## Final Exam Schedule

**Monday, Mar. 7**  
English 102 and AS&T 302, 352.— 4 p. m.

**Tuesday, Mar. 8**  
8 a. m. classes—8 a. m. Sociology 101—11 a. m.  
1 p. m. classes—1:30 p. m. Freshman PE. For Women and AS&T 102.— 4 p. m.

**Wednesday, Mar. 9**  
9 a. m. classes—8 a. m. Government 101—11 p. m.  
2 p. m. classes—1:30 p. m. AS&T 202.— 4 p. m.

**Thursday, Mar. 10**  
11 a. m. classes—8 a. m. History 102 and 202.—11 a. m.  
12 noon classes—1:30 p. m.  
4 p. m. classes—4 p. m.

**Friday, Mar. 11**  
3 p. m. classes—8 a. m.  
10 a. m. classes—11 a. m.

## Midway Location May Change For Spring Festival

Emil Spees and Sara Floyd, co-chairmen of the midway committee for Spring Festival, announced this week that their committee is studying the possibility of changing the location of the midway for the 1955 Spring Festival, April 29 and 30. The committee hopes to place the midway in a more central location.

Jim McKinstry and Carol Kenney, co-chairmen of publicity, announced this week that their committee has set March 25 as the date for release of the Spring Festival theme, Kenney and Jim McIntyre are in charge of the kick-off assembly which will officially open Spring Festival weekend on April 28 in Shirock Auditorium.

Jim Jenkins, general chairman of Spring Festival, said Tuesday that at least one contract has been sent out to a name orchestra for Spring Festival. Jenkins said that the majority of the band would be withheld until an answer was received.

Jenkins also said that students who did not apply for Spring Festival committee positions, but desire to work with one of the committees, should contact him or committee chairmen at once.

The Spring Festival Steering Committee will hold its bi-weekly meeting in the conference room of the Student Union Sunday.

## Housing Could Become Desperate—Dr. Morris

President D. W. Morris

**By Bob Poes  
Egyptian Managing Editor**

Our "most trying year may well be ahead of us—possibly next year if work is not begun on new dormitories soon," said Dr. Delte Morris, president of SIU, in an interview Tuesday regarding student housing.

"We should be building residence halls now but it is impossible to begin work until funds are available. The situation could become desperate if new housing is not available by fall term of 1956."

Dr. Morris said that immediate plans for housing, the expected increased enrollment, next year rests primarily on two things, one of which is the hoped for throwing open of more Carbondale homes for student housing. The other, a plan currently being studied by University Housing Officials, is the placement of students in nearby communities from which they would commute.

The President said, "If enough emergency housing can be found to take care of students next year we may be out of the woods—providing work is started on the proposed Thompson Point dormitory site soon. All the plans are laid and work could be underway by July 1. Some buildings could be ready for occupancy by 1956 and the entire area ready by 1957."

Southern is currently asking the State Legislature for three and one half million dollars for construction of dorms on Thompson Lake. This is the second item on the list of capital improvements for the University. An Agricultural building is first.

In addition to state appropriations the University would probably have to borrow about three or four million dollars for construction of residence halls. Total cost for residence halls at Thompson Point, housing 1440 students, has been estimated at \$6,195,003.

The Thompson Point housing would consist of 12 three story buildings each housing 120 students. Each building would contain rooms with accommodations for either two or four students. An estimated fee for board and room, subject to revision, for these rooms is \$15 per week.

An alternate of the 1440 student plan is one providing for the housing of 480. This would involve a cost of about \$2,226,018.

Total land improvements for the 480 resident plan, such as roads, walks and utilities, amount to about \$320,000. Land improvement costs for the larger plan would approximate \$754,000.

Asked about plans for married student housing, Dr. Morris paused and said, "That's a big problem. We've been expecting the number of married students to double, but instead it has increased, probably because of the number of Korean veterans. Housing for both married and graduate students is now in the study stage."

Queried about the current Egyptian series on student housing, the President smiled and said, "Well I hope that the articles assist in the opening of more Carbondale homes to students. I would also like to see them bring about a closer contact between householders and University Housing Officials. It would be nice if the series would engender greater co-operation between students and their landlords."

## SIU Aided Project Wins Freedom Foundation Prize

The "Operation Bootstrap" project of Eldorado, Ill., recently won the Freedom Foundation's top award for community programs.

### Five Appointed To New Faculty For Next Fall

The appointments of five new faculty members to begin teaching at SIU next fall were approved last Thursday by the board of trustees.

Steven Barwick, who has served on the staffs of Harvard and Radcliffe Colleges was named associate professor of music. A student of famed pianist, Claudio Arrau, he received a M. A. D. from Harvard and was later dean of the music department at Blue Mountain College, Mississippi.

A teacher at Pennsylvania State University, Jesse A. Warden, was appointed associate professor of home economics. She has been on the staffs of the University of Utah and the University of Nebraska.

Mrs. Bernice Berry Handley will become an assistant professor in the art department, will go to Wright Putney, an art therapist at Pennsylvania State University, where he expects to receive a doctor's degree this summer. He previously taught at the New Mexico Institute of Mining and Technology and was art supervisor in the Sateron, N. M., schools.

Joyce L. Koneczan will replace Helen Starck, resigned, as an instructor in the University School. A former instructor at Indiana University, she is now an assistant professor at Iowa State.

The board of trustees also approved 17 term appointments to the faculty, including Dr. Richard Lee, 2 West Frankfort physician, as one-half time acting director of the University Health Service effective immediately.

Two former Southern staff members are returning to the campus. William B. Matthes, now at the University of Florida, will be a lecturer in business administration, starting in March to replace Guy W. Camp, who resigned to be come dean of the U. S. Merchant Marine Academy. Jane Kitchener, one-time personnel officer at Southern and late on the staff of the Red Cross in Germany, has returned as a research assistant.

The other term appointments include Howard L. Winters, an assistant on the staff of the University of Chicago who accompanied Southern's archaeological expedition to Mexico last summer, to be an assistant instructor in the University Museum.

The Eldorado Community Development Association, organized with the help of SIU will receive a cash award and a George Washington Honor Medal in recognition for its study and action program that began a year ago last fall. Leo Dodd, president of the association, came here to participate in the award ceremonies.

A citation from the Foundation commended Eldorado "For the Operation Bootstrap Project, the story of a town in which the period of growth was wearing out, complacency and inertia were settling down, physical assets were deteriorating, attention

### 2 SIU Scholarships To Be Awarded At P-D Science Fair

Two four-year scholarships to SIU are among the prizes to be awarded in the Greater St. Louis Science Fair April 18-22.

The Fair, sponsored by the St. Louis Post-Dispatch, will offer a total of \$23,500 in scholarships to 12 Missouri and Illinois colleges and Universities.

### A Letter From Patt Writer Sees Food Show—Finds It 'Tasty'

**By Patt Files**

Dear Boss,

I just checked on one of these home ec food shows—they began Monday and they'll continue through March 7—to get an idea what they're about. Found it not bad, not bad at all.

The one I saw was at 10 a. m. Wednesday. Demonstrator was Jean Forner, a senior in Home Ec in the College of Education. Title was "Food Factors." Principal subject was meat.

Thought, Jean said, should be thought of as the center of the meal. It makes all meals appetizing and interesting and furnishes a huge portion of the nutrients essential to a well-balanced diet.

I watched her prepare baked ham, steak roll-ups, ham croquettes, pan-broiled sausage links and

to civic enterprises was ebbing, and the absence of opportunities were symptomatic of a decay that infected the entire community life, when the idea generated that with widespread and energetic action, the town could lift itself up by its own bootstraps, and it did!"

The Freedom Foundation is a non-profit organization chartered to make awards annually to individuals, organizations and schools "for their outstanding contributions to a better understanding of American way of life. Older winners this year included Evangelist Billy Graham, St. John's University and the Kwanin Institutions.

The "Operation Bootstrap" program at Eldorado was undertaken with the aid of Richard W. Poston, director of SIU's department of community development. Through public meetings at which townspeople analyzed their problems and recommended solutions, the town has attracted industry, conducted city beautification projects, improved recreation and opportunities for youth, and bolstered community pride.

The display was open from 10 to 10 p. m. on the day of the festival and included folklore maps of the United States, articles on folklore by SIU faculty members, brochures from the Illinois Folklore Society, library collection on various folklore subjects, and other material. The exhibit was planned by Mrs. Mary Belle Melvin, library instructor.

Demonstrations scheduled between this Egyptian and the next: Monday: "When E's Holiday Time, It's Cake Time," Shirley Kitchener, old Main 107.

Tuesday: "Quick Tricks With Pastry," Dolores Armstrong, 10 a. m.; "Bessie's Gift to You," Patricia Peterson, 11 a. m.

Place is the new Home Ec Kitchen, old Main 107.

This is what our readers want to know?

Yours,  
Patt Files

### Library Displays Folklore Exhibit

The SIU library displayed a special exhibit of folklore material at Shirock Auditorium in connection with the first Southern Illinois Folk Festival, held here Thursday, according to the acting library director, Miss Elizabeth Stone.

The display was open from 10 to 10 p. m. on the day of the festival and included folklore maps of the United States, articles on folklore by SIU faculty members, brochures from the Illinois Folklore Society, library collection on various folklore subjects, and other material. The exhibit was planned by Mrs. Mary Belle Melvin, library instructor.

### Miss Anthony Selection Tonight

Selected Wednesday night as finalists for Miss Anthony crown were Jeanne Barbour, Mary Lou Bondurant, Marilyn Eckert, Joyce Hastings and Donna Van Ewyk. Seven-center girls competed.

Anthony Hall residents will select the winner tonight at a final judging before a formal dance in the hall.

## ISA Sweetheart Will Be Named Tomorrow Night

"The Diamond Sweetheart Ball," an all-school semi-formal dance sponsored by the ISA, will be held at ISA Week activities Saturday.

Jimmy Hudson's band will provide the music from 8 p. m. to midnight in the Women's gymnasium. At 10 p. m. Pat Bruce, the 1954 ISA Sweetheart will crown the 1955 Sweetheart. Candidates are Pat Dubont, Betty Frech, Shirley Layne, Arlene Sedlack and Shirley Stout.

### Social Senate Slates 'Tackw-Twirp' Dance

The Social Senate will sponsor a "Tackw-Twirp" dance March 4 in the Men's Gym from 8 p. m. to midnight.

Dance dress is tacky. A tacky-twirp king and queen will be selected.

Admission, to be paid by the girls, is two cents for every inch of the boy's waistline. Gals must ask guys to this dance.

### SUITCASERS DISCUSSED Society Chairman Hold Talks

How to keep students there weekdays, merits and demerits of weekend evening parties and how to make meetings interesting were topics at a meeting of the social chairmen at 10 a. m. Wednesday in the conference room of the Student Union.

No specific action was taken.

## Significance Of Board Nod On Athletics Told

The significance of the Board of Trustees approval Feb. 17 of a new athletic policy submitted by the Council on Intercollegiate Athletics is that the policy paved the way for a Grant and Aid program for students taking part in athletics, according to Dr. Carl E. Erickson, Athletic Department chairman.

"The council is now preparing a statement of award to be established by the Alumni Association," said Erickson.

Referring to the "limited amount of aid" he continued, "this may include remission of tuition, board, room, fees and books, as recommended by the American Council of Education and the North Central Association of Colleges and Secondary Schools."

### Southern Illinois Symphony Concert Here Tuesday Night

The Southern Illinois Symphony Orchestra, conducted by Dr. Maurits Kesnar, will present a concert at 8:15 p. m. Tuesday in Shirock Auditorium.

On the program are "Overture (Suite) No. 3 in D Major" by Bach; "Antante from the Flute Concerto in D major" by Mozart; a flute solo featuring Philip Eigenmann; "Suite of the Ballet 'Coppelia' by Delibes; "Peer and the Wolf" by Prokofeff; featuring Dr. Robert D. Famer as narrator; "Slavonic Dance No. 10" by Dvorak; and "Overture to the Opera 'Rienzi' by Wagner."

### Debaters Face 30 School Match At Northern

Gene Penland and Richard Rieck and Dorothy Beck and Sue Alice Martin will compete against 30 other college teams in the men's and women's championship debate contests at Northern today and tomorrow, according to Dr. Walter W. Murris, debate coach.

### Advance Registration Ends Today

Advance registration for the spring quarter ends today. Fees must be paid by March 4 or advance registration will be cancelled. Registration will start again March 21, first day of Spring term.

### SIU Man Featured In Magazine Article

Richard W. Poston, Director of SIU's community development department, is featured with Eldorado in the March issue of American Magazine.

Poston is included in the magazine's "Interesting People" section as "the man who doctors tired towns." Two photographs in the magazine show him talking to a group of Eldoradoans at a street rally, and to volunteers at work on the City Hall beautification project.

The article tells how Poston "moves in on a community" and "administers" hypodermic by showing the townfolk how to help themselves."

Managing Editor: Bob Pook

### Our Opinions

## Eastern Comments On Our Housing Problem

Last week's edition of the Eastern State News, Eastern State College, commented on the Egyptian's recent series of articles and SIU housing in general. Said the article: "A recent series of articles in the Egyptian makes a person rather glad that they go to a school where housing is not a great problem. The series dealing with the housing situation on Southern's campus brought out many details which a university of this size of Southern must not be too proud of."

## We Have Come A Long Way

SIU's recent recognition for its work in Community Development at Eldorado is an illustration of how far the purposes of higher educational institutions have come. Not so many years ago SIU's job was to turn out teachers and little else. Universities all over the country were worrying about the decline of classical studies and the horrible materialism that was sweeping the country. Today's universities are devoting more and more effort to serving the area in which they are located in other ways than by teaching students. Scholarly studies are still pursued, but

## Hot Foot More Fees

The Syracuse Daily Orange, Syracuse University, claims the latest student proposal is for "steam-heated sidewalks on campus." Bids are being let to Syracuse electrical companies in hopes that one under \$1,077 will be proposed. The only bid of \$76,173.437. "The only dissenting vote against the proposal was made by an official who stated that tuition would be raised to \$1,734 per semester." B. P.

To the Editors: As a Negro student who has "kept his head up," always been ashamed, and felt "disgraced," when it comes to "decent racial quarters," I feel that it is no less than my duty to issue this note. In the first place, all of the students can understand your purpose, and we appreciate your efforts. We all hope that you will continue your wonderful work and someday win the Pulitzer Prize, for each of you deserves it. I don't suppose that anyone could propose anything in a better fashion. Congratulations, and please continue to bring these things to the light, for the purpose of this is finally, being seen. This paper is a student paper and I believe that it should deal with student achievement and student problems. I will venture to say that not one per cent of the people off campus have read the student paper before this series began. And as far as censoring our student paper is concerned, I'm sure that the Senate from Wisconsin would have something to say about that. Why shouldn't a person who is in an institution of higher learning learn to make up his own mind and speak his piece, especially if he is spending "hard cash." As a student who has lived in staid houses, I know too well, the strain that both parties are undergoing. But if a thing is disagreeable it should be modified. This is why the students were ready with the correct answers. (They found a number to voice the things that they could not live with at home, which can be proven by the evicted students.) Since I have been accused, falsely, of getting the dissatisfied students to make statements, I should like to tell why the article was written. It was written because all students, Negro, green, white, and blue feel a need for improvement. We all understand the plight of the Negro without mentioning "through-bred cattle" and the hardships that we have faced in the past. We, as college students, not Negro students, have learned to voice our opinions on anything that we like or dislike. We feel that there is much need for improvement, and we can never obtain the desired results by waiting for it to come to us. We must assert ourselves, and we won't have to continue living near the refuse plant, walking through mud and embarrassing our landlords. This has not been "one of the many hardships that we come out our way during our livelihood." It is a chance to speak up and improve our conditions and to show our one in the world that we are not just a group of people who will cry, and feel sorry for ourselves, and make ourselves believe that we can't and we MUST! Or a hundred years from today we shall still be saying "We have come a long way, but we are not yet what we should be." You must help yourself — These are the things that caused those statements to be written, and rightly so. I'm sure that even if those students "Hunk-out," and their parents find that they have done such a thing they will be very proud of them. At least they have learned after all of these years that they can speak their piece. The parents should also be proud of Southern Illinois University, its democratic faculty, and the Egyptian, for allowing all groups to voice their opinions, as well as including all groups in improvement plans. I wonder what would have happened if Negro housing had been excluded from the survey. As far as the landlords, there is not a nicer group of people in all the world, and they are honest and had, before this series, the student at heart. Their homes, as they have said are open to the students, and sometimes even their refrigerators. I can even remember borrowing money from my

## The V A Voice

The President has signed Public Law 17 permitting servicemen in the armed forces from Jan. 31, 1955, to earn up to 36 months of entitlement to Korean GI Bill education and training. Previously, a Presidential proclamation had set Jan. 31 as the cut-off point for GI Bill entitlement; time spent on active duty after that date would not count toward training. Now, however, veterans who entered military service on or before Jan. 31, 1955, can build up GI training entitlement after that date. Entitlement to Korean GI education and training accrues at the rate of one and one-half times a veteran's length of active duty. The maximum is 36 months of training.

## Parents May Get Break On Taxes

(IP)—A bill which would give parents of college students a reduction in their income tax payments and help more young people to get a college education will be introduced in Congress during the current session. The idea behind the bill originated with the Yale Alumni Board about 18 months ago. The proposed legislation would grant an income tax credit of 20 per cent of the tuition charges of educational fees paid for student above the 12th grade. Based on a formula suggested by the Resolutions Committee of the Taxation Association, it would provide the same benefits to all taxpayers supporting college students, regardless of their income. Similar proposals in the past were based on a plan of making the cost of tuition and fees deductible for income. The new plan about to be introduced by several Congressmen this year is believed to be better as it provides identical benefits to all taxpayers, and is of particular advantage to those in low-income brackets. The new bill limits the tax credit to tuition and educational fees on the assumption that other costs, such as room, board and travel, are covered in part by the \$600 deduction now allowed for a dependent by income tax law. The ceiling of \$450 for each student would be placed on the amount of tax credit allowed under the bill. Thus, that portion of a student's charges above \$1,500 per year would not count in any further tax credit.

## 13 On Faculty Listed In Science Book

Thirteen SIU faculty members are listed in Volume 1 of a three volume new ninth edition of American Men of Science. Volume 1, just appearing on library shelves, includes those persons in the physical sciences. Subsequent volumes, to be issued one at a time in the next two years, will include persons in the field of biological sciences (next year) and the social sciences (year after next). SIU personnel listed in the first volume are: Chemistry — T. W. Abbott, Elbert Hadley, J. W. Neckers, R. F. Trimble, Jr., Robert E. Van Anta and Kenneth A. Van Laner; bio-chemistry — Maurice Ogor; geology — Stanley E. Harlan; mathematics — W. C. McDaniel and Annett Sinclair; physics — O. B. Young, Martin J. Arvin and Charles J. Brasefield.

## Civil Service Tells Need Of Cartographers

The U. S. Civil Service Commission has announced that Washington, D. C. has an urgent need of cartographers and cartographic aids for filling map and chart-making positions paying entrance salaries of \$3,410 a year. Applicants may qualify if they have had four years of cartographic experience or college study with 24 semester hours in cartography, mathematics, physics, engineering, astronomy, geology, geography, geodesy, navigation, forest mensuration, photogrammetry or photo-interpretation. No written test is required. Among the agencies in which vacancies exist is the Office of Research and Liaison, USAF Aeronautical Chart and Information Center. The rapid advances in aviation, especially in jet flying, necessitate corresponding changes and improvements in aeronautical charts, and a tremendous amount of research and experimentation is required to produce them. This Center performs research and provides information relevant to the aeronautical charts and related materials required by the U. S. Air Force. Opportunities for promotion are excellent for those individuals who demonstrate technical proficiency in the field of cartography. Full details concerning the requirements for the position to be filled are given in civil service announcement No. 375 for Cartographers, which may be obtained from the school placement office. Although applications will be accepted until further notice, persons who wish to receive early consideration, should file their applications immediately with the U. S. Civil Service Commission, Washington 25, D. C.

## Goed Elected IMSM Officer

Joanne Miner, sophomore in the College of Education, was elected secretary to the Illinois Methodist Student Movement at its conference last weekend in Champaign-Urbana. Twenty-six students from the Wesley Foundation and two counselors, Rev. Ronald Seibert and Dr. Jack Graham, attended the three-day meet which featured the election of state officers and a speech by Dr. Roger Ortmyer, editor of the magazine "Movie." Dr. Ortmyer spoke on the "Responsibility of the Christian Student" to the 15 groups attending from college and university campuses in Illinois.

## University Of Vienna Offers Summer Courses For Americans

The University of Vienna Summer School at Schloss Traunsee, Gmunden, Austria, will offer courses open to American students from July 25 to Sept. 4, 1955. Designed to promote better understanding between Europeans and Americans, the curriculum features beginning, intermediate and advanced German courses and a course in Austrian art and music. The formation of the modern European mind and the history of Middle Europe. Psychology, political science and law are also offered. Courses other than German will be conducted in English. To be eligible for entrance to the three or six-week courses, American applicants must have completed at least two years of college work by June. Closing date for admission is June 15, 1955. Closing date for scholarship applications is April 18, 1955. An opportunity for summer study combined with outdoor vacation life at a mountain lake, the school is held at the nineteenth century castle of Traunsee on the shore of a lake in Austria's Salzkammergut district. In addition to course work, the summer school's \$200 tuition will include trips to Salzburg and the festival, and to nearby places of interest. Students will also be able to arrange an excursion to Vienna. A few scholarships are available to well-qualified students who would be unable to attend the summer school without financial assistance. Applicants for these awards or for general admission should write to the Institute of International Education, 1 East 67th Street, New York City. The Institute is screening applications for this program in the United States.

## Kelley Invited To Archaeology Seminar

J. Charles Kelley, SIU Museum director, has been named one of six archaeologists from the nation to participate in a three-week seminar on the American Southwest at Santa Fe, N. M., the Santa Fe Seminar is one of several on American archaeology for scholars in the field of archaeology and anthropology being held this summer by the Society for American Archaeology under a grant from Carnegie Corporation.

# Salukis Drop Last Home Game, 80-79 Kurtz Scores 31

Eastern State Teachers College edged Southern out, 80-79, in a conference tilt here Wednesday night to hold Southern in third place in the IAC as Capt. Gib Kurtz scored 31 points.

Eastern opened the scoring and built up a quick 12 to 5 lead before Southern began to roll. The Salukis closed the gap and passed the Panthers a few seconds before the half. Southern led, 44-41, at half time.

The score seasawed throughout the second half. Eastern made a bucket for a 1 point lead. The Salukis got one more shot but missed and the Panthers scored on the remaining 20 seconds.

The Salukis, sparked by Kurtz's 31 points, out-rebounded the Panthers 28 to 27, but only made 32 of 65 shots while Eastern, led by Radloff's 23 points, sank 30 of 53. The Easterner's missed 5 of 25 free throws, while the Holdermen missed 10 of 25.

This was the last home appearance for Capt. Gib Kurtz who set a new scoring record of 37 points a week ago.

**Box Score**

	FG	FT	PF	TP
<b>SOUTHERN</b>				
Johnson	1	2	2	4
Blythe	4	2	2	10
Kurtz	14	3	2	31
Whitlock	6	2	2	15
Morgan	1	3	2	5
Rushing	0	0	0	0
Doss	6	3	3	15
	32	15	13	79
<b>EASTERN</b>				
L. Ludwig	3	6	1	12
Kenny	6	2	3	14
K. Ludwig	4	2	1	14
Gosnell	5	3	3	13
Radloff	10	3	2	23
Clauson	1	2	0	4
	30	20	13	80

## Capt. Kurtz Plays Last Game; Is Only Senior

Capt. Gib Kurtz is finishing the season in a blaze of glory as he has dumped in 135 points in his last five games for an average of 27 per game. His high was Feb. 19 against Michigan Central when he set a new school scoring record of 37.

The 6-0 forward from East St. Louis is the only senior on the ball club. This is his fourth year of varsity ball. In his last home appearance Wednesday night the crappy captain put in 31 points. His last game for the Salukis is tomorrow night as Southern meets Northern there.

Dick Blythe, 6-0 guard, shoots a jumpshot in Wednesday night's dual with Eastern. Getting in position are Clauson,

Gus Doss, 6-7 center, goes up on a jumpshot. The big man is guarded by No. 8, Kenny, of Eastern. Gus dumped

## Vanderbilt Next For Swimmers

SIU swimmers will seek their first win of the season today against Vanderbilt University at Nashville, Tenn.

Coach Ed Shea will depend upon Capt. Roger Counsel, sophomore, and Bob Montgomery, freshman workhorse, to end the Salukis' four-match losing streak. Counsel is undefeated in the diving events, and Montgomery has two firsts and seven seconds.

The Salukis, competing in their first swimming season in the history of the school, have lost to Bradley, Illinois Normal and twice to Missouri Mines. They tackle St. Louis University's Billikens Mar. 5 in the season's finale at Carbondale.

In 1807 Golconda in Pope County consisted of three small towns, one town, one grove or salson and about 20 dwellings.

Kenny and Ludwig of Eastern and Doss and Morgan of Southern. In their last home appearance this year the Salukis dropped this one to the Panthers, 80-79.

# Wrestlers To Meet Indiana U.

SIU's wrestlers, undefeated but once tied in dual competition, will be fighting their sixth straight dual meet tomorrow when they meet Indiana University's Hoosiers at Bloomington, Ind.

Coach Jim Wilkinson's Salukis picked up a third place last Saturday at the Wheaton Invitational tourney with two individual titles and six third place spots.

Capt. Bob Whelan, Chicago senior, captured the 123-pound crown and John Orlando, St. Louis' freshman, strong-armed the 157-pound title.

Roy Fowley, Belleville sophomore 130-pounder; Paul Pressler, 137-pound Chicago freshman; Bob Dunkel, 167-pound sophomore from St. Louis; 177-pound Paul Steingard, Waterloo junior; Bill Spratt, 191-pound Salem freshman; and Ed Hayes, San Francisco, Calif., heavyweight, also took honors.

Southern's win string extends from a 14-14 season opening tie with Illinois. The streak includes victories over Western Illinois, Eastern Illinois, Ritennour YMCA of St. Louis and two ovc Great Lakes.

Buzz Bergfeld, freshman from St. Louis, is still leading in dual match wins with a 4-0 record. Bergfeld, out of action for the past two weeks with a "coughing" ear, will be ready for the Hoosier bout.

Fowley has a 3-0 mark and Orlando 4-1-1; Dunkel 4-1; Steingard 4-1; Whelan 3-2; Hayes 2-2; Spratt 1-3; Tom Lovet, Granite City freshman, 3-2-1; and Bill Mayr, Belleville junior 3-0.

## Rifle Team Continues Win Streak

SIU's Air Force ROTC rifle team, undefeated since a single season-opening loss last fall, continued to extend its long winning string this week.

Seven victories in a week bring the SIU team's record to 33 consecutive wins and one loss. A Southern win over Virginia Military Institute, 1883-1882, was followed by two default decisions over Baylor University and Louisiana Polytechnic Institute. SIU also outscored College of St. Thomas, 1874-1873; Michigan College of Mining and Technology, 1894-1837; the University of Purdue, 1894-1870; and Colby College, 1883-1804.

The Michigan College of Mining and Technology recently out-ran SIU riflemen in the national Rifle Team, Ralph Hayes, above SIU's third place in mid-western college competition.

# Salukis In IAC Tilt vs. Huskies

The Salukis will try to avenge a 64-54 loss at the hands of Northern's Huskies when the two teams tangle Saturday in an IAC tilt at DeKalb. The earlier game marked the second time in nine years the Salukis have fallen to the Northerners.

With two key men lost because of ineligibility, Bill Healey has found replacement in Karl Dennis and Jerry Malitz of Chicago. Dennis was largely responsible for the Northern triumph in the earlier game. Devance and Egan give Northern one of the best sets of guards in the conference.

Coach Lynn Holder will send Gib Kurtz and Larry Whitlock into the fray at forwards, with Gus Doss at center and Joe Johnson and Dick Blythe in the guard slots.

The playoffs will be held at Huff gym on the University of Illinois campus with the first game starting at 7:30 p. m. March 2, and the second at 9:00 p. m. The winners will play the following night for the right to represent Illinois in the national tourney at Kansas City.

Western Illinois copped the honor last year and wound up in second place at the Kansas City Tournament.

Among the other Illinois teams being considered for the District 20 or Illinois playoffs are a trio from the College Conference of Illinois—Illinois Wesleyan, Lake Forest and Milliken University Quincy, an independent outfit is also knocking at the gate, and the selection committee will have to give some attention to McKendree and Shurtleff of the downstate Prairie College loop.

Jack Horenberger of Illinois Wesleyan, District 20 chairman reports an eight man committee faces the task of selecting the contenders. They are: Les Belding of North Central and Ralph Allen of Milliken, both representing the CCI; Ray Hanson of Western Illinois and Howard Hancock of Illinois State Normal, from the IAC; Sherrill Hanks of Shurtleff and James Collie of McKendree, one of the Prairie College loop; and Monmouth's Bobby Wolf, along with Forrester of Quincy, representing independent schools, through Monmouth is in the Midwest loop.

Many records in Pope County indicate that slaves were bought and sold there after Illinois had become a state.

Jack Morgan, 6-5 forward tries to put one up following a pass from Capt. Gib Kurtz.

# Western In Battle For IAC Crown

Final games this week tell whether Western Illinois wins the Interstate Intercollegiate Athletic Conference crown, or shares with Michigan Normal.

The Leathernecks 9-1 mark assures them of a title share, and they can claim it alone by knocking either Central Michigan or Michigan Normal when the two teams invade Macomb this week.

Second place Michigan Normal winds up on the road tomorrow at Illinois Normal. The Hurons must win both, while Western must also fail to Central in order for a tie to materialize.

If Western comes through on top — and their overall 21-2 record casts them in the heavily favored role — it will mean the first undisputed triumph for Coach LeRoy Morley's cagers. The Leathernecks tied for the title in

1949, and again in 1950, but never have they gained sole possession. With top honors strictly a scramble between Western and Michigan Normal, the other loop machines will be contending for the left-overs.

Eastern Illinois ended its conference schedule Wednesday night at Southern, and for the first time in seven long years the Panthers are not in the IAC driver's seat.

Three games were played Thursday night as Central Michigan invaded Illinois Normal, Michigan Normal hit Western, and Northern Illinois entertained Scott Air Base in a non-loop outing.

All teams are slated in the Saturday night finale. Central Michigan, previously beaten by Western, 83-67, tests the Leathernecks once more; Michigan Normal is at Illinois Normal; Southern heads north for a game at Northern; and Eastern is at Milliken in a non-conference game.

In past encounters, Michigan Normal edged Illinois Normal, 90-86; Milliken bested Eastern Illinois, 89-80, and Northern upset Southern's applicant, 64-54.

## IAC STANDINGS

	W	L	Pct.
Western Illinois	9	1	.900
Michigan Normal	7	3	.700
Southern Illinois	5	5	.500
Central Michigan	4	6	.400
Eastern Illinois	4	7	.360
Northern Illinois	4	7	.360
Illinois Normal	3	7	.300

## WAA At Normal For Volleyball Meet

Members of SIU's Women's Athletic Association will participate in a volley ball sports day today and tomorrow at Illinois State Normal University.

The SIU group will compete with Normal and other schools in volley ball contests, according to Miss Cleo Ulm of the Southern women's physical education staff. A social hour will be held following the games.

Caster beans were once grown in southern Illinois for their oil. In fact, the production of castor oil in America was once centered here. Much of it was used for lubricating oil, and thus the kids didn't have to take it all.

It's highway robbery!

For sheer fun out on the road, Chevrolet's stealing the thunder from the high-priced cars!

Up to this year, maybe there were reasons for wanting one of the higher-priced cars. If you demanded something really special in the way of driving fun, you simply had to pay a premium to get it. Not any more! The Motoramic Chevrolet has changed all that. Who could wish for more excitement than the new 162-h.p. "Turbo-Fire V8" delivers? (For those who do, 180-h.p. is optional at extra cost in all V8 models.) Chevrolet also offers the two highest powered sixes in its field. Come in and see how the Motoramic Chevrolet is stealing the thunder from the high-priced cars!
