Comedies To Run Until Tomorrow Night  
By Kathy Hooker  
Three one-act plays, "The Red Velvet Coat," "Suppressed Desires," and "Three Cheers For Woody," began their three-night run Thursday.

"The Red Velvet Coat," a high-venterating comedy with spasmodic spurts of music and dancing, features an all-Negro cast. Estaban, a mixed-up Mexican playwright and actor, played very effectively by Chester Brown, kept the audience in stitches with his unusual antics. Sandra Parker, a dancing senorita, added much sparkle and life to an already colorful play. Irene Jordan, who directed the play, and Minnie Rooks, who designed and made the costumes, deserve a pat on the back for a job well done.

## Proposal Asks Pay Increases

Employees of state-supported colleges will receive an increase in retirement benefits if a bill introduced in the Illinois House this week is adopted. SIU Vice President Charles Tenney said the proposal would make some minor changes in the present law, one of which would increase the employee contribution from five to six per cent of annual wages. Other provisions of the bill include reduction of minimum number of years for eligibility from 15 to 10, and dropping the retirement age from 65 to 60. An increase in the death benefits are also included in the bill.

## Skeletons Of 3 Marine Lizards Discovered

SIU student Paleontologists found fossil skeletons of three marine lizards each about 20 feet long on a recent field trip to Turpeio, Miss. The skeletons are in excellent condition and the skeletons appear nearly complete," he said. The instructor says he intends to return to the area with a crew and "proper equipment to excavate carefully and remove a complete skeleton."

These field trips are to introduce geology students to techniques employed by professional geologists," says DuBar. Students on the four day trip were William Cameron, William Dattison, Charles Gossett, Harry Piek, Joseph Pauer, Charles E. Rhinoceros, Clarence Winn and Gene Jackson.

## 'Angel Flight' Formed Here

Angel Flight, a woman's auxiliary to the AFROTC corps has been established at SIU, according to Maj. James Bridwell. The nucleus of the flight will consist of the finalists in the "Miss ROTC" contest. The flight now has 17 members and will enlarge in the future. All girls will wear a regular uniform and hold an honorary rank. Their activities will include precision marching and drill, singing tours and participation in the ROTC spring review. The Angels have been meeting since March 2 and had their first drill session Monday. Plans are being made to tour Scott Air Force Base. All girls will take a plane ride and participate in other base activities. Col. Alexander MacMillan is in command and co-sponsors are Dr. Jerry Greenleaf and Maj. James Bridwell. Members of the Angel Flight are Pat Bruce, Barbara Furst, Gracena Hill, Pamela Hindman, Lois Kalla, Marlene Koopman, Marilyn Elbig, Evelyn Martin, Jo Ann McCreir, Christine Minkler, Marilyn Morris, Joan Olson, Barbara Peterson, Marilyn Bains, Arlene Sedleck, Sandra Stroup and Shirley Winstead.

## Air Cadet' Next On Movie Hour

"Air Cadet," starring Stephen McNally, Gail Russell, Al ex Nicol and Richard Long, will be Monday's offering in the weekly movie series in the University School Auditorium. It is the story of how jet pilots are trained in the U. S. Air Force.

## Harper Ranks Cities By Employment

Geography professor Dr. Robert Harper presented a study showing the classification of cities by their economic functions to the Association of American Geographers National meeting last week in Memphis.

The paper, "A Multi-functional Classification of Cities," divides U. S. cities according to their several economic functions. It extends a previous idea of classifying cities by one principle functional industry.

Harper has based his study on the 1950 Census Bureau figures of cities of 10,000 population. The Census Bureau classifies employed workers into 14 industrial functional groups. When 5 per cent of a city's employed workers are engaged in one of these functions, that industry becomes one of the multi-functions of that city in his study.

"The single function classification is useful for teaching purposes and for making generalizations, but in many cases it classifies an industry employing only a small percentage of the total population within the city," Harper said.

The leading industry is responsible for less than half the employment in 13 per cent of the 1,260 cities studied. In 21 per cent of the cities, the leading industry accounts for less than 20 per cent of all employed workers.

Memphis has all 14 of the Census Bureau's classifications: agriculture, forestry and fisheries, mining, construction, manufacturing, transportation and utilities, wholesale trade, retail trade, entertainment services, business services, personal services, professional services, educational services and public administration.

# Prof Says Communism Should Be Taught

Northampton, Mass.—(I.P.)—It usually goes without saying at the present time that no college curriculum is really complete without provision for the study of Communism, declared President Benjamin F. Wright of Smith College. Some people, he adds, have reached entirely erroneous conclusions about courses dealing with this subject, perhaps because they are frequently "spoke communism."

"They do not teach Communism in the sense of indoctrinating people with Communist ideals of convictions, but rather attempt to help citizens I understand what we face in the world in which we live, we do need, I very badly, to understand why communism is so powerful, why it has a great appeal in many parts of the world, as well as to understand the defects in the communistic philosophy and the nature of communist procedures. To ignore such questions is not only stupid, it is positively dangerous. It would, of course, be fantastic to make such subjects the core of curriculum in a liberal college such as Smith, but that has not even been proposed, and could not be taken seriously if it were.

"A few educators have argued that courses dealing with the

# 'Egypt's Oil Fields Fading'—Cunningham

Dr. Floyd E. Cunningham, president of the Association of American Geographers in Memphis last week.

Dr. Floyd E. Cunningham, president of the Association of American Geographers in Memphis last week, illustrated his talk, "The Oil Industry of Egypt," with slides and maps. Some of the high lights:

Disturbed underground rock formations allowed some oil to be trapped and real production was started at Gensa in 1910.

"In 1913 a field was discovered at Hauray that for a while, supplied all of Egypt's needs."

The huge Ras Charib field, found after geophysical improvements made possible the mapping of the sub-surface rock formations, produces oil from five different levels. Its 136 wells to date have given up 112,000,000 barrels of crude oil.

"This field reached its peak in 1947 and is now on the decline."

All oil fields are located in remote parts of the desert, but most are near the Gulf of Suez. The tankers that carry the oil to the Anglo-Egyptian refineries at Suez must carry 10,000 gallons of fresh water daily back to the people in the Ras Charib field.

Oil furnishes 87 per cent of Egypt's power resources, but Egypt has outrun its production and had to import 7,000,000 barrels of refined products in 1953.

"Unless new fields are found and developed, thousands of Egyptians must find new jobs, the stillness of the desert will return and the economy of Egypt will no doubt undergo changes," Cunningham said in closing.

## Stevens, Patrick Elected To Attend MRH Meet

The Men's Residence Halls Council met Friday morning and elected Mike Patrick and William Stevens as delegates to the Midwestern Residence Halls Convention. Delegates met Friday and Saturday at the University of Missouri to discuss problems of residence halls. The recreational program was discussed and \$25 appropriated to buy equipment. Money from parking permits has been spent for crushed limestone for the parking lot.

# Coeds Even Score; Drop Faculty In Softball Tilt For Cancer Fund

By Patl' Files

It was all for a good cause but the students still got revenge on the instructors.

The mass slaying occurred on the softball field of the Carbondale Community High School. Slain were the women faculty members of SIU; slayers were a group of SIU coeds. Cause was a benefit softball game with all proceeds going to the American Cancer Society.

Cleo Uhm, faculty pitcher, true to style, came through with those hard fast balls that the coeds could barely hit a good city block.

Miss Martha McAndrew, PE instructor and sporter of a lovely pony tail, was spurred to fame with the cry "Go, go—Tall Tail, Pony Tail!" The cheer must

have had an effect cause she hit some lovely high fly balls. "Pick it up and look for it later," was the cry from the crowd.

Bev Conway, coed pitcher for the first few innings, was a little high and wild on her pitches, in fact the spectators had quite a workout throwing the ball back over the fence.

Of course, the most important point of the game was the time turnout. All proceeds from the sale of tickets went to the American Cancer Society.

## No Fingerprints For Russians

The planned tour of American colleges and universities by eleven Soviet student editors has hit a snag.

The group was originally scheduled to arrive in New York last Tuesday, but cancelled their boat reservations when they found out they would have to be fingerprinted by immigration authorities.

The McCarran-Walter Immigration Act makes the fingerprinting mandatory for all persons entering this country.

The tour was arranged by the Institute of International Education in conjunction with the State Department, and was conceived to acquaint the Russians with American student life.

## Arvin Gets Generator Patent

A patent for a thermo-electric generator and a method for its production has recently been issued to Martin J. Arvin, associate professor of physics.

Application for this patent was filed in 1950 by an industrial corporation in Milwaukee where Mr. Arvin was formerly employed.

A thermo-electric generator is a device for converting heat energy directly into electric energy. Output and efficiency are low but the finished products can be useful in automatic control circuits.

In simple form the generators are two wires of dissimilar metals, one positive and one negative, heated at the joint and small quantities of electricity are produced.

Aside from their practical use, thermo-electric effects are important in the theory of semi-conductors. Research in being done on these effects on metallic oxides in the physics department now, according to Mr. Arvin.

### Phi Mu's Only Professional Fraternity With Own House

Phi Mu Alpha, professional musicians' fraternity, has the distinction of being the only professional fraternity on Southern's campus with an organized house.

This is the second year of the local chapter, founded in 1949, has had its house on West Mill St. The fraternity is open to people who will enter professional music. Southern's chapter has 18 active members and seven are faculty members. Each plays a musical instrument.

The group functions on the same basis as a social fraternity, with pledge periods, house meetings, formal initiations, and the like.

Don Devein is president; Mark Hughes, vice president; and acting secretary: John Skosev, treasurer; Bill Clarida, national councilman and Dr. Robert Miller, faculty advisor.

The national fraternity has 139 chapters, and, according to Devein, it is one of the largest fraternities in the world. Les Brown, Dave Brubeck, Stan Kenton and even Thomas E. DeVeve are members.

Phi Mu Alpha sponsors and presents the American Music Recital each year. The last two years the Southern chapter has appeared in the Greek Sing on a non-com-

### Child Guidance Clinic Here Wednesday

Teachers and parents of Southern Illinois children who have educational difficulties will receive professional advice at the quarterly child guidance clinic which will be held here Wednesday, April 27.

Dr. Richard Keonig, psychiatrist, and Mrs. Mary Aken, psychiatric social worker, both of Chicago, will study and analyze the children referred to the clinic by parents, school administrators and private physicians.

Wednesday afternoon seminars will be conducted in the Studio Theater of the University School to which faculty, students, and the public are invited.

At 1 p. m., Dr. Keonig will discuss "The School Age Child." Mrs. Aken will present a case at 2 p. m. which is designed to show how disturbed family relationships can create such a conflict that the child develops a phobia about school and cannot attend.

### Kelley, Winters To Go To Archaic Meet

Dr. J. Charles Kelley, SIU museum director, and Howard Winters, staff member, will participate in a conference on archaic cultures at Bloomington, Ind., May 4. Interested archaeologists from 14 states in eastern central and southern United States have been invited to attend.

Kelley, in charge of arrangements for the meeting, says that the conference will be concerned with deciding what archaic culture is and what its relationships are to earlier and subsequent cultures.

### Cheer Club Slates Meet With St. Louis YMCA

The Cheer Club has tentatively arranged a match with the Downtown YMCA of St. Louis in two or three weeks. The SIU cheer players are urging anyone interested in playing cheer to attend a session at 7 p. m. Tuesday in the Student Union.

Phi Eigenmann, tenor sax. Fraternity members manage to keep the house "jumping."

### Kappa Delta Pi Delegates To Attend Meeting

Delta Chi, SIU chapter of Kappa Delta Pi, national honorary society in education, will send delegates to a regional conference at Eastern Illinois State College, Charleston, Saturday, April 23.

Groups from 16 college and university chapters are expected to attend.

Dr. Fred P. Barnes of Alpha Chapter, University of Illinois, will deliver the keynote address: "New Hazards for the Public Schools." Dr. Raymond R. Rydler of Eta Chapter, Prudue, will address a luncheon meeting on "The Place of Kappa Delta Pi in the Teaching Profession."

Four discussion groups have been set up to consider special problems affecting education throughout the country.

### IRC To Elect Officers Thursday

The International Relations Club will elect its officers for the coming school year at its regular meeting from 7 to 8 p. m. Thursday in room 202 of Alpled Hall.

### AFROTC Rifle Team Places 2nd In Intercollegiate Matches

SIU's AFROTC Rifle Team placed second in the 1955 5th Army area intercollegiate-scholastic rifle team matches, the Commanding General at Chicago announced Thursday.

SIU beat all competing Navy teams and 38 of 52 Army teams. Iowa State took first among the 16 AFROTC teams with a score of 7420.

First and second place winners in each of the service divisions are eligible to compete in the national intercollegiate matches.

The matches are held at each competing school. The Army area sends out targets to each school to be fired at a designated time. Targets are then sent back to the Army area, scored, and results announced.

The matches are held in four stages, each fired from a different position. Fifteen men fire in each stage. The ten highest scores in each stage is the total score.

SIU will fire its final stage of the national match at 5:30 a. m. Thursday at the Old Main rifle range.

Sgt. Gordon Hansen, coach, said results of the national matches will be announced in early May. According to Hansen, "SIU has one of the best rifle teams I have ever seen."

Members of the team are: Roger Bush, Charles Coleman, James E. House, Curtis House, J. A. House, Sam Martin, Frank May-

# Diamonders Trip Crusaders 7-6

By Jack Hess  
Top-notch bullpen pitching staved off a late rally by Wheaton's Crusaders as Southern squeezed out a 7-6 win Monday. It was the sixth straight win for "Abe" Martin's undefeated Salukis.

Bob Meyer started in the firm role, coming on in the seventh inning with the tying and winning runs on base with one out. The Belleville right-hander struck out his first batter and forced the second to hit an infield fly.

Williams and Zapotocky's infield out.

Couch Lee Plund's nine started a futile comeback in the seventh. Firing Ayres gave up a single and walked the pitcher and lead off man, loading the sacks.

After one line drive out, Bruce Benson hit a towering three-run triple to right, paving the way for Meyer. The Southern moundmen wild-pitched one run home and then slammed the door shut on the Crusader uprising.

## Saluki Netters Scalp Indians

The Saluki netters extended their record to two wins and one loss by defeating the Cape Girardeau Indians 6 1/2 to 3 1/2 here Monday.

The Saluki won every event except the last, the number two doubles, which was called because of darkness with the final set known at free-all.

No 1 singles: Pisoni over Dietz, 6-0, 6-2.  
No 2 singles: Merriman over Wheeler, 6-1, 6-0.  
No 3 singles: Whittenberg over Jernigan, 3-6, 6-3, 6-2.  
No 4 singles: Robinson over Kumpke, 6-1, 6-2.  
No 5 singles: McRaven over McGill, 6-2, 6-1.  
No. 1 doubles: Pisoni-Merriman over Jernigan, 6-4, 6-2 field of Walverly/Wis. had a .334 mark and Lou Bissa of Courier City a .286 average.

## Williams and Zapotocky's infield out.

From there on, Meyer breezed through the final two frames, getting up only a wind-blown single while preserving starter Ron Ayres' second victory.

After spotting Wheaton a run in the first, Southern lashed back with three in the home half of the frame.

Care Tabacchi's double was followed by Roger Wells' single. Wayne Williams popped out. Clean-up hitter Bob Ems poled a tremendous home run over the left fielder's head, scoring before the relay throw returned to the infield. Fms pulled a leg muscle and had to be replaced by Norby Vogel.

It was a repeat performance for both clubs in the second inning, Wheaton getting one and Southern bouncing back with three.

After two were out, Crusader infielder Bill Thornton beat out a hit to deep short, scoring Ron Zapotocky, who led off the inning with a base hit.

Gerry Stevens led off the Saluki half of the second with a single. Vern Zapotocky beat out an infield roller and Wells was struck the first when his bat awarded the catcher's glove. Wayne Williams bunted out a base-clearing double, putting SIU into a 6-2 lead.

The linksters scored their final tally in the third on a walk to Dick Sandrin, a single by Freddie

## Redbirds To Meet Unbeaten Salukis

SIU will take a 6-0 record into ILLAC conference play today when they tangle with Illinois Normal in a doubleheader here.

Coach "Abe" Martin's Salukis have won six in a row, including victories over St. Louis University, Lincoln of Illinois, and Wheaton College.

Wayne Williams, junior out-fielder, is leading the SIU baseballers in hitting with a scizzling .400. Williams, last year's most valuable player, also has the most hits with 22.

Likely starting choices for the two games with Normal are Bob Meyer and Ron Ayres. Coach Martin's righthanded mainstays, Tom Arnell, freshman lefthander, may get a starting chance on the strength of his three-hit shutout of Evansville College Saturday.

SIU batting averages for the 12 games:

## Co-Rec Dates

The gymnasium will be open for conversation on the following dates:  
Friday, April 22  
Saturday, April 23  
Sunday, April 24.

The old adage "what pitchers can't hit can be disputed by the Northern Illinois State baseball team. After the Huskies' six-game southern trip early this month, four of the top five hitters on the squad were pitchers. Bob Baker of Adington Heights and Cal Johnson of Chicago were tied for first with .500 averages. Larry Danner of field of Walverly/Wis. had a .334 mark and Lou Bissa of Courier City a .286 average.

Track as it was in the earlier days of Lingle's reign as SIU track mentor. In the subsequent years, however, interest in the center sport has declined. In the top picture, "Abe" Martin, present SIU baseball coach, is throwing the shot.

## Netters Oppose Bills There Tomorrow

Southern's racket men under Coach Bill Kruse will oppose St. Louis University there tomorrow. Going on the trip are Charles Pisoni, John Merriman, George Whittenberg, Gary Robinson, Don McRaven, Dick Cole and Bill Meyers.

## Thinclads Home Against Eastern

The SIU undermen go against the Eastern Illinois Panthers at 7 p. m. Tuesday in McAndrew Stadium.

The Salukis will rely on the talents of Al Rodgers in the hurdles, Jack Souers in the pole vault, Howard Branch and Ken Walker in the distance and middle distance runs and Sammy De Neal in the 440.

The Salukis beat the Panthers last year but "aren't looking for an easy win this year," according to Coach "Doc" Lingle.

## Scrimmage Cancelled Because of Rain

The intra-squad scrimmage which was to be the grand finale to spring football practice Wednesday night was cancelled because of rain.

Flord Smith, sensational freshman high jumper at Northern Illinois seventh among the nation's collegiate competitors in his specialty—according to the most recent figures released by the National Collegiate Athletic Bureau a division of the NCAA.

Smith's best jump is 6' 6 1/2", which ties him for seventh with Phil Felton of Stanford and Ken Kelley of North Texas State. The best jump of the current collegiate season has been recorded by Ernie Shelton of Southern California with a 6' 9 1/2" effort.

## Inside the . . . Intramurals

By Jerry Rombach  
The major Spring sport has started and the same spots are closing.

Satball started Wednesday on the five softball diamonds on the campus. Diamond one is on the North end of the football field. Diamonds two, three, and four are on the Southeast, Southwest, and Northeast corners of the Chautauqua field, just East of the baseball diamond. The fifth diamond is just East of the Dowdell but racks across highway 51 from the campus.

The Intramural Department is supplying all bats, balls, and catchers equipment. No spikes allowed to be used by players in the softball competition. Thirty three teams have been entered in the four leagues.

In the All-School Volleyball League, the Dowlx Deacons led Monday night with a record of 1-0. The following teams were the Ramblers 3-1, Anthony Hall (2-1), Sleepy Hollow (0-2), and the Still Billies (0-3).

In the Fraternity League TKE led the league by a 3-0 record. Sigma Pi (2-1), Sigma Tau (2-1), Delta Chi (1-1), Theta Xi (1-2), Kappa Psi (0-2), and Phi Tau (0-2) followed the leader.

The swimming meet entries are due the week starting April 25th. Trophies and medals will be awarded to team and individual winners.

## Lingle Dean of SIU Coaches "Doc" in 29th Year As Southern Track Mentor

By Don Hargus  
The 1927 Southern track team, under brand-new Head Coach Leland D. "Doc" Lingle, opened its season against Cape Girardeau as the first opponent Southern ever met on the cinder track.

"Only it wasn't a cinder track then," Lingle, now in his 29th year on the same job, reminisced Tuesday. "In those early days we called in a farmer with a road grader to smooth out an oval along where the new highway and the football practice field are now. And it often got so muddy we had to run on Harvard Ave."

"We beat Cape in '27, too," Lingle said. "In '55 the Cape squad topped Southern for the first time in over a decade."

Couch Lingle has consistently turned out winning teams since he became track coach and assistant football coach under William MacAndrew in 1926.

"There were just the two of us and four or five student assistants in the department then," he said. "The physical education staff now numbers 12, with four student assistants."

Lingle first came to Southern from his home in Cobden as a student in 1919. In 1921 he left to spend four years as principal student in 1919. In 1921 he left to spend four years as principal and coach at Sikeston, Mo., high school.

"Once while I was at Sikeston," he remembered, "I had to come home to stay out of trouble. People insisted I vote in the school board elections—they didn't know I was only 20 at the time and not eligible."

After his stint at high school coaching he returned to Southern to complete work on his degree. He joined the regular staff in 1927. It was in '27, too, that he introduced cross country to the school's sports schedule.

"I've seen the first contest of every sport on the present athletic program as it started on the facilities we have now, from the gymnasium in 1925 to the swimming pool this year."

"And I've even watched the dedication of every building on campus but four," he confided, against the opponent. Now we are to team and individual winners.

## Huskies Meet Hurons in IAC Diamond Test

The Northern Illinois State baseball team will attempt to continue on its hitting rampage at Michigan Normal Friday in an IAC doubleheader with the Hurons. Both teams have 1-1 marks in conference play.

In their first home games of the season last week end, the Huskies collected 20 runs on 25 hits in splitting a twin bill with the Central Michigan Chippewas. Northern lost the first game 5-3 in 10 innings and won the nightcap 17-5 in six frames.

Lou Bissa, lefty hurler pitcher and batted the Huskies to their first win of the season in the second game, going the distance and hitting a bases-loaded homer in the first inning. Bissa had 7 1/3 hits in four trips to the plate and batted in six of the Huskies' 17 runs.

Freshman centerfielder Tony Iacubucci collected two doubles and a home run in six times at bat in the doubleheader while Charles Fass, sophomore shortstop, garnered five shorstop in 10 at bats.

Iacubucci has provided the Huskies with plenty of power this year. He has nine hits in 29 trips to the plate for a .310 batting average. His nine hits include three doubles and three home runs. He has seven runs batted in.

"Records have steadily improved through the years, and there's more competition than before."

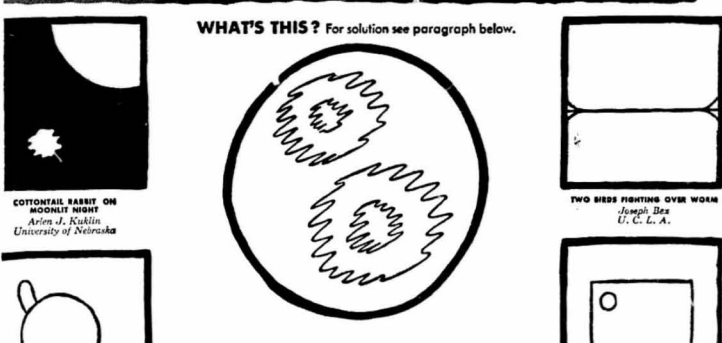

"But the biggest change has been in improving coaching techniques. We use a more scientific approach now, have developed better conditioning processes and can help the boys more."

"It's never been my team though," Lingle said. "It's the boys—their team. No coach can do anything if the boys don't want to work hard. It has to be their effort."

How do the boys of today stack up against those 29 years ago?

"The secret of success is the same today as it was 29 years ago—hard work, the desire to do better, and the ability to follow instructions."
