Mali Official Praises SIU Help To Republic's Education System

Abdoulaye Singare, minister of education for the Republic of Mali, hailed SIU's assistance in upgrading the education program in his country, in remarks following his honorary degree ceremony. President Delyte W. Morris, pres- ident of SIU, presented Singare with the degree of Litt.D., after Singare's special address in the University Center Ballroom.

Cycles Used for Dates, Games

By Mike Harris

Motorcycles are suited just right for fun. How have SIU students been using the fun in the motorcycles?

"It took a girl a drive-in movie who was in line to be the first in line. We were bumped, but it was fun," said Gary Peckler, a junior from Carbondale, studying English as a second language.

"We took a blanket along, but the mos- quitoes were so thick, we didn't use it and a car almost ran both of us over," said Roger Weiss, a sophomore from McKenney, majoring in philosophy.

"I was late for my high school graduation, and much to the dismay of everyone pres- ent I came scrambling up the aisle, dressed in cap and gown, hopped off my "bike" and got in the front of the graduation line. It was the craziest thing I've ever done while riding a cycle," James L. C. Ford, professor of philosophy, said.

"We all ride down the street close together—that's how we have Honda," Linda says.

"I think we're better students in our classes because we have the Monday through Wednesday. Today he will be given tours of Morris Library, the African Institute and the English Language Service.

Gus Bode

Gus says when he took his Pop to lunch at the University Center the Old Man declared he hadn't seen anything like that since he was on World War II Rations.
More than 100 coeds and townswomen attended the fourth annual Matrix Table banquet sponsored by Theta Sigma Phi, professional women’s journalism fraternity.

The banquet was held in chapters all over the nation to commemorate the founding of Theta Sigma Phi in the spring of 1909 at the University of Washington. Mary Kimbrough, director of public relations for the Garden Advertising Agency in St. Louis, was the speaker. She spoke on the subject of public relations for the University of Washington.

“Tomorrow Is Your Best,” Miss Kimbrough pointed out that everyone must be prepared for tomorrow, and that not being part of the togetherness of a crowd or a mob and by being something of a square (like Washington, Franklin or Jefferson) are best ways to be prepared.

Awards were presented to townswomen for outstanding community service, to coeds for being outstanding in campus life, to journalists who are outstanding in their field.

Townswomen who won awards were Mrs. Stanley Harris, wife of the chairman of the Department of Geology, for her outstanding work with the League of Women Voters; Mrs. James Harvey, for her years of service to the Jackson County Red Cross; Mrs. Roy L. Serright, president of the Register Publishing Company, for her years of service to journalism and the community; Mrs. Arminta Bigelow, for her service at the Haven, to the Altrusa Club and to the Youth World Program; and to Mrs. Irene Lewis, a special friend and supporter of Theta Sigma Phi.

Awards to outstanding coeds went to Miss Trudy K. Kuleana, member of Sigma Kappa social sorority, cheerleader, member of the Sphinx Club, outstanding freshman woman in 1963; Linda Armstrong, of Sigma Sigma Sigma social sorority, Sphinx Club, judicial board and resident fellow; Sharon R. Hueston, music major who appeared in “The Marriage of Figaro” and “Faust”; and Emma Astorino, graduate student in theater from the Philippines.

Rose Antonia won the award as outstanding freshman woman in journalism. Christina Nelson won the sophomore award. Pam Gleaton won a $100 scholarship from Theta Sigs. She spoke on the subject of public relations for the University of Washington.

Rona Talcott, past president of Theta Sigs, won the sophomore award and Leonor Wall won the outstanding junior woman in journalism. Rona Talcott past president of Theta Sigs won a scholarship and Leonor Wall won a special senior service award.

Where We Are Going

Alpha Kappa Psi Fraternity

Holding Business Fair Today

This morning’s session is scheduled to include talks by an economist, a sociologist and a philosopher discussing the areas of business which are concerned with their fields.

The forum discussion by prominent businessmen from the St. Louis area will be featured at the afternoon session.

Among those participating in the program will be Arthur E. Prell, associate professor of marketing at Southern Illinois University; George Johnson, president of George Johnson Advertising; Don Duhany, vice president of Molemparr Engineering; and Eugene Smith, director of marketing at Monsanto.

Minneapolis Papers

Offer Scholarship

This $400 scholarship to the outstanding Student junior majoring in journalism has been announced by Joyce A. Swan, publisher of the Minneapolis Star and Minneapolis Tribune. Funds for the five-year program will be provided by the two newspapers. SIU is one of 40 accredited schools of journalism participating in the program, Swan announced. The scholarships will be for the students’ use in their senior years.
Programming Board, Aquaeutes Will Meet

The Navy will be recruiting from 8 a.m. until 5 p.m. in the Activities Area of the University Center. Alpha Kappa Psi will hold its Spring Business Fair from 9 a.m. until 4:30 p.m. in Monetary Library Auditorium and Lounge.

The University Center Programming Board displays committee will meet at 1 p.m. in Room D of the University Center.

The Women’s Recreation Association will hold tennis practice from 3 p.m. until 5 p.m. on the north bank of the University tennis courts.

The University Center Programming Board recreation committee will meet at 4 p.m., in Room B of the University Center.

A plant industries seminar will be held at 4 p.m., in the Seminar Room of the Agriculture Building.

The Aquaeutes will meet at 5 p.m. on the University pool. Sigma Delta Chi will meet at 5 p.m., in Room C of the University of Delaware.

Inter-Varsity Christian Fellowship will meet at 6 p.m., in Room B of the University Center.

The Student Students Association Simon Will Speak

To History Club

Sherry V. Simons, associate professor of history and executive director of the Ulysses S. Grant Association, will speak to the History Club at 7:30 p.m. Wednesday in the Home Economics Building Lounge.

Simons’s topic will be “New Light on Ulysses S. Grant.” Refreshments will be served.

Playwriting Contest Deadline Extended

Students who wish to have their playwriting talents tried and judged may still submit entries for the Southern Players one-act play contest.

The date for entry deadline has been extended to May 8, according to Roxanne Chris tensen, president of the Southern Players.

The contest is open to any student. The first prize is $25 and guaranteed production of the play by the Southern Players. The second prize is $15.

Rules are available at the office of the School of Communications at 1004S, Forest.

Moore to Discuss

Mining Operations

James R. Moore, lecturer in marketing, will speak at 7:30 p.m., today in Room 208 of the Wham Education Building.

Moore will discuss deep-shaft mining in Southern Illinois. The lecture is sponsored by the Society for Advancement of Mining (SAM). All students interested in mining are invited to attend the meeting.

Moore is a native of Southern Illinois and has done extensive research on the subject of coal mining.

Members of SAM are also reminded that they may still sign up for the field trip to the old Ben Mine near West Franklin.

attended the meeting.

Quality in a name from Z

The Little Egypt Agriculture Club will meet at 9 p.m., in Room D of the University Center.

The Jacque DeMoly Club will meet at 9 p.m., in Room B of the University Center.

The University Center Programming Board communications committee will meet at 9 p.m., in Room C of the University Center.

Some of the great cattle drives that started in Texas will be shown on WSIU-TV’s "The Glory Trail" at 8 o’clock tonight.

Other highlights:

6:00 p.m. What’s New: Frontier towns weren’t as wild and woolly as legend suggests.

7:00 p.m. The French Chef: The French way to cook vegetables and to prepare them ahead of time.

8:30 p.m. Peace in Terries: European settlement includes Spak, Edwards, and Hitt.

Educators Discuss Presidency Tonight

“The Succession to the Presidency: What Changes are Needed?” will be discussed on WSIU’s Forum tonight at 8 o’clock.

Guests will include David T. Kenney, acting dean of the Graduate School, Clarence A. Berdahl, visiting professor of political science at the University of Delaware and Ray Mofield, assistant to the president at Murray State Teachers College.

Other highlights:

3:00 p.m. Concert Hall: Respighi’s "Feste Italiana," in the University Symphony No. 3 in A Minor and Coates’ "The Three Elizabeths Suite." 5:30 p.m. News Report: A half hour of the latest news, weather, and sports.

11:00 p.m. Monday's Serenade: Late evening mood music.

Western Life, Cattle Drives, Wild Water Will Be on TV

Zwick and Goldsmith

Just-off Campus
Cycles: Hazard of Spring

By Fred Beyer

It is often difficult for the person who does not have a bicycle to appreciate how much Negroes face in pur- suing the dream of owning one. There is an increasing awareness among legislators that there are many Negroes who would like to have bicycles, although some disagree as to what the right price is.

Negroes, for all practical purposes, are limited to less than 10 per cent of the country. Often a Negro who wants to buy a $30 bike must do it in a neighborhood where he knows the day after it is built it is worth only $20,000. No one wants to buy a beautiful home in a deteriorating neighborhood, yet Negroes often are forced to.

The results of segregated housing patterns are deaths for Negroes from fires and purchase costs, and a host of other problems which cost Negroes far more money than even the Negroes can afford to pay.

In the large cities—such as Los Angeles and Chicago—Negroes occupy certain clearly defined areas. When they are given the freedom to cross a street to buy or rent a home, they have to pay a heavy price for this, and the price that Negroes are willing to pay for a Negro home, Negro boys and girls are forced to pay a heavy price for being Negroes in this country.

The Problem of Cheating—VI

What can you do to curb cheating at SU?

If you sense that there is something wrong, you must realize that cheating does affect you directly, whether it is someone else's work that you copy or not. There is a certain stigma attached to being caught cheating, and that is something you want to avoid. It is all too easy for the university-wide honor code, in which every student pledges to maintain an honor code such as a force which is in every student's interest. This is something that should be maintained.

An essential part of this program is that it will be the best way to detect and prevent cheating. If you are interested in the program, discuss it with your friends, and then go to the student government office and show them student leaders your support of such a code. Believe it or not, with a little encouragement they can get something done.

As an instructor you must share the responsibility for the problem. If you do not take the necessary precautions to eliminate the temptation to cheat on your tests, you are as much to blame as the student who takes the test. A student must be unthinkable. A student must be made to feel that cheating is not the answer to the problem. If you are interested in the problem, discuss it with your friends, and then go to the student government office and show your student leaders your support of such a code. Believe it or not, with a little encouragement they can get something done.----

Students, Faculty Must Act Now

By Fred Beyer

It is often difficult for the person who does not have a bicycle to appreciate how much Negroes face in pursing the dream of owning one. There is an increasing awareness among legislators that there are many Negroes who would like to have bicycles, although some disagree as to what the right price is.

Educators Set Conference at SIU on Friday

W. Fred Tonem, director of the Missouri-sponsored Graduate Training Program in Community Education at Flint Mich., will speak to Southern Illinois educators Friday in a conference at SIU designed to show how full-scale community education programs may be implemented using existing school facilities.

The Flint program is considered a laboratory for study, observation and research in the field of community education, with more than 12,000 students enrolled.

Following registration and coffee at 9:30 a.m., the conference will begin with re-makings by Elmer J. Clark, dean of the College of Education. Tonem’s talk will follow and feature a 22-minute film portraying the Flint program.

At the afternoon session, Russell Rendleman, executive secretary of the Educational Affairs Council of 100, will moderate a panel discussion on implementing the Community School Concept.

Members of the panel will be Benson B. Poirier, assistant dean of the SIU Extension Division; Cameron Meredith, director of SIU State, National and Public Services; and Roy Rice, secretary of Eldorado Township High School.

Employment Talk

By Iowa Economist

Slated Thursday

The third and final lecture in the Flint program Affluent Society series sponsored by the SIU Department of Economics will be held at 8 p.m. Thursday in the Morris Library Auditorium.

Speaker for the final session will be Harold W. Davey, professor of economics at Southern Illinois State University. His topic will be a critique of governmental programs for dealing with structural unemployment.

Davey is author of the book, Collective Bargaining.” and co-editor of New Directions in Collective Bargaining.”

Texan Says Peoples’ Views

On Sex, Love Lack Realism

People need to have a realistic and moral view of sex, said Joseph P. Vavra, professor of psychology and director of the Southwestern Baptist Theological Seminary in Fort Worth, Texas, in a recent article.

Drakeford has concluded a series of four lectures under the title of “Incest, Called Love,” sponsored by the Baptist Student Union at SIU.

There are rational bases for moralization,” he said.

Drakeford after a discussion of “the current sex equation or moral relation.”

In addition to quoting the Bible, he has outlined these biological, psychological and sociological factors.

“Scientific research has shown that sex is never just a biological urge in human beings as it is in animals. It has psychological aspect,” he said.

Drakeford was born in Sydney, Australia. He was educated there and earned additional degrees in psychology and theology after coming to the United States in 1952.

Commenting on the confusion of sex and love as seen in a common description of sex relationships as making love,” Drakeford said, “sex and love are not synonymous. Sex is only part of love.

He described three categories of love, namely, selfish love, companionate love and altruistic love, and defined adult love as an experience involving all three forms.

“The kinds of love is the most infantile form of love as opposed to loving,” Drakeford said.

“Intimacy, he said, is the goal of sexual expression with its center shifting gradually from self to humanity.”

An author of several books, Drakeford is also the director of the Baptist Marriage and Family Counseling Center in Fort Worth.

Kingsbury Is Invited to Lead Choir Seminar in Florida

Robert Kingsbury, assistant professor of music and director of choirs at SIU, has been invited to serve as one of two conductor-leaders at an advanced seminar-practicum July 19 to Aug. 6 at Florida State University.

Kingsbury will direct chorus and lecture on a program of contemporary music and was chosen to conduct the choir for the Florida State University Foundation. It is for a high-quality chamber school chorus, band, and orchestra directors. Its purpose is to encourage creativity in music education.

Five contemporary composers will be featured during the seminar: Charles Carter, John Bodas, Carlisle Floyd, Roy Johnson, and Harold Schiffman. They will conduct or perform their own works.

Kingsbury, a native of Hattiesburg, Miss., sang with the Robert Shaw Chorale and with Fred Waring and his Pennsylvanians from 1953 to 1957. He also sang with the Tudor Madrigal Singers and the John Halloran Choralists in the Chicago area.

Kingsbury, who holds a master’s degree in music education from Northwestern University, has conducted performances at festivals and clinics throughout the Midwest and South.

He has appeared on the Perry Como Show, Dinah Shore Show, Garroway at Large, and Arthur Godfrey Show. He has also appeared on the Woolworth Hour and the Bell Telephone Hour.

First Edition in Winter Term

Picture Journal ‘Hieroglyph’

To Be Published Next Year

A picture magazine, The Hieroglyph, will be published for the first time next winter quarter at SIU.

The Department of Printing and Photography will sponsor the publication, which will deal with the campus and Southern Illinois.

The Hieroglyph will be produced by photography students under the direction of C. William Horrell, associate professor of printing and photography. The layout will be done by students enrolled in the department’s picture editing course.

Other faculty advisers of the Department of Printing and Photography will be Walter Craig, instructor, and Francis E. Mollin, associate professor, typographic design advisor; Kenneth Evans, instructor, printing adviser, and John Mercier, chairman of the Department of Printing and Photography. They will advise on production.

Also advising on production will be Earl L. Parkhill, coordinator of the department’s picture publications; and Lester Schiffman. They will conduct or perform their own works.

“The purpose of the program is to encourage creativity in music education.

Applications for Student Posts

Students who are interested in being a New Student Day leader for summer quarter may pick up applications today.

Applications are available at the information desk of the Student Center.

The deadline for the application is May 5.

These students who are selected will be leaders on June 21 for the orientation of new students.

Applications for the Student Advisor Training Program and the Summer Student Planning Committee are also available at the information desk. They may be picked up any time before May 28.

Botany Seminar Today

Joseph P. Vavra, professor of plant industries, will speak at a botany-industry seminar at 4 p.m. today in the Seminar Room of the Agriculture Building.

He will discuss the effect of soil fertility on the growth of corn.

214 W. FREEMAN ST.
NEW DELHI, India (AP) - India declared Monday that tank-led Pakistani infantrymen attacked south across the west Indian frontier in fresh, large-scale thrusts. India's armed forces were alerted.

It appeared that danger of escalation to a larger conflict rapidly was increasing and that the United States and Britain had failed in their attempts to win a cease-fire.

Chavan told Parliament that Pakistani tanks and an infantry brigade of about 3,000 fighting men had attacked an Indian position at Biar-Bet, six miles south of what India says is the international frontier.

Both nations were reported moving larger forces into the area.

India charges Pakistan started mobilizing all its armed forces Saturday and calling reservists to active duty.

Pakistani says it had to act last Saturday in retaliation against repeated firing on Pakistani positions by Indian forces.

Many Indians charge Pakistan has become adventurous in recent months because of its increasingly close ties with Communist China.

Indian officials are extremely reluctant to discuss details of the recent fighting or casualties, leading to suspicion that India had taken an initial drubbing.

3 Klansmen Plead Innocent to Charges

HAYNESVILLE, Ala. (AP) - Three Ku Klux Klansmen pleaded innocent Monday to charges of premeditated murder in the killing of a Detroit woman, shot to death after taking part in a civil rights march.

Moline's Problem: Shortage of Water

MOLINE, Ill. (AP) - Mayor James Arndt called on residents of Moline Monday to curtail their bathing as the city braced for a critical water shortage.

Arndt's appeal to conserve water was issued after the flooding Mississippi River surrounded the city with waterworks.

If the plant goes under, water would be knocked out for the town's 48,000 residents, "if we keep the people cooperat," Arndt said, "you don't want to take a bath everyday. You can sponge off most often.

The Far Left Makes the College Scene

From Berkeley to Brooklyn, swarms of students are joining in the noise and fire of new radical groups. The current issue of The Saturday Evening Post has the inside story of the greatest rise of the Far Left since the 1930's.

Read how some groups are almost peaceful; others are so militant that even the American Communist Party disowns them. How young leaders of the "existential radicalism" see the Cuban Revolution as a blue print for America. Find out about new plans for protest and unrest on college campuses.

How one far-out group, training its members in karate, is secretly preparing to launch a reign of terror.

Get the facts in the penetrating report of "The Explosive Return of the Far Left" in the May 8 issue of The Saturday Evening Post.

State Waging Losing Battle In Flood Area

ROCK ISLAND, Ill. (AP) - Volunteer flood workers in Illinois and Iowa, battling the Mississippi River's worst spring onslaught in history, waged a losing fight Monday to contain the rising water.

President Johnson has declared Illinois a disaster area eligible for federal aid as a result of the flooding. Flood damage in the state thus far has been estimated at about $200,000,000.

Surging flood water of the swollen Mississippi River roared over levees in Burlington, Iowa, and Rock Island, Ill., Monday and churned into an industrial area and rich farm land.

Water poured through ruptures in a 4 1/2-mile levee unto 3,200 acres of farm land in western Burlington. Some 400 National Guardsmen who had been working on the dike were ordered off.

Coast Guard boats were ordered to the area from Clinton, Iowa.

Some 150 families have farms in the affected area, but most had moved equipment and livestock to higher ground earlier.

Officials said the largest of scores of levees in the levee was 150 to 200 feet long.

The mighty river already was six feet above flood stage in the Quad City area and still rising threatening breaks in makeshift levees protecting communities in both states.

A predicted crest of 22.5 feet, 7 feet above flood level is expected Tuesday or Wednesday.

The embattled area includes Rock Island, Moline and East Moline, Ill., and Davenport and Bettendorf, Iowa. The metropolitan area's population in the 1960 census was 270,058.

In Rock Island, leaks appeared in a three-mile earthen dike and city officials expressed fears it would burst, pouring water into a housing project with 1,200 residents.

Most of the residents already have been evacuated.

Pay Hike Offered In Steel Dispute

PITTSBURGH (AP) - The steel industry offered Monday a pay raise of 11 1/2 cents an hour for a four-month postponement of Saturday's scheduled strike by the United Steelworkers Union.

The offer was worked out in a private meeting between union President David J. McDonald and R. Conrad Cooper, chief negotiator for 11 major steel firms.

McDonald immediately called the union's 175-man wage policy committee for a meeting Wednesday to accept or reject the offer.

Kerner 'Encourages' Highway Proponents

SPRINGFIELD, Ill. (AP) - Gov. Otto Kerner encouraged proponents of an Illinois mile-stone north-south expressway Monday by telling them both feasibility and location studies are nearly complete.

But he discouraged them by saying such an interstate road may not be possible with federal funds until as late as 1972.

The road would be built within a 50-mile-wide corridor between the Rockford and Centralia areas.
WASHINGTON (AP)—Heavy Communist casualties in South Vietnam have forced North Vietnam to start sending regular army units into battle there, Secretary of Defense Robert S. McNamara said Monday.

McNamara reported in a new conference this week in what he called “progressively more flagrant and uncon­strained” aggression by North Vietnam.

Evidence gathered in the last month, McNamara said, has confirmed the presence in a central highlands province of a battalion of the regular North Vietnamese army.

McNamara said “there is no military requirement for the use of nuclear weapons in the current situation.”

He added that no useful purpose can be served by “speculation on remote contingencies” in which such weapons might be brought into play.

This did not alter a discussion over the weekend that the U.S. government is retaining the option to use nuclear weapons in North Vietnam in the proper circumstances — the proper circumstances — in which such weapons might be brought into play.

McNamara said recent captures indicate that about 75 per cent of the Communists infiltrated into South Vietnam during 1964 were born in North Vietnam.

On weapons and equipment, McNamara said the great bulk of the guns and ammunition used by the Viet Cong now come from Communist China.

Reds Riot in Tokyo

U.S. Embassy in Cambodia

Hit by Flag-Trimming Mob

PHNOM PENH, Cambodia (AP) — Several thousand anti­American demonstrators smashed windows in the U.S. Embassy Monday and trampled the American flag into the ground.

The demonstration came less than 24 hours after the United States announced it was willing to take part in a conference on guaranteeing Cambodian neutrality.

Such a conference could open the door for secret talks between the Communists and the West on ending the Viet­nam war.

The government-controlled national radio said the anti­American demonstration was set off by an American article in Newsweek magazine which the broadcast said was “shamefully injurious” to the Queen of Cambodia. There was no elaboration.

Meanwhile in Tokyo, about 2,000 Japanese including 2,000 leftist Zengakuren students staged noisy demonstra­tions Monday in two waves to condemn U.S. policy in Viet­nam. A placard denounced the United States, which the placard read: “U. S. get out of Vietnam,” and “U. S. get out of Asia.”

U.S. Dispatches Fleet
To Dominican Waters

SANTO DOMINGO, Domin­ican Republic (AP) — A U.S. carrier and transport were used last month to evacuate several thousand civilians to support the revolt staged to bring down the pro­President Juan D. Bosch regime.

In the day, air force pilots opposed to Bosch’s return here from Puerto Rico strafed the transmitter of Radio Santo Domingo outside the city just after provisional President Rafael Molina Urena, a Bosch lieutenant, broadcast an appeal for unity. The station went off the air.

Sixteen persons, including a 6-year-old girl, were re­portedly killed during the day in attacks by planes and in a gun fight across a bridge.

McNamara\’s nationally televised news conference re­ceived considerable advance ay, but the secretary said it did not indicate that the United States is reaching a showdown or a turning point in the war.

In other aspects of the situation, McNamara said:

”I think it will be very difficult” for the Russians or Chinese "to recruit men, train them in guerrilla tactics and infiltrate them through these very long and difficult routes to the coast”.

— He says no possibility that U.S. forces at the impartial Na­Dang airbase on South Viet­nam’s coast can be bottled up by the Communists in a kind of Dien Bien Phu disaster like that which befell the French in 1954.

— There have been substan­tial buildups of Communist forces during the past year in the highland west of Da Nang but "what plans they have for the use of those forces I can’t say, I don’t know."

— He will never comment upon future movements of U.S. combat forces,” so he ref­used to discuss reports that more Marines or Army troops may be committed to Viet­nam.\’

”To the best of my know­ledge there are no operational sites” for anti-aircraft mis­siles in North Vietnam at present, “but I think we should assume that there will be, and plan accordingly, and we are so planning.”

— The U.S. effort in South Vietnam is costing the coun­try about $1.5 billion a year.

Dresses of the Students decided to go to Cycle Games Divers at Lake-on-Campus. People think we're nuts: Bunu Basyhet of Nepal plays the role of a native Nigerian from 2. He and his friends had a cycle exchange for a while... at Honda.

"Four of my friends and I decided to go to St. Louis," Jerry said. "We all had cycles and the weather was perfect. It took us three hours to get there. It took us seven hours to get back!"

"All five of us went to the Health Service the next day because we thought our cycle snore to St. Louis in all that rain had given us a touch of pneumonia," Jerry said. "I got a real kick out of meeting guys with bigger cycles than my little 50cc Honda," said Bonnie Halley, a freshman from Wheaton, majoring in cosmetology. "I can usually talk a guy into a cycle swap for a while... at least around the block, I even drove a BSA 350cc around Lake-on-Campus once!"

Library Auditorium will begin at 7 p.m. with a lecture on "Prospects for African Development" by William Hardenbergh, assistant professor of government and member of the African Studies Committee at SIU. At 8:30 p.m., two SIU graduate students, Moses E. Akpan of Nigeria and Aristotle M. Chambati of Southern Rhodesia, will discuss "The Cultural Background of Nigeria and Southern Rhodesia."

A panel discussion of SIU students from African nations on the "Problems of Economic Development in Our Countries" will open Saturday's session at 9 a.m. All Saturday meetings will be in the Family Living Laboratory of the Home Economics Building. At 11 a.m., a "Survey of our Work in Economic Development in Eastern Africa" will be presented by Ronald L. Beazley, professor of forestry, and John Parshur, an undergraduate student who has spent more than 14 years in the Forest Service in Tanganyika.

The afternoon session will begin with Enstein's talk at 1:30 on "Recent Trends in African Economic Development with Particular Reverence to Nigeria." At 3 p.m., the International Relations Club will hold a group meeting and discussion.
Golfers Lose to Notre Dame, But Take 2nd in 5-Way Meet

Southern's golfers couldn't upset the favored team, the University of Notre Dame, but did manage to finish second in a five-team meet at South Bend, Ind., Saturday.

Southern's total of 759 put them 11 strokes behind the victorious Irish. Bowling Green was third with a 786, followed by Dayton with a 787 and Aquinas of Michigan with a 830.

Southern's John Krueger was the top golfer for the Salukis as he fired a 36-hole total of 148, one stroke behind the leader, Bill Regnier of Notre Dame.

Southern's scores:

John Krueger 75-73-148
Bill Muehleman 77-76-153
Tom Muehleman 78-75-153
John Phelps 77-77-154
Leon McIvor 78-75-153
Jerry Kirby 80-76-156

Coaches' Selections

Schmitz, Bill Wolf Are Named All-Americans in Gymnastics

Southern's Frank Schmitz, Mike Jacobson of Penn State and Jim Curzi of Michigan State dominate the 1965 All-America gymnastics team. Schmitz was named to the first team in free exercise and trampoline events. Jacobson and Curzi tied for first in the high bar event, and won the all-around and parallel bars respectively.

Besides his two first-place selections, Schmitz was also selected to the second team in long horse.

Bill Wolf was the only other Saluki to make the top three teams. He tied in voting with Rich Field of California for the second team in rings.

The All-America team is comprised of past presidents of the National Association of College Gymnastics Coaches and an honorary member, movie actor Joe E. Brown, who was a trampoline performer as a youth.

Other members of the committee are Nat Loken, chairman, of the University of Michigan; Bill Meade, SIU; Chet Phillips, Navy; Charles Pond, Illinois; Lyle Weiser, Georgia Tech; Charles Keeney, California; Tom Maloney, Army; George Szympala, Michigan State; Hal Frey, California; and Gene Wettstone, Penn State.

The complete selections:

SIU Diamond Team Sweeps Doubleheader

"They're the best team we've played all year," an elated Glenn (Albe) Martin said after his SIU baseball Salukis swept a doubleheader from Cincinnati 4-1 and 3-0.

The Salukis combined the fine pitching of veterans Gene Vincent and John Hutz with some timely hitting to take their regular season record to 7-1 going into this weekend's contest with Washington University of St. Louis.

A former teammate may face the Salukis when they take on the Bears in St. Louis at four o'clock. Al Bechzkala, a Saluki pitcher a year ago, is now one of Washington's best moundmen and could start this afternoon against his former mates.

Bechzkala was scheduled to pitch the second game of the Bears' doubleheader with Principia Saturday, but it was rained out. The junior from

Vincent and Hutz, SIU's two weekend contributors to the scoring, helped guarantee the Salukis a 2-1 record. Principia. They lost to SIU Saturday, but it was quite a good loss for the Bears. They improved to 3-0.

The Salukis opened a three-game series against the Bearcats, whose records were 1-3 in the conference. The opening game was against the Bears, who had lost their last two games to the Salukis.

**Hartzog's Relay Team Places 'Close' 3rd at Drake Meet**

"Gary (Carr) just didn't have his usual luck, or we would have won it," SIU Track Coach Lew Hartzog said after his team's close third place finish in the mile relay at Drake University.

The Salukis, who had been training all week in preparation for the meet, came in third at 3:49 and were defeated by a total of 3:11.4 and 3:10.6 respectively.

The same crew qualified third behind Abline Christian and Bob Calhoun in preliminaries with a 3:10.7. A slow down was expected for the final.

**GARY CARR, could go only 6-feet 6-inches but he had a good exert."**

Ashman received a couter over one eye and some bruises when he was attacked on the street Thursday night. He decided to go to his boro room about 8:15 in Des Moines, Iowa. But while crossing a one-way street two young men jumped out from a passing car and cursed him and started a fight.

Lance Lumsden and Thad Ferguson, Southern's No. 1 and No. 2 tennis players, returned to their winning form last weekend and helped lead Southern to 5-4 victories over the University of Kentucky and the University of Cincinnati.

In the Kentucky meet, Lumsden disposed of Ken Fugate in two sets, 6-2, 6-2. Ferguson matched his teammate's performance by winning in two sets over Larry Roberts, 6-4, 7-5.

Vic Seper, the No. 3 man, and John Wykoff, the No. 5 man, accounted for Southern's other two singles victories.

Seper won over Mike Cox, 6-1, 6-3 while Wykoff was beating Rick Begun, 6-0, 9-7.

The doubles combination of Lumsden and Ferguson accounted for Southern's final point as they teamed up to defeat the combination of Fugate and Jack Trump, 6-1, 6-1.

Lumsden defeated Cincinnati's Roy Kiessling, 6-4, 6-4 while Ferguson turned back Sam Nutty, 1-6, 6-2, 7-5.

Seper continued to win his singles matches as he won his third straight by defeating Riley Griffiths in two sets, 6-1, 6-3.

Larry Obin regained his winning form as he defeated John Habe, 9-4, 9-7.

Once again the doubles combination of Lumsden and Ferguson paved the way for a Saluki victory.

Lumsden defeated Cincinnati's Roy Kiessling, 6-4, 6-4 while Ferguson turned back Sam Nutty, 1-6, 6-2, 7-5.

Seper continued to win his singles matches as he won his third straight by defeating Riley Griffiths in two sets, 6-1, 6-3.

Larry Obin regained his winning form as he defeated John Habe, 9-4, 9-7.

Once again the doubles combination of Lumsden and Ferguson paved the way for a Saluki victory.

Southern's duo defeated the team of Kiessling and Nutty in what was the longest set of the afternoon, 13-11 and 6-3.

In other matches Wykoff lost to Terry Cusick, 9-7, 6-4 and Snyder lost to Larry Reynolds, 6-0, 6-4.

The doubles combination of Seper and Obin was once again unsuccessful as they lost to Griffith and Cusick, 1-6, 6-3.

The duo of Wykoff and Snyder again fell victim this time to Habe and Reynolds, 4-6, 6-3, 6-3.

The two wins by the Salukis put their season's record at 4-3.

The team will next be in action May 7-8 against the Alumni.
