Salukis Defeat Western Kentucky - - 88-79

QUEENLY COLLECTION -- Members of the AFROTC corps of cadets will select one of the lovely young women above as their annual queen. They are (top left to right) Carrie Sue

Clauss and Pam Powell and (bottom left to right) Laura R. Brown, Trudy L. Gidcomb, and Linda Lou Laswell. She will reign over the annual Military Ball and the Review In Blue Feb. 1 and 2.

Brunettes Outnumber Blondes, 4-1 In Annual AFROTC Queen Contest

Four brunettes and a blonde have been nominated by Air Force ROTC student officers to vie for the title, AFROTC Queen.

Balloting by rank and file, the 3,000 cadets will select the queen who will reign over the Military Ball and Revue in Blue, Feb. 1 and 2.

The AFROTC Queen is the honorary colonel of the SIU unit, one of the largest in the country. During the year she reigns and at coronation ceremonies for her successor

she wears a gown that is a gift of the AFROTC department. Ann Werner of Centralia, a sophomore, is the current queen.

Candidates for 1963 queen are:

Laura R. Brown, 5-foot 5-inch brunette, of Carbondale. She is freshman class secretary-treasurer and secretary of the University Center Programming Board.

Carrie Sue Clauss, 5-foot 5-inch blonde sophomore, from Peoria. She is a mathematics major, member of Angel Flight and Alpha Gamma Delta sorority.

Trudy L. Gidcomb, 5-foot 2-inch brunette, from Eldorado. She is a sophomore, majoring in kindergarten primary education, and a member of Alpha Gamma Delta.

Linda Lou Laswell, 5-foot 6-inch brunette, a freshman from Henderson, Ky. She is majoring in home economics and is a member of Angel Flight and Alpha Gamma Delta sorority.

Pamela J. Powell, 5-foot 7-inch brunette, is a sophomore sociology student from Marion and was an attendant to the 1962 Homecoming Queen.

ABC May Cover Air Meet At SIU

The National Intercollegiate Flying Association's spring air meet which will be held here April 25-27 probably will be televised by the American Broadcasting Company.

An ABC spokesman has contacted Ronald Kelly, SIU junior and national secretary of the flying group, that it is considering televising part of the meet for use on its "Wide World of Sports" program.

According to Kelly, this is SIU's first year in the NIFA. SIU was chosen as the host school for the spring meet during a meeting of the group last November.

UPI Drops SIU To Fourth In Small-College Standings

The Salukis defeated Western Kentucky 88 to 79 last night at Bowling Green but the score doesn't really tell the story.

It took all the Southern players could do to stave off

the determined Hilltoppers. And it wasn't until the last minute and a half of the game that the Salukis could be sure they have the game in the bag.

It was the Salukis second win in a row over a major college team. They defeated Kentucky Wesleyan Saturday night 99-68.

Almost 10 minutes of the game went by before either team showed any real spirit. And from that point on the score see-sawed back and forth until the closing minutes of the half when SIU managed to pull out 10 points in front. Half-time score was 42-32.

The Salukis scored first in the second half and moved out in front to a 51-44 lead. But the determined Hilltoppers put on the press and quickly pulled up within one point of SIU.

The Hilltoppers kept on the Salukis tail, never trailing more than a couple of points, until the closing two minutes. Then they managed to shake the close man-to-man defense and build up the comfortable winning margin.

Here's how the scoring went: For the Salukis -- Lou Williams, 17; Rod Linder, 15; Harold Hood, 14; Eldon Bigham, 13; Joe Ramsey, 10; and Paul Henry, 7.

For the Hilltoppers -- Bobby Jackson, 25; Jim Dunne, 16; Darrell Carrier, 15; Ray Rohr, 10; and Ray Keaton, 6.

The Hilltoppers will come to Carbondale on Feb. 19 for a return game.

Handicapped TP Resident Found Dead In Dorm

Jonathan Louis Paeth, 23-year-old wheelchair student from Lake Forest, was found dead in his room at Bailey Hall Sunday morning.

Floyd Crawshaw, Jackson County coroner, said an autopsy performed Sunday night determined Paeth died of natural causes.

His body was discovered by Jim Greenwood, a student living in an adjoining room, about 11:20 a.m. Sunday, Crawshaw said. Paeth, who was in bed, had been dead about five or six hours.

Paeth was handicapped with post-polio paralysis, authorities said. An inquest has been tentatively set for Tuesday, Jan. 22, Crawshaw said.

Paeth, a senior, was the son of Mr. and Mrs. Louis A. Paeth. He was enrolled in the School of Business.

He is survived by his parents and two brothers, Thomas and Louis Jr. Funeral services are scheduled for Wednesday afternoon from the George Wenban Funeral Home, 233 Deerpath, Lake Forest.

Debators To Take Over TP For Spring Break Convention

Pi Kappa Delta, national forensics fraternity, will hold a week-long convention on the SIU campus during the spring vacation. As many as 1,000 visitors may be on campus for the event.

The visitors will be housed at Thompson Point which will mean that nearly all students there will be required to move their belongings from their rooms for the vacation period.

John Pyper, head resident at Thompson Point, said cer-

tain rooms will be reserved on each floor for students to store things, so they won't have to move the articles from the buildings.

This is nothing new, Pyper said, because vacating of the dormitories has been required in past years to accommodate convention and workshop groups. Some students may be inconvenienced, he added, but as yet he has heard no objections.

Tournament Week Swings Into Action Today

Pairings have been announced and play started Monday in the SIU tournament Week games which will reach the finals Jan. 27.

Students who signed up are responsible for looking up their opponents and making arrangements to meet for games, the recreation committee announced.

About 200 signed up but some were dropped because they did not meet the required 3.0 grade point average. All others can report to the clerk in the Olympic Room, pick up equipment and play their games on presentation of I.D. and Activities cards.

Finals for each event will start at 1:30 Jan. 27 in the Olympic Room and the Bowling Alley.

All of the duplicate bridge will be played on that day starting at 1:30 in the Olympic Room.

In the bowling finals, two games will be permitted and winners will be determined on the basis of total score.

The Recreation committee chairman, Al Kramer and Carol Feirich, said members of their committee will be on hand at the control desk in the Olympic Room to answer questions about the tournament play. Both men and women are participating.

Billiards and Bowling players have their eyes on regional and International tournaments which are offered through cooperation with the Association of College Unions. A table tennis regional tournament has also been scheduled.

An important meeting at 9 will be a get-together of new, winter quarter students in Group H and the student leaders who first helped them with orientation two weeks ago. Marion Dean, New Student Chairman, said the leaders are willing to continue meeting with the new students until they feel adjusted to the SIU campus. The meeting will be held in Room C.

Other meetings include: A foreign language lecture to be held in the Library Auditorium at 7:30. J. Carey Davis, Professor in Language, will be the speaker. His subject will be "From A to Z."

Pi Delta Epsilon, a college publication fraternity, will meet in Room E of the University Center at 9:30 p.m. The Pan Hellenic Council will meet in Room F of the Center at 9 a.m.

The International Night Committee of the Center Programming Board will meet in Room F from 9 to 10 p.m.

Counseling and Testing Center will give student employment tests in Barracks T-32, Room 103 at 4:30 p.m.

Members of the Zoology Department faculty will be featured today on the regular Zoology seminar at 4 p.m. in Room 205 of the Life Science Building.

They will discuss "What Is A Graduate Student." The seminar is open to the public.

The Thompson Point Executive Council will sponsor a Judicial Board Council Jan. 19.

The council will be an all-day workshop for all students who are members of the judicial boards of the various Thompson Point residence halls.

Members of the Newman Club will vote for new officers from 10 a.m. to 8:15 p.m. Wednesday at the Newman Center.

Howard J. Stains, associate professor of zoology, was guest speaker at a semi-monthly meeting of the Thompson Point Hunting and Fishing Club Thursday night.

Stains outlined the life history and management of the Cottontail Rabbit to the group of Thompson Point sportsmen.

The Home Economics Club will meet today at 7:30 p.m. in the Family Living Laboratory.

All Freshman girls are urged to work towards the annual Outstanding Freshman Award presented in May. Report forms may be obtained in Room 131B of the Home Economics Building.

Judging Team To Texas

SIU's Dairy Judging Team will travel to Fort Worth, Texas, Jan. 28 to participate in the Southwestern Exposition and Livestock Show.

Members of the team are Dean Cullins, Steve Cortelyou, Ronald Kiehna, and Keith Weatherall.

SEEKS CROWN—Lanita Greer, 18-year-old SIU freshman, will be seeking the crown of Miss Rural Electric Co-op tonight in Las Vegas. Miss Greer is representing Illinois in the contest.

Students Need Activity, ID Cards For BB Ticket

Students who want to obtain tickets for Wednesday night's SIU-Southeast Missouri basketball game at Carbondale Community High School must present both their activity and identification card.

No longer will the athletic department honor fee statements.

Athletics held on to its slim one-point lead in the faculty bowling league with 30 points. Industrial Education is in second place with 29 points.

Chemistry II and Rehabilitation Institute are tied for third place with 27 points.

Beverly Johns, vice president of the University Center Programming Board announced the appointment of two committee co-chairmen.

They are: Eva Messenger, co-chairman of the Dance Committee and Pat Knauer, co-chairman of the Cultural Education Committee.

ROTC Honor Guard Seeking Sponsor

The Air Force R.O.T.C. Honor Guard is in the process of selecting a coed to serve as sponsor.

The Honor Guard sponsor will be present at all Honor Guard functions and her duties will include serving as official representative to guest personnel and accepting trophies. A special all-weather uniform has been designed and will be tailored for her.

Only Honor Guard members are allowed to submit nominees and nominations will not be accepted after 7:30 p.m. today.

Selected nominees and their escorts will meet the judges and Honor Guard officers at a coffee held in the Home Economics Lounge Thursday morning.

State Of Union Message:

Congress 'Cautiously' Okays Tax Cut

By The Associated Press

WASHINGTON--

President Kennedy's State of the Union message yesterday called for a \$13.5 billion reduction in personal and corporate income taxes, for a NATO with a "truly multi-lateral nuclear force" and warned against raising hopes over the Russia-Red China strain.

The tax cut, which will be spaced over a three year period, met with generally cautious Congressional approval. It calls for a \$6-billion tax cut this year with revenue loss to be partially offset by \$3.5 billion from tax law revisions and \$1.5 billion from speeded up payments by large corporations.

Senate Republican Leader Everett M. Dirksen of Illinois said, "Tax reduction should be accompanied by spending reductions. And it shouldn't

be tied up with so-called reforms which would not be acceptable to the Congress and the country."

Senate Democratic Leader Mike Mansfield of Montana commented, "We have got to spark the economy with a tax cut which gives the greatest benefit to low-income groups."

Kennedy said the end of the recession is no time to relax but rather a time to forge ahead with the aid of his proposed tax cut, which he considers as the push the nation needs to reach the top.

In outlining U.S. foreign policy goals, Kennedy named NATO first among opportunities to be pursued saying, "The first task of the Alliance remains the common defense."

He mentioned, "The Nassau agreement recognizes that the security of the West is indivisible, and so must be our defense." Despite his emphasis on Western unity, President Charles De Gaulle of France speaking at a news-conference shortly before the Kennedy address said, "I do not think anyone thinks we can subscribe to the Bahamas agreement." The White House refused immediate comment.

The President called on the Soviet Union to walk the path of peace. But he admitted he expected "no spectacular re-

versal in Communist methods or goals."

Throughout his discussion of foreign policy he implied that the United States and its allies are winning the cold war at this juncture in history. He pointed to Western success in maintaining the "frontiers of freedom from Viet Nam to West Berlin."

Kennedy cautioned the split between Russia and Red China is over how to bury the free world, or whether it should be done.

WASHINGTON--

Representatives W. Pat Jennings of Virginia and Ross Bass of Tennessee won coveted seats on the powerful House Ways and Means Committee yesterday in a secret ballot of Democratic House members.

Administration backed Rep. Phil M. Landrum, of Georgia was the loser in the three way race. The vote was 169 for Bass, 161 for Jennings and 126 for Landrum.

SPRINGFIELD, Ill.--

Three Republican state officials were inaugurated yesterday before a joint session of the Illinois Legislature.

They were Ray Page, state school superintendent; William J. Scott, treasurer; and Mrs. Earle Benjamin Searcy, Supreme Court clerk.

WASHINGTON--

The Supreme Court has struck down a Virginia law which the National Association for the Advancement of Colored People said curbed litigation over racial discrimination.

The NAACP brought suit because the law which barred it from underwriting the costs and providing counsel in suits to test validity of state-imposed discrimination. Virginia's Supreme Court had upheld the statute.

Justice William J. Brennan Jr., writing the Supreme Court's main opinion, said the state statute was a violation of the federal Constitution's guarantee of free speech.

CHICAGO--

Americans drank an estimated 91 million barrels of beer in 1962, representing a two per cent increase over the previous year. Figures were compiled by the National Beer Wholesalers' Association.

Line Coach:

Expect Bob Franz To Resign Coaching Job

Bob Franz, SIU's football coach for 11 years, is leaving the school at the end of the present academic year, according to close friends.

Reasons for Franz's planned resignation were not given.

Franz, a former professional football player with the National Football League Chicago Cardinals (now St. Louis), did not confirm or deny reports of his resignation. He did say, however, that a formal announcement would be forthcoming the first of March.

Reports have been circulating ever since the football season ended that Franz was planning to leave. Monday's

BOB FRANZ

report was the first definite statement handed down.

Dr. Donald Boydston, SIU athletic director, said he had heard reports that Franz was leaving but that nothing definite has occurred.

He pointed out that a written resignation must be handed to him before the resignation can become official.

Franz came to Southern in 1951 and has been coaching the line since that time. In addition to his regular coaching duties, Franz is an instructor in the physical education department.

Intramural Basketball Schedule 4 Games Tonight

Only four games are scheduled for tonight in the SIU men's intramural basketball league.

Men's Gym--8:30 ROTC vs. Hideaway Animals (North) and Alkies vs. Wife Beaters (South); 9:30 Sigma Pi vs. Delta Chi (North) and Wajnut Street Dorm vs. Stiters (South).

James W. Porter, research archaeologist for the University Museum, was elected vice-president and president-elect of the Illinois Archaeological Survey.

How far can your ideas take you in the new world of opportunity in data processing at IBM?

Growth and discovery: The development and application of data processing at IBM open a new world of exciting opportunities for individual career growth. Data processing is producing some of the most far-reaching developments of our age. Each basic advance in technology and application requires new concepts. Ideas—new thinking and new ways to approach problems—are needed. For the individual who likes to discard conventional solutions and find new ideas, there's room to grow in IBM.

IBM offers graduates with Bachelor's or advanced degrees in Engineering, the Sciences, Business Administration, Economics, or Liberal Arts challenging assignments in the marketing of information systems and equipment. These opportunities increase with each new system that is designed to meet the growing needs of business, industry, government, research, education, and space. Each technological advance and each new application can enlarge the scope of your own career at IBM.

A wide range of positions: Rewarding opportunities will exist in more than 190 IBM Sales and Service Offices, located in major cities throughout the United States. Positions open include:

Marketing-Sales: The IBM Data Processing Representative is a consultant to his customers. He calls on customer executives, giving timely information, presentations, and demonstrations for better business management and controls through data processing.

Systems Engineering: IBM Data Processing Systems Engineers are men and women who study customer requirements in depth, devise the best approach, define a preferred machine and operational solution, and assist in the implementation of this solution.

Customer Engineering: The IBM Customer Engineer is a specialist in precision data processing machines and systems. He is responsible for the installation, maintenance, and functioning of IBM's vast line of electronic and electromechanical equipment.

Opportunities for advancement: IBM offers you extensive initial training, both in the classroom and on the job, in the area of your special interest. This training continues as you advance along a planned career path leading to professional or managerial positions. IBM also offers company-sponsored education programs to keep you abreast of developments in your field, and a tuition-refund plan to give you financial assistance for graduate study.

Company-paid employee benefit plans are comprehensive, and include life insurance, family hospitalization and major-medical coverage, sickness and accident pay, and retirement benefits, to name but a few.

See your college placement director to determine when IBM will interview on campus, and make an appointment to see our representative. We will be glad to discuss openings and opportunities at IBM, including our training and education programs, financial rewards, and company benefits. IBM is an Equal Opportunity Employer.

Council Committees To Investigate Bills

The Student Council sent a number of new bills to committees after it found chairmen for three of the previously non-functioning work groups.

The new bills concern the creation of an official student government newsletter, investigation of entertainment

Doctoral Grants Available Here In Three Fields

Doctoral fellowships in English, psychology and elementary education which were recently made available to SIU through the National Defense Education Act are outright grants not loans, officials explained this week.

The grants include stipends of \$2,000 the first year, \$2,200 the second year and \$2,400 the third year plus \$400 for each dependent.

The grants are designed to make it possible for a student to do work toward a doctorate degree without interruption.

400 Obelisks Still Unclaimed

Some 400 copies of the 1962 Obelisk are still unclaimed, editors of the yearbook said yesterday.

They urged persons holding receipts for the 1962 book and persons who asked to be put on the waiting list last June and in September to pick up their copies immediately.

Any other person wishing to buy a copy of the 1962 yearbook may do so now, they added. If the student was in SIU one or more terms last year the price will be \$2. If he wasn't in school last year but is now, the price will be \$3.

Copies may be bought at the Obelisk office on Harwood Avenue, next to the Housing Office.

Need Some Spare Cash? Apply For An Odd-Job

Beginning this quarter, the Student Work Office is requiring students interested in odd-jobs to fill out a current odd-job card. Formerly cards were held indefinitely, but the new policy calls for students to fill one out each term.

Odd-jobs include such tasks as babysitting, typing, housework, painting, lawn care and reading for the handicapped. Also, any other skill a person possesses should be listed with the Student Work Office.

The jobs are usually of short duration and the rate of pay ranges from 50 cents an hour for babysitting to \$1 an hour for other classifications. Anyone interested should inquire at the Student Work Office, officials said.

facilities, the acquiring of money and representatives for domestic peace corps convergence in Washington, and a resolution concerning athlete Jim Dupree's suspension.

New chairmen for Council committees are Ron Hunt, rules and coordination; George Graham, finance; and Bob Gray, campus development and services.

The Council also approved the appointment of Asenath Dixon to the judicial board, a branch of student government.

Appointments to university committees were Bill Seaway and Karen Davis, proficiency examination; Bob Allison, development of advisement; Nolan Nakamura and Anita Anderson, human rights, Alimae Aiken and Dee Wood, lecture and entertainment, Bill Murphy, council intercollegiate athletics, and Linda Foster, convocations.

In the Council's old business, Bob Gray refused to make a recommendation on a bill asking for bus service to Southern Hills because he said he was given an outdated version of the bill. He also said he lacked adequate information.

Chairman Ted Hutton directed Gray to investigate the need for bus service at Southern Hills.

SAMUEL GRAHAM

Graham Explores Insecticide Benefits

Samuel A. Graham, emeritus professor of economic zoology in the University of Michigan forestry department, will speak on "Insecticides: Bugaboo or Benefit" today at 7:30 p.m. in Room 166 of the Agriculture Building.

Graham, after a lifetime of concern with insect problems in forestry, will discuss some of the values and dangers of using modern chemicals for controlling insects and weedy plants. The public lecture is sponsored by the Forestry Department.

A member of the University of Michigan forestry department faculty from 1927 until his retirement in 1961, Graham is the author of a textbook on forest entomology and has written numerous bulletins and professional articles on forestry problems caused by insects.

Murphysboro Bus Group To Make Suggestions

Several items relating to the Murphysboro student bus will be discussed at a meeting of the Murphysboro Bus Committee Thursday afternoon, according to Bill Fenwick, student body president.

Fenwick said he will report on the subsidy for last quarter and on the justification for discontinuing the Sunday and midnight runs. Also to be considered at the meeting are the possibility of changing the present 6:30 p.m. run to 5:30 p.m. and the merits of the buses making a loop in Murphysboro rather than going into town and out of town on the same street.

Members of the Murphysboro Bus Committee include Marion Nash, secretary of the Murphysboro Chamber of Commerce; Mrs. Anita Kuo, SIU supervisor of off-campus housing; Miss Elizabeth Mullins, coordinator of student activities; Fenwick; and another representative of the Murphysboro Chamber of Commerce.

Plan 'A' Students Set Own Curriculum

A committee of Plan "A" juniors is currently setting up a curriculum for next year's Plan "A" seniors.

Members of the committee are Nicholas Pasquel, Robert Allinson, Frances Fitch, Jacqueline Kline, and Robert Rath.

Commerce.

Also scheduled for discussion Thursday are Saturday runs and advertising. Fenwick said that the first car card advertising space on the bus has been purchased by a laundromat owner. The car card advertising is being promoted to help finance the bus.

Spirit Council

Honors Athletes

Winter sports and the athletes who play them will be honored Feb. 1 at a dance sponsored by the Spirit Council.

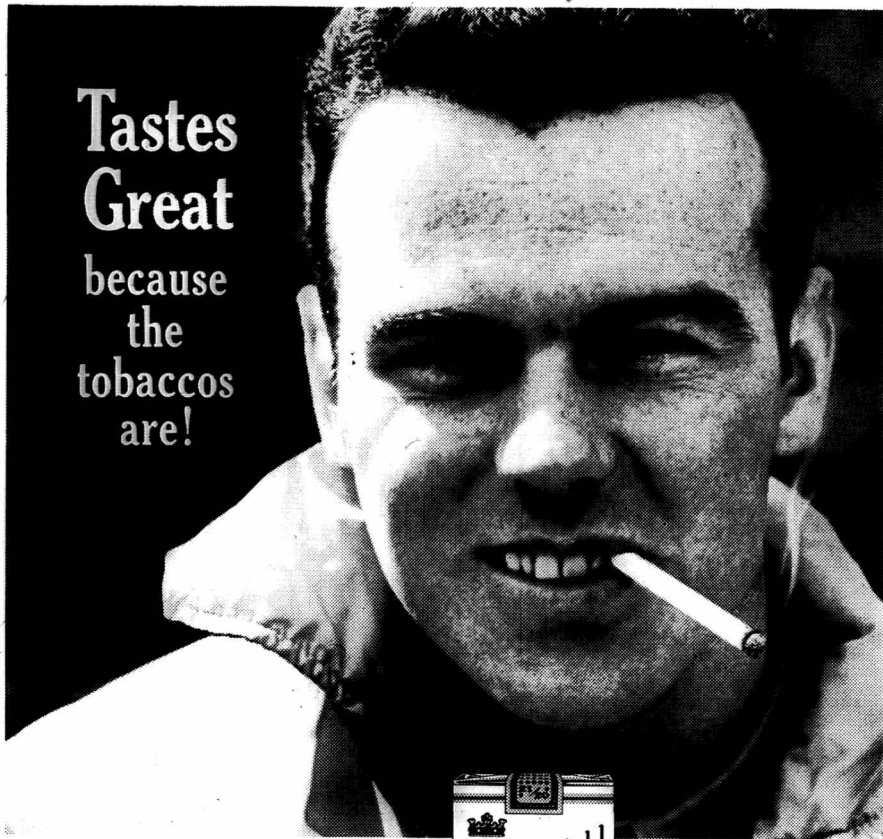

Plans for the dance were discussed at the Council's first meeting of the winter quarter.

In other action the Spirit Council discussed the possibility of a bus trip to the basketball game at Cape Girardeau on Jan. 23 and ways to combat poor school spirit at basketball games.

The Council voted to contact Donald Canedy, director of bands, to arrange for a small pep band to play at basketball games.

The Soap Box

Once Upon A Time . . .

... there was a Student Government. It was modeled after the ideal government of a democratic society. It has an executive, a legislative body and a judicial branch.

This government also had a constitution, as a democratic government is supposed to have. Like most democratic constitutions, this document had numerous articles and sections to set up three branches of government, to state the powers and responsibilities of each branch and to provide for methods of procedure for the everyday governing operation.

The members of this Student Government professed to be concerned with the problems of students and dedicated to good Student Government.

However, all was not sweetness and light. Student Government members would often argue among themselves. That was not good, for it wasted much time. Frequently, assigned jobs would get bungled or legislative bills would not be acted upon, because the members of this Student Government were not sure

what they were supposed to be doing.

The members of the Judicial Board were not appointed because it is hard to find people to serve. But the members of this Student Government were not too concerned, because its powers were not too great nor its responsibilities clearly stated.

There was a basic problem behind all the difficulties of this Student Government. Somewhere in the back of the minds of each of these dedicated Student Government representatives was the idea that maybe their constitution was at fault. But revising a constitution takes lots of time and effort. It is more fun to spend time with social activities.

Incidentally, there are some interesting similarities between the situation referred to above and the Student Government at Southern Illinois University. The Student Government Constitution on this campus will require some extensive revision before it can be the kind of force needed to defend student rights.

Erik Stottrup

Greek Sanctions Approved

The IFC-Panhellenic Scholarship Committee has taken steps to comply with President Morris' request for better grade performances by the Greeks.

A list of proposals was presented to the administration and adopted.

The plan would revoke social and voting privileges of individual Greeks for failure to poll a 3.0 average during one quarter. The following quarter the member in question is required to make a 3.0 average for the two quarters. If he fails to do that, the plan calls for his eviction from the fraternity or sorority house.

The second section establishes the Scholarship Committee as a permanent body to set up and enforce study plans for chapter houses.

The last section would sanction an entire chapter which falls below a 3.0 average for three quarters in succession. "The committee would recommend that the authorized university officials take the proper steps for removal of the charter of that group."

According to Bill Griffin, co-chairman of the Scholarship Committee, the plan would be retroactive, thus requiring the sanctions proposed for poor grades made last quarter.

Making the Greeks liable for last quarter's grades may seem unfair, but how long can

concern for scholarship be delayed? The administration apparently feels that the Greeks have been ignoring the academic side of university life long enough.

Two additional changes accompanied the scholarship proposal. John Nelson, supervisor of fraternities and sororities, said a rule requiring 40 per cent of chapter house residents to be freshmen would be waived.

He said each chapter would have the option of filling its own house. The university still reserves the right to fill vacancies in the house that cannot be filled by the chapter. The original freshman quota would be replaced by a sophomore quota. However, Nelson said the quota would not specify a number.

An attempt to improve the selection of members through deferred rush is to be implemented. According to Nelson, Greek rush would then be held during the student's freshman year, probably the winter quarter.

The members of the IFC-Panhellenic Scholarship Committee are to be congratulated for their plan. It should serve to "modernize" the objectives of fraternities and sororities on the campus.

E. S.

And There Was Light

Southern Illinois University co-eds should now feel more secure when walking east on Park Street.

A number of complaints were received last quarter, because the street was almost totally without lights. A resolution was finally introduced to Student Council during fall quarter asking the university to install lights on Park Street east to the Wall Street intersection. The resolution asked that the city of Carbondale install lights on the rest of Park east of Wall Street.

The problem, of course, has not been one for co-eds only, but it has been hazardous for anyone to travel the road at night. The university has since installed three well-spaced mercury vapor street lights. How-

ever, more lights could easily be added without fear of the street becoming over-lit.

Carbondale's end of the bargain has not yet been fulfilled. However, Mayor D. Blaney Miller of Carbondale said the City Council approved installation of street lights along Park Street east of Wall Street. He indicated, though, that only two lights were to be placed along this dark stretch of the street. That city annexation of the land east of Wall Street has not included certain lots is one possible reason for the placing of only two lights. The incorporation of about 20 acres of land along Park Street into the city is pending.

E. S.

Yawning is usually the act of a person who inadvertently opens his mouth when he wishes others would shut theirs.

--THE LANGFORD (S.D.) BUGLE

Freshman Class In Name Only

Editor:

Could you tell me what the Freshman Class is? I remember hearing about it during the fall term, but since then nothing has been mentioned concerning it.

It's not the class that meets in Shryock at 8:00 on Monday, Wednesday, and Friday, is it? (I tried to inquire at the Sectioning Center but I couldn't get in.)

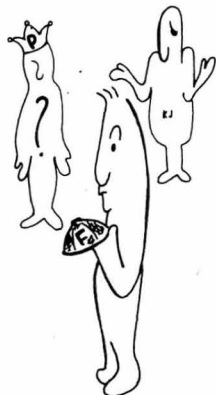

I remember voting for the officers, but when I started to phone the president to ask about the meeting time, I had forgotten his name. No one else seemed to remember it either. I guess he doesn't get around much.

The Freshman Class couldn't be one of those worthless 'social' organizations on SIU's campus, could it? There are so many of these on campus that it seems that some good would come out of them once in a while.

If one of them ever does anything that is beneficial won't you please print it so we'll know about it.

I guess it's fun to elect officers once a year, and I'll bet it's a great honor to be chosen, but what's the use of electing someone to represent our class, if there is no class to represent. The only unifying property of the Freshman Class is that we all HOPE to graduate in 1966.

If this is all we can claim in our honor, I think it's about

-LET'S DISBAND-

time we were disbanded. (At least in high school we sold popcorn at the basketball games!)

And don't you upper-classmen laugh. What have you done that is worthwhile?

If you see the class anywhere on campus, please let me know--I'm thinking of running for president next year. If the class fails to improve in the meantime I'm going to adopt a campaign slogan used by a recent U of I Senior Class presidential candidate: "Elect me and I'll abolish the office." He did, too.

Richard Cox

Better Course Planning

Editor:

While there are still long lines of SIU students waiting to go through advisement and sectioning for this term, appointments for advisement for next term have already been given out to most students. I suppose that this policy of very early advisement is acceptable for a few students who are able to plan out their schedules successfully several months in advance. On the other hand,

I feel that many of us would be much better off if we could wait for approximately four to six weeks after a term begins before having to register for the following term. I think that this would be of much help to those of us who are taking courses which run in a sequence. This early in the term most of us are still in doubt as to whether or not we wish to continue the course next term, I am almost sure that quite a

smaller number of people would have to bother their advisers and the sectioning center in making program changes. Yet we have to obtain our appointments early, for if we do not, many of the classes that we want to take will be closed by the time that we do go through sectioning.

Naturally I realize that with the large number of students enrolled in classes here at Southern we must expect to face problems such as these. However, I feel that this one could be partially remedied if a few more faculty members were to assist in the advisement and if the sectioning center were to hire several more students for this time of each term. The advisement and sectioning could still run for approximately six weeks under this new system, and this length of time should be sufficient enough to take care of the students. Perhaps this is not the proper solution to the problem, but surely there is a better system available for advisement than this one that takes place entirely too early in the term.

Bookstore Denies Cutback In Books

The University Bookstore definitely has no plans to decrease its stock of hardback books, according to Joseph C. Trobaugh, manager.

It had been rumored that the bookstore was planning to lessen the number of hardback books offered for sale. The false notion probably resulted from the reduced price book sale that was held last quarter to clear out some books that had been in stock for a considerable time, Trobaugh said.

...says if his old man doesn't send a check pretty soon, he'll have to go out for the basketball team.

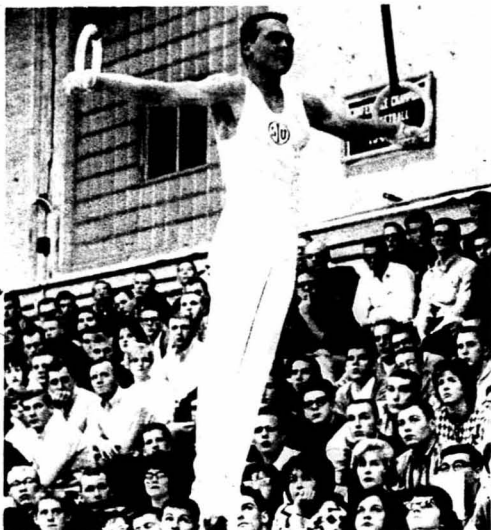

One thing that causes much of the world's increasing sorrow--the liberal of today is the conservative of tomorrow.

Iowa Coach Describes Salukis:

'The Best Gymnastics Team In The Country'

WOLF PERFORMS ON RINGS BEFORE SPELLBOUND CROWD

Quakers Pull 17-14 Victory In Saturday Wrestling Meet

Little Bloomsburg State proved to be too strong for Southern's wrestling team Saturday night, as the Quakers managed to pull out a last minute 17-14 victory at Bloomsburg, Pa.

The Quakers were leading going into the final match but Larry Kristoff, Southern's heavyweight, could manage only a draw against NAIA champ Bob Garson.

"We just ran into a good team," commented head coach Jim Wilkinson, "And we just weren't ready for them."

"I don't want to make any alibis but we were not in top shape," added Wilkinson, "they competed over the Christmas holidays and consequently were ready."

The standing room only crowd witnessed an exciting match with the host team taking six of the ten matches.

The Salukis captured the 137-pound division with Chico Coniglio downing Jim Rolley 11-4. Don Millard, Southern's All-American, won the 167-pound match over Don Vargo, 5-0.

Bill Hartzell was the only other victor for SIU as he edged Pat Stuenfle, 2-0.

"They're the best gymnastics team in the country," was the comment of Iowa coach Dick Holzappel after watching his Hawkeyes go down in defeat--77 1/2-39 1/2--at the hands of the Salukis in the Men's Gym, Friday afternoon.

Holzappel had a right to be impressed with the runner-up NCAA champs. SIU captured five of the seven events before the largest crowd ever to attend an athletic event in the Men's Gym.

The standing room only crowd of 1,800 saw Rusty Mitchell pace the Salukis with wins in the free exercise event and tumbling. The West Covina, Calif. ace, who is the defending NCAA champ scored the highest average of the meet with a 94.5 average in the tumbling event.

In a personal dual, Iowa's fine sophomore, Glen Gailis, edged out Denny Wolf, 93.5 to 93 in the still rings. The Hawkeye's only other first of the afternoon came when George Hery just did manage to get by Southern's Hugh Blaney on the trampoline.

Another sophomore, Steve Pasternak took first place honors on the side horse as he was pushed by veteran Orloffsky.

Other sophomores, Chuck Erlich and John Rush turned in creditable performances as Erlich was right behind Gailis and Wolf in the still rings with a 92.5 mark.

Rush, who competed for the first time in a varsity meet, finished third in tumbling and fourth in the trampoline event.

Chuck woerz was added to the injury list as he sprained his knee again while competing in the tumbling event. Tom Geocar is also on the injury list with a bothersome arm. Geocar wasn't able to com-

pete in Friday's meet.

Southern's next gymnastics meet is at Mankato State (Minn.) on Jan. 25 and at Minnesota the following night. The Salukis then return home on Feb. 2 against Ball State.

Results:

Free Exercise-1-Mitchell, SIU; 2-Hery, Iowa; 3-Orloffsky, SIU.

Trampoline-1-Hery, Iowa; 2-Blaney, SIU; 3-Bryan Hardt.

Side Horse - 1 - Pasternak, SIU; 2-Orloffsky, SIU; 3-Bill Simms, SIU.

Horizontal Bar - 1 - Wolf, SIU; 2-Bruno Klaus, SIU; and Russ Porterfield, Iowa (tie).

Parallel Bar-1-Orloffsky, SIU; 2-Wolf, SIU; 3-Mitchell, SIU.

Still Rings-1-Gailis, Iowa; 2-Wolf, SIU; 3-Erlich, SIU.

Tumbling-1-Mitchell, SIU;

2-Bill Sayre, Iowa; 3-Rush, SIU.

Chases Winter Blues With Thoughts Of Spring

Holder Banks On Winning Trio To Give SIU Its Best Golf Year

It might not be perfect golf weather but Southern's golf coach, Lynn Holder is looking forward with great optimism to the spring season.

A tournament-tested threesome, Gene Carello, Jim Place and Bob Payne, might lead the Salukis to its finest year ever, in 1963.

ED SPILA

Spila Quits BB Because Of Poor Season

Ed Spila, third-team Little All-American last year, quit the SIU basketball team Friday because of his "sub-par" performances this season.

Spila, who had never played a minute of basketball before coming to SIU in 1959, was dissatisfied with the way things were going so he quit rather than hurt the team anymore with his "poor" play.

Cagers Snap Losing Streak To Win 99-68

Rod Linder, a junior guard, came off the bench Saturday night to score 21 points in SIU's surprisingly easy 99-68 basketball win over Kentucky Wesleyan.

It was the most points scored this season by the Salukis as they snapped a two-game losing streak.

SIU fourth-ranked in the United Press poll before the game now must play two other ranked quintets this week. Southern plays the 10th ranked Southeast Missouri team Wednesday night at Carbondale Community's Bowen Gym. Then Saturday night the Salukis travel to Nashville (Tenn.) to play third-ranked Tennessee State.

Linder played only 20 minutes of Saturday's game but hit five of five field goal attempts and 11 of 13 free throws for his 21 point total. Four of his five baskets came on easy layups after stealing the ball from Wesleyan backcourt men.

SIU co-captain Dave Henson and Harold Hood tied for runner-up scoring honors with 15 points each.

Jack Hartman was "well-pleased" with the victory and expressed hope for the future.

"Our next four games are tough," Hartman said, "I hope this win gave the boys the necessary mental lift to start on a winning streak."

Holder, who has guided SIU to 93 victories in their last 117 matches, including 45 of 46 at home, believes Carello, Place and Payne "will be able to hold their own with the top three golfers of any collegiate team in the country."

All have outstanding credentials in the form of titles and trophies won in amateur competition last summer, and are determined to maintain Southern's record despite the fact that the Salukis will be facing stiffer competition this spring in their first season as an independent.

Payne, a 180-pound, long-driving sophomore, was one of the summer sensations as he came from nowhere to cop the Fairfield Open and the Southern Illinois Golf Professional Association championships.

Carello established a new course record at Benton while winning the Gold Cup tourney and also capturing the Jackson County Invitational and the West Frankfort Fall Classic. Place won the amateur division of the Southern Illinois

GOLF CHAMPIONS -- Chief reason why Southern's golf coach Lynn Holder is anxious for the 1963 season to get underway is the presence of three talented veterans of area tournaments.

Saluki stars Gene Carello and Jim Place look on as Bob Payne displays trophy which he claimed last summer when he won the Southern Illinois Golf Association's championship.

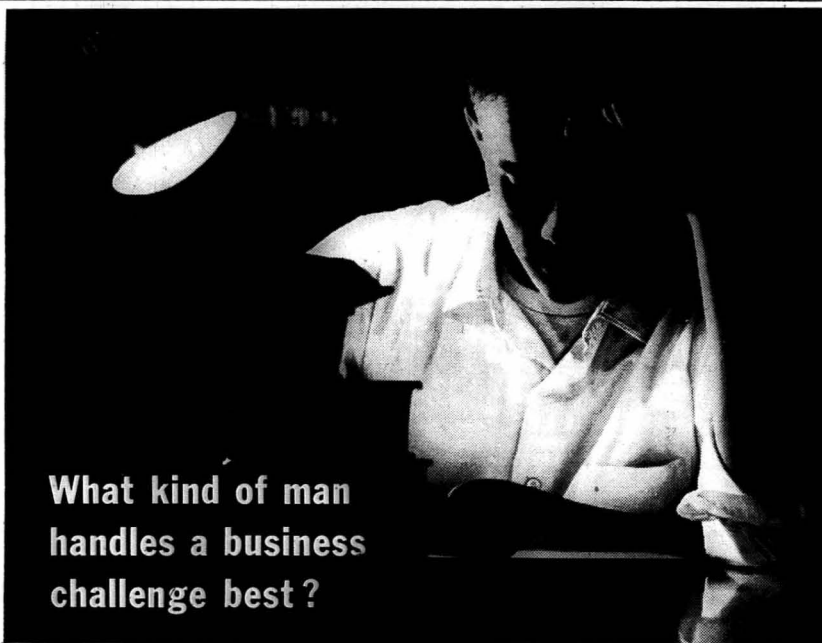

Golf Professional Association's meet at Crab Orchard.

In leading the Salukis to a 15-4 record last season, Place posted a 16-2-1 record while

averaging 73.9 strokes. Carello, who won 13, lost five and tied one, averaged 75.4.

Holder's only immediate concern is development of

second-liners, but the veteran SIU coach claims top prospects in Leon McNair, Jerry Kirby, Roy Lee Gish, John Krueger, and Bill Muehleman.

What kind of man handles a business challenge best?

A board chairman talks about tomorrow's executives...

The Bell System has always sought men who could keep telephone service constantly improving. Men with exceptional engineering talent, men with equally outstanding managerial potential. Such men are widely sought on college campuses across the United States. And with the future of communications unfolding so rapidly, the search has intensified.

But still there is the old question to be answered, "What kind of man handles a business challenge best?" A midwestern college audience recently heard these comments in a talk by A.T.&T. Board Chairman, Frederick R. Kappel.

"...We took the records of 17,000 college men in the business who could fairly be compared with each other, and, examining their records, sought the answer to the question: 'To what extent does success in college predict success in the Bell System?' ...

"...The results...

"...The single most reliable predictive indicator of a college graduate's success in the Bell System is his rank in his graduating class.

"A far greater proportion of high-ranking than low-ranking students have qualified for the large responsi-

bilities... While a relationship does exist between college quality and salary, rank in class is more significant...

"...What about extracurricular achievement?... Men who were campus leaders reached our top salary third in slightly greater proportion than those who were not. But it is only real campus achievement that seems to have any significance. Mere participation in extracurricular goings-on does not...

"...What we have here, as I said before, are some hints—rather strong hints—about where to spend the most time looking for the men we do want, the men with intelligence plus those other attributes that give you the feel, the sense, the reasonable confidence that they will make things move and move well... They want to excel and they are determined to work at it...

"...Business should aspire to greatness, and search diligently for men who will make and keep it great..."

FREDERICK R. KAPPEL, Chairman of the Board
American Telephone and Telegraph Company

Bell Telephone Companies
