Southern Seeks New Name; $15,000,000 Building Program

A three-point legislative program is being pushed by Southern officials for an increasing student body. Bills authorizing this construction for an increasing student body are being pushed by Southern University's long-term planning committee and the faculty and other facilities for the University's name. Bills authorizing this construction are expected to be more difficult in the House than in the Senate, but University officials are marshalling forces to urge enactment.

(1) Legislation dropping the word "normal" from the University's name. Bills authorizing this change have passed the Senate by a vote of 36 to 3. Passage is expected to be more difficult in the House than in the Senate, but University officials are marshalling forces to urge enactment.

(2) Appropriation of a $4 1/2 million operating budget to provide faculty and other facilities for carrying on University-scale instruction for an increasing student body.

(3) Appropriations totaling $15,000,000 for physical plant expansion.

The last item is causing University authorities anxiety in view of the general trend toward curtailment of expansion projects. A "priority" list of 11 needed projects, including the entire faculty, students, alumni and educators in the University, is regarded as an immediate need, and funds will be sought for all 11 projects.

Board Clears SINU Administration on "Adverse Publicity"

After interviewing some 300 persons, including the entire faculty, representatives of the Carbondale and Southern Illinois, the State Teachers College Board on February 7 concluded its investigation of circumstances surrounding alleged "adverse publicity" concerning the administration of Southern Illinois Normal University.

The Board on that date issued a statement of its findings, concluding "the Board did find some just criticism—minors in character—but of sufficient importance to warrant any serious consideration of a change in administration. Therefore, the State Teachers College Board calls upon all the friends of Southern Illinois Normal University, including faculty, students, alumni and educators in the public schools, to forget prejudices, rally to the support of Southern and put forth all their energies in constructively helping to build a fine university which the people of Southern Illinois so richly deserve." A week later, on February 7, Frank G. Thompson, chairman of the Board, delivered a radio address over stations WITI, Carbondale, and WJPF, Herrin, elaborating on the Board's inquiry and its findings.

Both the Board's statement and Mr. Atteberry's address have been published and mailed to all alumni. Any alumni who failed to receive a copy of the leaflet, "Southern as the Board Views It," may obtain one by writing to Mrs. Lyda Windate, director of the University Cafeteria, take stock of equipment needed to serve the Alumni Banquet.

Contracts Awarded on Power Plant; Campus Expanding

The deadlock on physical plant expansion at Southern is giving way to agreement.

Contracts were awarded in April on construction of a $1,400,000 power plant and steam tunnels. Bids were also called on shop buildings, class rooms, and site preparation for the new training school, but to date no announcement has been made as to the award of contracts on these projects.

Pending completion of more permanent construction, the University has been allotted 18,000 square feet of temporary emergency buildings to be used for classroom, library and office space. Six barracks from the George Army Airfield, Herrinville, are to be moved to the campus by the Federal Works Agency and converted for University use. One of the barracks will serve as a supplementary library, another as an office building, and the remainder for classroom use.

Thirty-four additional apartments at the Veterans Housing Project on Chautauqua Street have been completed and turned over to the University, making a total of 75 in all. Thirty more are still in process of completion.

Meanwhile, work continues on a second group of apartments for married veterans and dormitory facilities for 350 single veterans at the Illinois Ordnance Plant. The apartments, originally numbering 104, were reduced to 60 by a follow-up order of the Federal Public Housing Authority.

Business Manager Edward V. Miles, Jr., reports that virtually all of the land necessary for the construction of the new power plant, shops, tunnels and the training school has been acquired. Acquisitions through April include 30 tracts costing $315,000.

Atteberry to Address Alumni; Sattgast Commencement Speaker

Commencement at Southern will be held June 13, for 250 seniors, and the preceding night, June 12, alumni will gather for their annual Alumni Banquet.

Two distinguished Southern alumni will deliver addresses on these two occasions, George C. Atteberry, '12, Chicago educator, speaking before the alumni, and Dr. Charles R. Sattgast, '21, Minnesota college president, making the commencement address to the graduating class.

Class reunions will be held Thursday afternoon for the classes of 1937, 1927, 1922, 1912, 1907 and 1897, according to Dr. Orville Alexander, '31, director of alumni services.

The banquet will again be held in the Gymnasium in Old Science Building, since the Cafeteria is not large enough to accommodate the anticipated crowd.

Arrangements for the affair are being carried out by a committee appointed by Dr. Percival Bailey, president of the Alumni Association, consisting of Dr. Clyde Brooks, chairman; Mrs. J. W. Barrrow, and Dr. Alexander, all of Carbondale.

Reservations should be placed with Dr. Alexander not later than June 10. A reservation blank will be found on page 6.

Major item of business on the agenda for the Association's dinner meeting is consideration of a proposed Constitution. Text of the proposed document is published on page 2.

The entire week of June 8-14 is devoted to senior and alumni activities at the University. A round of festivities honoring the senior class is scheduled. Baccalaureate services are planned for Monday, June 9, at 10:30 a.m. Dr. Cass Reed of Pomona, Calif., internationally known religious educator, has been invited to deliver the baccalaureate sermon.

Commencement exercises will be held Friday morning, June 13, at 9:30 a.m., with faculty and graduates in full academic regalia.

Mr. Atteberry, who will be the principal speaker at the Alumni Banquet is principal of the Shoop Elementary School in Chicago. He is a former student at Southern.

Dr. Reed, who will deliver the baccalaureate address to the graduating class, is an educator and clergyman of renown. For more than a quarter of a century he was associated with the International College in Smyrna, Turkey, first as professor of education, then as dean, and finally as president from 1926 to 1936. In 1934-35 he was

visiting professor of the Department of Chemistry at the American University in Beirut, Syria.

Returning to this country in 1926, for 12 years he was pastor of the Pilgrim Congregational Church in Pomona, Calif. In 1914 he received an appointment to the Balkan Mission of UNRRA. He had directed the Snyra unit of Near East Relief for two years after World War I. President Sattgast, commencement speaker, is a native of Southern Illinois, having been born in Mt. Vernon. He completed work at Southern in 1921 and went on to the University of Illinois for his degree, later studying at Kansas State Agricultural College, Stanford University, where he obtained his master’s degree, and Columbia University.

He taught in rural schools at Marlow: became extension agent in dairy husbandry at the University of Illinois; served as superintendent at Bichfield, Kan., and taught at Holcomb, Kan.; and served as professor of education at the Greely, Colo., State Teachers College before assuming his first presidency. He became president of Sioux Falls College in South Dakota in 1930, remaining in that post for seven years, and was chosen president of the Minnesota State Teachers College at Bemidji in 1937.

President Sattgast conducted a collegiate endowment survey of 60 colleges and universities in 1937.

During the war he served as captain in the U. S. Army. He is a member of the American Advisory Council for Yenching University in Peking, and also a member of the Board of Directors of the National Society for Stabilization in Money and Banking.

TO VOTE ON CONSTITUTION

The Alumni Association of the Southern Illinois Normal University has never been very active. In fact, so far as we have been able to discover, it has never even had any formal organization. For this reason the present Board of Directors has drawn up a constitution which will be submitted to the Association at the next Annual Meeting for consideration. A copy of this proposed constitution is attached for the information of interested Alumni. It is hoped that this formal organization will increase the interest and usefulness of the Alumni to the school.

Since ours is a state-supported University some persons may wonder why there should be an Alumni Association. There is certainly no such great need as in the case of endowed schools for the Alumni to aid in attracting the sons and daughters of wealthy men who may be prospective donors. Yet many Alumni, we believe, would be glad to express their gratitude for the training they received in other ways than merely by paying their taxes. The University of Illinois is also a state-supported institution yet it has an endowment of $1,422,670 mainly from gifts by private persons. Recently there was created at Southern, under the inspiration of former President Pulliam, a Foundation for the purpose of legally accepting and administering such gifts.

And there are many other services which the Alumni can render. Southern is expanding its usefulness to Southern Illinois and needs the aid of the Alumni to interpret to the Administration the needs of the community as well as to explain to the people the purpose and methods of the University so that we may all work together for the common good.

PROPOSED CONSTITUTION OF THE ALUMNI ASSOCIATION OF THE SOUTHERN ILLINOIS NORMAL UNIVERSITY

Article I. Name
The name of this organization shall be the Alumni Association of the Southern Illinois Normal University. This organization will be referred to hereinafter as “the Association.”

Article II. Purpose
This Association is a nonprofit organization whose purpose shall be to promote the interest of the Alumni in working out the destiny of the Southern Illinois Normal University to further usefulness, and to encourage a mutually beneficial relationship between the University and its alumni.

Article III. Members
All persons who have completed one term’s residence at the University, shall be eligible for membership.

Article IV. Directors
The governing body of the Association shall be a Board of Directors consisting of the officers (ex officio), the Director of Alumni Service of the University (ex officio), provided he be an alumnus of the University; and twelve (12) other persons.

Five members of the Board of Directors shall constitute a quorum for any meeting.

All decisions of the Board of Directors shall be by simple majority vote, except as hereinafter provided, and shall be reported to the Association at its annual meeting.

At the annual meeting at which this constitution is adopted there shall be elected the officers herein provided for, who shall hold office for one year and until their successors shall be elected and qualified, and twelve (12) directors. At the first meeting of the Board of Directors the directors elected at said first meeting shall by lot determine the four who shall serve for a term of one year, the four who shall serve a term of two years and the four who shall serve a term of three years.

At each subsequent annual meeting there shall be elected four directors to serve a term of three years. These four directors shall be nominated by the Board and shall be submitted for election at the next annual meeting of the Association. Additional nominations may be made by petition, signed by not less than twenty-five (25) members of the Association and filed with the Secretary at least two weeks before the election.

Article V. Officers and Executive Committee

Section 1. The officers of the Association shall consist of a President, a Secretary, a Treasurer, and a Vice-President. The same person may serve as both Secretary and Treasurer but no other person may hold more than one office. The Director of Alumni Service, being appointed by the Administration of the University, is not eligible to serve as an officer in the Association.

Section 2. The President shall preside at all meetings of the Association and all meetings of the Board of Directors.

The Secretary shall keep a record of all meetings, give notice, or call a meeting in accordance with the provisions of the Association or the Board of Directors, and conduct all official correspondence of the Association.

The Treasurer shall have charge of all the funds of the Association. He shall make disbursements only as ordered by the Board of Directors. He shall enter, or cause to be entered, in proper books of the Association kept for that purpose, full, true, and accurate accounts (Continued on page eight).
NEW DEGREE
A new Bachelor of Music degree program to train Southern students for careers as professional musicians has been established by the music department. The degree will be offered in the College of Vocations and Professions.

SUMMER SESSION
Southern's 1947 Summer Session will open June 16 and extend through August 8, with some additional short courses, seminars and other special work offered during August. In addition to regular course offerings, the Summer Session will hold a number of workshops and conferences in such fields as rural education, public health education, and child growth and development. Driver-education courses will also be taught.

SPECIAL EVENTS
Winter and spring this year has brought a large number of conferences and special events to Southern's campus.

In February, the sixth annual Choral Clinic for Southern Illinois high school singers was held under sponsorship of the music department. A Speech Festival conducted by the speech department and Southern speech clubs drew about 75 contentests from Illinois and neighboring states.

In mid-April, Southern brought Dr. E. R. Kirkpatrick, executive secretary of the Rural Youth of the U. S. A. to Southern Illinois, to serve as a consultant for a week to county school reorganization committees in 102 counties.

The annual meeting of the Southern Division of the Illinois Education Association, traditionally held on the Southern campus, this year drew nearly 2,000 teachers and school administrators.

An Institute on School Health was held March 16-17 for some 50 school administrators and teachers.

April brought both high school students and supervisors to the campus.

On April 19, approximately 300 high school science students gathered here for a Science Field Day in preparation for the State meeting of the Illinois State Junior Academy of Science.

On April 25-26, the State meeting of Illinois Supervisors and Directors of Teaching was held at Southern, the first time this group has met here in a quarter century.

The same weekend, Southern was host to almost 100 high-ranking high school students who plan to attend Southern next year. The campus also staged a "Hospitality Week-End," provided entertainment and counseling for the prospective students.

Collegiate youth clubs from all parts of Illinois gathered on the Southern campus May 9-10 for a State Conference of the Illinois Country Youth Association.

On April 29, University President Chester F. Lay was host to some 50 educators for the semiannual meeting of the Illinois Rural Higher Education Committee. This group is composed of presidents of the six state-supported colleges and universities of Illinois, together with selected representatives from their administrative staffs. The day-long session was held at Giant City State Park. At the close of the day's deliberations, President Lay called a meeting of the University faculty to meet and hear Dr. George D. Stoddard, president of the University of Illinois. University of Illinois alumni were also invited to hear Dr. Stoddard and to greet him at the informal reception at Anthony Hall.

2,475 STUDENTS ENROLLED
Students from 70 of the State's 102 counties and from 16 other states are currently enrolled at Southern, the Registrar's Office reports. Total enrollment for the spring term is 2,475, of whom 2,347 are Illinoisans and 38 are out-of-state.

States represented are: Missouri, 14 students; Indiana, 5; Arkansas, Kentucky, New York, Tennessee one each; Alabama, California, Florida, Georgia, Michigan, Mississippi, Ohio, Washington, and Wisconsin one each.

EXTENSION ENROLLMENT
Enrollment courses rose from 880 last fall to 976 in the spring, Raymond H. Dey, director of the Extension Service, reports. Southern faculty members are teaching 22 extension courses in 19 centers throughout Southern Illinois.

EXTENSION BY RADIO
The extended service of the Southern extension program this spring has been the presentation of a series of lectures by radio for some 500 church study clubs of the Southern Illinois. These programs were arranged by Mr. Dey so that from clubs could listen to the radio program, then follow it with their own discussion of the topic of the day. The entire series has been heard in 14 counties of the state and has been accorded by a majority of the church groups this year. Lecturer for the series is Dr. Frank L. Klingberg, associate professor of government.

SOUTHERN RATES
MEMBERSHIP
Southern has been accorded membership for 1947-48 in the American Association of Teachers Colleges, association officers have notified University President Chester F. Lay. This membership is in recognition of the University's College of Education.

GEN. HODGE VISITS SOUTHERN

University President Chester F. Lay calls Gen. Hodge's attention to Southern's World War II Honor Roll.

It was "old home week" in Carbondale and around the University campus was June 8 to Martha Small, Hodge, ex '14, got into his car and drove to Carbondale.

General Hodge, in this country to confer with Washington officials on his program of operation in Korea, came to Carbondale to visit his mother, Mrs. Melissa Hodge, former University faculty member.

He was greeted at the train by hundreds of admirers and old friends.

University President Chester F. Lay, who had "grown up" with the general in Golconda, went to be with him in Washington, and had prevailed on him to make a public appearance at the University to give his old friends a chance to hear some of his experiences.

So on Friday night, March 14, General Hodge, who attended Southern in 1918, returned to the stage of Shryock Auditorium as a distinguished guest speaker. On the platform with him were Frank A. Thompson, State Director of Registration and Education and chairman of the State Teachers College Board, also a former Southern student and, like General Hodge and President Lay, a native of Pope County.

Others on the stage were the general's brother, Claire Hodge, also a Southerner, and Col. Robert W. Davis, resident member of the Teachers College Board.

In his speech General Hodge recounted the experiences of the U. S. invasion forces under his command which captured Korea from the Japanese and has carried on the occupation program for more than a year and a half. He reported that the Koreans are developing a concept of democracy and democratic processes and that a middle-of-the-road party is growing in size and strength. He spoke of the "iron curtain" which continues to hang over the Russian-occupied territory of Korea, and said that a "joint Russian and American trusteeship" such as was planned in the Moscow Agreement had not yet materialized.

General Hodge graduated from University High, where he played on the basketball team, then coached by Fount Warren, now professor of education at Southern. He then attended Southern before going on to the University of Illinois where he earned a law degree.

After World War I experience, he re-entered the Army, and has a brilliant military career to show for his 30 years' service. He served effectively in the Pacific during World War II, and climaxed his career with the seizure and occupation of Korea. As a lieutenant general, he is the highest ranking Army officer Southern Illinois has produced since Gen. John A. Logan of Civil War fame.

THOUGHTS ON ALUMNI DAY

The following poem was sent to the Director of Alumni Services by V. H. Crest, Class of 1920, 305 W. 8th St., Los Angeles 14, Calif., and is printed here because of its appropriateness to the occasion of the annual Alumni Banquet scheduled for June 12.

We meet again in old familiar scene
Of bygone days upon the campus green.
Just for a day we tarry—and pass on.
This little pause—and then—we’ve sadly gone
Upon our divers trails, divergent, far—
Each following his own guiding star
Unto his Destiny—perhaps serene
For some of us. But now, let’s pause to think
Of those of us who totter on the brink
Of dim Eternity—the ones we ne’er
May gather “Home” again from here and there
To feast in memories of the happy days
Of hopes unlimited—before our ways
Became a maze uncharted—full of care.
The ravages of Time have taken toll!
A bitter imprint, as the years on-roll
Is yet in store for us, the older Grades—
The graying mothers and the graying dads
Who cannot recognize the face made strange
By havoc wrought in years of ageing change
That changeth all—except the buoyant soul.
A generation hence, and this year’s Class
Will also understand that Time doth pass—
That youth and beauty fade—and dreams come true
For some—perhaps for others; not for you.
Who faltered when the storms of Life assailed
And Death will steal at night, and take away
Will also understand that Time doth pass—
A generation hence, and this year’s Class
Is yet in store for us, the older Grads—
To feast in mem’ries of the happy days
That we can rarely meet—e’en on this Day—
Our hearts are here, where Classmates’ hearts belong.
Our hearts are here, where Classmates’ hearts belong.
That which is not seen—will be missed
That which is not known—will be missed.
Who cannot recognize the face made strange
By havoc wrought in years of ageing change
That changeth all—except the buoyant soul.
That youth and beauty fade—and dreams come true
For some—perhaps for others; not for you.
Who faltered when the storms of Life assailed
And Death will steal at night, and take away
Will also understand that Time doth pass—
A generation hence, and this year’s Class
Is yet in store for us, the older Grads—
To feast in mem’ries of the happy days
That we can rarely meet—e’en on this Day—
Our hearts are here, where Classmates’ hearts belong.

Supplementary Appropriation

Southern’s request for $200,000 supplementary appropriation for fiscal year was granted by the General Assembly early in its session, the remainder of the current half of this sum is being used for educational purposes such as salaries, the remaining half for auxiliary enterprises such as veterans housing, the bookstore and the cafeteria.

Southern has not had a new classroom building in nearly 20 years. Its physical plant is critically inadequate for present enrollment, and construction of the above projects is long overdue, University officials declare.

Southern Seeks

(Continued from page one)

The first four items are embraced in the building program which was planned for 1945-47 and for which $4 2/3 million dollars were appropriated by the last General Assembly. Unavailability of materials and labor has prevented construction, however, and present funds are inadequate to complete the projects as planned. Hence reappropriation of these funds, plus sufficient additional money to carry out the original plans, is first on the priority list.

A library is ranked first on the list of new construction needed, since Southern’s present library was built in 1903, when enrollment was about 300 students. Today 2,500 students are enrolled, and the library is unable to serve them adequately or to make further additions to its holdings until more space is provided.

The priority list, including fixed equipment and site development for each project, follows:

1. Reappropriation for construction of power plant, installation of mechanical and electrical services and tunnels (including railroad spur and paving) $1,402,599
2. Reappropriation for construction of training school 2,369,823

(The two items represent the unencumbered balance of the $4,623,373 appropriated for the 1945-47 biennium for permanent improvements.)

3. Additional appropriation for completion of training school 1,536,527

4. Construction of life science building 719,250

5. Construction of library building 1,695,000

6. Construction of farm buildings 125,000

7. Construction of health unit 811,800

8. Land acquisition 522,000

9. Land acquisition 420,000

11. Construction of second unit of library 2,763,000

Total $15,212,778

Proposed Constitution

(Continued from page two)

of all moneys received and disbursed on account of the Association.

The Vice-President shall perform the duties of the President in the absence or incapacity of the latter.

Section 3. The officers shall be nominated by the Board of Directors from the members of the Association, shall be elected at the Annual Meeting. Two thirds of the membership of the Association shall be held for office for two years or until their successors are elected and duly qualified. Upon their election officers who are not otherwise members of the Board shall become members thereof ex officio. Officers shall take office immediately after the Annual Meeting at which they are elected.

Section 4. Vacancies in the Offices of Board of Directors of the Association shall be filled by the Board. Officers or Directors thus appointed shall serve only until the next Annual Meeting of the Association.

Article VI. Fiscal Year

The fiscal year of the Association shall run from June first to May thirty-first.

Article VII. Dues

The dues of regular members shall be two dollars ($2.00) per year. Dues of life members shall be fifty dollars ($50.00). Authority is vested in the Board of Directors to make such changes in the amount of dues as may be deemed advisable. A member shall cease to be a member, if, after due notification of delinquency by the Secretary, he shall fail to make the next annual payment within six months.

Article VIII. Meetings

The Board of Directors shall hold an annual regular meeting which must precede the Annual Meeting of the Association. The Association shall hold a regular annual meeting during the Spring Registration week, the date of which shall be fixed by consultation of the Board of Directors with the Administration of the University. Special meetings may be called by the President at any time.

Article IX. Committees

The President shall appoint such committees as shall from time to time be authorized by the Board of Directors. All committees shall hold office for one year unless otherwise directed by the Board.

Article X. Amendments

The constitution and by-laws of the Association may be amended at any meeting of the Board of Directors by a two-thirds vote of the Directors present at the meeting, but, if the meeting is a special meeting, notice of intention to amend the by-laws must have been mailed to all the Directors at least one month before the date of the meeting.
