## Olga Adams Talks To ACE Friday

"Any person in the field of teaching must study constantly and keep his procedures up with his knowledge," Miss Olga Adams told primary teachers of Southern Illinois and members of SIU's chapter of ACE last Friday evening at their annual banquet in Johnston City.

"There are four important factors in making successful teachers," she continued, "good human relations with all people of any age; the desire to work and cooperate with people in all ways; resourcefulness, initiative and creative ability; and good training and new knowledge in the teaching field."

Miss Adams went on to say the three ways we may get after help for renewed spirit are by going to the immediate community in which we work, going back to our training schools, and going to professional organizations in the field.

# Student Leaders Pledge Budget Request Support

Student Leaders pledged their support to President Morris' SIU budget request in a meeting Friday afternoon in the cafeteria.

Representatives of the Egyptian, Student Council, ISA, Inter-Greek

Council and leaders of organized living groups discussed methods of obtaining popular support of the budget before it is presented to the state Budgetary Commission.

Upon a suggestion from the group, Dr. Morris agreed to speak to the student body in two special assemblies on Southern's financial needs early in winter term.

Student Council president Bob Edgell will appoint a committee of students to help carry out the details of arranging the assemblies and planning other methods of gaining support.

After a short introduction by Dr. Morris, a meeting was drawn open for discussion of means of enlightening Illinois voters and legislators on SIU's needs.

Some proposals are:

1. Students write letters to their representatives and senators telling SIU's needs.

2. A petition to the State Legislature signed by every SIU student.

3. A special edition of the Egyptian and ALUMNI Magazine.

4. A special student trip to Springfield to visit the Legislature in session.

However, the decision to have the assemblies was the only definite plan adopted by the group.

This was the second in a series of meetings held by Dr. Morris and student leaders to discuss student support of the proposed SIU budget. Another meeting is planned after winter term begins.

## SGF Drive To Bring Thanksgiving Dinners To Poor Needs Pennies

Two days' collections have brought in \$7.29 for the SGF's drive to help needy Carbondale families have a Thanksgiving dinner.

According to Don Jucker, a donation of one penny from each student would provide enough to serve a dinner for six families. Two cents donation from each student would provide for twelve families.

There are 16 containers for the purpose of receiving donations scattered about the campus.

## Shahn Exhibit Ends Tomorrow

The Allyn Building exhibit of the work of Ben Shahn, contemporary American artist who appeared at Friday's Freshman Assembly, will end tomorrow.

Being shown are Shahn's color drawings, water colors and silk screen prints. The drawings reveal Shahn's "continuous and eager search for direct, technically uncomplicated means of communication," according to Prof. Barrett H. Shroock, chairman of the art department.

Shahn, who is also a muralist and cartoonist, came to this country from his native Lithuania in 1906. He grew up in a poor section of Brooklyn and attended New York University and City College of New York before studying at the National Academy of Design.

About a dozen crafts sent delegates to the organizational meeting, held at the SIU Vocational-Technical Institute. Present were officials of Brick, Masons, Electrical Workers, Cement Workers, Hod Carriers, Operating Engineers, Plumbers, Teamsters, and Retail Clerks Unions, and trades councils.

Dr. George Hand, vice-president of SIU is expected to talk at the next council meeting, Dec. 2.

## How Mean Can You Get?

How mean can you get? Don Idecker of the Student Christian Foundation thinks he has the answer to this question.

He reports that a person or persons has been filching money from the boxes placed for donations to the SCF Thanksgiving Food Fund Drive. Although he has no estimate as to the amount of cash stolen, he is certain that all donations have not reached their proper source.

## Experimental Artist Speaks Friday

"All serious art belongs in our world picture," said Ben Shahn one of America's best known experimental artists, speaking at the freshman assembly Friday.

Shahn spoke on "Social Commentary in Art." He said:

"Non-objective art is the true reflection of our age and is part of everyone's life."

Shahn, a Russian-born artist, is the author of an article on cartoons in a recent issue of Art News magazine, and his techniques were the subject of extensive coverage in Life magazine last month.

More than 20 of Shahn's paintings are on display in Allyn Art Gallery and will remain there through November.

The SIU teams with their records at Bradley were: Gene Penland and Leon Scroggins defeated Lovla, Bradley, and Augustana, lost to Notre Dame; Dorothy Beck and Sue Alice Martin defeated Northwest-ern University, Principia and Loras, lost to Carleton; Richard Riecke and William Holton defeated Augustana, Ill. and Eastern Wisconsin, Ill. lost to Bradley; William Hull and Gerald Hill defeated DePaul, Monmouth and St. Thomas, lost to Northern Ill.; Ted Foster and Charles Dekhouse defeated Bowling Green, North Central and Iowa Central, lost to Ill. In the individual events SIU students accepted for admission to or in attendance at a graduate school after July, 1951 satisfy the criteria if they ranked among the upper one half of the male members of their senior class or made a score of 75 or better on the test. Graduate students admitted after January 1, 1953 must have ranked among the upper one fourth of the male members of their senior class or make a score of 80 or better on the qualification test.

General Herhey has emphasized many times that the criteria are a flexible yard stick used to guide the local boards, and that the standards may be raised any time necessary for manpower demands.

The Dec. 9 test will be the fourteenth administration of the tests since the program was inaugurated in May, 1951. To date, some 600,000 students have taken the test. More than 60 per cent of this number made a score of 70 or better on the test.
