Researcher says mineral shortage in mother linked to epileptic children

CHICAGO (AP) — Pregnant women with a deficiency of the mineral, manganese, may give birth to epileptic children, a researcher told a gathering of scientists Monday.

The researcher, Dr. Yukio Tanaka of St. Mary's Hospital in Montreal said his studies provide the first positive link between manganese deficiency and convulsions in humans.

Tanaka presented his findings to the national meeting of the American Chemical Society.

He said preliminary studies show that in some cases where a shortage

of manganese is the cause of epilepsy, the condition may be relieved by a dietary supplement of the trace metal.

Manganese is among several minerals needed in small amounts by human beings and other creatures.

"We do not claim at this time that we found the cause of or cure for epilepsy," Tanaka said. "However, we believe that we have opened a whole new field of inquiry into the convulsive disorders and that we have a very good chance to be able to help at least some epilepsy patients." About 4 million persons

suffer from the disease in this country.

As early as 1963 Tanaka said, studies indicated that abnormal offspring with convulsive disorders could result when pregnant rats have a shortage of manganese in their systems.

But the connection between manganese and human convulsions was not established until 1976, when he began his study of a puzzling case of a child whose seizures started when the boy was 4 years old, Tanaka said.

There was no known history in his family of convulsive or neurological disorder, Tanaka said, and over the years, the boy's condition deteriorated.

By the time he was 11, the boy was suffering several convulsions a day and his behavior and learning ability were worsening. He had to wear a steel helmet to protect his head from repeated falls.

Special Olympics to sponsor fund raisers; \$30,000 goal

By Rich Gubbe
Staff Writer

Although the local Special Olympics take place in the spring, much of the planning and funding of all of the events must come during fall semester, said Les Benefiel, executive director of Southern Illinois Special Olympics.

To help with fund raising, publicity, computer programming for athletic events, area workshops, and the organizing of a new Punt, Pass, and Kick competition, Benefiel has planned a volunteer meeting for 7 p.m. Wednesday, Sept. 7, in the Illinois River Room of the Student Center.

"We want to get new things going like camping, Punt, Pass and Kick, movies, dances, and more training for athletic events," Benefiel said. "And we want to be able to pay for everything."

To raise all the money needed, which Benefiel estimated to be

close to \$30,000, the Special Olympics plans to sponsor three major fund raisers this year.

Tag Days will raise money with the help of service organizations in the Southern Illinois area. These organizations will hold Tag Days in their own town, and help coordinate the Carbondale and SIU Tag Days.

The Best Bartender Contest will work in conjunction with Anheuser Busch, Inc. and the eight Budweiser distributors in Southern Illinois. This fund raiser contributed \$1,200 to Special Olympics distributors in Southern Illinois. This fund raiser contributed \$1,200 to Special Olympics last year.

The third major money make will be the Century Club, a fund raising organization made up of individuals, businessmen, and industry in Southern Illinois. It is open to new membership.

Last year, Special Olympics raised a total of \$21,300.

Student activities handbook to feature calendar of events

For the first time a handbook containing information on all upcoming events will go on sale Parents Day, Sept. 17.

John McGuire, graduate assistant in Student Activities, said that the handbook will contain a "comprehensive list of all activities happening during the year."

"When you open it up, at first glance it looks like a calendar," McGuire said. "It starts with August of this year, and ends with next July."

The handbook, financed by Student Government and the Student Activities Center, will be sold at the University Bookstore in

the Student for \$1.50.

Proceeds from the handbook will be used to finance next year's book. Advertising was sold on the back of this year's book to offset the \$9,000 publication cost.

The book also contains a telephone directory, a description of the student conduct code, a list of student organizations and a glossary of campus terms.

McGuire, who has been working on the book since February, said, "We are going to try and make it an annual book."

The book is made of metal and plastic to make it durable.

The first group of Basic Educational Opportunity Grant checks are expected to be disbursed at the Bursar's Office, Woody Hall, during the week of September 5. Students who turned in their 1977-78 Basic Grant Student Eligibility Reports (SER) to the Office of Student Work and Financial Assistance by August 19, 1977, and, also, were registered for Fall Semester classes by August 19, 1977, may expect their checks to be in the first group of checks. Those students who submitted their SERs and/or registered for classes after August 19, may expect their checks at a later time. A schedule of dates of check issuance will be posted in the Daily Egyptian as soon as it is positively known when checks will be available.

Skydiving Club meets Tuesday to recruit members

By Michael Gussaulus
Staff Writer

"If students learn to jump now, we could have them competing in a tournament this semester," says Tom Hally, president of the SIU Skydiving Club, which trains those new to skydiving and serves as a stopping ground for parachutists with over 1,000 jumps. They will meet at 7:30 Tuesday night, in the Kaskaskia Room of the Student Center.

New members pay a fee of \$45, which entitles them to the club gear throughout the year, use of equipment necessary for making a first jump and to complete training.

"We've trained 20 people since the organization's inception, and I've never seen anyone injured seriously," Hally said.

Last year parachutists from the club jumped into McAndrew Stadium during the Parent's Day ceremonies at a Saluki football game. They will repeat their performance this year.

"We're also going to hold a tournament this semester in which we will compete against such schools as ISU (Illinois State University) and NIU (Northern Illinois University)," Hally said. "We have the potential of turning out the best team in Illinois."

The club fee of \$45, Hally said, is low to three times cheaper than most professional clubs offering similar training.

Hally added, "Skydiving is not limited to men alone. We've produced some excellent women skydivers."

The club trains at the Archway Parachute Center in Sparta. It is a one-hour drive from SIU, but transportation is provided by the club.

After the Tuesday night meeting, there will be a lecture on skydiving safety.

The 'Kite Lady' will fly high when the breezes blow

By Jerry Markway
Associated Press Writer

DAMARISCUTTA, Maine (AP)—Tourists stare, children smile and the sky flashes with color when Kitty Corti's van pulls into town.

In summer tourist havens along the Maine coast, Kitty is known as "the kite lady." She peddles kites from the back of her converted mail delivery truck.

There are 30 different kinds, all shapes, sizes, colors and materials: bats, butterflies, falcons, and centipedes; space birds, air scoops and Donald Duck models; kites with names like French military, Jalbert parafoil, Vic fighter and Peter Powell stuntner.

If the wind is still, business stagnates. But when the breeze picks up, Kitty launches a 45-foot orange dragon kite or a multicolored wind sock, luring curiosity seekers and potential customers.

Kitty's truck is as much an eye-catcher as her kites. Purchased from the Waterville Post Office, it's bright yellow and orange, with her trade name, "The Kai's Kite," painted along the sides.

Although she flew kites as a child in North Tonawanda, N.Y., Kitty didn't discover how much fun they could be until she visited San Francisco, a mecca for kite flyers, three years ago. She got hooked.

"It's a free feeling, when the wind is blowing and the kite is dancing in the sky. All you need is a breeze and some open space," said the 34-year-old high school art teacher from Winslow.

Her hobby became a business when she sought a summer job that would let her travel, meet people, remain outdoors and be her own boss.

Now, weather permitting, she parks her van at fairs and festivals, luring tourist hounds like Wiscasset, Newcastle, Bristol and Damariscotta, attracting children wherever she goes.

But kite flying, she insists, is too much fun to be left to kids.

That's a problem, she said. "A potential customer needs an excuse to come up to talk to me. They're embarrassed to be interested in kites."

STUDENT CONDUCT CODE FOR SOUTHERN ILLINOIS UNIVERSITY AT CARBONDALE

DIVISION I - TITLE, AUTHORITY, AND ENFORCEMENT

Section 1-101—Title
These regulations shall be known as the Student Conduct Code for Southern Illinois University at Carbondale, and shall hereinafter in this document be referred to as the code.

Section 1-102—Authority
The regulations contained herein are established under the authority granted by law to the Board of Trustees to establish rules and regulations for the government and management of Southern Illinois University.

Section 1-103—Effective Date
These regulations are effective for Southern Illinois University at Carbondale from and after Fall Semester, 1977.

Section 1-104—Enforcement
The basic responsibility for compliance with these regulations shall be incumbent upon all members of the University community. The small responsibility for the enforcement of these regulations rests with the President of Southern Illinois University at Carbondale or his designee in accordance with the established procedure of the discipline system.

DIVISION II - COVERAGE AND DEFINITIONS

Section 2-101—Coverage, General
A. The regulations contained herein shall apply to all students of Southern Illinois University at Carbondale.
B. Nothing herein is intended to limit the authority of law enforcement officers acting in the line of duty.

Section 2-102—Definitions
The words and phrases used in these regulations, for the purpose of these regulations, shall have the meanings respectively ascribed to them as follows:
A. "Admission" means admission, readmission, reentry, re-registration and readmission to a student to any educational program at the University.
B. "Board" means the Board of Trustees of Southern Illinois University.
C. "President" means that individual appointed by the Board as the chief executive, administrative and academic officer of Southern Illinois University at Carbondale and any person authorized and directed by him to act in his behalf.
D. "Code" means the Student Conduct Code including procedures in disciplinary matters for Southern Illinois University at Carbondale.
E. "Members of the University community" means the members of the Board of Trustees, employees and registered students of Southern Illinois University at Carbondale.
F. "Student" means any person registered or enrolled in one or more classes.
G. "University" means Southern Illinois University at Carbondale.
H. "University official" means any individual authorized and directed by the President or his designee to perform a specific function.
I. "Days" shall mean all days the business offices of the University are open and shall exclude holidays and days when the University is not in session.

DIVISION III - PURPOSE, RIGHTS AND RESPONSIBILITIES AND JURISDICTION

Section 3-101—Purpose
Southern Illinois University at Carbondale is dedicated not only to learning, research, and the advancement of knowledge, but also to the development of ethically sensitive and responsible persons. It seeks to achieve these goals through a sound educational program and policies governing individual conduct that encourage independence and maturity. By accepting membership in this University, an individual joins a community characterized by free expression, free inquiry, intellectual honesty, respect for others, and participation in constructive change. All rights and responsibilities exercised within this academic environment shall be compatible with these qualities.
The University community has the responsibility to provide for its members those privileges, opportunities and protections which best promote and strengthen the learning process. In striving to achieve this goal all participants must remain cognizant of the rights of others.
Therefore, the regulations contained herein and the sanctions for violation of the same are for the purpose of providing and maintaining an environment conducive to the educational development of students on the campus of Southern Illinois University at Carbondale.

Section 3-102—Rights and Responsibilities
Students shall be free to examine all questions of interest to them and to express opinions. They shall be guaranteed all constitutional rights including free inquiry, expression and assembly. All regulations shall seek the best possible reconciliation of the principles of maximum academic freedom and necessary order.
To the maximum extent feasible, all University community members who participate in the formulation and revision of regulations governing conduct. Every regulation shall be brief, clear and specific as possible. Disciplinary sanctions shall be commensurate with the seriousness of the offense. Repeated violations may justify increasingly severe disciplinary sanctions. All regulations governing student conduct shall be made public in an appropriate manner. Procedures and sanctions used in adjudicating violations of this code are designed for

their educational significance and protection of the educational environment rather than their punitive effect. In all cases, appropriate appellate channels will be available.

Section 3-103—Jurisdiction
This code shall apply to conduct occurring on property owned or controlled by the University. When a student has been apprehended elsewhere for the violation of a law, the University

will not request special consideration for that individual because of his status as a student. The University will cooperate fully with law enforcement and other agencies with the purpose of aiding in the rehabilitation of the student. Although ordinarily the University will not impose further sanctions after a law enforcement agency has disposed of the case, the University reserves the right to initiate disciplinary action if the student's conduct has substantially interfered with its educational functions. Any disciplinary action taken on this basis shall conform to the provisions of this code, including appeal.

DIVISION IV - VIOLATIONS OF THE STUDENT CONDUCT CODE

Section 4-101—Acts of Educational Dishonesty or Deceit

A. Plagiarism representing the work of another as one's own work, or participation in plagiarism by preparing a writing with the knowledge that it is to be used by another as representing that person's own work.

B. Cheating by any method or means.

C. Knowingly and willfully falsifying or manufacturing scientific or educational data and representing the same to be the result of scientific or scholarly experiment or research.

D. Furnishing false information to academic officers relative to academic matters.

Section 4-102—Acts of Obstruction, Interference, Intimidation, Damage, and Destruction

A. Physical abuse, direct threat of violence, or intimidation of another person.

B. Vandalism, arson, malicious damage or destruction of private, public, or University property, including library materials.

C. Unauthorized possession and/or use of firearms, explosives, and other types of arms classified as weapons as defined in the Illinois Revised Statutes.

D. Intentional obstruction or substantial interference with any person's right to attend or participate in any University function.

E. Participation in any activity to disrupt any function of the University by force or violence.

F. Deliberate disobedience or resistance of identified University officials acting in the line of duty.

G. Theft, accessory to theft, and/or possession of stolen property.

H. Any reckless behavior which represents a danger to person or property.

Section 4-103—Acts of Misappropriation or Trespass

A. Misappropriation or conversion of University funds, supplies, equipment, labor, material, space or facilities.

B. Furnishing false information to the University with intent to deceive.

C. Forgery, alteration or misuse of University documents, records, and identification cards.

D. The intentional covering of false fire alarms, tampering with fire extinguishers, alarms, or other safety equipment.

E. Trespassing or unauthorized entry.

F. Forgery or passing a bad check with the intent to defraud.

Section 4-104—Acts Relating to Drugs

Unauthorized manufacture, sale, delivery or possession (in any amount) of any drug defined as illegal under municipal, state or federal law.

Section 4-105—Acts Relating to University Regulations and Policies

A. Student violation of University Housing Regulations and University policies on alcohol, demonstrations, pets or smoking will be adjudicated under this code.

B. Violations of any other University policy will not normally be adjudicated under this code.

Section 4-106—Acts Against the Administration of this Code

A. Initiation of a complaint or charge knowing that the charge was false or with reckless disregard of whether it was false.

B. Interference with or attempts to interfere with the enforcement of this code, including but not limited to intimidation or bribery of hearing participants, acceptance of bribes, perjury or disruption of proceedings and hearings held under this code.

DIVISION V INITIATION OF DISCIPLINARY PROCEEDINGS

In matters of academic misconduct disciplinary proceedings will be initiated and carried out within the academic unit in which the alleged offense occurred.

Any member of the University community may initiate disciplinary proceedings, except in cases of academic misconduct, by filing a complaint within 20 days of discovery of conduct which violates the Student Conduct Code. The complaint must be made in writing and submitted to the Student Life Office. The individual against whom the complaint has been made shall be notified within a reasonable period of time. The Student Life Office shall make a preliminary investigation of the complaint. If, after a preliminary investigation by the Student Life Office, no ground is found for proceeding with disciplinary action, the complainant shall be notified if the complainant wishes to proceed with a charge, a request for action must be filed in writing with the Office of the Vice President for Student Affairs within ten days of receipt of the notification letter. The Student Life Office may convene disciplinary proceedings when sufficient evidence has been obtained to warrant a charge being filed against a student for violation of the code without a request for initiation first having been made. Final authority to dismiss complainants shall rest only with the appropriate hearing officer or judicial board.

DIVISION VI - DISCIPLINARY

SANCTIONS

A record of any disciplinary sanction specified in this code whether imposed by the Student Affairs Area or the Academic Affairs Area shall be included in the respective student's personal file maintained by the Student Affairs Area.

While an individual is on disciplinary probation or under disciplinary suspension, the University shall include a statement of that fact on the official transcript for the duration of the sanction. An individual who is given a disciplinary sanction may petition for an early termination of that disciplinary sanction.

Restitution, where reasonable, will be imposed as a result of damage to or misappropriation of property.

Sanctions which may be imposed for violation of this code shall include the following:

Section 6-101—Disciplinary Censure

Disciplinary Censure is a sanction applied in writing for violations of University regulations in the event of further violation of any University regulations while under Disciplinary Censure, the violator may expect to receive a more severe disciplinary sanction. The censure shall be imposed for a specific period of time or until specified conditions are met.

Section 6-102—Disciplinary Probation

Disciplinary Probation is a sanction under which a student shall lose certain privileges. The probation shall last for a stated period of time or until specific conditions have been met. All conditions must be clearly related to the offense and must be specified by the hearing officer or judicial board.

Any misconduct during the probationary period will bring further disciplinary action and may result in suspension. Disciplinary Probation includes loss of good standing for the duration of the sanction. (It should be noted that this status may result in the loss of some types of financial assistance.)

Section 6-103—Disciplinary Suspension

Disciplinary Suspension is an involuntary separation of the student from the University for a stated period of time or until a stated condition is met, after which readmission will be permitted.

Section 6-104—Indefinite Suspension

Indefinite Suspension is an involuntary separation of the student from the University which would require a written petition to the appropriate administrative official before readmission will be considered.

Section 6-105—Academic Sanctions

Sanctions for academic misconduct not specified in this code but appropriate, and customary in academic settings may be applied.

To Members of the University Community

The Student Conduct Code was of Southern Illinois University or policy for Southern Illinois University.

The provisions of this Code making the orderly atmosphere necessary its educational mission and for concern necessary for the protect community.

Any questions concerning the implementation should be addressed Building T-40. Everyone is encouraged Code. No document such as this as a continual review for appropriate necessary, should also be communicated.

We wish to express appreciation staff members of the University while in developing this Code.

Bruce R. Swinburne
Vice President for Student Affairs

DIVISION VII - ALTERNATIVE

MEASURES

Alternative measures may be imposed for violations of this code only when mitigating circumstances make a disciplinary sanction inappropriate.

Section 7-101—Written Reprimand

In cases of minor violations of the Student Conduct Code, a written warning may be substituted for official disciplinary action. The purpose of the reprimand shall be to call to the student's attention the responsibility of meeting certain minimal community standards. Records of reprimands will be maintained only at the area level and shall be used only in cases of further violations of the code.

Section 7-102—Involuntary Withdrawal

After consultation by the hearing officer with medical, psychological or other professional personnel, an individual may be separated from the University by the hearing officer if such action is judged to be in the best interests of the student and/or the University.

If the involuntary withdrawal is accompanied by conditions, then the individual shall be readmitted to the University only upon a determination by a hearing officer that the conditions have been

satisfied. Any conditions must be clearly related to the circumstances causing the withdrawal, and must be specified by the hearing officer.

Section 1-106--Student Separation

In the case the President or his designee has reasonable cause to believe that a serious and direct threat to the safety and well-being of the members and property of the University community will be present if an individual is permitted to remain an active member of the community, an administrative preliminary hearing or the opportunity of a preliminary hearing is afforded. If it is impractical or unreasonably difficult to accord a preliminary hearing prior to the student separation, the opportunity of the preliminary hearing will be to determine if there is justification for withdrawing the student separation. During the preliminary hearing the student will be provided a statement of the reasons for the student separation and the opportunity to be heard only until the completion of a full disciplinary hearing. A full disciplinary hearing shall be provided within a reasonable period of time.

DIVISION VIII -

IMPLEMENTATION

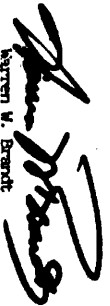

All disciplinary sanctions imposed for academic misconduct shall be implemented by the authority:

adopted by the Board of Trustees
September 11, 1975 as official
policy at Charlottesville.

error as the Foundation for maintenance for the University to carry out during the due process and personal on of each member of the University

President

appropriate academic dean and approved by the President or his designee.

All disciplinary sanctions or alternative measures not related to academic misconduct shall be implemented by the Dean of Student Life and approved by the President or his designee.

All disciplinary sanctions specified in this code shall begin:

1. when the appeal period has expired.
2. when the student has waived his right of appeal.
3. when specified by the final adjudicating body.

DIVISION IX - JUDICIAL

SYSTEMS STRUCTURE

Section 9-101--Adjudicatory Systems
The University shall maintain an adjudicatory system that is the responsibility of the appropriate academic dean. The judicial procedures of these units shall be consistent with basic principles of fairness and procedural and substantive due process including appeal.

B. The administration of other violations of the Student Conduct Code and the imposition of disciplinary sanctions, is the joint responsibility of students, faculty, and professional staff.

The basic principles which shall be observed are the following:

1. Any student charged with a violation of the Student Conduct Code shall have the choice of judicial board or administrative hearing. The choice is to be made immediately at each successive level of appellate action.

2. Any student charged shall have the option of hearing before a judicial board or administrative hearing authority. The option to choose to be heard in whole or in part, if it is deemed that it shall be in the best interest of the witness or any other person. If the option is exercised, the student shall be present at the hearing except on the part of the public attending a hearing except, the hearing shall be held in private. The hearing shall be held in a hearing room or other place designated to the public, may order those requiring to disruptive behavior removed from the hearing, may suspend or suspend the hearing for appropriate period of time.

3. Any student receiving disciplinary action has the right of appeal.

C. Judicial Board Structure: Judicial boards shall be composed of three members. The members shall be the University Officers of academic misconduct shall be handled by judicial panels or administrative personnel under procedures established by the individual college and provide the student governance committees shall have the power to elect officers and receive questions related to

the student conduct structure. A Student Conduct Review Board shall be established at the level of the President and will handle cases of both academic and non-academic misconduct which are referred to it by the President.

All judicial board hearings will be heard by a panel drawn from three boards and each panel shall consist of three members with two alternates. The members shall be appointed by the President and the decision shall be final. Any full-time student is defined by the Registrar's Office who is currently enrolled may serve on a judicial board if that student is in good academic and disciplinary standing during the term of his appointment.

1. Area Judicial Board - Each living area shall have a judicial board composed of students from the respective living area. All appointments to an area judicial board shall be the joint responsibility of the area executive council with representation from the area student government. The area judicial board shall be composed of three members with two alternates. The members shall be appointed by the Registrar's Office who is currently enrolled may serve on a judicial board if that student is in good academic and disciplinary standing during the term of his appointment.

All voting members of the board shall be students and each board shall have an administrative advisor. The operating procedures of the board including terms of members and organization shall be determined by the board with the approval of the Dean of Student Life. The Dean of Student Life shall make the appropriate appointments necessary to complete the board. The board shall meet with the policy statement. Any matter of dispute an organization, procedure or selection of members may be referred to the Campus Judicial Board or the Dean of Student Life.

2. Campus Judicial Board -The Campus Judicial Board shall be composed of both graduate and undergraduate students. These students shall be appointed by the respective academic government constituency heads with the advice and consent of the appropriate constituency bodies. Prior to the ratification of these appointments by the constituency body, a review shall be conducted by the Dean of Student Life. The board shall be composed of three members with two alternates. The members shall be appointed by the Registrar's Office who is currently enrolled may serve on a judicial board if that student is in good academic and disciplinary standing during the term of his appointment.

The board may consider appellate cases from all levels of the University. The board shall have the power to recommend suspension of students and such original cases may be referred to it by the Dean of Student Life or his designee. The board shall have an administrative advisor. The organization of the board, the terms of its members, and operating procedures in matters of judicial procedure shall be determined by the board with the approval of the Dean of Student Life. Any disputes over organization procedures or selection of members in matters of judicial concerns may be referred to the Student Conduct Review Board or the Vice President for Student Affairs.

3. Student Conduct Review Board -The Student Conduct Review Board shall be composed of undergraduate and graduate students and faculty appointed by the respective government constituency heads with the advice and consent of the appropriate constituency bodies. The board shall be appointed by the constituency bodies, a review

shall be conducted by the Dean of Student Life to insure that the appointment meets the minimal standards of service set forth in this code. If appropriate, the board may be composed of three members with two alternates. The members shall be appointed by the Registrar's Office who is currently enrolled may serve on a judicial board if that student is in good academic and disciplinary standing during the term of his appointment.

D. Professional Staff (Administrative) Hearing Officer -Level Administrative Hearing Officers shall be appointed by the President and will handle cases of both academic and non-academic misconduct which are referred to it by the President.

1. Professional Staff (Administrative) Hearing Officer -Level Administrative Hearing Officers shall be appointed by the President and will handle cases of both academic and non-academic misconduct which are referred to it by the President.

2. Professional Staff (Administrative) Hearing Officer -Level Administrative Hearing Officers shall be appointed by the President and will handle cases of both academic and non-academic misconduct which are referred to it by the President.

DIVISION X - JUDICIAL PROCEDURE

Section 10-01

The rights and responsibilities of students charged with acts of academic misconduct shall be specified by the appropriate academic unit and the procedures shall be established by the President and the Board of Trustees. The procedures shall be established by the President and the Board of Trustees. The procedures shall be established by the President and the Board of Trustees.

1. The hearing shall be held in a hearing room or other place designated to the public, may order those requiring to disruptive behavior removed from the hearing, may suspend or suspend the hearing for appropriate period of time.
2. Any student receiving disciplinary action has the right of appeal.
3. Any student receiving disciplinary action has the right of appeal.
4. Any student receiving disciplinary action has the right of appeal.

Any student charged with a violation of the Student Conduct Code is required to participate fully in the established judicial program. Prompt response to all delivered correspondence is necessary in order to expedite judicial matters and to insure that the student's case is heard in a timely manner. The student's case shall be considered to have been delivered if the letter has been sent to the correct local address of the charged as provided in the Admissions and Records Office of the University by the student. Failure to comply with the established judicial program shall result in a hearing being held in absentia.

Failure to respond to delivered correspondence regarding the hearing option will result in referral of the charges to the appropriate judicial board.

1. During a hearing is entitled to a. Advisory assistance. The advisor may be an individual of the student's choice. The role is to participate in the proceedings as a procedural representative to the case.
2. Present written statements or depositions which may be taken from witnesses and have access to all relevant information and evidence.
3. The option to have the hearing tape recorded in all cases of appeal. However, official records will be made of all hearings, and all appellate cases and open hearings shall tape recorded.
4. Challenge hearing panel members for cause. The removal of a panel member will be at the discretion of the remaining panel members.
5. Remains silent.

The University is entitled to challenge hearing panel members for cause. The removal of a panel member will be at the discretion of the remaining panel members.

It is the policy of all hearing agents that statements, written or oral, made during the hearing shall be held in strict confidence by the hearing agent. The hearing agent shall be held in strict confidence by the hearing agent. The hearing agent shall be held in strict confidence by the hearing agent.

with a reasonable flow of the decision of the hearing agent. The hearing agent shall be held in strict confidence by the hearing agent.

1. If the hearing was closed, the decision of the hearing agent shall be final. The hearing agent shall be held in strict confidence by the hearing agent.

2. If the hearing was open, the decision of the hearing agent shall be final. The hearing agent shall be held in strict confidence by the hearing agent.

3. The hearing was open, the decision of the hearing agent shall be final. The hearing agent shall be held in strict confidence by the hearing agent.
4. The hearing was open, the decision of the hearing agent shall be final. The hearing agent shall be held in strict confidence by the hearing agent.
5. The hearing was open, the decision of the hearing agent shall be final. The hearing agent shall be held in strict confidence by the hearing agent.

DIVISION XI - DIVISIBILITY AND AMENDING PROCEDURE

Section 11-01--Divisibility

Should any division, section, or subsection of these regulations be found to be inconsistent with the remainder of these regulations, the President or his designee shall have the authority to establish a new division, section, or subsection that shall be declared void or inoperative and the provisions of these regulations, new divisions, sections, or subsections shall be submitted through the amending procedure and filed with the Board of Trustees.

Section 11-02--Amending Procedure
The request of any recognized constituency or organization for a change in these regulations shall be referred to the appropriate Vice President or his designee for consideration. The request shall be referred to the appropriate Vice President or his designee for consideration. The request shall be referred to the appropriate Vice President or his designee for consideration.

The President may propose amendments to the code to the Board. Whenever the circumstances allow he shall give due consideration to the advice of the appropriate Vice President or his designee. The President may propose amendments to the code to the Board. Whenever the circumstances allow he shall give due consideration to the advice of the appropriate Vice President or his designee.

Study says old mines are fading

Almost 3,400 Illinois underground coal mines have virtually vanished from the face of the earth.

SIU researchers think that's good. But they're not so happy about more than 700 abandoned mines that still dot the landscape. In a report published by the Illinois Institute for Environmental Quality (IIEQ), a team of scientists from SIU's Cooperative Wildlife Research Laboratory described an exhaustive 20-month inventory of all Illinois land affected by underground coal mining before last September.

The report pinpoints the location of former underground mines, totals the acreage affected by each operation and assesses environmental problems associated with each mine.

Jack Nawrot, Cooperative Wildlife Research Laboratory researcher and one of the authors of the IIEQ report, said the gob piles and slurry ponds left behind at many mines abandoned before current reclamation legislation took effect continue to be "severe local

problems." Nawrot said many locations have been abandoned for years without natural revegetation, usually because of the high levels of acids in the mine refuse.

"The quality of streams in a lot of places has deteriorated over a period of time from sedimentation and the continuous leaching of acids," he said.

Working from state historical records, the researchers were able to locate 711 of the 4,076 mines recorded as having been active in Illinois at one time or another. About 1,700 of the mines had been replaced by more recent developments such as housing or industrial developments, or by farming operations, the report says.

More than 1,300 mine sites have reverted to near-natural conditions with "little or no evidence" of past mining operations. About 940 mines couldn't be found at all, so the researchers assumed they also had reverted to natural conditions.

The 71 abandoned mines covered nearly 7,000 acres of land in 55 counties. Some 500 mines—about

5,000 acres—were considered problem areas because of acid runoff, severe erosion or potentially dangerous mine openings.

Nawrot said the abandoned underground mines are a "more localized problem" than some unclaimed surface mines, since the amount of land involved in underground mines is smaller than the tracts covered by surface mines.

However, he said, the refuse left after processing of underground mine coal is inherently more toxic than unclaimed spoilbanks left after a surface-mining operation. This highly acid go-b and slurry can make reclaiming individual mine sites very difficult, he said.

W.D. Klimstra, director of the Cooperative Wildlife Research Laboratory, said this study of Illinois land affected by underground mining, when considered with earlier SIU-C studies of surface mined land, gives Illinois a detailed inventory of all land and water affected by coal mining.

SGAC sponsors trip to St. Louis Laserium to observe laser patterns and colors

The Student Government Activities Council (SGAC) is sponsoring a trip for SIU students to Laserium, a fusion of music and incredible colors, produced with laser light. This event is scheduled for Wednesday, August 31.

The Laserium show is at McDonnell's Planetarium in St. Louis and the cost of the trip is \$6 which includes round-trip transportation

and admission ticket. Each performance of Laserium is unique with multicolored clouds, vibrating shapes and undulating patterns following the music. All of the visuals are laser-created.

The bus to St. Louis will leave the Student Center at 4:30 p.m. Ticket information can be obtained by calling Julie in SGAC at 536-3393.

Barbershop group 'Sweet Adelines' try to stay on pitch

At 7:45 every Tuesday night, 22 women from the Southern Illinois area gather in the basement of the First Presbyterian Church 310 S. University to make music.

The group is the main chapter of the Sweet Adelines, an international organization of women's barbershop choruses.

Laverne O'Brien, the president of the local group, said the Sphinx chapter started in 1967 and is one of 64 in the country. There are also two chapters in England and one in Saudi Arabia.

The purpose of the group is to give women a chance to sing together.

"You don't have to read music. You can hum or sing," O'Brien said. "The main object is to stay on pitch."

John Mulkin, a music director from Herrin, helps the group to stay in tune when they practice their four-part harmonies. The group performs swing tunes, patriotic numbers, Irving Berlin songs, popular music and almost anything in which leads, tenors, baritone and basses can harmonize.

When they're not singing they're learning how to judge other choruses and barbershop quartets. Regional meetings held four times a year act as workshops and teaching aids, O'Brien said. The next regional meeting will be on November 18 and 19 at the Holiday Inn in Collinsville.

The chorus also performs for community organizations.

A Not-for-Profit Alternative School

This is the semester to get your programmable.

The TI-57. Its self-teaching system gets you programming fast.

The TI 58 and 59. Both use revolutionary plug-in Solid State Software™ libraries.

TI Programmable 57. The powerful superslide rule calculator you can program right from the keyboard. Comes with an easy-to-follow, self-teaching learning guide—over 200 pages of step-by-step instructions and examples. Quickly learn the value of making repetitive calculations at the touch of a key. Recall entire instruction sequences. Display intermediate results at any point in a calculation. Eight multi-use memories provide addressable locations to store and recall data. Program memory stores up to 150 keystrokes (50 program steps). Editing too: Singlestep. Backstep. Insert or delete at any point in a program. Also a powerful slide rule calculator with logs, trig functions and advanced statistics routines.

\$79^{95*}

The TI-58 and TI-59 combine three major innovations to bring the power of programming to you—even if you've never programmed before:

1. Extraordinarily powerful—at remarkable low prices.
2. Revolutionary plug-in modules put complex formulas to work at the touch of a key.
3. Step-by-step learning guide that takes you from the basics of programming through advanced programmings—language you can understand.

TI Programmable 58. Up to 480 program steps, or up to 60 memories. Master Library module contains 25 prewritten programs in math, engineering, statistics and finance. Also increases number of steps—up to 5000. Library programs may also be addressed from the keyboard or inserted as subroutines. Can also be used with TI's new PC-100A printer/plotter. It lets you plot,

print headings and prompt—messages.

\$124^{95*}

TI Programmable 59. More powerful than the TI-58. Up to 960 program steps or up to 100 memories. Magnetic cards store up to 960 steps. And, record and protect custom programs. Also 10 user flags, 6 levels of subroutines, 4 types of branches.

\$299^{95*}

Optional Libraries. Applied Statistics, Surveying, Real Estate/Finance, Aviation, Marine Navigation, \$35.00* each.

FREE.

When you buy a TI Programmable 58 or 59 you can get this 19-program Leisure Library.

A \$35.00 value if you act now.

Football Predictor. Forecast score, point spread **Bowling Scorekeeper.** Track 90 bowlers **Golf Handicapper.** Update handicap from latest round **Score Bridge.** Computes points from trucks made and bid **U.S. Chess Federation Rankings.** Wins, losses, draws **Codebreaker.** 3,024 possible codes make this a unique challenge **Black Jack, Acey Ducey, Craps, Mars Lander.** Pilot to a safe landing **Jive Turkey.** Guess mystery number—tells you if you're high or low—but is it jiving you? **Mim.** Play the machine, each time it gets better **Sea Battle.** 15 missiles to sink sub **Quarterback.** Call plays **Photo 1.** Compensate for change in photo enlargement magnification **Photo II: Fill-in-Flash.** Computes correct lens f-stop in strong ambient light. Use it with a PC-100A and have even more fun **Computer Art, Hangman.** Put in a word, second player guesses or hangs **Memor Pad.** Write, enter messages. Print and record them on 59's mag card. Use the card to replay the message **Biorythm.** Plots all three cycles

Leisure Library

Leisure Library comes with Plug-in module, Library manual, Quick reference guide, Label cards, Library waver.

Offer good from August 15 to October 31, 1977. Here's what you do. Fill out this coupon. Return it to TI with your serialized Customer Information Card (packed in the box) along with a copy of a dated proof of purchase showing the serial number. Important. Your envelope must be postmarked no later than October 31, 1977.

Wet reflections

Lisa Clayton is mirrored in her attempt to unlock her bike from the racks at Lawson Hall. The freshman in art was one of many

who got caught in the wet Monday as the rains fell. If it's still wet Tuesday, she may need a boat instead.

Former University Museum head continues work in state museum post

Basil C. Hedrick, former director of the University Museum is now carrying over his opinion that "education is the ultimate goal of a museum" into his new role as assistant director of the Illinois Division of Museums.

Hedrick will share duties with Bruce McMillan, director of the Illinois Division of Museums, which includes both the Illinois State Museum in Springfield and the Dixon Mounds Museum in Lewistown.

As University Museum director, Hedrick instituted an "outreach program" in which exhibitible items, such as artifacts, were taken to elementary and junior high schools. Children were also brought to the museum for tours.

Hedrick has said that he plans a "modernization and reorganization" of the anthropological and art exhibits at the Illinois State Museum.

Hedrick, 45, came to SIU in 1959 as assistant director of the Latin American Institute. He also served

as head of SIU's foreign-study tour program.

After joining the faculty of Fullerton (Calif.) Junior College in 1963, he returned to SIU in 1967 as assistant director of the museum, becoming director in 1970.

Under his leadership, the merger of the University Museum and Art Galleries took place, as did the beginning of the "Masters of Fine Art" (MFA) art shows.

He said he also began a publications program for research "carried on by various scholars within or outside the museum."

In addition to his responsibilities at the University Museum, he was a lecturer in Spanish at SIU and has been a translator, interpreter and consultant to various firms, institutions and individuals.

He is the author, co-author or editor of seven hardback, five monographs, and over 30 articles in various publications. Three books, dealing with ethno-history, were published by Southern Illinois University Press in conjunction

with Carroll Reilly and J. Charles Kelley of the University Museum.

Hedrick received his bachelor's degree from Augustana College in Rock Island, a master's from the University of Florida, and a Ph.D from Inter-American University in Mexico.

Hedrick lives with his wife and one child in Carbondale, but plans to also get an apartment in Springfield.

SIU coal supply resumes

By Steve Pounds
Staff Writer

SIU started receiving coal again Monday from the United Energies Co. coal mines near Harrisburg, said Ed Merchant, assistant chief plant operations engineer at the Physical Plant.

Merchant also said that the University will be getting coal from the Freeman Coal Co., SIU's prime supplier of coal, whenever SIU sends trucks over to pick it up.

SIU's coal supply was cut off Aug. 16 from the Freeman Coal Co. when miners went on strike after an arbitration board ruling on holiday pay, which the United Mine Workers (UMW) called vague. The ruling said that when

holidays fall on Saturday, miners would earn time-and-a-half only when they work Saturdays "with sufficient regularity."

At a Saturday meeting in Sesser, nearly 1,000 miners were asked by union officials to return to work.

After the meeting, miners from the Freeman Coal Co., who started the strike, voted to return to work. Many miners had already returned to work Friday.

Kenneth Dawes, president of the UMW of America in Illinois, said the return to work may have been prompted by the possibility of a nationwide strike in December when the UMW's current agreement runs out.

Students, machine victims of thieves

University police said that three students and a cigarette machine fell victim to thieves over the weekend.

The cigarette vending machine which is located in the basement of the General Classrooms Building, was broken into Friday evening and an undetermined amount of money was removed, the police said. The frox of the machine had been pried open to remove the money but the cigarettes had been left.

Jody Brockway, a Geography student, reported to SIU police Sunday that her bicycle had been stolen from 712-A S. University Ave.

Sherlock Holmes lives on with 'Empty House' of regional fans

By Rick Asa
Staff Writer

Sherlock Holmes is alive and well in the minds of "The Occupants of the Empty House," a society of Sherlockians in Southern Illinois.

The Holmes mystique has never been stronger, with societies throughout the world. Sherlockians, as they like to be called, are dead serious about their obsession with the "master."

Sir Arthur Conan Doyle, the author of the 56 short stories and four novels dealing with Holmes' adventures, ironically never felt satisfied with his Holmes stories and tried to write other literature, according to Sgt. Mike Bragg, DuQuoin police officer and Lord High Sherlockian for the "Empty House."

A basic premise of all Sherlockians, and maybe of many non-Sherlockians, is that Sherlock Holmes was a real person, not a superbly created fictional character.

All society chapters are named after one of Conan Doyle's works, said Bragg, and meetings revolve around discussion of the works and analysis of aspects which remain as debatable today as they were 75 years ago.

How smart was Dr. Watson? Did Holmes really say, "Elementary, my dear Watson?" Who was Holmes' tutor? Did he really smoke a pipe? Was he a cocaine addict?

The society meets as Bragg puts it, at "irregular" monthly meetings in adhering to the Sherlockian tradition started by The Baker Street Irregulars, the original society.

When they meet for an annual dinner, the menu, in keeping with tradition, as did their first annual dinner, may be salad Mycroft, prime rib Henry Baker, Baskerville baked potato, Sussex sherbet and cafe black Peter.

Sherlockian groups are connected to the home society base and the original society, the Baker Street Irregulars, in New York.

Sherlockians are expected to be experts on all of Holmes' background and are required to take tests to insure their knowledge of what Sherlockians call the "Sacred Writings."

To a dedicated Sherlockian, Holmes' idiosyncratic habits, interests and passions are as important as the content of the stories themselves, Bragg said.

"We discuss a story and believe it really happened," he said. "It's just part of the atmosphere."

Bragg said he may have employed some Sherlockian methods in his own work when a thief who was mooching things such as TVs and silverware from women belonging to a church in DuQuoin decided to skip town.

"The guy was mooching things and the selling them," he said. "I played a hunch and decided, judging from where he was from, that there were two ways for him to leave to get back there: by bus, or by plane."

Tracing these hunches, Bragg found the man on a plane that was two minutes from take-off. Holmes would have been proud.

"Everything was more simple and safe on the body and soul during the Victorian time the stories were written," Bragg said. "If the stories didn't take place at

that time and place they wouldn't have the same effect."

The Rev. Lloyd Worley, Chaplain of the "Empty House," said Holmes always induced from general to specific rather than deducted his cases, which added to the mystique.

"Holmes was archetypal of the hero mold, interpreted in modern times," he said. "This is important because unlike mythological literary heroes like Beowulf or King Arthur, Holmes is a completely modern man."

"His character is an extension of mythology. He combats evil and wins, but not like James Bond who reverts to some totally unbelievable gadgetry to win," Worley explained.

Holmes, Worley said, wins with his mind, and people respond to his modern representation of good against evil and his success because of his intrinsic mind.

"The stories don't really carry any message, such as the meaning of love, but they do carry a mythological theme," Worley said. "Conan Doyle created a world that was so complete, one can almost literally go back to 1888."

For the avid Sherlockians, the definitive book on Holmesian facts and detail in "The Annotated Sherlock Holmes," by William S. Baring-Gould, Worley said.

There are many Sherlock Holmes imitators, Worley said, and to Sherlockians accuracy down to the smallest detail is necessary.

"The Seven Per Cent Solution," a recent movie which took a comical look at the life of Holmes and Watson, for instance, was inaccurate in many respects Worley said.

One inaccuracy, he said, was the contention in the movie that Holmes was a cocaine addict. Even if Holmes did use cocaine, it is impossible (according to the National Institute of Mental Health) to become addicted to cocaine and a seven per cent solution would have no more "kick" than perhaps two cups of coffee, according to a review by Worley.

Does that seem trivial? Not to a Sherlockian!

Other inaccuracies found were that Holmes would never have used a .38 revolver in the manner shown, nor would he have asked Watson the simple test question of "Where do I keep my tobacco?" He would never have smoked a curved, calbush meerschaum pipe and if he had he would have known not to touch the pure white meerschaum, causing discoloration.

Worley felt the material was part of a plot to discredit Sherlock Holmes and Sigmund Freud, who knew Holmes.

Marching band stresses fine sound

Once when Marching Saluki director Mike Hanes couldn't think of a way to get his band members from one difficult formation to another, he said in frustration, "Okay, you figure it out!"

Band members promptly ran every which way, bumping into each other and causing utter chaos.

"But it turned out to be one of the funniest parts of the show," Hanes said.

"We're in show biz," explained Hanes. "We're not trying to play art here, but entertainment."

Hanes said the Marching Salukis is a 2-credit course open to all students during the fall semester.

"Many new students may be afraid they're not good enough to be in a college band," Hanes said. However, "there is room for people with every range of ability. Desire comes first."

This year the band has about 90 wind instrumentalists, 16 percussionists, and three twirlers. Hanes is short of trumpets this year and still trying to recruit before their first performance at the first home football game, Parent's Day, Sept. 17.

Besides playing at four home games, the band will play at the St. Louis Cardinal-New York Giant game in St. Louis on Halloween night and at the Chicago Bears-Kansas City Chiefs game Nov. 13 in Chicago.

Scenes like this are common on weekday afternoons as the Marching Salukis gear up for another season of half time entertainment. Band members will have to learn their music and routine steps by the first home football game on Sept. 17.

Police investigate assault on coed

Carbondale Police are investigating the battery and deviant sexual assault of a 19-year-old female student which occurred on both the 300 and 400 blocks of S. University Ave. Sunday at 11:15 p.m.

A spokesman for police said that due to the nature of the case no further details could be given. The woman was treated and released Sunday at Memorial Hospital of Carbondale.

C. E. Cochran reported that the Standard Oil Bulk Plant at 614 N. Washington was burglarized Sunday. Cochran said the lock to a shed was cut off and oil, a gas can and assorted tools and parts were stolen.

Police said the Martin gas station at 317 N. Illinois Ave. reported a shed located at the rear of the lot was also broken into Sunday night \$575 worth of cigarettes, oil and grease were taken.

Delbert Sykes of 308 E. Jackson was arrested Monday on an unspecified warrant which had arisen out of a family dispute on Aug. 23. Sykes was released after paying \$35.

Percy asks if riot insurance promotes arson

WASHINGTON, AP) — Sen. Charles H. Percy, R-Ill., saying "urban arson is approaching epidemic proportions," requested an investigation Monday of whether the federal riot insurance program encourages property owners to commit a son for profit.

"This program facilitates arson-related insurance fraud by permitting any property owner in a core-city area to insure his holdings far beyond the market value and to burn them for the proceeds," Percy said in a statement.

He said criminal syndicates offer a "tidy package" of arson services, contriving to inflate the apparent value of property, arranging for insurance coverage, burning a building, and then collecting and dividing the insurance proceeds.

Percy cited Boston, Pittsburgh, Chicago and New York as among cities in which he said authorities have evidence that organized rings of arson racketeers work. He said the first insurance program established in 1968, was designed to allow states to set up risk-sharing pools in arson-prone areas.

Percy said that, "in 1976, 1,000 persons died in deliberately set blazes, mostly in decaying neighborhoods and property losses rose to an estimated \$2 billion, almost double the 1975 level."

Campus Briefs

Alpha Sigma Alpha sorority is having an open house rush 7 p.m. Tuesday in the Student Center Ohio Room. All SIU women are invited.

There will be an organizational meeting of the Feminist Action Coalition at 8 p.m. Tuesday in the Student Center Activities Room B. Future cultural projects will be discussed. Everyone is welcome.

Ballot deadlines for presidential elections in all international student groups is Friday.

All returning Celebrity Series ushers are urged to attend a meeting at 4:15 p.m. Tuesday in Shryock Auditorium. Anyone interested in volunteering for the Shryock Auditorium Ushers Corps should attend the meeting.

The SIU Photographic Society will hold its first meeting of the semester at 7 p.m. Tuesday in the Student Center Ballroom C. Anyone interested in photography is invited to attend.

Rehearsals for the talent-variety show "Mississippi Showboat" will be held at 7:30 p.m. Tuesday in the New Life Center, 913 S. Illinois Ave. All persons planning to perform the Sept. 10 show at the Student Center should also come to this rehearsal.

Telpro, SIU's student radio and television production company, is holding auditions for a series of short oral interpretative performances of poetry and prose. These performances will be offered for possible broadcast on WSIU-TV, channel 8, and will be produced by Telpro. Anyone interested in auditioning should prepare a 10 minute script and several works of poetry and/or prose of five minutes or less each.

Auditions for the Southern Repertoire Dance Theatre will be held at 6 p.m. Wednesday in Furr Auditorium, Pulliam Hall. Those interested must be dressed for dance.

Ralph H. Johnson, assistant professor of journalism, presented a paper to the history division of the Association for Education in Journalism meeting in Madison Wis., Aug. 22-24. The paper, dealing with a 1955 congressional investigation of Communist influence in the New York City newspaper industry, was entitled "Do You Know a Man Named Julius Rollindorfindorfer? A Senate Witch-Hunt Revisited."

Activities

SCPC Playbill, 11 a.m.-1 p.m., Student Center South Patio.

SIU Photographic Society Meeting, 6:30-10 p.m., Student Center Ballroom C.
SGAC Film: "Hard, Fast & Beautiful," 7-9 p.m., Student Center Auditorium, 50C.

Video Tape: "Fleetwood Mac," 8 p.m., Student Center Video Lounge.
Triangle Fraternity Meeting, 7:30-10 p.m., Home Economics Lounge.

Black Theater Workshop Rehearsal, 7-11 p.m., Student Center Activity Room A.
Christians Unlimited Meeting, 10-11 a.m., Student Center Activity Room C.

InterVarsity Christian Fellowship Meeting, noon-1 p.m., Student Center Activity Room B.
College Republicans Meeting, 6:30-7:30 p.m., Student Center Activity Room B.

WSIU-FM

The following programs are scheduled for Tuesday evening on WSIU Radio, stereo 92 FM:

7 p.m. - Options in Education, education news and features underwritten by the National Institute of Education. The Robert Sterling Clark Foundation, the U.S. Office of Education, and the Carnegie Foundation. 8 p.m. - First Hearing, new recordings auditioned by a panel including Martin Bookspan, Edward Downes, and a special guest critic. 9 p.m. - RBC Promenade Concert, John Pritchard conducting, the London Philharmonic Orchestra, featuring the music of Haydn and Rawsthorne. 10 p.m. - The Podium, another in a series exploring the life of Ludwig Van Beethoven. "Dubious Noble Patronage and Chaos of War". 10:30 p.m. - WSIU News, 11 - Night song, 2 a.m. - Nightwatch.

Jobs on Campus

The following jobs for students workers have been listed with the Office of Student Work and Financial Assistance.

To be eligible, a student must be enrolled full-time and must have a current ACT Family Financial Statement on file. Applications may be picked up at the Student Work Office, Woody Hall-B, third floor. Jobs as of Aug. 26:

Clerical—typing required—18 openings, mornings; six openings, afternoons; three openings, to be arranged; one opening, mornings, must be able to take shorthand; one opening, receptionist, mornings; two openings, mornings; one opening, time to be arranged, must

be accurate; two openings, 8 a.m. to noon or 1 to 5 p.m., must be able to type 50 words a minute, clerical duties are necessary.

Miscellaneous—two openings, janitorial, 8 p.m. to midnight, at least one female wanted; one opening, 8 a.m. to 5 p.m. three days a week, general lumber yard work; one opening, janitorial, 7 to 9 a.m. Monday through Friday; one opening, janitorial, 7 to 10 a.m. Monday through Friday; two openings, janitorial, 10 a.m. to 1 p.m. Monday through Friday; two openings, general library, 8 a.m. to noon or 11 a.m. to 2 p.m.; three openings, work crew, setting up and taking down of equipment before and after events.

WIDB

TUESDAY

The following programs are scheduled for Tuesday, Aug. 30 on WIDB - 600 AM - Stereo 104 Cable FM:
WIDB News - 8:40 a.m., 12 noon, 3:40 p.m., and 5:40 p.m.

WIDB Sports - 9:40 a.m. and 5:50 p.m.
Earth News - 10 a.m. and 4 p.m.
Hot News - 1 p.m.

For requests, ride board and lost and found, call the studio line at 536-2363.

Ken Rowley's hopes for a victory in the USAC stock car race Saturday at DuQuoin ended after he collided with another car on

the 52nd lap. Rowley was leading the race at the time of the accident. Paul Feldner went on to win the race.

Feldner, Bigelow win auto races

By Bud Vandersnick
Staff Writer

Paul Feldner and Tom Bigelow each traced the winners' circle over the weekend at the United States Auto Club (USAC) championship races at the Du Quoin State Fair.

Feldner moved into the lead on the 58th lap and held on to win the 100-mile stock car race Saturday on the Du Quoin one-mile track. Bigelow raced to a second-lap lead and never looked back in winning the 100-mile dirt car race Sunday in record time.

Bigelow, a native of Whitewater, Wis., sped through his 100 laps at an average speed of 100.818 miles per hour, breaking the old track record of 98.155 set by Al Unser in 1970.

A contributing factor to Bigelow's record time was the fact that the race was virtually free of trouble. Only eight laps were run under the yellow caution flag.

Gary Bettenhausen, Billy Cassella, Bill Vukovich and Larry Rice rounded out the top five positions. Unser, a two-time Indianapolis 500 winner from Albuquerque, N.M., finished 15th and defending champion Bubby Jones finished in seventh place.

Bigelow was the fourth fastest qualifier in the pre-race time trials. Pancho Carter of Brownsburg, Ind., was the fastest qualifier and started on the pole position, but his day was over early. Carter's car jumped out of gear on the first lap and he spent the remainder of the race in the pits.

Bigelow earned 200 points for his victory and moved into second place in the USAC dirt car point standings. Rice's fifth place finish earned him 100 points and kept him in first place with 300 total points. There are two races remaining on the dirt car circuit.

Saturday's stock car race was not as free of accidents as the dirt car race. Ramo Stott, who was the fastest qualifier, was leading the race when he was forced to drop out after an accident on the 27th lap.

Ken Rowley led for 12 laps but his chances for victory were rubbed out on the 52nd lap after he collided with Kevin Housby. The race was marred by other mishaps, also, as 24 of the 100 laps were run under the caution flag.

Feldner, a Richfield, Wis. native, took the lead from Charlie Glotzbach on the 58th lap and never relinquished it. Glotzbach finished

in fifth place. Sal Tovella, Jim Hurlbert and defending champion Bay Darnell finished second, third and fourth respectively.

Feldner collected 250 points for the win and moved into a first place tie in the USAC stock car point standings with Tovella, who earned 210 points for second place.

No. 7 sours Reburn's game; golfer still pleased with finish

By George Coelak
Staff Writer

After playing even-par golf for the first 60 holes of the 47th annual Illinois State Amateur golf championship at Rockford last week, Saluki Jim Reburn stepped up to sole No. 7 and hit his tee shot.

The ball hooked to the left and headed toward a river that runs through Rockford Country Club.

"I was scared to death at first. I thought that the ball went into the river at first," Reburn said. "But when I got there, the ball had stopped right at the edge."

Reburn was in second place at the time, and the shot turned things sour for him the rest of the way.

"I had to shoot my second shot about five feet from the edge of the river. I hit a nine-iron and it went into the sand trap near the green, but from where I was at it was a real good shot."

Reburn finished the par-four hole with a double bogey. He finished the journey in a three-way-tie for seventh place with a four-round total of 227.

He had previously birdied the hole three times.

The sophomore from Mount Carmel said he was satisfied with his finish and that he played pretty well.

"I got pretty confident as I went into the final 18 holes, but one hole like that can catch a person in, and that's what happened to me. The

Jim Reburn

hole was definitely a turning point for me."

He said if he would have scored about five shots better in the final 18, he could have finished in second place.

"That was an awful huge score (200) to shoot," he said. "But it was

still a good finish."

Reburn said that the only holes to give him trouble on the course were nine and 17.

"I had double bogeys on both of the holes, but my game was good for the most part. I had a lot of trouble with my short game, particularly with my wedge earlier in the year, but I practiced everyday and competed in a lot of tournaments over the summer. It paid off in the tournament. My putting was real good for me."

He competed in the Breckenridge Invitational at Morganfield, Ky., and the Mount Carmel Invitational over the summer. He finished second in both tournaments, but that was because he "let the leaders get away." I lost the Breckenridge match in a sudden-death playoff for first place, and I wasn't far behind in the Mount Carmel tourney either.

Reburn said he played in around 12 tournaments during the summer and won five or six, including the State Amateur qualifying round at Springfield.

"Most of the tournaments I won were not as important as the Breckenridge or the Mount Carmel Invationals, but they helped me work on my short game. It was a problem with my confidence, and I think I've overcome it now."

Reburn plans to play in the State Amateur tourney again next year.

Track tryouts meeting slated

All students interested in trying out for the SIU track team must report at the team's first meeting at 3:15 p.m. Tuesday in room 119 of the Arena.

Coach Lew Hartzog, in his 17th season as coach of the track team, wants all those interested at the meeting, whether they were on last year's team or not.

Hartzog and the team will be trying to improve on last year's fine performance which saw them tie for tenth in the NCAA indoor meet and win the Valley crown for both indoor and outdoor competition.

IM managers' meetings set

Captain's meetings for men's and women's intramural floor hockey and 12-inch softball are scheduled Tuesday. Rosters must be turned in at these meetings and all questions will be answered.

Students entering teams in 12-inch softball tournaments must attend a meeting at 5 p.m. Tuesday in Davis Auditorium in Wham Building. Play begins Tuesday, Sept. 6 at the Arena fields.

The meeting for floor hockey teams is scheduled for 4 p.m. Tuesday in Davis Auditorium. Action begins Tuesday, Sept. 6 in the Pulliam Hall gym.

A women's bowling league is scheduled to begin at 6:30 p.m. Tuesday in the Student Center. There will be a first night membership fee of 75 cents, a 50 cent charge per game and a charge of 20 cents a night for shoe rental.

For those interested in tennis, men's and women's singles entries are due Sept. 8. Men's and women's doubles entries are due Sept. 15 and

mixed doubles entries are due Sept. 15 and mixed doubles entries are due Sept. 22. Participants are responsible for checking their tournament pairings, starting times and court assignments.

All SIU students are eligible to compete as are faculty and staff members with paid IRSC use cards. For further information about intramurals, contact the IRSC information desk or call 536-5631.

Linebackers core of Saluki defense

By George Coalak
Staff Writer

The nucleus of the 1977 Saluki football team will be at linebacker, where three returnees will battle for two starting positions.

Dan Brown, a senior from Webster Groves, Mo., will start at one side, according to Head Coach Rey Dempsey. Brown is a four-year letterman and was the team leader in both tackles and in two interceptions last year.

"This is Dan's third year as a starter," Dempsey said. "He had a great spring and worked out all summer, but hurt his foot and had to miss the first week of practice. He's coming along fine."

Brown's statistics included four interceptions, good for 50 yards, an average of 12.5 yards returned per interception.

His longest interception return was good for 27 yards and a touchdown against Indiana State last year.

The 6-4 Brown had 133 total tackles, 49 unassisted and 84 assisted.

"He's our leader this year," Dempsey said. "He gained weight over the summer and is now up to 230 pounds. We wanted him to gain weight, but he is in super shape, too. Dan is a good hitter and tackler and is exceptional against the run."

Joe Barwinski and Bill Hadfield will fight it out for the other linebacking position. They have fought a see-saw battle for the job since last spring.

"During the spring, Hadfield had the edge, but Barwinski has worked hard all summer," Dempsey said. "and he is the leading candidate to start this Saturday."

Barwinski is a sophomore from Youngstown, Ohio. The 6-0, 225-pounder had 27 total tackles last year while seeing limited action.

"Joe suffered a broken hand and foot last year and was slowed a bit in coming back. He has lost some weight and is now playing at 217 pounds. It's a good weight for him because he has improved on his scrape and shuffle, or lateral movement behind the line. He is very fast and a good hitter," Dempsey said. "He likes to play."

Hadfield has improved dramatically since Dempsey took over as coach last year. The 6-1, 215-pounder from Cartersville, didn't play much last year. He had four tackles, two unassisted and two assisted.

"When Billy first came in we didn't

think he could play, but he's taken a lot of criticism and abuse from us and has consistently gotten better. He's as good as Brown and Barwinski at the moment."

Dempsey said that both Hadfield and Barwinski key well on people. "Billy has good concentration and is a super hard worker. He didn't letter last year, but he had a great spring. We feel we can count on him a lot this year, and expect a great year from him."

Freshmen Ken Caithamer and Brian Michaels and sophomore Jim Robinson will be "linebackers of the future," Dempsey said.

Caithamer is a 6-1, 205-pounder from Westchester.

"Ken has the potential to be a great linebacker. He's a good hitter, and he has a vertical jump of about 29 inches, which is really good. He will play a lot this year."

Dempsey also said that Caithamer has great natural ability at linebacker and is one who has a good future there.

"Michaels is a good tackler and another future player. If he has patience," Dempsey said of the 6-0, 220-pounder from St. Charles, Mo., "He'll be in there soon."

Robinson, a 5-11, 215-pounder from Chicago, has good speed but is having some problems concentrating.

"Jim is having trouble keying on players. He lacks consistency, but with more concentration, he will come around," Dempsey said.

Despite Brown's impressive interception record of a year ago, Dempsey feels the linebackers are stronger against the run.

"We need improvement on pass coverage," Dempsey said. "Our guys need work on the problem of being overanxious. They like to tackle and stop the run. They are getting better against the pass, but still need work."

The linebackers will line up across from the guards in Dempsey's 5-2-4 defense.

Dempsey feels that his linebackers are good all-around players.

"Some people flop their linebackers. We don't. Our guys are good inside and yet they can cover on sweeps. They are total players, good from tackle to tackle."

The linebackers will be the defensive strength early in the season and the rest of the defense will come along to make the unit a solid one, Dempsey said.

Mike Jabara

Offensive line coach Mike Barry shouted words of encouragement to his players in Friday's practice. Barry is one of three new coaches to join Head Coach Rey

Dempsey and defensive coordinator Jim Vecchiarella. The Salukis take on New Mexico State Saturday at Las Cruces.

IM's guaranteed an interesting year

Thanks to Jean Paratore, the new intramurals coordinator, it promises to be an interesting year in SIU intramurals in 1977-78.

Paratore has introduced several rule and eligibility changes that will be implemented during the fall season.

One major eligibility change is that SIU faculty and staff can participate in all intramurals—provided they pay the \$20 Intramural Recreational Sports Center (IRSC) fee.

Faculty and staff will surely welcome this change. Previously faculty and staff had been eligible for intramural activities only during the summer session.

It's also an excellent change since the faculty and staff should have the same privileges of participating in intramurals as students.

The change should bring a higher quality of talent into the intramurals pool. Walt Ellis, a physical education instructor, is one of the campus' best racquetball players and will surely welcome the chance to test younger student talent.

Watch "Doc" Spackman the SIU trainer in racquetball doubles, too. He's a veteran of the game and has won numerous summer titles over the years.

Other faculty and staff in other sports will also capitalize on the chance to play year-round.

Another change will be the eligibility of former intercollegiate athletes in their respective specialties without a one-year wait as the old intramural rules stated.

Paratore says such persons should not be forced to wait a year before participating in intramurals.

"They shouldn't be forced to wait a year to play a sport that they really like," Paratore says.

The eligibility of former intercollegiate athletes might prove to be a controversial one. Such highly skilled athletes might dominate the sport they excel in.

But Paratore has the answer for that. She has a rule clause that states such intercollegiate athletes must play in "A" divisions of the sport—which is for

Sports Forum

By Jim Misunas
Sports Editor

extremely competitive teams.

The clause also states that only one ex-intercollegiate athlete is allowed per team. That'll prevent a team from stocking its roster with ex-varsity athletes and dominating play.

In the individual sports of tennis, badminton and racquetball such persons must play in A classes.

In wrestling, swimming and track and field such varsity athletes are limited to one-per-team.

The stipulations should insure that an equitable deal will be available to all persons.

The really good players in the intramural sports will welcome competition of a higher caliber and the lower level participants can just opt for a B level of play.

Just think—ex-Saluki golfer Jim Brown could play in the IM golf tournament. Ex-Saluki swimmer Jorge Delgado could play in the IM swim meet. Ex-SIU tennis player Mel Ampon could play in the tennis meet.

They could play. One factor to consider is whether such ex-varsity athletes will even consider playing intramurals after participating in an intercollegiate sport.

Paratore has said she is interested whether the rule change will effect the intramural level of play.

Only time will tell.

Paratore says that the major reason the eligibility rules have been changed to let all persons participate in intramurals.

She said that the rules should also be the same in both men's and women's intramurals since the

departments have merged. Previously, both men's and women's intramurals each had their own rules and eligibility requirements.

The idea of A and B divisions also is an excellent one. A highly competitive level of play for skilled players and league for players of lesser ability is good.

Paratore also has instituted new rules to limit the number of forfeits and speed up softball games.

In the fall, softball teams will be allowed to start and play a game with five players.

Previously, a team had to have nine players out of possible 10 to start and play a game. This rule change is also a good one for often a team had to forfeit a game when it had only eight players.

Now, teams can start the game and least not forfeit.

Softball games will also have one-hour time limits.

The one-hour time limit is a well-intentioned change to speed up action, but surely most teams would like to play full seven inning games.

A better change to speed up play would be to implement a three-ball, two-strike count instead of the present four-ball, three-strike count.

Slow-pitch softball is a hitters game and in my hometown of Rockford the change has resulted in one-hour games and lots of hitting because with one strike a batter can't take any pitches.

And if intramurals are worried about speeding up games they should encourage umpires to permit teams to intentionally walk batters without throwing the pitches.

One game this summer a team had to pitch four balls to a batter they wanted to walk. What a waste of time.

Enough said.

If any SIU students want to suggest or comment on intramurals be sure to contact Paratore in the Recreation Building or call 536-5531.

"We're always open to suggestions on how to improve the intramurals program," Paratore says.

"We consider new options all the time."
