This Article is brought to you for free and open access by the Daily Egyptian 1958 at OpenSIUC. It has been accepted for inclusion in November 1958 by an authorized administrator of OpenSIUC. For more information, please contact [opensiuc@lib.siu.edu](mailto:opensiuc@lib.siu.edu).

# Crews Denies He Pulled Gun; Prof Says Yes

Campus policeman Ardell Crews denied that he pulled a revolver to stop a jaywalking student "within a week" after sophomore Arthur Allison had been halted by a shot from Crews' weapon, Nov. 7.

Raymond Scott Rainbow, English lecturer, told the Egyptian last week he saw Crews chase a student down University ave. and pull a gun within a week after the Allison incident. When asked Thursday morning about the second incident, Crews said, "Nothing has happened."

Informed that Crews denied the incident, Rainbow said he was sure he saw Crews chase the student and pull the gun. Rainbow said he knows the student involved and that the student denied the incident. Rainbow said he does not know the student's name, but added he knows the student well.

University officials talked with Rainbow and Crews at separate times last Friday.

**RAINBOW CHANGES DESCRIPTION OF ACT**  
Rainbow said Sunday he does not know whether or not Crews actually pulled a gun and that he is not sure when the incident happened. "I saw Crews fumbling for his gun and placing his hand on the gun as he chased the student," said Rainbow.

Last week Rainbow said he saw

the incident "within a week" after the shot was fired by Crews. Rainbow said Sunday he has "thought it over" and can only say now that it was "during the first or second week of November."

The student told Rainbow he has never seen Crews, according to Rainbow.

"Either I am wrong, or the student is trying to protect himself," said Rainbow. "I don't give a darn who believes me or not, but the 15 to 25 students who saw the incident and who don't report it are not worth believing as college students."

**NOT A CRUSADER**  
"I am not a crusader, but I feel I should report what I see," Rainbow was scheduled to give a written report of what he saw to Vice President George Hand Monday.

Dr. Hand said Friday that "it makes a big difference" whether or not the reported gun-drawing happened before the Nov. 7 shooting.

Crews' statement of Oct. 23 was again for the incident happened before Nov. 7, according to Hand. Crews was reprimanded for shooting without Allison's permission for 20 hours of work in the Office of Student Affairs.

The President's Office pointed out that it is Rainbow's word against Crews' at the present and that if there are witnesses who confirm Rainbow's word, no action will be taken.

# Sig Kap Wins First In AKA Talent Show

Sigma Kappa won first prize at the Alpha Kappa Alpha Talent Show Friday at Shroyok Auditorium.

Marjorie Flynn, sponsored by Sigma Sigma Sigma, won the second place trophy, with her pantomime of "The Lady is a Tramp." The Sigma Kaps presented a skit featuring Angie Ramirez, Nadine Hansen, Marsha Van Cleave, Mary Jane Hogan, and a chorus line. Gladys Smith was narrator of the winning presentation, which dramatized a country girl (Miss Van Cleave) coming to Broadway to become a star.

"Two punks (Miss Ramirez and Miss Hansen) gave the girl a sample of big city life with a rousing pantomime of "Jailhouse Rock," with the former singing and the latter playing a banjo.

"Miss Van Cleave in return gave a pantomime of "I Can't Say No," from "Oklahoma" and the chorus pantomimed "Life Upon the Wicked Stage."

Miss Flynn, dressed in a flamboyant green dress, gave a fiery pantomime of her second place presentation.

# Scaffold Constructed For Main Repairs

The scaffold at the base of the tower on Old Main has been constructed to aid workers in repairing cracks caused by several direct strokes of lightning.

William Howe, director of the physical plant, said the building had been struck by lightning three times, and that there were cracks in the metal and wood which helps support the tower.

Howe added that lightning protectors are being procured, and that they will be installed in the near future.

The cracks appeared on the west and northwest corner of the tower.

# SIU Student Hurt In Car Crash

Doctor's Hospital in Carbondale has reported that Janet Hule, an SIU freshman from Seneca, has regained consciousness and is in an improved condition.

Janet was injured critically in a head-on collision on Route 13 on Nov. 7. Two other freshmen also injured in the crash were the driver of the car, Timothy O'Brien, and another passenger, Sharon Allen. Miss Allen was released from the clinic on November 17.

O'Brien was released shortly after the crash.

Howard Calvin was elected to the post last week by a board composed of the present resident fellows and the head resident councilor. Calvin began his duties immediately following the appointment.

**HEADS NEA**

# BAND STAND 91 TOPS ON WSRV

Musie by the big bands, vocal numbers, novelty discs, instrumental ballads, and vocal groups are the ingredients for Band Stand 91 on radio Southern, WSRV-FM, 91.9 on the radio dial, announced Dan Bode of the WSRV staff has a program Monday through Friday from 5 to 6 p.m. The fast-moving show features popular songs mixed with light, easy chatter.

The show which does not play rock-and-roll music or accept any requests, plays records by stars such as Frank Sinatra, Polly Bergen, Mandy Paterson and the High-Lows.

"We interview any personalities that come to campus or are in the area," commented Bode, "and play the tapes on the program as soon as possible. We interviewed Lorry Peters when she was here for Homecoming.

"On the show we have been bringing back some of the old time hits to the younger generation may not have heard. Most of the old songs we play have been made into new arrangements by the bands today."

When Bode was asked what he considered the most popular part of the show he said, "Music breeds happiness and we try to convey things, are you can pep yourself up by listening to good music."

# Plenty Houses For Winter

Students will not have trouble finding housing for the winter term, according to William Rogge, director of student housing.

Rogge estimated that there will be housing for ten more women in Thompson Wood Hall and Thompson Point. Approximately twenty-five men will be able to move into Thompson Point to fill the vacancies of graduating seniors and other students who will not return for winter term.

The Dowell housing area will have approximately twenty-five vacancies and Southern Acres will have forty openings.

"The ample housing which will be open to students is quite different from the situation which students face this quarter."

"A considerable number of prospective students didn't come to Southern," said Rogge, "because of the lack of student housing." The housing department sent out letters to prospective students during both August and September.

"Of the 200 letters we sent out, 60 students wrote back stating that they didn't come to SIU because of the lack of housing."

# Reports Student Missing; Takes No Clothing

A report on a missing student from Dowell Hall was made by the Office of Student Affairs last week.

Leomar Bruce Josseland, 22-year-old junior, was last seen about 8 p. m. Monday, Nov. 17, at the Varsity Theatre in Carbondale.

The Army veteran, who stands 5-9 and weighs 160, left his room complete with books, clothes and accessories. William Rogge, director of housing, said that even his coat had been left in the room.

The father of the sociology major, Harold Josseland of Oakland, was called Tuesday, Nov. 18, and informed that his son had been missing since Monday evening. The father was on campus Nov. 20 and 21, and he said he had not heard from the boy.

The only possible objects missing from the room are a checkbook and a safety razor.

**STUDENT 'UNHAPPY'**  
The only person who was reportedly has no single girl, "was unhappy," according to his roommate. He had mentioned re-enlisting in the army or going to California to work.

He spent two years at Eastern Illinois University, before going into the army for two years, and began school at SIU this quarter. He had mentioned dropping from school at the end of the quarter "because he felt closed in."

Josseland's roommate said that he was a quiet person and had black wavy hair. He said that he last saw the missing student on Monday morning, and noticed nothing unusual about his actions.

"If anybody was acting unusual, it was me," his roommate said. "I was studying very hard for a chemistry test, and when he came into the room I didn't even speak to him because I was worried about the test."

**AGENCIES CONTACTED**  
Dean J. Clark Davis said that the State Police, Federal Bureau of Investigation, the county sheriff and the Army Recruiting Office in St. Louis had been contacted. As of Sunday morning, Nov. 23, no information had been obtained concerning the whereabouts of Josseland.

The father, according to Rogge, was very worried that his son was on campus. He had no idea where his son might have gone.

Davis and Rogge said that there was no reason to believe that Josseland was involved in any of the crimes on campus this month.

Rogge said that he was just notified about the missing boy, since nothing had been heard of him for six days.

# Council Discusses Nov. 7 Incident

The Student Council resolved Thursday night that campus police acted "inappropriately" when he shot to the side of a jaywalking student.

The group recommended the action to be "re-evaluated" with the officer "concerning the use of firearms."

A decision of the wording of the resolution came after more than two hours of deliberation. Only eight of the sixteen senators were present most of the meeting. A senator came to the meeting later, bringing the total present to nine, the minimum for passing resolutions.

Crews has been reprimanded by the University for shooting.

# Burglars Take \$38 From Dowell Store

A burglar or burglars stole \$38 and fingerprints in the Dowell Store which was broken into sometime over the weekend. Sheriff Raymond Dillingham was called by University officials to lift the prints.

The money was taken from the cash register sometime between 8:30 p. m. Friday and 6:45 p. m. Sunday. Ivorie Manning, sophomore, discovered the theft when he opened the store at 6:45 Sunday evening.

The only window was raised a foot and the lower right pane was broken. Pieces of glass were found outside the window, but very little was inside the building.

A wheelbarrow was leaning against the side of the building under the window. The cash register, which was not locked, had been opened by pushing the "off" button. A waste basket was sitting upside-down beneath the window inside the building. The cash register was about four feet from the window.

Carl Meier, student manager of the store, said that a small amount of money was always kept overnight. He added that it was well-known that cash was in the register at all times.

The theft marked the third time the store has been broken into. The last time, last spring, approximately \$50 was taken.

Campus police and Director of Housing William Rogge investigated the theft.

Meier, junior agriculture major from Alton, said that the locks on the two doors are new and that only four persons, all student employees, have keys.

He said that the wheelbarrow had been standing against the building for some time.

Meier said that the wheelbarrow was leaning against the side of the building under the window.

Meier, junior agriculture major from Alton, said that the locks on the two doors are new and that only four persons, all student employees, have keys.

Meier said that the wheelbarrow had been standing against the building for some time.

# Warns Rogge's Family May Get Injured

A "threat call" to a member of the Office of Student Affairs and a "threat note" to the Egyptian concerning the VTI bus investigation occurred last week.

An anonymous call was received at the home of William Rogge, director of housing, who is investigating the case. The caller said, "Lay off."

When Rogge asked what he meant by "laying off," the caller said, "You know what I mean. . . Just lay off. Remember that you have a wife and family."

The note was received at the Egyptian office about noon Friday, Nov. 21. It was typed in all capital letters and double spaced, and was addressed to a reporter. The note was enclosed in a manila envelope and came through the campus mail.

The note read: "Lay off the bus investigation. You can be hurt very easily. The second warning won't be in the form of a note."

The Office of Student Affairs continues to check out the owners of 1958 Chevrolet Impalas. Eleven students on campus and "model students" own such cars.

FBI agent Fred Graper said "no comment" when asked whether there were any special suspects. He said that he is assisting Illinois Commerce Commission Special Agent Clyde Webber on the case. Approximately 20 students had been interviewed by Webber and Graper at that time.

**GRAPER PRAISES**  
Graper commended the Egyptian's for keeping the students, faculty and staff informed on the incident. He said that the paper could be very influential in running down the persons who pushed the 1954 International bus onto Wie tracks.

No further developments were made according to Graper, Dean I. Clark Davis and William Howe, director of the physical plant.

Davis said that the ultimate discovery of the guilty persons would require the complete co-operation of students and faculty. He added that this type of case usually consisted of picking up small bits of evidence and piecing them together.

**SELECTS FREEBURG**  
Dr. William H. Freeburg, chairman of the recreation and outdoor education department, has been notified of his appointment by Governor William O. Stratton to serve on the Governor's Advisory Committee on youth affairs.

# The Editors' Opinions

## Need Students To Halt Crime

Several leads on the bus-train crime are now being used by the University. Information, which has been used to lead to the arrest of the criminals, was given to SIU officials by students.

Student cooperation, such as that which has been demonstrated in the bus crime, is necessary if the wave of violence which has swept Southern Illinois through the mud is to be halted.

A small per centage of SIU students has a certain amount of influence which will cause the nation to ask, "Is this the friendly school we once knew?"

Frank J. Clark Davis predicted that the "Bomb Call" will be caught soon. He made a statement assuming students will help investigators. Many have cooperated.

How if the "Bomb Call", thieves who have had a field day, "criminal pranksters, and others who have brought shame to both students and staff are to be caught, it will be a result of student cooperation.

As the wave of violence grows, it becomes increasingly obvious that student cooperation must grow in greater proportion. Larger numbers of students are needed to join those who have reported "incidents" — which are no longer just "pranks" — than the criminals are students who withhold valuable information?

The Student Council has expressed its opinion on crime. The Council requested student help, and if students want a diploma with a manning after graduation, they should back the Council's resolution.

Those who have written letters to the Egyptian giving their opinions on crime and controversial issues, we say thanks.

How many more than the criminals are students who withhold valuable information?

## Pedestrian Safety

With the longtime emphasis on safe railroad crossings, another problem of pedestrian safety has been overlooked. The flow of traffic from Illinois Ave. has created a problem potentially as great as the death trap at the Grand crossing of the Illinois Central railroad track.

Traffic on Illinois does not stop at the Harwood intersection. Students must cross the men's recreation halls and other places in that area cross Illinois for eight o'clock classes. Com-

## December 15-20

### Announces Exam Schedule

Final exams begin at 7:50 a. m. on Monday, Dec. 15, and end Saturday, Dec. 20.

Under the new system of exams, a full week will be used for finals.

**DAY-TIME CLASSES:**

**MONDAY, DEC. 15:**

- 11 o'clock classes except 3-hour classes which meet one of the class sessions on Saturday. 7:50 - 11:30
- Mathematics 106B, 106C and 111. 11:30 - 1:30

**TUESDAY, DEC. 16:**

- 9 o'clock classes except 3-hour classes which meet one of the class sessions on Saturday. 7:50 - 11:30
- English 101 and Management 371. 11:30 - 1:30

**WEDNESDAY, DEC. 17:**

- 8 o'clock classes except 3-hour classes which meet one of the class sessions on Saturday. 7:50 - 11:30
- Chemistry 101 and 111, and Management 271. 11:30 - 1:30

**THURSDAY, DEC. 18:**

- 12 o'clock classes. 7:30 - 9:30
- Economics 205 and Geography 100. 11:30 - 1:30

**FRIDAY, DEC. 19:**

- 1 o'clock classes. 7:50 - 11:30
- Women's Physical Education 254. 11:30 - 1:30

Make-up examination period for students whose examinations have been approved by their academic deans. 2:00.

**SATURDAY, DEC. 20:**

- 8 o'clock classes which meet one of the class sessions on Saturday. 7:50 - 11:30
- 9 o'clock 3-hour classes which meet one of the class sessions on Saturday. 10:00 - 11:30
- 11 o'clock 3-hour classes which meet one of the class sessions on Saturday. 1:00 - 2:30

**EVENING CLASS EXAMINATION SCHEDULE:**

**MONDAY, DEC. 15:**

- Five-hour classes which meet during the first period (6:00-7:25 p. m.) on Monday, Tuesday and Thursday. 6:00 - 8:00
- Four, three, two and one-hour classes which meet during the first period (7:35-9:00 p. m.) on Monday, Tuesday and Thursday. 6:00 - 8:00
- Classes which meet only on Monday night. Examinations will start at same time as the class sessions ordinarily start.

**TUESDAY, DEC. 16:**

- Five-hour classes which meet during the second period (7:35-9:00 p. m.) on Monday, Tuesday and Thursday. 6:00 - 8:00
- Four, three, two and one-hour classes which meet during the second period (7:35-9:00 or 9:15) on Tuesday and/or Thursday. 6:00 - 8:00
- Classes which meet only on Monday night. Examinations will start at same time as the class sessions ordinarily start.

**WEDNESDAY, DEC. 17:**

- Four, three, two and one-hour classes which meet during the second period (7:35-9:00 or 9:15 p. m.) on Monday and/or Wednesday. 6:00 - 8:00
- Classes which meet only on Wednesday night. Examinations will start at same time as class sessions ordinarily start.

**THURSDAY, DEC. 18:**

- Four, three, two and one-hour classes which meet during the second period (7:35-9:00 or 9:15 p. m.) on Tuesday and/or Thursday. 6:00 - 8:00
- Classes which meet only on Thursday night. Examinations will start at same time as the class sessions ordinarily start.

**GENERAL EXAM INFORMATION:**

(1) A special note needs to be made relative to examinations for evening sections for those classes

## Directories Ready For Distribution

The 1968-69 Faculty and Staff Directory is now ready for distribution. Mr. Earl A. Morgan, Supervisor of Campus Services, will send free copies to all University phones. You may purchase them from the University without charge. Additional copies may be purchased from the University Store for \$75 per copy.

(2) Examinations for three, four and five-credit hour classes will begin at the hours scheduled and will run for two hours. Examinations for one and two-credit hour classes will begin two hours and ten minutes later and will run for one hour.

For example, an 11 o'clock class carrying four hours of credit will have its examination from 7:50 to 9:50 a. m. on Monday, Dec. 15. An 11 o'clock class carrying two hours of credit will have its examination from 7:50 to 9:50 a. m.

(3) A student who finds has more than three examinations on one day may petition, and a student who finds that a student has missed his scheduled examination time and expect to make it up during this make-up period. This period is to be used only for a student whose petition has been approved by the dean.

(4) A student who must miss a final examination before the time scheduled for the class examination, in the event a student misses a final examination and is not involved in a situation covered in (2) above, a "W" grade will be placed on the student's record. This "W" grade must be completed within one year of the end of the quarter involved; otherwise, it must remain an incomplete grade.

## WILLHITE'S FACTORY SHOE OUTLET

Murphysboro     Carbondale  
Marion

The recent breaking of two windows in the SIU greenhouse has been attributed to children, according to William M. Marberry, who is in charge of the greenhouse.

Two window panes were broken Sunday evening, Nov. 16. A small board was found just inside the broken window. No clue as to who threw the board was uncovered at the time and the window was repaired at a cost of approximately \$15.

Thursday, Nov. 20, it was revealed that a child from the nearby Carbondale street apartments had been playing in a sandpile near the greenhouses and had thrown the board.

Marberry observed that it was fortunate that both Saturday and Sunday nights were relatively warm. In the event a temperature might have destroyed several hundred dollars worth of rare orchid plants exposed by the broken panes.

Side Glances At SIU  
By Richard Darby

I suppose I now have one thing in common with the staff — bruised feet. The damage the machine does to feet is relatively unimportant, but when the front falls, it often hits the pedal that starts the water running. It's this waste of water I cannot understand the University tolerating.

Another thing I noticed about the OSA: An internal repairs program. Dean Davis now has an office of his own — not exactly his, but his desk now has a partition around it. The Activities Development Center, Director of Housing office, and several others are now being repaired.

Note about OSA's patching-up job. It began when there was little hope that the Bond Issue would pass.

One other thing about Mr. Davis: He had holes in his shoes long before Stevenson started campaigning for President. Since 1929, I believe, I haven't checked with Mr. Davis; however, I assume that holes have been in more than one pair of shoes.

The special meeting of the Council on Nov. 17 was a first. It was also the first time I have seen complete agreement in any group.

Is the Saluki Computers Club about to fold? That's a question often asked recently. The answer is no. Jim Shirley, the group's president, explains, however, that attendance at club meetings is by means of "communications" by e-mail.

Try a regular meeting date, Jim.

New Faculty and staff directories are now available. This edition has the Egyptian telephone numbers listed correctly.

With Thanksgiving vacation starting tomorrow, I wonder how many will jump the gun. Today and tomorrow are little "Final Exam" days. This is one way of making sure students stay around until noon tomorrow.

Here's a pleasant thought for Thanksgiving vacation: You have only two weeks after it's over before the real final begins.

To the student who wants to know why a "little dasher" "dashed" items in my column, it's not because I had rather dash something off to that star.

## GUS BODE SAYS

Gus was wondering — If SIU students have read "Crime and Punishment" yet.

Gus can't understand why everybody on campus is so shook up about the recent events. Gus says they give the students something to worry about besides grades.

The Egyptian gets threats not to write about the bus hitting the train... I hope we don't get acid thrown in our eyes, too.

And speaking of the buses, I notice that their wheels are now pointed toward the practice football field instead of the highway.

A favorite topic of writers in their offices in the past, Egyptian editors could talk about mice in the attic, plaster falling from the walls and no heat. But we do not have those problems now. Our World War II barracks seems to be holding up fine. Our biggest problem is how to tell students where the offices are located. The best I can do is say: "In a barracks in Thompson Woods, next to Thompson Point, south of a quonset hut, and north of two other barracks."

Incidentally, there was a time when only the Egyptian and the journalism department had a barracks in the wilderness. Today, there are two more barracks beside us.

Perhaps this section will someday be a branch of SIU — or an army camp. But I shouldn't complain too much. If you bond issue defeated, I have a feeling that barn and barracks may soon be luxurious on our rapidly growing campus.

## Letters To The Editor

## Police, Woody Hall, Foreign Students

**DEFENSE CREWS**

Dear Editor,

I would like to add my opinion to the opinions of others concerning the shooting episode on campus a couple of weeks ago.

As a faculty member, I believe that students might have possibly made a miniature hero out of the student.

The policeman evidently was doing what he considered his duty, and I believe that his word should be as good as anything on that subject. If there must be laws to tell policemen when and when not to fire their weapons, then anything is liable to take place.

I definitely believe that the student was wrong, and should have been punished. The policeman is fulfilling his duty, and though it seems dangerous at first glance to fire on a campus, I believe that the man was wise in his decision to halt the law-breaking student.

A member of the faculty.

**LAY LOW**

Dear Egyptian Editors,

Well, Crews said he would — and he did. Maybe he hasn't shot again yet, but according to a faculty member, he has pulled his gun. And I don't have any reason to doubt that he did demonstrate.

As a matter of fact, I have heard that he has pulled a gun on other occasions; whether he has or not I do not know. There is no reason for us to be alarmed about his pulling a gun; apparently the University condones this behavior.

So, I can only suggest: if you live in the University Street area, it might be wise to pull a gun on your way home, and be alert; when the

shells fill the air, you on your face in the gutter until an all-clear is given.

How long will the University support this one-man shooting-gallery?

Tom Norris

**WOODY HALL COMPLAINS**

To Whomever It May Concern:

We are thoroughly disgusted with many of the pointless and unfair restrictions concerning the conduct and individual behavior of the women residents of Woody Hall.

Each person is an individual in her own right and should be allowed to act and dress as she wishes, as long as her behavior is not harmful to anyone else. She should not be forced to conform and become carbon copies of all the other girls.

If one girl's behavior or appearance is offensive, she should be told — it tactfully and not be punished for it. For example, wearing her hair pinned-up, flats to Sunday dinner, or slacks to meals is a matter of personal taste, offensive as it may be to others.

All these rules and regulations which are being put into effect are making what should be an enjoyable experience in dormitory life a restriction-filled existence.

Although we recognize some of the rules now in effect are necessary (for example: quiet hours), we feel too much stress is being put on minor, trivial matters of personal habits and

individuality.

College women should not be treated as children. They should be treated as responsible citizens who have the ability to without having numerous rules controlling their behavior properly covering everything they do. Sometimes in their life, they must learn to live in a mature manner, without being told what they can or cannot do. Since college is a place to learn, why not discard many of the unnecessary rules and start governing our own behavior?

Disaffected Residents of Woody Hall

## FOREIGN STUDENTS NEEDS

All foreign students on campus got letters last week informing them that the university will not be able to give them the usual amount of scholarship.

Being myself a foreign student and knowing how much this scholarship helped us in the past, I feel compelled to write and express my disapproval of the suspension of scholarships.

This scholarship is given to every foreign student on campus provided he maintains a three-point average. Overseas students have been getting it all through their stay on campus during the past five years. Most foreign students attend Southern Illinois because they are provided with an annual scholarship. This keeps them going financially.

The reason for the suspension of those scholarships is the responsibility of the university.

## THE CLOTHES YOU SAVE MAY BE YOUR OWN

In this column we take up fashions for college men, which means of course, the Ivy Look. Today's Ivy Look clothes have made a great deal of noise. Not only do they have thin lapels, three buttons, narrow trousers, and a minimum of shoulder padding, but — now hear this! — this year they are actually covered with teflon!

This new development, while attractive beyond the singing of it, nevertheless gives rise to certain hazards. For instance, people get tripping and find you on Arbor Day. Indeed, this is already what happened to two SA's of my acquaintance, Walter R. Gurshak and Fred Rasp. Before they could protest, they were matched up, planted, limed, and watered, and today they support a hammock in Cut and Shoot, Vermont.

Let us now discuss shirts. Again this year the campus favorite is the good old Oxford with button-down collar and barrel cuffs. This is without doubt an admirable garment, but let me ask you a question. If you have cuff links, are you wearing them? What do you do with all the cuff links people have given you for your birthday since you were twelve years old?

Well, as some fellows have their wrists pierced, but what E. Mackenzie Sigafos, a Chi Psi of my acquaintance, did was to take a dozen pairs of his handsome gold monogrammed cuff links and string them together in a charm bracelet for his girl, Jo-Carol Isobara.

(It turned out, incidentally, to be a mistake. In short order so many admirers acceded to Jo-Carol on account of her gorgeous bracelet that she grew tired of plain old E. Mackenzie, and one night when she was seated on a bench in Lovers Lane throwing sticks for E. Mackenzie to retrieve, she suddenly, and without warning, told him they were through.)

"I am heartbroken," said E. Mackenzie, heartbroken. "But if you must, give me back my charm bracelet."

"No, I will keep it," said Jo-Carol.

"What for?" said E. Mackenzie. "You can't wear it. The initials on the cuff links are all mine—E.M.S."

"Ha, ha, the joke is on you," said Jo-Carol. "Yesterday I was voted Miss Chinese Restaurant of 1958!"

"So?" said E. Mackenzie.

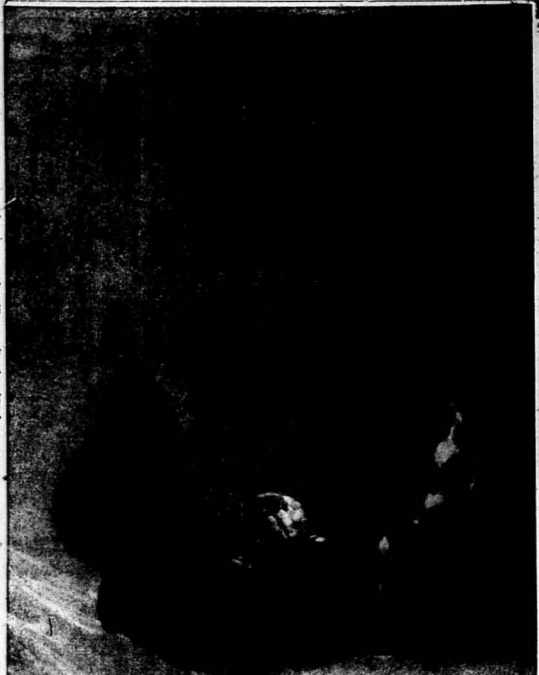

"So," replied Jo-Carol. "E.M.S. does not stand for E. Mackenzie Sigafos. It stands for Eat More Subways!"

A broken man, E. Mackenzie today subsists out a meagre living as a pendulum in Cleveland. Jo-Carol was killed in a 'long war.'

But I digress. We were talking about well-dressed men, and the one essential for every well-dressed man — and every well-dressed woman too — is a well-dressed cigarette — neat, compact, flavorful and covered for work play, for showers, for showers, for showers, and so on. And where does one find such a perfect companion? Just go to any tobacco counter and ask for Philip Morris. Ask for it in long size or regular. Ask for it in soft pack and hard. But ask for that's the important thing. Don't just stand there making cryptic statements to your tobaccoist. He may be annoyed.

niques group, demonstrates the feeling of "weightlessness" that men expect to confront in space. Dr. Edward J. Shea, director of

**Applied Science Open House Attracts Area Students, Engineers**

The applied science department held a three-day, open house last week attracting many students and engineers from the area.

Areas toured the applied science laboratories. High School students from the area also visited and inspected facilities on display.

The laboratories were opened to the public for the first time. Various demonstrations of latest equipment were made by students of applied science.

Equipment and apparatus on display included student assembled electric motors, a 300,000 lb. testing machine, various types of surveying equipment, fuels, research equipment automotive engines and a student built Hiltch tube.

A bout a hundred engineers from southern Illinois and surrounding

Engineers from as far as Evansville, Ind., St. Louis and Calvert City, Ky. came to visit the laboratories.

Dennis L. Trueblood, assistant director of the guidance department at Southern, will attend a conference of college personnel being sponsored by the National Conference of Christians and Jewish at Green Lake, Wis. this weekend.

**Vacation Heads Campus Calendar This Week**

Classes will end at noon Wednesday, Nov. 25, for the annual Thanksgiving vacation. School will resume Monday, Dec. 1.

TODAY  
The Sociology Club will meet in the library lounge at 8 a. m.

A meeting of the Students Education Assn. will be held in Winkler auditorium at 7 p. m.

WEDNESDAY  
The Student Union Friday Night Activities Committee will meet in the Union Conference Room at 10 a. m.

A Social Science meeting will be held in the Student Union Clubroom at 10 a. m.

Classes will end at 12 noon for the Thanksgiving vacation.

THURSDAY THROUGH SUNDAY  
Thanksgiving vacation will be in process.

MONDAY  
The Salukis will open the basketball season at Austin Peay. Regular classes begin at 8 a. m.

**Letter to Editor**

By Sen. The university is trying to get as much foreign students as possible as this is part of their expansion program. In order to do this they are giving scholarships for new foreign students so that they can attract them to Southern. This they do by cutting the scholarships from foreign students already enrolled at STU.

May I suggest to the foreign student admission office not to bring new foreign students from overseas by giving them a scholarship for 1 year and then cutting it the next, although they maintain the necessary grades. This keeps them in a very critical position financially. Every foreign student comes to STU with the idea that if he maintains the necessary grades he will get his scholarship renewed every year. It is a great shock to him and his family back home where they think that there must be something wrong with their son or daughter so not getting a scholarship.

A Foreign Student

A course in home and grounds beautification will be offered to Orangeburg area adults next month by STU's Division of Technical and Adult Education in cooperation with the School of Agriculture.

**Unique Living Area**

**TP Has 3 Governing Bodies**

Thompson Point, perhaps the most unique living area at STU consists of three governing bodies. The Thompson Point Executive Council, the Thompson Point Council and the Judicial Council.

The Executive Council is the legislative body in the area. Rules concerning the Thompson Point residents only are made by this council.

Issues may be presented to the council through representatives. The council meets a year on the island, which in turn is presented to the various floors of the dorms.

The Judicial Council is the disciplinary body. Its primary function is to correct rather than punish residents for their offenses.

Chairman of this council is Jim Dalton, 19-year-old senior music education major from Cairo.

**Charlie's Aunt Shows Dec. 5**

Beginning Friday, Dec. 5, the Southern Players will present "Charlie's Aunt" at the Playhouse for eight performances.

Just returned from a long road tour in which they gave more than 20 performances throughout Southern Illinois, the Players will be shown in their second major play of the current season.

Director Charles Zoekler, who accompanied the Players on the road, has announced the following cast:

Stephen Spottiguis is played by Jerome Ruppert; Colonel Sir Francis Chuzzleart is James Jack; Robert Mountray portrays Jack Chesbury; the part of Charley Wykeham is played by Donald Bailey; and Ben Jackson plays Lord Pancourt Babbalanza.

CAST LISTED  
The role of both Braxton and Donalocia D'Alvadore are acted by Nicole Martinatis. Amy Spottiguis is played by Bobbie Lou Jennifer. Kitty Verdun is played by Nedra Clay, and Peggy Chaffee takes the part of Sir Delahay.

The play will be shown Monday, Dec. 5, 7:30 p. m.; Tuesday, Dec. 6, 7:30 p. m.; Wednesday, Dec. 7, 7:30 p. m.; Thursday, Dec. 8, 7:30 p. m.; Friday, Dec. 9, 7:30 p. m.; Saturday, Dec. 10, 7:30 p. m.; Sunday, Dec. 11, 11 p. m.

**A Student At STU Biggers: Stress Dorms**

"The University should build more dormitories instead of putting so much emphasis on classrooms. Soon there are going to be more buildings than students."

Yelene Biggers, junior business major from Vandalia, was speaking of the problems which face Southern.

"It is evident," Val said, "that the housing situation is one which must be dealt with quickly. It seems rather preposterous to continue making plans for more buildings when several hundred students were turned away this year because of no housing."

"What about the parking situation?"

"Well, I spent three years at Eastern Illinois University before going into the Navy, and they had the same problem there."

The Jovial Biggers lit a cigarette and told of the parking situation at Charleston. He said that there were just too many cars and not enough parking lots.

"I believe that the only people who should be allowed to have cars on campus are those who are physically handicapped," he said. "However, I see nothing wrong with keeping cars within the city limits."

"If a person is old enough to own a car, then he should be allowed to drive it to school. Many people have to go home on weekends for work and they need transportation."

"I believe there is a place for everything. Cars have a place at college the same as dates and fraternities."

**GIRLS ARE FRIENDLY**

This easily brought the conversation around to girls. Val said that the girls at Southern seem to be more friendly than anywhere else.

"I can't see why the people call this a 'party school' though," he said. "Every school has parties, and Southern has no more than any other school."

"It seems easy to get a date here because so many of the guys are scared to ask girls to go out. That is so different than other places."

"One thing that will never cease to amaze me is the drastic change of fashions that comes about every year. We have to accept it though, for it has happened since Eve."

The transfer student was asked about the informal atmosphere of Southern. He said that a more formal attitude in class would be beneficial for learning. However, he seemed to say that he was happy with the policies at Southern.

**FREES INFORMAL LIVING**

"For living, I prefer informal surroundings," he said. "However, I think classes which are more formal and disciplined help the student learn faster."

**Binders Work Sets Record In Library**

During the first nine months of 1955 the small library of the Morris Library of Southern has been kept busy with the processing of 14,000 books.

It was Mrs. Richardson, bindery work in the production was first started in 1953 and is now being done by seven STU students working part-time in the bindery which is located in the room in the library basement.

Mrs. Richardson commented that the students do case binding, pamphlet binding, multi-binding, glue binding, and other forms of preservation work in library materials. The work which demands the most time is the processing of the volumes bound in work books of all kinds.

Case binding involves enclosing unbound material or parts of books in pre-fabricated covers, explained Mrs. Richardson. Pamphlet binding refers to putting a hard cover on paperback material.

Incomplete volumes of periodicals are put between multi-binders and have holes drilled in the inner margin through which lacing is strung. This serves as protection for the issues until the missing one can be obtained and the volumes bound.

Local bindery work does not eliminate the use of commercial binders, according to Mrs. Richardson, but does cut the expense of outside work. Books are kept usable until a commercial job seems justified.

Special presentation work is also done by the bindery on the University's rare books and other irreplaceable materials which the library does not want to risk in shipment to outside binderies.

Students working in the bindery include Eddie Purdy, John Baines, Glen Henry, Agnes Holt, Claude Stearns, Robert Stearns, and Lena McGlone.

# Norwood Leads In Offense, Scoring Hart Tops Rushers, 2nd In Offense

Quarterback Bill Norwood led the SIU football squad in total offense and in scoring, according to the season statistics recently released. Captain Cecil Hart was runner-up in the total offense and led the rushing department.

Norwood, Centralia senior, paced Coach Al Kaval's Salukis in scoring, passing and total offense. The sharp-shooting signal caller booted for seven touchdowns and added four conversions for his total of 47 points. He hit on 35 passes in 58 attempts for 506 net yards and four TD's. His 73 yards rushing together with passing yardage gave him the ground gaining title with 579 total yards.

Hart, senior fullback from Hillsboro, topped Saluki ball carriers with 350 yards on 148 carries for an average of 2.3 yards per carry. His rushing total also was good for second spot in total offense, and he finished third in scoring with 36 points.

Carver Shannon, SIU's All-American halfback nominee from Cor-

inth, Miss., made a late season splash to finish second in rushing and scoring. Half back Lane Jenkins, sophomore from Lake Charles, La., finished the season as top pass receiver. He caught nine tosses for 176 yards and two scores.

Veteran quarterback Dave Wheeler, Chicago, skinned 44 punts for 1,562 yards to compile a 35.2 yard average per kick. In the six I-IAC conference games, the story was just about a carbon copy of the full season totals: Bill Norwood led in total offense with 584 yards in 59 plays while fullback Cecil Hart picked up 339 yards in 100 plays.

Norwood lead in scoring with 37 points and Lane Jenkins was the top pass receiver.

(Official totals compiled by Bill Young, SIU Information Service.)

## CECIL HART VOTED

### 'MOST VALUABLE'

Captain Cecil Hart is Southern Illinois University's most valuable football player.

Saluki Coach Al Kaval announced the selection Friday after a special meeting of the faculty.

Hart, rugged senior fullback from Hillsboro, led the Salukis to their most successful season in 26 years. He led the team in rushing and was second in total offense and third in scoring. He completed a 7-2 season record in rushing in a second place tie in the Interstate Conference. Southern and Central Michigan finished with 4-2 marks in the Conference behind Western Illinois.

Playing at fullback for the first time this fall, Hart gained 550 yards on 148 carries for an average of 3.7 yards per carry. He finished second to Quarterback Bill Norwood's 579 yards in the total offense department.

He tallied six times for 36 points for third among scoring leaders, and this 24 points scored against six league foes also was good for third spot.

Last season as a halfback, Hart was fourth in rushing with 342 yards in 56 carries, a 4.3 average. He scored 18 points last year as the Salukis compiled a 3-4 mark.

"Hart led the team on and off the field," Coach Kaval said. "He is going to be very difficult to replace."

Hart, who will graduate at the end of the fall term, plans a coaching career. He will continue graduate studies at Southern until June when he is scheduled to return to Hillsboro as a coach.

Cecil Hart — 'Most Valuable'

Kawal

Praises

Fans

Head football coach, Al Kaval, has praised the student body, faculty and administration for their support during the past season, the most successful at Southern in a decade.

In a letter to the Egyptian sports editor Kawal said, "I would like to tell the student body, faculty and administration, how much the football squad and the coaching staff appreciate the support that they have received during this past year. Especially happy and proud were we to receive the scroll that arrived before our game at Central Michigan, from the dorms at Thompson Point. We also appreciate the support that the ROTC unit and the marching band has given us, and all the students that made that long trip to back us at Central Michigan. I am certain that all of this combined had a great deal to do with our winning at Mt. Pleasant."

"Also, I want you to know how much we appreciated your stories and the support you have given us in the Egyptian. I want you and your staff to know that it has been greatly appreciated by everyone concerned."

The Salukis wound up in second place in the I-IAC and finished the season with an overall 7-2 mark.

# Sig Tau's Dump Brown For Title

By John Edis

Two strong and determined teams Sigma Tau Gamma and Brown Hall third floor, locked horns Thursday night, (Nov. 29) for the intramural football championship game. When the game ended Sigma Tau had bested its scrappy opponent, 18 to 12.

Defensive play was the outstanding feature of both teams. Brown Hall had trouble during the first half, when they consistently over ran the passer allowing him more time to throw or an opportunity to

run for short yardage. This was improved a little in the second half. To offset this falling, they managed to cover pass receivers very well. Sigma Tau made only nine first downs against them, four of these on penalties. Twice Sigma Tau was stopped inside Brown Hall's 20.

Sigma Tau's defense was equal to their opponents. They forced Brown Hall to give up the ball on downs four times and permitted only five downs. Both teams intercepted one pass but Sigma Tau did more with their interception.

Brown Hall's interception cost them six points. Bob Monck caught Donville's pass and ran 30 yards untouched to score.

Sigma Tau had a slim two touchdown lead when it began a drive that resulted in their third and winning touchdown. Atwell returned Donville's punt to his own 30. A roughness penalty of 20 yards put the ball in play on Brown Hall's 30. Whitehead ran to the seven and another penalty carried it to the one. From the one, Atwell ran over. The try for point, as was all attempts in this game, was an incomplete pass.

Although Sigma Tau led in statistics, they did not dominate the spotlight. In fact they had to come from a 6 to 0 deficit to win. Donville caught the ball on his own five and started up the

## INTRAMURAL BOARD ASSISTS DIRECTOR

The intramural athletic student board is composed of students from each league that participates in sports on campus.

The students who serve on the board are selected in May to serve the following year. Officers of the current board are Don McGehee president, Pete Hensel vice-president, and Rich Hayes secretary. Other members of the board are Terry Lockman, Willie Brown, Nick Gehler, Jerry Lotman, and Thomas Telfer.

The duties of the IM board are the following: to assist in the administration of the program and to develop and recommend policies to the IM director, to aid with the relationship between the league and the IM department, to promote interest within the leagues, to assist the IM director with the over-all supervision of the program, and to select from his membership a committee on eligibility and protests composed of one member from each of the three leagues and one alternate. The alternate serves when his league representative is unable to be present.

Last year SIU's gymnastic team won the Indianapolis Invitational meet, and the Central States AAU. The squad took second in the IAC, fourth in the Central AAU and 19th in the NCAA Championships.

Southern's wrestling team will meet the University of Illinois at Carbondale on January 26.

## VAIN ATTEMPT

Members of the VTI intramural football team attempt to block a Brown Hall pass during action in the semi-final of the all-school final. Brown Hall third floor won the game but fell to lose Big Tau's Thursday night for the all-school title.

Jack Morgan, the West Frankfort hot-shot who fired a year ago, has joined the Ions and the annual graduate student authored a 376 series in sparking their upset of Newman No. 2. The real survivor for the Ions, however, was lightly rewarded Ron Dawson. Carrying only a 118 average into the night's legging, he came up with 164 in the first game and 166 in the finale. Ken Greenless (48) and John Crawford (48) also did their share in the Ions' success.

In the other match of the evening, Doyle Dorm No. 2, owner of only three points before the night started, doubled its season output by taking a 4-0 verdict from the Aloms. Boris Musulin of the chemistry department had a 516 for the Aloms in a losing cause and Cliff Rapp contributed a 471. Better than 500 pins in total handicap, however, proved to be too much of an obstacle for the Ions.

With their eyes on a possible continued slump by Newman Club No. 2, the Bird Dogs encounter the Embassy in Monday's night action on alleys 1 and 2. Congress, Newman No. 3 will be away on 7 and 8 against the Aloms, and in other matches Doyle Dorm No. 2 tackles Newman Club No. 1 on 3 and 4 and the Ions are the opposition for Doyle Dorm No. 1 on 5 and 6. Opening balls will be thrown at 9:15 o'clock and the 6ers, with a bye, get a rest.

## INDEPENDENT STUDENTS LEAGUE

Team	W	L	Pts.	Avg.

Doyle Dorm No. 2	5	10	7	811
Team high series - Newman Club No. 2, 2768.				

## Indoe Bowling Loop

By Bill Christie

Successive defeats by 3-1 scores to the 6ers and the Ions have made Newman Club No. 2's first-place standing an uncomfortable one at the moment in the SIU Independent Students Bowling League. Originally, when the season was young, and their hearts were gay, the defending champion Newman envisioned an easy time in coping the second-half title; now, with only three weeks remaining, they are clinging to the top spot by the slimmest of margins.

The Ions were the latest club to puncture the bubble of the Newmans. They did it last Monday night at the Congress Lanes, and they accomplished it soundly. The Ions won the three-game match, 2666 to 2510, and only in the middle game, when the Newmans staged a false rally, did the front-running team retaliate. Newman No. 2 won a single point by an 883-841 edge, but lost all the others.

## SECOND WEEK

It was the second straight week that the Newman group has faltered. On Nov. 10, the 6ers doled them a 3-1 licking. The 6ers, after sweeping all four points from Doyle Dorm No. 1 last Monday, also are in a position to make the last leg of the race interesting. Going into this week's activity, Newman No. 2 still holds the upper hand with 17 points, but close on its heels are the Bird Dogs with 16 points and the 6ers with 14 tallies.

Jack Hagerup was never better in lifting the Bird Dogs to a 3-1 triumph over Newman Club No. 1. The bespectacled curvilinear lambasted the pins for a 618 series, second highest this season, and a 223 single, tying Newman No. 2's Joe Cronin for the best singleton of the winter. Helping Hagerup were Rich Roth with a 499 total and newcomer Gene Bass with a 475 threesome. The Bird Dog dropped the second game by 16 sticks but rolled up heavy timber in their other efforts with team totals of 820 and 925.

## I Might Get Hit But...

By Ron Jacober Sports Editor

A GOOD REASON Regardless of what anyone says, Southern's football team had a good season. True enough, it could have been better, and most everyone expected that it would be especially after knocking off Central Michigan, but as Joe College would say, "that's the way the old mop flows."

Few people expected Southern to return from DeKalb with an embarrassing 17-7 count against them. If they hadn't lost, they would have had a share of the IAC crown - their first since 1937, and their finest record since 1939 when they went undefeated.

There were many bright spots this year. The thrilling 22-31 verdict over Western in the last 15-seconds of the 13-5 win over the tough Hurons of Eastern Michigan... and the biggest one of all, the sparkling 24-7 triumph over the mighty Chippewas of Central Michigan.

No season would be complete without its black marks either. Injuries marred the Saluki squad throughout the season. The biggest of injuries was the ankle injury of brilliant halfback Carver Shannon. Many people wonder just what kind of a season it would have been if the Salukis would have been at full strength all season. Two of the biggest mud spots on Southern's record were the losses, the only two of the season, to Illinois Normal and Northern Illinois. The boys come through with the big ones but just couldn't seem to get up for the little ones.

Last spring when Southern began spring grid practice, Don Boydstun, athletic director, predicted that Southern would finish this season with a 7-2 mark. Well, Boydstun's prediction came true but it'll be wasn't counting on losing to Normal and Northern.

Students getting "that basketball fever" have been dropping around the gym lately to get a preview of what is to come for the current season. One remarked that his neck got tired watching the squad running from one end of the floor to the other. "Don't those guys ever get tired of running?" another remarked. "The Saluki squad, lacking legs, will probably have to run some of their opponents to death. Kentucky Wesleyan, one of Gallatin's horses' foes this season, sports two 6-10 centers on their roster. It will probably make Harry want to put his sitcom back on

## NORWOOD PICKED FOR CHEM AWARD

Bill Norwood, senior from Central, has been chosen to represent SIU for the selection of national chemistry and chemical engineering annual football award.

This is the second time Norwood has been nominated for this event. The chemistry dept. nominated him last year and he came out in the top 77. Commented Norwood, "Just being nominated is a thrill."

In a letter to the SIU chemistry dept., the Chemical Engineering and News magazine mentions this one of the reasons for such a program was, "to show boys can demonstrate that inter-collegiate athletics can be combined with the

## Cagers Luck

Coach Harry Gallatin stands head and shoulders above his SIU basketball players - and he doesn't like it a bit. "We've got to have more height on this ball club," the 6-7 former professional basketball star observed as he sent his Salukis through a swift workout. "Our tallest starter is 6-5, and I like to look up to my players."

The 12-man Saluki varsity range in height from 5-10 Dick Ruggles, Quincy, Mass., to 6-5 Tom McGreal, Rantoul. In between are Captain Seymour Bryson, Quincy, 6-4½; Don Hepler, Champaign, 6-2; Francis Florida, Olmstead, 6-1; Gene Sams, Alton, 6-0, and Garrison Newman, Shawneetown, 5-11.

demand of difficult curriculum offered in the chemistry and chemical engineering departments of colleges and universities." Norwood hopes to do better this year as he has had a better year in football. Results of nominations will not be known until a month.
