# Morris Backs Poverty Fight, Seeks SIU Role in Training

By Ric Cox

President Delyte W. Morris says SIU is a determined ally in the cause for mobilizing human and financial resources to combat poverty in the United States.

Morris' pledge of support came in an address to public officials and civic leaders from 20 Southern Illinois counties who attended the Governor's Conference on War on Poverty, held in the University Center Ballroom Tuesday.

"This University stands ready to make available its services in any areas where we can give help to you," Morris told the conference.

"We now have before officials in Washington a proposal for a training program at SIU under the Economic Opportunity Act," Morris announced.

This program would come under the work-study program included in the act and would, if accepted, make SIU students available for federal grants.

SIU is already involved in the poverty program under the Job Corps program, which will provide a coordinated plan of basic education, skill, training and constructive work experience.

The center, to be located at the Crab Orchard Wildlife Refuge, will provide conservation work for youth, 16-21, who lack the schooling and

Morris also indicated his willingness to implement a community action program in the area.

Thomas C. Jackson, administrative director of the Illinois Office of Economic Opportunity, paid tribute to Morris, saying "He has been successful in building here a first-class University which is known nationally for its poverty program."

Lt. Gov. Samuel H. Shapiro spoke on behalf of Gov. Otto Kerner who was unable to attend the conference because of a meeting concerning the realignment of the Army Reserve Units.

In a speech prepared for delivery by Gov. Kerner, Shapiro said:

"One of the many obstacles we face in this war on poverty is that we have so little knowledge of the nature of the enemy.

"What is it that makes the individual fail time and time again until a history of defeat destroys his will to continue?" asked the lieutenant governor.

Several representatives of the Washington Office of Economic Opportunity and federal and state agencies legally involved in the program were also on hand to address the conference.

They explained the various features of the program with special emphasis on the community action programs.

Rep. Kenneth Gray spoke at the luncheon.

Sen. Paul H. Douglas and Rep. Melvin Price were unable to attend.

# Holiday Agenda Goes Into Effect on Saturday

SIU will begin its Christmas vacation schedule the end of this week, with most buildings and offices remaining open on a limited basis to take care of the few dozen students remaining during the break.

Most students remaining here over the vacation will help with the between-terms clean-up and maintenance. Others, primarily foreign students, are too far from home to make the trip.

All university housing will be closed at noon Saturday with the exception of Abbott and Baldwin halls at Thompson Point which will house students over the break. Students may return to their halls at noon, Jan. 3.

Students remaining here may apply for housing at Thompson Point before Saturday. There will be no charge. Meals will not be provided at the area.

The University Center will be open part time over the vacation to give students a place to eat and entertain themselves. The entire building will be closed on Sunday, on Dec. 25, 26 and 27, and on Jan. 1 and 2.

The Roman Room cafeteria will be open Saturday from 7 a.m. until 1:30 p.m. On Dec. 21, 22 and 23 a portion of the dining room will be open from 9 a.m. until 3:30 p.m. It will be closed Dec. 24. On Dec. 28, 29 and 30 it will be open from 7 a.m. until 6:45 p.m. It will be closed Dec. 31, and on Jan. 3 it will be open from 11 a.m. until 2 p.m. and from 4 to 7 p.m.

The Oasis will be closed Saturday, on Dec. 21, 22 and 23 a portion of it will be open from 9 a.m. until 3:30 p.m. On Thursday, Dec. 24, it will be open from 8:30 a.m. until 1:30 p.m. On Dec. 28, 29 and 30 it will be open from 8:30 a.m. until 1:30 p.m., and on Jan. 3 it will be open

from 11 a.m. until 10:45 p.m. The Olympic Room will be open Saturday from 8 a.m. until 1 p.m., then will close until Jan. 3, when it will be open from noon through 11 p.m.

The bowling alley will be open from 9 a.m. until noon on Saturday, then will close until Jan. 3, when it will be open from noon through 11 p.m.

The bookstore will be closed Saturday; open Dec. 21, 22 and 23 from 8 a.m. until 5 p.m.; open Dec. 24 from 8 a.m. until noon; open Dec. 28, 29 and 30 from 8 a.m. until 5 p.m.; open Dec. 31 from 8 a.m. until noon; and closed Jan. 3.

Morris Library will be open on regular schedule all during the break, with the exception of Christmas Day.

Except for the two days after Christmas and Jan. 2, the library will offer full services until 5 p.m. After 5 p.m. and on those days mentioned only circulation service will be offered.

During the experimental period, after 5 p.m., only the library's south doors will be open.

Hours during which University offices will be open have not been announced.

# How the World Almost Missed 'The Night Before Christmas'

By Ric Cox

A Sunday school teacher once asked if someone in the class would volunteer to recite the Christmas story. Thereupon a young lad stood up and began to recite:

"Twas the night before Christmas, when all through the house,

"Not a creature was stirring, not even a mouse."

Thanks to the persistent efforts of the Church, we have yet to go so far as to adopt the poem as the official Christmas story, but, as the above incident shows, the poem has been most influential in shaping the concept of Christmas in the minds of children.

Yet this poetic sacrilege, if we can call it that, can hardly be blamed on its author.

For Clement Clarke Moore was reluctant even to accept credit for his poem.

The December, 1897, issue of Century Magazine says that Moore had written the poem in 1822 as a Christmas present for his children and was annoyed by the appearance of the poem in print, as he had not intended it for the public.

His reluctance can probably be attributed to his fear of ridicule, for in 1822 it was quite unheard of that a dis-

tinguished professor of Greek and Hebrew should be fooling around writing verse for children.

Though his devotion was to a study of the classics, Moore employed his leisure in writing verse, not for profit or publication, reports the magazine, but to "lighten his severer labors and amuse his children and friends."

It was with this purpose in mind that Moore, sitting before his fireplace on Christmas Eve of 1822, penned the words of the now-famous poem.

When he read the poem to his children the next day, they were delighted. But even more delighted was the daughter of a Troy, N.Y., bishop, who was visiting the family.

She was so struck by the poem that she took it from the pigeonhole where Moore had thrown it and copied it in her album. In the fall of the next year, she sent the verse to the Troy Sentinel, a local newspaper.

The poem was printed, without the author's name, in the Dec. 23 issue. From the newspaper it found its way to the school readers, and quickly became a great favorite with children all over the country.

For 15 years the readers, despite their pleas, remained

in the dark as to the name of the author, but in 1838 Moore's identity finally was disclosed.

And no doubt it was with some misgivings that, in 1844, he gave it a place in the volume of his collected poems. "A Visit from St. Nicholas," was the only poem in the book to be remembered.

Critics have said that the poem "lives not by right of poetry, but by its innocent realism and its direct appeal to the matter-of-fact imagination of childhood."

No story-teller before Moore had given children such an image of the mysterious St. Nicholas. Moore's word portrayal of Santa and his description of Santa's mode of transportation as a sleigh drawn by eight tiny reindeer was enough to make children fall in love with him.

If it weren't for Moore's gift to children—the poem—he might still have been remembered. He was the son of the Rt. Rev. Benjamin Moore, a distinguished prelate of the Episcopal Church and conspicuous citizen of New York at the time of the Revolution, who administered communion to Alexander Hamilton after the duel with Aaron Burr, and was one of the assistants at the inauguration of George Washington as President.

MADDURI RAO

Interested in Research

## Book Publisher From India Visiting Campus This Week

A book publisher from India is visiting the SIU campus to observe publication research methods used in a project in his native state.

The research was done by an SIU library lecturer and cataloger, David T. Ray.

The visitor is Madduri Narasimha Rao of Madras, who is visiting the campus Tuesday and today.

Rao has been touring the

United States since last September on a special grant from the State Department under the Specialist Training Program to study book publishing and distribution in this country.

Book distribution is of special interest to Rao because he is a partner in the M/s M. Seshachalam & Co. of Madras, India. This company is one of the largest publishing firms in southern India.

Rao's firm publishes mostly textbooks for high schools and colleges.

Books are published in three languages. Because of the number of different tongues spoken in India, English is the common language used for the printed page.

There is a growing need for the rapid distribution of books in India, he said. The population is primarily rural in southern India and this makes it hard for the people readily to purchase reading material.

India is ranked as one of the five top nations in book publishing, but is far behind in book sales, Rao said.

One new method Rao's company has started to use is a book club operation called the Home Library Plan, which should make it easier for people in rural areas to purchase reading material.

Rao's state of Telugu has a population of 35 million with a literacy rate of 23 per cent.

The Franklin Book Publishing Program, Agency for International Development, was host to Rao for 10 weeks this fall while he attended seminars on promotion, publicity, advertising and the physical marketing aspects of book publishing.

Currently Rao is touring college campuses around the nation to observe publishing techniques.

The reason Rao wanted to visit the SIU campus was to see Ray.

Rao assisted Ray when Ray visited India in 1963. He arranged for the compilation of an extensive statistical frequency study of printing in the Telugu language.

This material was subsequently processed at the University Data Processing and Computing Center to form the Telugu unit of a study completed by Ray for the Office of Research and Contracts, called, "Type Face Frequencies in Seven Indian Regional Scripts."

# Who Lit Fire For Santa ?

Over the river and to the woods, to grandmother's house we go . . . .

Ker-splash. The ice too thin and all hands got wet for the rest of the trip through the woods. Lost the horse and sleigh, too. Please buy a car, daddy, like the rest of the people.

'Twas the night before Christmas and all through the house . . . .

Nobody was stirring. They'd all beat it south for Christmas to soak up some sun in the Bahamas.

Jingle bells, jingle bells . . . .

Somebody turn off those blasted bells. They're driving me crazy.

When on the roof there arose such a clatter . . . .

Get those clumsy reindeer off my roof. Use the patio if you insist in breaking into my house.

Silent night, holy night . . . .

Get back to bed, you brats; Santa ain't here yet.

'Tis the season to be jolly . . . .

This is the bank calling. Your checking account is overdrawn, and you'd better get down here with the gelt.

Oh Christmas Tree, oh Christmas Tree . . . .

Get the extinguisher. The confounded thing's on fire.

On Comet, on Prancer, on Dancer and Vixen . . . .

### JUDY RHOALES DELIVERS A LETTER TO SANTA

This is your bookie calling. Did you say two dollars on Prancer to show in the 5th at Hialeah?

Visions of sugar plums danced through his head . . . .

I'd like to find the fink who put sugar plums in that punch. Woe is me; I've been poisoned. Gimme the bicarb; I'll never touch sugar-plum punch again, so help me.

Down the chimney he goes . . . .

Look, Whiskers, if I knew you were coming I'd have put out that fire. You could have done it the easy way; the front door was open. What are you, some kind of a beatnik?

# Johnson Transfers VTI Property to SIU

The Vocational Technical Institute campus near Carer-ville has been transferred officially from the federal government to Southern Illinois University by an authorization from President Lyndon B. Johnson.

The 138 acres, which once was the site of the Illinois Ordinance plant, has been leased by the University until now.

Now that SIU has acquired the property it will be able to start construction of per-

manent buildings. A \$2 million permanent building item was included in the \$36.8 million capital improvements budget request for 1965-67 approved by the SIU Board of Trustees last Saturday.

# Congress Could Halt Reserve-Guard Plan

WASHINGTON (AP) — Congress, if it wants to, probably can block the Pentagon's plan to merge the Army Reserve into the National Guard, a defense official has conceded. He called it a knotty legal question.

Loud protests from Congress, especially members of the Armed Services Committees, have been aimed mainly at Secretary of Defense Robert S. McNamara announcing his plan without first asking formal permission of Congress. Objection to the details may come as the details become known.

These points emerged from comments by defense officials: —The reorganization will be a slow process. The list of units to be retained won't be ready before February. Takeover by the Guard of Reserve units should be accomplished in a year. The goal is to complete the revolutionary reshuffle of citizen soldiers in 16 months.

—The eight high-priority Guard divisions will be reorganized so that a state that now has three brigades of a

division might have just one. The other two would be assigned to other states.

—Youths who are required to be in the Reserve after serving on active duty would no longer be required to drill weekly with a unit. If they choose not to join a Guard unit they would go into a pool but still subject to being called up. They could be required to take two weeks of summer active duty training as unit fillers.

This would apply to those who enter the six months active duty-Reserve program, those drafted for two years and those who enlist for three years. Each program has a six-year total military obligation.

Among the unanswered questions was what will happen to the college ROTC training program which over the years has produced officers for the reserves.

# Labor Unions, Steel Firms Begin Talks

PITTSBURGH (AP) — Labor contract negotiations vital to the nation's economy have opened between the United Steelworkers Union and the basic steel industry.

The formal start of bargaining came Tuesday after an exchange of statements in which each side criticized the other.

A total of some 300 unions and management representatives were participating in the U.S. Steel negotiations alone.

Both sides agreed to start bargaining in advance of Jan. 1 when the USW formally plans to reopen the contract.

The significance of the Jan. 1 date is that some USW 450,000 members in basic steel would be free to strike 120 days later—May 1—if no agreement is reached.

The initial talks were concerned primarily with local plant problems such as grievance procedures, production work by shop foremen, and the farming out of production jobs.

President Johnson has expressed the hope that a settlement can be achieved which would not prompt the industry to hike prices and set off possible price spirals in other industries.

## Sen. Kennedy Leaves Hospital

BOSTON (AP) — It's out of the hospital and home with his family for Christmas for Sen. Edward M. Kennedy, D-Mass., who is planning to

walk outdoors today for the first time in six months.

Kennedy is leaving the New England Baptist Hospital to fly today to Palm Beach, Fla., with his wife, Joan, and their two children, Kara, 5, and Edward Jr., 3.

He is to leave the hospital exactly 180 days after the plane crash in Southampton last June 19 in which his back was broken. So were three ribs and he suffered cuts, bruises and internal injuries.

Doctors say he is all healed now, though he will have to wear a back brace for a while. Kennedy has been practicing for that trip the last couple of weeks after he was moved out of an orthopedic treatment bed in which he had been strapped since the crash.

There were a few tentative steps in his hospital room, short walks on an adjoining porch, then a trip down the corridor a week ago to greet, and surprise, his father, former Ambassador Joseph P. Kennedy when he emerged from an elevator for a visit.

# Saluki Gymnasts to Compete In East-West Championships

SIU gymnasts, with their dual meet victory streak momentarily resting at 28, will be competing in the East-West Championships Dec. 26-30 in Tuscon, Ariz.

Although the team's championship won't be at stake in this meet, individual honors will be up for grabs.

The Saluki gymnasts completely dominated last year's meet, winning five of the seven events.

Bill Wolf was the big man for the Salukis. He captured all-around honors as well as a first on the parallel and high bars and a second on the rings.

A little-known sophomore and an inexperienced freshman also made their appearance felt at the meet.

Brent Williams was the sophomore, and he took a first in the tumbling event. The freshman, Frank Schmitz, captured first place on the trampoline.

Schmitz has already proven his value to coach Bill Meade's

gymnasts this year. He was instrumental in the Salukis' victory over the University of Denver last week.

In that meet Schmitz finished first in the free exercise and the trampoline and took second in the long horse.

Williams, now a junior, has been used sparingly by Meade this year because of a knee injury. He has looked impressive on the trampoline, finishing third in the Denver meet. Meade hopes to use him in the free exercise in this meet.

Meade will use Mike Boegler on the side horse and Tom Cook on the rings. Schmitz will return to defend his trampoline championship and will

also work the free exercise and the long horse. Larry Lindauer will be Meade's all-around performer.

Since this is an open meet, two of Meade's freshmen along with assistant coach Rusty Mitchell will perform in the meet.

Dennis will work the rings, the parallel bars and the high bar. Hardt will be competing against Schmitz on the trampoline. Mitchell will be an all-around man.

## Southern Matmen to Compete In Open Tourney at LaGrange

With their disappointing performances in the Bloomsburg State College behind them, Southern's wrestlers next turn their attention to the LaGrange Open Wrestling Tournament to be held Dec. 29-30 at LaGrange.

The meet will feature wrestlers from most of the big wrestling schools in the country.

Southern, who finished second to the University of Michigan in last year's meet, had winners in three weight classes. Terry Finn won the 123-pound class, Dennis McCabe the 191-pound class and Larry Kristoff the heavyweight class.

Don Millard finished second in the 177-pound class and Dan Divito, the only returning member on this year's team, took third place in the 147-pound class.

Varsity members whom coach Jim Wilkinson plans to use in this year's meet are captain Don Devine, Divito, George McCreery, Bob Herkert, Alf Harem and Dan Gesky.

Devine will move one weight class higher than he usually wrestles when he competes in the 123-pound class.

The other varsity members will wrestle in their normal weight class with Divito holding down the 147 class, McCreery the 157-pound class,

Herkert the 167-pound class, Harem the 177-pound class and Gesky the 191-pound class. Wilkinson will also use several of his freshmen in the meet to give them additional wrestling experience.

Three of the freshmen, Larry Baron in the 130-pound class, Dave Pforr in the 137-pound class and Antone Kusmanoff in the 147-pound class, will be eligible for varsity competition next quarter.

The freshmen along with last year's winners, Finn and Kristoff, will enter the meet unattached.

## Technology Leads

### Faculty Bowlers

Technology II moved into first place in the Faculty-Staff Bowling League Monday when they walloped Housing 4-0.

Wayne Bryant bowled a 520 to pace the new leaders.

The Alley Cats came from behind to defeat Chemistry Keglers 3-1, knocking them out of first place.

Industrial Education also had to overcome the first game deficit to defeat VTI 3-1.

Rehabilitation defeated the Spares 3-1, University Center upset Agriculture 4-0 and Counseling and Testing defeated Data Processing 4-0.

Impressive Newcomers

# Cagers Head Home With 4-2 Record

Southern's basketball team can head home for the holidays this week feeling confident about their play in the first six games of the season. Last weekend's victories over Tennessee Tech and State College of Iowa give the Salukis a 4-2 record.

This is quite an improvement over last year's team which had a record of 0-4 going in the Christmas break. And if the two games we lost could have ended with seven minutes to go, the Salukis would be undefeated. Southwest Missouri and Kansas State came back to win on rallies.

The Salukis have been very impressive in winning all four games at home, and have outclassed the opponents in almost all respects. Probably the biggest win was the victory over highly-ranked Oklahoma State 78-55. In this one the Salukis broke through the Cowboys' defense and beat them at their own game.

Good depth and fine play by some of the newcomers have been partially responsible for Southern's success so far this year. Coach Jack Hartman has been able to go to his bench for help when he needed it. In fact, three of the players who had been used as reserves earlier have now moved up into starting berths.

One of them is forward Walt Frazier. The 6-4 sophomore won a starting assignment in the Kansas State game

and came through by leading the Salukis with 17 points and 15 rebounds.

His highest scoring game so far was Friday night against Tennessee Tech when he poured in 23 points and led the team with eight rebounds. He is now the third leading scorer with 68 points, and is tied with another new starter, Ralph Johnson, for the team lead in rebounds with 46.

Johnson moved into the starting five last week when center Boyd O'Neal came down with the flu. The 6-7 sophomore has become one of the favorites with the fans for his hustle. His play last weekend when he scored 20 points and pulled down 17 rebounds gives him a good shot at future starting spots.

The other new starter last week is Bill Lacy. The six-foot guard, transferred here from St. Louis U., has come through as the fourth leading scorer with 42 points.

George McNeill is still the leading scorer for the season with 93 points for an average of 15.5 per game. The 6-2 junior has made 35 of 71 field goal attempts and has been even hotter at the foul line with 23 free throws in 27 tries.

He is followed in scoring by Joe Ramsey who retained his spot as the second highest scorer. The 6-5 senior from Sandoval has 72 points so far, and is being pressed hard for second highest spot by Frazier who now has 68 points.

# Saluki Frosh Team Downed By Paducah in Close Game

Southern's freshman basketball team lost its season opener 63-59 to Paducah Junior College cagers Friday night.

It was a close one all the way, but the Indians held on to a slim lead to take the victory. Paducah led 31-29 at the half, and could never build up enough of a margin to feel comfortable.

The victory was the third in four games for the Indians who had the advantage of three previous games' experience over the Saluki yearlings.

Larry Underwood paced Southern's scorers with 14 points. The 6-1 guard from Murphysboro was followed by Bobby Jackson, another guard, who had 13 points. The pair also tied for the lead in rebounds with nine each.

Forward Jay Westcott of Belleville came in third in scoring as he hit for 10 points.

Bob Vannerson of Paducah

### Club Holds Party

A Christmas party for collegiate and alumni members of the Sphinx Club was held at 9 p.m. Thursday in the Banquet Room of the LBJ Steakhouse.

was high man for the game with 17 points. He was followed in scoring for the Indians by Eugene Jones with 12 points.

The frosh will be out for revenge this weekend when they travel to play in the Paducah Tournament on Saturday.

# 2 Tennis Players To Enter Match

Two of SIU's freshman tennis players will be competing in tennis matches over the Christmas holidays.

The players, Jose Villarte and Johnny Yang, are both from the Philippines and will be representing their country when they compete in the Orange Bowl tennis tournament and the Sunshine Cup matches at Miami Beach later in the month.

Villarte was the No. 1 ranking tennis player, aged 18 and under, in the Philippines. Yang was ranked fourth.

A third freshman tennis player, Mike Sprengelmeyer, was also invited to attend the matches, but is currently sidelined with a broken arm.
