Problems not characteristic of department

Student Development says evaluation reflects recent issues, not 10-year period

Jennifer Wig
DAILY EGYPTIAN

Although the North Central Association of Colleges' report reflected a negative opinion of Student Development, students and the staff of Student Development say it was a matter of timing.

Student Development is a branch of Student Affairs and Interests, which includes all registered Student Organizations and greek affiliations. According to Provost Eugene Basanta, director of Student Development, this year, most RSOs are pleased with Student Development, and say the NCA report focused on one problem instead of covering the entire 10-year accreditation period.

"During the NCA visit, there were several negative comments by students toward the Office of Student Development, especially the issue of Register Student Organizations and the accounting problems associated with the Student Development Office," said the report, which was submitted to SIUC in August.

The negative comments likely refer to a November 1997 incident in which a Student Development account inadvertently entered Undergraduate Student Government allocations for the National Pan-Hellenic Council into the computer twice, resulting in an excess of USG grants money to four more RSOs.

SIUC different from the NCA report

NCA says solutions to alcohol control should come from student culture, not from outside

NCA says solutions to alcohol control should come from student culture, not from outside sources. The NCA report highlights alcohol abuse as a major concern for college campuses across the nation, and suggests that SIUC take action to address the issue.

JENNIFER WIG
DAILY EGYPTIAN

Guernsey officially took the vice chancellor and provost position in May. He has worked closely with John Jackson in handling job duties of the provost since February. Jackson was named interim chancellor following the firing of Jo Ann Argersinger by the SIU Board of Trustees June 5. Guernsey also kept his post as dean of the Law School, which he was appointed to in 1990. With his two titles, Guernsey now has two offices, two staffs and two different sets of responsibilities.

"Trust me, two jobs are more than enough," Guernsey said. "Trying to build a schedule without putting me in two places at once is next to impossible. It was especially hard in the beginning, but we've worked most of the kinks out now."

Eugene Basanta is not surprised Guernsey took on such a challenge. In addition to working with Guernsey as a professor and former associate dean in the Law School, Basanta has known Guernsey since the late 1970s, when he started at SIUC.

Guernsey says solutions to alcohol control should come from student culture, not from outside sources. The NCA report states student participation is needed in implementing such a system, and a new solution is needed for the problems related to alcohol since Select 2000.

JENNIFER WIG
DAILY EGYPTIAN

The NCA report states student participation is needed in implementing such a system, and a new solution is needed for the problems related to alcohol since Select 2000.

The NCA report examines two issues related to alcohol: the effect of alcohol on student culture and the community, and the controversy surrounding the Select 2000 program, which regulates fraternities and sororities. Select 2000, which has been a cause of controversy since its implementation in 1997, is a nine-part plan regulating different aspects of greek life such as community service, alcohol use and grades.

The NCA report states student participation is needed in implementing such a system, and a new solution is needed for the problems addressed in Select 2000.

Multicultural students honored at reception

Academic Excellence was created in 1994 by Harriet Wilson Barlow, then associate director of Student Development Multicultural Programs and Services. The award was designed to honor multicultural students who have maintained a grade point average of 3.0 or higher and have been on the dean’s list for at least two consecutive semesters. Shavonne Lamkin, a graduate assistant for Student Development Multicultural Programs and Services, said the award reception was a way to congratulate students on a job well done.

"For us, it’s a way to recognize their achievements,” Lamkin said. “This is important because, often times, the achievements of multicultural students go unnoticed."

She also said the award should be a source of pride for the multicultural students who were honored.

"They should be proud because this is something they could put on their resume, and to a personal way, they should be proud that someone has recognized them for their achievements,” Lamkin said.

Academic dean, dean and directors from various SIUC colleges on hand as each student was awarded a certificate of academic excellence.

Richard Rivers, associate dean of the College of Business and Administration, congratulated all the recipients.

"I expect many students who see these people recognized will want to do better themselves to qualify for the award,” Rivers said.

To put the award ceremony into perspective, Rivers said, “For us, it’s a way to congratulate students for what they have accomplished. It’s a way to encourage other multicultural students to work hard and perseverence."

Crystal River, senior in health education from Danville who was also honored at the award ceremony. The senate unanimously voted in favor of each Registered Student Organization’s funding requests. USG President Sean Henry said the special meeting was conducted for students representing the first organizations, whose events either came close to or have been regularly scheduled Nov. 3 senate meeting.

Four student organizations received funding during a special Undergraduate Student Government meeting Thursday, guaranteeing them funds for upcoming concerts.

USG President Sean Henry said the special meeting was conducted for students representing the first organizations, whose events either came close to or have been regularly scheduled Nov. 3 senate meeting.

The senate unanimously voted in favor of each Registered Student Organization’s funding request. USG President Sean Henry said the special meeting was conducted for students representing the first organizations, whose events either came close to or have been regularly scheduled Nov. 3 senate meeting.

Students groups are often given funds for annual funding in the spring, which varies for each organization, but can receive additional funding from student government through general funding requests. USG President Sean Henry said the special meeting was conducted for students representing the first organizations, whose events either came close to or have been regularly scheduled Nov. 3 senate meeting.
SIUC a whole new world for some alumni

ANDY ECKSTEIN
DAILY EAGLE

The bartender at an SIUC alumni reception Friday night did not have to worry about card­
ing too many people. Most of the patrons were over the age of 72.

SIUC alumni from the class of 1949 and previous classes attended the Half-Century Club reception and dinner party at their 50th class reunion Friday night at the Student Center.

The Half-Century Club is a landmark group of SIUC alumni who graduated from the University 50 years ago. Two SIUC alumni, both of whom attended the event, graduated before 1933.

David Aiken, a former New York Broadway singer, said he came back to SIUC from his Bloomfield, Ind., home this weekend because he said the institution was instrumental to his successful singing career.

Aiken, who graduated before 1933, said he ended up on Broadway.

"I sang on Broadway for four years while performing in the New York City Opera and summer musicals. Aiken did not realize the changes the University had undergone since he went to school there more than 60 years ago.

"I got lost 50 times coming in here and almost turned around to go home," Aiken said.

"I wandered around looking for this place, and it is an entirely different world."

Peggy Jane Dickmann, who was in the 1948 Homecoming court, said her visit to the reunion also sparked some confusion.

"I didn't know anything about the different buildings; Dickmann said. "I just didn't recognize anything here."

Dickmann made the trip from California for the second consecutive year. She attended the Homecoming court reunion last year and had so much fun that she wanted to come again this year. She attended the reception and dinner and rode in the Homecoming parade Saturday morning.

"I didn't know anything about the different buildings," Dickmann said. "I just didn't recognize anything here."

Dickmann made the trip from California for the second consecutive year. She attended the Homecoming court reunion last year and had so much fun that she wanted to come again this year. She attended the reception and dinner and rode in the Homecoming parade Saturday morning.

Aiken said the most important thing about his college experience was participating in different activities around campus. He was a member of the football, basketball and track teams while also singing in the chorus.

"There is a lot more to college than just sitting in the classroom," Aiken said. "I think students today should take it all in."

The cost of tuition in the late 1930s was $16 per semester. A four-year education at SIUC would have cost about $128. Aiken said he probably would not have been able to attend SIUC had it not been for the choir because the MacDowell Club paid the top 24 singers at SIUC $12 a semester.

"It was important enough that we had to do that," Aiken said. "That was two-thirds of our tuition."

The education of some alumni was interrupted because of the draft during the World War II era.

Lucille Browning, a Half-Century Club member, started at SIUC in 1942 but had to wait until the war was over before graduating.

Browning said she saved all her money to come to college. She even sacrificed time to sit out for a couple of years of college to allow her sisters to get their education also.

She was glad to be able to reunite with her former classmates.

"I'm lucky to be here in good health; Browning said. "For the most part, this has been a great turnout."

The bartender at an SIUC alumni reception Friday night did not have to worry about card­ning too many people. Most of the patrons were over the age of 72.

In November 1998, USG unanimously passed a declaration demanding Student Development not to use the Student Organization Activity Fund or student fee money to correct mistakes that were made.

But according to Pei, the blunder was corrected with student fee funds. Pei also said members of the NCA team spoke with Student Development officials about the problems — something the thins is unfair.

"I would agree that the [accountancy] issues that were raised were issues that I think were of student concern at the moment when the report was written," Pei said.

"I think the office has made an effort to work with students." don’t think Student Development did a bad job, she thinks the office has made an effort to work with students.

The team shared the findings of its report and offered suggestions for improvements. Accreditation, which SIUC was granted, is based on five criteria, including having clear and publicly stated purposes, effectively utilizing its resources, accomplishing its goals and purpose and demonstrating integrity in its practices.

"I hope the finance committee chair for Undergraduate Student Government, said Pei, who directs the report, said the report contains about Student Development and said that the office has made an effort to work with students.

"I don’t think Student Development did a bad job; she thinks the office has made an effort to work with students.

"I don’t think Student Development did a bad job, she thinks the office has made an effort to work with students.

formed to explore the problems associated with Select 2000, especially the alcohol restrictions. "What is currently going on is great because it has been very much student-driven," Guernsey said. For non-greek alcohol incidents, the student body will have on control of the campus, said Guernsey, who also heads the Select 2000 task force.

"Don't know anybody who actually wants to keep Select 2000, but there has to be some kind of order to fall back on."

The new plan for Greeks, called the SIGMA Millennium Initiative, was submitted to interim Chancellor John J. Jackson Oct. 1.

"We're hoping to have this in place by next semester, but at this point, we don't know for sure if that will be possible," said Jon Andrews, president of the Sigma Pi fraternity and a member of the task force.

The goal is to implement a program that will work for our Greek system, and it can be applied to the wider debate, is determining what kind of alcohol policy we will have on this campus," said Guernsey, who also leads the Select 2000 task force.

Select 2000 is the only alcohol-control program that has existed in previous years. For non-greek students, standards regulating alcohol include alcohol restrictions. The student will do this Halloween weekend and week ends in the future."

"This weekend, mash pits are thrown at police 'Chicles. This is not a similar incident," said Cole. "The police are non-confrontational and that seems to work." Andrews said.

"These people should be role models," Sevim said. "Some people say there is a trend toward substance-free housing across the nation, and they may be right, but that doesn't mean it works."

Graduate student in the NCA report. While the report recommend the Greek system has offered an alternative to Select 2000. A non-grreek student, standard regulations are the most controversial part of Select 2000, but said simply banning it will not work. "Some people say it's just a waste," Andrews said. "What we need to do is educate people on how to use alcohol correctly and safely."

"Some people say it is a trend toward substance-free housing across the nation, and they may be right, but that doesn't mean it works."

AWARDS

Though officials described events on South Illinois Avenue as relatively mellow this weekend, most pits were left as Strip-guns bloody and bruised. Other revelers drove from trees and rooftops, and a few women exposed their breasts, but no major incidents were reported.

relaxed as they stayed behind barricades and off to the side of the crowded scene. There was a good relationship between the students and the police that has not existed in previous years. For non-greek students, standards regulating alcohol include alcohol restrictions. The student will do this Halloween weekend and weekends in the future."

"It is a part of Carbondale's history and future," he said. "We have to do what we can to ensure there are no major problems."

ceremony, found Smoot's speech very encouraging. "She was very informative," Flowers said. "She gave us many great insights on how to set your own goals and also how to achieve those goals."

Saluki volleyball captures a win

Christine B ruin
Dany Everhart

The SIU volleyball team stepped on the eight-game losing streak at Emporia State University at Emporia, 3-1 (14-16, 16-16, 15-13, 15-4).

“We were prepared for the match,” SIU head coach Scott Everhart said, “We did enough things right to get the win.”

The Salukis faced their second conference win and improved to 2-10 in the Missouri Valley Conference and 4-16 overall.

Freshman setter Kristie Kemmer, who led SIU by raking down 20 kills and 13 digs. Senior Debbie Barr posted her eighth double-double with a match-best 56 assists and 13 digs.

Other contributions on the Saluki squad include sophomore Jenny Noel (15 kills, 16 digs), freshman Tara Cains (12 kills, 17 digs), freshman Qiana Nelson (14 kills), senior Marius Kimbrough (13 digs) and senior Lenika Vancier (17 digs).

SIU’s next opponent is Bradley University (15-3, 11-2) at 7 p.m. in Davies. The Salukis look to rebound from the loss suffered in the last match-up (Oct. 2) against the Braves.

“It’s a big plus to be home again,” Locks said. “Hopefully, our win against Emporia will carry on the rest of the week.”

INDIANA STATE 39
WESTERN ILLINOIS 36

Freshman kicker Mike Mayeri booted a 38-yarder to give Indiana State (2-5, 1-2) the overtime upset victory over Western Illinois University in Terre Haute, Ind.

Quarterback Shannon Ford led the Sycamore offense, passing 175 yards on 24 carries, while Jared Sussenlaced on 82 yards to give Indiana State 357 yards on the ground.

Matteo (5-3, 1-3) was paced by Charles Thayber 143 yards on the ground, with quarterback Mark Zanders going 14-24 for 213 yards.

Mayeri was successful on tries of 45, 42, and 22 yards during regulation, including his game-winning kick at the end.

SOUTHEAST MISSOURI ST. 28
SOUTHWEST MISSOURI ST. 23

SEMO stopped a 12-game losing streak, upsetting Southwest Missouri State 28-23 in Cape Girardeau, Mo.

FOOTBALL

Saluki have allotted in the last three games.

Point system

The Saluki defense was nearly non-existent, leaving the burden on its offense to carry the load. Following an ominous game-opening kickoff return, the Salukis failed to convert a 21 unanswered points not halfway through the first quarter.

The uncharacteristic start for the Salukis (3-5, 4-0) reset the Redbirds (6-2, 4-0), only momentarily before ISU gained momentum in the third quarter.

Again it was the usual suspects leading the Salukis offense with senior wide receiver Connor Craig pulling in 11 catches for 170 yards and three touchdowns. Craig’s 46-yard touchdown reception in the third quarter was his 33rd of the season marking him the all-time career touchdown leader in school history surpassing Amon Bullock.

Freshman running back Tom Koutsos, behind an 84-yard run, led the ground attack with 132 yards on 16 carries and a touchdown. Koutsos has not exceeded the century mark since suffering a deep thigh bruise against the University of Northern Iowa in week four.

Ye again, a Saluki football game would be decided in the final minutes.

“We gave up some points today, but when it came down to it, our defense usually steps up in these situations,” said ISU quarterback Dusty Buls, who connected on 27 of his 46 attempts for 340 yards and five touchdowns. “We had a lot of confidence in them, and if we had to go into overtime, we’d be prepared for it.”

The Salukis would not be as fortunate.

But could connect with running back Walter James for a 43-yard touchdown strike with 2:46 to play giving ISU the 55-48 lead.

“We didn’t score enough points in the second half,” Quartes said. “Early on, I think they had the ball 15, 36 minutes (for the game). We might have come out a little bit dead in the second half.”

Senior Debbie Barr posted her eighth double-double with a match-best 56 assists and 13 digs.

Other contributions on the Saluki squad include sophomore Jenny Noel (15 kills, 16 digs), freshman Tara Cains (12 kills, 17 digs), freshman Qiana Nelson (14 kills), senior Marius Kimbrough (13 digs) and senior Lenika Vancier (17 digs).

SIU’s next opponent is Bradley University (15-3, 11-2) at 7 p.m. in Davies. The Salukis look to rebound from the loss suffered in the last match-up (Oct. 2) against the Braves.

WHERE WILL YOU BE IN SUMMER 2000??

Deadlines for applications are November 15th for Overseas Programs and February 15th for domestic programs. Applications are now being accepted for a wide variety of destinations, including scholarly internships, language immersion programs, and teaching English to speakers of other languages.

For more information call 800-424-8580 or visit http://peacecorps.gov.

Non-Traditional Student Appreciation Days
October 25th & 26th
Are You A Student Who Is:
- Age 24 Or Older
- Married, Divorced, Or Widowed
- A Parent
- A Veteran
- Attending College Part-time
- Re-entering College After A Prolonged Absence From Education

Then YOU Are A Non-Traditional Student!!!

Please stop by our table in the Fall of Fame Area in the Student Center today or tomorrow from 11:30 am to 12:00 pm or stop by the Student Development Office on the 2nd floor of the Student Center anytime to get an informational packet and find out about our services. These services include scholarships, personal consultation, a community resource guide, spouse/domestic partner cards, as well as a child care referral list.

The Salukis are playing a broken record

The Salukis followed their time-tested recipe for a close defeat Saturday, as Illinois State University took their turn abusing an SIU defense that can generously be described as young and uncharitably called a disaster.

SIU’s losing formula is pretty simple. A large dose of losing, a heavy helping of penalties, a costly fumble recovery earh in the game. But when you’ve lost as many close games as Quarless and the Salukis, entertaining lones and broken records grows faster than an opposing wide receiver freeing himself from a Saluki cornerback.

The Salukis have lost five games in a row after a ’98 season in which they lost seven of their last eight games. If you’re scratching your head in search of reasons for the annual collapse, Quarless is willing to save you some time.

“We tend to sit there and say, ‘There they go again on that losing streak, ’’ Quarless said. “We don’t have a lot of people, we’re not very strong, we’re not real young and that’s what the problem is when you get to this time of the year.”

At a University that … “ said Quarless, before allowing silence to finish his message. He wanted to lash out at the lack of financial support for football from SIU administrators, a request that has left him trying to recruit athletes to a program that can’t stack up with competing schools in practice.

ISU steals homecoming win from SIU this weekend

Paul Vildoloso

Bears

Saturday’s game at McAndrew Stadium. Burk dismembered the Saluki defense, passing for 346 yards and five touchdowns. The Salukis lost 55-48.

The Bears will have to find it anywhere besides his offense. "It’s an embarrassment to speak to the media. It’s an embarrassment to save you some time. We tend to sit there and say, ‘There they go again on that losing streak, ’’ Quarless said. "We don’t have a lot of people, we’re not very strong, we’re not real young and that’s what the problem is when you get to this time of the year."
