Grade ‘Warning’ System Is Adopted

Dean’s Okay Needed for Registration

Students who have not pre-registered for the spring term and are in attendance here during the winter term will have to have the written approval of their deans to register today.

Upon obtaining the approval of their deans, students should report to the Sectioning Center today to get an appointment from the center for March 31 or as soon as possible.

Any student who does not get an appointment will have to wait until April 3 to register.

Marion B. Treese, supervisor of the Sectioning Center, pointed out that students failing to pay their fees by the March 19 deadline, unless they have a deterrent, will have their registrations canceled. If this happens, the student will not be able to register on March 31 unless he obtains permission from his academic dean.

This new system which has been adopted by the Sectioning Center is an effort to avoid the all-day registration lines at the beginning of the new quarter.

The spring term will begin on March 29.

Pages 8, 9 List Ideas

For U. Center Interior

A committee is currently working to come up with plans for completing the University Center. Diagrams and an article listing some of the considerations of the committee can be found on Pages 8 and 9.

Gus Bode

Gus says the Student Council ought to come up with something new. Student Government always has been one voice.

SIU Is Seeking Top Saluki Scholars

Plans for a program to be known as the Saluki Scholar have been announced by the off-campus area programming council.

The Saluki Scholar will be patterned after the “College Bowl,” NBC’s weekly television quiz show. Preliminary matches will be held until a winner is chosen among the highest point total will compose a team to represent the major areas in the final matches.

All houses planning to sponsor a team must register at the Housing Office not later than April 3.

The final matches will be broadcast by WSIU-TV.

(Continued on Page 9)

Winter Slips Will Indicate Students in ‘Danger Zone’

A new classification will be added to some students’ grade slips at the end of this term. “On Academic Warning” will be placed in the category for those students which some students will fall.

Deadline Is Noon

For Bus to Game

Noon today is the deadline for signing up for the bus trip to Evansville tonight where SIU baseball will meet the cagers from Washington University.

The first of charge and provided by the student government and students, activities, will leave the University Center at 4 p.m. today.

There will be no reduction in ticket prices for the game for seniors. All seats will cost $2 each.

If Southern is successful to-night, the game for Thursday’s game will go on sale at 9 a.m. Thursday.

Placement Service Is Friendly Counselor, Arranger for Seniors Seeking Opportunity

TEACHING AID — Daniel N. Miller Jr., associate professor of geology, demonstrates one of many new audio-visual teaching aids being shown to faculty members this week.

By Ron Guskey

First of Two Articles

Cheer up, seniors. The cold cruel world may offer more opportunity than you realize.

Last year, for instance, various companies filed some 40,000 job vacancies with the SIU Placement Service. More than 800 companies from 26 states actually came to the SIU campus to interview.

More than 25,000 sets of confidential papers on students were sent out, and nearly 5,500 individual job interviews took place.

Furthermore, so far this year, there has been an increase of 10 to 15 per cent in the number of companies with registered openings who are looking for qualified people.

So do you go about getting an interview?

First, register with Placement Service, and arrange for an interview with a counselor.

The counselors, who specialize in different vocations, will help you decide what you are best qualified to do.

After your initial interview with Placement Service you are pretty much on your own.

The next step is to arrange interviews with companies with whom you are qualified and interested in working.

Make an appointment to talk with selected companies at Placement Service. And then make sure you are on time for your interview — in fact, try to be early. There are few better ways to get on the bad side of an interviewer than to be late.

Placement Service keeps up-to-date bulletins posted on the bulletin board. Other sources include the Daily Egyptian’s “Job Interviews” and advertisements placed by companies.

Assistant to Kinsey Will Speak Tonight

Paul Gehbard, an associate of the late Dr. Alfred Kinsey, will explain the methods and purposes of Indiana University’s Institute for Sex Research at a public lecture here today.

Gehbard, coauthor with Kinsey of “Sexual Behavior in the Human Female,” will speak at 8 p.m. in the University School Studio Theatre. He will describe the work of the Sex Institute, The Department of Anthropology in sponsor.

Remember, though, that you are expected to keep yourself informed as to when prospective employers are coming to the campus. Other sources include the Daily Egyptian’s “Job Interviews” and advertisements placed by companies.

Your single best source of finding a job is through Placement Service, but your department counselor may be quite helpful in giving you leads. Also, recommendations from your department chairman may be quite helpful.

Just remember that the world doesn’t owe you a living. So if you have initiative and talent, your chances of securing a job look pretty good.

Next: The job interview according to Robert A. McGinnis.

The new classification will apply to students who rank below the top 50 per cent and have academic probation. It will apply to students who rank below the top 96 per cent and have academic probation. It will also apply to students who rank below the top 96 per cent and have academic probation.

Also, a recommendation from the department chairman will be required if the student is sponsored by a housing unit.

Students who have 96 to 144 quarter hours will receive this classification if their grades are between 3.049 and 3.000.

Those with 144 or more quarter hours with averages between 3.099 and 3.000 will receive this warning.

General Studies students who have 10 negative hours or more will also be placed in this classification. This will give the students warning if they run into scholastic difficulties.

The instructors in General Studies were urged to post midterm grades as an additional notice to students that they might be in trouble.

The warning notice is for the student’s information and will not appear on official transcripts. It is to serve to prevent academic probation by making the student and adviser aware of the grade danger.

The new classification is being designed to give the approval and recommendation of the head of the academic units on the Carbondale campus.

Merts Recital Set

Marilyn R. Merz, mezzo soprano, and Kathleen Wick, pianist, will present stud-ents recital at 8 p.m. Friday in Shryock Auditorium.
Ashes Are Symbolic

Lent Is a Time of Repentance And Imitation of Life of Christ

By Carol Deramus

Lent, traditionally and symbolically, is a 40-day imitation of Christ’s last weeks of mortal life. To the Christian it is the time for contemplating the suffering of Christ, the loss of the divine life, and the Resurrection. The beginning of Lent on Ash Wednesday is celebrated with formal services in Greek Orthodox, Roman Catholic, German Lutheran and Anglican churches. The distribution of ashes as a symbolic tradition of the ancient ceremony. In early times, Christians who had committed grave sins showed sorrow by wearing sack clothes and ashes in public for the season of Lent. They were expelled from holy places, like Adam from paradise, because of their sin and were not readmitted until they had gained reconciliation by toil, penance, confession and absolution.

In forms of penance the sinner often had to remain outside church doors and beg for the poor.

In 1091 at the Council of Beneventum Pope Urban II recommended that ashes be distributed to all the faithful since all are sinners. Thus emerged the custom kept today by the Catholic Church. The 40 days of Lent is traditional that the 40 is a scriptural number meaning plenteous or more than a month.

Holy Week, the last week of Lent, is a day-to-day reflection of the last week of Christ’s life on earth. It begins with the triumphant entrance into Jerusalem and ends with the complete reversal of Good Friday, when the same people who welcomed Him crucify Him for His crucifixion. Also a part of Holy Week is the commemoration of the Last Supper on Holy Thursday.

In re-enacting Christ’s death, the Christian is striving to put sin to death in order that he may rise with God through Christ’s resurrection on Easter Sunday.

Economics Lecture Slated for Today

The first in a series of three lectures will be presented by Irvin Sobel of the Department of Economics at Washington University, St. Louis, at an economics seminar today.

"Unemployment in an Affluent Society" is the theme of the series.

Sobel will discuss "Manpower Policy for Sustained Economic Growth" at 11 a.m. today in the Agriculture Seminar Room. At 8 p.m., he will discuss "Unemployment of the Aging" in the Family Living Lounge of the Home Economics Building.

Robert G. Layder, chairman of the Department of Economics, said the other two lectures will be on April 14 and April 20.

Intrasviva Score on Program

Concert Set Thursday
By Symphonic Band

An arrangement by a music faculty member will be performed by the SIU Symphonic Band when the UIr-number musical organization presents its winter concert at 8 p.m. Thursday in Shryock Auditorium.

"Divine Comedy Tu Mirada Paso Doble," by J. Jabuerra, has been arranged for band by Lawrence J. Intravaia, associate professor of music, and will be conducted by Melvin L. Siener, assistant professor.

A graduate student, Michael D. Hanes of Salem, will conduct selections from "West Side Story" by Leonard Berstein, arranged by W. J. Delboit.

Other numbers on the program include a Joseph Jenkins overture, "Invocation of Alberich," by Richard Wagner, Latham’s "Brighthorn Concert March," and G. E. Holcomb’s "Colorado Concert March."

Today’s Weather

Fair to partly cloudy and cooler today with high in the upper 70s to mid 80s. Record high for this data was 82 degrees in 1911; record low was in 1954 and again in 1960 at 10 degrees, according to SIU Climatology Laboratory records.
Activities

Zoologists, Spelunkers Set Evening Meetings

Inter-Varsity Christian Fellowship will meet at 11 a.m. in Room E of the University Center.

The Judas Club will meet at 5 p.m. on the Arena concourse.

The Amateur Radio Club code course will be given at 7 p.m. in Room D of the University Center.

A Latin American Seminar will be held at 8 p.m. in Morris Library Auditorium.

The University Choir will be featured in a concert at 8 p.m. in Shryock Auditorium.

The Department of Zoology will sponsor an Audubon program on "Alberta Outdoors" at 8 p.m. in Furry Auditorium of University School.

The Jewish Student Association will meet at 8 p.m. in Room B of the University Center.

Alpha Kappa Psi, business fraternity, will meet at 9 p.m. in the Seminar Room of the Agriculture Building.

The Speleological Society will meet at 9 p.m. in Room B of the University Center.

The Educational - Cultural Committee of the University Center Programming Board will meet at 9 p.m. in Room E of the University Center.

SIU Basketball Set

On Radio Tonight

The Saluki-Washington University basketball game will be featured at 6:30 tonight on WSIU-Radio.

Dallas Thompson and Al Murphy; Guests for the occasion will include trends in corn production.

Gerald W. Griebel, president of Kappa Tau Alpha. Office of Kappa Tau Alpha. Sigma national fraternity.

Fenyer, John W. Starks, Neil Longman, members of the central organization were initiated into Phi Eta Delta March 10, 1965.

To qualify for Phi Eta Delta a student must have completed a grade average of 4.5 by your host, Pete Archbold.

Twenty SIU students have been initiated into Phi Eta Sigma, national scholastic fraternity, for freshman men.

To qualify for Phi Eta Sigma, a student must have compiled a grade average of 4.5 or higher during the fall quarter.

Also initiated into the organization were Robert MacVicar, SIU vice president for academic affairs, and ivan Adams, assistant dean of student affairs.

The new student members are:

Leslie Murphy, Jerry E. White, Aubrie N. Sparks, Jr., Raymond J. Wheeler, Poyzer J. Fiche, Alan F. Ackman, Gary F. Srell, Neil L. Ackerman, Rachael A. Idapul, Rodney Oldenhoef, Ronald Hoch, Jerry J. Robella, Abdul-Hosein Majadi.

1st Agronomy Day

Slated Thursday

The First Annual Agronomy Day will be held at 9 a.m. Thursday in Muckelroy Auditorium in the Agriculture Building.

The subject of the program will be "Developments in Corn." Discussions will include trends in corn production, corn population studies, weed control, irrigation, fertilization, corn and maize production in animals.

The Agronomy Day was organized and scheduled for Feb. 25, but has been postponed because of bad weather.

Future of Southern Illinois To Be Discussed on Television

Conversations, a discussion with Senator Steve Colby, will be the highlight at 8:30 tonight on WSIU-TV.

A group of SIU staff members and visitors will discuss the future of the Southern Illinois area.

Ball State Exhibits

Drawing by Harris

Harry S. Harris, associate professor in art at SIU, is exhibiting in the 11th Annual Drawing and Small Sculpture Show at Ball State Teachers College, Muncie, Ind. His entry is a tempera drawing called "Tiger."

Katherine Kub, noted art critic for the "Saturday Review," will judge the entries, selecting 165 drawings and 53 sculptures from the entries submitted. The 218 pieces in the exhibit represent the work of artists from 30 states.

Selma, Ala. (AP) — State troopers quietly turned back a massive right-to-vote march led Tuesday by the Rev. Martin Luther King Jr., who had began the pilgrimage to Alabama’s capital in defiance of a federal court ruling and a plea by President Johnson.

Among the marchers were Mrs. James Meredith, widow of the Democratic U.S. senator from Mississippi; M. Charles Tobey, widow of a former Republican U.S. senator from New Hampshire.

A tension-filled meeting between King and a column of troopers — arrestering for three-quarters of a mile — and the gray, helmeted troopers cut short the attempted renewal of the highway trek.

King had vowed: “I must march.”

The march he made brought by the Rev. Martin Luther King Jr., who had

massive right-to-vote march across the highway.

He ordered the marchers to return to their church.

Bevel said there had been no commitment to have all the marchers arrested. But he pledged that the march to Montgomery would be attempted “as far as it can go.”

First halting the marchers at the approach to a river bridge was Chief Deputy U.S. Marshal and Mountain of Mobile. Using a portable loudspeaker, Fountain read the order by U.S. Dist. Judge Frank M. Johnson Jr. of Montgomery banning the demonstration.

Fountain stood with sunglasses and a helmet on.

Fountain stood with sunglasses and a helmet on.

James G. Clark, Democratic minority leader, said the GOP plan to overlap into suburban areas.

The GOP bill passed by the Senate provides for redrawing House and Senate districts for the 1968 session.

The GOP map calls for 21 districts in Chicago, nine in the suburbs and 29 downtown.

Marines Join Vietnamese Rangers In Patrolling Da Nang Perimeter

By George McArthur

DA NANG, South Viet Nam (AP) — A group of U.S. Marines slung rifles Tuesday night and joined a Vietnamese ranger unit on patrol west of this strategic airbase to guard against Communist infiltration.

The first scouting mission by the newly landed Leathernecks, codenamed Tiger 327, was met by heavy fire from one of the worst beatings received by forces in Viet Nam this year.

The four-man U.S. team joined a small company of Vietnamese marines, Rangers, veterans of fighting in the Red guerrillas out of Viet Cong, for the 33 irregular mountain fighters to see action in the rugged country at Mang Yang some 400 miles northeast of Saigon.

The known dead from the attack, including one U.S. Marine, were 22 Viet Conpguerillas. The Viet Cong said in a brief broadcast that the United States had suffered a “serious failure at Bien Hoa and Pleiku”.

The first scouting mission of the newly landed U.S. Leatherneck Division was met by heavy fire from one of the worst beatings received by forces in Viet Nam this year.

Wouldn’t Join Conflict

French Voice Fears Viet War May Widen

PARIS (AP) — France sees Viet Nam as a crisis in which pride and policy now face a peaceful solution and heighten the danger of full-scale war.

In the French view, these two basic positions have been achieved by a statement and French policy dictated negotiation and a way of looking at it:

If such a conflict occurred, France would refuse to take part in it, a highly informed French source said Tuesday. He indicated that this position has been made known to Washington.

He put the fundamental position of the two big powers concerned with Viet Nam this way:

U.S. policy dictates negotiations only from a position of strength.

Red China, proud in its new position as a world power, refused to risk loss of face by being frightened to the conference table.

“The United States would like to negotiate a solution,” the informant said. “Red China would like to negotiate a solution. But the two main adversaries, the United States and Red China, are prevented by their present policies from doing anything about it.”

France and the Soviet Union have agreed to cooperate in trying to get Viet Nam talks started.

There has been a report that Red China has quietly let France know it would welcome French action as a go-between in getting negotiations started. This was denied by the French source, who said that so far neither the United States nor Red China has approached France.

A growing pessimism is evident in the French circles that the situation rapidly is getting to the point where each side becomes more difficult.

Here the United States as having two fundamental choices: either pull out over the Viet Nam problem or to make war. They are not now certain that either choice will not prevail.

Johnson Signs Aid to Appalachia Bill

Praising End of ‘Partisan Cynicism’

WASHINGTON (AP) — President Johnson signed the $1.1 billion Appalachian aid bill Tuesday and said “these legislation is the end of partisan cynicism toward wants and misery.”

The “dole is dead,” Johnson said. “The work barrel is gone. Federal and state, liberal and conservative, Democratic and Republican, Americans of these times are concerned with the outcome of the next generation, not the next election. That is what the Johnson signed the $1.1 billion Appalachian aid bill Tuesday and said “these legislation is the end of partisan cynicism toward wants and misery.”

The “dole is dead,” Johnson said. “The work barrel is gone. Federal and state, liberal and conservative, Democratic and Republican, Americans of these times are concerned with the outcome of the next generation, not the next election. That is what the

The bill does not actually appropriate the $1.1 billion to aids Appalachia. It authorizes the program. A separate money bill will be submitted.

But the provisions of this legislation clearly reflect —

The bill provided the legislation in a ceremony in the White House flower garden for the president and governors from Appalachian states and a large congressional delegation.

The bill does not actually appropriate the $1.1 billion to aid the mountainous, economically depressed 11-state area which extends from northern Pennsylvania to Alabama. It authorizes the program. A separate money bill will be submitted.

It was grateful to the support units for their help.

“The conditions were difficult, so far as the Navy was concerned, and got worse Monday night with a crosswind, making it difficult to get supplies ashore,” he said.

Two small landing craft were arranged on the beach later at high tide, but were pulled off undamaged.

An American and a French officer flew up from Saigon for the conference with Karch.

Entering the Marine compound, Westmoreland shook hands and chatted briefly with a number of men there in addition to the staff officers when he was formally introduced.

Viet Cong Guerrillas Sustain Heavy Losses in Night Attack

KANNAK, South Viet Nam (AP) — Bodies of about 100 Viet Cong guerrillas were found yesterday morning after a night attack on a helicopter base near the border with Cambodia.

The dead included 10 men killed in a series of grenade attacks on a group of marines and five soldiers killed in action and the capture of a number of marines and five soldiers killed in action and the capture of a number of rifles.

Present Arrangement Of University Center's First Floor
University Center Being Replanned

By Dick Cox

What features would you like to see included in the final stage of the University Center?

A post office, browsing library, record listening room, radio room, small kitchen for use of groups, beauty shop, barber shop, record shop, sports shop, hotel rooms, photo-laboratory, a woodcraft shop?

These are but some of the suggestions made by students and faculty in 1955, before plans for the University Center had been drawn up.

A decade later a committee has been set up to reanalyze the needs and desires of the present University Community.

Clarence G. Dougherty, director of the University Center and a member of the committee, said the committee hopes to contact students through the student representatives on the committee, and through Student Council and the University Center Programming Board.

Student representatives on the committee are Terrance L. Cook and Claudette Carlin.

Dougherty said, "Our aim is to attempt to program the building. The program is developed. It will be sent to the student representatives and the student council for study." He said that to his knowledge no serious consideration has been given to what students would like to have in the building.

He did quash one rumor:

"The Central has been set aside for use of groups, beauty shop, barber shop, record shop, sports shop, hotel rooms, photo-laboratory, woodcraft shop.

Dougherty said, "Our aim is to attempt to program the building. The program is developed. It will be sent to the student representatives and the student council for study." He said that to his knowledge no serious consideration has been given to what students would like to have in the building.

He did quash one rumor:

"The Central has been set aside for use of groups, beauty shop, barber shop, record shop, sports shop, hotel rooms, photo-laboratory, woodcraft shop."

The plan calls for moving the book store into the space now occupied by the Olimic Rooms and the Student Activities area. The pool tables would be moved into the space now occupied by the book store.

The River Rooms would be moved to one of the upper floors to allow for the enlargement of the Olimic.

The cafeteria would be enlarged by building an addition on to the south end of the building. Plans also call for a new entrance to be added to the outside of the building.

Dougherty said he was notified Tuesday in a letter from John S. Bellow, assistant president for business affairs, that President Morris had approved the south entrance concept. This means the committee will be able to go ahead with planning the rest of the building, Dougherty said.

"This plan is only one possibility," Dougherty said, "and at this point seems to be the most feasible."

It is hoped that the committee will work on plans for completing the upper floors.

In addition to saving space for the activity rooms, vending machines and the River Rooms, the committee is also considering adding such features as:

- A browsing and music lounge, a wicker service dining room that might be converted into a 190-seat auditorium.
- Hotel rooms and an alumni office were included in the original plans for the final stage (drawn up in 1958), but Dougherty said indications are that need for these is not as great now and that changing circumstances demand these be restudied.
- Other items included in the original plans were a photography room, hobby rooms, a general meeting room, a hospitality lounge, a meditation room, and a kitchen for group use.

Dougherty said, however, that the committee is not bound by the original plans and that it is more interested in what is needed now.

He did squelch one rumor: he said that to his knowledge no serious consideration has ever been given to putting a swimming pool in the University Center.

Salukis Travel to Evansville
Start Play Tonight in Title Quest

Southern opens its quest for the NCAA college division championship tonight when the Salukis meet Washington U. of St. Louis at 7 p.m. in Evansville.

The game will be the second meeting between the two schools this year. In the first meeting Southern snapped a six-game Bear winning streak by frowning them 75-54.

The Bears have improved considerably since the earlier game and this plus the return of one of their leading scorers Ron Jackson could make tonight's game a closer battle. Washington is now 21-5 this year and has won nine consecutive games since losing to Eastern Illinois 80-75.

Washington advanced to the finals at Evansville by winning the Southwest Regional at Warrensburg, Mo. In that tournament the Bears defeated Central Missouri 82-76, coming from behind in the closing minutes.

Washington coach Chuck Smith said his team didn't play at their best in the regional, but added, "I feel that SIU now isn't 23 points better than we are."

Part of the reason for his team's showing since the first game has been the return of Jackson. The six-foot guard missed the first game because of a knee injury, but has recovered well and now is averaging 15 points a game.

Wayne Williams, a 6-5 forward, is the leading scorer for the Bears with a 16 point average. Another starter whose scoring average is in double figures is center George Kramer with a 11 points per game average.

Rounding out the starting five for Washington are guard George Spencer sporting a 12 point average and forward Steve Levitt who pulled down some important rebounds in the final game of the regional.

Southern, surprisingly enough, will be the only tournament entry to win less than 20 games this year. The fact that they have all won 21 or more games gives an indication of how tough this year's field is.

In regard to his starting lineup, Coach Hartman said, "We'll start pretty much the same lineup we have started in the past."

The SIU-Washington game is the third game on the tournament agenda today. The eight-team meet gets underway at 1:30 p.m. when Akron meets St. Michael's (Vt.) College. Akron, finished second in last year's Evansville finals. At 3 p.m. North Dakota (24-4) battles Seattle Pacific (22-6).

The winner of this game will play the winner of the SIU-Washington game in the semi-finals.

Following tonight's Southern game, Evansville (26-0) takes on Philadelphia Textile (24-3).

SIU Joins League
Of 4 Schools for Summer Baseball

Southern's baseball team has joined with three other teams to form a four-team Midwest Collegiate Summer Baseball League.

Schools composing the league include Parsons College, University of Illinois, St. Louis University and SIU.

Lee Eilbracht, baseball coach at the University of Illinois, will be the league president.

Plans have been made so that each team will play a four-game series each weekend for a total of 35 games. League play will begin June 18.
**Salukis to Meet Washington U., Are Wary Despite First Victory**

SIU's basketball Salukis go "Bear hunting" as expedition leader Jack Hartman and his team are "go." Despite a regular season 77-54 triumph over the Washington U. Bears,Jack Hartman is not taking anything for granted about tonight's duel.

"The final score down here was a little misleading," the Saluki mentor said Monday, as he sought to turn his men's attention back to meeting between the two teams.

"They played us without one of their starting guards," the Saluki head coach was referring to 6-0 Ron Jackson who missed the January enrolement of SIU, Lewis school and Southern.

Jackson hasn't any intentions of missing tonight's game, and his 15-point performance tonight won't, the Bears' chances any.

But the Salukis appear ready for the challenge of matching the team through a final 75-minute tuneup Tuesday afternoon, 45 minutes before the Bears' offense and defense were studied.

The team planned to leave for Evansville this morning, practice for two hours in the 70-degree wind, while Hartman planned no workout in Robertson Memorial Stadium although Washington U. was rated at 54-69.

The big place is not strange depth could be an important factor in tonight's bench strength was never more apparent than in the contests between Brooks and Ralph Johnson both came off the bench to turn in fine defensive efforts.

"Thurman gave us two good ball games," Hartman said, and "Ralph did a real good job. He's come a long way." Hartman also thought the shooting of captain Joe Ramsey and the over-all play of Dave Lee were instrumental in the Salukis' weekend victories.

The coach explained the team's near upset by Largo-71 this way, "It was just one of those things. We were a scrappy, loose outfit, but we just played poorly. It was really the first time we've played a poor one. It was hard to get the kids up.''

---

**Revenge Sought**

**Salukis' Joe Ramsey Hopes For Third Try Against Aces**

Joe Ramsey, captain of the Salukis basketball team is facing the third try against Aces. The hope that Southern will have the third time to oppose their opponents.

The one-time point losers to Evansville, the Salukis need a victory over Washington University to snap their four-game losing streak.

The Saluki team leader, who has played in 77 varsity games at SIU and started the last 54, has collected 980 points and needs just 20 more to pass the seldom-attained 1,000 plateau.

"It's hard to imagine that it will soon be all over with," Ramsey said while reflecting over a career which started when he was in the fourth grade. The 6-2, 215-pound, swamp-rat type from Evansville, Evansville, the Salukis' winningest player in varsity, has a fighting chance to crack the Southern 1000 club.

The Salukis, an 8-5 won-loss record which includes one-sided victories over Big Eight Conference champ Oklahoma State and Washington University, its around the IS-point per game and Walt Frazier all scoring one-sided victories 18-5 won-lost record which Ramsey is looking forward to being the best club I've it becomes

Joe said. "After all, they try even harder to

that way primarily because of our defense."

Admittedly not interested to defend when he first came to SIU, Ramsey credits Coach Jack Hartman and the Saluki floor leader Dave Lee for giving him a new outlook on the game. "Dave's scrambling almost forces the rest of us to scramble more on defense," Ramsey observed, "and naturally you try even harder to excel in something when you recognize like we have for our defensive plan this season."

"An outstanding student who credits a somewhat photographic memory for his 4.2 academic average at SIU, Ramsey is looking forward to a coaching career, but admits he'll probably take advancement of a business minor out a suitable opening is available in the college ranks.

"I've got a lot of satisfaction of helping my younger brother, Frip, and I know I'll enjoy coaching," he said. However, Frip, a top-notch freshman candidate at Sandoval High School, "never gives me any credit for doing things right and without doubt is my sharpest critic," Joe said.

**Baseball Freshmen To Meet March 11**

Men interested in trying out for the Freshman baseball team will meet at 9 p.m. March 11 in Room 123 of the Arena.

**LHST**

Reward 5 dollars for return of blue cardigan sweater. Lost in the library, Thursday, March 10, 5:30 p.m. Phone 549-3659, 334.
Pekin's Dave Golden, Thornton's Hall
Top AP All-State High School Cagers

SPRINGFIELD (AP) — Dave Golden of Pekin and Harry Hall of Thornton are the top selections on the fifth annual Associated Press All-State High School Basketball Team. Golden, key man in Pekin's banner campaign to its first state title, led all vote getters and Golden of Pekin's Dave Golden, Thornton's Hall has proved equally valuable as the top two players in the state. This southern Indiana city is heralded as one of the top five basketball districts in the nation. Hall is the sole district selection from Illinois since the inception of the AP poll.

The next five players named to the AP team are: Tommy Thomas, Johnston City, 6-1; Steve Spanich, Washington; Gene Bromstead, Waukegan; Ken Turner, Moline's Terry Gamber; and Bill Ford, Moline's Kurt Feazel, Harrisburg.

The Aces are led by two 1964 all-tournament selections, Larry Humes with a 33-point average to top all scorers and Jerry Sloan, who has averaged 17 points and 14 rebounds a game.

SPRINGFIELD (AP) — Tiny Batavia, the only Little David team still in the running for the ill-fated high school basketball title, sports the best record in a field loaded with Goliaths.

Only Pekin, with a 26-1 record, Chicago De LaSalle, 23-1, and Thornton and Freeport, both 24-1 come close to matching Batavia's sparkling 27-1-1 season.

But the odds are against Batavia duplicating last year's feat of Cobden-Edwardsville knockers and reaching the championship game at Chicago. Unlike 1964, this hasn't been a year for the underdog. Batavia in the solo district survivor to win regional competition last week, when only one of the top 16 teams in the Associated Press poll, LaGrange, fell by the wayside.

A year ago three district teams, including Golden, fought through the regional in which 13 teams were favored.

Batavia went on to become the Cinderella team in the state. Batavia beat Pekin in the championship game, Golden was chosen in regional action this year.

Batavia will launch sectional play Wednesday with 27 other teams at 14 sites. Thirty-two teams will be in action at all 15 sites Thursday. The sectional winners will be decided Friday.

Batavia's Bulldogs, who seek their first state championship since 1912, open against Elgin in the Hinckley sectional. If the Bulldogs get past Elgin, they'll meet the winner of Glenbard East-East Leyden contest. State champion Pekin and Decatur also resume their title drive today.

Pekin, after a slump during which the Chiks lost one game and suffered several squeakers, encounters Mount Pulaski at Peoria.

Pekin's attack is spearheaded by All-State Dave Golden, flashy guard and veteran team. Golden carries a 24-point average, the Chiks aren't a one-man team. Three other starters are hitting in the double figures.

Batavia is the sole district team in question of their fourth consecutive trip to the "sweet 16".

Decatur last snared the crown in 1962.

Responsibility

A key dimension of any job is the responsibility involved. Graduates who join Ford Motor Company find the opportunity to accept responsibility early in their careers. The earlier the better. However, we know the transition from the academic world to the business world requires training. Scholaristic achievements must be complemented by a solid understanding of the practical, day-to-day aspects of the business. That is the most direct route to accomplishment.

Stephen Jaeger, of the Ford Division's Milwaukee District, had an example of how it works. His first assignment, in January, 1963, was in the Administrative Department where he had the opportunity to become familiar with procedures and communications between dealerships and the District Office. In four months he moved ahead to the Sales Planning office. He became involved in selling and analyzing market data and trends in sales history, market segmentation and potential, and model mix.

This information was then incorporated into master plans for the District. In March, 1964, he was promoted to Zone Manager—working directly with 19 dealers as a consultant on all aspects of their complex operations. He includes sales, finance, advertising, customer relations and business management. Responsible job? You bet it is—yet not 25 years old. Over one million dollars in retail sales, annually, are involved in just one dealership Steve contacts.

Ford, a growth industry, Ford Motor Company offers an exceptionally wide spectrum of job opportunities. The chances are good that openings exist in your field of interest. See our representative when he visits your campus. We are looking for men who want responsibility and will be ready for it when it comes.

THERE'S A FUTURE FOR YOU WITH... Ford Motor Company's

For a Motor Company's

A Dramatic Growth Industry in the Exciting Automotive Industry
