University housing officials are currently studying housing costs, in order to determine whether or not housing rates will be increased for next year.

J. Albin Yokie, coordinator of housing, said in reply to the rumor that housing rates are being raised, that the matter of costs and rates is being studied in all of the housing areas, but it is too early to make any definite statement.

He said that he had no idea as to the possibility of the rates being increased.

Yokie pointed out that the University reviews such matters carefully and that no increase in present rents and that a study of the current situation does not necessarily mean an automatic hike in rents.

The past two weeks rumors have been circulated in both Southern Hills and Trumbull Towers that couple both married and single students will be increased.

Yokie further commented that the committee which is investigating projected housing costs will make its recommendations to the Board of Trustees at its board's next meeting, March 6.

The final decision concerning an increase will be up to the board.

Housing rates remained the same this last year, but increased rates went into effect in September, 1962, Fred Oakley, assistant to the director of residence affairs.

Students Faint Injured in Fall

An interior design student from Ottawa suffered several broken bones when she fainted during a 1 p.m. class in the Home Economics building.

The student, Latis Pfolsgrof, was taken by ambulance to Carbondale Memorial Hospital after emergency treatment. She was later released.

According to a spokesman for the College of Clothing and Textile, Dr. Don Pfolsgrof was in the Hospital immediately following the incident. He was sitting on a 5-box high stool at a drafting board when he blacked out and fell. He was taken to the hospital by a med student.

Judges declared a temporary tie in the male division between Lawrence Seidman of Felts 1st and Mort Wright of First 1st.

The tie will be broken this week when representatives from each of the two floors will appear before a panel of judges to give an increased responsibility to the excellence of their resident fellow. The winner will be announced by the chairman of the Thompson Point news office.

Winners were selected from six finalists who were chosen earlier in a primary election among Thompson Point residents. Final selection was based on an essay written by the supporter of the candidate.

Miss Shorb is a senior majoring in English, from Fairford, N.J. She was chosen in a primary election in the Thompson Point news office.

The essay, written by the president of the floor, praised her for her security she provides her fellow students.

"Miss Shorb is a positive and friendly person," the essay said. "Her presence is a source of warmth to the people around her."

Thurber Tickets Still Available

Tickets for a "A Thurber Caravan," which will consist of a series of sketches taken from the tales of James Thurber, are available at the University Center information desk.

The program was presented at 8 p.m. Feb. 21, at the Memorial Student Center. There will be no reservations for this event, which is open to the general public.
Satire to Be Presented In Intimate Theater

By Judy Roales

"I came to town expressly to propose to Gwendolyn," said the bard, "and continued the scene."

"Oh, I thought you came to frolic -- I call that work!"

The actors chuckled to each other and continued the scene. It sat the last row of seats in Muckelroy Auditorium. It was early; the rehearsal was just getting into full swing. The lights were bright. The bare concrete floor and empty seats were littered with props and notebooks and cost."

"Five muffins on that tray, so more," the producer called to his assistant at the close of a tea party song and dance number.

"Ernest in Love" is probably the first presentation of its kind on the Southern campus. It is entirely produced, directed and staged by students. It operates on a minimum budget of $1,000 furnished by the Student Activity Funds.

Dennis Immel, the producer-director who organized the "Ernest," undertook the project because he felt that musical comedy was not available to the campus except for the summer Opera Workshop presentations and that with the exception of the one act plays produced by graduate students in the Theater Department, there was no outlet for student directing.

"You can only learn by doing," he said, "I wanted to try my own hand at it; I wanted a show calm and I wanted to give the singers on campus an opportunity to do something besides opera. And, as important as any other reason, I wanted to provide a different type of entertainment for the campus."

And so, work began in earnest on Jan. 2 this year. The intimate production opened at 11:30 and 7:30 p.m. on two Sundays, Feb. 23 and March 1, in the University Center Ballroom.

The musical comedy "Ernest in Love" is, according to Oscar Wilde, "a trivial play for serious people." Immel calls it "a war of words and music."

"I thought you came for our new comedy 'Catch a Falling Star.'"

"No," the producer replied. "I'm not interested in your musical. I'm interested in 'Ernest.'"

"I'm sorry," said the producer, "but I'm sure you will find the play to your liking."

"Ernest in Love" is a combination of love and the scenery on the second floor of the auditorium. It is furnished by the Office of Student Activities.

Activities

Briton Will Lecture; Players to Rehearse.

William Fagg from the British Museum in London will speak at 7:30 in the Studio Theatre. He is sponsored by the Anthropology Department.

The American Marketing Asso- ciation will meet at 10 a.m. in the Library Lounge. The Judo Club will meet at 5 p.m. in the Quonset Hut. The Southern Players will rehearse at 5 p.m. in the Studio Theatre.

The Iranian Student Association will meet at 5:30 p.m. in Room E of the University Center.

Inter-Varsity Christian Fellow­ship will meet at 10 a.m. and 6 p.m. in Room B and F of the University Center.

Interpreter's Theatre will meet at 6:30 p.m. in Davis Auditorium, Room C of the Education Building.

Kappa Alpha Psi will meet at 7 p.m. in Room 107 of the Home Economics Building.

The American Chemical Soci­ety will meet at 7:30 p.m. in Room 111 of Parker Hall.

The Women's Recreation As­sociation and Mousetrap Dance Club will meet at 7:30 p.m. in the Women's Gymnasium.

The Sopheological Society will meet at 8 a.m. in Room D of the University Center.

Circle K will meet at 8 p.m. in Room B of the University Center.

Coed Archery will take place at 8 p.m. in the Women's Gymnasium.

Alpha Kappa Psi will meet at 9 p.m. in the Library Auditorium.

The Judicial Board will meet at 9 p.m. in Room E of the University Center.

Theta Xi Variety Show will rehearse at 5:30 p.m. in Furr Auditorium in University School.

Women's Recreation Association's House Basketball will meet at 4 p.m. in the Women's Gymnasium.

The Rehabilitation Institute will meet at 7 p.m. in the Agriculture Building Seminar.

"Ugly Man Contest" voting

Theta Xi Elects Harding, 9 Others

John Harding is the new Theta Xi fraternity president, Others elected are Bob Anderson, Clester, New Jersey, vice president; Jimmie Rogers of Oakwood, external vice president; Gary Libbenton of Chicago, treasurer; Ned Godfrey of Calumet River, social chairman; Joseph Taylor of Decatur, pledge master; William Hamner of Blooming­ton, corresponding secretary; Shirley Yorks of Pleasant Plains, scholarship chairman; Jack Dehussen of Chatsworth, steward; and Richard Greg of Centralia, house manager.

Here they are in all their splendor--the candidates for the Ugliest Man on Campus title.

Donald Eason of the Round House is sponsored by Kellogg Hall. In a campaign speech for his supporters assert, "Our ugly man is so ugly he's even passed General Studies physics because there wasn't one instructor who could stand his face another term. In fact, he's so ugly that they wouldn't even let him take ROTC. Friends, that's ugly!"

Another candidate, Jack Schiltz of Warren Hall, sponsored by Bowyer Hall, is de­scribed by his campaign managers as "Jack the Wetback." In a letter to the Daily Egyptian his interesting back­ground is brought to light: "Jack the Wetback sprung up full grown at the age of five live from the alline and sea­eed at the bottom of the Marlinland turtle pits. After the turtles threw him out and subsequently the ovals, the sharks and the porpoises, his life became a void of wander­ing. Then he came to SIU where he was anthropologically re­ceived by the girls at Bowyer Hall as the most promising candidate for the ugliest man on campus. How can we lose?"

Rodman of Baldwin Hall, in a glowing report concern­ing their candidate, Larry McDonald of Abbott Hall declared; "Our candidate is the only campus politician as blunt as Harry Truman, as successful as Richard Nixon and as nasty as Barry Goldwater. He is also the only politician with a con­
Man-and-Wife Research Team

Gets $67,950 Grant for Study

A man-and-wife research team at SIU has received a $67,950 grant from the U.S. Public Health Service for a three-year psychological study of error in observation. Loren Chapman, associate professor who will head the project with his wife, Jean, said the study is aimed at improving clinical psychology by isolating sources of error in clinical practice.

The project is a continuation of work started by the couple at the University of Kentucky, where they taught before coming to SIU in the fall of 1962. Both Chapmans earned their degrees from Northwestern University.

Collaborating with them in the research is Glenn Miller, a doctoral candidate in psychology who studied under the Chapman's at Kentucky. He came to SIU to complete work on his doctorate.

The Health Service grant was awarded through the National Institute of Mental Health.

**Phi Eta Sigma Grants Available**

Two scholarships worth $300 are available to members of Phi Eta Sigma fraternity for graduate work. Students should apply before Feb. 22.

The scholarships are awarded through the national Phi Eta Sigma Fraternity and are granted after consideration of the student's scholastic record, creative ability, financial need and personality. Graduating seniors who are interested can contact Clark Davis, director of student affairs, Part II of the application blank can be picked up in the Office of Student Affairs anytime.

AD VISITORS — Donald Hileman, associate professor of journalism and advisor to Alpha Delta Sigma professional advertising fraternity, visits with visitors about the Daily Egyptian. The men were on campus in connection with Advertising Recognition Week. They are (left to right) David Waltrous, president of the Earl Ludgin Company; Hileman, Earl Ludgin, and George Friesch, director of research.

9 Home Ec Students to Visit

St. Louis Plants on Field Trip

Nine home economics students will visit two institutional equipment manufacturing plants, a new hospital and a cafeteria in St. Louis Friday, as a field experience which will be included in their course in institution equipment and local foods.

The course is taught by Henrietta Becker, lecturer in food and nutrition, who formerly headed the diabetic department at Barnes Hospital in St. Louis.

The group has already visited officers elected for DeMolay Club

John Zink of Springfield was named chairman of the newly organized Jacques DeMolay Club at the charter membership meeting Thursday.

Other students elected to posts included Thomas A. Spreitler, vice-chairman; Albert Hall, treasurer; Howard Benson Jr., general director, and Paul D. Coomus, publicity.

The new group will help arrange for the jurisdictional De Molay Conclave slated for April 4 at St. Louis Friday and a second DeMolay Conclave slated for April 5 at St. Louis Friday.

Will Hall, associate professor in the printing and photography department, is the organization's advisor.

Charter members include John Guleserlan, Timothy Smith, Rodney Hunt, George Watson, Joe Parker and Dave Ball.

The next meeting is slated for Feb. 27.

Patrolling Woods

Is Boys' Penance?

Two male students will spend the next two weekends learning that patrolling the Thompson Point woods is no easy task.

The Office of Student Affairs said Monday that the two were caught trying to destroy one of the lights in the woods by shaking the standard.

The office decided that the two would benefit by accompanying Campus Police for 20 hours. They will patrol for 20 hours, five each on the next two Friday and Saturday nights.

In this box, give information about the person who will receive the paper.

**U Thant Talks to U.N. Diplomats On Cyprus Force Without U.S.**

UNITED NATIONS, N.Y. — Secretary-General U Thant told diplomats Tuesday that a plan to send a peace force to Cyprus would proceed without U.S. participation, and that a permanent settlement would be sought with Turkey and Greece.

Secretary Thant suggested that Turkey and Greece would become involved in a military clash over the island if the United Nations imperiled the North Atlantic Alliance, but tension eased somewhat at the United Nations as diplomats expressed a new willingness to work out a settlement acceptable to all sides.

Apparently Commonwealth countries at the United Nations had not yet been apprised of Thant's suggestions to diplomats in Turkey and Greece, according to some nonaligned nations, including Yugoslavia, had been scouted out on the idea.

**TEXAS TO ASK DEATH FOR RUBY**

First on Jury List Rejected

DALLAS — Defense attorneys in Jack Ruby's murder trial rejected the first candidate for the jury Tuesday with a peremptory challenge.

A moment earlier, the state accused Ruby in murder of Lee Harvey Oswald, accused assassin of President John F. Kennedy.

Belliri earlier stoned an angry bystander from the steps when he argued that under Texas law a "witness" to a crime was not qualified to sit on the jury hearing it. He had established that Stone, 35, had been the shooting of Oswald on television.

The state's attorneys de nied Belliri's interpretation of the Texas law regarding a witness.

**Two-Man Gemini Space Flight Scheduled for Late This Year**

WASHINGTON — Fifteen of the 29 astronauts who have completed general training for Project Gemini, and the first manned flight of the two-man spacecraft will be made late this year, the National Aeronautics and Space Administration said Tuesday.

Dr. George E. Mueller, NASA associate administrator for manned space flight, said detailed planning for the first Gemini mission—an unmanned flight scheduled for early this spring—is completed, and planning is well along for flights No. 2 and 3.

Mueller told the House subcommittee on manned space flight that the first manned orbital flight of the three-man Apollo spacecraft—a larger vehicle designed ultimately for flights to the moon and back—Gemini will have accomplished 860 hours of manned flight.

This will include three missions of long duration and air, for the practice of rendezvous with other spacecraft.

**Gabon Coup Fifth In Africa in 1964**

BRAZZAVILLE, Congo Republic— Military rebels overthrew Gabon's President Leon M'Ba in a midnight coup and quickly imposed a civil rights measure is certain to set off, the party chiefs from the Democratic Leader Mike Mansfield pre sented a new economic bill in the Senate we will be on the civil rights bill.

"I rather anticipate that when the civil rights bill we will be on it for not weeks but for months," the Montana Senator said.

The party chiefs from the Capitol had been expected to seek a decision from President Johnson on whether to deal first with wheat-cotton legislation which the administration also wants—or move quickly into through both. But the civil rights measure is certain to set off, the Montana Senator said.

The months of talk on civil rights legislation which would pred icted would push the farm bill into the 1965 session for much this effect this year.

**EVOL SPELLED BACKWARDS IS LOVE**

They met. His heart leapt. "I love you!" he cried.

"Me too, hey!" she cried.

"Tell me," he cried, "are you a girl of expensive tastes?"

"No, hey," she cried. "I am a girl of simple tastes."

"Good," he cried, "for my cruel father sends me an allowance too large for me to spend in a month."

"Money does not matter to me," she cried. "My tastes are simple; my wages are few. Just take me riding in a long, low, yellow, glittering little car."

"Goodbye," he cried, and ran away as fast as his little stumpy legs could carry him, for he had no yellow car, nor the means to get the money short of picking up his stingy father by the neck and shak ing him till his wallet fell out.

**On Campus with Mr. Shinbaum**

"I want fresh and I want relishing," she admitted.

"Know me and I must forget this girl, but lying on his pulpit at the denominational, whispering to the child he knew not would not."

At last an idea came to him: though he did not have the money to buy a convertible, perhaps he had enough to rent one!

He retraced, he rambled on little legs (enough to tell, he was six feet tall, but all his life he suffered from little stumpy legs) he rushed, he said, to an automobile rental company and asked a yellow, glittering little car that cost one a mile. Then, with much a laugh and cheer, he drove away to pick up a girl.

"Oh, bully!" she cried when she saw the car. "This misty simple tastes in a T. Come, let us speed over rolling highways and sing like a deadly hawk.

Away they drove. All that day and right they drove and finally tired, but happy, they parked high on a wind-swept hill.

"Marlboro?" he said.

"Yum, yum," she said.

They lit their Marlboros. They puffed with deep content ment. "You know," he said, "you are like a Marlboro—clean and fresh and relaxing."

"Yes, I am clean and fresh and relaxing," she admitted. "But, all the same, there is a big difference between Marlboros and me, because I do not have an offensiveness while Scotch taster."

They laughed. They kissed. He screwed. "What is it, hey?" she asked, her attention aroused.

"Look at the speedometer," he said. "We have driven 200 miles, and this car costs ten cents a mile, and I have only 30 left."

"But that is exactly enough," she said.

"Yes," he said, "but we still have to drive home."

"Oh," she said. They fell into a profound silenter. He started the motor and backed out of the parking place.

"Hey!" the girl cried. "The speedometer doesn't move when you are backing up."

He looked. It was true. "Eureka!" he cried. "That solves my problem we will drive home in reverse. Then no man will register on the speedometer and I will have enough money to pay!"

"I think that is a amusing idea," she said, and she was right. Because today her in the county jail where food, cloth ing, and lodging are provided for free, and his allowance is piling up so fast that in two or three years he will have enough money to take his girl riding again.

*Associated Press*
Yugoslav Defends Nation's Policies Against Criticism From Red China

This book is a collection of essays written by Hoyt W. Varney, who questioned the validity of the Chinese Communists' attacks on Yugoslavia's domestic policies. Since 1949 Russia has become Communist China's principal adversary, and the Chinese thought that the Yugoslavs would eventually succumb to the "true Marx-Leninist" ideology.

In 1960, this series of essays appeared in a Yugoslavian newspaper, which may be harmful to the Yugoslav government, which is dominated by the communists.

These two questions posed by Kardelj in the introductory chapter were carefully answered in the course of the main part of the book, by means of a detailed description of the Chinese concept of socialism and war, and by means of a comparison of the Yugoslav system with that of the Russian system.

The last chapter deals with the relationship between the capitalist and socialist groups, and with the problem of the overlap of the two systems, which is closely related to the question of the inevitability of war. The first part of the chapter deals with the question of the extent to which the tendency toward a common cause can be found on the side of the socialist group.

The conclusion of the book is that the Chinese tendency toward socialism is not based on any deep and genuine conviction, but on a superficial and facile belief in the无敌 capability of the Chinese people.
They Count Those Calories

**Key to Success for Girl Gymnasts**

Is Hard Work, and Plenty of It

By Marsha Purdum

Coaching a team of six lovely girls is not the heavenly job many people would think, according to Herb Vogel, coach of the Southern Illinois University Women's Gymnastics team.

"Girls are not born with the competitive spirit that is associated with boyhood. Consequently, they must be pushed harder to attain this mental conditioning. They must not only be encouraged to compete as a team, but to compete with each other," Vogel said.

"I do not perform to other people," Vogel said with justifiable pride. "However, the training is tedious besides involving a social sacrifice. Many times during their lives these girls must ask themselves, "Is it worth it?"

"So much of the daily practice time is spent going over basic skills that it easily becomes boring. The girls tend to get fatigued and depressed any way even break down emotionally. They must be pushed hard to attain a point of mental and physical stability." Vogel explained.

"Observers are many times amazed upon viewing a prac­tice and realizing that this is not just a job but a passion," he said.

"All of our girls are capable of making one of these teams," Vogel said with justifiable pride. "However, the training is tedious besides involving a social sacrifice. Many times during their lives these girls must ask themselves, Is it worth it?"

"So much of the daily practice time is spent going over basic skills that it easily becomes boring. The girls tend to get fatigued and depressed any way even break down emotionally. They must be pushed hard to attain a point of mental and physical stability."

Vogel said that one of the greatest problems the six girls on his team have is with their diet. Sometimes their diet is restricted to only 500 or 800 calories a day, he explained.

"If our girls just can't make mistakes," remarked Vogel, "Judging is not completely objective because it is an evaluation of a performance by other people. The marking ultimately for these girls is not about winning or losing but how well they are doing and how successfully they are progressing."

"Another question is how does all this practice affect their studies? "Every girl on the team has a 3.5 average or better," Vogel noted. "Two of them are here on academic scholarships and another will be entering the fall on an academic scholarship."

"One might wonder how Vogel got all these talented girls together. Jamie and Judy Dunham and Donna Schaenzer came to Southern from Vogel from Flint, Mich."

"It was a choice of coming to Southern or me," he said, "for letting their gymnastic training float for a few years." Vogel pointed out the high school girls are many times amazed upon viewing a practice and realizing that this is not just a job but a passion.

Vogel, a top-ranking gymnastics coach, began his own career at Indiana, University and later married a gymnast, who at age 19 was ranked 7th in women's national competition.

For Communications Workshops Set

High school students can obtain classroom and practical experience in their choice of five fields of communications during four full weeks of workshops at SIU this summer.

The annual SIU Communications Workshops, to be held July 5 to Aug. 1, will be for students interested in speech, photography, theater, journalism, and radio-television. Co-sponsored by Mrs. Marion Kleinau, workshops coordinator.

Mrs. Kleinau, a member of the SIU Department of Speech, said letters will be mailed mid-June to high school administrators in Illinois and Nebraska, and schedules of workshops will be dispatched later this month.

Room and board, in Thompson Point residence halls on the campus, will be approximately $90 for the four weeks.

Off-Campus Title

Decided Tonight

The men's intramural basketball tournament has moved into the fourth round of battles to decide the division champions.

In the off-campus division semifinals, the Teca whipped Illinois-Monroe, and Tuba's Tigers knocked off the Stags. The teams of these great clash tonight to decide the off-campus championship.

The girls' intramural basketball tournament is not complete. Southern Acres Road will continue tonight for the championship.

What could be a more perfect gift?

Men's Gym to Yield To Time, Progress

By Alan Goldfarb

The old place will soon be no more!

Good riddance, old Men's Gym. On Friday, Feb. 28, you will have seen the last intercollegiate athletic event take place in the confines of your grimy, dilapidated walls.

The Men's Gym, which was so unfortunatly med, yielded to the SIU Arena next year, where the varsity basketball, gymnastics and wrestling teams will have room to spread their muscular arms and legs and perhaps spread their athletic ability all over the county.

The Men's Gym has spawned perhaps what will soon be a major athletic program.

The Men's Gym has seen the great Charlie Vaughn score most of his 2,088 points and it has seen Kelly Cole.ind his 1,000. It has seen the last of the Salukis in action.

The Men's Gym was the cradle that sent five SIU basketball teams on to five National Collegiate Athletic Association post-season tournaments. The old place was the home of the SIU gymnastics team that has been victorious in 24 straight dual meets and runner-ups in the NCAA championships for three years running.

Robbery Accusation Denied by Students

A case involving an alleged strong-arm robbery will be turned over to the state's attorney's office, according to the office of Student Affairs.

An office spokesman said that a student reported to Carbondale and Campus Police that on Feb. 8 two other students attacked him, threw him to the ground and emptied his wallet of $21.

The student summoned police and they went to the home of the accused. Police said that the student could not identify his assailants that morning, but later made positive identifications.

The two accused students denied robbing the complainant. The students said that the complainant had bumped into them on the sidewalk and a scuffle ensued. Police said that all three had been drinking.

Educational Council Plans March 12 Hearing

The Educational Council of 100 is laying the groundwork for a hearing to be conducted at SIU March 12 by the Illinois School Problems Commission. Russell D. Rendleman, executive secretary of the council, said that the commission sent him a list of seven principal topics which it will study, then make recommendations. They include district reorganization, needs for technical revision of school law, inter-relationship of state, county and local administration of the common schools, state aid, methods of acquiring adequate revenue, liabilities of school and school insurance and bonding of school officials.

Rendleman said he is sending the list of topics to the county superintendents in the 31 counties comprising the Educational Council of 100. On Feb. 19 a preliminary meeting will be held at SIU, to plan presentation of the topics to the state commission.

The Educational Council of 100 was formed to promote education and the economic betterment of southern Illinois.
