SIU Professor Views French Action

A visiting Korean professor looks for a possible chain of events to follow the French recognition of Communist China.

Soon Sung Cho, assistant professor of government, said the action taken by President Charles de Gaulle could lead to a succession of similar events.

One could be the recognition of Red China by new African states that were formerly French colonies. The

long tour of Africa by Chou En-lai could support this development, Professor Cho said.

Another step could be for admission of Communist China to the United Nations, he continued. This would then place the mainland Chinese in position to demand, through the U.N., the withdrawal of American forces from South Korea.

The Chinese could point to their own withdrawal from

North Korea, Professor Cho said. Furthermore, this movement toward "neutralization" of Northeast Asia could be a counterpart of De Gaulle's moves in this direction in Southeast Asia, he added.

This could result in increased tension and may pose dangers for South Korea, Professor Cho went on.

He also noted the trade

2 Dead, 3 Hurt In Auto Wreck

Three SIU students, injured in an automobile accident that killed two persons, were reported recovering Monday in Doctors Hospital.

George Maier of Springfield was reported in fair condition, Sherwin Adelman, Harrisburg, in satisfactory condition, and Richard Whitehead, Hillsboro, in good condition.

Funeral services were held Monday for Robert Wilcoxson, 18, SIU freshman from Springfield, a passenger in Whitehead's auto. The rites were conducted in Springfield. Wilcoxson is survived by his parents, Mr. and Mrs. H. Earl Wilcoxson, and a younger brother and a sister.

Rites for the other victim, Anthony Lowe, 27, who was graduated from SIU in 1960 with a master of arts degree in history, were scheduled for today in Dundee, Scotland, his home. Lowe, a passenger in Adelman's car, was working on a doctorate at the University of Illinois.

Sate Police said that the autos collided head-on on Route 13 six miles west of Carbondale late Friday night. Wilcoxson apparently was killed outright, and Lowe died later at the hospital, according to authorities.

Adelman told police that he was driving west when he saw the other car, eastbound, veer into his path. He said he tried to avoid the oncoming vehicle.

After the collision, police said, an auto driven by Byford Summers, 48, of Harrisburg, piled into Adelman's car. Hill and a passenger were injured slightly and Mrs. Hill suffered a broken nose.

Phi Kappa Tau 'Line of Dimes' Charity Crusade Begins Today

Wooden two-by-fours, saw-horses, nails and about 1/20 mile of masking tape will be used to create a sticky situation for generous students.

Today, Wednesday and Thursday members of Phi Kappa Tau fraternity will begin their tenth annual "Line of Dimes" crusade for the New March of Dimes. From 8:30 a.m. until 3:30 p.m. they will man a line spanning the 200 feet between the north entrance of the University Center building and the front window of the bursar's office, urging students to affix a dime to the sticky tape.

"Last year, we raised \$540, and this year, because of increased use of the University Center by the students, we

Students Predict Both Success, Failure For Wednesday's Health Service Ballot

Tomorrow's student referendum will pass -- or it won't -- depending upon whom you're talking to.

Members of the Referendum Committee, after an informal check of student opinion during the past few days, found that Building proposals have strength in both supporting and opposing camps. One student senator indicated that it was possible to get either opinion, depending upon the person you were talking to at that moment.

The proposed recommendation for the Health Service Building does appear to have

an edge in the "support" faction, but the plan to build a Co-Recreation Building may be headed for defeat, possibly due to a lack of understanding.

The was the status of the referendum Monday, according to David Davis, chairman of the Student Council Finance Committee. Davis said Council representatives were hoping to clear up any confusion by speaking to several campus housing groups Sunday night.

He said that one of the problems is that there is some feeling that the new SIU Arena and some of the unfinished upper floors of the University Center could be used for co-recreational facilities. He argues against this point on the premise that these buildings were not designed or intended for such use.

Passage of the Health Service proposal tomorrow would mean an increase of \$4 in fees for the next fall quarter, then another \$4 at the start of the 1966 fall quarter.

To get the Co-Recreation Building as well, fees would

Tax Forms Ready At Personnel Office

Withholding tax forms for 1963 are available now at the University Personnel Office, 209 Harwood.

All faculty, staff, civil service and student employees should pick up their W-2 forms at the earliest possible date, the office reported.

be hiked \$2 to \$2.50 more for fall quarter in 1965, then another \$2 to \$2.50 in 1967. This is a graduated fee increase totaling \$12 or \$13 over a period of four years. It puts the heaviest burden upon those who will be using the buildings.

What will happen to the \$3.15 students are now paying for medical benefits? The Council has answered that this money would be put to work wherever it is needed in any of the 27 programs now supported by the quarterly \$9.50 activity fee. Council spokesmen have indicated that most of these existing programs are operating with the barest minimum of funds.

Rathbone Performance Tonight Starts Shakespeare Festival

SIU's year-long observance of the 400th anniversary of Shakespeare's birth opens with a presentation by Basil Rathbone at 8 tonight in Shryock Auditorium.

The program, "An Evening with Basil Rathbone," is sponsored by the Student Activities Office. It will feature the readings of various poets and readings from Shakespeare's plays.

Students with activity cards may purchase reserve tickets for 75 cents and general admission tickets for 50 cents.

Rathbone has been referred to as the "best equipped actor on the English-speaking stage."

Folk Singers Plan 2 Shows

The New Christy Minstrels are scheduled to appear at Southern for two shows on April 4.

The nation's largest folk-singing group, seven men and two women, is being brought to the SIU campus by the Thompson Point social programming board.

Tom Cagle, chairman of the show, announced that tickets for the performances will go on sale February 18. Shows are planned for 7:30 and 9:30 p.m. in Shryock Auditorium.

Cost of the tickets will be \$2.00, \$1.50 and \$1.00. Blocks of 20 or more tickets may be purchased during the first few hours of sales. No block purchasing will be done prior to the date tickets are put on sale.

The New Christy Minstrels, recorders of such hits as "This Land Is Your Land," "Green, Green," "Denver," "Rovin' Gambler" and "Follow the Drinking Gourd," have appeared in all parts of the country at night clubs and colleges, and have been featured in several foreign appearances.

The Christies recently performed before President Lyndon Johnson.

The Columbia recording stars have been lauded by critics for their instrumental and vocal versatility. Referred to as the "big band" of folk singing, the group combines strings, a tambourine and a harmonica into a blended sound of ballads, regional folk songs, flamenco, and country-western songs.

The New Christy Minstrels took their name from the famous Christy Minstrels, hailed in the 19th century as the foremost interpreters greatly responsible for making popular the songs of Stephen Foster.

BASIL RATHBONE

Joe Beer Quits Publicity Post

Joe Beer, a resident of Thompson Point, has announced his resignation as publicity co-chairman of the Residence Halls Council.

In a letter to John Adams, president of RHC, Beer said the resignation resulted from a difference of opinion over the purpose of the council.

Beer also felt that by withdrawing he could be more objective in his study of the council. He is a member of a committee set up by the Thompson Point executive council to study the operation of RHC.

In clarifying his reasons Beer said, "I have always felt that the RHC was originally set up for the sole purpose of area fee assessment, disbursement and budgeting, but it has overstepped its bounds in trying to gravitate toward self powers not originally intended."

Adams said he was sorry to see Beer leave the council, but could not agree with Beer's interpretation of the council's function.

BAR EXHIBIT - With the help of Ginger Macchi, Mike Fenton (left) and Charles Cook examine a window like that used in the U.S. Penitentiary at Marion. The display is part of the

"Know Your University" exhibit being held in the ballroom of the University Center from 8 a.m. to 5 p.m. today.

Know Your University

Exhibit Includes Jail Break, Jumping Test

Visitors at the "Know Your University" exhibit are given the challenge of sawing through the bars of a window, duplicates of the type used in

the U.S. Penitentiary at Marion.

Today is the last day of the three-day exhibit being held in the ballroom of the University Center. It will be open from 8:00 a.m. to 5:00 p.m.

The display of SIU's Center for the Study of Crime, Delinquency, and Corrections is one of many "do-it-yourself" exhibits on display.

Other interesting features include a singing computer, a disposable animal cage, a display to compare one's verticle

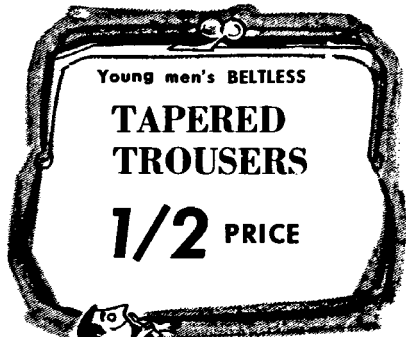

jumping ability with that of SIU athletes, and the privilege of viewing oneself on television.

Visitors are also shown the computing machine which is to "replace" librarians at SIU. A demonstration is given on how books will be checked out in the future, using ID cards.

The exhibit, sponsored by the University Center Student Programming Board, features displays from many departments of the University. The exhibit is aimed at promoting a greater understanding of the total scope and program of the University.

Nine New Advisers Selected

Nine new academic advisers have been selected for the winter quarter.

They are:

General Studies: Jay Butts, George Garoian, Conrad Kracht and Mrs. Doris Turner.

Fine Arts: Roderick Gordon.

Liberal Arts: Philip Kolber, Robert Lemon and Allan Wernick.

Technology: Charles Bunten.

A total of 53 part-time faculty members are assigned to the advisement center.

"This amounts to approximately one adviser for each 195 students," said Jack Graham, coordinator of advisement.

Qualified students are encouraged to use the self-advisement system. If more students begin planning their schedules a year in advance, this will require a student to only have one half-hour appointment each year instead of the usual one each term.

General Studies students are encouraged to see the same adviser each quarter. Upperclass students are requested to see the adviser assigned to their major. In either case, this person makes it a point to keep up with the latest regulations for the field of study assigned to him.

"Students are reminded that proper advisement is their own responsibility," Graham said. Those who are undecided about a major are encouraged to discuss this with a counselor in the Student Counseling and Testing Center."

Two Translations Set for Kuo Book

Ping-chia Kuo, professor of history, has received word from Oxford University Press that arrangements are being made to publish his new book China (in The Modern World Series) in two foreign languages.

A Swedish translation will be published by Bokforlaget Aldus, of Stockholm, a subsidiary of Bonniers; and a Malay translation will be published by the Kuala Lumpur branch of Oxford University Press.

Activities

Theater, Chemistry Groups to Meet

"An Evening with Basil Rathbone" will highlight SIU's celebration of the 400th anniversary of Shakespeare's birth. Mr. Rathbone will appear at 8 p.m. in Shryock Auditorium. The program will consist of readings from Shakespearean plays, poetry of a number of noted poets, and some of Rathbone's own professional and personal reminiscences.

The Interpreter's Theater will meet at 3 p.m. in the Studio Theater.

The Inorganic Chemistry Students will meet at 4 p.m. in Room F of the University Center.

Women's Recreation Association's House Basketball will meet at 6 p.m. in the women's gymnasium.

The Inter-Varsity Christian Fellowship will meet at 6 p.m. in Room B of the University Center.

Kappa Delta Pi will meet at 7 p.m. in the Library Auditorium.

The Forestry Club meets at 7:30 p.m. in Room 166 of the Agriculture Building.

The Women's Recreation Association's Fencing Club will meet at 7:30 p.m. in Room 110 of Old Main.

The University Future Farmers of America will meet at 7:30 p.m. in Room 225 of the Agriculture Building.

The University Center Programming Board Leadership Training Committee will meet at 8 p.m. in Room C of the University Center.

Pi Sigma Alpha will meet at 8 p.m. in the Home Economics Building Lounge.

The University Center Programming Board Special Interests Committee will meet at 9 p.m. in Room B of the University Center.

"Holiday in Blue" rehearsal will be held by the Arnold

Air Society at 5:30 p.m. in Furr Auditorium.

Women's Recreation Association's House Basketball will take place at 4 p.m. in the women's gymnasium.

Peace Corps talks will take place from 8 a.m. until 10 p.m. in Room E of the University Center.

Peace Corps information will be available from 8 a.m. until 5 p.m. in Room H of the University Center.

"Ernest in Love" rehearses at 6:30 in the Agriculture Building Arena.

There will be an Activities Development staff meeting at 9:30 a.m. in Room B of the University Center.

Angel Flight and Air Force ROTC will rehearse for "Revue in Blue" from 8 a.m. until 5 p.m. in Room H of the University Center.

The Area Program Committee meets at 8 p.m. in Room F of the University Center.

Visiting International Students Association meets at 7 p.m. in Room E of the University Center.

The Society for Advancement of Management will meet at 7:30 p.m. in Room D of the University Center. Students and faculty members of the School of Business are welcome.

The Society for Advancement of Management will meet at 7:30 p.m. in Room D of the University Center. Students and faculty members of the School of Business are welcome.

Deadline Feb. 15

For 1964 Auto Tags

"Feb. 15 is the deadline for display of 1964 license plates," according to SIU Security Officer Tom Lefler.

"Cars not displaying the new tags by that date are liable to fine and costs in addition to the charges for the 1964 tags. Only newly purchased automobiles are exempt from the fines for being late," Lefler stated.

Talks on 'Negro in America' Highlight on WSIU Radio

"The Negro in America," with guest speakers--the Rev. Mac Gillespie, director of the Student Christen Foundation; William Simon, instructor of sociology; and Wendell O'Neal, SIU student, will be featured tonight on WSIU-Radio at 7:30.

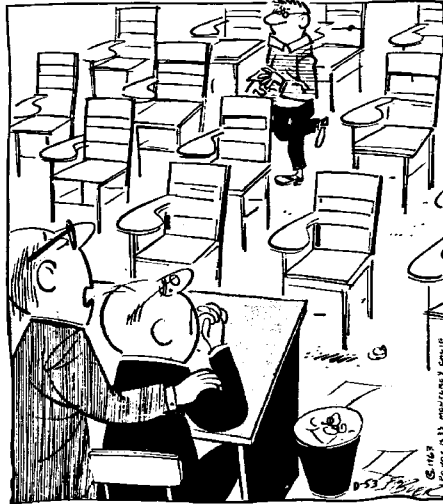

Other highlights:
8:30 a.m. The Morning Show starts the day with music, features and guests.

1:00 p.m. Afternoon Serenade features one hour of music from today and yesteryear.

7:00 p.m. Australian Journey--a complete trip across the Australian continent is provided in this series.

8:00 p.m. The concertos, sonatas, songs, and cantatas of Ludwig von Beethoven.

LITTLE MAN ON CAMPUS

Shapley Will Talk on Specialization

Harlow Shapley, visiting professor of philosophy, will speak at a meeting tonight sponsored by Kappa Delta Phi, Phi Delta Kappa and Phi Lambda Theta, education honor societies.

The meeting will be at 7:30 p.m. in Morris Library Auditorium.

Shapley's topic will be "Must We Climb Steeples," a discussion of the trend for over-specialization.

Lizards, Rockets Featured on TV

Giant effigies in the deserts of Peru give clues to some forgotten tribes of Southwest America on WSIU-TV at 7:30 p.m.

Other highlights:
5:00 p.m. Lizards and snakes take the spotlight along with rockets and folk music.

5:30 p.m. The Big Picture shows factual and documentary film from the United States Army.

7:00 p.m. "The Voice of the Violin, Part IV" with host and performer Robert Koff.

8:00 p.m. "Hollywood: The Golden Years"--Gene Kelly traces the movies from 1900 to 1929.

Photographer Ernst Haas illustrates "The Decisive Moment."

8:30 p.m. The FFA Chapter at SIU will conduct its annual meeting tonight.

It is scheduled for 7:30 in Room 225 of the Agriculture Building.

Dennis Moffatt sought a job with responsibility

He found it at Western Electric

Dennis Moffatt, B.A., Coe College, Cedar Rapids, Iowa, '57, joined Western Electric in 1961 after two years of graduate work at the State University of Iowa and two years with the Army. Most important to Dennis was the fact that WE offered him the chance to move ahead . . . fast. Dennis started at Western Electric's Hawthorne Works in Chicago as a Staff Trainee in Industrial Relations.

After only a year with the Company and the completion of one of WE's training programs for college graduates, Dennis became a Personnel Placement Analyst. Advancing rapidly, Dennis was recently promoted to Section Chief, Employment

and Placement, Systems Equipment Engineering.

If you, like Dennis Moffatt, want a career with a company that will recognize your skills and abilities, and have the qualifications we're looking for--let's talk! Opportunities for fast-moving careers exist now for liberal arts, physical science and business majors, as well as for electrical, mechanical and industrial engineers. Get the Western Electric Career Opportunities booklet from your Placement Officer. Or write: Western Electric, Room 6405, 222 Broadway, New York 38, N. Y. And be sure to arrange for an interview when the Bell System recruiting team visits your campus.

Associated Press News Roundup

French 2-China Plan Draws Chiang Blast

TAIPEI, Formosa--France launched its "two Chinas" policy Monday and recognized Red China, a fateful step denounced promptly by the Chinese Nationalists as "disastrous to the cause of the free world."

Apparently heeding the advice of Washington, President Chiang Kai-shek's regime stopped short of breaking off relations with Paris. But a strong protest to France called recognition "an extremely unfriendly act."

The United States, which has kept Chiang's regime afloat since the Communists conquered the mainland in 1949, called France's long-expected decision "an unfortunate step."

Similar expressions came from such friends of the Nationalists as the Philippines and South Korea. Japan emphasized that it will continue to recognize the Nationalists.

Peking radio announced simultaneously with Paris that the two nations would designate ambassadors within three months.

The Chinese Nationalists knew French recognition of their old mainland enemy was coming, but the prompt acceptance of Peking of the "two Chinas" concept apparently surprised them. Both

Peking and Taipei have violently assailed all previous attempts to accord equal diplomatic recognition of the rival regimes on the mainland and on Formosa.

The Nationalist Foreign Ministry issued a statement saying France's action "gravely affects the international balance in the face of Communist expansion" and emphasized its opposition to French President Charles de Gaulle's "two Chinas" policy.

U.S. Secretary of State Dean Rusk told the Japanese in Tokyo that France cannot influence Peking's belligerent policy toward the West because the French will not bring any real power to Asia, informed sources said.

Speaking at a closed meeting of the U.S.-Japanese economic conference, Rusk was said to have expressed concern over the effects French recognition will have on South Korea, Formosa, Southeast Asia and eventually Japan.

Sen. Smith Enters Presidential Race; Will Run in Illinois

WASHINGTON--Sen. Margaret Chase Smith, never beaten lady from Maine, tossed her bonnet into the presidential ring Monday.

In an appearance before the Women's National Press Club, Mrs. Smith, 66, and never beaten in Maine, said she will enter New Hampshire's first-in-the-nation primary March 10.

She also will enter the Illinois primary and indications are her name will be listed in the jousts in other states. She will run as a moderate Republican.

CHICAGO--A bomb planted in a parked automobile critically injured a star witness in a Cosa Nostra fraud trial Monday as he left the Criminal Courts Building.

NEW YORK -- General Motors Corp. in 1963 earned \$1,592,000,000, a sum never before equaled in a calendar year by any corporation. Sales, likewise a record, totaled \$16.5 billion, GM reported Monday.

The only earnings achievement approaching the GM 1963 figure was the \$1,474,404,000 in net income reported by American Telephone and Telegraph Co. for the 12 months ended Nov. 30. AT&T has not yet given its figures for calendar 1963.

WASHINGTON -- Secretary of Defense Robert S. McNamara told Congress Monday that he has "no hesitancy whatever" about the dependability of U.S. missiles. They are even more dependable for reaching targets than manned bombers, he said.

Johnson Unveils Housing Plan, Asks Aid for Subdivisions

WASHINGTON - President Johnson unveiled a bold new program Monday of federal aid for "progressive and imaginative" development of new subdivisions, even complete communities, in fast-growing areas around big cities.

For downtown areas, Johnson called for expanded public housing and urban renewal as he spelled out the steps he counts on to help reach his avowed goal of "a decent home for all Americans."

The President left out no segment of the nation in his election-year message to Congress on housing and community development. Even farmers had a place, although the major emphasis was on those who dwell in or near large cities.

He promised Negroes that his administration "will continue and strengthen its efforts to translate the pledge" of the late President John F. Kennedy's antibias housing order "into meaningful practice."

But Johnson made no mention of any plans to extend the order banning racial discrimination in federally assisted housing to include conventionally financed housing, a step many civil rights leaders have recommended.

Congo Attacks On Missions Spreading

LEOPOLDVILLE, the Congo--A guerrilla rampage against Christian missions and Congolese government authority was reported spreading rapidly Monday over three southern provinces.

Roving bands of rebels already have killed three Roman Catholic priests and an American missionary, Irene Ferrel, 43, and unconfirmed reports reaching here said two other priests and a nun had been slain.

With a state of emergency declared in Kwilu Province and guerrillas spreading terror in the neighboring Kasai and Kwango regions near the Angola border, the central Congo government ordered 450 troops into the area.

The government says it has proof Red China is supporting the revolt being waged by about 600 rebels and led by the former education minister, Pierre Mulele, 34, who spent several months last year in Peking.

A stream of missionary refugees fleeing the area continued, and several said it appeared Mulele is trying to wipe out all traces of law, order and Christian activity in the area.

Diplomats here fear Red China may try to capitalize on Mulele's successes.

He renewed Kennedy's demands for a Cabinet-rank Department of Housing and Community Development, and for enactment of the mass transit program now awaiting a House vote.

The major shift in emphasis came in the partnership program of aid in developing the fast-growing areas around big cities.

Johnson called for a program of cooperative planning and development, with the federal government providing financial aid and know-how.

Applications to Work, Learn In Alternating Terms Open

Applications for six to eight openings in a co-operative "work and learn" program are being accepted at the Student Work Office through an arrangement with the Alton Box Board Co.

Through the program, the student has opportunity to work for a term, and go to school for a term, on an alternating basis.

The firm manufactures cartons and corrugated containers for industry and food processors.

The purpose is to train students to assume management positions with Alton Box

Voting Rules,

Stations Listed

Students voting in Wednesday's referendum will be required to show their activity cards and student identification cards before they will be allowed to vote.

If a voter has no activity card, he will be asked to go to the Student Government offices in the University Center to get permission to vote.

Ballots will be available at all campus living areas and at the polling stations on campus. Seven stations will be located around campus. Two will be in the University Center and one each at the east entrance of Wham Education Building, Lentz Hall basement, first floor of Old Main, the VTI Student Union and Small Group Housing.

All ballots must be stamped by poll personnel, who will also check voters' identification cards and punch activity cards. Ballots will be left at the station.

Student in Hospital After Fight Near Cambria Crossroad

An SIU student is reported in satisfactory condition in Barnes Hospital after a fight early Sunday in which he allegedly was struck with a hammer.

He was identified by authorities as Charles Jordan, 22, of Harvard, Ill.

According to police, he and two other students, identified as John Gunter, 23, of Peoria, and John Schoen, 21, of Litchfield, were involved in a fight with two Murphysboro men near the Cambria Crossroads.

The Williamson County sheriff's office said all five would be charged with aggravated assault.

The Murphysboro men were identified as Roger Camden, 24, and John Woodrick, 21.

SIU officials are planning to investigate the case.

200 Coeds Petition For More Safety

Some 200 women students who live off-campus have signed petitions seeking increased police protection.

The petitions were circulated late last week following the capture of a Murphysboro man who attempted to rape a coed.

Judy Sink, resident fellow at Wilson Manor, 706 W. Freeman, circulated the petitions. She said the matter may be taken directly to the Carbon-dale City Council.

Board Co. after graduation. Students are accepted from all academic fields. They have to be sophomores or above, in good standing.

Bruno Bierman, supervisor of the Student Work Office, said students participating in this program will work in the plant in all facets of production. "By exercising a reasonable budget most students can earn enough money to complete the term of school following their term of work," he said.

Students from the Carbon-dale campus now participating in the program are M. John Heffner, Ronald Sybert, Mike O'Brien, Samuel Puckett, Gary Ashby and Bob Melton. The Student Work Office said there have been about 20 participants in the program so far. Bierman said every student who has returned from the program said he had learned and profited. "It is a good practical application of theory learning," Bierman added.

Interested male students meeting the qualifications can arrange an interview at the Student Work Office.

HOWARD OLSON

'Dairy Day' Speeches Printed in Pamphlet

The SIU School of Agriculture has just issued a new pamphlet, Animal Industries Publication No. 4, "Proceedings of the Ninth Annual Dairy Day." It is edited by H.H. Olson, associate professor of animal industries.

The booklet contains speeches presented at Southern's recent Dairy Day. They deal with various phases of dairying such as feeding, bull selection, and plans for increasing the sale of milk.

Korean Sees Chain of Events Following China Recognition

(Continued From Page 1)

implications of French recognition, France is also seeking increased trade with mainland China, and the Japanese have been interested in the same area, Professor Cho said. One immediate result of the recognition by France is an increase of Japanese pressure on the United States, to seek relaxation of the trade restrictions against Red China, he pointed out.

Professor Cho said his general reaction to France's action is one of "uneasiness" and when he heard the news, **Allen's Book Approved**

For School Libraries

John Allen's book on southern Illinois has been placed on the list of approved school library books in Illinois.

Roland McCannon, manager of the Illinois Reading Service, Bloomington, has announced Allen's successful book, "Legends and Lore of Southern Illinois," has been approved for inclusion on the next list of recommended school library books.

McCannon has obtained 200 copies of the book from the Division of Area Services.

he first thought of its implications for his native Korea.

He has been at SIU since September as an exchange professor from the International Christian University in Tokyo, Japan.

Southern Playhouse Starts Ticket Sales

Season ticket holders to SIU Theater Department plays should send in their requests promptly for date and seat assignments for "The Good Woman of Setzuan," to be staged Feb. 7-9 and 11-15, according to Jim Bob Stephenson, associate professor of theater and box office director.

Regular ticket sales for the play will begin Jan. 31 at the box office at the Southern Playhouse, Stephenson said. Box office hours are 10 to 11 a.m. and 3 to 4 p.m.

"The Good Women of Setzuan," Brecht's most famous play, is directed by Mordecai Gorelik, research professor of theater.

Bell System Companies will interview on campus February 4

Would you like to work with a company that starts you in a responsible position? Insists that you move up in your job? Promotes from within? Gives you a present, as well as a future?

Then the Bell Telephone System may offer just the opportunity you're looking for.

You'll learn the exciting field of communications...with advancement dependent on your ability. You'll develop your ability to direct and work with people...and you'll be working with one of the fastest-growing, most vital industries in the world.

In your work, you'll be associated with the companies that have developed the Telstar satellite, the transistor...and the Optical Maser—perhaps the greatest single communications development since the transistor.

If you are in the upper-half of your class—with either a technical or a non-technical degree—Bell System interviewers are very much interested in talking to you. Simply make an appointment at your placement office.

Bell System Team Interviews:

Let's Back That Clinic

There is no doubt about why the student body should approve the proposed Medical Benefit fee on tomorrow's referendum to students

--who have waited long hours to see a doctor in the cramped residence now serving as a Health Service building.

--who had to be hospitalized off-campus because the campus lacks an infirmary.

Students will be asked to approve a medical benefit fee of \$4 per term starting in September and \$8 per term in 1966. Even the \$24 medical benefit fee a student would pay annually after 1966 would be a big bargain compared with the average \$40 medical services fee now paid by students at universities of comparable size.

Action of one sort or another will be necessary soon--whether students approve the medical benefit portion of the referendum or not. The University Park residence hall project, now in the early construction stages, will cover the present site.

Even if the medical benefit portion of the referendum is approved, a campus clinic could not be built before 1966, when there will be over 17,000 students at the Carbondale campus. Even if the present facilities were to evade the wrecking crew until then, they would be entirely outgrown--not merely cramped, as at present.

Staffing problems would not be directly settled if the referendum passes. Student willingness to finance adequate quarters, however, would be a talking point useful in securing additional staff members. Certainly it is unlikely that more doctors would be hired until there is office space for them.

What about the proposed recreation building which students will be asked to approve in a separate measure on the same ballot? It is a luxury; the clinic is a dire need.

We take no stand for or against the co-recreation

building, but suggest only that students search their pockets carefully. By 1967 approval of a co-recreation building fund would raise fees by \$4 per quarter, exclusive of whether or not the medical benefit proposal passes.

It is important to note that the Medical Benefit fund and

recreation building proposals are separate ones. Students may vote for either the Medical Benefit fund OR the co-recreation building, or both.

The need for a campus clinic and for improved hospitalization coverage is a worthy one and deserves your support. Nick Pasqual

Council Accused of 'Soft Sell' In Health Service Campaign

Since when are improved Health Service facilities more important than the "less-than-perfect structure of the referendum"? (Editorial, "What About That \$3.15?" Friday)

The Student Council is attempting to appropriate \$3.15 per quarter from the students for which they have not justified a need. This is a total of \$9.45 per student per year.

Why should \$112,500 now allocated to Health Service in the present activities fee structure simply be turned over to the Student Council?

If the quarterly Health Services fee (\$4 in September and \$8 after 1966) is approved, the \$3.15 per term we

are now paying for Health Services will no longer be used for that purpose, but will be turned over to the Student Council.

When the Student Council answers the question of what it is going to do with the \$3.15, then the student body should consider the referendum. This is really an underhanded attempt of the Student Council to gain access to additional dues under the "soft sell" of better health facilities.

Until the Student Council justifies why the \$3.55 now assessed for Health Service should be turned over to it, students should vote against the proposed referendum.

Philip M. Pfeffer

'Factual Rumor' Alleges Gag On Journalists Inspired by Ka

Why don't we all have a prejudice newspaper: What's this I hear about the Daily Egyptian staff prohibiting journalism students from writing articles for the student insert called the Ka. Could that be true?

Well, undoubtedly the chairman of the department will deny it. But, that doesn't go to say that the application of a little pressure by the Journalism Department doesn't mean the same thing. Right?

I resent this factual rumor more than some of your one-sided editorials. Freedom of choice has been a contributing factor to democracy. If this is the path that the Department

wishes to follow, then I along with many others, am sick.

Does a University necessarily have to be governed completely under a unitary system; and when that doesn't work must it resort to tactics under the table?

You may reply and deny; but I'll never believe, I'm going to be just as one-sided as you are.

Chuck Novak

I am convinced that the Journalism Department has not, and will not, attempt to prevent anyone from writing for Ka.

NP

Letters to the Editor

Use of Athletics Allocation For Health Service Asked

The place: a college near Crab Orchard Lake in the little hamlet of Carbondale, U.S.A. This college had an enrollment of 12,000 at one time, but not today; now enrollment is only 50. Why?

should be allowed to pay an additional but optional athletic fee. Thus those of us who wish them could receive the benefit of better health facilities and still not have to pay more than is required now by the activity fee.

Susan Allitt

Not because of the tuition--that stayed at \$42, Nay, the cost rose gradually for the little things. First it was \$5 for the athletic fund, \$5 toward the new University Center, \$3 for matriculation, \$6.50 for the Health Service and \$25 for the National Society for Prevention of Cruelty Towards Animals.

Please let me be understood--I am not against preventing cruelty towards animals, but how about cruelty toward student pocketbooks?

Tomorrow the student body is asked to go to the polls and vote. Vote for the raising of the activity fee or be declared backwards, non-aggressive and lacking in Southern spirit.

Today we pay \$9.50 as the activity fee and we are asked to raise this by possibly as much as \$13. I agree that the Health Service is doing a magnificent job, and that better facilities plus more doctors would rectify a grave situation that is plaguing us.

I also believe that the one-third of the activity fee which goes to the athletic department yearly is, for myself and others, a waste. I am not a charter member of the "Cung Ho Southern Athletic Club"--I am here to learn, and thus have not been able to attend very many athletic events. For me and others it would be cheaper to pay the gate fee rather than what goes to the athletic department.

Now here is my proposal: the money which now goes to the athletic department (over \$70,000 yearly) should go to the Health Service and if the students wish to support the athletic department they

We stress, for Miss Allitt and other students, the fact that the referendum would allow students to establish either a Medical Benefit Fee OR a fee to construct a co-recreation building, or both.

It would not actually increase the Activity Fee--although the effect on student pocketbooks would be the same.

For 1963-4 athletics has been allocated \$83,735 from the Student Activity Fee, less than one third of the \$342,000 total--but second only to the \$112,500 allocated for the present student medical benefit program. In 1962-3 athletics received \$72,500--close to Miss Allitt's \$70,000 figure.

Council would be able to spend this \$112,500 for other functions supported by the Activity Fee. It has not indicated how this money would be spent. NP

Frosh Cagers Club Harrisburg, Lose Narrowly to Murray State

Southern's freshmen cagers fell to defeat at the hands of Murray State Saturday night to give them a split in games played last weekend.

The loss knocked the frosh from the cloud they were riding after their 106-73 victory over Harrisburg Junior College Thursday night.

The Harrisburg outfit was no match for the Salukis as the frosh passed the century mark in scoring for the first time this season. The Salukis held a slim 44-37 lead at the half, but broke loose from the home team in the second half to score the victory going away.

Coach George Lubelt emptied his bench late in the game as the margin widened, as ten men entered the scoring column for the Salukis. Dave Renn and Clarence Smith were the high scorers for the victors. Renn also took the scoring honors for the game as he pumped in 26 points. Smith's 24 points placed him second in the scoring column for SIU.

It was a different story for the frosh Saturday night as they dropped a close one to Murray State 90-88 in an overtime.

The game was a cliff-hanger all the way as the two teams matched each other point for point. Murray held a slim two point lead at the half, 42-40. The second half was a nip-and-tuck battle as the Salukis overcame the slim half time deficit to tie the game 79-79 at the end of the regulation time.

The game turned out to be

a high scoring battle between SIU's Walt Frazier and Murray's McPerson. Frazier, who had been held to less than 20 points in his last two appearances, broke loose to score 37 points and take the game scoring honors. McPerson was the leading scorer for the victors as he tallied 30 points.

Clarence Smith was the second highest scorer for the frosh as he put through 20 points. Ralph Johnson and Ray Krapf also hit in double figures for the Salukis as they accounted for 12 and 11 points respectively.

McPerson was the big gun for Murray, and he was aided by four other teammates who reached double figures in handing the frosh their second defeat of the season.

The next game for the frosh is Wednesday night when they host Mt. Vernon Junior College.

SIU Swimmers 'Drown' Cornhuskers 51 to 41

Another major opponent fell by the wayside Saturday as SIU's undefeated swimming team defeated Nebraska's Cornhuskers 52-41.

Coach Ralph Casey's squad broke four University of Nebraska pool records and swept seven of 11 events as they raced to their third consecutive dual meet victory of the season.

The loss was the first in three meets for the Cornhuskers.

Saluki swimmers Jack Schiltz, Thom McAneney and Dave Winfield set individual pool records while Southern's Andy Stoodly, Ted Petras, Winfield and Darrell Green combined to set a new pool mark of 3:49.3 in the 400-yard distance medley.

Schiltz, a dependable veteran from Harvey, swam the 200-yard individual medley in a record 2:06.5, four seconds slower than his SIU varsity record set against Cincinnati a week ago.

McAneney and Winfield, rapidly-improving sophomores, set new standards in the 500-yard freestyle and 200-yard butterfly events, respectively. McAneney won with a time of 5:18.6 and Winfield in 2:04.3.

Mike Ludwig, Nebraska's top sprinter and one of the best in the Big Eight conference, also established new pool records while winning the 50 and 100-yard freestyle events.

The results:
400-medley--Andy Stoodly, Ted Petras, Dave Winfield, Darrell Green (S) 3:49.3.

200-freestyle -- McAneney (S) 1:53.9

50-freestyle -- Ludwig (N) 22.7.

200 - individual medley -- Schiltz (S) 2:06.5.

Kudo to Reminisce At Zoology Seminar

"Reminiscences of a Protozoologist" will be the subject of a talk today by Richard R. Kudo, visiting professor to the SIU zoology department.

The zoology senior seminar will begin at 4 p.m. in Room 205 of the Life Science Building.

The public is invited.

Diving--A.G. Edwards (S). 200-butterfly--Winfield (S) 2:04.3.

100-freestyle--Ludwig (N) 49.6.

200-backstroke--Stoodly (S) 2:09.3.

500-freestyle - McAneney (S) 5:18.6.

200-breaststroke -- Jackson (N) 2:24.5

400 - freestyle relay -- Frank, Gabrielson, Olson, Ludwig (N) 3:24.9.

Undefeated Intramural Cage Ranks Thinned

Recent games in the intramural basketball schedule have brought about a shift of first place teams in four of the 19 leagues.

The first place standings are still dominated by undefeated teams, but the races for second place are tightening up as more teams fall from the ranks of the unbeaten.

The following is a list of the leading teams in each of the leagues as of Jan. 21: Fraternity-TKE, 3-0; Sig Pi, 4-1; Delta Chi, 2-1.

MRH No. 1--Southern Acres Roadrunners and Felts 5 tied, 2-0; Bailey Bombers, 2-1.

MRH No. 2--GDI's of I13, 3-0; Abbott First, 2-0; and Warren Warriors, 2-1.

MRH No. 3--Abbott Rabbits, 2-0; and Doran's Devils, 1-1.

MRH No. 4--Knockers Up, 2-0; and Bailey Third, 1-0.

MRH No. 5--Warren Rebels, 3-0; Felts Overseers and Pierce Second tied, 1-1.

O. C. No. 1--Butterfinger Five, 2-0; Beavers, 3-1; and Wolf Pack, 2-1.

O. C. No. 2--Alta Phidella Guys, 3-0; and Trade Winds, 4-1.

O. C. No. 3--Stags, 3-0; and Cherry and Guys, 1-1.

O. C. No. 4--Hustlers, 3-0;

and Unknowns, 2-1.
O. C. No. 5--Animals, 2-0; and Gousters, 1-0.

O. C. No. 6--Springfield Caps, 3-0; and Wheeler Deale's and Seagrams tied, 2-1.

O. C. No. 7--Tatum Terrors, 2-0; and Zero's, 1-0.

O. C. No. 8--Tees and Demonic Members tied, 2-0; and Five Old Men, 2-1.

O. C. No. 9--ROTC #1 and Suburbanites tied, 2-0; and Arabs, 1-1.

O. C. No. 10--Newman Neons, 3-0; and Foam Blowers, 2-0.

O. C. No. 11--Trailers, 3-0; Saluki No-Fos, 2-0; and Untouchables, 1-0.

Purple Auto Tag Isn't Northwestern's

Northwestern University has issued a disclaimer on the colors of the 1964 Illinois license plates.

The Daily Northwestern cleared up the point in a story last week:

"Those purple and white license plates bedecking Illinois registered motor vehicles are not in honor of Northwestern University, contrary to campus consensus," the NU student body was informed.

The Daily Northwestern quoted the Illinois Department of Motor vehicles as the source, and said the colors were selected in honor of McKendree College, a small liberal arts school.

McKendree's colors are also purple and white.
