Hearing 'a waste': Kost

By Marty Francis, Terry Peters and Win Holden
Daily Egyptian Staff Writers

Following Tuesday's opening session of the Harpetle May Fest injunction hearing, in Murphysboro, promoter Peter Kost commented, "All we accomplished today was wasting a lot of time and money."

Testimony in the morning session of the hearing centered on the proximity of Audion Meadows, the proposed festival site, to SIU property development and on the capability of access roads in the area.

John Lonergan, SIU associate architect, testified in behalf of the plaintiff and was the only witness called during the two hour morning session.

Lonergan, after establishing the closeness of the festival site to SIU property which he termed "an outdoor classroom," spoke about SIU's attempts to prevent "public invasion" of some of the property in that area.

Lonergan implied that a large number of persons at the rock fest might interfere with SIU's research and experiments. Earlier there were reports that Harpetle

has sold interest in the May Fest to a Missouri firm for a festival to be held there. When questioned, Peter Kost, president of Harpetle, said "I won't comment on that." He added that the issue of May Fest "will be decided in court."

Lonergan's testimony also considered the subject of access roads and parking facilities at the festival site.

Lonergan testified extensively on the subject of Giant City Blacktop as an access road to Audion Meadows and the Robert Runyon tract which is to be used as a parking area.

The architect called the Giant City road of "questionable surface" explaining that the surface is not consistent from year to year.

With present road conditions and perfect weather, according to Lonergan, 1500 cars per hour could pass over the road in either direction.

Regarding the proposed parking lot, Lonergan said that approximately 50 per cent of the tract could be used for parking and would hold an estimated 10,000 cars with certain improvements.

Center facilities to be tripled

By Stephanie Brown
Daily Egyptian Staff Writer

You won't recognize the University Center next spring.

The \$8 million expansion project will triple the facilities of the existing building and make the "old" building look like a child's toy.

Most students are familiar with the ground floor construction of a new bookstore; which is expected to be completed next January. But the monolithic hole on the south side, visible last fall, is long gone and the Center expansion is rapidly taking shape. A completely automatic post office, a 250-seat snack shop, two main dining areas seating 450 persons each and a set of high speed escalators will occupy the ground floor in the building extension. The southern dining area will look out over a new outdoor terrace.

The ballrooms look like tiny specks on blueprints for the first-floor expansion project. In the south end will be a second ballroom, a 300-seat auditorium and two lounges.

On the north end will be a study lounge, new administrative offices, a ticket office and a 150-seat dining room overlooking Thompson Woods which in the words of an

illustrated brochure, "will provide all of the niceties expected at a fine restaurant."

All of this will be ready next fall, according to Jim Sheppard, assistant director of the University Center.

Fall will also see the opening of the second and third floors which are already nearing completion.

The second floor will house the student government and student activities offices, as well as a music listening lounge and browsing library carrying periodicals and local newspapers. If the piped-in music doesn't fit your mood, you can make a request and have music played through a special speaker, so that only you can hear.

The escalator stops at the second floor, and hardy souls will have to walk up to the third floor to take advantage of a view of the campus in the Creative Activities Area.

This area is almost completed; the ceiling tile has been laid and the bathrooms are already tiled in baby blue. The Creative Activities area is a large open space designed for flexibility, with moveable partitions that can be infinitely varied.

Budget approved, but with exceptions

By Marty Francis
Daily Egyptian Staff Writer

The Carbondale City Council approved Tuesday night the 1970-71 operating budget with qualifications stating that no new positions and new capital expenditures be authorized until further review and consideration.

Approval came after discussion of the budget during a public hearing in which several questions were raised.

Bill Colp, 1210 Carter, called the budget a "self-generating monster," and pointed out several matters which he considered to be the errors that caused the budget to be out of balance by over \$718,000.

Colp's charges against the budget brought response from Councilman Hans Fischer who asked that a basic reconstruction of the budget be made.

Fischer also asked that the city "creatively seek new sources of revenue" such as new legislation concerning impacted cities.

Another major concern expressed by Fischer was the amount of money that is transferred from the Utility fund to the General fund for the purposes of payment of services to the utilities.

Fischer said "Quit eroding the utility fund for general fund expense and get the Water Department out of City Hall."

Councilman William Eaton said that it was not feasible to ask for a basic reconstruction of the budget at this late date and made the motion to accept the budget with certain qualifications to be reviewed with priority being given to give back the transfers from the General Fund to the Utility Fund.

At press time the Council had recessed into closed session to discuss a personnel matter involving William Burns. Carbondale Mayor David Keene announced Tuesday that he had fired Burns both from his position as commissioner of the Community Conservation Board and as member of the board effective May 1. Keene said the cause for dismissal was an agreement which Burns had submitted to unionize the CCB staff including himself.

Polling places set up for all-campus elections

Eleven polling places have been established to accommodate those casting ballots in today's student government elections, according to Rhonda Starnes, elections commissioner.

Polling places include the front of Morris Library, outside the Oasis in the University Center, in the breezeway of Wham Education Building, in front of the Home Economics Building, in Lentz Hall at Thompson Point, near the Health Service in Small Group Housing, in Trueblood Hall in University Park, in Grinell Hall at Brush Towers, in the University City cafeteria, at VTI and at the SU Airport. Students from east and west

side dorm and non-dorm areas, commuters and foreign students may vote at the Library, U-Center, Wham and Home Ec. Persons in the various living areas are asked to vote in their areas. All students who do not live in Thompson Point, Brush Towers or U-Park may also vote at VTI and the SU Airport.

Polls at VTI and the airport will be open from 9 a.m. to 4 p.m., and those at Wham, Morris Library, U-Center and Home Ec. will be open from 8 a.m. to 5 p.m. U-City, U-Park, Small Group Housing, Brush Towers and Thompson Point polls will be open from 9 a.m. to 6 p.m.

Gus Bode

Gus says vote—he will as soon as the check out machine in the library disgorges his ID card.

Clashes with Ogilvie plan

School bill proposes flat increase

SPRINGFIELD (AP) — The Illinois House Education Committee approved by a 22 to 2 vote Tuesday a state school aid bill which clashes with Gov. Richard B. Ogilvie's program.

Rep. Charles W. Clabaugh, R-Champaign, chairman of the Illinois School Problems Commission which drafted the bill, said it would cost \$13 million more than Ogilvie's plan.

One of the chief provisions of the bill would give school districts a flat 10 per cent increase over the state aid received in the 1969-70 school year.

Clabaugh's bill calls for a \$733 million appropriation. The measure makes a change in the property tax rate which local districts must levy to qualify for state aid.

Ogilvie has proposed the rates be hiked to 94 cents per \$100 valuation for districts operating separate grade and high schools, and to \$1.15 for combined districts. Present rates are 90 cents and \$1.08.

Clabaugh said one major effect of his bill would give high school districts about 25 per cent more in state money than they now receive.

One of Ogilvie's recommendations—ruled out in Clabaugh's proposal—would grant a bonus in state aid to sparsely populated school districts. Clabaugh said such

a provision would not promote desired school consolidation.

The Clabaugh measure calls for a flexible flat grant system under which no district would receive less than \$48 and some could go up to \$120.

Present flat grants, retained in Ogilvie's program, are \$48 per grade school pupil and \$60 per high school student.

Under the Illinois school formula, the state makes up

the difference between the amount produced by the qualifying tax rates and a guaranteed foundation level.

Ogilvie has advocated a boost in this level from \$520 to \$550 per pupil. Clabaugh's bill keeps the foundation at \$520 but adds on the 10 per cent increase.

Ogilvie's program was outlined in his opening message to the legislature April 1 but his legislation has not yet been introduced.

The Education Committee defeated a bill by Rep. Arthur L. Berman, D-Chicago, which would have given Chicago nearly \$207 million in school aid, or \$23 million more than Clabaugh's bill and \$28 million more than Ogilvie recommends.

Yogi to speak

Indra Devi, California yoga expert, will discuss and demonstrate yoga at 1 p.m. May 7, at the SIU Arena.

Mrs. Devi, known as the "First Lady of Yoga," began the study of yoga because of a nervous heart condition. The yoga healing treatments cured her in one week, according to Mrs. Devi.

The techniques described in her latest book, "Renew Your Life Through Yoga," were applied at a Dallas factory.

According to an executive president of the factory, the techniques increased production by 100 per cent and reduced absenteeism to a minimum.

Mrs. Devi owns a yoga school in Los Angeles. Her school has attracted many movie stars including Greta Garbo, Gloria Swanson, Jennifer Jones, Mala Powers, Tina Louise, Robert Ryan and many others.

Evaluation team

Seven members of the SIU faculty served on the North Central Association Evaluation Team at Herrin High School Tuesday-Friday.

Members of the team included: Robert White, Learning Resources Services; James Aaron, Department of Safety Education; Jo Anne Thorpe, Department of Physical Education for Women; David Smith, Department of Health Education; John Stotler, Department of Health Education for Men; Harold Hungerford, Department of Elementary Education; and John Mees, Department of Secondary Education.

Delegation concludes SIU visit

The vice minister of education of the Republic of China (Taiwan) will today conclude a visit to SIU during which areas of mutual interest have been explored.

Y.T. Sun is accompanied by Nai Wai Chang, minister-counselor of cultural affairs at the Chinese Embassy in Washington, and Clifford Yoh, executive secretary of the World Bank Education Projects in Taiwan.

The delegation arrived Monday to visit the School of Communications, the School of Technology and VTI. Sun

was also to meet with President Morris, Chancellor MacVicar and John O. Anderson, dean of the International Education Office. A reception with Morris as host was scheduled Tuesday afternoon at the president's home.

Sun is on campus to discuss the interest SIU may have in assisting China in the development of fisheries, vocational-technical education, educational television and educational programs.

Women's Recreation Association: Aquettes, 5-7 p.m., Pulliam Hall Pool, volleyball, 7-9 p.m., Gym 207; Tennis, 4-5 p.m., north tennis court.

Intramural Recreation: 3:30-11 p.m., Pulliam Hall Gym and Weight Room; 3-8 p.m., southwest and east of Arena, handball court, University School Field, south of beach and west of baseball field, southwest of group housing, 1-8 p.m., tennis court.

Orientation program offered

Blind handicapped students will have an orientation program for the first time beginning summer quarter, according to Jim Rhodes, program coordinator.

The orientation program will consist of advisement, scheduling, giving the students a view of college life and getting their books.

"Students before had to wait for almost a week to get their books," Rhodes said.

The program will also offer a note taking course and for the first time, the blind students will be given a Braille

map of the campus.

Students will be shown on and off-campus housing facilities and will get a chance to find out what classes are like. They will also meet their instructors.

"This program is experimental and is only for blind students summer quarter," Rhodes said, "but if it works out, there may be a wheelchair orientation program for the fall quarter."

"The program is long overdue," Rhodes said, "for the blind student had to do it before by trial and error."

LITTLE MAN ON CAMPUS

"FURNER—WE PUNISH HIGHER SALARIES AN MORE FRANGE BENEFITS FOR TEACHERS—THEY COME AND GO SO FAST AROUND HERE NO STUDENT GROUP HAS TIME TO BUILD A TEST FILE ON THEM."

Business school club has initiation

Four members of the School of Business faculty and 16 business students were initiated into Zeta Chapter of Beta Gamma Sigma, a national organization dedicated to scholastic excellence in business studies.

Honored during the group's annual spring invitation banquet Friday at the Holiday Inn were faculty members Milton Edelman, George H. Hand, James Hunt and Gola Waters and a graduate student, Charles R. O'Neal.

Seniors initiated were John T. Moore, Jack S. Thompson, Larry K. Becker, Douglas A. Brady, Robert A. Frankhauser, Judi D. Turvey, Robert E. Bobo, Anitra E. Ellis, William S. Russell and Kenneth E. Baker.

Juniors honored included Mark C. Weber, Barbara K. Liles, James A. Silkwood, Lucinda Harmon and Edwin R. Franklin.

"head east"

Student Senate candidates

Aspirants express views on issues

Brush Towers

Peter Mueller

(Freshman, Lincolnshire, Action Party)

Don Patchett

(Sophomore, Detroit, Mich., Action Party)

We intend to bring to life a dead Senate. We will do this by running according to the Action platform. We are not politicians and we do not intend to be anything except the average students that we are. Being average students, we understand the needs of our constituents and colleagues, and we will use Action and reason to work these needs out.

Jim Peters

(Student's Party)

In any situation when business is to be conducted by several groups, it is inevitable that in order to achieve a goal, the different groups must work together. Such is the case of our student government. Cooperation is a key work in running an organization, and it is my opinion that much can be accomplished in our student government, for our student body, if there was more cooperation. We are all student and above all, human beings. Let us not forget this when we are working in our student government. 1970-71 will bring new issues and a new student government. I encourage cooperation among all groups so that together we can strive for a common goal, a better university in which to learn and live.

Barbara Reynolds

(Sophomore, Provincetown, Action Party)

I am running for the Student Senate because I believe that the platform of the Action Party can help students obtain a greater say in their college life. I am a member of Alpha Lambda and was on the Dean's list last quarter. I was active in student government in my high school and was also involved in the Girls Athletic Association. Upon entering SIU I became a member of the Women's Liberation Front and have worked on various projects. I think that the platform of Action Party is excellent and if elected, I pledge to do my utmost to see its fruition.

Paula Squeteri

(Chicago Heights, Student's Party)

Involvement, this is one word in which I am able to summarize what I believe in. For example, I hope to encourage students to become involved. Yet, in order to do anything, a student must know what is happening. It is not as easy to become informed as it should be. It is the responsibility of the student government to inform the student body of those areas available to the student for involvement. I hope to fulfill this responsibility. Many students are willing to take part in certain activities, yet, they are hindered due to the fact there is insufficient knowledge of student programs. It is my intention to encourage our students government to inform the student.

Commuter

Larry Busch

(Sophomore, Florissant, Mo., Majority Party)

As a candidate for senator, I am primarily concerned with the communication that is necessary for any student government to be effective. I feel that communication involves not only talking, but listening. Student government must learn to act directly as a student body and fulfill their needs accordingly with the administration. Similarly, the administration must learn to comply to the needs of the student body. I am qualified and willing to accomplish these goals and to be receptive to your future problems if you vote "us" in.

David Fozard

(Junior, Marion, Majority Party)

I am a Junior living in Marion, majoring in secondary education. My reason for running for senator is that commuters are now

in a great need of responsible representation. For too long, people have claimed to represent the commuter district while disregarding commuter problems after assuming office. Commuters have different problems and interests than resident students. Proper representation can be obtained and made positively effective when communication can develop between a responsible student government and the administration.

Charles M. Gibbons

(Sophomore, Highland Park, Action Party)

With this letter I publicly accept the endorsement of the Action Party. I pledge to enact the platform of the Action Party. Student government in its present form is ineffective as a strong voice for the student body of SIU. The program that the Action Party proposes is indeed "the logical alternative" to the present form of student government. I believe that change can be enacted at SIU if responsible student government can become a reality rather than a dream, and with the candidates and platform of the Action Party, that responsibility can become a reality.

Wade Hudgens

(Freshman, Marion, Independent)

As I see it, now is the chance for the majority of students to rise up and make known their wishes. These wishes and views have been neglected too long. As student senator, I would represent the ideas and beliefs of the commuter. My vote would never be cast in favor of spending the money of those who voted for me for things not sponsored by or beneficial to the commuter.

In short, rather than be controlled by a party, my votes will be cast for the welfare and beliefs of the commuter. I only ask that the voters help me give the power of student government back to the majority.

Ruth Ann Trivers

(Sophomore, Washington, D.C., Independent)

I am running for commuter senator as an independent. I have not joined any political party because I do not wish to be bound by any one program. I believe the Student Senate needs people who can provide a stable liaison between the student body as a whole and the administration.

As a representative of those who live outside city limits, I shall work for better parking facilities—parking buildings and/or bus services to outlying parking lots.

East Side Non Dorm

Dara Bowers

(Junior, Nakomis, Majority Party)

I am a Junior majoring in Spanish seeking representation for East Side Non Dorm students. My interest in running as your Senate representative is to improve communication between you and the student government. I feel that the administration will not only listen but act positively toward the proposals of the Majority Party. It is possible that we can accomplish these goals through a better grass roots communication between the students and the administration.

Marieli Favaro

(Junior, Washburn, Action Party)

The ideas contained in the platform statement of the Action Party are both interesting and exciting. As a woman I can appreciate the idea of a referral service in the field of birth control and abortion. As a student I can appreciate the idea that student's rights are also human rights, and I can see that the formation of a new council to deal with these problems can be helpful. I support Action Party because I believe they have the ideas and personnel to achieve their goals. If I am elected I promise to work for the fulfillment of these goals and ideas.

Mic Kawula

(Junior, Granite City, Action Party)

I am a 20-year-old junior majoring in government and I strongly believe that the University should exist for the development of the student. To assist this development the University must recognize that students rights are also human rights and must be treated as such. The student government needs to be changed so the implementation of these rights can begin. A new council must be established; one where the undergraduate, graduate, and faculty council have representation. I will work to enact the platform of the Action Party and try to make the idea of an "Academic Council" useful to the student.

Bob Prince

(Junior, Herrin, Majority Party)

Probably the most troublesome problem that students are faced with is the problem of housing pertaining especially to non dorm students. It's time students became aware of their rights in regards to housing laws. I feel action should be taken to tighten the requirements of Off-Campus Housing, approval granted by the university.

This can be accomplished through the influential steps of the student government in combination with the support of the student body.

Allyn Joyce Troutt

(Sophomore, Carterville, Majority Party)

I am a sophomore majoring in Interior Design aware of the necessity of your being represented through an interested fellow student. As senator, I shall not sit idly by when issues have any relationship with those whom I am representing. I will seek your advice and opinion on facts that pertain to you, and work in connection with you to form a better student government.

Kathleen "Cass" Van Der Meer

(Senior, Chicago, Action Party)

Student government at SIU has been ineffective. This was primarily due to the abrasive attitudes of the student government leaders. Although the Action Party is generally populated with Kennedy-McCarthy liberals (with a few Young Republicans added here and there) and I'm a national member of the S.D.S., I do not find it impossible to work with them. As a matter of fact their platform is one of the few, new ideas that I have seen on this campus. Therefore, I believe that, even though our views may differ, we are interested in the same goal—student's rights.

George Camille

(Junior, Riverton, Action Party)

As one of the authors of the Action Party platform, I believe that students must not only vote for a new administration but a new form of government. The Academic Senate is a program which has worked at other universities, and it can work here at SIU. As a government major concentrating on pre-law study, an organizer of the coed study hours protest and member of the Consumer Price Committee, I believe that I can help institute the Action Party platform, and it's revolutionary form of government. If elected, I would work to return sanity and responsibility to student government.

Thompson Point

Janet Lee Brown

(Sophomore, Sandown, Unity Party)

Nancy Venckus

(Freshman, New Lenox, Unity Party)

Unity Party does have something to offer Thompson Point Residence Area and residents. With concerned senators who have lived at Thompson Point for two years now, we feel your problems because they are ours, also. You can expect uncompromising efforts to achieve your goals at and for Thompson Point. There is no compromise when it comes to principles.

You, as a student, have a right to make your voice heard. With Unity Party working

(Continued on page 5)

Platforms stated

(Continued from page 4)

with and for you on Thompson Point this right is assured to you. YOUR IDEAS—OUR VOICES!

Gene Sinclair

(Junior, Robinson, Student's Party)

As a candidate for senator from the Thompson Point area, I feel that my primary concern is to serve the students of Thompson Point and to accurately reflect their feelings in student government. I am a candidate for the Student's Party and I agree with their policy of dealing with the SIU administration by means of constructive compromise rather than the all-or-nothing attitude which often results in futile deadlocks. Many of Thompson Point's problems, ranging from a lack of parking space to poor lounge facilities to unfair repair costs, can be rectified and I hope you will give me the chance to help do such.

Thomas C. Stenger

(Freshman, Peoria, Majority Party)

In seven months at SIU I have heard our student government referred to as a joke, a farce and a circus. For this reason I would like to urge not only Thompson Point residents but students to do two things: First, on Wednesday, VOTE—electing concerned people to guide you through an academic year in your responsibility. Second, don't be one who "hears what he wants to hear and disregards the rest." Listen to all the candidates and elect those you feel best qualified. The catchiest slogan, fanciest promise or best looking candidate by no means assures you of a smoothly run organization. The task of choosing your leaders is an important one... we'll do a good job if you will.

Jim Storzum

(Freshman, Effingham, Student's Party)

I believe my first priorities are Thompson Point and the residents there. An important issue facing Thompson Point is our check cashing service. It is now only for "emergency" use, but since the Bursar's Office is at Woody Hall, it would be more convenient for Thompson Point residents to have an expanded service. Furthermore, the "Serve the People" program should be separated from student government. It should not just be an activity, but a student-oriented project with their own fund-raising. In conclusion, all I ask is to bring all the students together through the Student's Party.

Ken Walk

(Freshman, Neoga, Unaffiliated)

I believe in working for the students, something the present student government has not done. The students and the University exist for the benefit of each other. Therefore, they must work together. I believe this can be done.

If elected, I plan to give the students the responsibility they deserve—an expanded open house program, a complete report on the Vietnamese center and all major issues and a voice the University Administration can hear and understand.

University City

Bill Adler

(Sophomore, Chicago, Unity Party)

As a senator, I Bill Adler will support the platform of the Unity Party because I believe in progressiveness. I will also take a firm stand to assure the rights of the students to receive the best education possible. I will keep the residents of University City aware that SIU has an active student government.

University Park

Chuck Hutchcraft

(Sophomore, Sullivan, Action Party)

I believe in a university that allows students the same rights as other humans. What we students must have is self-determination of our lives—including the abolishment of all secret student files. I would also like to see the establishment of a student controlled legal council for the students to adequately present their problems to the University. I have had experience in student government, being the president of Boomer II, and I have closely followed the campus student government as a reporter for the U-Park News.

The Action Party has, unlike the other parties, a concrete plan to accomplish the

needed student programs. The ideal of an academic senate composed of representatives from the total academic community will provide a force capable of bringing about the needed change.

John R. Price

(Sophomore, Atlantic Highlands, N.J., Action Party)

I am a sophomore majoring in public relations. I am a member of the Public Relations Club, and I have been vice president of the North Side YMCA. I believe that one of the obstacles to representative student government is that there is no student representation on the Board of Trustees. As the Action Party Platform states, there should be a voting student member on the Board. This can best be accomplished through the Action Party's plan to combine the three existing representative councils into a united force. Such an Academic Senate would be an organization whose weight would be felt by the University administration instead of being ignored as the present student government.

Leslie A. Trotter

(Junior, Carterville, Unity Party)

Authoritarianism in almost any form discourages, if it does not completely smother, independent judgment on the part of individual citizens. A free society by necessity is founded upon free inquiry. Free inquiry, of course, presupposes the conditions of free speech, free thought and free assembly. As University Park residents we don't need a student government. What we need is a student union, so that we can pool our resources to make SIU a better place for all the people.

All Power to the People.

Stuart Vyse

(Psychology, Urbana, Unity Party)

In the past year we have seen a variety of progressive programs initiated by student government. We as students cannot allow this creative spirit to diminish. As a student senator I will strive to make the University more responsive to the needs of the students and the community. The University can no longer continue to be a stronghold for detached intellectualism. It must become an asset to the community and not remain a liability. Students have to be recognized by the University as human beings who's constitutional rights of self-determination will be defended.

Dennis Weaver

(Junior, Canton, Action Party)

When approached by the various parties who wanted me to change my independent candidate status to their party banner, I sifted through the rhetoric and chose the "logical alternative" as my platform. The Action Party platform speaks for itself as being a totally new approach to student government.

As a member of the Young Democrats and as a member of the executive council of Boomer II, I have the experience and the responsibility to help change student government for the better.

Vocational Technical Institute

John Hamilton

(Junior, Pontiac, Majority Party)

I am a junior here at VTI majoring in Retailing. Needless to say, I am aware of the immediate needs of all VTI students. As a Majority Party member, I can guarantee that action has already been taken by the party to be carried out once in office (in regards to correcting the increasing degenerating wasteland of VTI).

West Side Dorm

Ren Biedron

(Junior, Evergreen Park, Action Party)

The Action Party is dedicated to responsibility and to the rights of the student. I believe that they are sincere in their wish for a better student government, and I think they are capable of organizing a government that will be effective and efficient. If I am elected, I shall work with the other members of the Action Party and try to represent the students and their ideas to the administration. I am a member of the Young Republicans in Chicago, and last quarter I received a 5.00 grade average which put me on the Dean's list. I believe it is possible to get things done and would like a chance to do so.

Richard Howard

(Freshman, Lincolnwood, Unity Party)

I feel the main problem on our campus is factionalization. We students are still too

caught up in our little groups and separated by petty differences. We are all held together by a common bond, we are all students. We must overlook our petty differences and join together in peace and love, and move towards our common goals. I want the basic human rights SIU denies us: to own and drive cars, to live where and with whom we want (24 hr. co-ed dorms) and simply the right of self-determination. I want to unite our students to work for our rights, and make SIU a better place to live.

Susan Wilmouth

(Sophomore, Collinsville, Action Party)

Student body governments are instituted in an attempt to protect the rights of the individual students. Yet, it appears that there is a flaw within the Student Senate which hinders the purpose for which it was created. I am endeavoring to find ways by which student rights may be justly protected. I promise only a sincere attempt. This is my purpose and reason for running. People will make the correct choice.

West Side Non Dorm

Keith W. Cutts

(Junior, Evergreen Park, Action Party)

I am running for the senate from the West Side Non Dorm. I am majoring in Government and have been a member of the Young Republicans for the past two years. In that period of time I have worked in several campaigns, once as youth coordinator. I have also worked with the Illinois State Youth Commission.

I am presently serving on the off-campus Judicial Board, and I feel that the experience I have gained from these organizations will add to my ability to deal with campus problems and work more effectively with both administrators and with students.

Steven Levine

(Junior, Mt. Vernon, N.Y., Independent)

In order for student government to function as a representative body, it must unite, not divide the student body. My main concern is to represent the opinions of my district and the students at SIU. All students black, white and foreign must stand together. The issues are clear, student representation on the Board of Trustees, community action programs to fight poverty amongst plenty, revision of General Studies antiquated programs, a freeze on all future tuition hikes until further investigation, open housing and open dorms.

Ken Nygaard

(Chicago Heights, Action Party)

Student government today is strained to the point of near collapse. To revive this problem, I believe, is to constructively change it. I believe we must work toward three goals: RIGHTS, REPRESENTATION, and RESPONSIBILITY.

We face a time now when students must be treated as an integral part of this University rather than as servants to a system, which polarizes administrators and students. If each side is to have a fair hearing, students must be represented as an equal body before administrators. We must incorporate the entire academic community into student government.

Edward Thomas Paulich

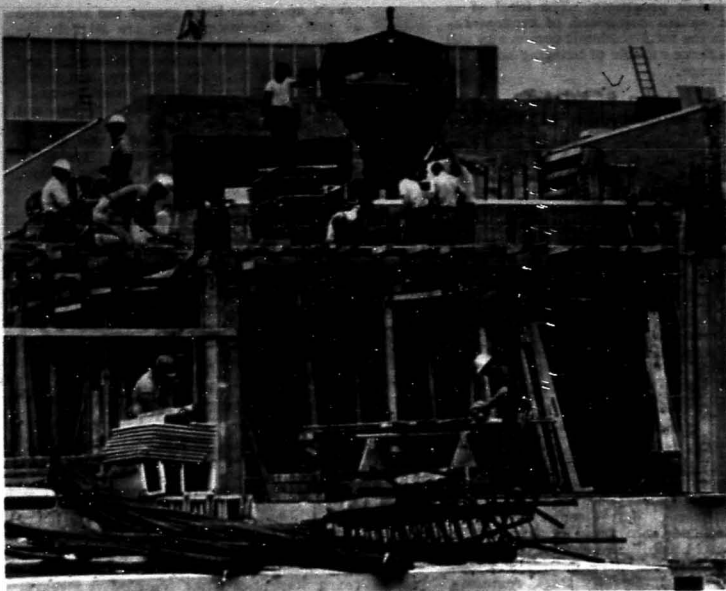

(Junior, Staunton, Majority Party)

I am a Junior, majoring in Industrial Technology carrying a 4.41 G.P.A. I have been active in debate, speech and student government in high school and presently hold an executive position in Phi Mu Alpha, Professional Musicians Fraternity. With these and other leadership experiences, I will actively represent the students of my district and promote the goal of insuring our attainment of an uninterrupted, meaningful higher education. I will do this by coordinating the present structure or if necessary, restructure, of the administration to the majority of the students' interests.

Steve Thomas

(Sophomore, Carbondale, Action Party)

Student government at SIU can be effective and responsible. A student government which has the support of the students can better act as the representative of the student body on issues of University policy and thus will be more influential with the administration. Through the uses of referendums and open forums, more effective student participation may be reached. I support the concept of an academic council incorporating existing student, graduate and faculty councils. This would be one way of "getting it together" in the university community.

Workmen pour concrete as others hurry to ready forms.

Supports frame a workman.

At University Center

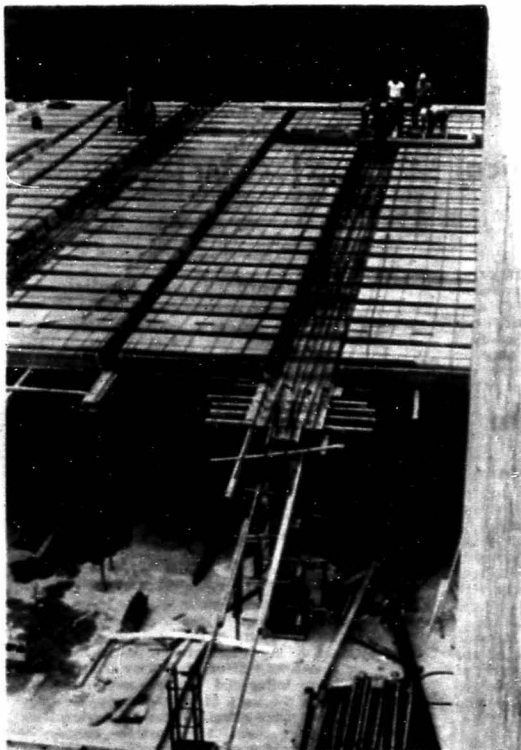

New wing taking shape

(Continued from page 1)

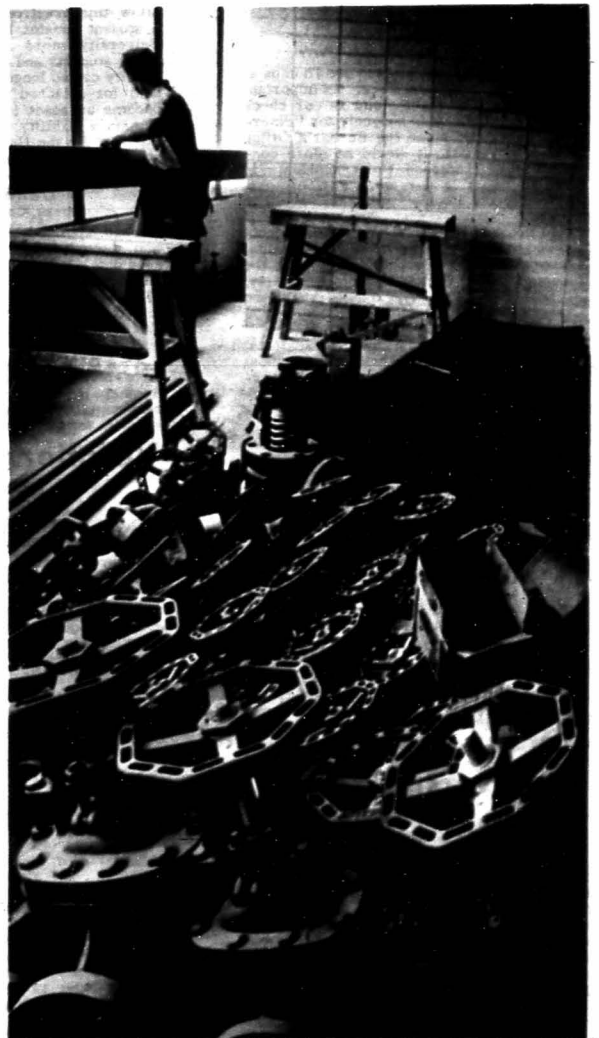

It's difficult for the University Center Director's Office to predict when the whole building will be completed. Estimated indicate the upper floors will be ready by fall, with the lower portions of the southern side of the building to be ready sometime next year, barring construction difficulties.

June grads returning for a visit next year won't even recognize the old Magnolia Lounge or the cafeteria—everything in the existing building (carpets, walls, furniture and fixtures) will be either changed or renovated.

Daily Egyptian Staff Photos

FINAL DEPARTURE TO CARBONDALE
FRIDAY 8:30 SATURDAY 5:30

Writer's platform, film fest to end

The final sessions of the Grassroots Writer Platform and Film Festival will be at 1:30 p.m. and 7:30 p.m. today in the University Center Ballrooms.

The events are in connection with Bacchanalia/70, this year's spring festival.

SIU faculty member John C. Gardner, Albert Lebowitz and Stanley Elkin are scheduled for the Writer's Platform. Thomas Kinsella, also an SIU faculty member, will be unable to appear as previously announced.

John C. Gardner is an associate professor of English at SIU and is coauthor of "Form of Fiction" and "Poetry: Form and Substance." He has written several stories on medieval and modern literature and is translator-editor of "The Complete Works of Gawain Poet."

Albert Lebowitz authored "The Man Who Wouldn't Say No," currently on the New York Times best-seller list,

and "Laban's Will."

The other writer appearing on the platform, Stanley Elkin, is the author of several works including: "Boss-well," a black humor novel; "Criers and Kibitzers, Kibitzers and Criers," a volume of short stories; "The Bad Man," a novel and "The Dick Gibson Show," a novel to be published in January.

The Grassroots Film Festival will continue at 7:30 tonight in the University Center Ballrooms. An award of \$100 will be given to the best film shown during the three-day festival, and five special awards of \$25 each will be given to the film each judge prefers.

Large crowds have attended both nights of the festival and some of the films have been very well done, according to Franklin Spector, film festival chairman. All the films were made by SIU students or area residents.

Bacchanalia/70 will high-

light famed jazz musician Dizzy Gillespie during convocation at 1 p.m. Thursday in the SIU Arena. Gillespie will also appear at a free open air concert at 8 p.m. that night in the grassy area north of the University Center.

A free dance featuring "The Tami People" will follow the Gillespie concert in the University Center Roman Room. The Bacchanalia/70 mid-

way opening ceremonies will be at 6:45 p.m. Friday near the entrance to Browne Auditorium. The midway will be open from 7-11 p.m. Friday and from 1-6 p.m. Saturday.

The Theta Xi Variety Show will climax Bacchanalia/70 at 7:30 p.m. Saturday in the SIU Arena. Tickets for the show are available at the University Center Information Desk at \$1.75 each.

Visiting professor of philosophy named

Risieri Frondizi, former rector of the University of Buenos Aires, has been named visiting professor of philosophy at SIU for the 1970-71 academic year.

Frondizi will teach Latin American philosophy and value theory. He has been a visiting professor at the Uni-

versity of Pennsylvania, Yale University, Columbia University, the University of Texas and the University of California at Los Angeles.

Botanist to speak

A.S. Crafts, professor emeritus of botany at the University of California, will speak on the "Mechanism of Phloem Transport of Assimilates," at an SIU Botany-Plant Industries seminar at 4 p.m. today in Lawson Hall, Room 201.

Crafts is a pioneer in research on the translocation of herbicide chemicals in plants. His talk is sponsored by the Department of Botany, and Plant Industries and Graduate Studies and Research and the Lectures and Entertainment Committee. The meetings are open to the public.

SIU part of committee to study East Europe

SIU is one of 10 universities participating in the East European and Russian Committee which was established in Bloomington this week. The committee includes all disciplines with interests in the Eastern European area.

Its first objective will be an exchange of lecturers and professors within the founding schools and universities in Eastern Europe. Conferences and institutes are also being planned. The committee hopes to establish a study center in Eastern Europe for the benefit of American students.

The committee includes SIU, Illinois State University, Northern Illinois University, Western Illinois University, Indiana State University, Ball State University, St. Louis University, Loyala University of Chicago and Georgetown University of Washington.

The committee is part of the Associated Universities for International Education, which is establishing a tropical studies group.

Pink Follies will be featured

The Doctors Hospital Pink Follies and the Murphysboro Children's Center will be featured at 10 p.m. on today's Kaleidoscope on WSIU-TV, channel 8.

Mrs. Lillian Levelsimer and Frank Morehouse will discuss this weekend's Pink Follies, designed to raise money for the Doctors Hos-

pital Auxiliary.

Members of the Murphysboro Children's Center For Working Mothers will talk about the center's program in the Southern Illinois area.

Entertainment will include music by the Tami People and a wine-tasting demonstration by Steve Hoffman and Bern Rainey.

Hearing 'a waste': Kost

(Continued from page 1)

Taking into consideration that the cars must slow down to 8 miles an hour when turning into the parking area, Loneragan estimated that there would be a 5 mile back log of traffic in both north and south directions which would mean cars would be backed up almost to the edge of Carbondale and to Cobden.

Attorney J.C. Mitchell questioned Loneragan on this issue. Loneragan qualified some of the statements concerning the number of entrances to the parking lot and amount of traffic control.

Variables to be considered in estimated parking and traffic problems, Loneragan said, would depend on arrangement of entrances, and condition and narrowness of the road.

Loneragan, commenting on the present condition of the parking area, said if 10,000 cars would drive over unimproved entrance, the amount of pressure would result in "a trench deep enough to hold a tank."

In the afternoon session, the plaintiffs called Charles Deggendorf, former public information director for Harpette and took his deposition.

In the deposition, Deggendorf said he had sent eight news releases to news media in a 12-14 state area within a 200-300 mile radius of Carbondale.

He said he did not recall specifically the stations and newspapers contacted, but he did name a few including major Chicago and St. Louis newspapers and KXOK, KMOX and WLS radio stations.

The plaintiffs used the deposition to determine the extent of Harpette's public relations operations in order to establish whether or not Harpette intended to achieve

Judge supported

WASHINGTON (AP)—Judge Harry A. Blackmun received the enthusiastic support of the American Bar Association Tuesday as the Senate Judiciary Committee prepared to open hearings on his nomination to the Supreme Court.

Following an investigation billed in advance as extensive, the ABA's standing committee on the federal judiciary reported in a letter to Sen. James O. Eastland, D-Miss., that Blackmun "meets high standards of professional competence, temperament and integrity."

Where two prior nominees failed, the 61-year-old federal appeals court judge apparently faces a trouble-free horizon. Committee approval and Senate confirmation may be as swift as that accorded Blackmun's boyhood chum from Minnesota, Chief Justice Warren E. Burger.

Chairman Eastland has only one witness scheduled for the hearing, Blackmun himself.

Last June 3 Burger testified and was approved unanimously by Eastland's committee all in one day. The Senate completed confirmation, 74 to 3, on June 9 and Burger was sworn in as chief justice June 23.

The fate of President Nixon's next two nominees for the court was entirely different. Judges Clement F. Haynsworth Jr. and G. Harold Caraway labored through prolonged hearings and then were rejected by the Senate.

their stated goal of 100,000 attendees at the festival.

Then promoter Harold Calhoun was called by the plaintiffs.

Calhoun was questioned by attorneys John Feirich and James Wham for two hours. Calhoun was questioned mainly on the site of the fest and on the degree of preparedness of the site.

Wham asked Calhoun if the proposed hospital for the site was built, if any doctors or nurses are under contract, if the sanitary facilities are ready.

To all of the questions, Calhoun answered negatively, except to say that Harpette does have one doctor under contract.

Calhoun repeatedly pointed to the fact that Harpette has abandoned the old plan calling for 100,000 attendees, and said that the "new plan" calls for a nightly concert format, with no food facilities on the premises.

When this "new plan" was requested by Feirich, promoter Charles Notarus left for the Harpette offices to bring a copy to court. However, the afternoon session ended before this document could be entered into evidence.

SPORT SHORTS

To play pro golf...

By James Meyer

How good do you have to be to play golf for a living? . . . Goller Lloyd Mangrum once said that anyone who is thinking of turning pro, and expects to make a living out of playing golf, should be able to shoot 68 or better every time on his home course and be able to beat everyone in his immediate area. . . Otherwise, forget it. . . That indicates how really good the golfers on the pro tour are.

It's a little known fact that Don Shula, who was recently named the new football coach of the Miami Dolphins, has the best record of ALL big league pro football coaches. . . Shula has won 74 games and lost only 25. . . That's a better record than Vince Lombardi or any other pro coach.

Here's a baseball record that just doesn't seem possible, but it's true. . . The entire Chicago White Sox team of 1908 hit only three home runs ALL SEASON. . . Just think, there have been times in baseball history when one player hit three home runs in one game—but imagine, here's a whole team that totaled only three homers all year! . . . It's hard to believe, but it happened.

I bet you didn't know that college graduates have a longer life expectancy—lower death rate and are living five years longer on the average than non-college men. The lower death rate of collegians makes possible broader benefits and greater cash values in College Life policies. This certainly makes good sense. Doesn't it?

Tuition raise rally set

A rally to protest Gov. Richard B. Ogilvie's proposed tuition increase is planned on campus May 6. Students from eight Illinois universities met in Springfield Monday to plan a statewide organization to oppose the increase.

The purpose of the meeting, according to Roger Leisner, one of the three SIU representatives, was to discuss the tuition increase.

The approximately 25 persons in attendance named their group the United University Community Against the Tuition Hike, Leisner said.

At the meeting four statewide demands were drawn up which will be presented to the legislature and eventually to the Constitutional Convention:

- 1) No tuition hike (ever)
- 2) Salary increase for faculty and civil service workers
- 3) Education to be made a right, not a privilege
- 4) Corporation taxation for higher education.

One local demand was also proposed, according to Leisner, that either impaction aid or annexation should be implemented.

A tentative timetable of action was planned by the group:

—May 6 A local rally will be held on the SIU campus. Leisner said telegrams are being sent to the governor, lieutenant governor, Carbondale's local representatives and senator to appear at the rally.

—May 8 The next meeting of the statewide organization will be held in Springfield to organize the Education Day rally.

—May 14 A Statewide Education Day rally in Springfield is being planned with representatives from Illinois universities.

Black speakers slated in spring lecture series

Three speakers have been scheduled for the month of May as participants in the Black American Studies Program Spring Lecture Series. Dana Chandler Jr., 28-year-old black artist will appear at 7:30 p.m. Friday in the Black American Studies Auditorium. A graduate of the Massachusetts College of Art, his work has been displayed with the Boston Negro Artists Association. His major one man exhibitions have been shown at Boston College, University of Massachusetts, The Rhode Island School of Design, the Emerson Gallery and the Arlington Street Church, Boston. Two of his controversial paintings have been destroyed outside the black community.

Howard Fuller, president of the Malcolm X Liberation University, Durham, N.C., will speak at 7:30 p.m. Monday in the Black American Studies Auditorium. Fuller has previously worked with the Foundation for Community Development in Durham.

Famed Chicago poet Don Lee will be a guest of the Black Studies program on May 21. Lee, author of several poetry books, will read some of his poems in the Black American Studies Auditorium.

Music Department to present 4 concerts as part of series

The SIU Department of Music will present four concerts Thursday through Sunday as part of its 1969-70 series. A collection of pieces ranging from "Music for Percussion" to a "Walt Disney Suite for Brass" will be presented at the Faculty and Student Composition Concert at 8 p.m. Thursday in the Old Baptist Foundation Chapel.

The next presentation will be a Recorder Consort Concert at 8 p.m. Friday in the Lutheran Center Chapel. The concert will be under the direction of Wesley K. Morgan. Pieces by eight composers will be presented with a premier performance of "Two Pieces" by Ernest Shult.

Saturday the Senior Recital will be presented in the Old Baptist Foundation Chapel. Performers will be Thomas Goux, baritone, accompanied by Brenda Irvin on piano and assisted by John Gibbs, recorder. Cellist for the recital will be Lesley Retzer accompanied by Reatta Own on piano.

Concluding the series at 3 p.m. Sunday in the Home Economics Auditorium will be the University Women's Ensemble.

Conducting will be Charles C. Taylor. Soloists for the concert will be Brenda Brown, Soprano; Betty Garrett, alto; and Catherine Wanaski, alto. The oratorio "Stabat Mater" by G.B. Pergolesi will be the featured presentation.

Begins June 22

Mexico study program offered

SIU will offer a special study institute on psychological problems of behavioral disorders of Mexican-American children this summer in Mexico.

The program, which will be open to graduate students and a select group of juniors and seniors, will explore conflicts between the Mexican culture and the Mexican-American culture in the United States.

The institute sessions, set to begin June 22 at the University of Veracruz, will be directed by James Crowner, chairman of the SIU Department of Special Education.

The itinerary will begin June 22 at Dallas and move into Mexico the following day. Institute sessions will begin June 24 at the University of Veracruz.

Crowner explained problems that have arisen in the United States where there are Spanish-speaking students. In many cases these students are harassed by fellow pupils because "they're different."

This often results in school dropouts and shunting some of them into classes for the mentally retarded, Crowner said. He added that more teachers are needed who understand the culture as well as the language of the Mexican

The institute work will consist of lecture, study, travel and practicum. Many of the trainees are expected to be teachers from the southwestern United States. They will

live in Mexican homes and study with Mexican psychology students at Xalapa.

Information can be obtained from Crowner at the Department of Education.

Y needs typists

The Jackson County YMCA needs volunteers to do some typing work. The typing jobs consist of typing membership cards, programs, envelopes, letters and stencils.

Mrs. Dee Holbrook, YMCA secretary, said the work requires no special training. Volunteers may work as many hours as they like, she said.

Designers to talk

Harold Groszowsky, instructor in design, and Larry W. Busch, graduate assistant in design, will be special guests Sunday on "The Chancellor's Report."

"The Chancellor's Report" is seen Sunday at 6:45 p.m. on WSIU-TV, Channel 8.

Groszowsky and Busch will be talking about the classroom of the future with program hosts Chancellor Robert W. Mac Vlear and Ed Brown of the Department of Radio-Television.

Dizzy Gillespie

Gillespie featured in concerts

Jazz trumpeter Dizzy Gillespie, whose horn points skyward, will appear in two free concerts Thursday.

At 1 p.m. he will appear on the University Convocation program in the SIU Arena. The program will be followed by a coffee hour at 2:15 p.m. in the University Center River Rooms.

From 8 to 10 p.m., he will lead an open-air concert in the gassy area northeast of University Center. In case of rain, the concert will be moved to the Roman Room.

This concert will be held in connection with the spring festival, Bacchanalia/70.

In the 1940's Gillespie was co-founder of a new interpretation of jazz called bebop. In 1956 his band was the first to be chosen by the U.S. State Department to tour Eastern Europe, the Middle East and South America.

Gillespie has just returned from a four-week tour of Europe. He was described as a sensation during a two-week engagement at the Playboy Club in London.

Professors continue schooling

SIU is sending some of its professors to school to learn a special kind of "language" that will open potential broad vistas of problem solving with the aid of computers.

SIU President Delyte W. Morris and Graduate School Dean Herbert H. Rosenthal sponsored a three-day seminar for 40 professors from a wide range of fields at the University's Carbondale and Edwardsville campuses.

Joe H. Ward Jr. of San Antonio, nationally known expert in the field of creating mathematical models to solve problems with the aid of computers, was the instructor.

The course in computer-linked problem solving is being supplemented by a series of once-a-week seminars at the Carbondale and Edwardsville campuses. The professor-students will be supervised by Francis J. Kelly, Donald L. Beggs and Keith A. McNeil, SIU staff members who have written a book, "Research Design in the Behavioral Sciences—Multiple Regression Ap-

proach," published by the SIU Press.

The seminar leaders will be assisted by University Computer Center Director Thomas D. Purcell and Jefferson F. Lindsey Jr., assistant to the president.

Folk music duo to appear at SIU

If folk music is your pleasure, you should enjoy Fazer and Debolt. This duo is the next attraction to appear on the SIU Coffeehouse Circuit May 11-16.

They are the fourth in a series of guests to appear at SIU, according to a spokesman at the Student Activities office.

The first performance will be from 8:30 p.m. to 10:30 p.m. May 11 in the Roman Room of the University Center.

ADIOS!!!!

Senior to give organ recital

Stephen Hamilton, a senior at SIU, will present an organ recital at 8 p.m. May 18 at the First United Methodist Church.

Hamilton, from Boone, Iowa, is a scholarship student of Marianne Webb, assistant professor of music at SIU. He has performed in master classes conducted by guest artists Arthur Poister, Mildred Andrews, Catherine Crozier and Jean Langlais.

Winner of Presser Foundation scholarships in 1967, 1968 and 1969, Hamilton currently holds a Merit Scholarship. He serves as organist of First United Methodist Church, has played for the Unitarian Fellowship and was assistant organist for the Lutheran Student Chapel of St. Paul the Apostle in Carbondale.

Sub-dean of the Southern Illinois Chapter of the American Guild of Organists, Hamilton will perform works by J.S. Bach, Cesar Franck, and Marcel Dupre.

Give your contact lenses a bath tonight

In order to keep your contact lenses as comfortable and convenient as they were meant to be, you have to take care of them. But until now you needed two or more separate solutions to properly prepare and maintain your contacts. Not with Lensine. Lensine is the one lens solution for complete contact lens care.

Cleaning your contacts with Lensine retards the buildup of foreign deposits on the lenses. And soaking your contacts in Lensine overnight assures you of proper lens hygiene. You get a free soaking case on the bottom of every bottle of Lensine.

It has been demonstrated that improper storage between wearings may result in the growth of bacteria on the lenses. This is a sure cause of eye irritation and in some cases can endanger your vision. Bacteria cannot grow in Lensine which is sterile, self-sanitizing, and antiseptic.

Just a drop or two of Lensine before you insert your lens coats and lubricates it allowing the lens to float more freely in the eye's fluids. That's because Lensine is an "isotonic" solution which means that it blends with the natural fluids of the eye.

Let your contacts be the convenience they were meant to be. Get some Lensine, from the Murine Company, Inc.

Give Portraits for Mother's Day

This year let mother choose her favorite pose from an exclusive sitting by Marty's Photography.

MOTHER'S DAY SPECIAL — CHILDREN PORTRAITS — NO sitting fee for the first 50 persons to make Mother's Day appointments. Just let us make the portrait — we beautiful like the previous — and Mother can choose the one she likes best! No. photographs in order when previous are returned on time.

OFFER LIMITED to one per family, one child per session, ages 6 and 12 years. Offer ends May 2nd.

Hospital facilities grow to house 'new arrivals' Special invitations issued to teachers for education

The new addition to Doctors Memorial Hospital will soon be the center of other "new arrivals" in the Carbondale area—babies.

According to John D. Taylor, acting administrator of the hospital, the new wing will act not only as a replacement for Holden Hospital, which will soon close, but also as "a facility capable of expanding as the population of Carbondale expands."

Taylor said the four-story addition will open in September. As for expansion he said, "The building is designed so that three additional floors can be built on as needed."

Costs for the extended facilities will be \$2.9 million. Of this amount, \$450,000 has been furnished by the Hill-Burton Fund, a federal agency for aid to hospitals.

The first floor of the addition will be for supply and storage of medical equipment.

The second floor will care for obstetrics cases. Expectant mothers and new mothers will find their rooms complete with color TV and carpeting.

A special feature of the second floor will be a private dining area for the new mothers and fathers.

Six new operating rooms, a seven-bed recovery room, a five-bed intensive care unit and patient rooms with 27 more beds will occupy the third floor.

The intensive care unit will be for surgical patients. The unit will utilize many new medical devices, including cardiac monitors, similar to those now used in the coronary care unit. The cardiac monitors will record patients' heartbeats and transmit the signals to TV screens at a central nurses station.

The fourth floor will be completed at a later date.

"Most of the medical equipment is extremely expensive," Taylor said in explaining the allocation of the funds for the addition. "For example, the lighting equipment for one operating room is costing us \$20,000."

Last year, Doctors Memorial Hospital treated over 3,000 people from Southern Illinois. The addition will add 60 more beds to the 80 beds presently available.

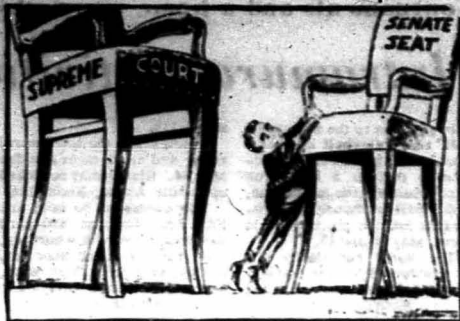

A conference on instructional television to acquaint public school teachers with the services of the Southern Illinois Instructional Television Association will be held from 1 to 3:30 Friday afternoon at Carmi High School.

The meeting is intended for all school personnel from the counties of Fayette, Marion, Clay, Jefferson, Wayne, Hamilton, White, Coles, Cumberland, Jasper, Crawford, Clark, Shelby, Lawrence, Richland, Edwards, Wabash and Effingham. A special invitation to attend has been issued by Miss Lenore High, coordinator of the Association.

SITA is now in its ninth year of presenting a full daytime schedule of instructional telecasts on WSRU-TV and WUSI-TV, Olney.

Firm to design system

Herbert D. Brown, director of the Illinois Department of Law Enforcement, has announced he has signed a \$32,500 contract with Systems Science Development Corp. of St. Louis to develop plans for implementing a statewide uniform crime reporting system.

"If that chair is too big, maybe this one will be just right."

Smith initiates open visitation

Smith Hall is the last dormitory at Thompson Point to initiate an open dorm visitation bill.

The petition for visitation was submitted to and approved by Will Travelstead, Dean of Thompson Point. According to Travelstead, Smith Hall's bill was the most detailed one submitted to him at Thompson Point.

Last quarter, the dorm failed the bill when the residents voted for Student Senate Bill G-17. G-17 was the coed study-hours bill that was submitted to and failed by the Board of Trustees last quarter. G-17 called for visitation seven days a week with the doors to the rooms closed.

The open dorm visitation bill replaces G-17 and has a maximum of four days for visitation with open doors. The dorm residents decide on the days and the hours of visitation for each dorm. The open dorm visitation is now in effect campus wide on a trial basis.

Smith Hall president Donna Korando said, "The dorm previously supported G-17, turning down opportunities to have any visitation."

The dorm's visitation will be in effect Fridays and Saturdays from 7:30-1 pm. The visitation will begin this weekend.

Tournaments and a home run derby

Intramural activities scheduled for May

Daily

In addition to the daily softball and volleyball competition, upcoming intramural activities include a home run derby Sunday, the horseshoe, paddleball and handball tournaments and the track and field meet, May 18 and 19.

The home run derby will be conducted on the varsity baseball field between 1 and 3 p.m. Sunday. Details can be obtained in the SIU Arena, Room 128.

Soccer team downs U of I

The SIU International Soccer Club took a lead in the third period of play that it never relinquished Saturday, downing the University of Illinois 4-2 on the SIU soccer field.

The Salukis took a 2-0 lead in the first period when Max Keshevarz and Luciano Fernandez slammed in goals. It was the third goal in two games for Fernandez.

The Illini team came back with two goals of its own to tie the game at 2-2 at the half.

Jean Jacques-Masseke assured the SIU club of its second straight win, scoring two third-period goals to pace the SIU attack. The final 4-2 margin held in the fourth period, which went scoreless.

SIU, now 2-0 in the spring season, travels to Eastern Illinois University Sunday.

WRA softballers begin competition

The Women's Recreation Association began its softball program Monday. Both intramural and varsity teams have been formed and all interested girls are still urged to participate.

Intramural competition will be staged on the field near the corner of Wall and Park Streets at 4 p.m. every Tuesday.

The varsity team will meet six other schools from Missouri and Illinois. Varsity practices will be conducted on Monday afternoons.

Further information can be obtained by calling 453-2297.

Handball courts now on reserve

Because of spring handball classes, conflicts with physical education classes and outside players have occasionally arisen over use of the courts.

The Department of Physical Education for Men has the following hours reserved: 9-11 a.m., Monday, Tuesday and Thursday and 2-4 p.m., Monday-Friday.

Council sponsors trip to ballgame

The Brush Towers Area Council will sponsor a bus trip to St. Louis, Friday May 15, for the Chicago-St. Louis baseball game. Tickets for the game will range from \$3 to \$4, and can be purchased during dinner hours at Grinnel Hall.

The buses will leave Grinnel Hall at 4:45 p.m. for the 8 p.m. game. Residents can ride free, but the cost to non-residents attending the game is \$1.50.

Animal Farm vs. Beautiful Julie Ann and Field 6, TKE vs. Phi Sigma Kappa.

Sixteen inch games include on Field 2, Green Grass vs. Quad Squad; Field 3, Pop Tops vs. Brewers; Field 4, Pierce Fubarc vs. Electric Twinkle; Field 7, Alpha Gamma Rho vs. Theta Xi and Field 8, Castle I vs. Mifits.

The volleyball schedule includes six games tonight. At 7 p.m., Court 1, Tau Kappa Epsilon vs. Delta Chi and Court 4, Sigma Pi vs. TKE Heads.

At 8 p.m., Court 1, QQQQ vs. Playboy Hall and Court 4, Chemistry Grads vs. Little Guys, Inc.

At 9 p.m., Court 1, Internationals vs. Persian Eagles and on Court 4, Shamrocks vs. Saluki Saints "B".

Baseball schedule lists wrong team

By Mike Klein
Daily Egyptian Sports Writer

When the current baseball schedule was made out, today's listing said the Salukis would host Greenville. When SIU takes the field today, it won't be against Greenville and it won't be at home.

"Greenville cancelled out a long time ago, probably about October," coach Richard "Itchy" Jones said. "Their head coach is working on his doctor's degree at Florida State."

"I don't even know who took over their program but they asked to cancel out for a year."

Last Monday, SIU's away game with Tennessee Martin was rained out. Weather permitting, the Salukis will play at Tennessee Martin today.

Hitting has carried the Salukis this season and it shows no signs of slowing up.

"They're all playing better than I had anticipated they would," Jones said. "I thought everybody had the potential to hit .300, but then three or four guys usually don't. That hasn't happened yet."

"In fact, if you look at the records," Jones added, "you'll find they've been getting their hits against the better ballclubs."

Earlier this season, the Salukis humiliated Morehead State twice, with a two-game total of 37 runs, but many of their scores were aided by errors.

Against then nationally ranked Tulsa and Mississippi and present number two Florida State, the Salukis had strong hitting attacks.

Veteran Bob Blakley is leading the average parade with a .407 mark after 22 games. Dan Radison's .359 is good only for fifth on the team, but he has a high with 27 runs-batted-in.

In between are Mark Newman, .387; Jim Dwyer, .378 and Les Stoots, .372.

Third baseman Ray Nygard is hitting .338 and shortstop Gene Rinaldi is hitting .291.

Catcher Bob Sedik is hitting at only a .222 clip, the lowest among the regulars. Last season he hit .319 in 51 contests.

Jones credits the good hitting start "to the fact that we were able to get a lot of winter hitting, more than any other year, in our new batting cage on the blacktop by the Arena."

Today's sports calendar

Sports

SIU track team meets Illinois for dual meet in Champaign

By Bob Richards
Daily Egyptian Sports Writer

The Saluki track team will be trying to combine some quantity with quality this weekend when they meet the University of Illinois Saturday in a dual meet at Champaign.

Most of the SIU team got a breather last week but the two Saluki entrants in the Drake Relays, Obed Gardner and Fil Blackiston both proved their worth, placing in the prestigious meet.

Placing fourth against an outstanding field in the triple-jump, Gardner went just under the 50-foot mark, sailing 49-9. Assistant SIU coach Aubrey Dooley said Gardner would have had a jump exceeding 53 feet but the Saluki freshman fouled on that effort.

Continuing to impress both coaches and fans, Blackiston broke the SIU discus record for the second time in two weeks. His effort of 170-3 was good enough for fifth at Drake, and broke the former Saluki record of 166-1 1/2, set by Blackiston in SIU's dual meet April 11 against Indiana State.

Dooley said he had expected Blackiston to throw 170 since he has thrown over that distance in practice. "It was just a matter of having him throw well in competition," Dooley said.

Two weeks of no competition has hopefully allowed some of the wounds to heal for the rest of the Saluki cinder squad.

Coach Lew Hartzog rested many of his top sprinters and distance men in both the Kansas and Drake Relays to allow the team to rebuild for upcoming dual meets as well as the Illinois Intercollegiate

and the Central Collegiate.

Last year, the Salukis overpowered the Illini 79-59 in McAndrew Stadium but the Illini have improved considerably this year in almost all departments.

Led by ailing miler Alan Robinson and recovering sprinter Ivory Crockett, winners of three first places

each, SIU topped the Illini this year in the indoor Illinois Intercollegiate.

The Salukis travel to Murray State Tuesday for another dual test.

SIU's final home meet will be May 16 against the Drake Bulldogs. Last year Drake handed SIU a heartbreaking 73-72 defeat in Des Moines.

Southern Illinois prep star to aid SIU basketball fortunes

Future Saluki basketball fortunes got a boost Sunday, when Mount Vernon high school star Eddie James signed a scholarship to attend SIU next year.

James is expected to sign a national letter of intent May 6 when they are issued.

The 6-2, 170 pound guard helped put the Mount Vernon team into the super-sectionals in the Illinois high school tournament two consecutive years. Nate Hawthorne, the leading scorer on SIU's freshman team this year, was a high school teammate of James.

Assistant basketball coach George Iubelt said, "He's just an all-round ball player. We're planning on using him at a guard, but with his jumping ability, he could go forward."

The SIU coach also credited James with excellent shooting ability away from the basket. Averaging 21.5 points per game during his senior year, James scored a school record 39 points in a game against Carbondale this year.

Considered to be a fine student, James has an interest in computer science. Iubelt said over 60 schools

had expressed an interest in James including Syracuse, Maryland, University of Illinois, Vanderbilt, Rice, Florida, Western Kentucky, Illinois State and Texas.

Cubs downed, 6-1

PITTSBURGH (AP)—Manny Sanguillen belted two home runs and Luke Walker, Bruce Dal Canton and Dave Giusti allowed Chicago only three hits as the Pittsburgh Pirates halted the Cubs' 11-game winning streak with a 6-1 victory Tuesday night.

Sanguillen gave the Pirates a 2-0 lead in the first inning when he cracked his second homer of the season over the left field wall, scoring behind Matty Alou who had singled.

Walker left the game in the fifth inning after he loaded the bases with walks, then gave up a run-producing single to Glenn Beckert.

Dal Canton took over for Walker and stopped the threat, but left the game when he pulled a muscle, and Giusti stopped the Cubs the rest of the way.

Close call

The Saluki track team will be counting on some valuable points Saturday from pole vaulter Larry Cascio when SIU meets the University of Illinois in Champaign. Cascio won the event at 14-6 in the indoor Illinois Intercollegiate this year and went the same height against Indiana State. (Photo by Mike Klein)
