Campuses Called Target of Reds

Cycle Parking Plan Weighed By Committee

The University's Vehicle Traffic and Safety Committee considered Friday a proposal to provide spaces for motorized cycles in parking lot spaces too small for automobiles.

The 12-member committee, which includes one student, discussed other proposals submitted by students and by Cyclesport, Inc., and off-campus organization of students and nonstudents. Cyclesport promotes safety in riding and cycling.

The committee will review the proposals and comment on them within 10 days, according to Joseph Zaleski, assistant dean of men.

The committee thinks that bicycles should be a vehicle for getting the student close to his class. That is why parking facilities for bikes are provided close to the classrooms. Zaleski said, however, that motorized cycles should be parked in a central area and the student should walk to his classroom.

He said the committee has received many complaints from instructors about the noise of the motorized cycles in classroom areas. Presently there are no provisions for parking motorized cycles, so students park them wherever there is room.

Zaleski said another problem under discussion was the traffic jams caused each school morning by automobiles stopping to unload passengers on Grand Avenue near Morris Library, University School and the Wham Building. The committee considered rerouting the University bus which stops near that area.

The committee voted to have a one-way sign installed at the library parking lot to keep the flow moving in and out of the lot. After the vote was taken Tony Blaze, acting director of the physical plant, told them the sign had been put up the previous day.

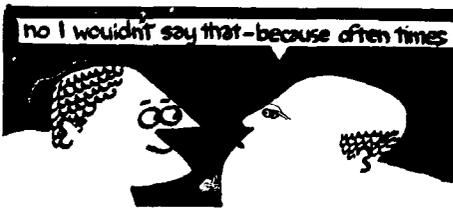

All-University Student Council To Discuss Activity Fee Boost

The All-University Student Council is scheduled to take up a possible increase in student activities fees for the Carbondale campus at its meeting today.

The meeting is scheduled to take place at the Edwardsville campus. An earlier meeting at Edwardsville this month was cancelled because of snow.

The increase is recommended at an All-University Student Council meeting earlier this year. It would go to provide for additional health

and recreational facilities. Also on the Council's agenda for today are student pay procedures, student activity fee charges on students not present on campuses, and cancellation of courses after insufficient enrollment which might effect a students' major or minor course requirements. The Council also will give final consideration to the criteria for its awards to the outstanding student on each campus, and will discuss the creation of an inter-campus journalism council.

Leaping Ladies Leave Local Lotharios Limp

Only one year in four, in accordance with the conventions of our society, can the hunted become the hunter, in a manner of speaking.

This is a leap year, that time when the fair sex allegedly can, by custom, do the same thing most of them do the other three years anyway—to wit: Ask the guy to marry her.

With that in mind, the Daily Egyptian decided to ask some of SIU's male students what their reaction would be if they found themselves on the receiving end of a proposal. Here's what they said:

Darryl Norton, sophomore from Chicago: "I'd think she was crazy."

Larry Cox, freshman from Aurora: "I wouldn't have to think twice; I'd run!"

"I'd tell her to give me about a year to think about it," said John Lambert, senior from East St. Louis.

Raymond Cannon, freshman from Marion: "Some other time maybe, but not now."

Bob Cartland, Oak Park sophomore: "I would turn

around and run as fast as I could."

"I'd be dumbfounded. I think the man should be the one to propose, no matter what year it is," said Sam La-Barbera, junior from Chicago.

Don Cavanaugh, senior from Springfield, Mass.: "I don't know what I'd do. I'd need some time to think the situation over."

Rich Pacente, junior from Oak Park: "My first reaction would be to find out how much money her parents had. If they were loaded, I would marry her."

Communists Seek to Set Up Illinois Units, Reporter Says

Edward W. O'Brien, chief Washington correspondent of the St. Louis Globe-Democrat, has reported that Central and Southern Illinois campuses have been designated by the American Communist party as prime targets for a new Red national student organization.

In a Friday dispatch, O'Brien said the organization would "go through the motion of a founding convention in Chicago next June."

He said it is being formed by Gus Hall, general secretary of the party, and Mortimer Daniel Rubin, the party's national youth director, who are anxious to conceal the Marxist backing of the organization.

Charles Tenney, vice president for instruction, said the University "is aware that some of these so-called youth groups are Communist-front groups, but we know nothing specific about organizational activities on our campus."

The report was no surprise to Dick Moore, president of the SIU student body, who said the Student Government office receives mail three or four times a week from Hall advocating the formation of such an organization on this campus.

"We file the mail in the waste can," Moore said. "We don't even open it anymore. For a while, though, we were sending it directly to J. Edgar Hoover (director of the FBI)."

The student body president said the mail, which includes a Communist party newspaper, has been coming for the last two years and has increased within the last year.

Joseph Zaleski, assistant dean of men, said, "We have been expecting it."

"They have a right to be heard," Zaleski said. "The student body should be informed, though, of the purposes of the group. A gullible person can hear anybody's argument and not make a decision, particularly when he's not aware of the purposes." O'Brien said in the Globe-

Democrat that the party's national executive committee decided last October to proceed with the formation of the organization. He said regional organizers have spread out through the Middle Atlantic states and have been contacting prospective members. A bank account has been opened, according to the correspondent.

"Communists believe they see a leftward trend in the thinking of college students and other young Americans," O'Brien wrote, "and they want to channel this movement in the direction of the Communist party, though without openly labeling the new organization as Red or Red-slanted."

The story said party members have been instructed by Hall to use indirect means to flavor the organization according to the class-struggle gospel of Marx. College students in Wisconsin, Ohio, West Virginia, Indiana and Iowa subsequently have heard speeches on the need for uniting on Negro rights, peace, civil liberties and employment, according to O'Brien.

Council Wants Scooter Rules

The Student Council recommended Thursday night that regulators be drawn up to control the growing problem of motor scooter noise on campus.

It was brought out that the problem was as much one of parking as of noise.

The Council postponed action on this bill for two weeks to allow the Vehicle Committee to draw up an over-all policy concerning these vehicles.

Dick Moore, student body president, appointed David Potter, professor of speech; Claude Coleman, director of Plan A; and Charles Rahe, Dave Born, and Sheri Godfrey, all students, to the "Ka" Advisory Committee.

'Ernest In Love' Is Repeated In 2 Performances Sunday

"Ernest in Love," the all-student musical based on Oscar Wilde's "The Importance of Being Earnest," will be performed again Sunday at 2:30 and 7:30 p.m.

Both performances will be in the University Center ballroom.

Wesley Foundation To Present Drama

"Christ in the Concrete City," a religious drama written by an English minister, will be performed at 7 p.m. Sunday at the Wesley Foundation.

The drama is written by P.W. Turner, minister playwright who is one of the most prolific contemporary writers of religious drama. His plays have aroused a new interest in theatricals in American churches.

Members of the cast include Ginger Bands, Normal; Mary Putt, Lebanon; Clyde Boyer, Dyer, Ind.; Ronald Quick, Carlyle; and Jerry Wiley, Champaign.

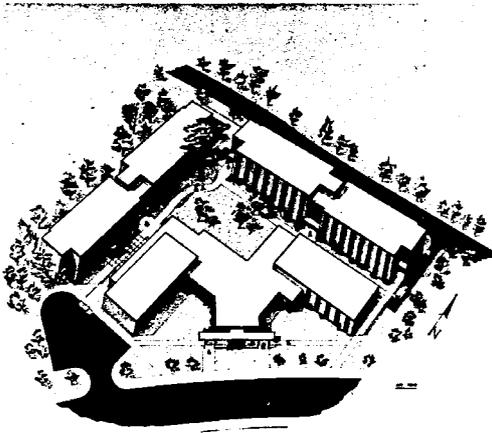

African Authority To Lecture Here

Edwin S. Munger, California geographer and authority on African problems, will speak at SIU Monday evening on "South Africa: Melting Pot or Pressure Cooker?"

The 8 p.m. public meeting in Muckelroy Auditorium will be under the sponsorship of the SIU geography department, according to David Christensen, associate professor in charge of program arrangements.

Munger will also speak at 4 p.m. Tuesday in the Agriculture Seminar Room on development of resources in Bechuanaland, a British dependency in South-central Africa.

Munger currently is professor of geography at the California Institute of Technology at Pasadena.

ARTIST'S SKETCH OF PROPOSED BAPTIST STUDENT CENTER.

Baptist Foundation to Build Dormitories for 300 Students

Preliminary plans for the proposed new Baptist Foundation complex to be constructed adjacent to the SIU campus will be submitted to the Illinois Baptist State Association board at its meeting here April 21, according to A.C. Queen, president of the Baptist School of Bible and foundation director.

An exchange of property between the Illinois Baptist State Association and the University, already authorized by the boards of the two institutions, will make the new construction possible.

The transaction will give SIU the present 24-year-old Baptist student center, at Grand Avenue and Thompson Street, and a 1949 girls dormitory, just west of the Wham Education Building. In return, the University will deed to the

Baptist group 1.78 acres of University-owned land located in a triangle immediately northwest of University School.

The new center will provide both the School of Bible and Baptist student activities with greatly enhanced facilities, Dr. Queen said.

The new complex, only a small portion of which will have to be financed by a self-liquidating loan, will virtually triple the foundation's present dormitory facilities, raising them to accommodate 300 students, half boys, half girls, Dr. Queen said. Present housing facilities in the Foundation Building accommodate 55 boys, while Johnson Hall houses 55 girls.

If the plans are approved, construction is expected to start about May 1.

SIU Photo Fair Schedules Awards, Talk by Bakker

Southern's Photo Fair on April 5 will be highlighted with awards for outstanding pictures and lecture by Gerhard Bakker, the photography department chairman at the Layton School of Art.

John Mercer, chairman of the SIU printing and photography department, and Robert Miller, Kappa Alpha Mu president, will name the winning pictures in the four categories--news, portrait, commercial and abstract.

Bakker is a noted lecturer on creative photography. Many of his pictures are on exhibit in the Museum of Modern Art at the University of Wisconsin, the Milwaukee Art Center and the Wichita Art Museum.

Bakker has taught at the Layton School of Art in Milwaukee for 27 years and is also dean of the faculty at the Winona School of Photography.

He will speak on "The Five Elements Through Which the Photographer Speaks" and "There's More to Color Than

GERHARD BAKKER

Meets the Eye." The photo fair is sponsored by the SIU department of printing and photography, the Alpha Gamma Chapter of Kappa Alpha Mu and the SIU Photographic Society. It will open at 2:30 p.m. in the University Center Ballroom.

Discussions Slated Sunday at Center

"Academic Freedom" will be the discussion topic at the March 1 Sunday Seminar, led by Willis Moore, professor of philosophy at SIU.

The program is at 8:30 p.m. in the Ohio River Room of the University Center.

The topic of the 7 p.m. Creative Insights program Sunday will be "Experimental Films." The speaker will be Herbert Roan, instructor in design. It will take place in the Gallery Lounge of the Center.

Both programs are open to the public.

Phono Picks Up a Stray Voice

If your record player doesn't pick up WCIL, fellow student, you're out of style.

Wayne Kuethe, SIU sophomore from Gillespie, Ill., started the fad--his record player does.

He was playing records Friday afternoon at 606 Emerald Lane. The easy sounds of the Kingston Trio wandered out of the speaker. Then suddenly...

"Don't miss the fun of summer skinning and surfing..." a deep masculine voice was heard to say.

The record player, Kuethe said, had been set on manual so that when the record ended it would not shut off automatically. He was momentar-

ily out of the room when the music stopped. Before he could get to the player, the announcer began speaking.

At first the voice was low and hard to understand. Kuethe reached for a transistor radio and twisted the dial, hunting for a station matching the sounds coming over the record player. The culprit was WCIL, Carbondale.

"I've read about things like this before," Kuethe marveled, "and about people getting radio stations on gold fillings in their teeth. But it's never happened to me until now."

He called WCIL and asked for an explanation of the phenomenon, but there was no

one on duty who could answer his questions. And no one else who was getting WCIL on his record player.

"I hope it isn't just the strain of hourly exams and finals coming up," Kuethe worried. "I hope I'm not cracking up. Maybe I'd better go home for a rest this weekend."

SIU Arena Near Completion

It Should Be Ready for June Commencement

Photostory By Lynn Heiberger

The new \$4.2 million SIU Arena is now in its final stage of construction.

Contracts for the Arena, which will seat 10,000, were awarded on Nov. 9, 1961, and work was started early in 1962. Since that time, it has proceeded through mud, adverse weather, and delays.

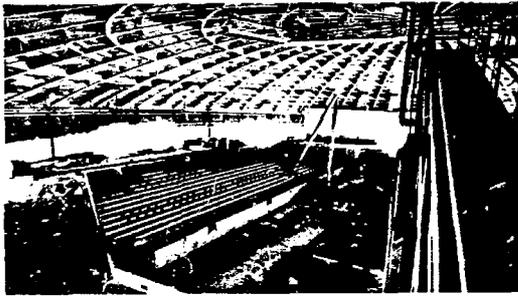

Considerable interior work remains to be done, but present schedules call for the Arena to be sufficiently completed by June to allow its use for commencement.

When fully finished, the Arena will provide plenty of seats for basketball games.

Additional seating space will be available on the floor when the building is used for conventions, commencements and other large gatherings under the dome.

It measures 300 feet and its steel framework and roofing installed last summer gave the campus a new silhouette on its skyline.

The building was called the Physical Education-Military Training Building during the earlier stages of construction, but this was subsequently changed to the SIU Arena.

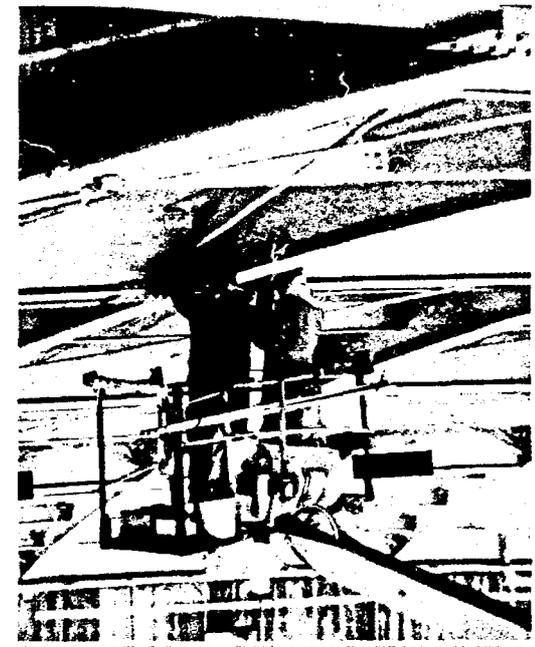

CATWALKS LEAD TO SPOTLIGHT PLATFORMS, WHICH ARE 65 FEET ABOVE FLOOR LEVEL.

THIS IS THE TOP OF THE ROOF, WHERE 1,200 TONS OF STRUCTURAL STEEL COME TOGETHER.

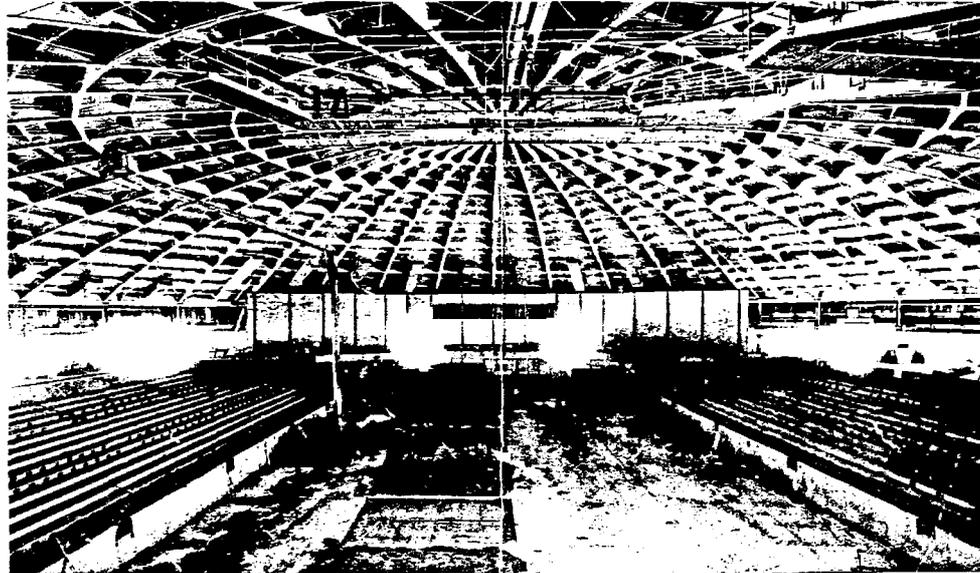

THE FIRST SIX MONTHS OF CONSTRUCTION WERE SLOWED BY BAD WEATHER. ABOUT TWO YEARS AGO, THIS EQUIPMENT WAS RIGGED DOWN ON THE SITE OF THE ARENA.

80 Million Taxpayers Await Take-Home Pay Boost

Compiled From Associated Press

Signing with his usual two or three handfuls of pens, President Johnson added the final touch to the long-awaited tax cut bill Wednesday, sending American taxpayers scurrying in search of their cut of the \$11.5 billion measure.

The reduction, biggest in the nation's history and averaging about 19 per cent for 80 million individual taxpayers, will begin to fatten some wallets in pay checks starting next Wednesday. Lower withholding rates set forth in the bill go into effect then.

Corporate taxpayers, about 500,000 of them, will soon find their liability slashed by nine per cent.

Senate and House conferees wound up their work on the bill last week,

year than they did in 1963. A single person with the same income will be saving about \$330.

Final action on the bill came almost exactly 13 months after the late President John F. Kennedy sent his tax message to Congress calling for a reduction in income taxes.

Mortimer M. Caplin, commissioner of Internal Revenue, said early in the week that all employers should have received from the service the new withholding tables. They are supposed to start using them within eight days of Johnson's signature.

Caplin emphasized, however, that the service would not rigidly enforce the requirement that the new rates be put into effect with the introduction of the new tables in bookkeeping systems will be taken into consideration.

Viet Nam Enigma?

WASHINGTON--Secretary of State Dean Rusk dumped cold water Thursday on the idea of invading Communist North Viet Nam now. He said "no miracle in the north" is going to wipe out the Red guerrillas in South Viet Nam.

Rusk rejected also Senate Republican Leader Everett M. Dirksen's description of President Johnson's Viet Nam policy as an enigma. He disclosed that the administration is putting together a comprehensive document on the Viet Nam situation.

Some U.S. officials, unhappy at failure to stamp out the insurgents so far, have been urging that the war be carried north to the source of the Reds' strength.

Rusk noted that Secretary of Defense Robert S. McNamara will be going to Saigon soon for an on-the-spot check, after which "we shall be in a position to make a fuller assessment of just where the situation is and where we go from here."

He said that whether the campaign should be carried into Red territory "is a question for the future."

But the central problem of pacification of South Viet Nam is in South Viet Nam, and the South Vietnamese are determined to accomplish this and have the means to do it with U.S. help, he said.

The resignation of Roger Hillsman as assistant secretary of state raised speculation Wednesday about possible further shakeup in the political-military high command directing the war in South Viet Nam.

Our Ally Ayub Gets Chummy With Chou

LAHORE, Pakistan--Communist China abandoned its "neutral" position in the 16-year-old Pakistan-Indian dispute over Kashmir and openly supported Pakistan.

The switch, pointing to a new era in Asian affairs, was announced Sunday in a joint communique by Chinese Premier Chou En-lai and

Pakistan's President Ayub Khan.

The announcement came after three days of talks between the two leaders. Ayub, who always has pictured himself as a strong friend of the West, promised "friendly cooperation" with Red China and said he would return Chou's visit with a trip to Peking.

Although Pakistan has received more than \$3 billion in economic and military aid from the United States, the communique contained implicit swipes at Washington for the \$80 million in U.S. military aid to India granted after Red China attacked India's border in 1962.

Pakistan regards India as its chief threat with the Kashmir dispute and fears India will use the U.S. military aid against Pakistan.

Pakistani newspapers said Ayub agreed to support Red China's bid for a seat in the United Nations in return for Chou's backing on Kashmir.

and the House cleared the compromise measure by a 248-vote margin Tuesday. Only the Senate vote was required to end congressional action, and a 74-19 approval there sent it along to Johnson.

Approximately two-thirds of the rate reductions will take effect this year, the rest in 1965.

The amount saved by various taxpayers in 1965 will range from \$90 to a whopping \$62,660. A single person with a taxable income of \$2,000 will save \$90, while a married couple filing jointly with a taxable income of \$400,000 will save over \$60,000. These savings, of course, represent the high and low extremes provided by the bill.

Use of U.S. Ships Promised

Longshoremen Win in Boycott of Wheat Shipments

The International Longshoremen's Union apparently was the victor in the recently ended boycott of wheat shipments to Russia.

The nine-day boycott was called off Wednesday after President Johnson promised that the Government would stick by its initial requirement that 50 per cent of the wheat sold to the Soviet Union would be shipped in American vessels.

Eight ships had been tied up in Atlantic and Gulf of Mexico ports and 25 to 30 more were waiting offshore for the boycott to end.

The much-publicized wheat deal was arranged last fall by President Kennedy. One of the stipulations was that half the wheat go to Russia in American ships. But the higher cost of American shipping caused problems in the negotiations.

Federal authorities therefore had waived the 50 per cent stipulation in some export licenses issued to grain dealers.

Such agreements already made will be allowed to stand, but future deals must respect the 50 per cent rule.

The maritime unions contended

that since the wheat is partly subsidized by federal funds, American vessels should carry half the sales and thus provided more jobs for U.S. port and ship workers.

The longshoremen were backed

"HOLD IT RIGHT THERE, MATE"

in their demands by the Seafarers International Union and the National Maritime Union.

W. Willard Wirtz, secretary of labor, and George Meany president of the AFL-CIO, were among the government and labor officials who hurried to Miami last week in an effort to settle the boycott.

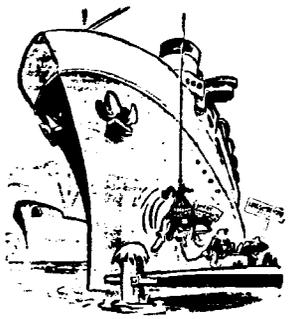

Republican leaders in Congress saw the boycott controversy as another opportunity to blast the wheat deal in general. They opposed such trade with the Communist bloc when the idea was first suggested, and became even more vociferous over the issue of extending credit to the Communists for the grain sales.

The Longshoremen's Union was criticized, editorially and congressionally, for "rebuffing U.S. diplomatic relations" and "making foreign policy."

The New York Times said the original 50 per cent guarantee was "unadulterated appeasement" of unions, and added that high labor costs and other charges were responsible for the inability of American shipping to compete in the charter market.

A recent Times editorial stated, "No mistake could be greater now than to compound that error by another surrender."

The result of the boycott is not universally termed a "surrender," but at any rate the Longshoremen's Union got its way.

Season Just Getting Started For Tourney-Bound Salukis

ALL-AMERICANS—SIU's wrestlers will get a close look at Cyclone All-Americans Gordon Hassman (left) and Veryl Long, Monday night.

The basketball season is over, but for Southern, it's just starting. Finishing regular season play with a 15-9 record, SIU's basketball team has accepted a bid to compete in the NCAA Great Lakes Regional at Evansville.

The Salukis, who have won 15 of their last 20 games, will compete in the NCAA tournament for the third year in a row and the fifth time in its history.

The field is a good one at Evansville, including the host Aces, who were ranked all year as the No. 1 small college team in the country in both AP and UPI press polls.

The other two teams are good, solid clubs: Ball State of Muncie, Ind., and Jackson State College of Jackson, Miss. The Cardinals finished second behind the Aces in the Indiana Intercollegiate Conference while the Jackson club finished in a tie for the Southwestern Athletic Conference title with a 20-5 overall record.

Ball State was ranked 16th this week by UPI while the Salukis tied for the 20th spot with Pacific Lutheran College. No pairings have been made as yet for the tourney, which gets underway Thursday night. The regional finals will be Friday night.

An early victim in the 1959 and 1961 tournaments, Southern has surprised the perennially powerful Evansville club on its own floor the last two years. In 1961 the Salukis gained an 88-83 win at the regional and last year reversed an earlier loss to

loss, Hartman will probably promote reserve center Boyd O'Neal, a 6-6 sophomore, or switch junior forward Duane Warring to the center post and fill his spot with either sophomore Randy Goin or junior Thurm Brooks.

Top Teams Pace All-Star Squad

Tuffey's Tigers and the Southern Acres Roadrunners, the two teams who clashed for the campus championship, each placed two men on the men's intramural All-Star team.

Ron Cekander and Roger Yates were the men chosen from the champion Tigers, and Jim Long and Don Nesbitt represented the Roadrunners.

Rounding out the 10-man squad were Gary Kilgus, Delta Chi; Charlie Gore, Demonic Members; Frank Jasmine, Kappa Alpha Psi; Mel Patton, Sigma Phi; Dick Hinkle, Springfield Caps; and Bill McAllister of the Tees.

JACK HARTMAN

the Aces in first-round action of the eight-team finals.

The Salukis are hoping for the same results this year, but their hopes will be dampened by the loss of center Lloyd Stovall due to academic difficulties.

Coach Jack Hartman's crew was in a much similar situation last year, however, when they lost their top rebounder, Lou Williams, in the post-season tournament. However, the Salukis went all the way to fourth place at Evansville. As a result of Stovall's

Wilkinson Fears Cyclones Too Powerful for Salukis

Hoping to rebound from last week's disappointing loss to Indiana, Southern's well-worn wrestlers will challenge the nation's top-ranked team, Iowa State, Monday night at Ames, Iowa.

The Salukis, who earlier this season were rated seventh among the country's collegiate mat teams, own a fair 3-2 record for the dual meet season, while the host Cyclones are 10-0-1.

A 12-12 tie with Oklahoma State's powerful Cowboys, who defeated SIU 27-7 earlier this year, is the only bad mark on the Cyclones' report card this season.

Southern's chances of ending the season with an upset Monday night are slim, according to Saluki coach Jim Wilkinson. "Iowa State has too much power and depth and it will take a tremendous effort on our part if we expect to beat them," said Wilkinson.

The classy Cyclones are led this season by a number of talented veterans and outstanding sophomores, including six strong All-American candidates.

Headlining the Iowa State squad are rugged senior and captain Joe Frank, juniors Gordon Hassman and Veryl Long and surprising sophomores Bob Buzzard, Tom Peckham and Steve Shippis. All six were named to the mid-season All-American team recently released by the NCAA.

Wilkinson's squad has been bolstered somewhat by the return of highly-regarded Bill Hartzell, an Overland, Mo. junior, who carries an im-

Frosh to End Season Today

SIU's undefeated freshman swimming team will close its dual meet season this afternoon against Chicago's highly-regarded Fenwick High School.

Coach Ralph Casey's yearlings, 51-40 victors over a fine Cincinnati freshman squad in their only dual meet this season, hope to avenge a surprising 48-47 defeat suffered at the hands of the talented Bruins last year.

The Fenwick team is recognized as one of the best prep swimming teams in Illinois.

pressive 6-1 record for the season. The 177-pounder and teammates Terry Finn, Don Millard, Don Schneider and Larry Kristoff will carry the brunt of the Saluki attack against the Cyclones.

Finn will be at 123 pounds in the match while Millard will go at 167, Schneider at 130, and Kristoff at heavyweight.

Trackmen, Led by Cornell, Woods, at Kalamazoo Again

Southern's track team will get another look at Western Michigan's indoor track at Kalamazoo this afternoon, as the Salukis go after the Central Collegiate Conference championship.

Coach Lew Hartzog's squad met the host Broncos in a quadrangular last weekend and finished a distant second behind the Mid-America Conference Broncos. Bill Cornell

and George Woods highlighted the Salukis' performance.

Cornell set a field house record in the 1,000-yard run with a time of 2:11.0 and will be gunning for an even faster time today.

Woods threw the longest shot of his career last weekend on the same floor with a toss of 59 feet and will probably be the favorite to cop that event.

Aside from the host Broncos and Southern, entries from Notre Dame, Wayne State and Drake will all be shooting for the team championship, which was won by Western Michigan last year.

Other stars in the meet will be Notre Dame's Pete Whitehouse in the high jump and hurdles, Bill Boyle in the dashes and Frank Carver and Dave McGrane in the shot put.

Four SIU students will demonstrate techniques for identifying plastics at a session of the 35th annual Illinois Vocational Association in St. Louis today.

The students are: John Myers, Robert Hagenjos, Robert Toupal and Clifford Hilliard.

Female Cagers End Season Today at 10

Southern's women's basketball teams end their seasons today, when they host the girls from Southeast Missouri State at 10 a.m. in the Women's Gym.

The undefeated first team will be trying to close their season with a perfect record. The girls now stand at 4-0 with victories over Principia, Lincoln, Eastern Illinois and Illinois State. They have rolled over three of their opponents handily this year with their only close game being last week's 28-27 squeaker over Eastern.

The second team must win Saturday to finish above the .500 mark. They have a record of 2-1, beating Illinois State and Illinois Wesleyan. Their only loss of the season came last week when they lost to Normal 31-15.

Greeks on Cyprus Join Police Force

NICOSIA, Cyprus -- President Makarios' government has begun recruiting a special 5,000-man police force that Vice President Fazil Kuchuk, a Turkish Cypriot, denounced as "an attempt to give legality to Greek terrorist hordes."

Accompanying the enlistments was the arrival Friday of the first Soviet airliner ever to land on this troubled Mediterranean island.

The director of civil aviation and a cheering, applauding crowd of several thousand Greek Cypriots welcomed the passengers and crew of a plane inaugurating service between Nicosia and Moscow via Damascus.

The Makarios regime is signing a civil aviation agreement Saturday with the Soviet Union, which has backed Greek Cypriot views down the line in the U.N. Security Council's consideration of the Cyprus crisis.

At police stations, hundreds of Greek Cypriots lined up to join the special police force. Among them were veterans of the Eoka underground who fought with gun, knife and bomb

in the 1950s for independence from Britain.

Turkish Cypriots, though constitutionally entitled to minority representation, shunned the appeal of the Greek Cypriot chief of state for volunteers.

FRANKFURT, Germany -- A German historian told the Auschwitz trial Friday that the Nazis planned elimination of the Poles as well as the extermination of the Jews.

Dr. Martin Broszat of the Munich Institute of Modern History testified in Germany's war crimes trial that as with the Jews, the Nazis had a final solution for the Poles-- "their eradication coupled with the Germanization of their territory."

Beatle Fan Is Suspended

CLAYMONT, Del. -- Larry Robinson, 15, a freshman has been suspended from Claymont High School for wearing a "Beatle" outfit.

Supt. Robert L. Durkee upheld the suspension by the school principal, Haig Kujjan, and said the boy can't come back until he changes into more conventional attire.

Saigon Security Tightened To Counter Sabotage Drive

SAIGON, South Viet Nam-- U.S. Ambassador Henry Cabot Lodge has received death threats in a new Communist anti-American campaign and now travels only with guards, informed sources said Friday.

The assassination threats came in letters at a time when the Communists are distributing leaflets in Saigon calling for a big sabotage drive to reach a climax next Tuesday, a Communist holiday.

Lodge likes to come and go freely in Saigon and has avoided rigid security measures. But security for all Americans has been tightened since terrorists bombed a U.S. theater Feb. 16. Three Americans were killed and 12 were injured.

A grenade was thrown into a police station in a Saigon suburb, Friday, wounding six policemen.

On the battlefronts, Viet-

namese troops and their U.S. advisers pulled out of a battle zone near Long Binh, 45 miles south of Saigon, after failing to trap a strong band of Communist guerrillas.

The guerrillas ambushed a Vietnamese force of Marines sent to track them down Wednesday, touching off one of the hottest engagements of the month.

FBI to Probe Train Bombings

MIAMI BEACH, Fla.--The FBI will send a chief inspector and a force of 30 agents to crack down on violence in the Florida East Coast Railway strike.

The action was sparked by presidential command following the dynamiting of a train Thursday near where President Johnson was speaking.
