Senate Reaffirms Role as Voice Of Student Body

By John Epperheimer

The Student Senate passed by voice vote Monday night a resolution reaffirming its role as representative of all the students and as channel for their grievances.

However, the resolution was passed only after much discussion and over attempts first to reconsider and then to adjourn.

About seven students were present to protest the resolution and three spoke from the floor. After a hasty adjournment the opponents of the measure joined in singing the Mickey Mouse anthem.

Wilbur Moulton, dean of students, pledged greater efforts on his part to improve communications and to hasten administration consideration on items from the Senate.

"We must make existing structures work or find new ones," Moulton said. He agreed with a Senator that failure to pass the resolu-

tion would be an admission that a new structure should be set up.

Harry Goldman, a member of the Southern Illinois Peace Committee who met with SIU President Delyte W. Morris last week, told the Senate that basic changes are needed.

Goldman charged that "Student Senate has been a myth for a long time."

"Student power's not such a bad word," he said, "it entails responsibility."

Moulton pledged that the Senate will be used as a channel more if it reaffirms its role and acts effectively. He reiterated that matters brought before the Senate can be appealed higher if the petitioners don't agree with Senate action.

Moulton said that petitions submitted outside channels would be regarded as informational and intended to persuade but would not bring specific formal action.

Student Government

Voting Set Wednesday

Students will vote to fill three executive posts and 21 Senate seats in student government elections Wednesday.

Three parties have backed candidates, and independents are also running. Statements from candidates for vice president and for Senate are published elsewhere in today's Egyptian.

Executive candidates are: President: Steve Antonacci,

All Student Body President Hopefuls To Appear on TV

The first half of the show will be devoted to statements by the candidates and questions from Roger O'Neal of the station's public affairs staff. The second half will feature questions from the studio audience. O'Neal said the audience will include about 25 students picked at random.

The first half of the show will be devoted to statements by the candidates and questions from the studio audience. O'Neal said the audience will include about 25 students picked at random.

Candidates are Steve Antonacci, Action party; Orrin Benn, independent; Gary Krischer, Rights and Progress party and Sam Panayotovich, Impact party,

Crowning Moment

Phyllis Green Crowned Queen In Spring Festival Finale

Miss Phyllis Green a sophomore from Murphysboro majoring in speech and English education, was crowned Miss Southern Sunday night at the Bob Hope show in the Arena.

Sponsored by Alpha Gamma Delta social sorority, Miss Green is a President's scholar, a member of the Activities Programming Board and was co-chairman of the midway for the Spring Festival

held over the weekend.

First runner-up was Miss Nancy Mecum, a sophomore from Salem majoring in theater. Other finalists were Chandra Ellis, Chicago; Jennifer Harroun, Baltwin, Mo. and Patricia Newhart, Northbrook.

Following the crowning, Miss Green presented a putter to Hope and named him an honorary Saluki.

Also during the show re-

presentatives of the Veteran's Corporation presented Hope with an Oscar indicating honorary membership in the club.

First place winners for Spring Festival show categories were Sigma Sigma Sigma and Pi Sigma Kappa; LEAC and Alpha Phi Omega.

The Action Party was named winner of the automobile paint-in.

The Goldsmith Scholastic Award went to Frank Rosenbaum of Tau Kappa Epsilon.

Novick to Return

Coalition-Black Merger Indefinite

The merger of the "student coalition" and black students has "not definitely" been accomplished, according to Stuart Novick.

Novick, a leader of the coalition, said Monday, he intends to come on campus Tuesday for his advisement appointment for summer term.

Novick, who was barred from campus last week on orders from President Delyte W. Morris, said he has received permission to come to campus "on official business."

He added he has instructions to come directly for his appointment and to leave immediately afterwards.

Novick said the permission was communicated to him by Wilbur Moulton, dean of students.

Moulton said Monday that such a visit to campus by Novick "could be arranged."

Novick said no meetings are presently scheduled for the coalition.

Bomb Repair

Physical Plant employes are moving at a rapid pace repairing the bomb damage in the Agriculture Building. Bill Nelson, director of the Physical Plant, said the ceiling should be replaced by the end of the week and entire restoration may be completed by the following week. Damaged classrooms were reopened Monday. (Photo by Steve Mills)

SIU Student Killed Jumping Onto Train

A 21-year old student from Chicago was killed at 1:38 a.m. Sunday as he apparently tried to jump onto a moving train. Witnesses waiting for the train to clear College street said John S. Lynch tried to make a running jump onto the train as it passed the crossing, according to police. Lynch is survived by his parents, Mr. and Mrs. Daniel Lynch of 74 E. Elm, Chicago, and a brother James E. Lynch, who is in Vietnam.

Broad Powers for Mayor

Civil Emergency Ordinance Considered for Board Action

A proposed ordinance authorizing the mayor to proclaim the existence of a civil emergency in Carbondale will be presented for approval to the City Council tonight.

The ordinance would also authorize the mayor to impose curfews and regulate the conduct of certain businesses during civil emergencies if necessary.

A civil emergency, as defined by the ordinance, is a riot or unlawful assembly using violence or force without the authority of the law. An emergency could be declared if any disaster or man-made calamity occurred within the corporate limits of the city to such an extent that extraordinary measures need to be

taken to protect the public health, safety and welfare.

The proclamation of a civil emergency should be declared by the mayor through a written declaration stating the facts which constitute the emergency, the proposed ordinance says.

Following the mayor's proclamation, he could order the closing of all retail liquor stores or any establishment where the consumption of intoxicating liquor and beer is permitted.

He could order the discontinuance of selling, distributing or giving away of gasoline or other flammable products. The sale, distribution or giving away of any firearms or ammunition could

also be discontinued by the mayor.

The mayor would also be given the authority to issue any other orders which are imminently necessary for the protection of life and property.

The initial proclamation would be effective for no longer than 48 hours and additional declaration must be made following each two-day period.

The ordinance states that any person found guilty of violating any of the orders set down by the mayor during civil emergencies shall be fined no more than \$500.

The ordinance would take effect following its approval by the council, recording and publication according to law.

Gunshot Results in Two Arrests

The firing of a gun in a fraternity house early Saturday resulted in the arrests of a Carbondale city employe and an SIU student.

Edward J. Cavitt, 26, of 305 E. Sycamore, an operator in the city's northeast sewage plant, pleaded guilty to a charge of disorderly conduct for firing a .32 caliber revolver. He claimed the shot was accidental.

SIU Security police arrested Cavitt, a former SIU student, about 1 a.m. Saturday at the Kappa Alpha Psi fraternity house.

Craig B. Thurmond, 21, of 324 E. Oak, the owner of the gun was arrested at the Kappa Alpha Psi house and charged with mob action and

unlawful use of a weapon. Thurmond was released under \$2,500 bond Monday in Jackson County Circuit Court pending a hearing on May 27.

The charge of mob action was added when Security Police reportedly recognized Thurmond as one of the students who attempted to break

into President Morris' office last week.

Thurmond was the seventh student arrested in connection with the break-in. All have posted bond.

State's Atty. Richard Richman said a preliminary hearing for the seven is set for 1:30 p.m. May 27.

Implement Constant Changes

Student Activities has undergone a revitalization. There have been changes in staff and also a turnover of students involved. The larger University functions such as Spring Festival, Homecoming, and New Student Week have become reorganized and broadened to appeal to a greater majority of students.

An outgrowth of this development is the new position of vice-

Don Kapral

president of activities. The purpose of the vice-president of activities is to co-ordinate its duties and keep continuity with the different segments of Student Activities throughout the school year. It is important to have someone in this position who has a working knowledge of the basic functions of the Activities Office.

The Miss Southern Pageant should be and by next year can be

patterned after the Miss America Pageant. I, as assistant to the Chairman of Miss Southern Pageant as well as the Spring Festival Chairman, have initiated new and refreshing ideas into these two functions.

This newly created office needs a person with experience to implement the constant changes which are present in student activities. The experience is necessary so to improve the involvement of the student to a broader and more imaginative level.

For an effective activities program to succeed, it is necessary for an experienced person to hold this office. Due to my past record, I feel that I can best serve the greatest majority of the students:

Assistant to the Chairman, Spring Festival, Spring 1968; Publicity and Promotional Coordinator and Assistant to the Chairman of Miss Southern Pageant, Spring, 1968; Campus Decorations Chairman, Spring Festival, Spring 1967; Finance Committee, Spring Festival, Spring 1966; Chairman of the Assembly & Publicity for New Student Week Orientation, Fall 1967; Headquarters Chairman, New Student Week, Fall 1968; House Decorations Committee, Homecoming, Fall, 1967; Chairman of All-Greek Service Project Greek Week, Fall 1967; Active Fraternity Council Representative, 1968; Active member, Delta Chi Fraternity.

Don Kapral
Candidate, Vice President
of Activities

Students' Interests Vital

I see a major problem in campaigning for the office of vice president of student activities. The office of vice president of activities is a newly created position, and since it is such, the powers and limitations of the office are not as clearly defined as other student elected positions. Therefore, it is very difficult for all candidates to honestly present a platform to the student body of items he knows for sure he will be able to institute. I believe no promises are better than idle promises.

The most probable jurisdiction of the office of vice president of student activities is the coordination of the major student activities on campus, such as Homecoming, Spring Festival, New Student Orientation, Stage Shows, etc.

My experience in relation to the above activities are as follows: member of the Steering Committee for New Student Orientation, Winter and Spring 1968; Co-chairman of Parent Orientation and New Student Coffee Hour; member of the Steering Committee for Spring Festival 1968; Co-chairman of the Dance Committee. I have worked with my fraternity, Kappa Alpha Psi, to participate in the Homecoming Parade, Fall 1967; I managed the campaign of Homecoming Queen, Miss Hazel Scott, and have worked in the planning of large scale social events such as the annual Kappa Carnival.

As vice president of student activities, I would like to see students have a large part in the determination of campus activities, and how these activities are planned and organized. Since the student's activity fee supports the majority of the activities program, the student's interests should be adhered to.

Derryl L. Reed
Candidate, Vice President
of Activities

Derryl L. Reed

There has been a great deal of talk about responsibility in this campaign. The best measure of responsibility is a person's past record. During this past year I have done more of the work student government requires than any of my opponents.

The Finance Committee, of which I have been chairman, is responsible for the allocation of your activity fees, yet not one person running for either the RAP or IMPACT parties has been at any hearing of this committee.

This year's student government gained a significant victory on women's hours. I introduced every major bill on women's hours, including the one which called for no hours for those with either 40 hours or 20 years old and for all others on weekends.

Solutions to student problems do not come with "easy" answers. Ray Lenzi and the RAP party of-

Vice Presidential Candidates

Will Represent Majority

The importance of the coming election is not to be found in the issues raised by the candidates, but in the methods they will use to achieve their goals. As a candidate for an executive post on the IMPACT ticket, I feel that it is time to build a strong representative voice for the students on this campus.

I feel that the true desires and needs of the majority of students on this campus have gone unheard in the past year. The past student administration has been too protective and too committed to the minority elements on this campus, and have shirked their responsibility of representing the majority of the students.

This is not a time to turn our student government over to a revolutionary minority who advocate open violence, destruction of existing channels, and display disrespect for those in positions of authority.

This is a time for using diplomacy. We have a strong foundation in the Student Senate to build on, but we must build with responsible people who employ tactful methods to achieve realistic goals.

It is unrealistic to think that students are qualified to run a university, or to dictate to those who are qualified. It is also unrealistic to think that regulations can be removed by threats and displays of force.

It is realistic, however, to think that students can be effective in working with the administration for the betterment of the school and student body. It is also realistic to look forward to a year which

such areas of concern as motor vehicle and housing regulations can be reappraised.

In the past year I have been active not only in student government, but also in such activities as INTERACT, which is trying to promote better student-faculty relations. I have worked for the betterment of the community by helping to clean up the underdeveloped areas of Carbondale, as led by the Mayor. It is because of my involvement in such activities that I feel I am qualified to represent and lead the student body.

Pete Rozzell
Candidate, Student Body
Vice President

Pete Rozzell

Introduced Women's Hours Bills

ferred "easy" answers this year—sit-ins.

Bob Drinan and his successors, the IMPACT party, offered a different kind of "easy" answer before Lenzi. He was the most inactive and ineffectual student body president in five years. Anyone who was here during Drinan's administration can testify to his unpopularity.

We offer the middle course—between sit-ins and sell-out. We offer a responsible and effective student government that will work for all of us.

We will not serve a select elite of students like this year's executives. But we will not allow student government to lie dormant for a year as Bob Drinan did.

Jerry Finney

Candidate, Student Body
Vice-President

Jerry Finney

Candidates Comments

41 Seek Senate Seats

Action

TERRY PIEDISCALZZI—"Student rights" and "student responsibility" are just empty, meaningless phrases unless they are used in context with specific issues, such as, women's hours, vehicle and housing regulations. Student power can exist only with the support of students.

Confrontation should occur only when the vital interests of students are at stake and when there is support from the students themselves. Those who want confrontation because there is confrontation "everywhere else" are followers, not leaders.

Terry Piediscalzzi
Candidate, West Side Dorm

STEVE COLLIER—I am seeking re-election to the Student Senate. I feel Student Government is at a critical stage and must have responsible leaders.

In the area of Student Civil Rights, I feel there are certain rights the students should have. We should not—and must not—neglect Student Responsibility. We must use reasonable means to secure reasonable goals. Student Government will gain the confidence and support of the Student Body only by deserving them.

Steve Collier
Candidate, West Side Dorm

RICHARD W. MOORE—If elected to the Senate two principles will guide me in my action. These would be to effectively represent my constituents and to conduct myself in a manner which would help restore respectability to the Senate.

My program includes an extension of self-determined hours to freshmen and sophomore women as outlined in the referendum and the return of a mandatory fee to Thompson Point. The mandatory system would provide better opportunity for creating and organizing more and better activities. These are the major issues I stand for and will work for if elected from Thompson Point.

Richard W. Moore
Candidate, Thompson Point

JANA OGG—Progress—with responsibility—should be the keynote of Student Government. We must work to gain student desires regarding women's hours, motor vehicles, housing, Greek expansion, and allocation of Student Activity fees.

Much more work should also be done in the field of educational reform. This means cooperation with the administration when this is the way to gain our ends, but does not preclude going outside channels and using non-violent means to attain student desires.

Jana Ogg
Candidate, West Side Non Dorm

BUZZ SPECTOR—"I am former editor of the off campus newspaper, The Informer, and currently editor of the SIU Student Senate newsletter, The Spectator. I am also campaign publicity chairman for the Action Party.

I believe that the most important way a senator can honestly serve his constituents is through increased communication with them.

With two years previous experience in Student Government, I can use my knowledge of procedures to serve the students in my district to the best of my ability.

Buzz Spector
Candidate, West Side Non Dorm

Those students who are certified candidates for senator posts and who did not issue a statement to the Daily Egyptian by the May 8 deadline are Nabil T. Halaby, Anthony John Koois, Jonathan Williams, George P. Brettrager, Dean Krugman, Carl Courtner, James Bond, Frank Spradley, Robert L. Welch, Tony Burroughs, Michael K. Ashby, Rich Shulhafer, Bob Varecha, John Haney, Karen M. Sharp, Ed Watson, Sharon Lindsay, Willis B. Bailey, Hubert Avert, Ronald Raschke.

Impact

ROBERT THOMPSON—The question has been asked, "What can only one senator ever hope to accomplish?"

I feel an effort directed in a planned and organized manner can serve to increase the number of privileges granted to students. The desire of the student body to be recognized as individual people can be realized without the need for extreme measures except in extreme cases.

Given the opportunity, I intend to show exactly what one senator can accomplish.

Robert Thompson
Candidate, East-side Dorm

EDWARD L. FARRELL—"As East Side Dorm Senator, I feel I can be effective in several ways. I feel that a senator's first responsibility is to represent his constituents to the best of his ability. I also believe that one senator can be effective. The requirements being hard work, determination, and devotion.

I believe that by serving in this post I can accomplish these ends.

Edward L. Farrell
Candidate, East Side Dorm

ALEXANDER M. WINIECKI—I am a candidate on the Impact ticket for West Side Dorm Senator. As a Junior majoring in Marketing and Personnel Management, I enlisted in the Impact movement because of its philosophy which matches my own, and that is a responsible, mature government. In accordance with this philosophy, I respect the University but even more, I respect the rights of the students.

Alexander Winiecki
Candidate, West Side Dorm

ROBERT KURITA—Responsible students on this campus cannot continue to complain about their Student Government and still not take an active part in changing its policies. Vote for qualified people who can make laws to benefit you and at the same time not create a turmoil on this campus. I urge you on Wednesday, May 15 to vote for a change and bring active representation for the student body in the Student Senate of this University.

Robert Kurita
Candidate, East-Side Dorm

REV. LARRY HOUSE—A crisis is developing because a minority group of students is controlling Student Senate. Because of this, I am seeking the office of Commuter Senator on the Impact ticket. If elected, I will try to reflect in the Senate the feelings of the majority of students. The Student Senate should have in mind the good of all students. This is not the case now. Your vote on May 15th is important.

Rev. Larry Wayne House
Candidate, Commuter

RAP

SUZANNE FAULKNER—I feel that it is more important for the Student Senate to make decisions for the student body because they

are closer to the students than the administrators who have never seen a student.

Student government in the past has been ineffective and also acted irresponsibly in determining and implementing policy. But, with the coordination of new leaders and student support, Student Government will become a responsible, respected voice for all the students.

Suzanne Faulkner
Candidate, West Side Non-Dorm

MARY RUSSO—I am a student—this is my reason for running for Student Government.

Recently, I spoke before the senators; I asked for student rights; I was ignored.

I have waited for the senators to stop representing the administration and start representing the students. There has been no change; I am through waiting. The student must be represented. Help me make SIU a place where students can have the integrity of human beings.

Mary Russo
Candidate, West Side Non-Dorm

MARY JEAN MOLLOY—My goals as a senator if I'm elected are to unite the students into an acting body, a body that will work together to unite itself with the University. I feel that student decisions should not be made by the senators alone, but by the whole student body. It is time for the students to respect themselves and the rights that they deserve.

Mary Jean Molloy
Candidate, West-side Dorm

Unaffiliated

LYNNE GENNARELLI—I am campaigning for a more cohesive union between students and faculty here at SIU. I will do my utmost to disseminate and see enforced student supported ideas in government. As a woman candidate running from University Park, it is my aim to support women's rights at this University. Because of the demands for student rights unrest on this campus is mounting. The only way that these demands can be met is through intelligent and orderly conferences between the administration and students. Therefore, I would sincerely do my utmost to promote an atmosphere of cooperation and teamwork between our students and faculty to meet these needs.

Lynne Gennarelli
Candidate, University Park

ALFRED SMITH—For the past year I have been aware of various political actions and reactions on this campus. Some, I feel, have been commendable, while others have done nothing to better our university.

If elected I will support: liberalization of women's hours; joining an athletic conference such as the Big 10 or MVC; dropping vehicle and housing restrictions; reducing General Studies requirements; and most important, back more rational action and less radical action which is now present on this campus.

Alfred Smith
Candidate, East-Side Non-Dorm

JAMES FAUGHN—I, Jim Faughn, am a candidate for Student Body Senator from the West side, non-dormitory area. I am a junior, majoring in Government. I feel that I could be relied upon to reflect responsibility and rationality in office. Also, if elected, I will strive to represent my area as an entity, not as a group of competing factions, thus improving the image and reputation of Southern.

James D. Faughn
Candidate, West Side Non-Dorm

PETE GOLIO—While making convulsive, self-serving grabs for power, and clamorous demands for their "rights," our student leaders have recklessly forsaken their responsibilities to the students. They are creating an image of SIU that is not reflective of real student opinions or attitudes.

Most students on our campus are hard working men and women, who are seriously seeking a good education. After I am elected, I will not forget these students.

Pete Golio
Candidate, Commuter

RICHARD NICHOLSON—As a concerned student I am seeking a senatorial position in the student government. During the past year, the student government has made some noteworthy strides. The continuation of these is important. I especially favor lowering of vehicle and off-campus housing requirements.

The passage of some bills, however, by the student government has been done irresponsibly and does not truly represent the sentiments of many students. If elected I will support rational and responsible action.

Richard Nicholson
Candidate, East-Side Non-Dorm

BILL HOLZINGER—I should like to enlist your support for my candidacy for East Side Non-Dorm Senator. My primary objective concerns the lack of response from landlords for personal housing improvements. What the East Side Non-Dorm residents need is an ombudsman to put pressure on the landlords as well as the housing commission for property improvements. I'm tired and know you, too, are tired of having legitimate complaints pushed aside and forgotten.

Bill Holzinger
Candidate, East Side Non-Dorm

LEE ANN SCHEUERMAN—Student Senate has not been representative of student desires during the past year. Many of the bills passed show a complete lack of planning. Think about that. Are you satisfied with that type of representation or would you like to see a student government that truly reflects student opinion? I would and that's why I'm seeking the office of Senator. I want to Work for You. That's why I'm asking for your vote on May 15.

Lee Ann Scheuerman
Candidate, Small Group Housing

JEFF YATES—My qualifications are junior hours, a 4.25 GPA, and a year of experience in Bob Drinan's administration. I believe the primary function of a representative body to be representation. Senate must take the time and trouble to recognize, analyze, report, and receive feedback on issues from and important to students and the administration. In short, I support realism, responsibility and representation.

Jeff Yates
Candidate, West Side Dorm

Turner Talks On Technology Developments

H. Dale Turner, director of research and development for Dierks Forests, Inc., of Hot Springs, Ark., will discuss "How the Adoption of New Technologies Affect the Raw Material Needs in the Forest Products Industries" at 3 p.m. Tuesday, May 14, in room 112 of the Communications Building.

His lecture is the second of a series of three discussions on the economics and application of new technologies in forest products industry.

Turner's third seminar will present "Criteria for Adopting New Technologies by the Forests Products Industries" at 7:30 p.m. Tuesday, May 14, in room 166 of the Agriculture Building. The lectures are jointly sponsored by the Department of Forestry, Wood Science and Technology Society and National Science Foundation.

Graduate Receives Fulbright Award

Harry Boehm, a 1966 master's degree graduate in English, has been awarded a Fulbright grant to study next year at the University of Sydney, Australia.

Boehm, now instructor in English at State University College, Brockport, N.Y., will study the Australian convict culture as reflected in 19th and 20th century Australian fiction.

MISSION IMPACT

Good Morning, Student ID007.

Your assignment tomorrow--if you decide to accept it-- concerns Southern Illinois University in Carbondale, U.S.A. The student government system will self-destruct if allowed to continue in its present form. There are alien elements attempting to perpetrate a hoax on this government by claiming they are bringing about a change, but in actuality they are the very same forces. This government collects 3/4ths million dollars a year from the student populace, which would be used for purposes other than those determined by that populace. ID007, I don't have to tell you what almost happened a week ago in regard to these funds, and the actions of these agitators.

It is imperative that you and your Mission Impact Force cast votes tomorrow (Wed. May 15th) for the IMPACT slate. Your mission is to turn the controls of this student government back to the student populace with the guidance of this IMPACT MISSIONFORCE. If you are apprehended by the revolting group using Lenzimatic Actionary tactics, or Riots And Plundering actions, our future will be in jeopardy. Good luck, ID007.

WARNING, STUDENT GOVERNMENT WILL SELF-DESTRUCT SHOULD YOU NOT VOTE IMPACT.

Hope Honored

Bob Hope smiles as he receives a special award from the SIU Veterans Corporation. The award cited Hope for his contributions to American servicemen and made him an honorary member of the SIU chapter.

Stone Will Speak At AAUP Dinner

Victor Stone, professor in the School of Law, University of Illinois, will be the featured speaker at a dinner meeting of the American Association of University Professors on Thursday, May 16. Stone's 8 p.m. speech entitled "Is Academic Freedom Obsolete?" will follow dinner

in the University Center. Stone has held several offices in the AAUP chapter of the University of Illinois since his arrival in 1955, and was the chapter president from 1964-1965. He is presently chairman of the Legislative Committee of the Illinois State AAUP conference.

Hunger Beckons:

Pair Steal, Run

Amid Gun Shots

William R. Hunt, owner of the Moo & Cackle, discharged a gun several times in the air early Sunday morning after two shoplifters ignored his command to halt, according to Carbondale police.

Police said Hunt saw two male shoplifters leaving the restaurant at 12:40 a.m. without paying for the food they had picked up at the counter.

The two ignored Hunt's attempt to make a citizen's arrest and fled, police said.

Student Body Elections On Wednesday

Music Show Saturday

(Continued from Page 1)

fill Senate seats representing their living areas, except foreign students who are asked to vote for foreign Senator candidates.

Each student will receive two ballots, one for executive posts and the other for a Senate post. Only the executive ballot will contain boxes for voting a straight party ticket.

Polling places will be open from 8 a.m. to 5:15 p.m., according to Darrell Colford, elections commissioner.

Polling places are Small Group Housing, in front of Theta Xi house; Thompson Point, Lentz Hall; University Park, Trueblood Hall; Wham Education Building, breeze-way.

Old Main, in front of building; University Center, Room H; Morris Library, front entrance; VTI, student center; and Southern Illinois Airport and aviation technology school, booth to be set up from 11 a.m. to 2 p.m.

Southern's own big swing band," the University Stage Band, will be the headline attraction at Encore 68, Saturday, at 8 p.m. in Shyrock Auditorium.

Encore 68 is the new name of a long-time big attraction at SIU, the annual Phi Mu Alpha jazz show. Instead of the old format, in which a satirical play was surrounded by jazz music, the new program will emphasize the big-band sound of jazz incorporated into a variety show.

Appearing with the band will be the Ken Park Sextet, the Angel Flight Dancers, folk artists Koy and Pittman, the Southern Repertory Dance Group, and the Chandra El-

lis Quartet. Jeff Woodruff, former announcer with WINI, will be the master of ceremonies.

A preview of the music will be heard on "The Hour," on WSIL-TV, Channel 3, at 4 p.m. today. Appearing on the show will be the Ken Park Sextet, which will play some of the music to be performed Saturday night.

Tickets for the show are on sale at the University Center desk, or they may be purchased at the door. There are no reserved seats and all tickets are \$1.25.

Library Schedules Sale of Textbooks

A textbook sale will be held Wednesday from 7:45 a.m. to 3:30 p.m. on the fifth floor of Morris Library. Entrance will be through the north and south doors of the library and students are asked to use the center stairwell.

Checks of \$1 or more will be accepted. The sale will be conducted through the lunch hour.

Peace Talks Begin

Both Sides List Demands

PARIS (AP) - In its turn, each side in the Vietnam war demanded Monday that the other side scale down the bitter conflict as a step toward peace.

But the special emissaries of Presidents Johnson and Ho Chi Minh-Ambassador W. Averell Harriman and Minister of State Xuan Thuy-were careful to muffle their charges and countercharges in relatively mild terms. It was as if they were signaling a readiness to talk on and on, despite their public postures, to end war both said they detest.

Harriman and Thuy, seasoned in the graces of diplomacy, each courteously promised to study the presentation of the other and to meet again Wednesday.

The central demand of Thuy's declaration, delivered first at Harriman's invitation, was as simple as it was stark: "Since the U.S. government has unleashed the war of destruction against the Democratic Republic of Vietnam, the U.S. has to definitively and unconditionally cease its bombing raids and other acts of war on the whole territory of the DRV."

To the relief of some on the American side, Thuy did not go on then to warn he

will leave the conference if he does not get his way. He spoke instead of the "serious attitude and good will" with which his side intends seeking an end of American military action in order to be able to proceed "to other points of interest."

This was a plain reference to the problem of a wider peace settlement-the problem which Harriman made the theme of his 2,000-word address.

America's millionaire trouble-shooting diplomat outlined a seven-point program for peace in all Indochina, beginning with a swift agreement to restore the once demilitarized zone between North and South Vietnam as a genuine buffer.

"We believe the demilitarized zone should function as a genuine buffer," he said. "Let us begin by pulling apart the contending forces as a step toward broader measures of de-escalation."

He saw such a move as "a reasonable test of good faith" which, if fulfilled, could lead on to other elements of a settlement.

Six other measures proposed by Harriman:

1. American forces would be withdrawn from South Vietnam "as the other side withdraws its forces to the North, stops the infiltration and the level of violence subsides."

2. A concert of Asian nations-which presumably could include Red China-should devise a new system of supervising any agreement that might emerge.

3. All South Vietnamese people, including clearly the Viet Cong, must be allowed to determine their own future "without outside interference" on the basis of "one-man, one-vote."

4. The neutrality of Laos must be respected and reinforced.

5. America is ready to join North Vietnam in an international program to promote the economic development of all Southeast Asia.

6. Once South Vietnam is pacified and troops are withdrawn, America will seek neither bases nor alliances-meaning the United States will not pull out one day in order to return another.

Helps Clear Complexion Problems As you Wash

Concerned Black Students to Meet

All interested black students are invited to a mass organizational meeting of Concerned Black Students at 8 p.m. Wednesday in Davis Auditorium of the Wham Education Building.

A committee headed by M. Chuck Markham, a graduate student, has issued the following statement of purpose:

"The time of crisis is here; the time of need is here; the time of help is now. If you are anxious to do something positive, constructive and meaningful, C.B.S. (Concerned Black Students) solicits your presence and welcomes you. We call on graduate students, doctoral and master's degree candidates. We call on undergraduate students who are capable and intelligent.

"We want committed individuals who are mature and willing to use their mental ability in a calm, but effective manner.

"We of C.B.S. believe the true expression of power is of 'Brain Power.' The situation

KA Appears Early

Associate Editor David Wilson has announced that KA, campus student opinion weekly, will appear tomorrow.

KA will contain statements by candidates and slates for executive positions in Student Government elections scheduled for tomorrow.

which has recently occurred must not be written in the record as a tragic failure. The days of 'sacrificial lambs' have passed. Some brother cannot be forced to pay an extreme price for an expression which was of honorable intent.

"Indifference, inertia and compliance on your part set the stage for future years. It could have been your younger sister or brother who participated in a similar action. If you stand still, dismiss yourself, then you are brainwashed.

"By passively accepting this state of affairs, you are confirming every lie, every suspicion, every doubt about the intelligence of Black Students.

"We submit this is untrue. We can use our minds as well as any human. Remember, whether you are in New York, Chicago or Carbondale, you will always be Black. But whether this will be perceived

as negative remains with you. "You cannot sit and let people malign you as a group, nor indict a Black Student without obtaining the facts. "...C.B.S. is not looking for "Black Power" advocates but for "Brain Power" advocates."

MISSION IMPACT

PAST & PRESENT

PROPOSED

PRESENT AND PAST
Students needs, ideas, hopes, and opinions are being weakened by the apathetic, distorted by the rabble, and misrepresented by student government. In this form the administration only sees half truths- distortion of facts- and hears only the noise of the rabble.

MISSION: IMPACT
As shown: Students ideas opinions, and needs are strengthened and coordinated through student government (which is broadlybased to serve all the students). When reaching the administration, they make an impressive IMPACT, which brings strong permanent results on the issues.

MacVicar at Ceremony

Dr. Robert MacVicar, vice president for academic affairs at SIU, addressed volunteers at the A.L. Bowen Children's Center at a recognition ceremony Thursday evening. He later conferred with Miss Frances Naliborski, Harrisburg, left, a volunteer who was cited for giving the center more than 200 hours of service.

News Photographer

Will Speak at SIU

News photographer Bill Strobe of the Louisville Courier-Journal will speak at SIU Wednesday at 4 p.m. in the Seminar Room of the Agriculture Building.

The talk is sponsored by the SIU Photographic Society and the Department of Printing and Photography.

Strobe has won numerous national awards for his work. He was voted Newspaper Photographer of the Year in 1966 by the National Press Photographers Association, and last year received widespread notice for his photo series on the Vietnam War.

The talk will follow a coffee and donut session beginning at 3:30 p.m. All photography students and others interested in photography are invited.

Group to Hold Tryouts

Tryouts for Sigma Delta Psi will be held at 4 p.m. Tuesday at the west stands of McAndrew Stadium.

Services Held Monday For SIU Freshman

Funeral services were held at 3 p.m. Monday in Grayville for Joel P. Preston, 19, an SIU freshman who was killed at 12:30 a.m. Saturday in a one-car accident on U.S. 460 about one-half mile west of the New Harmony, Ind., bridge.

Preston, who was driving home from Evansville, apparently fell asleep. His car plunged into 25 feet of water in a land-fill pit alongside the highway. He reportedly was trapped in the car and

suffered a broken neck. A passenger in the auto, a Grayville high school student, was thrown from the car and was not reported injured.

Preston lived with his grandparents in Grayville. His parents, Mr. and Mrs. Eldon Preston, reside in Oak Forest, Ill.

Chemistry Meeting Set

The Department of Chemistry will hold a staff meeting 10 a.m. Tuesday in Room 110 of Parkinson Laboratory.

Jokes Range From the Mini to Politics

Hope Caps Spring Festival

By Nancy Baker

A crowd of 11,000 met Bob Hope with a standing ovation Sunday and the enthusiasm continued until the No. 1 Soldier in Greasepaint sang "Thanks for the Memories." In an introductory number called "I'm Here," Hope told the audience to laugh it up because he had their dough, and laugh they did. The mixture of students, faculty, town and area people roared at comments concerning politics, mini dresses, college students, Bing Crosby and a grasshopper named Irving. Hope said he has been

"entertaining our fighting men at the universities" and added that students had agreed not to expel the President at Columbia.

Perhaps the jokes getting best responses from the audience were those concerning national politicians which included jabs at LBJ, Kennedy and Dirksen.

Hope said presidential candidate Robert Kennedy has had a pretty good record in the Senate and "everybody knows how effective he is in the house."

He added it's a good thing Kennedy is Catholic for if

he were Protestant he'd be a sex maniac.

Hope said former actor Ronald Reagan might be interested in the Presidency but "he doesn't know where to go to read for the part."

He seemed to sum up the presidential race in 1968 when he said, "Everybody's running this year but the Fugitive." Hope successfully localized his humor when he looked at himself traveling on the revolving stage of the SIU Arena and said, "They always told me I'd wind up on a merry-go-round."

Blonde vocalist Linda Bennett did a good job with several numbers including a powerful version of "Free Again," and "My Fair Lady" tunes "Show Me," "Wouldn't It Be Lovely," and "I Could Have Danced All Night."

Banjo artist Gene Sheldon, who used to play the deaf-mute on "Zorro," offered fine strumming versions of "It's Been a Long, Long Time" and "I'm Looking Over a Four Leaf Clover."

The Little Step Brothers got a good hand for a number combining such dances as the pony, jerk, bougaloo and skate.

The Warren Covington Orchestra offered musical accompaniment for all artists appearing in the show.

The show offered several aspects of entertainment but the levity of the entire program ceased when Hope discussed Viet Nam and the boys fighting there. He appealed to the audience to investigate presidential candidates thoroughly before making a selection in '68.

And the audience seemed to thank Mr. Hope for the memory.

Bob Hope and Linda Bennett . . . Vocalize

Air Force Approves Grant To Support Atomic Research

A new grant for \$55,195 has been approved by the Air Force Office of Scientific Research to support research on atomic repulsion as a function of temperature and pressure.

Fund Established To Honor Faner

A loan fund has been established in memory of the late Robert D. Faner, former chairman of the Department of English.

The fund was established with the SIU Foundation and is for making non-interest bearing loans to new faculty members or graduate students enrolled in the Department of English, with preference given to those associated directly with the department.

Contributions to the Robert D. Faner Memorial Fund may be sent to Robert Gallegly, treasurer, SIU Foundation, Southern Illinois University, Carbondale, 62901.

Zunich to Present Lecture May 20

Michael Zurich, associate professor of home economics, will discuss "Research in Child Development" at 2 p.m. May 20 in Room 301 of the Home Economics building.

The lecture is the sixth in a series of seminars sponsored by the Department of Clothing and Textiles.

At Health Service

The University Health Service Friday reported the following admissions and dismissals:

Admitted: William D. Long, Wright I; Yeshiaregym Mekonnen, 311 W. Walnut.

Dismissed: Sandra Kuhlman, 318 Bowyer; Samuel Panayotovich, Pleasant Valley Trailer Court; Jack Morris, 600 W. Mill; William D. Long.

The principal investigator, Jose L. Amoros, is a faculty member of the School of Technology. His research work at SIU has been continuously supported by the AFOSR during the last four years.

The research proposed is in connection with a newly developed technique that allows the study of the distribution of the inner and outer electrons in atoms, and it is intended to give a basic understanding of the behavior of atoms in varied conditions of pressure and temperature.

Research in the area of materials science will benefit by the new grant. Two high frequency induction units of government property worth \$18,160 are transferred to this grant and are available for work in connection with Amoros' research.

Baseball Trades Appear to Be Standoff

NEW YORK (AP)—The jury still is out on the big baseball deals of last winter but scattered early returns indicate a standoff.

Take the major swap between the Los Angeles Dodgers and Minnesota Twins for example. The Twins got a catcher, John Roseboro, and two veterans for the bullpen, Ron Perranoski and Bob Miller. They gave the Dodgers a regular shortstop, Zolile Versailles, and a dissatisfied pitcher, Mudcat Grant.

Roseboro has been doing much of the Twins' catching but is hitting only .151. Versailles is the Dodger shortstop and has driven in 14 runs despite a .198 average.

On the pitching side, Perranoski has been the lefty relief stopper the Twins have

needed, compiling a 3-0 record and a fantastic earned run average of 0.96. Grant, coming out of the bullpen day after day, has a 2-1 record and a 2.13 ERA.

Consider the Philadelphia-Pittsburgh swap that was to clinch the pennant for the Pirates.

Jim Bunning, the man who was supposed to coast home behind those big Pirate bats, is 3-2 and the Pittsburgh club is hitting only .229, less than the Phils.

Woody Fryman has won as many as Bunning but has lost more and stands 3-4.

Don Money, the young shortstop who was supposed to be the key to the deal for the Phils, has been sent out to the San Diego farm. The two young pitchers who came to

the Phils were sent out early.

How about the big New York Mets-Chicago White Sox deal involving outfielders Tommie Agee and Tommy Davis? Agee is in a .112 slump after finally breaking an 0-for-34 hitless streak. Davis is batting only .203. Al Weis is a fill-in infielder for the Mets and Jack Fisher is 0-1 as a White Sox pitcher.

The White Sox may have the edge in their swap with Baltimore that brought shortstop Luis Aparicio back to Chicago with outfielder Russ Snyder for pitchers Bruce Howard and Roger Nelson and infielder Don Buford. Aparicio is beginning to move up at bat at .258 and is playing every day. Snyder hasn't done much. Howard and Nelson are winless, and Buford is just an

extra hand in the infield.

However, that Oriole-White Sox deal looked like a real disaster for Baltimore a few weeks ago when shortstop Mark Belanger was called up to service. Now that it appears Belanger won't have to go right away, the heat is off.

Boston certainly came up with pitching help in Dick Ellsworth, currently 4-2, from the Phillies. The Phils are using catcher Mike Ryan, .188, against left-handed pitching.

Cincinnati came up with a surprise starting pitcher in George Culver, 1-2 and 2.42 ERA, from Cleveland for outfielder Tommy Harper, .209. The Reds also acquired a useful pinch hitter in Fred Whitfield from the Indians.

Bill Kelson, 2-0, has been

useful in the Reds' bullpen while Sammy Ellis, who went to the California Angels in the deal, is 2-4 in the American League. Cincinnati farmed out Jorge Rubio, another pitcher, who came with Kelson.

The Reds, most active in the trade mark, haven't found much use for outfielder Mack Jones and have farmed out pitcher Jay Ritchie. But Atlanta hasn't profited much from first baseman Deron Johnson, who is hitting .102.

Cincinnati came up with a .327 hitter from St. Louis in outfielder Alex Johnson but lost outfielder Dick Simpson, batting .321 for the world champion Cards, and John Edwards, a backup catcher for Tim McCarver.

Track Team Second In SIU's 'Longest Day'

By Dave Palermo

The SIU track and field team finished second in what must have been the longest triangular meet ever held at Southern.

SIU scored 68 points to finish just one point behind Western Kentucky. Lincoln finished third in the meet with 44 points.

The meet was the first and only home contest for the Salukis this season. It began at 2 p.m. Because a delivery truck tore up the cinder track, the field events had to be held at the University School.

The meet lasted about seven hours.

Two SIU records and one stadium record were set despite the rainy conditions.

SIU's Mitch Livingston broke the school high jump record of 6-8 that he set last year. He leaped 6 feet 9-3/4 inches to take a first in that event.

In the pole vault, Saluki Rich Ellison broke his own record of 14 feet 6 inches with a vault of 15-1/2 feet in winning the event.

Southern's Dan Tindall tossed the javelin 210 feet nine inches, 47 feet further

than the nearest opponent, in winning his specialty.

In the discus, Southern's Grover Webb and Fil Blackiston finished 1-2 with tosses of 155 feet 4 inches and 151 feet 9 inches.

Southern's John Vernon, who finished a disappointing third in the long jump, won the triple jump with a leap of 49 feet 4-1/2 inches.

Jeff Duxbury won the mile for SIU in 4:16.3, just .5 of a second ahead of teammate Glen Ujjiye who finished second.

Saluki Jim Thomas ran the 120-yard high hurdles in 14.6 to win that event and Duxbury came back to top the field in the 880 as he won in the time of 1:53.2.

The two-mile run went to the Salukis as Mel Hohman edged

Western Kentucky's Jim Sullivan by two seconds winning in the time of 9:18.9.

In the deciding event, the mile relay, the Salukis found themselves running without the services of all-American Ross MacKenzie and Chuck Benson. Both star runners are out with injuries.

Western Kentucky won the relay in 3:16.6. Lincoln finished second in the event while the Salukis finished third.

The next meet for the Salukis will be the General Invitational Tournament at Fort Campbell, Ky., May 25.

Rich Ellison, SIU record-holder in the pole vault, is hoping for a soft landing after leaping 15- 1/2 to break his old record of 14-6.

Long Way Down

SIU Wins In 9th On Bond's Homer

Jerry Bond's homer with two out in the bottom of the ninth inning propelled the Salukis to a 5-4 victory over the St. Louis Billikens Sunday on the SIU field.

The victory was the 29th of the year for the Salukis, making them the winningest team in the school's history.

Bond's homer, which sailed 390 feet into left-centerfield, came off a 1-1 pitch and broke a 4-4 tie which had existed since the fourth inning.

The victory went to John Susce, his eighth in nine decisions. The right-hander pitched three and a third innings and allowed two hits, no runs, walked none and struck out three.

Starter Skip Pitlock filled the bases on walks with two outs in the sixth inning before Susce came on in relief and fanned the remaining batter.

St. Louis jumped on top with three runs in the first inning but the Salukis came back with four runs on five hits in the second to take the lead.

Four of the five hits in the second were back to back singles. Bond tripled to drive

Big Ten to Hold Meeting

MINNEAPOLIS, Minn. (AP) —The Big Ten Athletic Conference opens its annual May meeting here Tuesday in conjunction with the annual Big Ten track and field meet.

in Randy Coker but a perfect throw from the outfield cut down Pitlock at the plate.

Bond's two RBI's in the game gave him 26 of the year, just three behind Barry O'Sullivan who leads the team. Bond's RBI's have come from hitting in the lead-off spot in the batting order. He missed three games after being hit with a pitch earlier in the year.

No other SIU hitter had more than one hit during the game.

St. Louis now owns a 14-9 record for the year.
