Football Practice Is Postponed

WHO WANTS TO GO INSIDE?—That question really wasn’t asked at Tuesday’s APROTC formation although it might well have been. The show of hands was for something else. But the troops weren’t required to march in the rain. They were dismissed shortly after this picture was taken by Photographer John Banan.

May 3 Firms Seek Students for Summer Jobs

Three firms and a private family are seeking students for summer employment, the Student Work Office has announced.

A representative of Consolidated Readers Institute will be on campus today to interview young women for summer employment.

Students will be working in Illinois, Indiana, Ohio, Pennsylvania and New York. Students can earn around $1,800 and will receive a paid vacation over the Labor Day weekend.

Thrill Car Manufacturing Co. of Chicago Heights, Ill., is seeking college men for summer employment. Students will work a 50-hour week with time and a half over holidays. The student will be general factory work with no previous experience necessary.

The Jewel Tea Co. offers summer employment to college women in the Southern Illinois area. The pay will be $70 a week plus expenses and commission.

The Student Work Office is looking for a responsible young man to work for 3-4 months on Mackinac Island, Mich.

The student would be caring for horses and the yard in a private residence. He would receive transportation, room and board plus $35 a week. Interested students should contact the Student Work Office before May 3.

Today's Weather

PARTLY CLOUDY

Partry cloudy and mild today with showers and cooling by tonight. The high will be in the 70's. The record high for this date is 87 set in 1925, and a record low of 71 was set in 1932, according to the SIU Climatology Laboratory.

St. Louis Area Businessmen To Attend Seminar at SIU

The Society for the Advancement of Management will sponsor a work-measurement seminar for its senior chapter, a group of business managers in the St. Louis area. Saturday, in Morris Library Auditorium Lounge.

The topic of the seminar will be those techniques and work-measurement studies. They deal with a theory of business organization which relates pay scales to the amount of time a worker is allowed to use his discretion without a supervisor and to what the employee thinks is fair.

The seminar will be moderated by Fremont A. Shull, chairman of the Department of Management. Panel members will be John M. McGarry, Robert Miller, Victor Reback, vice president of Allen Industries, and Stanley Holtzman, research director for Allen Industries.

The first session of the seminar will be from 10:30 a.m. to noon and the second from 1:30 to 3 p.m.

First Place Won

By Judging Team

SIU agriculture students participated in two judging contests recently. The poultry judging team competed at the University of Tennessee at Knoxville and won the first-place trophy in the overall competition in which nine schools participated.

Two SIU livestock judging teams competed in a contest at Auburn (Ala.) University and ranked fourth and fifth in the overall judging.

In the livestock judging individual categories honors went to James F. Pettigrew Jr., first in swine; Russell Smith, fifth in swine; and Gary L. Morrison, fifth in sheep.

Cycle Hits Auto;

Loses Privileges

A sophomore from Munde­len, Ill., has lost his motor vehicle privileges after he was involved in an accident on Campus Drive and ticketed on a charge of driving too fast for conditions.

The student was riding an unregistered and uninsured motorcycle when it struck a car that had stopped in front of him.

Charge of Theft

Brings Probation

A Chicago junior, 21, has been placed on disciplinary probation through summer quarter after he was apprehended shoplifting in a Car­bondale store.

No charges were pressed in the case. The student has volunteered for a two-week project cleaning up the store in which he was apprehended.

NEW BREED
Thanks largely to the poet H. A. L. Craig, then assistant editor of "Peader Odomell's Monthly "The Bell" in Dublin, and later of the Overseas B.B.C. in London, I saw a good deal of Brendan Behan in Dublin in the cruel winter of 1946-47. Two hundred of the Irish Republican Army had gone to England in January 1939 and carried the war into the enemy's camp. One hundred escaped and one hundred were gaol. Behan, as a boy of eighteen, was on the fringe of the campaign and had been arrested and given Borstal treatment instead of gaol. He was subsequently deported and forbidden to return to Great Britain.

In January 1947 fifty of the I.R.A. prisoners remained in English gaols and we started a campaign for their release on compassionate grounds with the slogan "eight years is enough." We bombarded seven hundred members of the House of Lords and six hundred members of the House of Commons with petitions and secured the release of all fifty within eighteen months.

In January 1947 I took Brendan to see the collapse of seven centuries of Anglo-Irish history, the sale of the contents of Castle, County Meath, the Medieval residence of the Frestons, Lords Carmorgan, Premier Viscounts in the Peerage of Ireland, and Barons Loundes of the NAAK in the County Kildare. The family had held land in Ireland since the thirteenth century and had maintained Catholic always, and had only collapsed under a native Irish Government. The Irish leaders of the day breakfasted at the castle before the Battle of the Boyne in July 1690 when Ireland's hopes were extinguished for two hundred and forty years. The castle is now a boarding school run by the Irish Franciscans. My old friend Adam Lamb, the rector of a neighboring Anglican parish invited me to tea and when I intro­duced Brendan he too was invited. We had a wonderful high tea and whiskey punch in the old world rectory of Julianstown—a home worthy of Jane Austen. Adam showed us the silk and satin suits of clothes of his eighteenth century ancestors, lovingly preserved in lavender. As a thanks offering we gave him almost a complete set of unbound copies of Peador O'Donnell's "Bell" which I had intended to post to somebody else. We left the rectory for the bus in Drogheda town with a huge basket of apples.

A few days later it was announced in the press and on the wireless that one of the I.R.A. prisoners in England had escaped from Troughton open prison near Bristol and Brendan, defying the deportation order, ran across the Irish Sea to help him to return to Ireland. Any organization which would employ Brendan to effect an escape should be examined by a mental expert. But to give the I.R.A. their own, I think that Behan practically forced himself on them and went certainly as a free lance. A barrister by profession, Mr. O'Mahony has long nourished an interest in the lineage of Irish families. Here at StU, he is currently commenting on books of Irish interest in the rare book room of Morris Library, where he describes himself as a "voluntary prisoner."

It is characteristic, indeed, of his delightful personality that Mr. O'Mahony, in 1947, graciously consented to compose the following article especially for the readers of K.A. Its captivating style embodies the same ingratiating charm which makes him such an enjoyable conversationalist.

U.S. Downs MIG 21 35 Miles from China

SAIGON (AP)—High-flying American jet pilots sent a MIG-21 crashing in flames Tuesday over North Vietnam, only 35 miles from Red China's frontier, a U.S. spokesman announced. It was the war's first kill of the vaunted Thunderchief, the best Communist jet in Asia.

Peking's New China News Agency broadcast a declaration that North Viet Nam's air force shot down two U.S. jets and damaged several others, said nothing about the MIG-21. Proximity to the action to the frontier, like two other clashes since last Saturday, led to speculation that MIGs were taking off from Chinese bases. U.S. officials said they did not know where they came from or the nationality of the pilots.

Washington's information is that Red China has planes of this type. She is believed to be producing her own, perhaps in cooperation with the Russians to cut off aid to China in 1966.

The American spokesman announced Sidewinder missiles fired by a U.S. Air Force F-102 Phantoms blasted the Red Thunderchief in a brief, swerving dogfight between two Phantoms and two MIGs 65 miles north-northwest of Hanoi.

They downed two by the air war over North Vietnam expanding dramatically, the United States announced Tuesday a policy of "no sanctuary" for any Communist planes which fight in Viet Nam and seek safe haven in China. The underscoring of policy amounted to a new warning to the Communist6 to consider the consequences of letting their territory become a battle area. The North Vietnamese air war has been undergoing creeping escalation for about six months. It took a dramatic turn Tuesday when a U.S. fighter shot down a MIG-21 in the latest of a series of clashes.

State Department Press Officer Robert J. McCloskey was asked whether the Soviet-designed MIG had come into North Viet Nam from Chinese bases. He replied: "We have no information that would lead to such a conclusion."

As to whether planes could engage in combat in Viet Nam from bases in Red China and launch an attack because of the international border, McCloskey declared: "There is no border."

DeRudder Dies Of Ruptured Lung

HOUSTON, Tex. (AP)—Marcel DeRudder, 44, died Tuesday of a ruptured left lung after having lived nearly five days with a partial artificial heart.

The exact cause of the rupture was not determined but an autopsy report said DeRudder's heart, damaged by 25 years of illnes3, had begun healing by the time death came unexpectedly at 3:04 a.m.

Edna DeRudder, the widow, returned to her Westville, Ill., home with the body. DeRudder never regained consciousness. The autopsy disclosed this was caused by a blood clot in a major brain artery. The long illness of the former coal miner had included numerous blood clots.

An artificial heart pump, technically known as a mechanical left-ventricle bypass, was connected in DeRudder's chest last Thursday during a six-hour operation performed by Dr. Michael A. DeBakey, world famous heart surgeon. The plastic pump was designed to take over part of the work of the left ventricle, the chamber that does most of the heart's pumping. DeBakey had planned to use the pump a week to 10 days in hopes it would give the damaged ventricle sufficient time to heal itself.

The autopsy report made public by Methodist Hospital said the pump, carrying 40 to 75 per cent of the work load, had functioned normally up to the moment of death.

DeBakey had said the implant was successful but he became concerned about possible brain damage when DeRudder did not regain consciousness by Friday. A kidney malfunction developed unexpectedly.

Eight hours later the autopsy report said an extensive investigation was to be continued to determine the cause of the lung rupture. DeRudder's medical background was not known to have included any major illness, except the 25-year-old heart problem.

DeRudder was a veteran for 25 years, said he almost fell out of his seat when he asked "where to?" and the woman responded, "I'd like very much to go to California..."

The taxi company computed a flat fee of $1.25 for the trip and she wrote out a check.
Earthquake Hits Russian Town

MOSCOW (AP)—The worst earthquake in 98 years struck the central Asian city of Tashkent Tuesday, killing four, injuring 150 and destroying "many homes, especially old-type buildings," Tass reported.

Several hospitals, schools, state and public buildings also were destroyed, the official news agency added.

Leonid Brezhnev, general secretary of the Communist party, and Premier Alexei N. Kosygin flew to Tashkent to supervise the relief work.

The quake, damaging heaviest in the old section of the city, killed 1,127,000 persons.

A young Russian who arrived in Moscow by plane from Tashkent told newsmen at the airport that damage had been confined to the old section of the city.

He said the quake lasted about 35 seconds.

Some water and gas mains were leaky and many telephones were down. A Soviet reporter in Tashkent confirmed by telephone that most of the damage was in the old section, which has a history dating to the 7th century.

The quake struck at 5:23 a.m. local time.

The smaller earthquake, each about half the strength of the original quake, shook the city at 7:14 a.m. local time. There were no immediate reports of damage from these tremors.

The earthquake was measured 7.5 on the Richter scale used here. This equals 6.25 on the Richer scale of 7.5 used in the West. The center of the quake was reported near the city at a depth of between 3 and 6 miles beneath the surface.

Tass said the quake was the worst to hit Tashkent since 1868.

Flood Control Dam Causes Flooding

MOUNT VERNON, (AP) — A flood-control dam caused considerable flooding Tuesday along a Southern Illinois stream after temporary gates in the dam were closed evidently by pranksters.

Army engineers said they feared the incomplete dam stretching more than a mile across the Casey Fork valley was damaged as water rose above safety levels and flowed over the structure's crest.

The gates were closed late Monday. They were designed to divert the stream during construction of permanent gates which will be used to impound the reservoir basin next year.

The unscheduled inundation flooded several hundred acres of farm land, will delay work on the dam, and has halted wheat and corn two days after recreation of Illinois 183 between Sesser and White- tington.

Jazz Plus Comedy to Make Venture

An original jazz comedy produced by Robert Bauer of SIU and entitled "Precious Love" will be presented at 8 p.m. Saturday in Shryock Auditorium by Phi Mu Alpha fraternity and Mu Phi Epsilon sorority. The show, which is the annual Jazz Venture, will be a type of "pop review." Comic book characters Batman and Superman will be included.

Last year was the first year that the annual Jazz Venture became a type of musical play rather than a jazz concert. The proceeds from the show are applied towards the Department of Music's scholarship fund.

This year the show is directed by David Davidson, an SIU student, and the stage band is under the direction of Harold Siman, an instructor in music. Tickets will be 50 cents, 75 cents and $1.
This is our first anniversary in the Carbondale area, and we want to extend our thanks for your patronage in the past year, and ask you to help us celebrate.
Surman Rites Set for Today

William John Surman, 44, an intern auditor at SIU, who died Saturday, will be buried today in Arlington National Cemetery.

He died Saturday in Doctors Hospital after suffering a heart attack. He had been ill about a month. He lived at 210 Hewitt Drive, Carbondale.

Surman was a member of the National Association of Accountants and membership chairman for the National Association of University Auditors. He was a World War II veteran.

He was born Nov. 15, 1921, in Mount Kisco, N.Y., the son of Mr. and Mrs. Frederick Alexander Surman. He married the former Mae Dixon on March 4, 1944, in Roseville, Ca.

He leaves his wife; a daughter, Mrs. Helen Irene Simmons, of Carbondale; two sons, William John Jr., serving with the Navy in Washington D.C., and Frederick A. of Carbondale; two sisters, Emily Surman, of Mount Kisco, and Helen Francis Surman of Arlington, Va.; and a brother, Frederick A. of Bryam, Conn.

Surman was a deacon of the University Baptist Church, and taught an adult Sunday school class.

Friends may contribute to a college scholarship fund being established in memory of Mr. Surman.

Student Is Fined, Reprimanded

A student who was caught carrying beer into the lounge of the off-campus dorm has been fined and reprimanded by University officials.

Daniel Walsh, a student who lives at University City, was seen by a resident fellow carrying the beer into the lounge. He turned him over to Fred Miller, the watchman, who signed a complaint against Walsh alleging public intoxication.

Walsh pleaded guilty to the charge at the Student Activities Office, and was fined $10 plus $5 court costs.

TO PRESENT "GOD'S TROMBONES" - The Baptist Foundation's Chapel Singers will present "GOD'S TROMBONES" at 7:30 p.m. today at the University Baptist Church, Oakdale and Mill Streets. A five-part dramatic sequence, the work includes music and three poems. Doctoral student in theater, will read the poems of the prayer leader, and Stan W. Hill, a junior majoring in speech, will read the poems of the preacher. The choir is directed by Charles E. Gray.

World's Fair Comes to Southern to Be Theme for Spring Festival on May 5-8

Theme for the Spring Festival, May 5 through 8, will be The World's Fair Comes to Southern.

Applications have been received for four shows, five hours and four displays to be set up by campus organizations on the festival midway. Deadline for applications, to be turned in to the Student Activities Office, is Friday afternoon.

The entrance to the midway will be decorated with a large Statue of Liberty throwing a globe to a Saluki. The globe will resemble the one used by the 1964-65 International World's Fair. Signs and posters on campus will use the same theme.

The Miss Southern Committee has sent petitions to clubs who may wish to sponsor a Miss Southern candidate. Mom's Day, set for Sunday, the last day of the festival, will begin with a picnic from 11 a.m. until 1 p.m. by the Lake-on-the-Campus. During the afternoon mothers will be entertained by sky divers, a tug-of-war and greased pig contest. Horse and buggy rides around Lake-on-the-Campus also will be offered.

At 3 p.m., the SIU Symphony Orchestra will perform and from 4 p.m. to 7 p.m., a buffet will be served in the Roman Room of the University Center.

Art Class Shows Work at Center

Students in a basic studio art class are displaying their work in a color exhibition through May 5.

About 150 students in Harvey Harris' class will contribute work which may be seen in the Ballrooms and Magnolia Lounge in the University Center.

Theme for the Spring Festival, May 5 through 8, will be The World's Fair Comes to Southern.

Applications have been received for four shows, five hours and four displays to be set up by campus organizations on the festival midway. Deadline for applications, to be turned in to the Student Activities Office, is Friday afternoon.

The entrance to the midway will be decorated with a large Statue of Liberty throwing a globe to a Saluki. The globe will resemble the one used by the 1964-65 International World's Fair. Signs and posters on campus will use the same theme.

The Miss Southern Committee has sent petitions to clubs who may wish to sponsor a Miss Southern candidate. Mom's Day, set for Sunday, the last day of the festival, will begin with a picnic from 11 a.m. until 1 p.m. by the Lake-on-the-Campus. During the afternoon mothers will be entertained by sky divers, a tug-of-war and greased pig contest. Horse and buggy rides around Lake-on-the-Campus also will be offered.

At 3 p.m., the SIU Symphony Orchestra will perform and from 4 p.m. to 7 p.m., a buffet will be served in the Roman Room of the University Center.

Art Class Shows Work at Center

Students in a basic studio art class are displaying their work in a color exhibition through May 5.

About 150 students in Harvey Harris' class will contribute work which may be seen in the Ballrooms and Magnolia Lounge in the University Center.

Cases of Flu Still Reported

Flu cases continue to be reported to the SIU Health Service.

Dr. Walter H. Clarke, acting director of the Health Service, said it is not known whether it is a flu of the Asian variety. Fortunately, no severe complications have been reported but some students have had temperatures running as high as 104 degrees, Dr. Clarke said.

Some of the symptoms to be aware of, according to Dr. Clarke, are a persistent headache, a moderately sore throat and fever. Mild malaise and dizziness may also accompany these symptoms.

The acute phase, lasting from 48 to 72 hours, followed by a period of weakness, the length of which depends on the precautions taken by the student.

Theta Sigma Phi Ricks New Officers

Beta Tau chapter of Theta Sigma Phi, professional journalism fraternity for women, held a change of officers ceremony Saturday night in the home of the chapter advisors, Mr. and Mrs. James L. C. Ford.

New pledges for the fraternity are Margaret E. Perez, Rose A. Astorino, Catherine L. bite, Catherine J. Pitz, Dianne B. Anderson and Jo Ann Flanery. Ford is the professor of journalism.

Software Slated On Journalism

More than 40 journalism educators from outside the Carbondale area are enrolled for the second annual Journalism Education Administration Workshop to be held Thursday and Friday at SIU.

Howard B. Long, chairman of the Department of Journalism, who heads the workshop planning committee, said the sessions are offered as a service to educators who have the responsibility of administering journalism departments and who desire consultation with university professionals in journalism.

Workshop director will be Albert T. Scroggins Jr., dean of the School of Journalism at the University of South Carolina. The workshop staff will be composed chiefly of members of the SIU journalism faculty.

Keynote speaker will be Willis Moore, chairman of the Department of Philosophy who also is a member of the journalism faculty. Moore's topic will be "A Philosophy of Education for Journalists."

Speaker for the dinner meeting will be Paul Swenson of New York, director of the Newspaper Fund, which works to develop journalism education.

Most sessions will be in the Agriculture Building.
