Alumni Back On Campus For Class Reunions Today

5 Distinguished Grads To Be Honored

Five distinguished alumni will be honored by the SIU Alumni Association at the annual Alumni Day banquet today. The banquet will be held at

6:30 p.m. in the University Center Ballroom. President Delyte W. Morris will give a review of the year's activities at Southern.

Two members of the Class of 1934, both in the field of chemical research, will receive Alumni Professional Achievement awards at the banquet.

They are Richard T. Arnold, president of Mead Johnson Research Center, Evansville, Ind., and Ralph B. Thompson of Hinsdale, manager of division research with Nalco Chemical Co., Chicago.

Three others, Mrs. John S. Lewis of Carbondale, Dr. Guy W. Lambert of West Frankfort and L. Goebel Patton of Springfield, will be presented achievement awards for service to Southern and the SIU Alumni Association.

Mrs. Lewis is a member of the Class of 1932, Lambert the Class of 1933, and Patton the Class of 1938.

The Great Teacher for 1963, chosen by ballot of alumni

and seniors, will also be presented at the banquet. The recipient of this award, whose name will be withheld until the dinner, will be given \$1,000.

Arnold, since 1960, has been directing industrial research for the Mead Johnson pharmaceutical firm after five years as program administrator for Alfred P. Sloan Foundation and eight years at the University of Minnesota, where he was chairman of the chemistry department.

Thompson, who is now with Nalco Chemical Co., established his career in the field of petroleum chemistry. He started as a chemical research assistant to James D. Conant, president of Harvard University.

Mrs. Lewis, the former Elizabeth Harris, has been secretary of the Alumni Association's board of directors since 1949. She has served on the Legislative Council and has been a member of numerous committees of the Association. She is the wife of Dr. John Lewis, Carbondale physician and surgeon.

Dr. Lambert, a West Frankfort dentist, has been a member of the Alumni board of directors since 1954 and was president of the Association in 1956-57.

Patton, a former West Frankfort high school principal, is now public relations associate on the staff of the Illinois Education Association. He has been on the J.J. Foundation board of directors for 12 years.

Poet's Notes Presented To SIU Library

A collection of manuscripts and notebooks of George Barker, distinguished contemporary poet, have been presented to Morris Library by Philip D. and Elsie Sang of River Forest.

Ralph W. Bushee, rare book librarian, said, the collection includes three manuscript notebooks, one containing outlines, poems and other notes and the other two each containing a complete poem--"The Dying and Heroic Captives of Italy" and "The True Confession of George Barker, Part II."

More than 20 letters written by and to Barker are also in the collection, among them letters from Walter de la Mare, Frederick Prokosch and T.S. Eliot, Michael Tippett, Stephen Spender, Edwin Muir and John Betjeman.

Barker, who wrote his first novel, "Alanna Autumnal," and published his first volume of verse, "Thirty Preliminary Poems," at the age of 18 spent several years in the United States in the early 1940's.

FINAL JOLT - Karen Kunkle (foreground) seems a bit dismayed after getting the first look at her English final. But Susan Ryba (rear) appears ready to wade right in. Finals end Tuesday.

Summer Hours To Start June 17

Summer hours will go into effect June 17. John E. Grinnell, vice president for operations, has announced.

Because summer session classes begin at 7:30 a.m., all administrative and departmental offices of the University will be open from 7:30 a.m. until 4:30 p.m., Monday through Friday.

Saturday hours remain from 8:30 a.m. until noon.

Union Jack To Fly Here In Salute To Queen Elizabeth Today

At high noon today, the Union Jack will be raised in front of Old Main, marking the official birthday of Queen Elizabeth of England.

A party headed by President and Mrs. Delyte W. Morris, a British newspaper publisher and his wife, and others, will be the official observers.

The group will gather at the Office of the President at 11:30 a.m. Students and all interested persons in the community are invited to attend the flag raising.

Among those who will make up the official party are Major and Mrs. H.R. Pratt Boorman, Maidstone, England, Mr. and Mrs. Stafford E.D. Barff, O. B.E., British Consul in St. Louis.

Also Mr. and Mrs. Herbert R. Davies of Cobham Surrey, England. Davies has been visiting professor on the SIU campus during Spring Quarter.

Two newspaper publishers from the state of Missouri are expected. They are Lewis W. Rool of DeSoto, and James L. Miller of Washington.

Illinois publishers expected are Mr. and Mrs. Howe V. Morgan of Sparta, and Oldham Paisley of Marion.

Charles Mayfield of Springfield, president of the SIU Foundation, and Mrs. Mayfield, Mrs. Martin V. Brown of Carbondale, and William Bracy, vice president of the SIU Alumni Association and Mrs. Bracy of Herrin, have all indicated they will attend.

University people on the guest list include President and Mrs. Morris, Howard R. Long, chairman of the Department of Journalism and Mrs. Long, and Col. George Herman Blase of Southern's AFOTC, and Mrs. Blase.

An honor guard of the SIU Reserve Officers Training Corps will raise the flag. Major Boorman is expected to present the British colors to President Morris for the University.

The informal ceremony follows the raising of the American flag over the hometown city hall of Major Boorman on July 4th, 1961 and '62. Chairman and Mrs. Long brought the British flag back from England last summer with the idea that it be raised.

on the Queen's birthday this year.

A dinner honoring the Boormans, will be held Monday evening at 7 p.m. in the Renaissance Room of the University Center. It will be given by the Journalism Department.

Among those who will toast the Queen at that time will be the visitors from England, the senior members of the Journalism Department, C. Horton Talley, Dean of the School of Communications, Mrs. Talley and others.

Preceding the dinner, Mrs. Morris will entertain at her home, 4 to 5:30 p.m., for the English guests. About a hundred wives of newspaper men and academic people from both the Carbondale and Edwardsville campuses also have been invited.

Associated Press News Roundup:

Allies Plan New Defenses Along The Iron Curtain

PARIS

MANILA

Gen. Lyman L. Lemnitzer, supreme Allied commander in Europe, said the Allies are planning a line of physical defense near the Iron Curtain in the event of an attack.

The plan, being worked out by his command, "when implemented will provide direct physical resistance to any enemy attack immediately in the vicinity of the Iron Curtain," Lemnitzer told a meeting of the Western European Union assembly.

The Western European Union assembly is an advisory body with members from Britain, France, Italy, West Germany, Belgium, Holland and Luxembourg.

SPRINGFIELD

The Illinois House yesterday approved bills requiring state employees to retire at 65 unless their department heads permitted them to stay until 70.

A vote of 90-54 moved the measure to the Senate for further action. The legislation would apply to employees covered by the state personnel code in departments and agencies under the governor.

Policy makers of Malaya, Indonesia and the Philippines called for unity and brotherhood among those nations of Malay stock in opening a conference Friday that could make or break the proposed Federation of Malaysia.

Indonesians and Filipinos have viewed critically the federation plans that would make a new nation of Malaya, Singapore and the British Borneo territories of Sarawak, Brunei and North Borneo, this summer.

TUSCALOOSA, Ala.

A highway patrol task force has moved onto the University of Alabama campus to complete preparations for reintegration of the white institution.

Gov. George C. Wallace has stated repeatedly that there will be no violence when Negroes Vivian Malone, 20, of Mobile and James A. Hood, 20 of East Gadsden enroll next week.

Wallace has said he will carry out his plan to physically prevent their admittance despite an order from a federal court judge that he not interfere in any way.

WASHINGTON

Lincoln White, one of the most quoted men in the United States as spokesman for the State Department, is going to a new foreign assignment.

Secretary of State Dean Rusk announced today that White, 57, has been appointed to serve as consul general in Melbourne, Australia.

White has been in State Department public information work since 1939. He became assistant director of the office of news in 1953 and became the chief spokesman as acting director in 1955. He has been in charge of the office since 1957.

BONNEY DILLMAN

JERRY MOYE

WILLIAM SPICER

3 Baptist Student Union Members Will Be Summer Missionaries

Three members of the Baptist Student Union at SIU have been selected for positions as summer missionaries.

They are Jerry Moye, a senior from Ridgway; Bonney Dillman, junior from Ingham; and William Spicer, junior from Crossville.

Moye and Miss Dillman are being sponsored by the Illinois Association of Baptist Student Unions and Spicer will work under the Home Missions Board of the Southern Baptist Convention.

Moye, who was selected to work in Hawaii, is an English major who plays the piano and organ as well as sings. Moye is the president of the Baptist Student Union at SIU.

Last summer he worked for the Home Missions Board in Indiana. In Hawaii Moye will work in Vacation Bible Schools, conduct community surveys of religious life, and preach in various churches.

Licensed to preach last January 20, Moye is now a foreign missions volunteer.

Miss Dillman will be doing the same type of work in New Mexico. An elementary educa-

tion major, she also plays the piano.

She is a church representative for the BSU and has worked on several of their lay evangelistic teams. Miss Dillman is also a foreign missions volunteer.

Spicer is a junior ministerial student who is majoring in mathematics. Licensed to preach in January, he was youth pastor for a week at the

Walnut Street Baptist Church.

Spicer will work in Wyoming for the summer. He is being sponsored by the Home Missions Board and is one of approximately 600 students who will be working under the Board this summer.

Specifically interested in evangelism, Spicer is planning to attend Southwestern Baptist Theological Seminary upon his graduation.

Henry N. Wieman:

Commuter Prof Travels 680 Miles To Teach A Class

College students frequently commute to nearby schools for courses, but only a dedicated professor would regularly travel 680 miles round-trip to meet with his class.

Henry N. Wieman, visiting professor of philosophy has completed his second term of just that—traveling 340 miles from Carbondale to teach at Meadville Theological School in Chicago.

Boarding a train every Sunday during the spring term, Wieman commuted to Chicago to conduct a seminar course in philosophy of history on Monday and Tuesday. He returned to SIU late Tuesday night. During the winter term last year, he taught another class the same way.

The SIU professor was subject of a 423-page book published earlier this year by The Macmillan Company, New York, in its "Living Theology" series. The work cites him as "one of the great teachers of the twentieth century."

Wieman's willingness to give so much of his time,

HENRY WIEMAN

even with the approval of SIU officials, perhaps bears this out. Asked why he kept up the grueling pace of a commuter-teacher in addition to his regular schedule of teaching, lecturing and writing, he replied, "They needed me, and asked me to come."

Cass Salvages Research From Ashes Of His Lab

George H. Cass, associate professor of physiology, has literally pulled his cancer-research project out of the ashes.

Cass, who came to Southern in 1959, lost his laboratory on East Park Street last August when fire razed the frame residence in which it was housed.

Dead were 2,300 laboratory mice and a few rats, many of them with ulcers and tumors induced by caffeine and synthetic hormones. Many records were badly damaged or lost.

Shaken by the experience but determined, Cass set up the SIU Endocrinologic Pharmacology Research Laboratory in a vacant house next door the following month.

The work of the 38-year-old Pennsylvania native has resulted in grants totaling

\$110,694 coming to Southern for his cancer research.

Latest award was an April grant of \$45,693 from the National Institutes of Health to further his studies on female sex hormones in relation to cancer. The award will cover a three-year experiment designed to determine whether it is the cyclical, or normal, occurrence of estrogen (female sex hormone) in the female that produces breast cancer or whether it is the level of the hormone that is the deciding factor.

This is the outgrowth of a study just completed which, Gass said, has established definitely that the occurrence of breast cancer is related to the amount of female sex hormone present.

Crime And Correction Meeting Here June 10

Crime and correctional officials from seven states will attend the 12th Annual Regional Conference on Correctional Education on campus June 10-12.

Keynote address is to be given by Harry Tinsley, Canon City, Colo., prison warden and president-designate of the American Correctional Association. Theme of the meeting is "Making Correctional Education Correctional."

It will be the second meeting at SIU for the conference, which moved here last year from Purdue University. Myrl E. Alexander, director of the SIU Center for the Study of Crime, Delinquency and Corrections, said Southern is expected to become the permanent conference site.

Alexander said about 100 delegates from Illinois, Indiana, Ohio, Kentucky, Michigan, Wisconsin and Missouri are expected to attend. Meetings will be held in the University Center.

Program for the three-day conference includes a trip to the new U.S. Penitentiary at Marion. The prison warden, J.T. Willingham, is among scheduled speakers.

Conference advisory directors, in addition to

Alexander, are Leslie Hines, director of education at the Illinois State Penitentiary, Menard; A. Bruce Norton, conference coordinator for the SIU Crime Center; and Benson B. Poirier, assistant dean of the SIU Division of University Extension.

Thomson Leaving For Indiana Post

K.A. Thomson, lecturer in agricultural engineering for the past two years, has accepted a position with the Indiana Farm Bureau Cooperative Association at Indianapolis, effective June 15. He will be the organization's engineer in product research.

Thomson, a native of Aliceville, Ala., joined the SIU agricultural industries faculty on term appointment in Sept., 1961, after receiving a bachelor's degree in agricultural engineering from Mississippi State University, State College, Miss. He has served one year in the place of Milton Shute, SIU agricultural engineer on leave for doctoral study, and continued during the last year in teaching, research and service to the University Farms.

23 Freshmen Coeds Tapped By Honorary

Twenty-three freshmen women have been initiated into Alpha Lambda Delta, fresh men women's honorarary society.

An over-all grade point average of 4.5 is required for membership in Alpha Lambda Delta.

The initiates are: Kare Nash, Cherrolyn K. Brown Lynn D. Springs, Carol A. Bartels, Mary B. Sinstler, Ten L. Washington, Shirley A. McConkey, Sandra K. Byford and Georgann S. Percival.

Norma J. Unzicker, Donn J. Duncan, Mary K. Gornatt Cheryl A. Prest, Dorothy I. Hood, Carol L. Sturm, Rebecca R. Nelson, Mary A. Bolerjack, Shirley Combs Eunice A. Evans, Dorothy A. Hill, Sharon R. Huebner, Jun L. Mueller and Mary E. Gibson.

Former SIU Prof:

Major W.M. Drennan Dies In Scott Air Force Hospital

Major William M. Drennan, 47, a resident of Carbondale and a former assistant professor in Air Science at SIU, died Friday morning after a two-year illness.

W.M. DRENNAN

At the time of death, he was a patient in the Scott Air Force Base hospital where he was assigned in April of this year.

Surviving members of his family include his wife Margaret, twin sons, Terry and Jerry who are students at SIU, another son, William, a graduating senior at Carbondale Community High School and a daughter, Judith, a CCHS sophomore.

The family lives at 609 McKinley Ave.

Major Drennan, a 21-year veteran of military service, was born in St. Louis. He was assigned to the Carbon-

dale Campus in July of 1960. Funeral services will be at 1:30 p.m. Monday at Huffman Funeral Home.

Many Foreign Students Seek To Live With Americans

Many foreign students who plan to come to Southern have been writing to the Foreign Student Office in the Graduate School, requesting to share rooms or apartments with American students or live with American families in order to learn more about the country during their stay here.

Mrs. Mary Wakeland, assistant advisor of foreign students, said a typical request is "I want to meet a Quaker family" or "a Roman Catholic family." A Chinese girl who is experienced at baby-sitting wishes to live as a member of a United Presbyterian family, she said.

A French-speaking young woman from Laos hopes for an opening to live with an American family as a companion or tutor. Many requests come for American roommates, Mrs. Wakeland said. International correspondence on many subjects keeps

pouring in at the Foreign Student Office, she said.

Boy Cheerleaders

Tryouts for boy cheerleaders will be held on September 19, according to Mary Dills, head cheerleader. Boys must have a 3.0 overall grade average to qualify. Interested persons should contact Miss Dills at Baldwin Hall or through her home, 819 Monroe, Evanston, during the summer.

Recent News Events That Relate To Today's Headlines News In Perspective

Compiled By Leonard J. Hooper

From Associated Press Dispatches

GENEVA - United States and Soviet Union diplomats reached agreement here yesterday on the technical details for a hot line designated to prevent an accidental war.

Full details were not immediately released.

The hot line -- a direct communication either by telephone or teletype -- between President Kennedy and Premier Khrushchev was originally suggested by Kennedy.

He made the suggestion during the early stages of the Cuban crisis when it appeared evident that the United States was ready to mount a full-scale invasion of Cuba and Russia was threatening to retaliate.

CARACAS, Venezuela - Hundreds of Venezuelan police sought eight pro-Communists who Wednesday burned the U. S. Army mission, stripped occupants to their shorts and knifed a portrait of George Washington.

Three youths found loitering around the fire-blackened remains of the rambling, one-story Spanish colonial building were arrested for questioning.

Defense Minister Antonio Briceño Limares called on U.S. Ambassador C. Allan Stewart and expressed official regret.

A U. S. Embassy spokesman said the loss was small. The building was leased from the Venezuelan armed forces.

The Americans and their Venezuelan companions were left outside the burning building as the terrorists made off.

The eight gunmen had destroyed official records at the mission building, screamed "Yankee Imperialists" at the Americans and smeared walls with their identifying letters, FALN, the Armed Forces for National Liberation.

Scott Long, Minneapolis Tribune

TRYING IT AGAIN ... BEFORE HE LOSES HIS NERVE

VATICAN CITY - For the second time in less than five years, Giovanni Battista Cardinal Montini, Archbishop of Milan, is favored for election as the new Pope.

Although not a cardinal at the time, Archbishop Montini was mentioned often as a possible Pope during the 1958 conclave that elected Pope John. The cardinals do not have to name a Pope from among their number, but no prelate of lower rank has been elected in 600 years.

A non-Italian has not been elected Pope since the Dutch-born Adrian VI in 1522. Along with Cardinal Montini, the most prominent "papabile"--likely candidates--are all Italians.

VIENTIANE, Laos - The British-Soviet appeal to Laotian factions for peace appeared last week end to

Bruce Shanks, Buffalo Evening News

SPRING BONNET?

have fallen on barren ground in the vast territory controlled by the pro-Communist Pathet Lao.

Premier Prince Souvanna Phouma's office charged that the Pathet Lao staged another fierce attack against neutralist positions near the Plaine des Jarres, with foreign troops as the spearhead.

Coupled with this activity was a broadcast from Khang Khay, Pathet Lao headquarters, of a policy statement declaring a readiness to negotiate--but on Pathet Lao terms.

The broadcast statement avoided replying directly to the peace appeal by Britain and the Soviet Union, co-chairmen of the Geneva conference on Laos, delivered to Deputy Premier Prince Souphanouvong and his Pathet Lao aides at Khang Khay May 30.

TEHRAN, Iran - Rampaging Moslem mobs, screaming for the ouster of reformist Shah Mohammed Reza Pahlavi, roared through Tehran streets Wednesday battling police and troops. The government imposed martial law and claimed its forces had gained complete control.

The decree banned all public gatherings, including services in mosques. Hospital authorities said more than 20 persons had been killed before it was issued at sunset. About 1,000 persons were reported injured.

CHICAGO - James R. Hoffa, Teamsters' Union head, and seven associates were indicted Tuesday by a federal grand jury that charged them with fraudulently obtaining more than \$20 million in loans from the Central States Pension Fund.

The indictment contained 28 counts and followed two years of investigation by the grand jury and the Federal Bureau of Investigation.

It charged the eight men diverted more than \$1 million from the loans for their personal benefit. The total allegedly diverted included at least \$100,000 which the government charged was used to help extricate Hoffa from personal financial involvement.

This included his operations in Sun Valley, Inc., a Florida homes development in Broward County.

AIR FORCE ACADEMY - President Kennedy said Wednesday that the government would go ahead in the development of a supersonic commercial airliner that will travel two to three times the speed of sound and surpass any type that is being built in any other country in the world.

The President chose an appropriate setting for this announce-

ment, the graduation ceremonies of the Air Force Academy.

Development of the plane is expected to cost at least a billion dollars. The President attached an "if" to the announcement. He said that if designers failed to come up with a plane they believe would be commercially feasible, on which fares would be low enough to attract customers and that the carriers can afford, then the project will be called off.

JACKSON, Miss. - Negroes crusading against racial segregation here kept police on the run Tuesday with intermittent "pinprick" demonstrations.

Negro leaders said 11 demonstrations were on schedule. Police broke them up as fast as they started. In the first five, 29 persons were arrested.

The demonstrations were attempts to mount boycott picketlines in front of downtown stores and efforts to obtain service at cafes.

Eugene Payne, Charlotte Observer

THEY GO TOGETHER

WASHINGTON - Secretary of Agriculture Orville L. Freeman and British historian Arnold J. Toynbee disagreed Wednesday on whether science and technology could free the world from hunger and want.

In speeches prepared for the World Food Congress, Freeman said the world was at the door of abundance because of agricultural advances, but Toynbee declared science and technology could not do the job without worldwide birth control.

Guernsey LePelley, Christian Science Monitor

'THEY'RE DECADENT, THAT EXPLAINS IT'

BIRMINGHAM, Ala. - A federal judge issued a sternly worded injunction Wednesday forbidding Gov. George C. Wallace from physically blocking the enrollment of Negroes at the University of Alabama, but Wallace's office said his stand has not changed.

The governor has vowed to stand in the doorway to prevent Negro students from registering Monday.

U.S. Dist. Judge Seybourn H. Lynn handed down the decree. It ordered Wallace to keep hands-off in these terms:

"Preventing, blocking or interfering with, by physically interposing his person or that of any other

persons under his direction or control, the entry of Vivian J. Malone to the campus or any part of the campus of the University of Alabama on June 10, 1963, or any day at the University of Alabama."

An identical paragraph in the ruling applies to David M. McGlathery, who is scheduled to enroll Monday at the University's Huntsville campus.

Cliff Baldowski, Atlanta Constitution

'TROOPS, MARSHALS, HANDCUFFS! ANYTHING BUT THAT, BOBBY!'

SPRINGFIELD, Ill. - A Sunday closing law aimed at freeing hundreds of thousands of persons who now must work on Sundays passed the Illinois Senate Tuesday after a heated, two-hour debate.

The controversial bill was sent to the House on a 36-20 vote. Objectors branded the bill "legislative garbage" and predicted it would stifle competition between discount houses and downtown merchants.

Republican Sen. Egbert Groen of Pekin, chief sponsor of the bill, said its enactment would free perhaps one million "little people" who now must work on Sundays.

Groen said the main objective of the bill was to "protect the general welfare of the people" by giving them a day of rest.

Republican Sens. David Davis of Bloomington and Donald Carpenter of East Moline opposed the proposal as did Democratic Sen. Anthony De Tolve, of Chicago.

Les Immel, Peoria Journal Star

SPRINGFIELD, Ill. - A bill permitting law enforcement officials to tap telephone wires moves to the Senate floor for debate after it successfully passed the Illinois Senate Judiciary Committee.

The proposal, backed by Chicago Police Supt. Orlando W. Wilson and other law enforcement officials passed the Senate committee Tuesday by a 10-1 vote. The vote came after the committee agreed to accept a recommendation from Cook County State's Atty. Daniel Ward that provisions be included to prevent "un necessary infringement" of privacy.

Wilson testified before the committee that authority to tap telephone conversations is the tool needed to curb organized crime.

Ward told the committee the New York, which legalized wiretapping more than 20 years ago, found it "the biggest single weapon" in fighting crime.

Opposition to the bill was voiced by Joel Sprayregen of Chicago, a attorney representing the American Civil Liberties Union, and Paul Thurlow of Joliet, an attorney and Presbyterian minister.

NCAA College Division Tennis Tourney Winds Up Today

SIU Certain Of 1 Berth In Finals

Even without its number one singles player Lance Lumsden, Southern's tennis team pulled a few upsets and placed three men in Thursday's quarter-final round of the College-Division of the NCAA championships in St. Louis.

Lumsden, who was seeded second in the tournament, did not return from his native Jamaica in time and consequently had to default his match. Coach Dick LeFevre failed in a last minute attempt to replace his number one star with Wilson Burge, because the entry list was already closed.

In yesterday's action at Washington University, SIU Captain Pacho Castillo, fourth-seeded in the tournament, advanced to the quarter-finals yesterday by defeating Jay Hakes of Wheaton College, 6-2, 6-0.

In second round action, Castillo had little trouble in downing Los Angeles State's Jim Mitchell, 6-4, 6-4. In other first round play, Bob Sprengelmeyer kept up his winning ways by defeating Steve Weiss of Northern Illinois, 6-1, 6-1. Then Bob came back in the second round and pulled an upset over seventh-seeded Jerry Johnson of Washington, 3-6, 6-1, 6-4. The second round victory earned Bob the right to advance to the quarter-finals yesterday morning where he met teammate Castillo.

The Salukis placed a third man in the quarter-finals yesterday as Roy Sprengelmeyer knocked off Rich Franabarger of Southwest Missouri State, 5-4, 6-2. The Salukis then came back in the second round, and like his brother, Roy also pulled an upset over sixth-seeded Lee Reid of Santa Barbara, 8-10, 6-1, 6-3.

Thursday's victories enabled Roy to advance to yesterday morning's quarter-final round where he met Roger Beach of Wittenberg.

In the first day of doubles play, the Sprengelmeyer brothers teamed up to turn back Dwight Guerrant and Dave Staichschmidt of Southwest Missouri State, 6-2, 6-2. Lumsden and Castillo were scheduled for doubles action Thursday, but had to forfeit

PACHO CASTILLO

ROY SPRENGELMEYER

their match because of the Jamaican's absence.

Aside from the Sprengelmeyer brother's two upsets, the remainder of the first day of play was marred by upsets. The major reversal of the day came when Trinity College's Harry Barris Jr. unseated fifth-seeded Hans Aasnaes of MIT.

Quarter-final action was played yesterday morning while the semi-final round was played yesterday afternoon.

The finals are scheduled for this afternoon.

Despite the loss of Lumsden, LeFevre seemed quite pleased with the results so far and if his squad can chalk up enough points in the St. Louis tournament, they would be eligible to go on to Princeton, N.J., for the University-Division NCAA championships on June 17-22.

LeFevre did not know when his number one star would reappear from Kingston.

SIU Netmen Have 55-5 Record

Going into today's NCAA College-Division finals in St. Louis, Saluki netmen have a combined season won-lost record of 55-5 for an impressive .917 percentage.

Bob Sprengelmeyer leads the field with a perfect 20-0 record. His taller brother Roy, has only dropped one singles match this year in 20 outings.

Captain Pacho Castillo is

low man on the totem pole with a 16-4 season's record for a .800 percentage.

Castillo met Bob Sprengelmeyer in yesterday's morning's quarterfinal round which means that only two Salukis can possibly advance to the finals this afternoon.

Team championships are determined by the point total. One point is given for each win.

Five-Man Team:

Saluki Trackmen At Houston Today, Then Go To Albuquerque For NCAA

Following this weekend's track meet at Houston, Tex., SIU's track squad will journey on to Albuquerque, New Mexico for the NCAA meet.

Lew Hartzog has five trackmen on hand today for the U.S. Track and Field Federation meet and will take the same five boys on to Albuquerque.

Jim Stewart, George Woods, Bob Green, Brian Turner and Bill Cornell are the Salukis on and for competition.

Stewart was scheduled to run in the 100 and 220-yard dashes yesterday. If he qualified for the finals, he will run again today. Stewart's best times this year in the dashes

were :9.6 for the 100 and :21.4 for the 220.

Cornell was entered in the half-mile run. He will be attempting to duplicate his 1:47.1 time which he turned in at the Drake Relays five weeks ago.

He posted that time with a running start but Hartzog feels the Britisher capable of breaking 1:48 with a flat start.

Green ran the preliminaries yesterday in the 120-yard high hurdles. If he qualified, he will run today in the finals.

Green's fastest time this spring has been 14.1. He will have to move faster than that to place in the meet, according to Hartzog.

Turner will be running the three-mile for the second time this spring. He finished first at Kansas in the SIU dual meet with a time of 14:35.

Last year he posted a 13:53 time in the event at the NCAA and figures to go faster than he has ever been this week at Houston.

Woods will be among some of the nation's finest shot putters in the world this weekend at the Federation meet. He probably will break 60-feet in the meet.

He has been putting the shot around the 60-foot mark this spring but has never cracked the mark. Several injuries have sidelined him this spring and kept him from working out properly.

EGYPTIAN CLASSIFIED ADS

The classified reader advertising rate is five cents (5c) per word with a minimum cost of \$1.00, payable in advance of publishing deadlines.

Classified display rates will be furnished on request by calling 453-2626.

Advertising copy deadlines are noon two days prior to publication except for the Tuesday paper which will be noon on Friday.

The Egyptian reserves the right to reject any advertising copy.

MISCELLANEOUS

Riverside Swimming Pool Murphysboro - Open daily - 1:30 to 5:00 p.m. 115-118p

1964 Captain:

Where Pratte Leads Ball Players Follow

Anyone who attended an SIU baseball game this spring could not miss the leadership which Mike Pratte showed on and off the field.

Pratte's leadership this spring was rewarded by his teammates with his choice as next year's captain on the SIU baseball team.

Pratte was the "holler" guy of this year's team which ended the year with a 15-6 record.

Pratte is the type athlete every coach likes and prays for. He has the ability and knowledge of baseball to be a top-flight baseball player and also has a sense of humor which keeps the team loose during a tight game.

Perhaps the most important factor behind SIU's pitching success was the work Pratte did behind the plate.

"I usually call the game that I want a pitcher to throw," Pratte said recently. "I know where a hitter probably will hit and what pitch he likes to hit."

"Seldom will a pitcher shake me off," the veteran catcher explained, "this year I don't think I was shaken off more than 10 times in 30 some games."

"We had a young pitching staff with little college experience, thus they relied on me most of the time to call the pitches," he commented.

Ed Walter, one of two freshmen pitchers on this year's SIU baseball team, agreed with

Pratte that he called most of the pitches.

"Several times this year I relied on Mike to take me out of a jam," Walter said, "He knew which of my pitches was working the most and which pitch probably would get the hitter out."

John Hotz, who beat Southeast Missouri 3-1 in 13 innings, also agreed that Pratte is the guy to have behind the plate when your pitching.

"He knows the hitters and how to pitch to most of them," Hotz commented. "Usually if Mike didn't know a hitter we would keep the ball low in order to get the ground ball."

Pratte hit .316 this spring with 24 hits in 76 times at bat. He drove in 15 runs during the season. He also hit three doubles, one triple and one home run.

Pratte has lettered three years in baseball at SIU and one year in basketball.

He has been playing baseball since he was nine years old. He likes the catching position.

"I am always doing something behind the plate," Pratte said. "I'm not afraid of getting hurt back there. I have plenty of equipment to protect myself."

"I got interested in catching just by playing the position when I was young," he said. "My brother was a third baseman so I wanted to play and I turned to catching and liked it. I have been there ever since."

MIKE PRATTE

Joins SIU Team:

Tennis Coach LeFevre Going To Saigon June 28

John R. LeFevre, associate professor of health and physical education and varsity tennis coach, will leave the campus June 28 to join a SIU education team in Saigon, Vietnam.

LeFevre, his wife and three children, expect to be in Saigon for two years. He will serve as consultant in health education.

At Southern for the past eight years, he previously was supervisor of health and physical education and athletics in the Arlington, Va., public school system. A native of Elkhart, Ind., he obtained his bachelor's degree at Ober-

lin College in Ohio and his master's and doctor's degrees at Columbia University. He taught at George Peabody College in Nashville, Tenn., before going to Arlington.

LeFevre has written a number of publications in health and physical education. He and Donald Boydston, chairman of health education at Southern, are co-authors of the book, "Free and Inexpensive Health Instruction Materials," published by the Southern Illinois University Press.

He also has directed projects for the state Office of Public Instruction and Department of Public Health.

Most Valuable Players Named Next Week

Later this spring SIU's most valuable athlete will be selected by the most valuable players of each SIU athletic squad.

The Most Valuable Players are expected to vote early next week.

The SIU Most Valuable Athlete will receive the Henry Hinkley award. The award will be made fall quarter by the Sigma Pi, men's social fraternity.

Jim Dupree is the present holder of the trophy. He ran on SIU's track and cross-country teams last year and was a member of the track squad this spring until a student activities committee ruled the athlete ineligible from further competition.

Social Problems Group Elects Snyder Veep

Charles R. Snyder, professor of sociology, has been elected 1963-64 vice president of the society for the Study of Social Problems.

The Society is the national organization of the sociological profession concerned with the application of sociology to major social problems and issues. It has about 800 members.

Snyder, who came to SIU in 1960 from Yale University, served as chairman of the Society's committee on drinking behavior in 1959-60.

JOHN SIEBEL

John Siebel Plays His First Full Season In SIU Outfield

John Siebel, sophomore outfielder from Lemay, Mo., played his first full season for SIU this spring and enjoyed it.

Last spring Siebel broke a bone in his foot which sidelined him for the last nine games of the season but he came back this year healthy and remained that way throughout the season.

At the start of the season Glenn Martin was worried about who would replace Charles (Duke) Sutton in centerfield this spring. Sutton signed a major league contract with the Houston Colts last spring after graduation.

He had played center-field for three years and Martin didn't know who would replace him.

But Siebel stepped in and did

a terrific job, according to Martin.

"I was worried about Siebel in the position," Martin said, "but he did a marvelous job covering ground. He played the position like he was an old pro."

He ended the season with a .304 batting average. He hit safely 31 times in 102 appearances at the plate. Siebel led the team in number of at-bats and runs scored. He crossed the plate 23 times.

Siebel has two more years of eligibility remaining and Martin is looking forward to the next two seasons when he will not have to worry about the centerfield position.

Siebel plans to play baseball this summer to stay in shape.
