Alumni Homecoming Slated
For Oct. 15-16 At Southern

An open invitation has been issued to all alumni and former students of Southern to attend Homecoming Oct. 15-16.

A new president will be on hand to welcome the "exes" and a campus bursting with activity is ready to receive them.

To arouse student and alumni interest to fever pitch, a kick-off pep rally and bonfire on the north side of the football field has been planned for Thursday night, Oct. 14, at 8 p. m.

The campus Homecoming Committee, headed by Dave Rendleman of Anna-Jonesboro as student chairman and Dr. Orville Alexander, director of Alumni Services, as faculty chairman, has already whipped the broad outlines of the program into shape.

"We're looking for the biggest crowd that has ever attended a Southern Homecoming," Alexander declared.

"We set the dates earlier than last year in order to assure good weather.

"We hope the alumni won't mind the fact that the campus is more than a little torn up. It's just a very welcome sign that we're in the midst of construction of the new power plant and the new training school. We know the alumni will be glad to bear with the inconveniences for they are as glad as we are here on the campus to see expansion actually taking place."

The 75-member Homecoming Committee is planning the biggest parade in history, to march from down town to the stadium, and in front of the grandstand so the largest possible number of citizens and alumni may see it. The parade will start downtown at 12 noon on Saturday, and (continued on page 2)

Orrin Tucker To Play for Alumni Dance Oct. 16

Orrin Tucker, the "Oh Johnny" band of a few years ago, will supply the music for Southern's Homecoming dance to be held Saturday night, Oct. 16, according to Dr. Orville Alexander, faculty chairman of the Homecoming committee.

"The Danciest Band in the Land," as the group is billed, gives promise of also being one of the most entertaining. Tucker, after several years of playing for audiences across the continent, has found that along with their music the American public likes a novelty idea. As a result, he has created an original effect for his organization by using colored lights to express the mood of the various instruments and numbers of the band.

The organization, with featured vocalist Jeri Ray, comes to Carbondale after a successful tour of hotels and theatres of the country. Some of the outstanding engagements include the Palmer House and the Chicago Theater in Chicago, the Waldorf-Astoria in New York, and the Paramount Theater in Los Angeles.

NEW TRAINING SCHOOL STARTED

Contracts have been awarded and work started on Southern's new training school project. (See story on page 3.)

DR. D. W. MORRIS ELECTED NEW SOUTHERN PRESIDENT

A new president has come to assume executive leadership at Southern Illinois University.

On Sept. 10, the resignation of Dr. Chester F. Lay became effective, and on the same date Dr. Deilyte W. Morris took up his duties as the University's new chief administrative officer.

Announcement of Dr. Lay's resignation and of Dr. Morris's appointment was made simultaneously by Frank G. Thompson, chairman of the State Teachers College Board, on Aug. 26.

Dr. Lay resigned to accept a position as professor and chairman of a new department of management in the School of Business at Southern Methodist University, Dallas, Texas. He has served as president of Southern since Jan. 1, 1945. The period of his administration has seen the development of a university-type organization, national recognition of Southern as a university, a legal change of name, and the largest budgets for operations and for construction in the school's 74-year history.

Dr. Morris, the new administrator, comes to Southern from Ohio State University, where he was professor of speech and director of the Speech and Hearing Clinic.

Board members state that his election by the Teachers College Board was unanimous.

The new president arrived on Sept. 19, plunged immediately into conferences with the University staff members, committees, faculty, students, employees, and alumni, and during his one-week stay before returning to Columbus, Ohio, to settle his affairs there, he had conferred with every major group on the campus, as well as with Alumni Association board members and numerous citizens of the area.

He held two lengthy sessions with the Long-Term Planning Committee, polishing off plans for buildings for which appropriations will be sought from the next General Assembly; he met the General Faculty in a 15-minute registration-day session; he spent an hour talking with the Student Council; he addressed the Carbondale Businessmen's Association and the Metropolis Rotary Club.

His first appearance before a large alumni group was at a dinner meeting of Southern alumni in (Continued on page ten)
The Alumni President Says . . .

A great expansion program involving the acquisition of extensive property, the construction of many new buildings, the enlargement and improvement of the faculty, and the general growth of area appeal is now under way for Southern. It appears that our friends, both local and upstate, have finally decided that Southern, "the stepchild of the system," shall receive some of the things she so rightfully deserved for so long a time.

Southern has a new president who deserves and will receive the unequivocal support of everyone who is a friend of Southern.

A very close relationship of Alumni activities and functions is necessary and proper, and it is the determination of your present officers and directors to effect a close relationship with the forces working for the good of Southern. Your officers and directors are going to meet every two months this year. They held a "full-dress" meeting August 13th in Carbondale and all of the officers and directors attended except four. These four could not possibly come at that time but we are expecting them to be with us at subsequent meetings. Your vice-president, Mr. Vandeveer, came all the way from Ohio and your director, Mr. Gladson, attended from Chicago. The discussion of University athletics and the presentation of immediate and long range aims of the University were studied and a wholesome attitude of support and approval was given by all those present. It is the determination of this group of officers to serve to the best of their ability and they assure you they will function.

Several of the Alumni Board members met September 13 with President Morris and assured him of the Association's wholehearted support in the expansion program he outlined.

If the Alumni Association is to achieve its rightful destiny in growing in size and stature, it needs the wholehearted support of all potential members and there is only one way for you to express your approval of this Association and its officers — to join the Association. Simply mail $2.00 for your annual dues to Dr. Orville Alexander, care of Southern Illinois University, Carbondale, Illinois, and you will be mailed a receipt. If you know of friends who are eligible and yet do not belong to this Association, then it is your duty to encourage them to join. It is axiomatic that we enjoy those things in life most to which we give the most. Certainly an institution, such as Southern, which has given an opportunity to so many for so little for so long deserves at least a small portion of the best that is in each of us.

STUDENT VICTIM OF POLIO ATTACK

Alice Elliott, 19, of Wood River, sophomore student at Southern, died in an Alton hospital Sept. 20, the victim of polio, according to a Carbondale physician. Miss Elliott, who had registered Sept. 12, a few days later visited the University Health Service, was placed under the care of a Carbondale physician the following day, and was taken to Alton on Sunday afternoon before her death early Monday morning.

Her brother, Warren Elliott, is a University student.

University authorities immediately asked instructions from the State Division of Communicable Diseases and placed in effect all recommendations outlined for student safety.

Approximately 1,000 new students participated in Freshman Week, Sept. 8-11, sponsored by student life offices. Freshmen were initiated into campus life by a battery of preliminary tests, campus tours, faculty conferences, and freshman parties.

Dr. George L. Cherry has been promoted from assistant professor of history to associate professor.

Information Service

In 1947, Southern captured the Illinois Intercollegiate Athletic Conference championship and in

augurated the Thanksgiving Day Corn Bowl game at Bloomington

by whipping North Central College of Naperville by the score of 21 to

0.

Graduation and men dropping out of school have taken a heavy
toll from last season's championship

squad. The missing men inclu-
date Bill Malinski of Flora, All-
Conference quarterback, Don
Riggs of Fairfield, All-Conference
fullback, Charley Mathieu of El-
dorado, captain and tackle, "Bunk-
ker" Jones of West Frankfort, a
linebacker who received recogni-
tion on the Little All-American
team, George Sawyer of Mora,
regular right half back, Bob Eth-
ridge of Fairfield, a standout at
guard, and Leedlo Cabutti, an
athlete who had been outstanding at
Southern for the previous four
years.

Seventeen letter winners are
returning and they will form the
nucleus of the 1948 edition of the
Maroon and White. They are:

- Bob Colborn of Flora;
- Galen Davis of DuQuoin, and Joe
Hughes of West Frankfort; tack-
leman and end;
- Captain John Corn and Little-
ton, Warren Littleford of Van-
dalia, and Bill Thompson of Mt.
Vernon; guards;
- Jim Lovin of Benton, J. L. Gross of DuQuoin,
and Chuck Heinz of Gillespie;
- Bill "Cotton" Cosgrove, of Benton, Tom Gher of Carbon-
dale, and Jay Pieron of Murphys-
boro; backfield lettermen;

including George Belz of Ma-
rition, Bob Johnson of Du Quoin,
Dick Seelman of Flora, and John
Razich of Johnston City. Birt Mc-
Ginnis, extra point kicker from
Carbondale, also is with the squad.

At this writing, the signal-call-

position seems to be the big
guest cause for concern as three of
last season's quarterbacks are mis-
ning from the ranks this year.

The only squadman returning is Pat
Kelly of Murphysboro. The chief
contenders for the job are Billy
Fly, freshman flash from Carbon-
dale, Herb Cummings of Harris-
burg, Fred Brenzel of Staunton,
and Don LaSusa of Murphysboro.

Fly seems to have the inside track
with his cleverness, expert ball
handling, and passing.

The remainder of the backfield
seems set with Johnson and Seel-
man at the halves and Ruzich at
fullback. Newcomers who are a
likely chance to make the team
nicely include Jack French of Mur-
physboro, Bob Diviac of East Chi-
ago, Ind., Chuck Oyler of Hooper-
ton, Bill Collard of Carmi, and
Bob Proctor of Zion.

At center, the Maroons appear
to be strong with Cosgrove being
backed up by Gher and a transfer
student from Mohawk College,
215-pound Harvey Stocker.

Levin and Gross seem destined
to become regular guards with
Heinz and Pieron supplying the
reserve strength. Newcomers Roy
Loman of Benton and Joe Tra-
pani of Johnston City make the

guard spots the most heavily for-
tified of the line.

Captain John Corn and Little-
ton, a student of the ministry,
are the mainstays of the tackle
department, with Thompson, Don
Cross of Christopher, Dick "Gob-
by" Etherton, a 255-pounder from
Carbondale, and Walt Krysher of
Chicago furnishing additional pow-
er.

On the flanks, the Maroons can
boast Colborn, Davis, and Hughes.
This trio gives Southern three of
the finest ends in the history of
the school but reserve strength is
weak. Ed Wheeler of Lexington,
Ky., Jerry Wiley of Plano, Fred
Opperman of Carlinville, and
Bob Wardman of Southern are
vying for the second string berth.

Because of the lack of reserves
Southern does not, at this writing,
appear to be as strong as they
were a year ago when they waltz-
ed to the conference and Corn
Bowl championships.

Two new coaches have been add-
ed to the Southern coaching staff
for the 1948 season. They are
Bill O'Brien of Zeigler and James
Wilkinson of Elkhart, Ind. O'Bri-
en will be remembered for his
athletic feats at Southern before
he entered the Marine Corps. He
was a member of the Maroon
football, baseball, and track
squads, graduating in 1936. He
coached at Carbondale Community
High during the 1947 season. Wil-
kinson is a graduate of Indiana
University where he was noted for
his wrestling ability. His school-
ing was interrupted for a hitch in the
Army. O'Brien will coach the
backfield while Wilkinson will
handle the "B" squad.

Southern Exhibits At DuQuoin State Fair

With the theme “A University Emerges for Southern Illinois,” Southern’s organization as a University was portrayed in 240 feet of exhibit space on the second floor of the Grandstand Building at the DuQuoin State Fair.

The University’s three major functions—teaching, research and service—were highlighted on a huge four-color chart which also outlined the various branches of instruction carried on in the colleges of Education, Liberal Arts and Sciences, and Vocations and Professions, and in the Graduate School.

Every branch, department and activity of the University was represented in a display of charts, graphs, films, models, photographs, or equipment of various kinds.

The zoology department’s exhibit of live hamsters, tiny brown experimental animals, the 1931 McCormick reaper exhibited by the Museum, the model nursery school-kindergarten and the yeast-fermenting experiment by the Biological Science Research Laboratory, probably provided the greatest attractions in the series of displays.

Films shown daily by the Audio-Visual Aid Service as well as the pictures and awards of the victorious Maroon athletes were also great points of attraction.

The University has displayed sections of the exhibit throughout the summer at county fairs of Southern Illinois, including those at Nashville, Maacou, Perry, Wabash, Union, White, Clay, Williamson, and Richland counties.

The exhibits were arranged and staffed by the Information Service, assisted by a faculty committee, and numerous students. Every department and office at the University cooperated in preparing materials.
