FOREWORD

This directory has been prepared with the thought in mind of providing information which may assist in the development of Southern Illinois convention centers. The Committee sincerely hopes that the information contained in the following pages will be of material assistance to those wishing to hold group meetings requiring meals and sleeping accommodations for relatively large numbers.

In the process of gathering information, analyzing it, and formulating conclusions, considerable assistance was received from numerous individuals, either directly or indirectly through the writing of letters or responses to questionnaires. We wish to acknowledge this aid. Special mention should be made, however, of the members of the Industrial Arts Design Class, including B. W. Brown and D. R. Crews, for designing the cover.

Copies of this directory may be secured free of charge by writing Office of the Dean, College of Vocations and Professions, Southern Illinois University, Carbondale, Illinois. It is a pleasure for the Committee to present each person or business establishment with a copy whose name is herein listed.

RESTAURANT, HOTEL, AND MOTEL DIRECTORY

In June, 1950, it was decided that a directory of Southern Illinois restaurants, hotels, and motels was needed because of the lack of assembled information on these local business establishments. Well over 100 inquiries were consequently made of hotels and motels listed in the Hotel Red Book and of others suggested by the Secretary of the Chamber of Commerce of the given area. The response was good, approximately 65 per cent. A similar method was used to obtain information on local restaurants. Questionnaires were sent to 127 restaurants listed as members of the Illinois Restaurant Associations, 1951 Membership Roster, and some non-members. Again a letter containing a listing of restaurants to whom questionnaires had been sent was forwarded to the Secretary of the Chamber of Commerce of the given area. These letters requested the listing of any nearby establishment that might have escaped notice, and all such restaurants were canvassed. The response was satisfactory, approximately 67 per cent.

In addition to the restaurants, hotels, and motels listed herein, many religious organizations, civic clubs, schools, and country clubs in Southern Illinois are well equipped to serve group meals or provide space for conferences of various kinds.

The following individuals were instrumental in preparing the material for this directory:

Dr. Henry J. Rehn, Dean of the College of Vocations and Professions; Dr. Lewis A. Maverick, Chairman of the Department of Economics; and Dr. John W. Scott, Chairman of the Department of Business Administration, served in an advisory capacity. Dr. Viola DuFrain, Associate Professor of Business Administration, served as fiscal sponsor of the project. Mrs. Iris B. Kohler, Instructor of Economics, supervised the collection and analysis of the data. Bernard V. Narusis served as student researcher.
