**Machine Will Speed Up Sectioning**

Negro Status Panel Slated For Tonight

The Newman Center will present a discussion, "Progress or Chaos: American Negro, 1965," at 8 p.m. today in Memorial Library Auditorium. The topic will be discussed by panel of graduate students, moderated by Conrad C. Krauf.

Panel members will be Mary Ellen Crouch, Janet R. Bleem, Dorothy A. Evans, Ronald D. Smith, Ronald L. Smith, David A. Hansen and Raymond Skaggs.

Chairman of the program will be Ronald R. Caruso. The Religion-in-Life Week is an annual event sponsored by the Interfaith Council, which consists of the Christian Science Organization, the Episcopal Foundation, Inter-Varsity Christian Fellowship, Jewish Student Association, Lutheran Student Association, Wesley Foundation, Newman Center, Baptist Student Union, Student Christian Foundation, Channing Club and Eastern Orthodox Church.

**Hinkle Released On $10,000 Bond**

Donald Lee Hinkle, 35-year-old Carbondale man, charged with the slaying of an SIU student last month, is free on $10,000 bond.

Hinkle, who has been in the Jackson County Jail since he was arrested Dec. 23, was released Monday after his mother posted a $1,000 cash bond under the state's bond.

He was indicted Jan. 7 on a charge of voluntary manslaughter in the death of Charles M. Douhett Jr., 21, an SIU junior from Chicago.

The student's body was found in a ditch beside Old Route 13, three miles east of Carbondale. He had been killed by a blow to the back of the head.

Witnesses said they had seen Hinkle and Douhett together several hours before the student's body was found. A mental hearing has been requested for Hinkle.

**Student Services Post Filled**

Clarence Hendershot has been named assistant dean of International Student Services.

The former chief education adviser for the United States Operation Mission to Korea and the Agency for International Development Mission to Iran has been on the SIU campus since November.

Hendershot said he would continue foreign student programs under way and seek to improve the orientation program for new foreign students.

Hendershot received his doctorate in 1936 from the University of Chicago.

**New Process To Cut Waiting**

A new machine process is expected to speed up sectioning in the spring quarter, according to Robert A. McGrath, registrar.

The machine will make the sectioning process more accurate, and speed up the flow of registration information.

We hope that the machine will be in full use by today or tomorrow," McGrath said. "The process is taking more time in these first few days, while personnel become acquainted with the process and with machine operations.

Students will now have to make appointments for sectioning, at least for the first few weeks of this quarter, to avoid congestion in the sectioning center.

"Advisers can process students faster than they can be sectioned," said McGrath, and appointments will, therefore, minimize students' coming to sectioning and then waiting. During the first few weeks of the advance registration period, which ends Feb. 18, students may delay their registration material at the center and come to the room without their being present for the process.

With this system a majority of students, particularly graduate students, should not even be involved with the sectioning process.

The period for advance registration for spring quarter will be extended at least to the closing of winter quarter, according to McGrath. The previously announced deadline for registration was March 9. Additional days will be provided if necessary.

"Continuing students need to realize that with the late spring quarter the University is operating on a system where they will need advanced registration," McGrath said. Continuing students will no longer be given a time to register as the beginning of a

**Forget Horns, Noisemakers**

Sack Lunch, Ear-Eye-Throat Exercise Are Few Tips for Evansville-Bound Fans

SIU students making their first trip to a game in Evansville should keep several things in mind before taking off tonight's game.

Probably the most important thing is that Evansville is still on Central Daylight Time. That means the game will start at 7 p.m., Carbondale time.

Second, the five bonus sponsored by student government will leave the main entrance to the University Center at 4 p.m. The bus will not stop going to or returning from Evansville, so students should take sack lunches.

Students must have student government receipts for the ride before they can board the buses. The $3 fee for the ride does not include a ticket to the game. Student tickets for the game should have been purchased at the Arena.

Third, be aware of noisemakers, disposable food containers, wearable objects and horns, including the rally horns, cannot be taken into Evansville's Robertson Municipal Stadium. Police will check for such items at the gates.

Fourth, it might be a good idea to exercise the ear lobes and car drums on the way to the game. With 13,000 fans expected to be on hand, things will be noisy to say the least.

Evansville fans are known for their noise and enthusiasm. The town's main claim to fame during that part of the season, thanks to the city's barbecue, is the "barbecue capital of the world."

But fame switches from barbecue to basketball in early December. Evansville College has an enrollment of under 3,000, but the stadium is often packed with crowds upwards of 3,000 throughout the season, thanks to the city's support.

Another thing to remember is to avoid wearing anything remotely resembling red. The Aces' fans deck themselves in red for each game as a symbol of good luck.

Enthusiasm for the Aces is so high that some country fans have been heard to shout "Evansville" as loud as they can on every possession.

Evansville fans are known for their noise and enthusiasm. The town's main claim to fame during that part of the season, thanks to the city's barbecue, is the "barbecue capital of the world."

God Is Not in Modern Literature, Religious Week Speaker Asserts

God in modern literature is often absent or inadequate. This was the opinion of Charles Hatfield, chairman of the Department of Mathematics at the University of Missouri at Rolla.

Hatfield made this remark Monday night at Morris Library Auditorium in a speech entitled "God Is Dead?" It was part of the Religion-in-Life Week activities.

Hatfield often referred to the book "Honest to God," by John Robinson, in his discussion of the "God is dead" theologians. He said that modern theologians are giving new meanings to old words.

This was done in order to answer the references to God in modern literature, he said. The figures of Christ do not measure up to the Biblical image of Christ, he said. He also said that the church is often portrayed as degenerate.

Hatfield quoted Robinson in saying, "We will have to forsake the traditional concept of God and redefine Him to fit our contemporary world."

Hatfield said that the "God is dead" theology is only now being formed. "A lot of it will melt and dissolve away," he said.

The Bible must still be maintained and used as a mirror to man, he said.

He also said that belief in God is still "not a matter of clear thinking, but of faith:

Hatfield answered questions from the floor after his talk and later at a reception given for him by the Inter-Varsity Christian Fellowship, sponsor of his appearance.

Official of Camp

To Interview Girls

Doris Brown, a representative of the Cotton Belt Girl Scout Camp, will be on campus Friday to interview interested young women for work in either waterfront recreation, cooking or counseling.

The camp is located near Sikeston, Mo.

Students may make interview appointments through Bruno W. Biermann or Leonard L. Lukash in the Student Work and Financial Assistance Office.

The Early Music Quartet to Give
Guest Artist Concert Tonight

The Early Music Quartet (Studio der Fruehened Musik), a musical ensemble in residence at Washington University, St. Louis, will perform at 8 p.m. today in Davis Auditorium in the Wam Education Building.

The ensemble was formed in 1960. The group has made tours around the world, has appeared on radio and television, and has made several recordings.

Members of the ensemble are Willard Cobb, tenor; Kenneth Jones, baritone; Cyril P. Winkelman, mezzo-soprano; and Andrea von Ramn, soprano.

Reproductions of early musical instruments are used in each performance.

Featured on the program will be music of Trouveres, Goliards and the Minnesingers, Montpellier Vouts, music of the Tencento, Italian Frescos of the early 16th century and Elizabethan music.

Meetings Set Today

Student teaching preregistration will begin today at 9 a.m. and 2 p.m., in Muckel­
rooy Auditorium in the Agriculture Buildings Center.

Inter-Varsity Christian Fel­lo­"vish will meet at noon in Room C of the University Center.

The student house to Evans­
ville will leave at 4 p.m. from the basement of the Uni­

Versity Center. The broadca<;:;t will leave at 4 p.m.

St. Louis Bus Trip

The University Center Pro­gramming Board is sponsor­
ing a bus to St. Louis Saturday for students wishing to spend the day shopping or sight­
seeing in the city.

Departure time for the round trip is 8 a.m. from in front of the University Center and the bus will return to Carbondale around 7 p.m., according to Mr. Doris S. Kaplan of the Student Activi­
ties Office of the University for the round trip is $1.30.

Mrs. Kaplan added that it is necessary for at least 25 stu­
dents to sign up for the day’s trip before the 40-student bus will leave campus. Students wishing to make the St. Louis trip may sign up at Mrs. Kap­lan’s desk in the Activities Office of the University before noon Friday.

The destination and pick-up point of the bus will be Famous-Barr, a store in downtown St. Louis.

Johnson’s Men
Show Rerun Set

A close look at the men who surround President John­

City Council Hears Reading
Of Proposed Cycle Laws

Two proposed ordinances concerning motorcycle safety and parking provisions were given the first reading Monday night at the Carbondale City Council meeting.

The ordinances will be voted on at the meeting Monday and will be effective immedi­
ately if passed.

The first, dealing with park­
ing of motorcycles, allows a maximum of four cycles to a metered parking space. Present regulations allow one cycle per space. If meter time expires, all cycles parked will be subject to overtime sum­
maries. If more than four cycles are parked, all will be tick­
ered. All cycles must be park­
d parallel to the curb.

The second proposed ordi­
inance concerns the number of riders on a motorcycle to one. If there is no provision for a second rider, second riders on two-seater vehicles are required to sit astride and not "sideways." Vi­

lators of this ruling would be subject to fines ranging from $10 to $100.

Look Out Arch-Enemies, Fiends, etc., Ka Presents: LEJ and His Awards for 1965

Last year Ka presented its first set of "Awards of LEJ." This year, by popular demand, the editors of Ka have concocted LEJ and the former SIU student has prepared these "Awards for 1965. We present them to you...

1) The Joseph Stalin Award for Architectural Beauty to the Neely Hall high rise, which is scheduled for completion in 1968.

2) The Camel Drama Critic Award to the National Touring Company's production of "It's a Bird, It's a Plane, It's Superman!"

3) The Edgar Hoover Award to the East Award to the January issue of "Soviet Life" magazine which contained an article entitled "We Are Fighting With Capitalism!"

4) The Three Shirt Off Our Back Award to Mrs. Otto Kerney for having her ingrown toes.

5) The Outstanding football Award to the person who planned the SIU football season.

6) The Most Boring Beginning of the Year Award to the Students for a Democratic Society sponsored debate on Viet Nam.

7) The Unsung Hero of the Year Award to the SIU student who refused to get his hair cut until the Saleski football team won.

8) The Outstanding Realism of the Year Award to the Nuclear War Game Co. of Downey, California which modeled a nuclear doomsday-type game called "Nuclear War" with a direction card that read "Doomsday. The megaton bomb explodes a nuclear chain reaction which destroys everyone, everybody and every solar system... everybody loses.

9) The Sea Gulls of the Midwest Award to the thousands of Chad-panthers that swarm around and hover Cartilage.

10) The L.B.J. War on Ignorance Award to the new Carbondale tower located northwest of Cartilage.

11) The Richard M. Nixon Award for持续推进 to Chuck Percy.

12) The Eugene Ormand Award for Symbolism to the SIU General Studies program for its 50 hour required course.

13) The Lyndon Johnson Award for Fraternal Order of Eric Severide for his article on Adultery which appeared in the December 30 issue of "Look" magazine.

14) The Advice and Consent Award to the first session of the 89th Congress.

15) The Success Beyond Our Wildest Expectations Award to the SIU teams that played the SIU football team in 1965.

16) The First Annual Ben Gelman Drama Critic Award to the National Touring Company's production of "It's a Bird, It's a Plane, It's Superman!

17) The Lyndon Johnson Award for the New Number of total American Congress.

18) The Vengence of the Year Award to Pennsylvania Governor W. Scranton who, after flying 100 miles down a stream from walking into a glass door, spent the last $100,000 of his budget cutting glass doors to be marked at eye level.

19) The Future Farmers of America Award for Overpromotion.

20) The Joseph Katz Research Award to the director of the Illinois 5, S. N. S. who said, "We are urging the Germany farmers and the farmers and the farmers and the farmers and the farmers . . . the farmers and the farmers and the farmers..."

21) The Freedom Through Competition Award, Competitive Division, to the ABC television show "WCIA" on major reviews being covered by the television show.

22) The "They said it couldn't be done" Award to the people that accomplished this term.

23) The Musical Chairs Award to the SIU Health Center, wherever it is.

24) The "If you don't lick em', avoid em' Award to the Illinois Department of Health for their refusal to issue the "Sigma Delta Chi" Award for "The Campus" conference.

25) The John Birch Award for being a Senator, former Senator, present Senator, future Senator, Jr.,Area Head of University of Wisconsin, Aufgenahr, residents: "Higher education is a privilege, it is no right."

26) The Annual Multibillion Dollar Award for the second consecutive year to the SIU Housing Office.

27) The Daily Nothing of Egypt Award for Originality to the Daily Nothing which last Winter used the Sprint brand term "Egyptian" as the title of its "The Obelisk" group pictures section.

29) The Support Your Local Police Award to Lester Keith Williams, the new SIU Enforcement Officer to Rhodesia who was fined $70 for writing a poem entitled a criticism of the Rhodesian secession government.

30) The Student Council and the Student Government Award to the British Council of Oxford, University which returned twelve medals of honor and resigned from the Student Council who were being named Members of the Order of the British Empire.

31) The First Annual Joseph Zaleski Memorial Scholarship Award to Dr. Harrison Eddy who edited a report entitled "Sex and The College Student" for the Great Britain, we present them to you.

32) The "They don't go to the SIU Rehabilitation Institute which trained twenty-eight persons to be "Community Workers" for the Missouri Division of Employment Security, they go back to such jobs exist.

33) The Vengeance of the Year Award to Pennsylvania Governor W. Scranton, who, after finding $100,000 in his pockets, out of walking into a glass door, spent the last $100,000 of his budget cutting glass doors to be marked at eye level.

34) The Future Farmers of America Award for Overpromotion.

35) The Joseph Katz Research Award to the director of the Illinois 5, S. N. S. who said, "We are urging the Germany farmers and the farmers and the farmers and the farmers and the farmers... the farmers and the farmers and the farmers..."

36) The Freedom Through Competition Award, Competitive Division, to the ABC television show "WCIA" on major reviews being covered by the television show.

37) The "They said it couldn't be done" Award to the people that accomplished this term.

38) The Musical Chairs Award to the SIU Health Center, wherever it is.

39) The "If you don't lick em', avoid em' Award to the Illinois Department of Health for their refusal to issue the "Sigma Delta Chi" Award for "The Campus" conference.

40) The John Birch Award for being a Senator, former Senator, present Senator, future Senator, Jr.,Area Head of University of Wisconsin, Aufgenahr, residents: "Higher education is a privilege, it is no right."

41) The Annual Multibillion Dollar Award for the second consecutive year to the SIU Housing Office.

42) The Daily Nothing of Egypt Award for Originality to the Daily Nothing which last Winter used the Sprint brand term "Egyptian" as the title of its "The Obelisk" group pictures section.

44) The Support Your Local Police Award to Lester Keith Williams, the new SIU Enforcement Officer to Rhodesia who was fined $70 for writing a poem entitled a criticism of the Rhodesian secession government.

And a very special award for high standards of writing, Samuel and Samuel, Louis, who were registered to Western Kentucky State College by order of the Warren County Circuit Court after being declared, in writing a satirical article or morality.
Fraternities Useless?—No! Says Wittenberg U.

Springfield, Ohio—Last the Interfraternity Council on the campus of Wittenberg University was asked by Dean of Students Robert O. Long on behalf of the faculty committee studying Wittenberg's academic climate to evaluate the economic and social effect of fraternities on the intellectual atmosphere of the school.

A committee set to work with questionnaires, interviews, and meetings which confirmed the validity of the premises used in the report. In its conclusion, the report was broadened in its significance to stand as a rather pointed statement of fraternity purpose.

As Wittenberg University arrives to "develop persons who have the skills, knowledge and intellectual heritage necessary for effective and amiable participation in their culture," one must ask what are known as a liberal arts education. For decades, Wittenberg graduates have been so well prepared for post-graduate life, that the personal and technical technique has won widespread acclaim.

The solid success of this particular liberal arts education has generally been attributed to the University's small size or its distinguished faculty, both of which contribute to academic excellence. But the question arises: Is unsupervised, amateur social clubs, operated by a group of upperclassmen and small colleges, the whole story behind Wittenberg's outstanding record?

There is today, as there has been for years, a sizable portion of the student body which has devoted itself to the institution's academic program, taken alone, does not constitute a university, is devoid of the rigorous courses of universities and small colleges, the whole story behind Wittenberg's outstanding record.

Yet, by not probing beyond the academic Upjohn of Ivy-covered campus, glass union, and aluminum dormitory, the individual has succeeded in escaping the very life situations they've supposedly been prepared for. Administration officials are now striving to rectify this shortcoming resulted in the formation of fraternities, the continued prosperity of which speaks for their worth.

For years Wittenberg's outstanding students have joined fraternities to gain deeper and more meaningful personal relationships, to learn to participate in the wide range of fraternity activities. Fraternity men are given balanced social experiences, and therefore benefit in the college's academic program.

Moreover, as the report states: "the classroom loses its abstractness and acquires a satisfactorily concrete and related application in everyday fraternity life. Finally, the maintenance of a smooth-functioning fraternity requires its members to assume responsibility, work in cooperation, accept authority, and weather both triumphs and defeats rarely encountered at the individual level. In short, fraternity membership offers the individual opportunity for personal expression and close fellowship, social training through establishing social promoted, and extensive experience of life situations, all of which are unobtainable elsewhere. With the obtaining of these benefits, fraternities enable Wittenberg to grant a truly liberal education, and in so doing, fulfill their basic function.

The relationship between fraternities and the University has been one based on the distinct and unmistakable nature of their respective functions. Wittenberg students have been far more capable for academic instruction and intellectual inspiration, and the fraternities for the other aspects of their education. In this simple relationship, one phase of the college education is not considered a more beneficial degree, as any study of Wittenburg alumni has shown.

Well aware of the worth of the fraternity system, Wittenberg has been most generous in granting academic programs. In grateful response, the fraternities have taken up the challenge and passed the University in its push for "academic excellence" by instigating scholarship programs.

Wittenberg's fraternities set goals and provide additional incentive for outstanding academic performance; high achievers are honored and often rewarded, while low achievers frequently face penalties. The results of such concern are rapidly becoming apparent; for in addition to campus social leadership, the fraternity now enjoys a position of undoubted prestige—so long a position it doesn't intend to lose.

However, it is in this very issue of social leadership that the University must understand and commonly condemn. There is a growing trend toward intolerance, misunderstanding, and anti-intellectualism on, of all things, the University's fraternity. To say that the academic leadership have failed to intellectually stimulate the student mass.

Amidst this charge is leveled while informal fraternity discussions, which bring new and up-to-date views, are ignored. More intellectual enthusiasm than the most glorious "capstone course" ever could, is obvious that critical of the fraternity idea expect even more. Typical of their demands is that the groupings of students must be accepted into the organization of contrived intellectual and cultural programs. But the fact that this is not the local Community 9 of the country, Wittenberg students, seems to have been overlooked.

Fraternities cannot possibly assume the entire responsibility of student inspiration, something traditionally the duty of the University's faculty. Each of the students must refrain to their obligations to their members—obligations which must be passed on.

To insist that fraternities justify their existence at Wittenberg by carrying an obligation is to set the fraternity as a means of an unfair, perhaps. If the fraternities are the recipients of each student's first year of school, that the social aspect is the campus intellectual appetite, then the expectations are unreasonable. But such is not the case. Fraternities still collect dues. For 1/18 the cost of tuition charges, Wittenberg students with the non-academic aspects of fraternities will not accept a bargain indeed. Moreover, the standards of the fraternity system's "human" education are being conceded to the demands of the changing times.

—from Intercollegiate Press Bulletin November 21, 1963

Mrs. Meyer: Go back to Kokomo—We'd rather fight than switch

Dear Mrs. Meyer:

I was astonished to learn that you do not consider Springfield to be the finest of the highest caliber. I have never heard such an opinion as this before.

I am sure you have never read of Wittenberg University. We would agree with your evaluation of the schools or the people who run around you. See all of the things of this century, the prosperous farms. And we have great desires for our children to be the best possible—nothing missed—so they can capably manage our farms and industries in the future.

Since we have such a great size of our own, this being well, we pride ourselves in the large amount of money that we can make available to our educational systems. How can you say that Kokomo, with 50,000 population, has any advantage, or, for that matter, the Wittenberg University?

I was astonished to learn that this educational institution has broadened its significance since January 19, 1966, fraternity Council on the campus of Wittenberg University. The report was broadened in its significance since January 19, 1966 as a result of the intellectual appetite; then the report was expanded.

The next time you consider a move into a new home, why don't you talk to the citizens of Kokomo, talk with the administrators, talk with the people of the community to tell you that they are providing an insuperable education for their children.

Mrs. Thomas H. Sather

The editors of KA probably don't like the concept of developing a separate publication, but I'm sure the members of the editorial board can agree that it has been put with for the better of the student body.

Lull Is Tantalizing

Major Resumption of Viet War Is Expected After Lunar Feast

By JOHN T. WHEELER

SAIGON, South Viet Nam (AP)—A tantalizing new year’s lull in the Viet Nam conflict will end next week with major resumption of ground warfare, military experts expect. They discount hopes for gradual de-escalation which might bring peace talks.

One reason is that the Communists still hold the initiative in South Viet Nam, despite the American buildup. They usually decide when and where major battles take place.

"I think the world’s hopes for peace are going to get a big jolt after Tet," said one officer, predicting that new major Communist operations are just around the corner. Tet is the Oriental lunar new year. The Viet Cong Communists have declared a Jan. 19-23 truce for the period. The Americans have directed U.S. forces not to fire on the enemy except in self-defense from noon, Jan. 20, to 6 p.m., Jan. 23. The Saigon government has accepted the temporary cease fire with modifications.

If the Communists hold the initiative on the ground, the Americans decide when or if the air war against North Viet Nam is resumed. The White House has said there is no deadline and no fixed decision on ending the bombing pause, but that the President will "assess the reassessments, evaluate and re-evaluate and maintain the flexibility of decision."

Competent sources here and in Washington have said that regular units of North Viet Nam divisions seemed to disappear in recent days from the battlefield. This contributed to speculation that North Viet Nam might be toning down the war and that this might open the way to peace talks.

Intelligence is closely watching the northernmost 1st Arm, Corps, where government control is weakest and where hardcore Communist units are west to move at this time of year to get rice, which soon will be harvested.

The Vietnamese military government opposes de-escalation. It reasons that the Communists would benefit most from a prolonged lull.

The Communists probably have benefited already from the limited falling off of battle, but they have had their fill, too. They probably cannot sustain too long a lull themselves without risking loss of momentum in their aggressive drive to envelop large areas of South Viet Nam.

The American buildup in the limited lull likely would raise knotty morale problems for the Viet Cong.

But on the plus side for the Communists, they may have been able to use the limited lull period to improve their positions, re-equipping forces and bring up replacements. The Communists have tough logistics problems, and may be short in human raw rather than powered transports.

U.S. gives $130 Million To U.N. Food Program

UNITED NATIONS (AP)—The United Nations Tuesday pledged $130 million for the world's emergency food needs during the next three years.

The sponsoring United Nations emergency food and work conference staged by the United Nations and Agriculture Organization.

Fighting Slows as Both Sides Move Toward a Cease-Fire

SAIGON, South Viet Nam (AP)—Ground fighting dwindled to a trickle Tuesday as both sides moved toward the proclaimed cease-fires Wednesday for the lunar new year.

U.S. military spokesmen reported no major activity and said Viet Cong action was limited to harassing attacks, mostly against the South Vietnamese.

One U.S. operation, by Marines near Da Nang, was terminated, apparently on grounds there was nothing further to be gained before the cease-fires.

The Communists' four-day cease-fire begins at 11 p.m. Wednesday (10 a.m., EST). Allied forces will observe a 72-hour truce starting at noon Thursday (11 p.m., EST) Wednesday.

Against this backdrop of relative peace there were these other developments:

-7,000 fresh American fighting men arrived in South Viet Nam, raising the total American force there to 191,000, a figure President Johnson announced last week.

-Premier Nguyen Cao Ky was reported to have accused a clique of high-ranking officers of plotting to overthrow his government.

-The United States continued air attacks on targets in South Viet Nam but the lull in bombing of the Communist North near the end of its 26th day. Communist China charged the lull had resulted in "frantic" U.S. raids on upper Laos with toxic chemicals.

U.S. officials said they had no report on the fate of Dougal Ramsey, 28, of Boulder City, Nev., assistant representative of the U.S. aid mission in Hau Ngia Province. He was kidnapped by Communist guerrillas Monday near Trung Lap, headquarters of an U.S.-Australian drive against the Viet Cong near the Iron Triangle.

Red Chinese Refuse Dispute with Soviets

TOKYO (AP)—Communist China blasted the Soviet Union Tuesday for the performance at the "tricontinental anti-imperialist conference" in Havana, accusing the Soviets of having performed a service for the United States.

The new broadcast provided evidence that the Soviet-American quarrel had been injected into the conference of revolutionaries from Asia, Africa and Latin America, which ended last weekend. Havana reports gave the Red Chinese a slight edge over the Soviet Union in the sparring for leadership of world revolution.

People's Daily, official paper of the Chinese communist party, accused the Soviet delegate to the conference of advocating peace in Viet Nam at a time when the U.S. administration was "launching its so-called "peace offensive" in a big way."

Witness Says Klan Bombed Negro Homes

WASHINGTON (AP) — A young ex-Klanman told a House committee Tuesday he helped bomb the homes of civil rights workers at McComb, Miss.

He said he and other Klansmen were arrested by Mississippi authorities for the McComb dynamite bombings. He pleaded guilty to three counts of illegal use of explosives and one of conspiracy, he said, and was sentenced to 151/2 years. He said the prison sentence was suspended, but a $500 fine was allowed to stand.

Chairman Edwin E. Willis, D-La., said he is under "heavy probation." He forbade him in any more violence and subject to the jail term even if allowed to vote. Mr. Wilson was released from the Anderson's to counties.

More than a month of more than two hours of testimony, Wil­

son said, if I had my life over, I would never join the Klan and I'd try to talk other young people out of it.

Willis adjourned the hearings until Feb. 1, citing the press of congressional busi­

ness, including presenting to the House for action contempt of Congress citations against seven Klan leaders.

Voting Rights Law Defended in Court

WASHINGTON (AP)—Atty. Gen. Nicholas Katzenbach, who is in New York to defend the Supreme Court Tuesday to declare the 1965 voting rights law a constitutional provision assuring Southern Negroes the right to vote. He said, "The law, attacked by six states as an uncon­stitu­tionally imposed punishment of 'in­

itiation in nature," is appropriate legislation under the 15th Amendment to the U.S. Constitution, Katzenbach told the court.

Katzenbach said, has the power not only to correct present voting injustices but to guard against future ones.

In a brief rejoinder, South Carolina attorney Daniel R. McLeod questioned the "tender solicitude" of North­

carolina's civil rights leaders and the federal government. Chief Justice Earl Warren then closed two days of argument saying the case "has profound implications in the life of our nation."

Katzenbach said, has the power not only to correct present voting injustices but to guard against future ones.

A reporter who was one of the Katzenbach's attorneys said New York—one of the 20 states that supported the federal government's appeal—was in a "crash position" because it was prevented from voting in the case.

Katzenbach said, has the power not only to correct present voting injustices but to guard against future ones.

OAK LAWN SCHOOL DIST. NO. 111, Oak Lawn: Seeking teachers for elementary grades kindergarten through sixth. Also seeking librarians, vocal music, art, social studies, mathematics, language arts and science, speech therapists for junior high school.

---
The basketball game many people have waited 10 months to see will be played at 7 p.m. (EST) tonight at Evansville when the Salukis meet the Purple Aces.

The game will be a continuation of one of the hottest and best selling rivalries in small-college basketball. The Aces whipped the Salukis three straight times last year by a cumulative total of five points, including an overtime win in the college division finals of the National Collegiate Athletics Association. These losses, plus the fact that the two will probably be fighting for the No. 1 spot in the AP and UPI polls, should make tonight’s battle fierce. The Aces have won nine of 13 games so far compared to the Salukis’ 8-3 mark.

Evansville is led again this year by Larry Humes, a 6-4 center who is averaging about 30 points a game. It was Humes who put in the winning points in the last four seconds to beat the Salukis in last year’s first game 81-80, “The Man with a Thousand Moves,” as he is referred to by Evansville sportswriters, is almost impossible to stop. He seems to come up with one impossible shot after another.

Alton Williams, a high school all-stater at Centralia, is a 6-3 junior. He is relatively short for a college player, but he offsets the handicap with his tremendous spring. He averages 10 rebounds a game and reportedly can touch the backboard almost 16 inches above the rim.

Williams, who was a high school all-stater at Centralia, is a 6-3 junior. He is relatively short for a college player, but he offsets the handicap with his tremendous spring. He averages 10 rebounds a game and reportedly can touch the backboard almost 16 inches above the rim.

Alton Williams, a high school all-stater at Centralia, is a 6-3 junior. He is relatively short for a college player, but he offsets the handicap with his tremendous spring. He averages 10 rebounds a game and reportedly can touch the backboard almost 16 inches above the rim.

Collegians in this area have waited 10 months to see the Aces-Salukis contest. The battle will be a continuation of a fierce rivalry.

The Aces are coached by Arad McCutchian, who has had one of the most successful careers in the college the past two years. His All-time record at Evansville is 334 victories and 184 losses. His team has won the NCAA college division championship for the past two years and has helped make him small college “Coach of the Year” both seasons.

No Bells, Horns Are Allowed

The southern Illinois is led again this year by Larry Humes, a 6-4 center who is averaging about 30 points a game. 3 SIU-Aces ’65 Games Decided by 5 Points

A difference of five points isn't very great, or is it? In Southern's case, five points were indeed great because they meant the difference of wins over three games against the Evansville College Aces, the last for the National Collegiate Athletics Association Small College championship.

The whole thing started on Jan. 20 with the first of three tense minutes, a 50-49 game.

Southern did everything right their first hour of the game and at half-time led 39-30.

The second half was a see-saw battle with the lead changing five times. With 5:10 to go, Evansville suddenly came on strong and reeled off eight straight points for a 77-70 lead.

However, Dave Lee took charge, put two long jumpers and four free throws to cut the lead to 79-79. Aces had added a free throw.

A stolen pass by Lee, who led five under Southern's basket for a layup, put Southern ahead 80-79, with just nine seconds to play.

But that was just long enough for Evansville's Larry Harris to drive the basket and put up the winning shot for an 81-80 victory.

The setting was switched to the SIU Arena for the second game, which was as exciting as the first.

Evansville entered the game with an unblemished 25-0 record, while Southern was 16-4. The game was tied seven times and the lead changed hands 18 times.

At half-time, Southern held a slim 42-40 lead, but once again Evansville was the spoiler for Southern. With 1:07 remaining he converted a free throw that was later to become the margin of victory.

Southern had the ball at the end, but a last-second shot by guard George McNeil bounced off the front of the rim. Final score: Evansville 68, SIU 67.

The second half was as exciting as the first day of the spring quarter. March 28, for the tournament offices will be open from 9 a.m. to 5 p.m.

The program changes are expected to be completed during the first week of the spring quarter.

The University is now studying the possibility of requiring all students to start classes at 8 a.m., the first day of the quarter, according to Meade.

Parking Section Has Turn on Tomorrow (Continued from Page 1)

new quarter. A student who does not preregister will find the process extremely difficult, McRae said.

The only exception to this rule will be for in-service teachers who take only night or Saturday classes. Registration offices will be open on the first night of the quarter to register these students.

The program changes are expected to be completed during the first week of the spring quarter.

The University is now studying the possibility of requiring all students to start classes at 8 a.m., the first day of the quarter, according to Meade.
