Yokie Says
3.5 Isn’t
The Point

An SIU housing official denied the rumor that upperclassmen must have a 3.5 grade average to get a room in Thompson Point halls next year. "There is no arbitrary cut-off," said J. A. Yokie, coordinator of housing. "We attempt to make 50 per cent of our space in all housing areas available to first-term freshmen, obviously if all 1,300 living in Thompson Point apply to return their next year we can’t accommodate them in that area," Yokie said.

To decide what upperclassmen get to return, Yokie explained his office begins housing contracts by grade points with the 5-pointers getting contracts first and then moving down the list until all the space allotted to upperclassmen is filled.

"The 3.5 average is not involved," he said. "It depends on the number of people who want space. Some years we’ve gotten down to those with 3.0 averages and several it was down to 2.8." Yokie explained that the same criteria is being used in filling all residence halls 50 per cent incoming freshmen and 50 per cent upperclassmen being given preference by grade average.

Yokie said that students living in University housing are given a second preference, "If the first area they requested is filled before we reach their name on the grade list, they can have the alternative of going to the second choice," such as University Park, Yokie said.

He added that there may be 500 or 500 more freshmen in University Park, the new housing complex east of the campus, and the alternative to the first area upperclassmen isn’t as large as had been anticipated.

With 4,500 spaces for students to live on campus, an increase of some 1,000 over last year, Yokie said, "we expect all but about 300 spaces to be ready in September," he said.

Beta Association Top Award
Goes to Two, Instead of One

Two top-ranking seniors received the annual commencement award of the Illinois Alumni Association Friday night. The Beta Kappa Wednesday night.

Originally, the association announced that it would award the prize at a personal meeting with Mary F. Middleton, a mathematics major, to the top ranking senior in the College of Liberal Arts and Sciences. She had a 4,943 grade average.

However, when it was learned later that another senior, Sara L. O’Niel, a government major from DuQuoin, had a grade average only a slight fraction short of Miss Middleton’s, the association decided to award prizes to both.

"Also announced at the organization annual dinner in the University Center was the election of four additional seniors, Mrs. Beatrice Anne, Edward W. Grady, both English majors, Philip Nicosia, government major, and Marion Wagner, chemistry major, to membership in the Liberal Arts and Science Honor Society.

Earlier the names of 20 seniors and juniors who had been picked for the honor society were released by the group.

20 on Faculty, 333 Students
To Be Honored for Activities

Recognition Day Convocation
Will Start at 10 a.m. at Arena

Twenty faculty members and 333 students will be honored at the Recognition Day Convocation at 10 a.m. today in the Arena.

Pat Mucken, student body president, will make the opening address, followed by the various awards to be presented by Donald Gras, Laurie Brown, MICKEN, PAMELA Newberry, William Murphy, and Tom McNicol.

Students to be honored include:

STUDENT COUNCIL
MERRIT RECOGNITION

Linda Arwater, Prairie Augustin, Joe Beer, Darlene Blum, Mona Boswell, Tina Carter, Gary Clark, Blake Sue Clark.

Vance Palkerson, Marla Grana, Paul Heide, Doreen Hill, Sharon Hueber, John Holl.

Bert Jacobs, Gwendolyn Johnson, Judy Keca, Lynda Von Kason, Judy Kress, Kays Broussard.

Jennifer Lesinger, Nancy Lewis, Gary Lindley, Charles Loveland, Marlin Maisel, Sharon Maltby, Nancy Moors, Gary Mettletton, Dan Park.

STUDENT COUNCIL
RADIATION RECOGNITION

Lindsey Crenshaw, Cornelia Bloom, John Bobbo, Sue Claus.

MERRIT RECOGNITION

Jon Hull, Von Dosch, Jennifer Lesinger, Nancy Lewis, Gary Lindley, Charles Loveland, Marlin Maisel, Sharon Maltby, Nancy Moore, Gary Mettletton, Dan Park.

STUDENT COUNCIL
RADIATION RECOGNITION

AWARDS — Terry Cook and Mrs. Doris Kaplan check the certificates to be presented today to some 333 students at the Activities Honors Day.

Some Went Beep Beep
Ideas About Warning System Are Vague

But Students Remember Sirens, Horns

Students at SIU are evidently fairly weather people.

In a recent survey, 44 students were asked if they knew about the disaster and alert warning system on campus, and if they did, to describe its sound and significance.

Only about half proved they knew. Some had vague recollections of sirens, whistles, horns and other unpleasant sounds but could not relate them to any sort of warning system.

What these students and faculty members have heard, along with the rest of the last two weeks, is nothing to worry about, even if the signals were some- thing to worry about, what it means there are possibilities of a storm.

Gus Bode

Gus Bode wonders how the head shrillers would talk the difference between a warning and a guy who needs a psychiatrist.
Dellllla
SATURDAY
10 P.M.

installed are Nancy Johnson, installed as president of the Dames Club. Other officers installed are Nancy Johnson, vice president; Norma Vaughn, second vice president; Diane Doorn, secretary; Myra Hausner, treasurer; and Minka Erdmier, publicity chairman. The officers were installed at the annual spring banquet at The Gardens Restaurant. John S. Rendleman, vice president; Norma Swain, president for business affairs at SIU, was guest speaker. Rendleman also presented the P.H.T. degrees (giving husband through) to the following: Phyllis Peterson, Brenda Sims, Martha Swain, Bonnie Englin, Gayle Lane, Gerry Budria.

Anita Hildebrecht, Berneda Hilliard, Louise Jennings, Jo Ann Shirley, Agnes Gaywood, Marjorie Nickum, Verland Balaney, Connie Beckett, Judy Adams, Karla Vincent, Mrs. Sheryl Vincent.

Sports Equipment Available at Lake
All campus recreational equipment will be issued at the Lake-on-the-Campus boat docks from now on, the Incur­mural Office has announced. Softballs, bats, tennis racks and other recreational equipment may be obtained by presenting student identification cards.

Equipment may be checked out from 1 to 5 p.m. on weekdays and from 1 to 7 p.m. on Saturday and Sunday.

Today's Weather
FAIR

Generally fair, no important tempe­rature change. High in the 80s. According to the SIUClimatology Laboratory, the high for this date is 79, set in 1962, and the low is 38, set in 1929.

DAILY EGYPTIAN
Published in the Department of Journalism daily except Sundays and Tuesday during fall, winter, spring and eight-month summer terms except during vacation weeks and holidays. The DAILY EGYPTIAN is not bound by the views of the University administration, faculty or students. The editors, however, do not necessarily reflect the opinion of the administration or the department of the University.

THE WINNERS — Deanna Schlemmer and Sam Habenschuhl display the trophies they won as the top contestants in the University Center Programming Board's recent dance contest. Gift certifi­cates went to Cowl Bair, Kirby Madden, Bobby Parker and Jerry Meyers.

Bob Newhart to Be Featured
On WSUI's 'Comedy Corner'

A former accountant from Chicago, Bob Newhart, is fea­tured on WSUI's "Comedy Corner" at 7:45 p.m. Larry Rodkin is the host. Other highlights:

10:30 a.m. Pop Concert: Light clas­ical music for the morning.

2:15 p.m. Business Bulletin: News from the world of business, as it affects business and consumer trends.

7:30 p.m. Carnival of Books: Irene Hunt, author of "Across Five Aprils," will be inter­viewed by Ruth Harshaw and a panel of children.

Midnight News Report: Last report of the day's news, weather and sports.

Quiz Series Reach Inter-Campus Meet

"Saluki Scholars" will pitch the champions of the Carbon­dale campus against the scholars from the Edwar­dsville campus at 6:30 p.m. in a special WSUI-TV program. Other highlights:

5 p.m. What's New: Television and how it began.
Activities

Psychology Meeting, Coed Tennis Slated

The Women’s Recreation Association will hold softball practice at 4 p.m. in the field at Wall and Park today.

The Women’s Recreation Association will hold tennis practice at 4 p.m. on the north tennis courts.

The University Center Programming Board will meet at 4 p.m. in Room D of the University Center. The Inter-Varisty Christian Fellowship will meet at 6 p.m. in Room B of the University Center.

A special exhibit entitled “Vacationland” will be held at 7:30 p.m. in Room E of the University Center.

A meeting of the Pi Sigma Epsilon pledges will be held at 7:30 p.m. in Room E of the Psychology Center.

Pi Sigma Epsilon, organization for students in marketing, will meet at 7:30 p.m. in Room D of the University Center.

A meeting of the Psychology Colloquium will be held at 8 p.m. in the Studio Theatre.

The University Center Programming Board dance committee will meet at 9 p.m. in Room D of the University Center.

The University Center Programming Board will meet at 9 p.m. in Room D of the University Center.

The Psychology Colloquium will present a lecture on “The Measurement of Optimal Rate of Information Input Into Human Subjects,” at 8 p.m. in Room E of the University Center.

The Mellon Lecture Committee will meet at 9 p.m. in Room B of the University Center.

The Departments of Music will present a concert at 8 p.m. in Shroyer Auditorium, Muckle A.

The Department of Agriculture will present a display from 10 a.m. to 2 p.m. in Room H of the Agriculture Building.

The Psychology Colloquium will present a concert at 7:30 p.m. in the Agriculture Seminar Room.

The Department of Agriculture will present a display from 8 a.m. to 2 p.m. in Room H of the Agriculture Building.

The Student Non-Violent Coordinating Committee will hold tennis practice at 4 p.m. on the north tennis courts.

The Newman Club will hold tennis practice at 4 p.m. in the Studio Theatre.

The Newman Club will sponsor a lecture on “Activities Recognition Day” at 6 p.m. in the Arena.

The Psychological Colloquium will present a lecture on “The Measurement of Optimal Rate of Information Input Into Human Subjects,” at 8 p.m. in Room E of the University Center.

The Department of Agriculture will present a concert at 7:30 p.m. in the Agriculture Seminar Room.

The University Center Programming Board will meet at 9 p.m. in Room D of the University Center.

The Student Non-Violent Freedom Committee will meet at 7:30 p.m. in Room A of Old Main.

The Student Non-Violent Freedom Committee will hold tennis practice at 4 p.m. on the north tennis courts.

The Psychology Colloquium will present a lecture on “The Measurement of Optimal Rate of Information Input Into Human Subjects,” at 8 p.m. in Room E of the University Center.

The Agriculture Economics Committee will meet at 7:30 p.m. in the Agriculture Seminar Room.

The Department of Agriculture will present a display on crystallography, by James A. Horsley, professor of chemistry at Northwestern University, at 8 p.m. in Room 302 of the Wham Education Building.

The Saluki Flying Club will present a display from 10 a.m., to 2 p.m., in Room H of the University Center.

The Department of Music will present a concert at 8 p.m. in Shroyer Auditorium.

Convocation will present “Activities Recognition Day” at 10 p.m. in the Arena.

The Campus Judicial Board will meet at 1 p.m. in Room C of the University Center.

The psychology Colloquium will continue its sophomores Testing Program throughout the day in Morris Library Auditorium, Muckle A.

The Psychology Colloquium will present a lecture on “The Measurement of Optimal Rate of Information Input Into Human Subjects,” at 8 p.m. in Room E of the University Center.

The Department of Agriculture will present a display from 10 a.m. to 2 p.m., in Room H, of the University Center.

The Psychology Colloquium will present a lecture on “The Measurement of Optimal Rate of Information Input Into Human Subjects,” at 8 p.m. in Room E of the University Center.

The Department of Agriculture will present a concert at 7:30 p.m. in the Agriculture Seminar Room.

The University Center Programming Board will meet at 9 p.m. in Room D of the University Center.

Photo Display Set On National Parks

A special exhibit entitled “America’s Vacationland” will open Friday in the activities area of the University Center.

Prepared by the National Parks Service, the display of photographs, color slides and printed material is designed to acquaint Americans with the varied opportunities available in national parks.

The exhibit will be open from 9 to 9 a.m. Friday, from 8:30 a.m. to 9 p.m. Saturday, and from 1 to 9 p.m. Sunday in Activities Areas B, C and D.

Students Set Trip To Equality Cave

An all-university cave exploring trip is scheduled Saturday at the Equality Cave near Harrisburg.

A bus will leave at 10 a.m., from in front of the University Center, and will return at 5 p.m. Students who are interested should sign up for the trip before noon Friday.

Morris Library Opening On Memorial Day

Morris Library will keep its regular hours on Memorial Day. F. S. Randall, head librarian of the Carbondale campus, said.

He said, however, the circulation department is the only one to offer services. The staff in the other departments will not report.

Hand-picked office helpers needed!

Every day the Elaine Revell company is asked to supply office help to the best known blue-chip firms in Chicago's Loop. We do. Our girls are known as Elaine Revell Roses—very special American Beauties who are hand-picked for their appointments.

Would you like to work on your own terms—close to home, convenient hours, highest pay, finest firms? Women of all ages, with all office skills, are eligible. To see if you qualify, just fill out and send in questionnaire. The Elaine Revell office nearest you will supply details.

Fifteen pennies isn’t much in today’s housing market with dollar bills, but added to the minimum salary being paid 300 SIU student workers it’s a fortune. Effective July 1, the base pay of 83 cents an hour will be increased to $1 an hour, an announcement from SIU President Deighty W. Morris stated.

In a letter made public Monday, Morris said the University’s salary plan ‘‘extends financial assistance to many of our student workers, and change their caliber of performance. The new pay increase is the first since the summer of 1963, when the base pay was increased from 80 to 85 cents-an-hour. However, the 1963 increase was an across-the-board raise and the 1964 increase means that every student worker will not be receiving 15 cents an hour in pay increases.

By the way, because of the pay raise, all student workers will have to be authorized again. At the time the authorizations were made, it was expected that the student employees would check the background of any student whom they knew and that would stop some of the students from working, as it has if they have been cheated.

It is only fair that a student who has worked his job for many terms, and has applied himself to that position, may also receive a pay increase.

Floods can be tamed. The Mississippi River has long been called the ‘‘Father of Waters,’’ and every time it burst its bounds, the state of Mississippi, heavy rainfall and the worse of all, the regulated in the Tennessee valley. The Mississippi ran wild thru homes and factories. In the Tennessee valley, water was deposited in the bank for withdrawal next summer when it will be needed in the dry season.

TVA Makes the Difference

Why destructive waste on the Mississippi? - ‘‘Directed control on the Tennessee River Basin by the federal government is an attempt to prevent the destruction of the nation’s finest intellects and to bring pressure upon the President and the Administration to abandon the honorable policy it is following in Asia.

Did those students and professors come to that teach-in? - Did those professors come to the teach-in? The answer was given by a professor from Berkeley, Calif., defending the Administration to abandon the honorable policy it is following in Asia.

The former was received in Wold Center in this country who do not know what so many of his countrymen are doing in the United States? Anyone who does not know that it is the Tennessee Valley Authority (TVA) that makes the big difference?

The Tennessee valley’s rainfall ranges annually from 38 to 60 inches for an average of 34. That makes it one of the heaviest in the nation. Before 1932 the Tennessee and its tributaries went 9,000 miles down to Chattanooga and other cities in the region—much of Tennessee and Kentucky and parts of North Carolina, Georgia and Alabama. The Mississippi had its troubles with high waters. The Tennessee falls near a foot a mile along a course of more than 50 miles and that drop used to send brown waters swirling over riverbanks.

Then something happened that changed it all. Franklin D. Roosevelt in the White House had a meeting with George W. Norris of Nebraska in the Senate.

Jobs and Public Works

The act creating-TVA was the result. Thousands of useful, beautiful and industrially developed for the unemployed who produced a combination of regional public works, lakes, power plants, recreation areas. Electricity lighted dark cabins. Science lifted the night’s darkness from millions of miles multiplied in the new chain of lakes. Commerce on the guaranteed 45-foot channel was 45 times greater in 1958 than 1933.

All this and flood control, too. Manipulation of TVA drainage can make a difference of four feet of water that the Tennessee flows into the Ohio. Four feet of water controlled at that point means $40,000,000 worth of value in the Ohio valley. And the dam that creates a reservoir in which heavy rains may be impounded is a part of the water-power scheme of things which generate electricity for homes and farms and industries.

Resolution

Whereas the United States has been established to establish and maintain the government by the people and ensure their rights. Where is the evidence that the sympathies of many of those people are consistent with the policies of President Kennedy. Seeing that the United States was determined to help the free peoples of the world preserve their independence, and

Whereas the restriction of the spread of communism results from the determination of the United States to cooperate with other free nations and countries thinking and doing, the United States decided to fight for the freedom of the world.

Whereas the action of President Kennedy in announcing his policy in 1961 by stating that the United States was determined to help the free peoples of the world preserve their independence, and

Whereas considerable dissen­

ion has arisen over the pros­

Agenda for Trip to Russia
This Summer Is Announced

About 20 students and teachers will go to the U.S.S.R. this summer with the Russian Study Tour sponsored by SIU. The following itinerary for the trip has been prepared by the Holiday travel agency.

The selected group will leave St. Louis by jet on Monday, August 2. Brief visits will be made to Copenhagen, Stockholm and Helsinki, for purposes of seeing the chief points of interest of the three northern capitals.

Then travel to the Soviet Union will begin via private bus furnished by a Finnish travel agency that will be in charge of the group’s arrangements from Helsinki to Berlin. While in the Soviet Union, the students will spend three days in Leningrad, and will visit the famous Hermitage galleries, the Winter and Summer Palaces, the Peter and Paul Fortress, and other museums and architectural monuments.

2 Chem Lectures Scheduled Today

James A. Ibers, professor of chemistry at Northwestern University, will sponsor Ibers’ discussion of the history of crystallography to be held at 8 p.m. in Room 302 of the Parkinson Laboratory.

David S. Molenkamp, professor in the Department of Chemistry at the University of Illinois, will sponsor Molenkamp’s discussion of the Coordination Transition Metal Complexes.

The School of Technology and the Department of Geology will sponsor Ibers’ discussion of crystallography to be held at 8 p.m. in Room 302 of the Wham Education Building. The discussion will deal with crystals in solid matter.

Diers joined the Northwestern University faculty in 1964. He had previously worked with the Brookhaven National Laboratory at Long Island, N.Y. His lectures are under the sponsorship of the American Geological Institute and the United States National Committee on Crystallography.

Two Music Honoraryies to Give Show, Concert This Weekend

Two honorary music organizations will combine their talents this weekend to present two programs in Shryock Auditorium.

The members of Mu Phi Epsilon, music honorary for women, and Phi Mu Alpha Sinfonia, music honorary for men, will present an original musical revue, a jazz concert entitled "The Legend of Zoot Finster," at 8 p.m. Saturday in Shryock Auditorium. They will also present a joint concert at 4 p.m. Sunday in Shryock Auditorium.

Sen. Paul Simon, U. of I. Professor to Speak

State Senator Paul Simon and H. R. Allen, a tax expert, will headline an open forum here Friday on Illinois property tax assessment and revenue reform.

The forum, to open at 9:30 a.m. in Ballroom A of University Center Ballroom, will also present a dozen speakers from state and national organizations who will discuss property tax reform.

The forum is open to the public and everyone interested in the problems of property assessment and taxation reform is urged to attend.

Allen, a member of the economics department faculty at the University of Illinois, is scheduled to speak on "Improvements Needed in Property Tax Assessments" at 10 a.m., after an opening session of introductions.

Sen. Simon’s discussion of "Needed Changes in the Revenue Article of the Illinois Constitution" will be at 10:30. Representation of the Illinois Civic Exchange, described as "a medium through which civic organizations of Illinois and other states can exchange ideas and conduct joint investigations of public issues," will speak during the remainder of the meeting.

An hour of open discussion is scheduled at 11 a.m.

Announced Today: Three members of the College of Education faculty are retiring this year.

Stuart W. Houghton, dean of academic affairs, will preside over the day-long meeting. Vernon G. Morrison, chairman of the SIU School of Business, will be moderator.

Sen. Simon will also be present to speak on "Needed Changes in the Revenue Article of the Illinois Constitution" at 10 a.m.

Moley's Beauty Shop

Yo meet the nicest people on a Honda

Maybe it's the incredibly low price. Or the fantastic mileage. It could be the precision engineering. Or the safety and convenience features. But most likely it's the fun. Evidently nothing catches on like the fun of owning a Honda. Join in. The first step is a demonstration ride. Why not today?

Ground War Held Key To Viet Nam Victory

WASHINGTON (AP)—Henry Cabot Lodge said Wednesday that the U.S. bombing of North Viet Nam should be stopped immediately.

The criticism of the U.S. bombings, which resumed Tuesday, after a six-day lull, came in a joint communiqué issued to mark the end of a week-long visit by Prime Minister Lal Bahadur Shastri of India to the Soviet Union.

The communiqué omitted language Shastri had used recently to criticize "all foreign interference"—meaning Communist North Vietnamese meddling as well as American air attacks.

Earlier this year, the Indian leader drew fire for what critics said was his criticizing only the United States and blurring at North Viet Nam's rôle. Recently, Shastri appeared to be taking great pains to be balanced in his criticism. The communiqué, however, took no such pains.

Lodge said after briefing the Senate Foreign Relations Committee:

"From an Asian mission for President Johnson, Lodge described as excellent the U.S. strategy of striking targets in Communist North Viet Nam. But he added: "By itself it will not bring an end to the war."

Lodge took sharp issue with administration critics who say the bombing is harming America's image elsewhere in Asia. Lodge said he had not anticipated any dramatic changes in the Southeast Asian situation as a result of the six-day lull in air strikes on North Viet Nam.

The strikes were resumed Tuesday.

"I think it was permissible to stop them for a few days," Lodge said. But he insisted the bombing raids have not damaged U.S. relations with allies elsewhere in Asia. "I don't agree with that at all," Lodge said.

Lodge, former ambassador to Saigon, went to eight Asian nations and to Italy to sound efforts to trap rebels still left in the area.

As the troops seemed to have won the battle for the north and rebel resistance collapsed, a U.S. official said efforts to form a "coalition government of national reconciliation" had failed, at least for the moment. Spurred on by a 10-block advance in the northern section and the seizure of Santo Domingo radio, the junta forces seemed in no mood to compromise.

The U.S. government had sought to unseat the five-man civilian-military junta and place it with a coalition government.

Rebel Radio Station Falls

SANTO DOMINGO, Dominican Republic (AP)—Junta troops Wednesday overthrew rebel radio station and took both rebel leaders and about 300 communist rebels still left in the area.

As the troops seemed to have won the battle for the north and rebel resistance collapsed, a U.S. official said efforts to form a "coalition government of national reconciliation" had failed, at least for the moment. Spurred on by a 10-block advance in the northern section and the seizure of Santo Domingo radio, the junta forces seemed in no mood to compromise.

The U.S. government had sought to unseat the five-man civilian-military junta and place it with a coalition government.

Houses Rejects Legalizing of Bingo, Lottery

SPRINGFIELD, Ill. (AP)—The Illinois House on a 98-to-50 vote Thursday approved a bill to legalize bingo and lotteries, apparently dooming the controversial issue to at least another two years.

The constitution amendment, offered by Rep. John Fary, D-Chicago, would have permitted bingo for charitable purposes and lotteries which would not be taxed for state revenue.

Fary's attempt to rescue the bingo measure was defeated, 89-57, his lottery proposal lost, 93-43.

Opposition to Fary's move was led by Rep. Albert Hachmeister of Chicago, Republican minority leader, who contended that legalizing bingo and lotteries would defeat the purpose of recent anti-crime bills passed by the legislature.

"Hooligans will move in," Hachmeister warned. "Bingo is not an honest game when you put it on a professional level."

"Bingo's a disease with some people," he declared. "You see these middle-aged ladies trying to play eight cards at a time, you don't have to gamble to raise money for a church or an American Legion post. This is the wrong philosophy."

Fary declared that the constitutional ban on bingo "has deprived the people of reasonable recreation."

Fary said lotteries would be the source of a fabulous amount of money" for the state. "It would knock the state tax for a loop and cut personal property taxes," he added.

In a move unheard of by legislative veterans, Fary requested a "silent" secret ballot on this so members of the legislature can vote what's in their hearts.

Speaker John Touhy said there was no provision for secret ballots by House members and the votes were tallied on the electric voting machine for all to see.

Committee Votes Larger Tax Cut

WASHINGTON (AP)—The House Ways and Means Committee approved Wednesday a $230 million cut in the $2.5 billion personal income tax by stages, the 10 per cent excise on passenger automobiles.

Johnson had recommended a reduction of the tax by stages to 5 per cent.

The tax averages about $250 per car. The automobile industry, pressing hard for a four-time, has promised to pass on the savings to their dealers.

As Johnson recommended, the House cut the tax on the automobile excise tax, estimated at $75, would be rescinded on the automobile excise tax, estimated at $75, would be rescinded.

Senate Leaders Seek to Limit Debate on Voting Rights Bill

WASHINGTON (AP) — Senate leaders served notice Wednesday they will try to invoke the Senate's anti-filibuster rule next week and pass President Johnson's voting rights bill.

The announcement was made by the majority leader, Mike Mansfield of Montana, after the Senate voted 69-20, to write into the legislation a congressional declaration that the right to vote is denied or abridged in certain states by requiring poll-tax payments.

Mansfield asked for unanimous consent to limit debate on all further amendments to one hour each and to vote on passage of the bill next Tuesday.

Sen. Allen J. Ellender, D-La., leading the Southern opposition, objected to setting any time for a final vote. The bill has been under debate since April 22.

Noting this was the third time Ellender had blocked a debate-limitation agreement, Mansfield said he and Dirksen will file a petition Friday to invoke rule 22.

To Replace 'Yalta Blues'

DeGaulle Seeks New Alignment of Nations

US NAVAL PUBLICATION

France (AP) — President Charles de Gaulle called Wednesday for a "new balance" in world affairs to replace the division of the globe into East and West blocs which he blamed on the wartime conference of Yalta.

He said the Yalta agreement concerning "two hegemonies" and thus would endanger world peace as long as this division endures.

De Gaulle did not specify what he meant by a "new balance," but he asserted France should have a prominent role. He said the new balance should be based on "the independence and the responsibility of each of the nations of the earth."

De Gaulle, who has never forgotten nor forgiven his exclusion from the Yalta conference, was speaking at a seaside rally as he began a three-day tour along the Atlantic coast.

Usually on such grand-scale stumpings tours, he takes a single theme and expounds it. And as usual on such occasions, he was loud in his praise of the nation's resurgence which he attributed to his own administration since 1958.

France, he said, "has recovered her power and her influence, and is more and more taken into consideration from one end of the world to the other."

"France now is attempting to establish between the peoples, whatever they may be and regardless of their ideologies, their regimes or their divisions, the necessary contacts for the establishment in the world of a balance no longer that of Yalta, but a balance of two hegemonies, which moreover would endanger international peace if it were to endure, but a new balance founded on the independence and the responsibility of each of the nations of the earth," he said.

De Gaulle thus lumped the United States with the Soviet Union as one of the mainsprings of the two hegemonies. He implied that France must withdraw from any American-dominated sector of the globe.

DeGaulle Seeks New Alignment of Nations

Leonard Grossman

De Gaulle's "new alignment" of France with the developing nations put him at variance with the United States on many international issues.

Summer & Fall Living for Women

OPEN HOUSE — Tonight and tomorrow night we are holding an open house from 7:00 until 9:00 p.m. to enable you to join us for refreshments and to give you an opportunity to see the new look of Zwick and Goldsmith in an informal and relaxed atmosphere.

WIN A NEW SUIT OR SPORT OUTFIT — As part of our grand opening we are giving away a new suit, sport coat and trousers to two people chosen from among those who register at the Carbondale store by May 28. No purchase is necessary to be eligible.

The new look of Zwick and Goldsmith is a completely redesigned and redecorated store. A combination of redwood paneling and brick, shingle, and carpeting incorporated in a rustic decor designed entirely for your convenience.

The new look of Zwick and Goldsmith is a new concept in clothing for the man who insists on quality first. The vanguard of the new look is held by such famous names as Botany 500, Petrocelli, London Fog, Corbin, YNM, Bostonian, Gant, and the fine clothes from London and New York that carry the Zwick and Goldsmith label. We are offering new styles, fabrics, and colors this season to accent your appearance as never before.

Netters Seek Rematch With Memphis State

SIU’s tennis team, which outlasted Memphis State University 9-0 last Saturday, would like to play the Tigers again at 2:30 p.m. Friday afternoon on the University tennis courts, but the Tigers understandably aren’t nearly as anxious for a rematch.

The last word from Memphis was that the team may not be able to participate in the regularly scheduled match because final exams start there on that date.

The Salukis had an easy time of it in the previous match, disposing of the Tigers in 15 short sets. The Tigers are still licking their wounds.

John Wykoff and Ric Snyder, fifth and sixth men on Southern’s team, who have lost more matches than they have won, joined in the affair by beating their opponents with little difficulty.

Wykoff defeated Dave Sigmond 6-1, 6-0 and Snyder defeated Paul Price 6-4, 6-4. Meanwhile their other four teammates were racking up easy wins, too.

If the Tigers decide to come, they will probably send Jim Vennilya against Lance Lamaden, Phil Adams against Thad Ferguson, Pete Kelley against Larry Oblin, Robert Steward against Vic Seper, Sigmond against Wykoff and Price against Snyder.

Although the playing of this match is not definite, Southern’s team will definitely close its regular season at 2 p.m. Saturday afternoon against Parsons College.

Technology Bowlers Jolt Bid For 2nd Title by Chemistry

The Department of Chemistry’s bowling team, defending champions in the Faculty-Staff Bowling League, saw its bid for another title take a severe jolt Monday night at the University Center lanes, Technology 2 swept a series from the former league leaders and took over first place by a two-game margin.

The Spares moved to within one game of the second spot out of reach of the Salukis, who have won, joined in the afternoon on the University tennis courts, but the Tigers are

Rain Stops Meet In Its Track

SUU Track Coach Lou Hartzog and star trackman Bill Cornell had a long trip for nothing Tuesday night. The two left Bloomington at 2:30 p.m. for Bloomington, Parachute Prep All-Star meet where Cornell was scheduled to run an exhibition race against former University of Illinois All-Cornon. Rain, however, caused meet to be canceled after Hartzog and Cornell were well on their way. Meet officials asked state police to try to catch the two but the attempt failed.

The meet has been rescheduled for tonight but Cornell will not compete because it would interfere with his training schedule.

Menard Shuts Out SIU Fros 6-0

Menard's Cubs ended the SIU freshman team's four-game winning streak with a 6-0 shutout victory over Coach Frank Sovich's vardogs.

The Prison team played a first-inning Saluki error and the power hitting of old pro John Rush into victory. Rush blasted two towering home runs well over 400 feet, the first being a two-run job in the third inning, off SIU losing pitcher Don Kirkland. The second was a towering drive to left center in the eighth.

Menard picked up its first three tallies in the first on a base on balls, a single and a Saluki throwing error. SIU threatened several times but never could push a run across as it left 12 men stranded on bases.

Larry Underwood and Curt Reed had four of the Salukis' seven hits, but Rush's long homers well over the fence, whiffing nine batters in the seven innings he pitched. The performance brought his season total to 41 in 21 innings.

The Saluki frosh close their season May 29 against St. Louis University's freshmen in a doubleheader at Riverside Park in Murphysboro.

No Official Action Taken Yet Against Cafe in Liquor Case

Minors who are caught drinking in a Carbondale tavern are fined $50, plus court costs. The tavern owner is liable for a fine of $150. But this situation may be a one-way street, with only the miners being caught at the end of it.

Three underage SIU students, recently fined $50 each after an evening of drinking, signed statements saying that they had been served by three waitresses at the Little Brown Jug without having been asked for identification.

To date, no action has been taken against the restaurant. A spokesman for the University Security Office told the Daily Egyptian that copies of the police report and the statements were given to Carbondale Mayor D. Blaney Miller, who is the city's liquor commissioner and has the responsibility for enforcing the city's liquor laws. Miller, however, denied that he had seen the statements.

Police Chief Jack G. Hazel told the Daily Egyptian that he recalled seeing the statements and, although he could not be sure, that he believed the mayor had also seen them. Hazel said, however, that J. Edward Helton, Carbondale corporation counsel, had seen them and he thought Helton planned to ask the proprietors of the Little Brown Jug for an explanation. Helton verified that he had seen the statements but said he could take no action. "That is the mayor's responsibility," Helton said.

But he could not recall whether Miller had seen the statements, he said, liquor violation information "ordinarily should go to him."

State's Attorney Richard E. Richman told the Daily Egyptian that he had no previous word of the situation but he said he would investigate. He emphasized that the city, not the state, has primary responsibility in liquor cases.

Menard's Kirkland, however, continued his hot strikeout pace, whiffing nine batters in the seven innings he pitched. The performance brought his season total to 41 in 21 innings.
