This Article is brought to you for free and open access by the Daily Egyptian 1957 at OpenSIUC. It has been accepted for inclusion in October 1957 by an authorized administrator of OpenSIUC. For more information, please contact [opensiuc@lib.siu.edu](mailto:opensiuc@lib.siu.edu).

**HOMECOMING ATTRACTION**  
The Billy Williams Quartet recording artists for Coral records, will highlight the stage show at Shryock Auditorium Saturday, Nov. 9 at 7 and 9 p.

**Float Deadline Extended**

**56 High School Bands In Homecoming Parade**

Fifty-six high school bands numbering 3,000 musicians among them will march in the "Salute To Southern" Homecoming parade down University Avenue Nov. 9.

Southern's 100-piece marching band, directed by Phillip Olson will lead the procession.

The parade will move down University Ave. from Sycamore street to the Old Main gate.

The Carbondale City Council this week gave permission for the parade subject to approval of the State Highway Department.

Meanwhile, the float application deadline has been moved up to this Sunday. Dick Hunsaker, vice-chairman of Homecoming, said many of the organized houses had not received applications due to an error. They may be picked up at the Student Union desk and must be turned in Sunday.

Several high school bands will be in the parade. Rosanna High School, with a 100-member band, heads the list in size, with following high schools with 80 or more also entered: Flora—92; Mt. Carmel—90; Sparta—88; Hurst-Bush—85; De Queen—80.

All organized houses, fraternities, societies and religious groups will receive letters informing them of their picture schedules for the Obelisk, according to Meta Edeleman, editor of the Obelisk.

If there is a new organization on campus that has not yet been registered in the Office of Student Affairs, the Obelisk should be notified so they may inform the group of their picture schedules.

There are still a few 1957 Phobias which may be obtained in the Obelisk office.

**Wives To Parade**

The wives of Southern are going to have their day — in the form of a Mrs. Southern Contest.

In a recent meeting the Dames Club executive board discussed and voted on the proposal of having a beauty contest. The tentative title of the contest is "Mrs. Southern."

The contest will be held in February. In order to compete a girl must be married and a member of Dames Club. Anyone who is the wife of an SIU student or is herself attending college can join the Dames.

Norma Clark, who originally made the proposal of a "Mrs. Southern Contest," was appointed chairman.

The meeting, which was the first of the year, included laying plans for the style show which will be held this Wednesday.

# THE EGYPTIAN

## Classes Dismissed Today, Tomorrow To Combat Flu

### Southern Has 'Flu Epidemic' Lee Asserts

"Yes... I would say that Southern is experiencing a flu epidemic," said Dr. Richard Lee, director of the Health Service.

Defining the word "epidemic," Dr. Lee said, "When a contagious disease in any given community reaches a proportion that existing medical facilities are somewhat strained then you could say you are dealing with an epidemic."

Following the official announcement that all classes will be cancelled this weekend on Dr. Lee's recommendation due to the flu problem, Dr. Lee explained Southern's flu situation.

As far as fitting Southern in the epidemic definition, he said that "we have had to set up an infirmary... and all the beds are filled out there, and a fourth physician, Dr. Denton B. Ferrell, has been added to the staff."

Trying to set an approximate number of flu cases, Dr. Lee replied that he would say "about 30 per cent of the student body has been involved."

"Today (Tuesday) Dean Davis and I called the ROTC department to see how their drill classes were running in absenteeism and there had about 20 percent absent. Drill on the normal usually runs 90 percent which meant, we felt, that 10 percent were involved with the flu."

Last week a temporary hospital was set up at Southern Acres to take care of those patients who needed special care and for patients who developed complications with the flu. At present the hospital's capacity is filled.

"Twelve or 15 cases have necessitated hospitalization due to such complications as streptococcal and infectious bronchitis but they have recovered or are recovering," he said.

When asked how Southern compared with other universities or colleges on the national scale, Dr. Lee said that he could not say. "In all probability there are a number of... a number of communities that are having more of it than we are. I don't think we are worse off than any other college this size. I think we are more fortunate because we are getting our epidemic in the fall and not the winter when many places will get their and possible lines of more complications can set in."

Whether Southern has the Asian variety or not is still indefinite but Dr. Lee said he would return to the unusually high incidence of flu on campus at this particular time of year, it probably is of the Asian strain.

Tests were taken of the first patients early in September. Now these same patients are returning to the health service in a week or two to have another serum sample taken to be compared with the first one sent to the Chicago laboratory.

The results of these tests will determine whether Southern has been stricken with an Asian Flu epidemic.

### Notice

Any organization who did not receive a letter concerning entrance in house decorations on floats for the Homecoming Parade and wish to enter should pick up an application in the Homecoming office in the Student Union immediately.

The deadline for applications to be turned in is Sunday, Oct. 27.

**TEMPORARY HOSPITAL**  
A special make-shift infirmary had to be set up at Southern Acres to handle those students who needed special care and for others who developed varying complications. Here El-

### Military Service Credit Criteria Are Changed

Certain changes have been made in the granting of college credit to a veteran for his military service. These changes are the result of changes in the recommendations of the American Council on Education which are the ones followed by the University in the granting of such credit.

As of now the following rules are in effect:

1. For less than six months of active duty — no college credit.
2. For six months to one year of active duty, including the completion of basic or recruit training — six quarter hours of military credit, three quarter hours of health education credit, and six quarter hours of physical education activity credit.
3. For more than one year of active duty, including the completion of basic or recruit training — six quarter hours of military credit, three quarter hours of health education credit, and six quarter hours of physical education activity credit.

Before any veteran can receive college credit for military experience a copy of his discharge or separation paper (DD 214) must be furnished to the Admissions Office for evaluation.

A veteran who is a participant in the Six-Month Reserve Training Program should note point two above carefully. While he may receive three quarter hours of college credit for his military service, he is exempt from the University's two-year military requirement if he so desires. However, academic advisers are advised to enroll such a student into Air Science courses until such time as he has completed six months of active duty and is enrolled in a reserve component of the armed services. As soon as the student's petition for exemption from Air Science is approved, he should proceed a program change form dropping the Air Science course.

### BURTON SPEAKS

"Teaching Literature as Equipment for Living" will be the topic discussed by Dwight L. Burton at the Southern Illinois Association of English Teachers luncheon. This talk will be given at the noon luncheon in the Woody Hall Dining Room on Friday.

### At Southern Acres

## Temporary Hospital Opened For SIU 'Flu' Patients

To insure proper care for students afflicted with "flu," a temporary hospital was opened last Thursday at the SIU Southern Acres campus, according to Dr. Richard Lee, University physician.

Intended to provide accommodations for students who require nursing care for two or three days but who are not critically ill, the temporary quarters at present have beds for 12 men and 25 women, but may be expanded to provide for as many as 80 students.

Cases unrelated to "flu" or "flu" cases which develop serious complications, will be cared for as usual in local hospitals, Dr. Lee said, adding that with special care being provided, it was expected that very few serious cases would develop.

Dr. Lee reported that different varieties of "flu" had affected some 1,500 students during the past five weeks but that more than two-

### For This Weekend

## BSU Convention Set

"Christ in you — the hope," will be the theme of the Baptist Student Union Convention to be held here this weekend.

The convention will get under way Friday evening with the theme being presented to the convention by Suzanne Knox. Others on the program will be the subject "Christ the Hope of the World," by Dr. Noel M. Taylor. The sermon "Christ the Hope," will be delivered by Dr. W. F. Howard.

Saturday morning, Dr. B. S. President Ernest Sunderter presiding, a devotional will be held in the Baptist Foundation. Dr. Page H. Kelly will speak on the subject, "Inviting Your Life." Also on the Saturday morning program is the "Moral Problems of Students," by Dwight L. Burton.

Sunday will be filled with devotional activities at all three Carbondale Baptist Churches for the convention. At University Baptist Church, where Reverend

ha Munoz, senior from Benson, is under the supervision of a nurse. The drab walls, bare window and chair made into a table add to the despair of many of the sick patients.

### More Vaccine Arrives At Health Service

More Asian Flu vaccine has arrived at the health service. Due to the Asian Flu epidemic on campus it is urged that all students and faculty members get shots immediately.

Shots are given in a two-dose series recommended by public health authorities.

According to Dr. Richard Lee, director of the health service, the flu vaccine is not fool-proof, "but it has been estimated by various investigators that if everyone had been immunized before they were exposed, the number of cases would have been reduced by as much as 70 per cent."

The flu is a very contagious disease. It is contagious from the time that such symptoms as a scratchy throat, watery eyes and running nose begin until they subside, said Dr. Lee.

### Ag Student Visit Yards

Twelve students enrolled in a livestock marketing course in the School of Agriculture visited the National Stockyards near East St. Louis, Wednesday (Oct. 16) to observe marketing operations there.

### Job Interview Set Tuesday

Arthur Andersen & Co., accountants and auditors, will conduct job interviews for December 1957 and 1958 graduates in accounting or law on Tuesday, Nov. 5.

Representatives from the St. Louis, Mo., firm offices, L. W. Luyens and R. C. Sarret will be on campus that day.

The company is an international firm of accountants and auditors providing services in all areas of auditing, tax accounting, and administrative accounting, including the systems connected with each method.

Positions will be available in all areas on the staff of the firm's offices in 22 major cities throughout the U. S.

Applicants should have adequate academic preparation in the field of accounting, preferably an accounting major. Men with law degrees interested in work as tax accountants must also have this academic background.

### Discuss School Problems

Superintendents from Jackson, Williamson, and Union counties discussed school reorganization problems with SIU consultants in a recent planning session at the University.

### All Social Events Also Cancelled

Classes at Southern have been dismissed today and tomorrow due to the increased number of Flu cases on campus.

According to Dr. George H. Hand, vice president for business affairs, all classes starting Friday and continuing through the weekend will be cancelled.

"All social functions, club activities and living center parties will all be cancelled for the weekend," said Elizabeth Mullins, co-ordinator of Student Affairs. "This includes Woody Hall, Thompson Point, fraternity and sorority exchange parties; VTI H A V I T Dancer, TKE Ole-Impies; audiovisual movies today and Sunday; coke dances, vespers, and the Young Republicans Club."

The reason is simply due to the campus flu situation.

"Due to the growing proportion of this epidemic," said Dr. Hand, "Dr. Lee asked that we dismiss classes."

Speaking over the telephone Dr. Richard Lee, director of the health service, gave his reasons why he recommended that classes be dismissed today and tomorrow.

"There are actually several reasons," he said. "One is that it will give those students who have just finished with the flu a chance to go home and recuperate. Secondly it will separate the students who have the flu in bed in dormitories from the non-affected students who will go home. It seems unreasonable with the number of flu cases coming all the time, to have this conference on campus. Dismissing classes will eliminate students from the public eating places," he said.

### Sphinx Club Tapping Plans Discussed

The Sphinx Club, headed by president Dick Hunsaker, met in the Student Union club room last Thursday.

Discussion at the meeting concerned the club's annual Homecoming Coffee Hour for alumni of the club and the tapping ceremony to initiate five new members into the club.

Purchase of sweaters for club members was another item of discussion at the meeting.

The Sphinx Club is an honorary organization for outstanding student leaders on the campus.

The club is composed of 20 seniors. Five are tapped into the club during Homecoming, while 15 juniors are tapped in the spring to comprise the starting membership of the club for the next year.

These 15 are tapped on Activities Recognition Day which the club sponsors in the spring to honor students who have done the most to promote student activities.

The Sphinx Club is the only organization of its type on the campus. It is not part of any national organization, but is a club unique on Southern's campus.

Other officers are Sonnie Unger, vice-president, and Mary Ann Edwards, secretary.

Next meeting for the club is scheduled for Oct. 22, at 4 p.m.

### ANDREW IS CHAIRMAN

Dr. William T. Andrew has been appointed chairman of the Agricultural Migrant Committee of Illinois, reported Mrs. John T. Even, chairman of the Illinois Commission of Children, a branch of the Migrant Committee.

# The Editors' Opinions

## School Closed

University officials have decided to close school for several days due to the rising toll of the several varieties of flu among students and faculty.

The course they have followed is the only logical one in view of the situation as it now stands. The University health service has full house every day and has added a temporary hospital at Southern Acres.

The student body has hand-

ed itself well in the face of what has been called an epidemic. Some rumors have been spread around school being closed for a longer period of time, but they are unfounded.

The administration has officially closed school today and tomorrow. Unless there are any further notices, classes will resume on Monday.

## President Morris Speaks

### Predicts 15,000 Enrollment

Enrollment at SIU's Carbondale campus eventually will reach 15,000, President Delyre W. Morris predicted in an address to the Southern Illinois Schoolmasters' Club last week.

"A student body that large appears inevitable," Morris said. "and I sincerely hope it does not get any bigger." Accepting more than 15,000 students on the Carbondale campus "would not be in the best interest of the students or the taxpayers," he maintained.

He said faculty members will be encouraged to improve themselves and that new education "the best in their fields" will be added. He promised an improved "environment of scholasticism and creativeness" for students. Future services to the area will be determined by needs, "a picture that is constantly changing," Morris said.

"The University will not become an 'ivory tower', a thing apart from the people," the president pledged. "Ideals lose their bigness in a vacuum. They must be geared to meet the needs of people."

SIU's enrollment this fall, including residence centers at Alton and East St. Louis, passer the 8,300 mark, representing an increase of nearly 30 per cent over last year.

Speaking on "Future Plans of SIU," Morris told the area school administrators that the University will continue to emphasize development of faculty, student body, buildings, curriculum, and a broad services.

## Wildenhain

### Ceramist Teaches Class

"A good potter destroys three-fourths of what he makes until his work is perfect," Miss Wildenhain, world-famous ceramist, told her pottery workshop students Friday.

Miss Wildenhain, a graduate of Bauhaus German Art Center, is on campus this week only conducting a workshop and an undergraduate lecture series.

With swift, gentle movements, Miss Wildenhain added extra touches to the students' clay tiles which were to be a unit or a picture within themselves.

"Good design always starts with wood or paper will do, may not be the same as what clay will do. You must always consider the material you're using and work accordingly," she said.

Miss Wildenhain spends two to three months out of each year at her studio workshop in Pond F. 21, Guerneville, Calif. She then spends a month touring the country and teaching special courses at different colleges. The rest of her time is spent in actual work on her own pottery which has been called "the finest pottery produced today."

"I only teach, you empty yourself out," she said. "You need to work and replenish yourself."

Wednesday at 8 p. m. she will give a public lecture-demonstration in the University School Studio Theater.

## Two Scholarships Being Offered To Spanish Majors

The Foreign Languages Department will accept applications for two Colegio Benjamin Franklin scholarships in Lima, Peru, according to J. Cary Davis, SIU professor of foreign languages to whom applications may be sent.

Offered annually to two SIU students of at least sophomore standing, the scholarships provide tuition at San Marcos University in Lima, and board and room at the Colegio, where the award winners will be expected to teach English in English. Victor Moya-Mendez, director of the Colegio and an SIU alumnus, provides the awards.

## the GOOD and the BAD

By DON HECKE

The flu bug dropped down on our community and developed hundreds of other bugs over a short period of time. The result has been many cases of varying degrees of flu.

I have inquired into the matter of classroom attendance. My own classes didn't seem to be below normal. Students and instructors alike say they can't notice too much decrease in attendance.

But just about everyone would finish by saying, "Oh, there's one fellow in our class who has the flu." Multiple that one fellow by several hundred classes and you can understand where the students come from that fill up the health service every day.

## Philosophy Of

### Asian Flu: Two Choices

Taken from Health for Effective Living by Johns Sutton, and Webster.

**WHAT A CHANCE!**  
You have two chances—  
One of getting the germ  
And one of Not

And if you get the germ  
You have two chances—  
One of getting the disease  
And one of Not

And if you get the disease  
You have two chances—  
One of dying  
And one of Not

And if you die,—Well  
You still have two chances

## SPHINX CLUB GETS SASHES

While sash sashes with maroon and gold letters saying "Sphinx Club" will be worn by Sphinx Club members at their fall pajama party.

At the meeting of the junior-senior activities board society Tuesday afternoon, the members decided to have a coffee hour for alumni of the Sphinx Club on November 9 as part of the Homecoming weekend.

## Geiger Counters

A special course in radiological detection will be given to students of four counties in Southern Illinois beginning Oct. 28.

The course will meet for a period of 12 weeks from 7 to 9:30 p. m. in the Parkinson Laboratory.

Robert Eberhart of the physics department, who underwent special training in radiological detection at Bloomington in September, will be the instructor for the course.

## Offer Radioactivity Course

The Radiological course is part of the Civil Defense program of the Jackson, Williamson, Franklin and Union Counties. The science teachers will learn the use of geiger counters and will participate in field work.

Upon completion of the course, these science teachers will then train other members of the local and county-wide Civil Defense units.

Assistant Dean of Adult Education at SIU, Harry B. Bauern, said the course will be from the members of the Civil Defense teams on "how to handle hot radioactive materials and how to use the geiger counters to measure radioactivity as part of the Civil Defense warning system."

## Collector's Choice Now On Display In Allyn Gallery

"A Collector's Choice," an exhibition of early and recent paintings by nine contemporary American artists, is on display at SIU's Allyn Gallery. The exhibit, now being shown in museums and art institutions throughout the U. S., will remain here through Nov. 14.

Included in the show, selected by William H. Lane, a distinguished private art collector, are works by Paul Burlin, Barlow Crawford Lee Gatch, Karl Knaths, Julian Le Gvi, George L.K. Morris, Mitchell Siporin, Franklin Watkins and Karl Zerbe.

## It's On The Way

Published semi-regularly during the school year, the Egyptian is a student-run newspaper that carries news and opinion articles. It is published by the Student Body and is a member of the National Student Press Association.

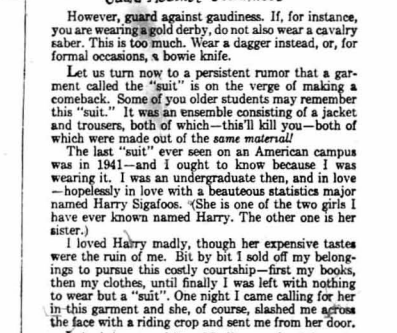

The Egyptian is published by the Student Body and is a member of the National Student Press Association.

## Clothes Make The BMOG

Last week we passed along some fashion hints for coeds. Today we will do the same for college boys.

The most important thing to remember, gentlemen, is to dress with verve, with dash, with inventiveness. Don't be impressed by the traditional conservatism of men's clothing. Brighten up your appearance with a single earring, or a cavalry saber, or a gold derby.

However, guard against gaudiness. If, for instance, you are wearing a gold derby, do not also wear a cavalry saber. This is too much. Wear a dagger instead, or, for formal occasions, a bowie knife.

Let us turn now to a persistent rumor that a garment called the "suit" is on the verge of making a comeback. Some of you older students may remember this "suit." It was an ensemble consisting of a jacket and trousers, both of which—this'll kill you—both of which were made out of the same material!

The last "suit" we have seen on an American campus was in 1941—and I ought to know because I was wearing it. I was an undergraduate then, and in love—hopelessly in love with a beautiful statistics major named Harry Sigafos. (She is one of the two girls I have ever known named Harry. The other one is her sister.)

I loved Harry madly, though her expensive tastes were the ruin of me. Bit by bit I sold off my belongings to pursue this costly courtship—first my books, then my clothes, until finally I was left with nothing to wear but a "suit." One night I came calling for her in this garment and she, of course, slapped me across the face with a riding crop and sent me from her door.

I slunk home and lit a Marlboro and sat down to think. I always light a Marlboro when I sit down to think, for their good mild flavor is a great aid to cerebration. I always light a Marlboro when I don't sit down to think, too, because Marlboro is my favorite cigarette, and I know it will be yours, too, once you make the acquaintance of that filter, that flavor, that flip-top box. As the man says, you get a lot to like with a Marlboro.

Well, sir, smoking and thinking thus, my eye happened to fall on an ad in a campus newspaper which said: "WIN A COMPLETE WARDROBE! Touhy's Toggery, the campus's leading men's store, announces a contest to pick the best-dressed man on campus. The winner will receive absolutely free a complete new wardrobe!"

Struck by a sudden inspiration, I took pen in hand and wrote a letter to Mr. Touhy of Touhy's Toggery: "Sir—I see by the paper that you are giving a complete new wardrobe to the best-dressed man on campus. What a ridiculous idea!

"Obviously, to be the best-dressed man on campus, you must first have a lot of clothes, and if you have a lot of clothes, what do you need with another wardrobe?"

"Touhy's Toggery should give a new wardrobe to the worst-dressed man on campus. Me, for instance. I am an evildoer. There isn't a crowd in town that will come near me. Three times this month the Salvation Army salvage truck has picked me up. Esquire has canceled my subscription.

"I submit that a vote for me is a vote for reason, a vote for equity, a vote for the American way!"

With a flourish I signed the letter and sent it off, somehow feeling certain that very soon I would be wearing a complete new wardrobe.

And I was right—because two weeks later I was drafted.

Always fashionable, always correct for any occasion, is the bright red and white flip-top box Marlboros, made for your pleasure by the sponsors of this column.

By BARBARA DOWNEN

## THOMPSON POINT 1 PLANS PARTY

Thompson Point 1, first floor, is planning an exchange party with Thompson Point 2, last Friday night. Nancy Rigg and Marjorie Thies are new members of SIU. Marcia Spencer and Jay Rasmussen are on Homecoming Committee.

## THETA XI NAMES NEW PLEDGES

Richard Aut Bobbe Baird, Mike Blackburn, Dave Blidick, Bill Isaac, Bob Kuehling, Tom Lanber, Don Menzel, Mike McCall, Bob Norfield, Fred Prairie, Phil Qualls, Ray Reickner, Stan Strainis, Jerome Watson, Bill Wells, Jerry Wilson, Don Wolf, V. A. Eddie, Bob Mitsodoffler, H. E. Sharp, Bill Sweeney and Ron Zehbold were initiated as pledges to Theta Xi fraternity in a formal ceremony last Sunday.

## DELTA ZETA HAS NEW PLEDGES

Delta Zeta Society pledged the following girls Sunday, Oct. 20: Carolyn Budley, Ann Caruthers, Marilyn Golejovsky, Connie Lesker.

## THOMPSON POINT SOCIAL COUNCIL

Each floor of each dorm is being held responsible for one game of activity for the party. Refreshments of cider and doughnuts will be served during the evening.

## TRISIGMA SELLS RIBBON

Trisigma is selling ribbon for their Social Service Project. This money will be given to the Flobbie Page Fund which is a fund to help support the police research campaign.

## SIGMA TAU GAMMA DEFEATS PI KAPPA

Sigma Tau Gamma defeated Pi Kappa Tau 12 to 6, in their first football game of the season.

## THOMPSON POINT PLANS HALLWEEN PARTY

The first all Thompson Point social event of the current school year, is scheduled to be held next Friday night in the Thompson Point Service building.

## PI KAPPA SIGMA HAS ELECTIONS

New officers elected at Pi Kappa Sigma are: Joanne Zurell, Pam Helms and Inter-Greek representative, Pat Flory, corresponding secretary, Linda Muellet, pledge captain; Barb Taylor, rush chairman; Letty Kilgore, historian; and Sharon Lips, political action chairman.

## THOMPSON POINT HAS EXCHANGE PARTY

Two exchange parties were held last Sunday night in the service building at Thompson Point.

## ALPHA KAPPA ALPHA DANCE TONIGHT

A Halloween Masquerade party and dance will be given tonight in the Student Union.

## THOMPSON POINT 2 ELECTS OFFICERS

The following people have been elected floor officers by the residents at Thompson Point 2, floor 2: Geri Fritman, president; Mary Dicus, vice-president; Mary Nicholson, secretary; and Nijole Martinaitis, counsel representative.

## KAPPA OMIKRON PHI SELLS DOUGHNUTS

Kappa Omikron Phi, honorary home economics fraternity, is sponsoring a sale of doughnuts and coffee Friday, Oct. 25, from 8 a. m. to 11 a. m.

## MARRIED

Jean Lewis, Alpha Kappa Alpha to James Mays, Harrisburg, Ill. Doris Ann Hile, Urbana to David Wynn, LaGrange.

## PINNED

## At Ypsilanti In IIAC Clash

### Showdown For Salukis

The IIAC showdown has arrived for Al Kaval's footballers, and by tomorrow evening 30 footballers will either have vision of the first conference champion at Southern in many years... or be preparing for the 500-mile bus ride in defeat.

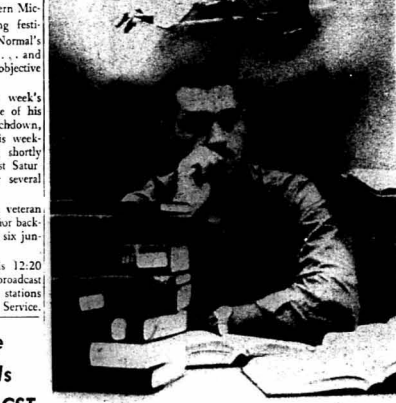

The Eastern Michigan Hurons of Ypsilanti are favored in the contest... and from SIU scouting reports, have the power to back up their reputation.

In IIAC play this season, the Hurons have rolled over Illinois Normal 33-14, Central Michigan 39-6 and Eastern Illinois 39-0.

Rated the top team in the conference, they have dropped both of their non-conference games, 19-6 to Hype and 13-0 to Youngstown.

**Knocking On Door**

The Salukis are knocking with tight fists on the IIAC door and a victory tomorrow would move them into definite contention. The only undefeated IIAC team, Western Illinois, has yet to play Eastern Michigan and the improved Central Michigan squad. Western earlier stopped Southern 23-13 in one of the Saluki poorer showings of the season.

Tom Kilpatrick, last week's back of the Week because of his final quarter winning touchdown, did not make the trip this weekend. Tom injured a leg shortly after his winning tally last Saturday and will be out for several weeks.

Kawal has tabbed fullback Paul Restivo and Halfback Cecil Hart as new backfield starters with Norwood at quarterback and Carter Shannon in the right half slot.

Injury-wise, the Salukis are in good shape, although some of the players are not up to full strength because of flu.

Marion Rushing and Richard Nelson are probably Kaval's starting ends, while Houston Antwine and Richard Carpenter, both freshmen, will start as tackles.

Charles Stropow and William Brown will fill the guard spots and John Abramovich will round out the starting eleven at center.

**3 Games—111 Points**

In three games this season, the offense-minded Hurons have racked up 111 points against 20 for their opponents. In three games for Southern, the Salukis have scored 68 against the opposition's 50.

The team was scheduled to leave Southern's campus Thursday morning and work out in Marion, Indiana Thursday afternoon. They stayed over night in Marion last night, and are traveling by bus to Michigan today, with a workout earlier scheduled for this afternoon.

**Huron Homecoming**

To add odds on odds, tomorrow's game will mark Eastern Michigan's 1957 Homecoming festivities. Southern spoiled Normal's homecoming last weekend... and naturally have the same objective in mind for the Hurons.

The Hurons have a veteran team, sparked by an all-senior backfield and a veteran line of six juniors and one freshman.

Game time tomorrow is 12:20 CST and the game will broadcast out over three area stations by the SIU Broadcasting Service.

**Tune-In Time For Game Is 12:20 CST**

The SIU Broadcasting Service will present a live play-by-play broadcast of the all-important Saluki-Eastern Michigan clash tomorrow afternoon.

The broadcast will come over three area stations and will begin at 12:20 p. m. CST. Bill Moore will handle the play-by-play chores, with Bob Gwyn and Jim Hankins handling color and engineering.

Stations carrying the Saluki broadcast will be WCFL, Carbondale; WFMY, West Frankfort; and WHCO, Springfield. The radio staff will fly to Ypsilanti, site of the contest, from Murdair Airport tomorrow morning.

**Plowed Fields, Flu And Rain Have Slowed Down Intramurals**

Rainy weather, flu, and now plowed up football fields have all hampered the intramural football tournament from proceeding as hoped at the beginning of the year.

The games that were to be played at the Thompson Point fields had to be cancelled because the fields were plowed up for reseeding. This leaves only three fields to play intramural football on instead of the original seven.

These XI waited until the last seven minutes of the game before they went touchdown crazy and scored 12 points to defeat Sigma Pi 14-12. They gained their other two points with a safety in the first half of the game. Dale Conrad and Jerry Miller scored for Theta Xi while Jim Mitchell and Neil Brown pulled in two passes for Sig Pi's 12 points.

**Pizza Wins**

UD's Pizza played it cool and defeated the Brown Manors 27-0. UD's were not defeated last year and were the all school champions. Wayne Helm scored 13 points for the Pizza while Roger Buyan caught two passes for 12 points. Paul Chesnik and Ken Morschien scored extra points for the Pizza.

The Sleepy Hollow Wolfpack grounded their way to an easy 19-0 victory over the Chattanooga Braves. Lee Grubbs and Jerry Guender had the scoring honors for the Wolfpack. Grubbs scored two touchdowns.

**Take's Plastered**

Kappa Alpha Psi defeated the TKE's 26-3. The TKE's score was the result of a safety in the first half. James Thomas and John McCurtis each scored two touchdowns for the Kappa Alpha Psi.

**FROM COUNTY STADIUM TO SOUTHERN ACRES**

Fostering baseball for books is something of a problem for Milwaukee Braves rookie catcher Bob Taylor, attempting to catch up on freshman studies at Southern Illinois University. Taylor, signed by the Braves for a reported \$119,000 bonus after his graduation from Metrop-

olitan High School last June, enrolled at SIU following the World Series. He has three weeks of classes to make up, and a library dadream plainly shows, it may not be easy. Taylor is a business administration student at Southern.

at least one other home contest may be shifted to an area gym.

Southern will meet Colorado State from Greeley, Colo. in a Women's Benefit game at Flora, Friday, Dec. 20, and will clash with Ft. Leonard Wood, Mo., in a Junior Chamber of Commerce sponsored contest at West Frankfort Saturday, Jan. 18.

**AREA CAGE SITES**

Flora and West Frankfort have been named as sites of the two Southern Illinois University home

### From Where We Sit...

By WARREN TALLEY Sports Editor

SPORTS VIEWS FROM A DIFFERENT ANGLE

**Loyalty Outweighs Objectivity**

So many things may enter into the final score of a collegiate football game... and any of those numerous factors can... but in the long 60-minute run, it's the backfield depth that will mean fate or may be for Southern's tie hopes.

Paul Restivo, Cecil Hart, Carter Shannon and Bill Norwood. Naturally, any thought of a win would disappear the line faded... but in the long 60-minute run, it's the backfield depth that will mean fate or may be for Southern's tie hopes.

Restivo earned himself the starting fullback position... since last year, only to be sidelined again and again by injuries. Hart will be starting at left half back, and he too has been awaiting such an opportunity for many weeks.

Because of this added impetus, coupled with junior half Carter Shannon and the poised Bill Norwood, we find ourselves once again predicting a Southern Illinois University gridiron victory.

**Eastern Michigan stacks up as a two-touchdown favorite, but forgetting objectivity and bowing to loyalty, we pack our bags for Ypsilanti with a 21-20 Saluki victory in sight.**

Wish us all luck.

Last Saturday's Egyptian Back of the Week was Tom Kilpatrick, who scored the tie-breaking touchdown with 6:42 remaining at Normal.

McAndrew Stadium, which officially opened in 1936, is named for Southern's famous athletic director William McAndrew, who headed Southern's athletic program from 1913 to 1943.

### Co-Rec Spices Up Weekends For Students

"Who says Southern is dead on weekends?" asks Glenn 'Abe' Martin, director of campus co-recreation.

Martin, who is an active leader in campus intramurals and co-recreation, told in an interview Monday of the plans for this year's campus co-recreation along with a rundown on equipment that is available for students to use by presenting their activity card.

"Recreational equipment checked out for weekends may be kept until nine o'clock the following Monday morning. During the weekdays equipment must be turned in within 24 hours after it is checked out."

**We Want More Girls**

"Our aim this year is to encourage more girls to participate in campus co-recreation," stated Martin as he pursued to answer the telephone. "Swimming, horseback riding, ping pong, and volleyball are a few of the things in which girls may participate."

"The swimming pool is open each Sunday afternoon for students' use," Martin continued. "October 26 and November 23 from 1:30 p. m. to 5:30 p. m. are the last two afternoons that students may ride horses at the Colp Stables."

**Co-Rec Swimming**

"We had a good turnout in co-recreational swimming last year with an average of 100 students."

"When asked about the student protest of the long walk to Colp Stables, Martin answered with a shrug of the shoulders and a sympathetic gleam in his eyes, "that's good for them."

### JV's Whip Scott, Play Here Today

Despite school being dismissed because of the supposed flu epidemic, Southern Jayvee football squad will entertain Belleville Junior College here at 3 p. m. today.

Fresh from a 18-7 victory at South Air Force Base, the junior Salukis will be looking for their second victory against one loss. Southern earlier lost a 12-7 heartbreaker to Eastern Illinois.

Against Scott Air Base last Friday, quarterback Tom Cox edged the SIU squad through the air during the second half, to overcome a 7-6 Airman lead. Cox hit Jim McDonald alone in the end zone for a 11-yard scoring play to give SIU the lead they never relinquished.

Scoring for SIU were Cox, McDonald, and Bart McNeil. SIU totaled six first downs to Scott's four, but trailed in yards rushing 142-123. Alert Saluki defense recovered four fumbles.

# Stickers!

ANY SALT worth his salt will gripe when told to paint a dull hull, varnish a vast mast, or swab a dank plank. How to make him break out in smiles? Just break out the Luckies! He'll be a *Beamin' Seaman* in no time—and no wonder! A Lucky's that's light smoke—it's one cigarette that's packed end to end with superbly light, golden rich, wonderfully good-tasting tobacco. And Luckies' fine tobacco's toasted to taste even better! Now hear this: Want to go light? Just go Lucky!

**WHAT'S A SAILOR WHO'S BEEN GIVEN A LUCKY BREAK?** (SEE PARAGRAPHS ON LEFT)

**WHAT IS A LAWYER'S BREKFASTER?**

**WHAT IS A NARROW SPORTS ARM?**

**WHAT IS A SNOWBALL FIGHT?**

**START STICKLING! MAKE '25**

We'll pay \$25 for every Sticker we print—and for hundreds more that never get used! So start Sticking—they're so easy you can think of dozens in seconds! Stickers are simple ridges with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings!) Send 'em all with your name, address, college and class to Happy-Joe-Lucky, Box 87A, Mount Vernon, N. Y.
