U.S. bombs strike Libya

TRIPOLI, Libya (UPI) — U.S. planes flew in a surprise bombing raid on the Libyan capital early Tuesday, damaging an air raid shelter near the French Embassy and the headquarters of Col. Manni Harady, who is in charge of Thawadi, the bombing of a West Berlin night club that killed 10 American servicemen and a Turkish woman and wounded 240 others. The White House said the raid was in response to complaints that Libya had not been cooperative in investigations of the crash of a U.S. plane over Tripoli and Benghazi.

CBS News, quoting a congressional source, reported that the targets included Khadafy's suspected headquarters, two missile batteries, two terrorist camps and one terrorist training area. Three of those targets were near Tripoli, and one was on the other side of the Gulf of Sirta.

Kush says U.S. planes struck "targets that are part of Khadafy's terrorist infrastructure" in a dramatic last-minute televised news conference. Kush confirmed what had been rumored behind closed doors in Washington.

Speakes also said there was "evidence that Khadafy

Heb signed 15 years for assault

By Jim McBride

Former Carbondale dentist Robert G. Hebel was sentenced 15 years in state prison Monday in Jackson County Circuit Court, for photographic possession of child pornography. He was convicted of 15 years for sending child pornography through the mail and 5 years for distribution.

Hebel was convicted March 10 on charges of aggravated criminal sexual assault and abuse in a bench trial by Circuit Judge Richard RIchman.

Before pronouncing the sentence, Richman said Hebel "used" his position in the community - "to get little girls to his place to take pictures of them."

"Calling the crimes "repulsive," and an "indication of mental abnormality," Richman said, "he has, lost his profession, humiliated his reputation, disgraced his family's name, perverted the law and his country, and deserves to be punished."

Hebel was also fined $6,500 plus court costs and was ordered to pay $150 to the victim's family to cover counseling costs for the child.

Hebel was arrested at his home Feb. 2, 1985, and charged with three counts of child pornography, one count of aggravated criminal sexual assault and one count of criminal sexual abuse after Carbondale police found hundreds of photos depicting nude young girls during a search of Hebel's home. A search warrant was issued by Richman after police participated in an undercover sting operation, a strategy that he had submitted for development at Flash Photo in

Progress slow, Urban League head says

By Nola Cowart

Staff Writer

It would be dishonest to say progress has not been made in civil rights, but blacks have a long way to go before they will be on a level of parity with national norms, says John Jacob, president and chief executive officer of the National Urban League.

Jacob said that while blacks have been able to get laws passed protecting their civil rights these laws have yet to be fully implemented. Jacob and Nancy Humphreys, director of the School of Social Work at Michigan State University, spoke to media representatives Monday at the Student Union Center on the opening day of the College of Human Resources Conference. The conference is focusing this year on the link between economic development and human services.

"But one thing that I am very wavin to be," he said. "Clearly, there is a long way to go."

Jacob said there has been a backing in civil rights in recent years. Through such means as attacks on affirmative action. But he said the "devastating cuts" in social welfare programs have affected civil rights most profoundly.

He said there is an in

Agent’s funeral attended by FBI head, 1,700 others

MIAMI (UPI) — Twenty chloride police cyns led a blue line of 220 patrol cars Monday to the funeral of an FBI agent killed in a street battle and a federal jail. The funeral of 1,700 people attending the funeral of agent Benjamin P. Grogan, 33, at the Visitation Catholic Church.

Aquino assassins’ prosecutor seeks micro trial

MANILA, Philippines (UPI) — The chief prosecutor of 26 men charged last year on the assassinations of the one-time President Benigno Aquino urged the Supreme Court to declare a mistrial Monday, saying deposed ruler Ferdinand Marcos directed a plot that led to the death. The full court, six of which stood trial last year in the 1983 slaying, including Marcos’ main chief, Col. Fabian Ver, were acquitted Dec. 2, 1985, after a seven-month trial.

Soviets say nuclear test ban caused setbacks

MOSCOW (UPI) — Deputy Defense Minister Sergei Abrosimov said Monday the Soviet military withdrew setbacks during Moscow’s eight-month nuclear testing moratorium, which the United States refused to join. The Soviet contention, however, was played down by Western diplomats, one of whom said, “Eight months of a nuclear test ban is hardly suicidal when you consider the size of the Soviet arsenal.”

U.S., Japan make trade balance agreement

WASHINGTON (UPI) — President Reagan and Japanese Prime Minister Yasuhiro Nakasone pledged Monday to halve the $80 billion trade imbalance between their countries, according to a job Nakasone compared to scaling Mt. Everest. Nakasone and Reagan, at the end of two days of talks, agreed on the joint one billion dollar trade agreement and signalled they will work towards a formal trade agreement.

Yale apartheid protest ends in 78 arrests

NEW HAVEN, Conn. (UPI) — Yale University campus police arrested 78 people Monday as officials ordered removal of a shantytown (roll) to protest apartheid and the school’s policy on South African investments. The orderly arrests climax in a weekend of protest by hundreds of Yale students and supporters demanding Yale sell $80 million to $90 million in holdings in 98 companies doing business in segregated South Africa.

De Beauvoir, French feminism pioneer, dies

PARIS (UPI) — Simone de Beauvoir, the French author and philosopher who pioneered feminism and was a long-time friend of French existentialist writer Jean-Paul Sartre, died Monday. She was 82. De Beauvoir died at the Cochin Hospital in Paris, a spokesman for the hospital said. Her death comes nearly six years to the day after the death of Sartre on April 15, 1980.

Veterinarians criticize face-branding of cows

ROCHESTER, N.Y. (UPI) — Veterinarians branded the Agriculture Department as “crude” Monday for wanting to facebrand cows earmarked for a buyout program. The Department of Agriculture official said tattoo's and implants on other parts of the body are less effective. Farmers, animal rights advocates and government officials testified at a daylong hearing on a federal requirement that 1.5 million cattle in the nationwide buyout program be branded in the face. Testimony was to resume Tuesday.

Man uses broken glasses to commit suicide in jail

MARIAN (UPI) — A man accused of making a $500 down payment to an undercover agent posing as a “bit man” committed suicide in his jail cell by smashing veins in his arms with pieces of his broken eyeglasses, authorities say. Authorities said Monday the body of Calvin L. Martin, 36, of Marion, was discovered in the upper bunk of his cell early Sunday after his cellmate noticed blood dripping from the upper bunk.

FHA calls for 'viable plan' to finish trainway project

By Tricia Yocom
Staff Writer

Federal Highway Administration funds for the final and largest phase of the Carbondale Railroad Relocation Project are up in the air — again.

Eldon Geonell, director of the project, received a letter from FHA March 28 saying that a "viable financial plan" was needed for completing the $5 million highway trainway project before funds would be released for a temporary trainway. The trainway is needed to carry Illinois Central Gulf traffic while the 30-foot depression is being constructed.

A "viable financial plan" may mean that a plan must be on paper for the project or that the funds must be in place for the depression during the winter when FHA will release $2.6 million in funds for the trainway, Geonell said.

He said he is "concerned, but not alarmed" about the letter.

The Reagan administration has opposed the project the last five years so the FHA for funding is nothing new. Geonell said the only different this year is the "added twist" of the ambiguous requirement of the viable financial plan.

He added that the setback hasn't caused problems as far as timing, since the funds are not set to be released until Oct. 1, when work on the temporary trainway is up for bidding.

However, "as months go by," it may become a problem, Geonell said.

U.S. Rep. Ken Gray is aware of the problem and is pursuing ways to get the funds released, Geonell said.

Patrick McCaffrey, spokesman for Gray, said Gray was a bit "mystified" about the letter, especially since the release of the $2.6 million was announced by Gray's office in February.

Before Easter recess, which was the first week in March, Gray's office had informed that the funds would be released, McCaffrey said.

The problem arose while Congress was not in session. McCaffrey said the FHA announcement may be only a routine process of the Reagan administration to unspend the funds.

The bomb was felt in Libya's capital, Tripoli, late Wednesday when 200-300 tons of explosives went off, according to a Libyan television report.

The bombing lasted about 25 minutes.

Bombs also hit Khadafy's residence, but the extent of the damage was not immediately known. Khadafy and his family, including his wife and children, live there.

Libyan Radio broke into its regular broadcast of patriotic songs to announce some members of Khadafy's family had been injured in the attack.

The French foreign minister called the French Embassy in Tripoli was hit by the bomb, which damaged the building, but caused no injuries, reports from Paris said.

Syria said Sunday it would side with Libya in the event of any attack and urged other Arab states to oppose any "unjustified offensive," state-run Damascus radio said.

"Syria will back Libya in combating the expected flagrant attack by the United States," Syria and Iran are Libya's main allies in the Middle East.

Laundry Service kept afloat by fee increase

By David Sheets
Staff Writer

The University has opted to keep the University Laundry Service from getting washed up by boosting the cost of using the facility from 80 cents to 95 cents.

The increase, which will go into effect Friday and lasts until the fall term, is intended to keep the service going for at least another year and help reverse a two-year plunge in profits, said Clarence Dougherty, vice president for campus services.

"This has been a point of concern for at least a year," Dougherty said. "We've been gathering information about it for the last five or six months."

DOUGHERTY SAID he is not sure exactly what prompted the drop in laundry volume responsible for the deficit but he suggested a couple of contributing factors.

"Some of the campus services have taken their business elsewhere," he said. "Also, there has certainly been a decrease in volume from University housing," the service's biggest customer.

Dr. Sam Heineken, housing director, confirmed that linen usage in the residence halls has decreased 6 percent each of the past two academic years. Dormitory linen makes up most of Laundry Service's volume.

"PEOPLE WILL check out the student and pillowcases at the beginning of the year but that will be it," Rinnela said. "Most students, especially women, bring their own sheets from home or buy some."

Nealth: Rinnela noted Dougherty could elaborate on why the laundry pattern has increased recently as opposed to the dip.

Continued support of the Laundry Service rather than opt to go off-campus to meet laundry needs was emphasized by Rinnela, April 19 of representatives from the campus departments that use the service.

Continued support of the laundry service, which was endorsed at a meeting April 19 of the representatives, came despite the option to go off-campus with all laundry needs.

Sundown, Louis and Paducah, looked at the bids and found only one company that has been interested in staying with the laundry service, Dougherty said.

Charles Hinderman, vice president of financial affairs, identified the company as Schmick-Joel's Towel & Linen Service, 102 S. Washington in Carbondale, which has been bent by an employees strike since Dec. 3.

"They were the only supplier considered as an optimum outside agent," Hinderman said. "But since they're on strike we can't have them."

Hinderman said increased rates in Laundry Services prices last year did not thwart the trend toward falling income.

Nature looks better without all the trash

SPRING IS HERE AGAIN, and it is apparently time to once again trash your favorite nature hangout.

GIANT CITY LOOKS GOOD on the mornings after park workers have cleaned it up, but take another look at it after the crowds have left just before the sun goes down. It looks like most garbage dumps. Plastic beer cups, paper plates, broken glass and beer cans clutter the ground around each parking area. After the last frisbee has come down there are still potato chip bags blowing around in the wind.

A traded Giant City is not only ugly, it’s hazardous. It’s no fun to walk through, and it’s really sad to slam our hand on a broken bottle. Or how about cutting your foot on a piece of glass with your barefoot while you’re looking for the unique of grass near a natural trail?

A LOT OF PEOPLE ENJOY just sitting and relaxing on sunny rocks at the base of the cliffs. But that’s kind of hard to do while dodging beer cans tossed off the top. Can throwers — or creators, as they are more commonly known — have been heard to tell the sunbathers not to sit in such places because they could get hit by flying objects.

Oh, and lest it be forgotten, how about the unique pleasure of finding a small piece of broken glass or the number to call "for a good time" once you’re back in town? Graffiti is no more appealing when accented by greenery and blooming trees and bushes.

C'MON, FOLKS, WE'RE ALL supposed to be adults here. It doesn’t take a small plastic garbage bag in your pocket and pick up your own garbage as you go on. You might have to bend over a few times, but that should be no problem in this new age of physical fitness.

Letters

Keep Rec open past 9 p.m.

The following is a staff response to keep open the Rec Center open past 9 p.m., signed by Rec Center Director Mr. Bleyer.

"The decision to close the Recreation Center at 9 p.m. beginning April 1 was based on lack of attendance at this time and in order to keep operating costs at a minimum. I do not feel that it is a wise use of funds to remain open for the benefit of just a few individuals. However, if there is a need on the part of a large number of students, we can discuss the possibility of increasing the hours.

In the final note of the last sentence of Mr. Bleyer's response he suggests that the students should collectively express its wishes if the Rec Center is to have any chance of operation beyond 9 p.m."

Boomers, keep your opinions on paper and your image off of it. The boomers are the generation that has the least respect for the environment. If you want to keep the Rec Center open past 9 p.m., sign a petition that will be available at the Rec Center office. If you feel strongly about this issue, let us know.

Letters

Wearing jeans wasn’t a statement

Last Friday there was a great injustice done to students at SIU and most people weren’t even aware of it. The people on campus who support gay and lesbian people have abused an American institution — blue jeans.

These people proposed that the wearing of jeans on Friday constituted support of their movement. WRONG! I wore jeans because I like jeans. They are comfortable, casual, and clothing that I want to wear, not a social statement for homosexuality.

I find it difficult to believe the things any newsmen would let this group of people intimidate them into not wearing jeans. Most people wore jeans, shorts or shorts, as if they had to prove they weren’t having Kilkers as the director. I came to this program because I was undecided about my major. Kilkers and University Studies helped me to form a concept of what I wanted to study and I was interested in now, since they are changing the age of Kilkers.

I can’t forget about graduation next May. I am sure the other students in the program felt it as I do. — Rita D. Evans, junior, University Studies

Blame Israel for terrorism

As acts of terrorism rise, the American government and many other governments around the world try to get to the root of the problem. Blaming the terrorism all on the JewishNation isn’t the answer.

The state of Israel is a mistake and the reason for the havoc in the Middle East.

I’m sure many Jewish students on this campus will be upset with what I say, but I have to tell the truth. The Bible states that a true Jew is one who has reached a spiritual level of belief (Romans 2:29), and anyone who claims to be a Jew and is not actually is the synogogue of Satan (Revelations 2:9).

The founding of Israel was a blunder. The state of Israel has wreaked havoc in the world, continuing to threaten the survival of civilization. If Arabs have a knife at Israel’s throat, it’s because Israel doesn’t lack much effort while they are finding out. While they do this, they are helping enemies of Satan.

We have forgotten the basic facts of history. In 1967, the Israelis drove out tens of thousands of Palestinian Arabs from their homeland. And now, when their refugees insist on their right to return, and conflict ensues, Zionist propaganda promotes the idea that Arab hostility and Israeli anti-Semitism are the same thing.

The coverage of the Middle East in the American media is 99 percent pro-Jewish. Why? The pro-Israeli reportage is a complicated story: pressure from the Jewish-Zionist ownership of ABC, CBS, the New York Times, and the Washington Post is a factor in the kind of news people receive.

In addition to the power of the Jewish lobby, there is this interrelated complicity on the part of decent Christians to criticize Israel lest they appear anti-Semitic. Christians are mislead to believe God is a Jew because his alleged chosen one is a Jew.

I’m sure I’ll be labeled an anti-Semite by Jewish students on this campus. Are the Jews the only Semitic people? Of course not. Arabs are Semitic people. Semitic people are those that have an origin in the Afro-Asian culture and language for one, the Promised State of Israel is unjust, shameful, and not in the true spirit of Judaism. The influence of political seduction from the Bible and from other sources is a fact of life in American opinion.

— Don Smith, junior, University Studies

Editorial Policies

The Daily Egyptian welcomes letters to the editor. Letters to the editor should be sent by mail or directly to the editorial page editor. 1250 words or less is preferred, 250 words is the maximum. Letters over 250 words will be given preference for publication. Students, faculty, staff, and community members are encouraged to submit letters. All letters are subject to editing and space limitations. Letters longer than 125 words will be condensed. Letters submitted to the editor will not be returned. Letters are subject to publication in any form or media. Students, faculty, and members of the community are encouraged to provide their names and contact information. Letters should express the writers' views and not be intended as personal attacks on others. Writers are expected to practice civility in their letters. All letters are subject to approval by the editor. All editors reserve the right to edit, censor, and reject letters. No restrictions on editorial viewpoints are allowed on the Daily Egyptian. The views expressed in the newspaper are those of the writers and do not necessarily reflect the views of the Daily Egyptian or the University of Illinois at Springfield. Letters must be signed and include a daytime phone number. Letters that become defamatory or abusive to any Daily Egyptian official may be rejected. All letters are subject to approval by the editor. Quarterly Report for the Future

anu minorities in the work force are increasing, unless these groups are provided with the necessary training and economic incentives, they will be crippled in the future.

Clement said, "The act is not a strategy for eliminating the frustrations of a political instrument put into place by ideologists who believe in less government."

Jacob said the National Urban League does not lobby, but that it does strongly denounce legislation such as the Crime bill and the VPC Act.

Humphreys said that one-half of all black children are growing up in poverty, along with one-third of all Hispanic children and one-fourth of all children in the United States. She said the VPC Act is setting a long-term agenda that Americans will pay for years to come.

The future for social work is bright, unfortunately, because of the situation we are creating today," Humphreys said.

She said early deaths of poor children, drug abuse and prison costs by taxpayers in 10 years which society will pay later for social welfare cuts now.

"We are setting on a time bomb, and it won't be too much longer before it goes off," Humphreys said.

She said she is concerned in light of what she termed a hostile atmosphere for social workers that there is a significant number of students who want social work as an undergraduate and graduate levels.

She added that if social work can endure the past five years under the Reagan administration, it can endure just about anything. "We'll not see anything much worse, although the Gramm-Rudman Act will significantly affect social work," Humphreys said.

Humphreys said that it is a popular belief that poverty is caused by welfare and, under President Reagan, any hope of reform has been given up. She said President Humphreys will have to "rediscover poverty" because Americans do not realize there is a problem until the media reports it. He said the media often reports poverty because "it is not a sexy issue.

"It's hard to generate interest in the subject of poverty," Jacob said. "America gets wars, they fight, and they thought they'd won the war. They deal with the 'unfairness.'"

PROGRESS, from Page 1

CONTRA, from Page 1

A campaign by the senior class to raise money tor "Super Student" scholarships has been underway for three months. Michael T. Saller, a student intern for the SFU Foundation and president-elect of the Student Alumni Association, said the money will provide up to $1,000 scholarships this fall.

More donations are still coming in, and Miller said the final tally may reach $3,000. Donations over the $1,000 mark will be used to start an endowment fund.

Volunteers telephoned the foundation's director, Robin Roberson, Members of Alpha Tau Omega sorority raised $1,000.

Pledge of Resistance spokesman Susan Davis and other opponents were protesting in 220 cities.

Author Grace Murray, 61, of New York, credited citizens protests with the measure's defeat last time. She said she feared the aid to the Contras could lead to another Vietnam.

"It's really hard to sort of stand by and think that all this money is going to these bandits," she said.

Scholarship fund donations top $2,000

Tutu elected archbishop

CAPE TOWN, South Africa (UPI) — Bishop Desmond Tutu was elected Monday to succeed over South Africa's Anglican church despite threats from many whites who would leave the church if the black Nobel laureate was named.

Tutu, 58, the bishop of the Johannesburg diocese, was elected as archbishop by an overwhelming majority of the 500 church leaders who vowed to elect a successor to Archbishop Philip Godfrey Russell, retiring in August, the state-run South African radio said.

The new archbishop, who will preside over all of South Africa and lead the 2-million membership, beat out white Bishop Michael Nattali of Natal province, also an outspoken opponent of apartheid, the white-minority government's institutionalized policy of racial segregation.

Tutu, who won the 1986 Nobel Peace Prize for his decades-long peaceful campaign against apartheid, was named to the post despite threats by many whites to leave the church and withdraw financial support.

A decision by the Anglican officials meeting in secret had not been expected before Tuesday night, despite the expected virtual replay of the 1983 synod that first pitied Tutu — appointed the first black bishop of Johannesburg in 1984 — against Nattali.

That election ended in a deadlock for the first time in church history and Russell emerged as a compromise leader of the Anglicans.

Blacks make up about 80 percent of the church's membership but while worshipping donate about 80 percent of its income.

Hundreds of white Anglicans have warned they will quit the church if Tutu is elected to the top position of the South African church.
American response united: 'about time'

United Press International

Most Americans — and a few Arabs — seemed to have a single reaction Monday night to the U.S. retaliation against Libya — 'It's about time.'

Many, even while applauding the raids, feared it would mean more terrorist attacks.

Some of the applause came from unexpected quarters.

A 35-year-old Arab minister in Detroit, who declined to be identified for fear of reprisals, said: "When I heard about it tonight, I called a friend of mine and we congratulated each other."

"The whole lot of us (Arab-American Christians) are sick of Khadafy. We are here in this country because of how bad it is over there."

"Our feeling in the Arab community has been that if Reagan doesn't get rid of Khadafy, then whatever he does is wrong."

"Good," said a Chicago policeman who didn't want his name used: "America's like a voodoo doll. It kept on getting stuck until it couldn't take any more."

"I think it's about time we started curtailing this terrorist activity that's going on. Bravo, Reagan," said Kenny O'Grinn, owner of a tavern in downtown Los Angeles. "It's about time," said Jonathan Greener, a Los Angeles social worker. "No more words, but it's time for action. But I do wonder what the ramifications will be from our own allies."

Libya attack called success by Reagan

WASHINGTON (UPI) — Prime Minister Margaret Thatcher Monday night that U.S. forces "succeeded in their mission" against Libya's "terrorist bases".

Reagan ordered a bombardment of Muammar Khaddafi's "terrorist facilities" on New York City, and said it "was necessary to attack against Libyan targets." He said the president also aid that foreign targets were not hit, and that there were no U.S. casualties.

Reagan added that since Khadafy had taken power in the North African nation, all are "ashamed and disgusted that this man has made Libya a synonym for barbarism around the world." Said Reagan: "(Some believe) the proper way to deal with him is to ignore him. I do not agree. Colonel Khadafy has engaged in terrorist attacks. And for us to ignore the slaughter of American citizens ... is not the American way.

"S-DEFEENSE is not only our right," Reagan said. "It is our duty."

At 7 p.m. EST, Reagan said, "forces of the United States launched a series of strikes against the headquarters, terrorist facilities and military assets that support Muammar Khadafy's subversive activities."

"The attacks were concentrated and carefully targeted to minimize casualties among the Libyan people with whom we have had no quarrel. From initial reports, our forces have succeeded in their mission," he said.

Reagan, who warned the Libyan leader that the United States would hold him responsible for any new terrorist attacks against Americans, said: "I made it clear we would respond as soon as we determined conclusively who was responsible for such attacks."

Graduate painter to present talk on New York life

Frederick Brown, internationally known painter and SUNY-C graduate, will give a talk on his experiences as a painter in New York at 1 p.m. Wednesday in the University Museum Auditorium.

Brown will also present a slide show of his recent work and videotape of his recent trip to China as a guest of the Chinese government.

Brown has had major exhibits at the Whitney Gallery in New York City and the Hakem-Reid Gallery in Chicago. He has also several pieces in the permanent collection of the Metropolitan Museum in New York City.

Admission is free.

The University Museum is located in the north wing of Faneuil Hall.

Paid for by the Office of Student Work and Financial Assistance

Moot court team takes 2nd and advances to nationals

By William Walker  
Staff Writer

The defending national champion moat court team from SIU-C placed second in the regional of the American Bar Association Appellate Advocacy Competition last week and will advance to the national competition this summer in New York.

Earlier in the week, the International Law Moot Court Team competed in the opening rounds of the Philip C. Jessup International Law Moot Court Competition, winning two contests and losing two.

Law students Michael Parkinson and Ronald Vance were the two members of the team lost in the final round to Chicago Kent Illinois Institute of Technology School of Law to place second in the ABA competition. One other SIU-C team competed.

Last year Parkinson and Vance placed first in both regional and national competition, beating South Texas College of Law in Houston for the national championship. Despite their final-round loss to Kent, they will advance to the national competition, which consists of the first and second place teams from each of 12 regions, said Howard B.

Vintage aircraft to be displayed during airshow

One of the hottest planes that flew in World War II will roar into life at Fly-In 86 Saturday at the Southern Illinois Airport.

The P-31D Mustang fighter, owned and flown by John T. Baugh Jr., is a regular prize winner on the air show circuit.

Other period attractions at the Fly-In will be the P-40 "Warhawk" flown in the movie "I, Lee Harvey Oswald," which featured John Belushi, and an AT-6 trainer, flown by Phil Van Reech of Chicago.

Over 30 aircrafts will be on display from 10 a.m. to 4 p.m. at the airport just west of Carbondale. Aerial acts are scheduled from 1 to 3 p.m.

Show organizers are members of SIU-C's chapter of the Rotor and Wing Association of America, Cola Bottling Co. of Marion and B & L. Photo of Carbondale are co-sponsors of the event.

Admission is $2 for adults, $1 for students and free to children under 12.

Correction

The name of the director of the Good Samaritan Ministry was misspelled in Monday's Daily Egyptian. The director's name is Edie Spence.

Exhibit to feature student artworks

Student works will be showcased in the Purchase Awards Exhibit Tuesday through Friday in the Student Center Room Ballroom B.

The works include watercolors, photographs, paintings, drawings and other mixed media works.

Pieces given Purchase Awards will be purchased by the Student Center for display in the building.

Admission to the exhibit is free.

Eisenberg, faculty adviser for the team,

The two SIU-C teams were among 16 teams in this region, which covers Illinois, Indiana and Wisconsin. The 12 regions in the country correspond to the 12 federal judicial districts.

Last week's regional contest, which was held from Thursday through Saturday in Chicago, involved the teams' arguing both sides of a hypothetical case where a city has refused to allow a church to present a passion play and erect a cross in a public park.

Eisenberg was pleased with the team's performance, calling the loss to Kent "a very close round" that came down to a 32 decision from the judges.

"You'd rather win, obviously, but the team did very well," Eisenberg said. "I think we're going into the finals strong and we have a substantial chance of winning."

In the Jessup competition, which was held in Washington D.C, SIU-C was one of 12 teams vying for the chance to compete in the 30-team international division.

Maria Frankowska, the team's faculty adviser said except for the first and second place slots, final results are not yet available, but she said she expects SIU-C to finish fifth or sixth.

Boston College Law School and Oklahoma City University School of Law placed first and second, respectively, and Boston College went on to win the Jessup Cup in the international competition.

SIU-C did take home some honors, however, with the team receiving the award for best memorials, or court briefs, and team member Kathleen A. Kreker being named fifth best in oral discourse.

GRADUATES CALL 1-800-457-4065 FOR $400 AND PRE-APPROVED CREDIT ON NEW FORD

It's Easy To Qualify For $400 from Ford Motor Company

You must receive at least be a bachelor's degree or a state RN license between October 1, 1985 and September 30, 1986.

For Pre-approved Credit from Ford Credit

You must have verifiable employment that begins within 120 days of your qualifying vehicle purchase at a salary sufficient to cover ordinary living expenses and your vehicle payment.

Your credit record, if you have one, must indicate payment made as agreed.

And don't forget...you must receive at least a bachelor's degree or a state RN license between October 1, 1985 and September 30, 1986.

These Vehicles Are Included In The Plan

Ford: Escort, Escort EXP, Tempo, EscortEXP, Temp., EscortEXP, Thunderbird
Mercury: Lynx, Topaz, Capri, Cougar Ford Truck: Aerostar, Bronco II, Ranger, F-150 & F-250

You are eligible for $400 even if you don't finance your purchase. Use it toward your down payment or get a check from Ford after the purchase or lease.

The amount of your pre-approved credit is determined by the qualified vehicle you buy.

If a vehicle is not in dealer stock, it must be ordered by June 1, 1986. Delivery of all vehicles must be taken by August 31, 1986.

For complete details on how to get your $400 plus pre-approved credit, call the toll-free number today.

AMERICAN ADVERTISING Federation will hold a meeting at 6 p.m. Tuesday in Pulliam 34 to plan a trip to Chicago.

GAY and LESBIAN People's Union and the Metropolitan Community Church of Southern Illinois will present a one-hour video entitled "Gods, Gay's and the Gospel. This Is Our Story." The video will be presented at 7 p.m. Tuesday in the Davis Auditorium of Wham. Discussion will follow. Admission is free. Refreshments will be served.

TAU BETA PI Engineering Honor Society will meet at 7:30 p.m. Tuesday in Tech D Room 131. Members are urged to attend. A quarum is needed for voting.

**Study finds filter cigarettes harmful to passive smokers**

NEW YORK (UPI) – A nearly non-smoke may inhale nicotine from a filter cigarette, the person who is smoking it, a researcher reported Monday.

A filter cigarette will deliver less nicotine to the smoker but not to those present," said University of Massachusetts researcher Dr. S. Katharine Hammond.

She said filter cigarettes dilute the smoke inhaled by the smoker but emit the same ash and particles of a traditional cigarette into the surrounding area.

"To put it in perspective, though, active smoking is a far more serious health risk than passive smoking because a smoker is exposed to far more material in the smoke," said Hammond, who presented her finding at a conference of the American Chemical Society.

She said her testing device, about the size of a tape recorder, "breathes" in air samples and then separates nicotine particles from other environmental pollutants with a chemically treated filter and a process called gas chromatography.

In her studies at the university medical center in Worcester, Hammond tested air surrounding four smokers in both a controlled chamber and in an office setting. After analyzing data obtained in both sets of tests, she determined a non-smoker in the immediate vicinity would have inhaled roughly the same amount of nicotine from both filter and traditional cigarettes. Hammond said that by measuring nicotine, researchers can roughly determine the amount of cigarette smoke inhaled by non-smokers.

"Nicotine is used as a tracer, a marker for cigarette smoke," she said.

This ability to accurately test the effect of smoke on non-smokers could be beneficial as the legal debate over the rights of smokers vs. non-smokers crops up across the country.

**THE INTERNATIONAL BUSINESS Association will meet at 7 p.m. Tuesday in Room 25. Officers will be elected.**

**BRIEFS POLICY** The deadline for Campus Briefs is noon two days before publication. The briefs may be typewritten and must include time, date, place and sponsor of the event and the name and telephone number of the person submitting the item.

Reagan decr~es Contra aid delay

WASHINGTON (UPI) - President Reagan said Monday members of Congress who use "subterfuge or backroom deal," to stop passage of military aid to the Contra rebels will set back the cause of freedom and "hand down a verdict of shame on us all.

Reagan, in an emotional speech to the General Conferences of American Legion in the White House, portrayed the Marxist-led Sandinista government in Nicaragua as a repressive gang and blasted plans by the Jackson Democratic leadership to attach the $100 million Contra aid and the $1.7 billion spending bill.

"If this happens, the bill could be lost for months in a forest of legislative delay" and could cause the destruction of the CIA-backed Contra forces, Reagan said.

The Sandinista government is not a duly elected chosen government," Reagan said. "It's a gang that took over by force, so we think that maybe we won't be able to handle last minute crunch," Hunter said. "We're doing well enough to handle it."

The Tax Foundation Inc., meanwhile, projects May 1986 as Tax Freedom Day, meaning that the average American works from Jan. 1 through April 30 just to earn enough money to pay his income taxes.

The foundation, a non-profit research group organized in 1937 to monitor taxes at all governmental levels, also said that in 1986 taxes will take a two-hour, 39-minute bite out of the average worker's eight-hour daily earnings, the same as in 1976.

Tax Foundation researchers said federal taxes will claim one hour and 44 minutes of the average worker's daily earnings.

Millions to delay filing taxes, IRS says

WASHINGTON (UPI) - On the eve of the April 15 deadline, the Internal Revenue Service said Monday 40 million taxpayers are waiting until the last minute to file their income tax returns.

Donna Johnson Hunter said the agency's hotline will stay open two extra hours Monday and until midnight Tuesday to help beleaguered taxpayers who delayed completing their reports.

Hunter, however, said it may be difficult to reach the tax-assistance service because a large volume of telephone calls is expected. It is also procrastinate with their taxes. That's all there is to it, she said. However, said operations are running smoothly this year and the IRS is prepared for the last-minute avalanche of returns.

Saluki men's track relay tops 24-year old medley record
By Steve Koulos
Staff Writer

It might have taken 24 years to accomplish, but the SIU-C men's track and field team shattered the school record in the distance medley relay Saturday at the 20th annual Dogwood Relays. The Salukis' quartet of Mike Elliott, Connor Mason, Brett Garrett and Andew Pettigrew set a new school record with a time of 9:35.62, eclipsing the old record by more than two seconds.

The previous standard of 9:37.94 was set in 1962 by John Saunders, Jim DuPree, Brian Turner and current incoming track coach Bill Cornell.

Cornell says he is happy the old school record was broken.

"I would like to see all of them go," said Cornell of the two individual school records he still holds and the third relay school record he helped establish.

The Salukis finished second among the 33 schools entered in the distance medley relay. Villanova edged SIU-C with a time of 9:35.11.

The other top two Saluki performances in the meet scored meet were turned in by Elliott in the 800-meter run and Pettigrew in the 1,500.

Elliott had a personal best 1:48.84 in the 800 to finish fourth out of 38 runners. He missed the NCAA qualifying standard of 1:48.11 by .73 of a second.

"If Elliott didn't make one slight tactical error, he would have qualified for nationals," Cornell said. "Halfway through the race he got boxed in with the other runners and he had to slow up to get out of the pack.

"After competing in the distance medley relay, Pettigrew came back two hours later and turned in a 3:46.05 effort in the 1,500 to finish fifth out of 48 runners."

"It wasn't a bad performance by Pettigrew considering he had to come back from the distance medley relay," Cornell said.

Turning in personal bests for the Salukis were Brian Anderson in the hammer (161-6); Larry Holloway in the 400-meter intermediate hurdles (55.42); and Scott Szczecin in the discus (138-4).

Overall, Cornell said he was happy with his team's performance.

"I'm a lot happier with our performance this past weekend in comparison to our previous meets," Cornell said. "The Dogwood Relays was our toughest competition of the outdoor season."

The Salukis return to action next weekend in the Arkansas Invitational.

Field hockey squad signs four
By Steve Merritt
Sports Editor

A pair of St. Louis natives and a pair of East Coast recruits received letters of intent to play field hockey next fall at SIU-C.

New additions to Julee Illner's squad will be Wendy Darnell of Jerseyville, Conn., Klaudia Gorman of Ocean City, N.J., and Nancy Hattrich and Cindy Oppermann of St. Louis.

The Salukis, 10-9 last season, graduate seven seniors this spring and will need both immediate and long-term help from this year's crop of recruits. Illner expects more signings before the deadline.

Darnell attended Cheshire High School along with current Saluki standouts Mindy Thorne and had a reasonable chance of starting at either letter or halfback.

Chesire HS, a traditionally strong field hockey school in one of the top field hockey states, compiled a 66-7-8 record during Darnell's career, winning two state championships and finishing runner-up twice.

Gorman, another product of a strong field hockey background, scored 32 goals while collection 43 assists during her junior and senior years at Ocean City High School, where she was the first four-year starter in the school's history.

Gorman was recruited by Iowa, Syracuse, Ohio and Toledo.

Hattrich and Oppermann were both named to the Team Missouri field hockey squad that competed at the U.S. Field Hockey Assoc. in Norfolk, Va., last Thanksgiving.

Oppermann, primarily a forward at Ursuline Academy, led the team in scoring all four years while landing all-conference accolades two years and chose SIU-C over Iowa, Toledo and Southwest Missouri, among others.

Hattrich played halfback at Valencia Academy, where she captained the team, but was changed to sweeper on Team Missouri.

Illner said that the team needs work on the midfield area and will be losing both starting forwards after this fall, so getting depth and experience to the new recruits could be an important part of the Salukis' long-term plan.

Wilson laps Royals to win over Boston with 3 hits
BOSTON (UPI) — Willie Wilson stroked three hits and keyed a six-run eighth inning Monday to pace the Kansas City Royals to a 6-3 victory over Boston and hand the Red Sox their fifth home opening day loss in a row.

With the score tied 2-2, Wilson led off with a double and scored on George Brett's single and moved on when Hal McRae's fielder's choice grounder to shortstop Frank Robinson doubled off third baseman Wade Boggs' glove bringing Brett and chasing Boston starter Dennis "Oil" Thomas from the mound.

Wilson, who had his third straight hit, moved to third on George Brett's single and came home on Hal McRae's fielder's choice grounder to shortstop Frank Robinson doubled off third baseman Wade Boggs' glove bringing Brett and chasing Boston starter Dennis "Oil" Thomas from the mound.

The Royals scored three runs in the seventh inning to take a 5-2 lead on Boston's two hits and four walks in the inning.

**Volleyball team signs recruits for next season**

By Steve Merritt

Beth Boardman, runner up at the Wisconsin State Tournament singles competition this fall, has signed a letter of intent to play tennis this fall for SIU-C. A top five finisher all four years of her high school career, Boardman compiled an 88-15 record at Appleton East High School.

Boardman was ranked No. 26 in Girls 18s by the national Tennis Association and was ranked No. 2 singles and doubles player by the same organization.

**Auld nets highly-ranked prospect**

Judy Auld, SIU-C coach, said Boardman would be a valuable addition to the squad and that her quickness, drive and competitiveness would make her an outstanding collegiate tennis player.

"Beth started playing tennis at age 8 and she's had good instruction from her local pro and high school coach," Auld said. "I'm anxious to see her compete as a collegiate.

Also a star in the classroom, Boardman was ranked among the top 10 percent of her class and part of her financial aid will come in the form of an academic scholarship from the College of Business.

Saluki gymnast Spillman unsure of taking scholarship from LSU

By M.J. Star-hak
Staff Writer

Michelle Spillman, SIU-C's All-American from Montclair, N.J., has been offered a full scholarship from Louisiana State University to continue her college and gymnastics careers. Spillman said that she has not yet made a decision.

Spillman, who is a gymnast and coach Herb Vogel called "one of the highest-recruited athletes around," owns four SIU-C all-time scoring records in her three years as a Saluki.

LSU women's gymnastics coach D.D. Pollock said that the Tigers are "extremely interested" in obtaining Spillman for their young squad. Spillman would be the only senior on the LSU team, said Pollock.

"Everybody in the country knows who Michelle is," said Pollock, contrasting Spillman's recent popularity to the relative obscurity of her freshman year.

The Tigers' coach described her team as "eager and enthusiastic" and said that Spillman's "competitive experience, calmness" and maturity would be very helpful in balancing the team.

"LSU would be better for it," said Pollock, adding that the LSU gymnast would be one of LSU's better recruits.

The Tigers recently took the top spot in regional competition over favorite University of Alabama. SIU-C placed sixth in the competition. LSU will advance to NCAA competition, which will be held in Gainesville, Fla., April 18-19.

Spillman received offers from 17 schools, according to Vogel, including California State University at Fullerton, Illinois, Oregon and New Mexico.

Pollock added that Spillman would give the Tigers strength in their weak events and in return, the LSU team may help Spillman to gain more consistency in control events like

Meyer recalled, "It felt great."

In his next game against Evansville, the reborn Meyer struck 14 and 15 and en route to a 62 victory and his second state title.

"In the early going, I was striking them out with a fastball," later, I was using a curve ball," Meyer explained. "It was the first time I felt comfortable throwing it on a three- and two-count."

In his victory against Bradley, however, he often fell behind on the ball-striking, but just missed his third-struck out game, going six and two-thirds into.

"I didn't get into the groove I wanted to," Meyer said. "But that's encouraging that I could do as well as I could without a fastball." For now, Meyer is patiently waiting for his next start at Illinois State this weekend. He prefers to look back at the slump as a temporary plateau setback, not a learning experience.

"If I learned from my mistakes, I should be a genius," Meyer said.

Team effort paces lady golfers to 4th-place finish at Illini Classic

By Sandra Todd

Associate Sports Editor

The Saluki women golfers got into the swing of their spring season by putting in a true team effort to take fourth place at the 54-hole Illini Spring Classic in Champaign last weekend.

Finishing first was Indiana with a 906 total; Ohio State was second with 922; Illinois took third with 946; the Salukis were next with 938; followed by DePauw with 972 and Gateway competitor Illinois State with a 989.

Coach Sonya Stalberger attributed her squad's high quality performance to its consistent positive attitude throughout the season. The team's unity exhibited resulted in some of the best individual and team finishes of the year.

"It's the most successful tournament we've played all year," said Stalberger. "I think one of the biggest reasons for our success is that it was the first time we've ever really played as a team.

Led by senior Jill Bertram, who shot rounds of 72, 78 and 77 for a total of 224 and a seventh-place individual tie with Ohio State's Jane Kang, the Salukis moved from sixth place after the first round (324) and retained the eventual fourth place with successive rounds of 316 and 318.

"I had her best tournament," Stalberger said. "Three consecutive rounds in the 70's is just terrific."

Because the Illinois Orange Course (72 par) is a long (26 holes) with par-five holes than many courses, Stalberger said that Bertram's score was especially commendable in that she shot just six strokes over par for the weekend.

Despite strong wind gusts and rain in the second round of action, Tina Koziol's hit a 79, impressing on her initial tally of 84. In the third round, she shot back up to an 82 for a composite of 245.

Koziol was not the only contributor to a second round Saluki surge, however. Kelly Mason (85, 80, 88), Viv Higgerson (81, 81, 81) and Pat Putnam (83, 83, 78) all shot their lowest counts of the season.

"It was the first time I felt comfortable throwing it on a three- and two-count," Meyer said. "But that's encouraging that I could do as well as I could without a fastball." For now, Meyer is patiently waiting for his next start at Illinois State this weekend. He prefers to look back at the slump as a temporary plateau setback, not a learning experience.

"If I learned from my mistakes, I should be a genius," Meyer said.

Putnam boosted the team with a 78 in the final round. "It was a huge contribution," Stalberger said. "It was good to see her fight back and finish like that.

Although not competing for team points, Peggy Ellis-White, who has played for less than a year, consecutively hit career lows in the first and second rounds with 86 and 85 but increased to an 87 in the final round.

New pairings for the Saluki doubles teams have proven to be successful — to an extent, LeFevre said.

LeFevre said, "If you win four of six singles, you should win at least one doubles.

StU-C shut out its next two opponents, WKU and IU-PU. LeFevre said that the 9-0 score may lead people to believe the Salukis won easily but Nos. 1, 3, 4 and 6 singles and No. 1 doubles went three sets.

So it was a tighter match than 9-0.

The Salukis breezed past IU-PU, 9-0, winning all their matches in two sets.

Meyer winning battle over control

By Ron Warrick
Sports

Lee Meyer has been a pleasant surprise for coach Icy Jones this season, improving dramatically since last spring.

Meyer got a better taste of what the 1985 season would be like in his opening game against Army in Florida. He pitched 50 minutes, giving up two shutters and allowing eight runs. "That’s not a good start," Meyer understated. "It didn’t get any better just two shutters and allowing eight runs."

The Salukis play rematch with Evansville

By Ron Warrick
Start Writer

The baseball Salukis will have a rematch with the Evansville Aces at 1:30 p.m. Tuesday in the Mid-Continent Conference, tied with co-leader and nationally ranked Oral Roberts.

Saluki coach Richard ‘Icy’ Jones will send Shane Gooden, who went 2-2 last weekend, and Robbie Osborne (2-1, 3.38 ERA) to the mound.

One Saluki batter worth watching is outfielder Steve Finley, who had five hits in seven at-bats against the Aces last week and hit three home runs in the process.

If there’s an ace Evansville pitcher, it’s not even close to the Salukis, it will probably be Jim Burger, who moved them down 6-1 and retired the last 10 of The Dog’s batters in a row.

Burgers was a 5-1 record with a .548 ERA.

Paul Lee has also been one of the Aces’ best pitchers, with a 3-2 record and a 3.19 ERA. He is also second in the Midwest region’s ERA of 3.91 and run- and strikeout-per-game ratios.

The rest of the staff includes Andy Barnes (.3-.62 ERA) and Mike and Matt Reason.

Their chief fences-slasher is Keith Aubeille with six homers, a record tied by one other player.

Other big bat-slugger inclusion is the Shockers’ 18 doubles and 18 home runs, 18 RBIs, Bob Moore (.385, two homers, 18 RBIs) and Daren Nesbitt (.385, two home runs, 18 RBIs).

The Aces are tied with the Shockers.

Former Top Twenty team Wichita State is a .523 (35-13) team and a hot hitter.

The rest of the teams are available.

SIU-C is ranked third among the five teams with an earned run average of 4.09, trailing Fortmouth Wichita State’s ERA of 3.91 and runner-up Creighton’s 4.43 ERA.

The Salukis 325 batting average barely trails Wichita State’s .326 and leads Creighton’s .327 in the conference.

In contrast to their inconsistent fielding, the Dogs are second in the five’s batting average. Wichita is first with a .499 average.

Former Top Twenty team Wichita State is a .523 (35-13) team and a hot hitter.

The rest of the teams are available.

If you look even, all the best teams in the country have a good performance. I think that’s how it should be. It’s better for baseball," Jones said.

Only eight a go, when some­one mentioned Saluki pitcher Lee Meyer, others would usually respond with snick­ers or pointed gagging.

Meyer’s seemingly endless pitching troubles got so bad that Saluki coach Richard “Icy” Jones once shook his head and said, “I wish I could put you in a straightjacket and want to talk about Lee Meyer.”

But the 6-foot-2, 190-pound junior has wrestled his two years of pitching problems long enough to reel off three straight wins, his latest a 2-1 victory over Bradley last Sunday.

Meyer, once nicknamed “Mr. Excitement” because of his mighty if unsuccessful pitching struggles, is turning the jears into cheers again.

“Last fall alone, they each win that much better,” Meyer said.

To fully appreciate the magnitude of Meyer’s “coming out,” and his sudden comeback, one must go back to the end of last season, after he completed his freshman year with a 4-11 record and a 8.4 earned run average. It was in the collegiate Valley League in Victoria, Ill., that his control problems developed.

Jones thinks his lack of control stems from a combination of mechanical problems, not throwing of a stiff front leg and a weak pitching motion.

Control problems are difficult to get straightened out. It’s hard to be consistent,” Jones said.

After a shoddy summer, Meyer pitched five games for only eight innings, gave up nine hits and 19 walks for an 8.54 ERA of 4.11.

“I was really depressed,” Meyer recalled. “I had a decent freshman year and figured I could go out and do it again.”

Meyer did have a problem with walks on his pitching record last year, but refused to make it an excuse for his performances. The walks were removed in the off­season.

Between these three games, Meyer seemed to be up to his form, allowing him seven games and six and a third innings, he gave up nine hits, 11 walks, threw three wild pitches and hit two batters for a 14.22 ERA. But he never gave up his quest for control.

“Instead of sitting down to ponder,” Jones said, “he would sit down to think about it a few minutes and still sit at the bullpen to work on it.”

The turning point finally came when he started the tail end of an April 3 doubleheader. In the first inning, he pitched, two unearned runs scored.

“I looked at Coach Kirk Champion and said, ‘I have a problem,’ ” Jones said. “He threw the ball over the plate,” Jones said.

It’s not only did he finish the inning, but he finished the game with a 2-1 win for his first complete game and first victory in two years.

“I couldn’t quite believe it,” Jones said.

See CONTROL, Page 19

New York (UPI) — Third baseman hoevan Johnson’s error with the bases loaded in the top of the 13th inning padding the way for a four-run inning and helped the St. Louis Cardinals defeat New York, 6-2, and spoil the Mets home opener.

Willie McGee led off the 13th with an infield single off loser Randy Niemann, 9-2. Tom Herr, attempting to sacrifice to the ball to Niemann, whose throw to second base was not in time to catch McGee. Bruce Berenyi reinstated from the disabled list and yielded a walk to Jack Clark, loading the bases.

With New York’s infield playing in, Tito Landrum hit a one-bhomer which went under Johnson’s glove for an error, giving McGee and Herr to score. One out later, Ozzie Smith stroked a two-run double to right to make the score 6-2.

Pat Perry, 1-4, pitched two innings for the victory. The victory improved St. Louis’ record to 6-1, while the Mets dropped their third straight to lower their record to 2-3.

The Mets tied the score at 2-2 in the bottom of the ninth inning when Darryl Strawberry, hitting only .188 entering the game, stroked a one-out RBI single off reliever Todd Worrell.

Cotchelor for losses home opener for Gooden, Mets

By Steve Merritt

Losing three of four baseball games against Wichita State has water put in your gas tank before you can leave town is something.

So says Bradley baseball coach Keith Kalm er. Kalm er, who discovered that someone had sabotaged his team’s bus Sunday as it sat at the arena’s parking lot by putting water in the tank.

“Getting swept on Sunday didn’t put me in the best of moods last finding out I wasn’t a situation unique to SIU-C, we have our share of rowdy fans in Peoria, too,” Kalm er said.

Kalm er got a police report was filled out and a letter detailing the incident was sent to Athletics Director Jim Livegood.

Kalm er’s squad has had two competitive weekends’ worth of luck involving their team at Wichita State, someone kicked the doors in, causing about $400 worth of damage.
