No. 12

Students Select Songs For Homecoming Concert

For the first time in the history of SIU Homecomings, Southern students will get to select the numbers to be played by the starring band at the concert. Ralph Marzette, noted recording artist, has been scheduled to play for the concert and dance, the climax of Homecoming activities to be held Nov. 1, 1952.

Each student will check five of these recordings according to his own likes and dislikes. The numbers have been checked most frequently will be given to Marzette Saturday night before the concert so that he may present them as a special feature of his concert.

The song election is being sponsored by the Homecoming steering committee with Gene Graves, Homecoming convic-chairman, and Don Shelton, dance chairman, in charge.

Marzette and his band will present their concert at 8 p. m. Nov. 1, in Shroyck auditorium. Immediately following the concert, at 9:30 p. m., the traditional Homecoming formal dinner will be held in the Little Theatre.

To Nominate Most Typical Freshman Girl, Boy Today

In the final quest and class officer elections being held today, students in all classes are nominating freshmen students for the Most Typical Freshman Boy and Girl titles.

The six boys and the six girls receiving the highest number of nominating votes will be placed on the ballots for the final Most Typical election which will be held in a freshmen assembly next Tuesday, Oct. 28, at 9 p. m. in the Little Theatre.

Quarterly Registration Nears 90 Percent Mark

Approximately 71 per cent of students enrolled at SIU for fall semester have already registered for the quarter, according to the Registrar's statistics from the Registration Office.

Total registration thus far is 1,821 for the winter quarter, as compared to 2,556 now attending classes in the Liberal Arts and Sciences, Education, and Vocations and Professions colleges. Of course there will be a few students registering for the winter quarter that were there for the fall quarter.

All students are urged to register as soon as possible in order that they may have less difficulty in getting classes before they are closed. Many sections in the various departments have already been closed.

Students who want to register should see their advisor and submit a work sheet containing their tentative program. The advisor will approve the work sheet or make necessary changes before the student goes to the registration center on campus.

If a student does not have an advisor, he should go to the advancement center located in the Office of Student Affairs to be assigned an advisor. The final date for registering is Nov. 21.

Oh, Goody! No School Here Friday, Oct. 24

According to an announcement from the president's office, there will be no school this Friday, Oct. 24. Classes will be dismissed in order to make room for a meeting of the Illinois Education Association which will bring approximately 3,000 area teachers to campus.

Since there will be no school on Friday, the usual day of publication of the Egyptian, there will not be another issue printed until next Tuesday, Oct. 28.

"First Lady Of Organ" To Appear In Concert

Ethel Smith, "First Lady of the Organ," whose nimble fingering and dazzling footwork have introduced many hit songs and entertained audiences here and abroad, has been scheduled by the Entertainment and Lectures Committee to appear here in a concert at Shroyck Auditorium, Oct. 23, at 8:15 p. m.

Miss Smith has appeared on many "Voice of America" broadcasts for the United States government, not only to play the organ, but to talk to her admirers all over the world in their own tongue. Miss Smith speaks Spanish, Portuguese, French, Italian and German.

She has also entertained at the Mayfair Room of the Hotel Blackstone, Chicago, the Capitol and Paramount Theatres, New York, and has appeared in two films, "Bathing Beauty" and "Easy to Wed." She has just returned from a tour of London, Rome, Brussels, Madrid, and Paris.

Selections on her program for Thursday night include: "Come-dian's Galop" by Kablevsky; "Andalucia" by Locuena; Debussy's "Clair de Lune"; "Hora Staccato" by Dinicu-Helfetz; Chopin's "Mazurka"; "Ritual Fire Dance" by de Falla; and "Fugue in G Minor" by Bach.

A second group of numbers will be: "Fiddle Fiddle" by Anderson; "Carinhoso" by De Vianni; "South Pacific Melodies" by Rodgers; and "Ladies of the Hit Parade." Following the intermission, Miss Smith will play her musical selections from the African continent.

All students interested in assisting her during the concert are to contact Dr. Kenser in the music department. These students should be prepared to rehearse with her.

Tickets On Sale For Homecoming

Tickets to the Homecoming concert and dance are now on sale on campus and at the University Drug, Walgreen's Drug Store, and the D.L. Luce Cafe. Tickets may be obtained on campus at the Student Center or from any of the finance committee members.

According to Hugh Pentus, chairman, the finance committee needs students to assist in the selling of tickets by taking some to their home towns. Anyone interested in handling tickets in their home towns should contact Pete Low or call 1523, the Sigma Pi fraternity house.

Alums may get tickets by corresponding with the campus Alumni office.

Staff Sets Deadline For Faculty Pictures

Final deadlines for faculty portraits have been scheduled for Wednesday, Oct. 22, according to Wynona Smith, editor of the 1953 Obelisk. The pictures are to be taken at the Photo Service.

Broadcast Hails 1952 Homecoming

An actual Radio broadcast, hailing Southern's 1952 Homecoming, was staged in the Canteen last Thursday afternoon at 3 o'clock.

Highlights of the 15 minute show to be sent out on transcription to area stations, were the Children's and the music of Dexter Peak and his band.

Announcer for the broadcast was Doug Matthews; the script was written by Virginia Miller; Ralph Becker was the producer-director and Dick Edwards the technical engineer.

Group Completes Plans For Homecoming Parade

The SIU Homecoming parade set for Saturday, Nov. 1, is scheduled to start at 11:15 a. m. according to Richard Coleman, parade committee chairman.

All participants are to assemble at Carbondale Community high school, and from there the parade will proceed east on Main to the four-way stop, south down Illinois and disband in front of the main gate of the university. The starting lot will be reserved for the bands, and the floats are to return to their respective houses or organizations.

The ROTC, however, will proceed through the campus to participate in the flag raising ceremony which will take place at McAndrew stadium at 1:30 p. m.

Besides Washington University and Southern's other bands are scheduled to march. They include: Garco, Cairo-Summer, Carbondale's Community High, Lincoln and Arturco, Du Quoin, Madison, Nurphuboro, Pinckneyville, and Roxana.

There are 12 Class A float entries and seven Class B entries. A first and second place trophy in both classes will be awarded and these will be on display at different places on campus after Oct. 23.

Those entering Class A floats are: Industrial Education, Anthony Hall, Doyle Dorn, Tau Kappa Epsilon, Delta Sigma Epsilon, Chi Delta Chi, Sigma Pi, Sigma Sigma Sigma, Theta Xi, and Pi Kappa Sigma. Those in Class B are: Club 16, 700 Club, Johnson Hall, Taj Mahal, Gamma Delta, Southern Aces, and Vocational-Technical Institute.

Undeclared vehicles will not be allowed to take part in the parade, and there will be no political candidates or advertisements of any kind. There are to be five out-of-town judges for the parade who have no connection with Southern. The judges will receive complimentary tickets to the game, and Washington University's band will receive tickets to the concert.

A listing of those appearing in the parade is as follows: SIU band, ROTC Sweetheart, Floats, stunts and high school bands.

Jim Minton is in charge of entertainment including the parade which will include stunts by clowns and policemen.

The committee for the Homecoming parade is: Richard Coleman, chairman; Carolyn Bernhardt, Tom Swarr, Preston Martin, Linda McRae, Carl Anderson, Jim Minton, Ann Davison, Jack Barnes, and Betty Jean Mathews.

Center Holds Open House This Evening

"Halloween Hollow" at the Student Center's open house, will be held tonight with ghosts, witches, and jack-o-lanterns making up the decorations. The festivities will begin at 7:30 p. m. and will last until 10, with dancing and mixers getting the program started.

Later in the evening student pianists, a trumpet player, and vocalist Jerry Hicks will provide entertainment, according to Paul Morris, chairman of the Student Center board. Some "surprise stunts" are also being planned by the Student Center committee.

Halloween costumes will be worn by a number of the committee members, and anyone else who would like "dress-up" in keeping with the occasion are invited to do so.

The entire building will be decorated with jack-o-lanterns, pumpkins, colored leaves, and corn stalks to provide a real Halloween air. The various offices in the Center will also be decorated in a Halloween carnival theme.

Mobile Atomic Energy Exhibit Continues Here Through Today

Today is the last day for students to see the atomic energy exhibit being shown in the men's gymnasium. The exhibit, the first of its kind ever to be shown in this area, will close tonight at 8 o'clock.

The exhibit will be of interest to any person concerned with the possibilities of atomic energy and the current usage of its power. On display are radiostopes, or tracers, atoms, which have been called the most important research tools to be developed since the invention of the microscope.

Included in the exhibit are displays on the agricultural usage of isotopes, effects of the atomic bomb, and a nuclear furnace.

The display is a portion of a plan devised to help educate the American people to the possibilities of atomic energy.

Spectators of the exhibit will learn how radiostopes are produced by inserting an ordinary dime into a scale model of an atomic pile. The irradiated dime, which is harmless, is then encased in an aluminum and lucite holder as a souvenir.

Accompanying the exhibit is Jack Johnson, an American Museum of Atomic Energy representative.

Approximately 50 SIU students are in charge of the demonstration tours through the gymnasium.

Little Theatre, Play Cast To Meet Tonight

All members of the Little Theatre, and all members of the "First Lady" cast are to meet at the speech department-barracks tonight at 7:30 to have pictures made for the Obelisk, according to Betty Seip, yearbook associate editor.

To Select Queen, Class Officers

Today is the day when some 600 will be selected 1952 Homecoming Queen.

Southern's students will choose a queen from the following girls: Audrey Mayer, Helen Nance, Mizzi Cagle, Pat Neagu, Mary Meyers, and Nancy Rains. The leading candidates for the opposing political factions, Greek and Independent, are Audrey Mayer, Sigma Sigma Sigma sorority, and Mizzi Cagle, ISA.

Audrey is vice-president of the Sigma Sigma Sigma sorority, president of the Pan-Hellenic Council, and chairman of the Homecoming dance decorations committee.

Mizzi is a member of the Independent Student Association, president of the Women's House Council, and was one of the five finalists for last year's Military Ball Queen.

Mary Meyers is also a member of the Independent Student Association, president of Girls' Rally, and a resident of Anthony Hall.

Pat Neagu, a Pi Kappa Sigma pledgee, was Southern's candidate last spring for the Shriners Circus Queen.

Helen Nance, chairman of the Alumni Homecoming committee, is vice-president of the Delta Sigma Epsilon sorority. She was runner-up in last year's Miss Southern contest.

Nancy Rains is a resident of Johnson Hall and a member of the Independent Student Association. She was attendant to last year's Homecoming Queen.

The results of the Queen election will be kept secret until the coronation.

Daisy Duncap, SIU Freshman, Dies Here Friday

SIU freshman student, Daisy Duncap, died last Friday evening from the effects of tetanus, or "lockjaw" it is more commonly called. Doctors had been trying for the last three weeks to save her life.

Daisy had not previously been immunized for tetanus. About two years ago when she was a student in high school, the shot was administered by the Jackson County Health Department to all students, but she was absent from school on the day the shot was given.

Doctors say that her death might have been prevented by taking this precaution.

Daisy had incurred a blister on her foot which began in August. Finally, on Sept. 27 she entered Holden hospital for treatment, but the tetanus was too far advanced and it was too late for the anti-toxin serum to have any effect.

According to a local doctor's report, tetanus is uncommon today because of the widespread and almost universal administration of anti-tetanus shots in our school systems.

The funeral will be held this afternoon at 1 o'clock from the Oliver Free Baptist church. Burial will be in Oakland cemetery.

The polls opened at 8 a. m. today and will remain open until 4 p. m. They are located in front of Old Main, but in case of bad weather they will be moved to the cross halls of Old Main.

Clue No. 1

Dreary music sets you to dancing: At the Homecoming you'll be dancing.

CANDIDATES for the title of Homecoming Queen and for positions in the Queen's court are, from left: Mary Ann "Mittzi" Cagle, Pat Neagu, Audrey Mayer, Helen Nance, Nancy Rains, and Mary Meyers. Elections for the positions are being held today, but identity of the Queen will be kept secret until the coronation ceremonies which will be held Thursday, Oct. 30.

Our Opinions

Adolescence Again

It's election time again and along with it came those adolescent antics that we wrote about last year. We had hoped that wouldn't flare up again—but the hoping was in vain.

Perhaps the persons who took these signs thought they were being clever and would save money in this manner. It never entered their minds (or if it did they evidently thought the trick to be all the more novel), that the signs were the property of the group that made them and that maybe the group had planned on using them again themselves.

Dressed Up

During the latter part of this week, our campus will put on a new dress for the Homecoming season. Various shaped banners in our school colors will adorn the new bare posts and buildings in an effort to brighten up the old place for the big 1952 Homecoming celebration which is now just around the corner.

Only be stashed away as a souvenir by frolicsome students. With hopes that they won't disappear, the Homecoming committee has planned to try to put up the banners again this year, since the campus would certainly not look very Homecomingish without any decorations at all.

Wanted--A Full House

When Miss Ethel Smith, the well known organist and recording artist, comes to Southern campus this Thursday, Oct. 23, it will be through the combined efforts of each member of the Lectures and Entertainment committee.

Tickets to see such a performance as the one by Miss Smith to be presented here Thursday would be at a rather high price under other circumstances, but all SIU students may attend free of charge.

group's sign is an understandable political method but also that it borders on thievery—and a thievery of an adolescent nature at that.

What student wants the Homecoming celebration each year to disintegrate instead of improve? Evidently there are some students who have such a desire, for they continue to rob the Homecoming budget by taking costly banners from their proper places on campus.

GIRLS' RALLY officers for the year are as follows: from left—Shirley Holman, secretary; Shirley Meyer, vice-president; Helen Gurney, treasurer; and Rosanna Gilmer, historian.

Britain's second atomic explosion will have to wait for a while according to Prime Minister Winston Churchill. The reason given for the delay was that the first explosion a few weeks ago was so successful that the British could afford to wait longer.

At the present time there are students graduating at the end of the current quarter, who are accepting contracts to year teaching. Dec. In some fields the demand is extremely great. These students who will graduate at the end of the fall or winter term should be registered with the Placement Service now.

It isn't only the male who is leading the way into the sky. It is the women also. In fact, we have a young woman pilot here at Southern. Her name is Joyce Allen, a vivacious and talkative 19-year-old senior from Bunker Hill.

Joyce is in the College of Education, majoring in influencing and winning in English. Besides practice teaching and flying she is kept busy with the Geology club, secretary of the Gamma Theta Upsilon, and a member of the Southern Eagles flying club.

The first time Joyce flew in an airplane was at Lambert Airport in St. Louis. She was 11 years old at the time, but she enjoyed every minute of the ride.

Her two brothers are pilots and graduates of University of Illinois. They were a big factor in influencing Joyce's caritative about flying. She even gave them a hand in building model gas planes. Joyce has been in a flying family ever since her oldest sister, a practical nurse, was the first one in the family to receive her private license.

The family has their own landing field on the farm, a one way field, running north and south. An Aeromax aircraft is owned by her brother.

Up today, Joyce has 45 hours of flying time to her credit. She has 15 hours dual instruction, 19 hours solo flying, and 11 hours cross-country.

One solo-cross country flight was flown from Carbondale to Venice to Centralia, to Salem and back to Carbondale. Joyce claims the country from Carbondale to Cape Girardeau and to Metropolis is the most beautiful landscape in Southern Illinois. Joyce always is on the look out for some new rock formations.

Joyce is exposing her private license any day now. She has all the qualifications except for a final check with a Civil Aeronautics Administration examiner. To become a qualified pilot a person must have 40 hours of flying time. This must include 10 hours of dual instruction and 30 hours of solo flying.

Joyce accomplished her first solo flight in a very fast manner. In only her eight hours of dual instruction to solo an Aeromax at Mardale Airport in Carbondale. Joyce's happy day had arrived when Mr. Cox, the instructor at the Mardale Airport, told her the plane was in her hands. Joyce said, "I was glad to get the plane on the ground, after I shot two landings. I always believed if I ever was alone, I could land the airplane myself."

Many pilots who are safety minded have developed superstitions while flying; such as, hanging a rabbit's foot on the dash panel, having a cat in the airplane, or carrying parts of a former plane on their person.

As most pilots, Joyce has had many thrilling moments in the air. One day she was coming in for a landing on the farm into a north wind, when from a clear sky another plane wanted to land coming from the north; however, she managed to avoid the other plane and come in for a safe landing.

MILITARY BALL IS NOW the by-word in and around the ROTC classrooms and on the drill field. Pictures of committees for this, that, and the other thing are popping up all over the place. Buy a ticket—

pledge a ticket—vote for a queen—Arnold Air Society—dress requirements, and many more details to drive you crazy. When will it end? What's so important about a dance, military or otherwise?

The highlight of the cadet school year, the "Homecoming" for the ROTC, any number of parties which show the importance of the Military Ball are appropriate. This is the biggest and most important event for you, the AFROTC cadet, until the day you receive your "gold bars."

How can you pass by the opportunity to participate in the Ball?

Enrollment figures related to date show 1045 cadets and less, much less than half of that figure have either bought or pledged tickets for the Second Annual Military Ball.

Con College, Iowa City's popular Carl Aldrich and his Orchestra supplied the music for the SELLOUT crowd at their AFROTC Military Ball.

Oklahoma A & M's attendance at this year's Military Ball shattered all previous records with over ONE THOUSAND couples attending.

There are many traditions on the campus of Southern Illinois, but for the ROTC cadets there is one that should stand above all—the Annual Military Ball. Let's all get behind the Arnold Air Society and build our Ball to the point where we too will be nationally known.

If you have any suggestions for improvement of the Ball, let us know by all means contact your cadet officers or drop in to your newspaper office. Watch this column for any new developments.

This is your Military Ball—so let's make it the best!

Applications Due For Draft Test

Students planning to take Selective Service College Qualification Tests Dec. 4, 1952, must have their applications postmarked not later than midnight, Nov. 1. Application blanks for the test may be obtained at any local draft board office, according to the Illinois headquarters of the Selective Service System.

By taking the Dec. 4 test, students will be assured of having their qualification score included in their individual draft files before the end of the academic year, when all deferments will be reviewed by draft boards.

Robert Litheridge, assistant dean of men, has urged all boys to take the test, even though they are enrolled in the AFROTC program. However, no one is required to take the test.

The present qualifications for deferment for an undergraduate college student is either a score of 70 or higher, in the test or a specified rank in his class. For males in the freshman class, he must rank in the upper half; for males in the sophomore class, he must rank in the top two-thirds, and for males in the junior class, he must rank in the upper three-fourths.

Wright, Kennedy Address IRC Club
By JACK HAGLER

"Underneath the fire and fury of campaign talk the two American speakers are pretty much alike," Dr. John Wright told the International Relations club at their Thursday night meeting in the Link Theatre. Dr. Wright and Professor Jesse Kennedy spoke on the subject of political parties and their various and diverse platforms.

"Foreign peoples are likely to misunderstand the language of American politics," Dr. Wright said, "as when the Russians take it for a plain-faced fact when American sport headlines read 'Yanks Murder Burns'."

Dr. Kennedy, whose field is Far East history, was not so partial to words both parties did not defer so much to those of foreign birth in his audience, reportedly defended, or affirmed that U. S. Foreign policy, being what it was, the Korean war was a necessary evil.

The talks by the two professors, were scheduled as explanations of the Democratic and Republican party platforms.

Dr. Kelley Speaks At Club Meeting

"As compared with other sciences and fields of human knowledge, psychology is relatively new," Dr. Leslie Malpass, psychology club member, stated, during his talk at the second meeting of the organization last week.

"One of the most important recent developments has been the emergence of psychology as a profession," Kelley explained. "Psychological services are now offered to both individuals and to social institutions."

The Psychology Club approved its new constitution at this meeting, and Dr. Kelley announced that the election of officers is slated for the next meeting, which will be Wednesday, Oct. 22. Club members are open to all students and faculty of the University who are interested in psychology.

Psychology Dept. Sponsors Public Forum Tomorrow

A public forum on parent-child relationships will be held here tomorrow at 8 p. m., according to Dr. Leslie Malpass, program chairman and member of the SIU psychology department.

The program is being sponsored by the SIU psychology department and the SIU division of University Extension. The forum is the first of a new series being planned. The meeting will be held in the Link Theatre of the new University school.

Following the showing of a movie, "Angry Boy," a panel of four persons will discuss general and specific questions of parent-child relations as indicated by audience interest.

Comprising the panel will be Clyde V. Winkler, superintendent of schools in Carbondale; Dr. Alfred Kahn, coordinator of Mental Health Education, Illinois Department of Public Welfare; Dr. Noble Kelley, chairman of the SIU psychology department; and Mrs. Evelyn Riecke, counsellor of girls, University of Southern Illinois.

Historical Society To Meet Here Saturday

"Southern Illinois in the Mexican War" will be the theme of the meeting of the Southern Illinois Historical Society meeting to be held on campus this Saturday.

The society this fall has arranged a daytime meeting to open at 9:30 a. m. and last until mid afternoon to try to arouse more interest among historically-minded Southern Illinoisans.

Lutheran Organization Pledges Twelve Members

Twelve new members were pledged during the pledge ceremony of Gamma Delta, Lutheran student organization, at its regular business meeting last Wednesday. Initiation of the new members will be held at the next meeting, Nov. 12.

Plans were made for a hallows' eve party at the church basement, Wednesday, Oct. 29, at 7:30 p. m. Students are invited to attend and are asked to come masked.

BULLETIN!
College students prefer Luckies in nation-wide survey!

A nation-wide survey based on actual student interviews in 80 leading colleges reveals that more smokers in these colleges prefer Luckies than any other cigarette—and by a wide margin. The No. 1 reason given for smoking Luckies? Luckies' better taste. What's more, this same survey shows that Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

'Chips' Chop Salukis 55--7

League Leaders Score 22 in First Quarter

(By DON DUFFY)
Scoring seven times in thirteen series of downs, the Central Michigan Chippewas gained their third straight IAC victory as they pounded the Southern Salukis 55-7 in a game played at Mt. Pleasant, Mich., Saturday night.

The Chips offense swung into high gear early in the game, scoring 22 points in the first quarter of play, and compiling 426 yards before the final gun sounded. Their defense, while giving up 226 yards to the Salukis, allowed the visitors to place the ball down on home territory on five occasions and the only time did the Salukis penetrate past the Chippewa 30 yard line.

Southern lost the ball on the first play after receiving the kick-off when Banasak of the Chippewas received a fumble on the Salukis 27. Verne Haves scored for the Chips on a 25 yard end sweep. Doser made good his second conversion attempt after the Salukis were penalized for roughing the kicker.

The Chips picked up two more points minutes later. The Salukis were back deep in their own territory. A bad center to Hails on a punt attempt resulted in a safety to make the score 9-0.

CHIPS SCORE TWO
Second Chip touchdown came on a 43 yard drive climaxed when Chuck Miller bulled across from the one yard line. Doser kicked the kick. The third tally came in the closing minutes of the period. Don Smith blocked a Saluki punt and recovered the ball on the visitors' 33. Verne Wolf hit the line to score from one yard out. Doser's conversion was good to make the score 22-0.

Bob Ems took the kick-off on his own two yard line and carried 55 yards to the Chippewas' 43. But Saluki scoring boys were short brend. Huske fumbled on the last play of the first quarter and Michigan's Marovich recovered.

The Southern defense averted an other Chip touchdown early in the period when they stopped a 50 yard drive on their own 27. However, the host scored on their next series of downs. Dave Clark climaxed a 78 yard drive by crossing the goal line on an 11 yard end sweep. Doser missed the kick and the score read 28-0.

Southern's offense managed to move the ball up to the Chippewas' 31 yard line before time ran out at the half.

even had their fifth touchdown. Bill Doser took a Hails punt on the Southern 43 and ran the remaining 43 yards for a score. His 35-0 kick boosted the score to 35-0.

Charlie Miller intercepted a Southern pass on the first play after the kick-off. His touchdown return was nullified by a clipping penalty. Southern punted out, but the Chips were determined. They scored on a 33 yard pass from quarterback Don Kolcher to Al Drath. Doser converted for the fourth time.

SALUKIS SCORE
A fourth down fifteen yard penalty against the Chips gave the Salukis a first down in their own 47. Frank Morgan, who has shown great promise as an offensive fullback in the last two games, bucked through to the Michigan 39, and carried again to the 32. "The Salukis' first big offensive drive of the night ended when halfback Ed Johnson made a diving catch of Huske's eight yard pass in the end zone. Ems, who for the second straight week was forced from the game because of injuries, converted.

But the league leaders regained by scoring on an 82 yard sustained drive. Lee Smith finished by socking over from the two yard line. Doser missed the kick and the Chippewas led 48-7.

Don Smith intercepted a Southern pass on the first play after the kick-off. He ran it back ten yards to Southern 30. Pran scored on a seven yard end sweep and Doser kicked his fifth point to make the score 55-7.

Southern took the kick-off on their own 33. Jack Schneider, Johnny Vanderplum, and Frank Moran combined their rushing efforts to move the ball down to the Chippewa five yard line. But time ran out before the Salukis could provide the needed scoring punch.

A FORMALITY
Although the Salukis played most of the second half against the Michigan reserves, they found themselves battling against a unit as talented as the Chippewa starting platoon. With potentially all-conference starters and Notre Dame-like reserve strength, the power ladies Chippewas should have little trouble coming to an unbroken season in the IAC. Western Illinois, considered to be a tough one for the Chips,

THE BIG MAN, opponent has rolled up his sleeves and smacked twice in a row now. He hit Ed O'Brien's three-beaten Sam with 21 blows at Northern, and now 55 at Central Michigan.

In all 76 points have been scored against Southern's football team, while the SIU boys have scored 24 in the last two games.

Some of you might be wondering how come. Now can a team that looked like they were on the march three weeks ago lose two in a row by logical means?

We don't know the whole story, but it's easily explainable. Southern simply has been outmanned in the last two games. According to a Michigan Central sportswriter, they threw from up North twice. Four teams, one as good as the other. They're loaded for bear, but its duck season or not, and unless we miss our guess, they'll roll through this year's IAC schedule undefeated with less than six touchdowns scored against them.

NORTHERN wasn't that loaded, but the ball just bounced the wrong way at DeKalb. Thing of it, you never know just how much a football is gonna bounce. A spiraling punt can be caught and run back for a touchdown; but did you ever see an end-over-end punt bounce eight different ways and put a beam in the hole? A fumble can frame right in a man's hands, or it can crown off the turf into the opponent's mix.

was trounced 27-0. Three now seems to be nothing between Coach Bill Kelly's Chippewas and the conference crown except the futility of playing three more conference games.

Saluki Harriers Defeat Western

Ernest Kelly and Dick Gregory set the pace as Southern's harriers copped the first cross-country win of the season here Saturday against Western Illinois. The score was 22-33.

Kelly, a freshman, broke the tape in 17 minutes, 37 seconds after covering the 3.375 mile course. Gregory was four seconds behind him. Both runners are "products of Sumner high school" of St. Louis.

TAKING THIRD was Floyd Whorley who paced Western in two previous victories over Monmouth and Illinois Normal. Whorley finished in 17:53.

Although it was Southern's first win in three meets, it was the second time a Saluki runner had finished first this season. Gregory took first place in Southern's opening meet with Eastern Illinois, a match the Salukis lost 32-25.

Southern nailed down first, second, fourth, sixth, ninth, and 11th in the twelve man field. Western got third, fifth, seventh, eighth, 10th and 12th.

At the halfway mark Kelley led the field with Whorley and Gregory and Joe Smoler, Edwardsville.

Others are Howard Finney, El Dorado; Howard Wood, George Reator, and Rex Hodge, Fairfield; Velby Carpenter, Grayville; Gene Bagby, Marion; Kiyth Upton, McLeansboro; Joe Johnson, Mt. Three Frats Still Tie For Greek Bowling Lead

None of the three teams deallocated for first place in the men's division of the Greek bowling league gained ground on their rivals as Sigma Pi, Chi Delta Chi, and Sigma Tau Gamma fraternities all turned in identical records of two victories and one defeat last Thursday.

Sigma Sigma Sigma sorority nearly had the Chi Delts on the ropes in a three game series as the girls turned in the night's high total of 2398, including a 384 pin handicap.

THE CHI DELTS, led by Ludwig's 184, squeezed by the Tri Sig with one pin to spare in the opening battle. Their winning total was 816, as compared to 815 for the losers. Sigma Sigma Sigma avoided a shut-out by taking the last game of the set. Jerry West led the way for the Chi Delt quarter with a 525 series. Connie Constant's brilliant 482 was tops for the women.

Sigma Tau Gamma kept pace for first place by taking the first and third game en masse.—Clu and third games in their series while

against Tau Kappa Epsilon fraternity. Red Felder held down anchor man for the Sig Tau and turned in high series of 332. Cliff Karch's 498 was the best effort turned in by the losers.

BILL HUNTL rolled high game of the evening, a nifty 241, to lead Sigma Pi to a two game victory in their series against Delta Sigma Epsilon sorority. The Sig Pi's came near sweeping the series, but dropped the opener by eight pins. Hunt's 583 was high for the man, while Libby Mae's 445 was the only 400 series turned by the Delta Sig's.

Pi Kappa Sigma moved farther into the lead in the women's division by producing flawless Theta Xi fraternity, two games to one. The Pi Kaps, led by Mary-Ann Kingsberg's 419, outscored the men in totals, 2151 to 1964. Theta Xi, with Carol Cox high man at 440, managed to make the middle game by 18 pins to avoid a complete white wash.

Standings:

Chi Delta Chi	7	2
Sigma Pi	7	2
Pi Kappa Sigma	7	2
Tau Kappa Epsilon	4	5
Theta Xi	2	7
Delta Sigma Epsilon	2	7

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day, 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-month period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
