Vision 65 Conference Opens Today

Antrin Death Inquest Set

An inquest into the death of Duane J. Antrim, 19, who was killed in a car-motorcycle accident, will be held at 7:30 p.m. Friday at the Carbondale city hall.

Antrim, a transfer student from Lamar Junior College in Colorado, died a short time after the motorcycle he was driving was struck from the rear Saturday night at Marion and Poplar streets. His motorcycle was knocked into the path of another car.

Robert Nelson, 19, another SIU student, sitting on the back of the motorcycle, is in good condition in Doctor's Hospital. He suffered a concussion and fractures of both legs and an arm.

Floyd Crawshaw, former Jackson County Coroner, who went to the police station an hour after the accident and told police he was the driver of the car that struck the motorcycle, has been charged with driving while intoxicated.

An attorney for Crawshaw appeared before Magistrate Robert W. Schwartz in Jackson County Circuit Court Monday and asked for a continuance, Schwartz continued the case until next Wednesday.

150 Virus Cases Reported in Week

More than 150 cases of abdominal virus were reported to the Health Service last week.

Known as gastroenteritis, the virus lasts about one or two days. The symptoms are cramping, nausea, some vomiting, and diarrhea. Students with these symptoms are asked to contact the Health Service for relief.

The Health Service also reported an increase in the number of motorcycle accidents. About two or three cases from these accidents are received each day, according to Dr. Walter H. Clarke, acting director.

YOUNG MAN WITH A HORN — This picture recently ran as members of the Marching Salukies were leaving practice. Seghers said people at SIU are used to seeing almost anything, but this certainly caused a few heads to turn.

Requirements Vary

Registrar Warns Full-Time Student Status Does Not Guarantee Draft Deferment

"Maintaining your status as a full-time student is no longer any assurance of draft deferment," Robert A. McGrath, registrar, warned SIU's male students. "Many local draft boards are requiring that a student progresses on schedule," he said.

"This point was brought to the attention of the student recently when Curt Duft, a full-time student at the Edwardsville campus, was ordered to report for induction after he failed to attend school one week last year.

"Local boards normally will expect students to complete requirements for a bachelor's degree within four calendar years in a regular semester or quarter system school," said John H. Hamnack, state director of the Selective Service System, in a letter to all universities. "This will allow for the usual vacation period."

McGrath pointed out that even if a student carries the 12 hours required to be considered a full-time student, he may not be considered to be meeting the above requirements.

A student who falls behind because he has failed a course is "skating on the edge," the registrar said.

Gus Bode

Convocation to Hear Victor Lasky

Victor Lasky, leading political reporter and author of the best seller, "JFK: The Man and the Myth," will be the guest speaker at the 10 a.m. and 1 p.m. Freshman Convocations today.

Today's convocations will be held in the Arena rather than Shrewed Auditorium. The Vision 65 program will be used in the auditorium.

Lasky has built himself a reputation as one of the most controversial commentators of the day. In 1930, he co-authored the best selling book on the Alger Hiss Case, "Seeds of Treason," and later wrote a full-length documentary, "The Hoaxers," which dealt with the communist problem.

A former Washington correspondent and correspondent during World War II, his syndicated column appears in more than 100 newspapers in the country.

Lasky's lecture, "Politics 1964-1965," will deal with the 1968 presidential election, foreign affairs and their relationship to domestic policies and other topics dealing with the political scene.

Experts to Study Communications

The complex challenge facing communications in the modern world will come under the scrutiny of experts from all over the world at the Vision 65 conference opening today morning on the SIU campus.

Vision 65, the first international communications conference, is co-sponsored by the International Center for the Typographic Arts and the University.

Burnett Shryock, dean of the School of Fine Arts, will open the three-day conference at 9:30 a.m. at Shryock Auditorium.

At 10 a.m., Osman Diop, ambassador to the United Nations from the Republic of Senegal, will speak, followed by remarks by Bill Burton, Vision 65 program chairman.

The first session will close with the keynote address by R. Buckminster Fuller, SIU research professor of design. Fuller will discuss "design as the principal human activity in a new communication of cybernation, instantaneous communication and continued education."

At 1:30 p.m. the Typomundus 20 Vision 65 exhibition will open in Mitchell Gallery and will feature some of the best examples of typography produced in the last 50 years.

The conference will begin at 2:30 in the ballrooms of the University Center with a talk by Max Bill, Swiss architect, educator, and sculptor.

The afternoon session will be center around the potential of television, graphic design, painting and cinema.

Bill's talk will deal with the function of communications in managing a cultured environment.

Following Bill will be Martin Karzumin, lecturer and professor at Tokyo University and editor of the "Graphic Design" magazine. Karzumin will discuss the role of the design professional. (Continued on Page 8)

Gus Bode says "Vision 65" for many students is a 4-F draft classification.
SIU String Quartet To Play Oct. 24

The SIU String Quartet will perform at 4 p.m. Oct. 24 in Shryock Auditorium.

Members of the quartet are Warren Sammons, violin; Herbert Levinson, viola; and Thomas Hall, violin, and Peter Sparbeck, violincello.

The quartet’s remaining performances at SIU are scheduled for 3 p.m. in Davis Auditorium.

LITTLE SISTERS OF BOOMER HALL -- Mimi McCarthy (left) and Mini Pinkney play the harp. Mimi McCarthy, half a year old, University Park, Miss McCarthy, Mimi Pinkney, of Shirkie, are residents of Neely Hall. As little sisters of Boomers, they will serve as housemates at the residence’s social functions.

Experimental Film Scheduled At Wesley Foundation’s ‘Well’

“The Gone Dull Care,” an abstract experimental film by Norman McLaren, will be shown Friday and Saturday evenings at The Well at the Wesley Foundation, 816 S. Illinois Ave.

A spokesman for the Wesley Foundation said that the film would start at approximately 9:30 o’clock each evening.

The film makes use of the technique of applying paint directly to the surface of the film. The abstract art produced in this way is synchronized to jazz to form the theme. An animated, kaleidoscopic effect is the result. McLaren, the producer, is a Canadian and has used this technique of animation in several of his films.

County Gets Tax Share Increase

A country has been allotted $13,002 as its share of the Illinois motor fuel tax, according to the Illinois Department of Finance.

The total for the 102 counties is $3,384,953.

Daily Egyptian

Published in the Department of Journalism Thursday, October 22, 1964, Carbondale, Illinois. The Daily Egyptian is the official voice of Southern Illinois University-Carbondale, Illinois, second class postage paid at Carbondale, Illinois 62901.

Miss McCarthy, a freshman from Clarendon Hills, Ill., University Park. Miss McCarthy, Mimi Pinkney, of Shirkie, are residents of Neely Hall. As little sisters of Boomers, they will serve as housemates at the residence’s social functions.

Two other McLaren films, “Chary Tale,” dealing with failure to communicate, and “Neighbors,” a comment on the need for understanding, are being shown at The Well later this year.

Forensic Students Needed as Hosts At Sunday Dinner

Foreign students would like to be hosts and housemates at the Sunday dinner at the University Center are asked to call the International Student Center before Saturday.

The students, in their native dress, will sit attabiles in the Roman Room and discuss their native lands with people attending.

A foreign display is also planned for the University Center on Sunday. Plans are being made to have displays from Southeast Asia, the Mediterranean area, Asia, Africa, Latin American and Europe.

Students who could bring native items to be put on display are requested to call the International Student Center before Saturday.

Today’s Weather

Clear to partly cloudy. High in the 60s. Chance of light showers. The high for the day is 89 recorded in 1963, and the low is 18 recorded in 1932, according to the SIU Climatology Laboratory.
Activities

SDS, Interfaith Group, Sphinx Club to Meet

Students for Democratic Society will meet at 7:30 p.m. today in Room D of the University Center. The Interfaith Council will meet at 10 a.m. in Room D of the University Center. The Christian Science Organization will meet at 9 p.m. in Room E of the University Center. The Sphinx Club will meet at 9 p.m. in Room D of the University Center. The University Center Programming Board special events committee will meet at 9 p.m. in Room B of the University Center. The University Center Programming Board recreation committee will meet at 6:30 p.m. in Room B of the University Center. Women's Recreation Association competitive swimming will take place at 6 p.m. at the University School Pool.

Pi Sigma Epilson, society for the advancement of marketing, selling and sales management, will meet at 9 p.m. in Room 205 of the Wlam Education Building. Victor Lasky will speak on "Politics-1965" at Freshman Convocation at 10 a.m.

'Naughty Marietta'

Featured on TV

"Naughty Marietta," starring Jeanette MacDonald and Nelson Eddy, will be shown at 9:30 p.m. today on WSIU-TV. Other programs:

5 p.m. What's New: How youngsters can begin a coin collection.

7 p.m. The Lively Arts: The Hudson River school of early American painters.

8 p.m. Passport #8: "High Road to Danger." Tracking a bull moose through the wilds of Wyoming.

8:30 p.m. Aaron Copland: Music in the Twenties.

U. Center to Sponsor Horseback Riding Tour

A horseback riding party, sponsored by the University Center Programming Board, will begin at 12:30 p.m. Saturday in front of the University Center. Interested students must sign up before noon Friday in the Student Activities Office. Price is $1.50 per head and 1 p.m. in Shryock Auditorium.

Graduate Students in Education (CABAL) will meet at 4 p.m. in the faculty lounge of the Wlam Education Building. P. Roy Brammell, assistant dean of education administration and supervision, will be guest speaker.

Zeta Phi will meet at 7:30 tonight in Room D of the University Center.

WSIU Schedules

Program on Ethics

"Matter of Morals," a radio series based on the theme of ethics and integrity in human behavior, will feature the program "For Sale: Way of Life" at 8 p.m. today on WSIU Radio. Other programs:

10 a.m.

Pop Concert.

2 p.m.

Page Two: Editorials from leading American newspapers.

3:05 p.m.

The Department of Music Presents: Will Gay Bottje, "The 1964 University Composer's Exchange."

6 p.m.

Music in the Air.

8:30 p.m. Chamber Concert: Quintet for Clarinet and Strings in A major by Mozart; Horn Trio in E flat major by Brahms and String Quartet in G minor by Debussy.

Home Ec Meeting

On Placement Set

A Placement Service meeting for home economics seniors and graduate students will be held at 4 p.m. Tuesday in the Family Living Laboratory of the Home Economics Building. Claude I. Shell of Placement Service will explain procedures in using the service to secure a position.

Viet Nam Withdrawal Would Put Leak in Anti-Red Dike

The reactions to last Thursday's teach-in were profound. The students expressed a fundamental misunderstanding of the purposes of education—up to and including the teaching of themselves— and teaching itself. It is bizarre to witness the political naiveté of the majority, which dominated the discussions at the teach-ins. Their questions, based on mass media, veer over their inability to make themselves basic to the teach-in is that if the American people were given the facts, the truth, it would be obvious to them that the majority have their own teach-ins to express their opinions.

As I stated clearly last Thursday, it is not an effort to teach the basic to the teach-in is that, if the American people were given the facts, the truth, it would be obvious to them that the majority have their own teach-ins to express their opinions.

Pro-Administration Faculty Wasn't Suggested

In these times of domestic and international tension, we believe that more than ever the American people hold a special trust for responsible leadership in word and action. This trust involves no way any involvement of restrictions of freedom, but fact and opinion must be clearly differentiated. In this respect, ignorance is one of the most inaccurate facts in word and in writing.

Students must observe, if we are to fulfill our tasks as teachers and leaders, meritorious to the teach-in's aim, and to discuss any opinion on Viet Nam. Finally, it is unlikely that we ever achieve the impression that students, faculty, or any other group of us, on any point in question.

Don't Allow One-Sided Rallies on Campus!

As an American student, I feel that all sides of an issue should be presented. I do not think it is possible for the students who took part in it as well as the student government and the school administration. We have been to other campuses where they served a good purpose—to inform us of is and a many viewpoints. The SDS teach-in did not fulfill those requirements, because it was not presented a political rally opposition to our Viet Nam policy.

Peter Malone

Don't Allow One-Sided Rallies on Campus!

As a social science student, I feel that all sides of an issue should be presented. I do not think it is possible for the students who took part in it as well as the student government and the school administration. We have been to other campuses where they served a good purpose—to inform us of is and a many viewpoints. The SDS teach-in did not fulfill those requirements, because it was not presented a political rally opposition to our Viet Nam policy.

Have We an Inhumane 'Humane Society'?

The Jackson County Humane Society has apparently ceased to exist, as such. To be sure, there are individual members of the organization, but for them to be active, they must have such a view of the "human" aspect, for example, last Thursdays, our group went to the National Humane Society in Hoover Ave. They didn't see the street, they thought, and have no idea as a group, we will have to do the same.

While investigating the situation, I was told how "diedi" these people who run the local shelter for the animals, what sort of dedication is this, and that they were denied that I had ever reported the animal in the first place.

Since we can't depend on the county, the local chamber of commerce, or any other community's stray animals in a decent, humane manner, how can we have a humane society at all?

Ireland Backs American Policy in Viet Nam,
De Valera Tells Visiting American Editors

Special to the Daily Egyptian

DUBLIN, Ireland — Eamon de Valera, president of Ireland, told a group of visiting American editors that his country backs the U.S. in Viet Nam.

However, he emphasized the importance of the role of the United Nations in maintaining world peace and the unique role played by Ireland in international negotiations.

Ireland, he pointed out, is one of the few small countries which retains the confidence of the various factions involved in the conflict of interest that separates the free world from the communist world.

The Irish president was one of the final speakers to the editors, members of the International Conference of Weekly Newspaper Editors, who are winding up the 10th anniversary meeting of the conference. The meeting was held in England and Ireland.

He told the group that Ireland should be in the Common Market by 1970. He also said Ireland hopes to build up its population by attracting new capital investments which would provide more jobs and keep more people at home.

During the tour, SIU President Dolyte W. Morris, who headed the SIU delegation to the conference, visited four of the six new universities now being built in the area. Both Morris and William J. McKeefry, SIU's Dean of Academic Affairs, spoke to conference sessions.

The SIU delegation is expected back on campus this week. Headquarters for the conference are at SIU's Department of Journalism.
Mum Klan Leaders Warned of 'Trouble'

WASHINGTON (AF) - Ku Klux Klan witnesses who refused to answer questions about finances were warned Wednesday of two kinds of possible trouble: Congressional contempt citations and federal tax action.

The House Committee on Un-American Activities scored questions of the flow and ultimate destination of Klan dues, donations collected at rallies and profits from the sale of $15 satin wardrobe — better get a couple of pairs!

Shelton, in two days on the stand, told the committee nothing but his name, his birthplace — Tuscaloosa — and his age — 36.

Temporarily excused as a witness, Shelton described the investigation as an attempt "to curtail political favor with a group that has flouted the law all over the country."

His statement, read to newsmen outside the hearing room, apparently referred to Negroes. He said the Klan would "find out who are the true manipulators behind this investigation."

The committee wanted him to talk about any share he received of dues and rally collections and about the financing of such amenities as a Cadillac.

It was curious as to whether he obtained a hardship discharge from the Air Force during the Korean War to help out in a family grocery store, but promptly went to work for a tire company.

There were questions about cash checks drawn on the account of the Alabama Rescue Service, which committee chairman Edwin E. Willis, D-La., called a "shameful-frosted outfit" for the United Klans of America. It was engaged in the biggest of the various Klan federations and the one Shelton headed.

The committee was curious also about stories that Shelton had been hired as an officer of a predecessor Klan federation in a row over finances.

Another inquiry was about bank records purporting to show he received some $4,000 from the Dixie Engineering Co., of Mobile, Ala., payments that Willis said appeared to be made by术urrying victims.

The committee asked also about radio equipment — citizens band receivers and transmitters, licensed for business purposes, and other gear that appeared to be capable of monitoring police calls.

And, finally, the investigation was not yet determined by the prosecution.

JUST when was not yet determined by the prosecution.

Johnson Will Leave Hospital; His Condition Called Excellent

WASHINGTON (AP) — President Johnson said Wednesday that the President will go home today.

It will be exactly two weeks since President Johnson underwent a two-hour kidney stone operation and had a blood transfusion.

Johnson said his recovery was on schedule, but aides said it could be more than two weeks at least. They added that his recovery would take about two months. They added that his recovery would take about two months.

Johnson would have to decide when he would leave the hospital and return to the White House, just when he would not yet determined.

President Johnson underwent a gall bladder operation, said aides.

Johnson would have to decide when he would leave the hospital and return to the White House, just when he would not yet determined.

President Johnson underwent a gall bladder operation, said aides.

"Everything was in good order," Missouri Areas

Repor Tremors

ST. LOUIS, Mo. (AP) — An earth tremor was felt at 9:05 p.m. CDT for about eight seconds Wednesday near the St. Louis area and in southeast Missouri.

Reports also came from a wide area of the Lake of the Ozarks and in central Missouri to the north and west outskirts of Kansas City shortly after 8 p.m. CDT Wednesday.

The tremor was not immediately available. There were no reports of injuries or serious damage.

Missouri Areas Report Tremors

ST. LOUIS, Mo. (AP) — An earth tremor was felt at 9:05 p.m. CDT for about eight seconds Wednesday near the St. Louis area and in southeast Missouri.

The tremor was not immediately available. There were no reports of injuries or serious damage.
Reaction Builds Up Against Protesters

NEW YORK (AP)—A booming counterwave built up Wednesday on a demonstration against U.S. military operations in Viet Nam, protests spiraled against the protesters. Both sides were rallying followers. From college campuses—the same campuses from which some of the attacks came on U.S. military action—came signs of a resurgent defense for it.

At Yale University, a group of students distributed pamphlets, calling for a mass rally Thursday on the demonstrator's backing for America's course in Viet Nam.

At the University of Mississip-i at Oxford, the campus senate adopted a strong resolution supporting President Johnson's policies, and rebutted demonstrations against the American policy in Asia. At Lakehead High School near Feestkull, N.Y., the younger class prepared petitions.

Garrison Checks Viet Cong Attack

SAIGON, South Viet Nam (AP)—Hard hit by daylight, a Viet Cong battalion pressed an attack with mortars and small arms Wednesday night on a special forces garrison of 300 Monasgrad tribesmen and 10 U.S. advisers at Plei Me, in the central highlands. The garrison held out with the help of heavy air strikes at the Red guerrillas. U.S. planes flew 100 sorties in support of the defenders, and dropped them ammunition.

The Viet Cong were estimated to have lost from 60 to 100 men around the camp throughout the day. Twenty died on the perimeter barbed wire. Casualties among the defenders were unreported.

Indonesian Reds Stand on Scaffold

JAKARTA, Indonesia (AP)—The Indonesian Communist party—PKI—is in trouble, standing on a scaffold with a rope around its neck, but still hoping for a reprieve.

The army, since the abortive Communist-backed coup of Sept. 30-Oct. 1, has conducted an elimination campaign against the PKI. The drive centers mainly on the two most important islands, Java and Sumatra.

The ailing president, 64, is using every man at his disposal to save the Communists, whom he refuses to condemn for their part in the uprising.

Sukarno would like to consolidate the sentence of the Communists, but the army will not buy the idea. It has temporarily suspended the activities of the PKI and its affiliates, but no go, which the crackdown continues under martial law and a curfew.

He found it at Western Electric

T. R. Thomsen, B.S.M.E., University of Nebraska, '68, came to Western Electric for several reasons. Important to him was the fact that our young engineers stay with us. Right from the start, working on exciting engineering projects in communications including electronic switching, television, control systems, and optical systems.

Western Electric's wide variety of challenging assignments appealed to Tom, as did the idea of advanced study through full-time graduate engineering in one of the most progressive management courses in the company-paid Tuition Refund Plan.

Tom knows, too, that we'll need thousands of experienced engineers for supervisory positions within the next five years. And he's getting the solid experience necessary to qualify. Right now, Tom is developing raw and improved inspection and process control techniques to reduce manufacturing costs of telephone switching equipment.

Tum is sure that Western Electric is the right place for him. What about you? If you set the right standards for yourself, enjoy a challenge, and have the qualifications we're looking for— we want to talk to you! Opportunities for test-driving careers exist now for electrical, mechanical and industrial engineers, and also for physical scientists, theorists and mathematicians, in many locations.

For more detailed information, get your copy of the Western Electric Career Opportunities booklet from your Placement Office and arrange for an interview when the Bell System recruiting team visits your campus.

Sen. Young Says CIA Had Part in 'Red' Atrocities

WASHINGTON (AP)—Sen. Stephen M. Young, D-Ohio, says a member of the Central Intelligence Agency in Viet Nam told him the CIA committed atrocities there to discredit the Viet Cong. Both the CIA and Rep. Cornelius E. Gallagher, D-N.J., said it isn't so.

Gallagher said "it may well be that he spoke to a Viet Cong disguised as a CIA man."

Young, who recently returned from Viet Nam, said he was told that the CIA disfigured some people as Viet Long and committed atrocities, including killing men and raping women. He did not name the agent he said told him those things.

A CIA spokesman, asked for comment, said: "As far as our agents having done such things, the statement is absolutely false."

Gallagher said Young's statement "is appalling, and it reflects a callousness with facts."

Gallagher is a member of the Senate Foreign Affairs Committee and said that like Young, he was briefed when he was in Saigon about four months ago.

"HE SAYS HE MUST HAVE BURNED HIS CREDIT CARD BY MISTAKE."

Iowa U. Student Burns Draft Card

IOWA CITY, Iowa (AP)—A University of Iowa student who said he was driven by the FBI to burn what he said was his draft card before a group of that student's fraternity, voted unanimously Wednesday to expel the student from the fraternity.

Steve Smith, 20, said he was threatened by the FBI for his action, but that it wasn't part of a group of that fraternity's

"I am ready to serve five years for my country."

Tom Thomsen wanted challenging work

WILL BURTON  EUGENIO CARMI  THOROLD DICKINSON  R. BUCKMINSTER FULLER

Vision 65 Draws International Experts
To Study Communications in Modern World

(Continued from Page 1)

of visual design in bridging cultural and linguistic barriers to communications.

Eugenio Carmi, an Italian painter and sculptor, will demonstrate the significance of art to changing awareness of human involvements.

Thorold Dickinson of the film department at the Slade School, London, will close the afternoon session with his observations as a designer-educator of urgent tasks of understanding between people.

The evening session will begin at 8 p.m. in the University Center Ballrooms and will be devoted to developments in the areas of film making, functions of museums, and arts and professional crafts.

Vera Horvat-Pinjac will open the session with her analysis of the new demands on the arts and professional crafts and by showing examples from Yugoslavia’s cultural institutions.

The changing function of the museum as an environment for learning, recreation, social debate and pleasure will next be discussed by Willem Sandberg, retired director of the Stedelijk Museum, Holland, and the organizing director of the Israel Museum in Jerusalem.

Stan VanDerBeek, a film designer, will close the session with a talk and a presentation of his own avant-garde films which reflect the socially concerned attitudes of the creative young generation.

The first day’s activities will end with free films at 11 p.m. in Davis Auditorium and at the Varsity Theatre. SIU students and faculty members may attend any or all sessions of the three-day conference at no cost provided that they use the special sections set aside for visitors.

Meyers to Speak At Monsanto Co.

Cal Y. Meyers, associate professor of chemistry, will present a seminar on “Sulfones: Influences on and Effects of the Sulfonyl Group” to the research department of Monsanto Co., St. Louis, on Oct. 22.

fraternity service

blood donation plea
gets fast response

by john goodrich

a fraternity man may not give you the shirt off his back, but he will give you some of his blood, if he can. during the second half of last saturday's football game an announcement was made over the public address system for mrs. elizabeth jones, resident adviser of phi kappa tau social fraternity, to report to doctor's hospital. the announcement came from the security police, who were responding to an emergency call from sally stokes, of the hospital laboratory.

the call was for volunteers to give blood urgently needed for duane j. antrim, victim of a hit-and-run cycle-auto crash. "am i dead, but the speed with which volunteers arrived couldn't have been any faster," he said. "there were boys down here at the lab to give blood within 10 or 15 minutes after the call went out," said mrs. stokes.

this was possible through the greek blood bank, one of the community services that the social fraternities provide.

it is the only blood bank serving the carbondale area, and mrs. stokes described the program as being "just wonderful. the job that these boys do for us is an immense help in emergency situations."

a list of donors is kept by mrs. jones at the phi kappa tau house when blood is needed, mrs. jones checks the list for donors who have the type of blood needed. they are contacted, and are taken to the hospital's laboratory.

each volunteer donor on greek row carries a card which indicates his blood type. when mrs. jones left for the hospital saturday night, greek members of the house quickly passed the word that type o positive blood was needed. volunteers checked their cards, and several were escorted to the hospital by illinois state police.

cory j. butler of chicago and richard r. fancher of salem were the two selected as donors saturday night.

the program was organized last year by james b. hansen, a phi tau, who went to each fraternity to obtain volunteers, and then arranged for members to have their blood typed.

even though the fraternities are doing a fine and efficient job with the volunteer blood bank, the program is not adequate as it stands now, and needs updating and expansion, mrs. stokes said.

the program could be extended to include any student as a donor, and perhaps a reserve blood bank could be built to handle routine operations, as well as emergencies, she added.

united fund asks
faculty donations

the fourth annual united fund campaign, aimed at faculty and staff members, was begun wednesday. john j. murphy, executive director of communications media division, is chairman of the fourth annual campus campaign.

charles d. terney, vice president for planning and review, addressed fund representatives at a kick-off coffee yesterday at the university center ballroom.

faculty and staff contributions can be made through payroll deductions. although student contributions are not being solicited, donations may be sent to the communications media office at 108 e. grant.

the drive is being conducted in cooperation with the carbondale united fund campaign.
Month-long Drought

**SIU (1-4), Wichita State (0-4), Match Prowess (?) Saturday**

By Bob Reinecke

Two teams that haven’t won a football game in a month will meet when Southern plays Wichita State Saturday at Wichita.

Records-wise, the Shockers will provide Southern with its first match of the season. The Salukis enter the game with a 1-4 record while Wichita is winless in four games.

Wichita, however, has piled up its unimpressive record against some pretty Impressive opponents. The Shockers lost three close games to Montana State, Cincinnati and Arizona State at the start of the season before being clobbered by New Mexico State 45-20 last Saturday.

Coach George Karras has built his team around 21 returning lettermen and bolstered the lineup with five junior college transfers. The lettermen include three ends, four tackles, three guards, two centers, five halfbacks, three fullbacks and a quarterback. So, the addition of the transfers has given Wichita depth and experience at every position.

The headline-getter in the Shockers’ lineup is Jim Wadziewicz, a 240-pound senior center. Wadziewicz was an All-American as a high school senior and was voted honorable—mention All-America two years ago as a sophomore. He has been voted the outstanding center in the Missouri Valley Conference for two straight years.

Pete DiDonato

Captain of this year’s squad, Karras and others at Wichita have billed him as a shoe-in for honors this season.

Another attention-getter for the Shockers is guard Pete DiDonato, a 200-pound senior. “The Bull,” as he is known, was the all-conference fullback in 1964 when he averaged better than four yards a carry. Playing behind DiDonato is Bob Hostkins, a sophomore from Edwardsville, Hostkins is a rugged 6-3, 248-pounder.

The Shockers’ offense goes its main punch from the passing of quarterback Lou Confessore. The 183-pound senior has completed 40 of 73 attempts for 479 yards. Four were touchdown passes and have accounted for all but two of Wichita’s touchdowns for the season.

His favorite target has been end Bob Wilson, a speedy 200-pound junior. Wilson has hauled in eight aerials for 139 yards and two touchdowns. The other starting end is Dick Ralston, a 190-pound transfer who has caught five passes.

The Shockers’ ground game is built on a meanest player a 235-pound transfer. Karras and others at Wichita have billed him as a shoe-in for honors this season.

His favorite target has been end Bob Wilson, a speedy 200-pound junior. Wilson has hauled in eight aerials for 139 yards and two touchdowns. The other starting end is Dick Ralston, a 190-pound transfer who has caught five passes.

Drake Cops Game and Ball, But Salukis Get the Steaks

By Joe Cook

Southern lost more than just the game lost yesterday. It also lost a $20 football. Drake University football players, elated over their fourth straight victory, asked for the game ball and got it.

It’s been a long football tradition that the winning team gets the game ball if it wants it. The home team, however, furnishes the ball—and if it loses, has to approve the give-away.

This, by the way, was the first football Southern has lost all year. Most teams don’t ask for the game ball unless it’s a championship game or a heated rivalry.

A football team, like an army, travels on its stomach, so Lentz Hall and the SIU athletic department are helping the Salukis this year by providing the team a training table.

During the week nights the team gets double servings of meat and vegetables. On game nights the team gets a special high protein meal consisting of an eight ounce broiled sirloin steak, two scrambled eggs, toast, honey, coffee or tea.

The Pointer, Thompson Pointe’s weekly newspaper, will probably be a little more biased than usual toward Southern’s basketball team.

The paper’s sports editor is Boyd Neal, the team’s 6-foot, 6-inch center.

If freshman think wearing a green beard for a couple of days is bad, they should go to Louisiana State University. The 6-foot, 6-inch center.

First football Southern has lost this way all year. Most teams have also lost a tradition that the winning team that the winning team will also get a $20 football.

Responsibility for Deferments
Placed on Individual Students

(Continued from Page 1)

meet the requirement that he graduate in four years. Include transferring from one university to another or making changes in his major course of study.

McGrath also pointed out that boards expect students to maintain a certain level of quality. It is impossible to say exactly what this level is because it varies with the various boards, he said, but just because SIU allows a student to remain in school does not necessarily mean that his grades are high enough to satisfy his local board. If a local board's quota is high, a student cannot be assured of remaining in a deferred status if he continues his education on a graduate level, according to McGrath. Normally, the board will allow graduate students two years to complete their master's degree requirements and five years for their doctorate, from the time they receive their bachelor's degree, but this is not guaranteed.

A graduate student at SIU is considered to be on full-time status if he is carrying eight hours or more. If he is a teaching assistant, he will be considered full-time regardless of his course load.

In the end, though, it is entirely up to the individual draft board to decide who will be deferred and who will be inducted. Each board has a quota to fill. Each board has a quota to fill, and it will grant deferments only so long as it is able to induct its required number of men from its available resources. The University is only a reporting agency in the deferment process, he said. It will try to follow the rules of the Selective Service System for reporting the status of the student, while at the same time giving the student as much chance as possible for deferment.

"Students have the real responsibility for assuring their deferment," he said. A student should, he said, be sure he is carrying at least 48 credit hours per year (the minimum number which will allow him to graduate in four years), be sure he is meeting the other requirements for graduation in four calendar years, and do his best to make good grades.

"If he does this, we will do our best to keep his local board informed of the fact," said McGrath. "If he isn't, there isn't much we can do."

COMMUNICATIONS JOB MEETING SET

The Placement Service will meet with all seniors and graduate students who are in the School of Communications at 10 a.m. Tuesday in the Southern Playhouse.

The meeting will help outline the services that the Placement Service can provide to help in finding suitable positions for graduates.

MEETING WILL HELP STUDENTS

Remember, no, Mike and Marvin from last week? No! Sylvia and Shelly did the same thing — they bought a mobile home when they were freshmen too. Paid $395 down and only $60 a month. They bought a beauty too. They even had so much room that they rented a spare bedroom to another girl and made enough to practically pay for their home.

What are they doing with the money they saved? Well, this spring after they graduate, they're going to Europe!
