Fire Destroys
Deans Offices

The personal deans' offices were destroyed when a fire raced through the former residence where they have been housed for the past year and a half.

The fire which began about 2 a.m. on Feb. 1, left the house in ashes. Destroying the office of a serving the office of the Housing Service and the employment services. As well as the deans' offices.

Dean was extensively damaged by Business Manager Ed Clark Davis and Miss Helen deans of women, at $17,400. Misses said the building, a two-story residence, was valued at $13,075. Equipment and office supplies lost were valued at $3,872.

In addition, almost all student records 1935-1941 were lost, most of which are permanent. No academic records dating since 1944 were damaged. Nine academic records are still in office and these are kept secure in a safe.

Ten temporary quarters have been a provided for the offices which were occupied. The Residence "Office" near the service and employment office in the barracks building at the north end of the old football field. The Deans of Women's and the housing service of the Residence are at 215 Harwood.

Fire reports were presented at the monthly meeting of the executive committee of the Board of Governors at the Board before the entire Board on Feb. 13.

Like other temporary structures, the former residence had been assigned by the State of the Marquis and all tests required precautions taken to guard against fire and other hazards, University President D. W. Morris said.

WEIDMAN CONCERT
DANCE HERE MARCH 2

Charles Weidman, one of the most important figures in American dance, is bringing his group of dancers to Southern for a public performance on Thursday, March 2, at 8 p.m., in McCollum Auditorium.

The dance concert is being sponsored by the Physical Education Department, as well as the University's music department. Mr. Weidman was formerly a member and later soloist of the dance company of Ruth St. Denis and Ted Shawn. In 1928 he and his wife, Dorothy Davis, established their own dance school and formed their own concert group.

In 1947 Mr. Weidman was awarded a Guggenheim fellowship with which he created his own dance. "Feast For Our Time," based on James Thurber's stories. In February Mr. Weidman is choreographer for the New York City Center Opera Ballet.

Trustees Hear Recommendation
For Med-School and Hospital

Establishment of a two-year program in basic science medical school and the construction of a 400-bed general hospital with recommendations laid before the University Board of Trustees at its February meeting here on the campus.

Recommendations for the development of training programs for nurses, medical interns and other technical and semiprofessional personnel in the health science fields were included in the report made by Dr. Gerhard Hartman, University president.

COUNCIL URGES
AREA-WIDE PROGRAM

In a recent meeting, the executive committee of the Alumnae Council of 1901, for Southern Illinois announced its support for the various educational groups in the area, and the plans to work toward a total regional program for the improvement of education.

The executive committee agreed to develop a fact-finding program to ascertain and correlate pertinent facts about educational needs in the area.

In line with this policy, the council served as a coordinating agency at the recent hearing of the Commission to Study School Problems which visited Southern Illinois Feb. 1.

Notice

Southern's third annual KiDS All-School Variety Show is set for March 22, in the auditorium in the Mt. Vernon Junior Chamber of Commerce.

Playing of songs, apples and pears "The future," will be tutored by other divisions of the Horticultural Cultural Department for their experimental work.

FIREFIGHTERS FIGHT THE FLAMES AT THE FORMER RESIDENCE OF 305 W. HARRISON ST.

(Continued on page 20)
Expert Advice

By JOHN MAHLIN

We consulted an expert the other day. He's a very busy fellow and has taught a lot of Southern students about trees and flowers—but if you've been a student at the University in the last fifty years, probably you know Bill Marberry, Class of '35, and you can say just the same. He's quite a public authority when it comes to putting out the straight goods on the right sort of information about plants, from daisies to cacti.

Well, Bill says that spring is sure on its way. He bears that statement on the fact that conditions are beginning to grow. He even pointed out that even if it is colder than usual, there will be sprouts growing. If you want to do a thing like that, you need to plan your garden carefully and make sure you have the right kind of seeds, or flowers, or whatever you're planting. He said you need to make sure you have enough space for them to grow, and that they will need enough water and sunlight.

He also said that it's important to keep an eye on the weather, as it can affect the growth of plants. If it's too cold or too hot, the plants may not grow well. He also said that it's important to have a good plan for your garden, and to make sure you have enough space for all the plants you want to grow.

In conclusion, Bill said that spring is sure on its way, and that now is the time to start planning your garden. He said that if you follow his advice, you will be able to enjoy a beautiful spring garden.
Vandeveer, A Great Salesman

Little did anyone imagine that one of the members of the class of 1910 would sell himself into the presidency of an oil company and yet is the story behind one of our alumni who reached the top.

Born on a farm near Hazelwood, Indiana, on Feb. 16, 1887, W. W. Vandeveer's first attempt at the art of salesmanship were not always too encouraging. Guy stadt, Indiana, on Feb. 16, 1887, Tire and Rubber Co. of Akron, and then worked for the Western Union Telegraph Company for four years. A very serious accident the sales field for Goodrich, and then worked for the American Petroleum Industries for three years and was named for three years and was named sales manager of the company.

At the present time he is a director of the Anson Oil and Refining Company; American Independent Oil Company; Toled; Porcia and Western Railroad; and the American Petroleum Institute, a member of the National Petroleum Council; and chairman of the National Petroleum Council's Committee on Survey of Manpower. He is also a member of the 25 Year Club of the Petroleum Industry.

He belongs to various social clubs and is a life member of the Southern Alumni Association of which he is president.

The Vandeveers live on the banks of Lake Erie at 2580 Asio Drive, Rocky River, Ohio. He has a farm in Medina, Ohio, the Wida Ruth Farm, which was named for his wife whom he married in 1919. They have two children, James W. Vandeveer and Mrs. Ruth Skorehop.

FORMER GRAD TO HEAD

WEED CONTROL

Howard L. Yowell, 1938 graduate of Southern, was elected Chairman of the Northweat Weed Conference for the year 1950 at a recent meeting at the Hotel New Yorker in New York City. Approximately 360 research scientists from federal and state agricultural experiment stations and industrial laboratories located in the thirteen Northeastern states were present at the meeting.

Yowell, a member of the staff of the Chemical Division of the Standard Oil Development Company, holds the doctor's degree in chemistry Ohio State University.

Formerly from Carlisville, he now lives at 312 Hyde Ave., Westfield, N. J.

Thanks go to Albert B. Edis of Cobden, D '39, who has sent a number of old catalogs which were asked for in the last issue of the Alumni.

Board Approves Faculty Changes

Faculty changes at Southern approved by the Board of Trustees at its special meeting here included the following:

Appointment of Robert W. McMillan as assistant professor of art. Mr. McMillan received his bachelor's degree from Southern and his master's from Columbia University, and has taught at the State University of Iowa prior to coming to Southern. He has had some experience as director of art education in the Belleville public school system.

Temporary appointment of Dr. Eugene Fitzpatrick as assistant professor of guidance and special education to serve now through the summer term. Dr. Fitzpatrick holds the master's degree from the University of Kansas and the doctor's degree from the Colorado State College, of Education.

Temporary appointment of Roy Meyer as instructor in geography and geology to serve until May 19 and again in the summer term. Mr. Meyer holds the master's degree from the University of Chicago and has served on the faculties of the University of Missouri and Drake University.

Summer appointments: Miss Ritta Whitsett as visiting lecturer in home economics for the period of the summer term. Miss Whitsett has her master's degree from Teachers College, Columbia University, and is an assistant professor of home economics at the University of Illinois.

Dr. James Beniger, as associate professor of foreign languages. Dr. Beniger holds the doctor's degree from the University of Illinois, and has served on the faculties of Northwestern University, New York University, and Carleton College.

Rev. Fr. R. L. Lanka, who holds the master's degree from Ohio State University, as instructor in sociology.

Rev. Fr.hey Lyons, as instructor in physical education for women. Mrs. Lyons has been head of the Physical Education Department at the University of Wisconsin and for the past six years has been the director of women's physical education at Ripon College, Ripon, Wis. She has previously served eight years on the faculty at Southern.

Dr. R. B. Sonntag as part-time visiting lecturer in health education. Dr. Sonntag is director of the Jackson County Health Department which is located in a former residence at 910 S. University. The center provides office space for student organizations; meeting rooms, a lounge and game room and space for dancing.

Students relax at the newly opened Temporary Student Center which is located in a former residence at 910 S. University. The center provides office space for student organizations; meeting rooms, a lounge and game room and space for dancing.

Third Year Scholarship Student Studies Here

MANUEL DE EREURCIA
A recipient of the Fourth Order of Merit, Scholarship Fund of District 49 of the Rotary Club, Maniples, Guanajuato for his work study at Southern with the avowed purpose of learning English.

The 24-year-old Mexican has set his goal at obtaining a doctor's degree in international law in this country after which he intends to enter the diplomatic service. He already holds a degree in law which he obtained in Mexico. His thesis for the degree was on international law.

Ereurdia was born in Guanajuato, Mexico, where he attended grade and high school. He then attended the University of Guanajuato where he went to the University of Michigan for two years and then to the University of Guanajuato for his final work in international law.

Although he has been on the visa program in this country for a year, the handsome dark-haired boy says he "likes it very much" and is "having a good time."

Ereurdia is the third recipient of the Rotary Club of Southern's student scholarship. The Rotary Club's President Jose Reyes and Raphaël Rícheriez previously trusted.

SOUTHERN JOINS NATIONAL RESTAURANT ASSOCIATION

Membership in the National Restaurant Association, an organization dedicated to raising the standards of food service in the restaurants in the United States, has been secured for the University by Miss Carolyn Van Mason, instructor in home economics and manager of the University Cafeteria.

CHEM MAJORS COMPLETE EXAM

Senior chemistry majors have just completed four weeks of oral comprehensive examination. Dr. J. W. Neckers, department chairman, has announced.

The four-week examinations were designed in an attempt to overcome the weakness of some students in their courses by course credit and attitude.

Change Requirements For Master's Degrees

At the February meeting of the Graduate Council, recommendation was made that the present blanket requirement for a thesis of all master's degree candidates be modified.

The council adopted a motion "that each candidate for the master's degree shall write a thesis, which may be counted for not more than nine or less than five hours' credit, or carry out a special project, or take extra courses on the "500" level, as may be recommended by his advisory committee and be approved by the graduate council." The recommendation will be submitted to the Board of Trustees for final action.

The council also recommended that the maximum amount of work beyond the exclusion classes be increased from eight quarter hours to 16 quarter hours, provided that the credits beyond eight quarter hours were earned at regular extension centers.

SIU Joins National Restaurant Association

Southern has recently secured membership in the National Restaurant Association, an organization designed to raise the standards of food service in the restaurants in the United States.

The university has been represented by Miss Carolyn Van Mason, instructor in home economics and manager of the University Cafeteria.

Service Frat Conducts March Of Dimes

Three hundred and fifty dollars were collected during the fourth annual March of Dimes drive conducted here by Alpha Phi Omega, service fraternity on the campus.

The APO members, who conducted the drive for the dimes and ran it from a main gate to the steps of Old Main, a distance of 200 feet. They succeeded in having a complete line of dimes, in addition to which added up to $300. Fifty dollars more were also collected among student organizations.

This figure, although more than a dime per student, is slightly less than the $300 collected last year.

Four Faculty In "Who Knows" and "What About"

Four University faculty members are listed in the latest issue of Who Knows and What About. Among Authorities, Experts and the Speciality Informant.

They are Dr. Harold E. Briggs, professor of history, Dr. Charles Foote, associate professor of zoology, Dr. Carl C. Lindgren, professor of microbiology and Dr. Stewart Chandler, associate professor of business.

Dr. Briggs is listed as an authority in the field of western and frontier history; Dr. Foote in endocrinology, embryology and reproduction; Dr. Lindgren in yeast and neuronal genetics; and Mr. Chandler is on the staff of the State Natural History Survey in entomology.

Maroon Sports

Michigan Teams Join I.A.C.

Central Michigan of Mt. Pleasant and Michigan Normal of Ypsilanti are the roster of the Illinois Intercollegiate Athletic Conference to swell the membership of the former state teacher's league to seven members. In addition to the Maroons of the Indiana State of Terre Haute, Ball State of Muncie, Indiana, and the late Rushville, Illinois, Glenn "Abe" Martin, Southern Illinois, and Millikin have been invited to the conference. The Maroons were the only school of the group that was not represented at the present of the I.A.C., is of the opinion that the addition of the above four schools will add a new edge of the strongest affiliation. The addition of the extra school in the late 1920s added to the already colorful history of the Illini Conference will cause the conference's roster to rise to the "little Nineteen" by which the state college became known throughout the state. The six additional teams, the conference's roster, are Eastern Illinois, Northern Illinois, Illinois State of Normal in Bloomington; Northwestern and Western Illinois in 1927. Recent other late entries were St. Viator, Northern Illinois, and Lake Forest College.

Ten of the schools withdrew in 1927, leaving the loop with eleven members. Several of the remaining teams had withdrawn in previous years, and only five schools, Eastern Illinois, Western Illinois, Northern Illinois, Southern Illinois, and Illinois Normal. All these remain as the precursors of the newly expanded I.A.C.

"P" CLUE PURCHASES TROPHIES FOR MOST VULNERABLE

"The "P" club has voted unanimously to purchase individual trophies for each of the most Vulnerable Player Awards in football, basketball, and baseball.

They have also purchased plaques that will remain in the gymnasiums of the respective schools. The "P" club has also purchased a trophy for the football team for winning the first annual Shrine Bowl game played last year with Indiana State. Southern won that game 61-14.

INTRAMURALS

Approximately 420 boys are playing on 42 different teams in four interscholastic basketball programs in Southern this winter, according to a survey made by the intramural program.

For the first time, nearly all the boys of the games are being played on a call-in basis, with portable baskets being installed on the east and west aids of the 13 gymnasiums, and the boys played at the same time.

If the intramural program in any other team in the same league one team in each league having two, or a "double loop" play, the top two teams of each league are eliminated, along with the single elimination tournament for determining the intramural championship. During the school year of 1918-19, more than 1300 boys participated in the Southern intramural program that, in addition to baseball, also included softball, track, volleyball, table tennis, frisbee, and horseback riding.

BEST FRESHMAN CAGE SQUAD IN HISTORY

Upholding the tradition of playing basketball at Southern, the Maroons freshmen squad that they will take a back seat to none.

O'BRIEN

Immediately following their heartbreak loss to the University of Chicago this year, the Maroons of the Illini Conference are given that they will take a back seat to none.

Glenn "Abe" Martin, Southern Illinois, was named president of the I.A.C., and Glenn "Abe" Martin commented that the Maroons are one of the finest he has seen since he has been connected with the league and that they will rate back well in the league in the future.

This season's outfit, under the capable direction of Bill O'Brien, the young coach, has been one of the most successful in the history of the Illini league. With the height, drive, and speed to burn, the Maroons, O'Brien came upon Chuck Thate, 6'7" giant of Chicago; Bill Dunn, 6'7" Hersey; and Bob Wiesman, 6'8" receding ace of F. E. Louis Lyons. Brenda, 6'4" Herrin lad; or Darrell Thompson, 6'4" player from Belleville. If O'Brien thought it necessary, he could play all five of these boys at the same time as each is a capable floor man.

The "little" boys who have the speed to go along with the height and the ability to score, are all Southern Illinois boys, and with one exception. The exception is Dick Ryan from across the river from Carbondale, and his play is definitely. Ryan is one of the two new boys that have joined the Maroons under six feet tall.

Bill Garrett, sensational high point man for three years at Fairfield, is one of the best boys that have for many years along with the Herrin twin, Don Miller, and Jimmy Smith are all on the Maroons roster which gives Southern the first six boys from a good Herrin club of a year ago.

Other yearlings who have seen much action because of O'Briens rotational system include Steve Horst, Hoyleton; Bob Hale, Irvine; Jack Castello, Breeze; Jim Parker, Johnston City; Adrian Friess, West Frankfort; Caryn Cole, Palmers; and Joe Lefty, Allenville. Many other yearlings who have seen much action because of O'Briens rotational system include Steve Horst, Hoyleton; Bob Hale, Irvine; Jack Castello, Breeze; Jim Parker, Johnston City; Adrian Friess, West Frankfort; Caryn Cole, Palmers; and Joe Lefty, Allenville.

The lineup is fantastic for 20 team to roll around this season that he can find out just exactly what he can do in his final year. The lineup is Hank, 190-pound colored boy from Fivemile Grove, is one of the most sturdy boys from Illinois this year and reports say that he can chip off the paces with the Maroons and the halfcourt under two minutes. He is not counted on to be a regular at end until he has had time to have a physical examination and to get in shape.

The average record at the home wrestling matches thus far has been 5-5-0, the Maroons, also included softball, track, volleyball, table tennis, frisbee, and horseback riding.

Siu May Get Invitation to N.A.B. Playoff

At this writing, Southern has an excellent chance of being invited to the N.A.B. Playoff. The conference has voted to determine the maroons of the Illini Conference in the national tournament program to be played in the playoffs.

Glenn "Abe" Martin is chairperson of the District 20 committee and he has recommended the committee late in February to select a team of teams to compete in the playoffs.

Leading contenders for both the Maroons and Illinois are considered as Eastern Illinois, Western Illinois, Southern Illinois, Illinois College, Wheaton College, Illinois Wesleyan, and James Millikin.

Southern captured fourth place in the N.A.B. tournament in 1945, won the state championship in 1946, and was the national champion of District 20 in the national tournament of 1947 and 1948.

CAGERS COP 33 OF 34 HOME TILTS

During the past few years, the Southern basketball squad has proven to be a very busy man as invading teams were unable to win in the short end of the score 33 times in 34 tilts played in the Maroons.

Eastern Illinois slapped the Southern club at 24 in a row on the hardwoods in 1945, coping the Lynn Holder-coached crew.

Going back still further, the Maroons have been successful on their home court in the men's gym since early February of 1944.

In the season of 1944-45, Glenn Martin, then basketball coach, turned in an amazing 33-0 performance on home court without losing a single game. The only one reversal was encountered and that from the famed Wright State Maroons. The following year they won a second all-time season of 32-3 for the Holders.

With Lynn Holder at the helm in 1946, the Southernites dropped the state title to Millikin for their only loss in 23 starts. Then in the following year, the Holders breezed through the entire season without a single defeat.

This year, the Maroons quizzed the invaders back seven consecutive times with three more games remaining to be played.

No records are available on the all-time home game played by the Maroons since basketball was inaugurated at Southern, but according to the most recent official record of all games played given through the 1947 season, SIU won 217 to 217 for their opponents.

Of these 417 victories, the late Steve Horst, 6'9" giant of Millikin was responsible for 307, Martin won only 50, and Miller has compiled 60 triumphs.

In an effort to increase the membership of the intramural clubs on the campus, Bob Colburn, President of The "P" Club, has present- charged maroon class with a white and blue"P" ball complete with red "P" member. The trick worked as the white "P" ball was turned over to 100 members.

E. St. Louis; Ed Green, Johnstown; City; Don Campbell, Bloomington; and Fred Breuel, Illinois.
HERE'S SOMETHING FOR YOU TO THINK ABOUT

By Warren Nilsson

Glenn "Alco" Martin once said that if Southern could get all the top Southern Illinois high school athletes that graduate each year, the Maroons could hold their own in any sport with any school in the country. Now before you jump to a "snickering" conclusion, let's take a better look at Mr. Martin's statement. The name alone will give you a few, a look at Dwight Eddelman, Junior Kirtt, Lou Lavant, Max Montgomery, Carlton Howard, Charlie Hunsinger, Mel Brewer, and Joe Osmon. And you and I could both go far into the night naming other local lads that gained fame and fortune in the sports world at distant points. At the present time our University is expanding rapidly and we, as sports enthusiasts, can not let the school in general get ahead of the athletic program because intercollegiate competition is one of the quickest, if not the surest way to plaster the name of Southern Illinois University in the minds of the general populace through the country. And so with the flag waving ceremonies over with, let's get to the point! We Need Your Help!

Here is our problem: Last year, 26 freshman were carried on the roster in football. The same situation exists in basketball. The trip to New York City, Ten years ago that would have been a mere routine assignment but the number six match was in doubt. On the mat, the local lads ran roughshod over the sailors to hang up victory for three more years; was captain for three more years; was captain of the football team while at Hirsch High, Jack Stoudt of Chicago. Like Whalen, Stoudt did not equal the unexpected enthusiasm shown by the local partisans, it was expected that the number four to the tune of 25 to 3.

The number six match was a return contest with Eastern Illinois and, displaying their best form to date, the locals best by one match in a one-sided 33 to 12.

Chicago Boys Lead Sewing

The number one man in the 131-pound bracket is Bob Whalen of Macomb. Whalen has five victories and one draw to his credit for the six matches and he gives promise of being a top performer for three more years.

Roy Foley, Belleville, and Joe Harrell of Normal, defending champion of the Illinois Intercollegiate Athletic Conference meet held in Macomb. Roy Foley is shown wrestling against his opponent from Great Lakes. Both are Western to tangled with the unbeaten Leathernecks. Again they entered with a treasured record to write their names into the history books. First in the agenda was the Maroons, famed for its wrestling teams in recent years. With a capacity crowd on hand, the Maroons turned the match into a rout by whipping the Indians 20 to 9. One week later the powerful Brown Station crew came into town to do battle with the locals. The number four to the tune of 25 to 3.

The number six match was a return contest with Eastern Illinois and, displaying their best form to date, the locals best by one match in a one-sided 33 to 12.

The Southern Alumnus

Personal Surveys

A new system of showing attendance at Southern is being incorporated with this issue. The letter or letters preceding the year indicate whether a daughter or son has addressed. Coding is as follows:
A & B=Bachelor's degree in Liberal Arts and Sciences.
C=Bachelor's degree in Education.
V & P=Bachelor's degree in Professions and Professions.

The year not preceded by a letter indicates the date of attendance at Southern.

The 1940's

Mrs. William J, Mather (Mabel McNabage) D, 1900, is living at 5196 Raymond Avenue, St. Louis, Mo. She has two daughters.

Mrs. Elizabeth B. Dougher, 1902, teaching at Rockford College in Rockford, Ill.

Mrs. Elizabeth Bonne, D 1903, is spending the winter in California. She is a former sales division of General Motors. Mrs. Bonne is the former Mary Tri- ckeid, of Kansas City, Mo.

Dr. Elmer L. Byrd, 1904, is a retired teacher, is living at 159 North Wilson, Greenville, S. C. He has one daughter.

Clyde L. Smith, 1904, is a former insurance agency in Carbondale. He is a former sales division of General Motors. Mr. Smith is the former Mary Powers, of Marion, Ill.

Mrs. John W. Sullivan, D 1904, at home, is a former teacher in St. Louis. She has one daughter.

Mrs. William H. Ball, D 1905, is a social science teacher in Bluffton, Ohio. He and an associate are teaching in the Mt. Vernon high school.

E. F. Hendren (Evelyn) D, 1906, is a former teacher in the College of Mines and Metallurgy at the University of Texas. She is a member of the faculty of the Juniper College of Benton Harbor, Mich. She is fac- tory engineer and is a member of the National Board.

William K. Tolley, D 1907, is a former teacher in the College of Mines and Metallurgy at the University of Texas. He is an associate professor at the University of Michigan.

H. Richard Rinder, 1907, is an instructor in communication at Western Illinois University. He received a B. S. in E. E. from the University of Illinois. He is married to Jane L. Rinder, who is a former teacher in the State Department.

Laurence J. Lyle, D 1907, is a former teacher in the State Department. He is married to the former Mary Lou Lyle, who is a member of the Southern Board of Education.

Ruby Lee Baker, D 1907, is a former teacher in the College of Mines and Metallurgy at the University of Texas. Mrs. Baker is the former Mary Lou Lyle, who is a member of the Southern Board of Education.

Muriel B. Schumacher, E 1909, is a former teacher in the College of Mines and Metallurgy at the University of Texas. She is a former teacher in the College of Mines and Metallurgy at the University of Texas.

MARRIAGES

Hislop E. Finlar, 1910, is a former student in the College of Mines and Metallurgy at the University of Texas. Mrs. Finlar is the former Mary Lou Lyle, who is a member of the Southern Board of Education.

Mrs. William C. Phillips, D 1910, is the former Mary Lou Lyle, who is a member of the Southern Board of Education.

Billie Jean Williams, D 1910, is a former teacher in the College of Mines and Metallurgy at the University of Texas. Mrs. Williams is the former Mary Lou Lyle, who is a member of the Southern Board of Education.

Mary C. Mazzini, E 1910, is a former student in the College of Mines and Metallurgy at the University of Texas. She is a former teacher in the College of Mines and Metallurgy at the University of Texas.

Barbara Halley, E 1910, is a former student in the College of Mines and Metallurgy at the University of Texas. She is a former teacher in the College of Mines and Metallurgy at the University of Texas.

Ruby Lee Baker, D 1907, is a former teacher in the College of Mines and Metallurgy at the University of Texas. She is a former teacher in the College of Mines and Metallurgy at the University of Texas.

Evelyn H. Finlar, 1910, is a former student in the College of Mines and Metallurgy at the University of Texas. She is a former teacher in the College of Mines and Metallurgy at the University of Texas.

Glen E. Goddard, E 1910, is a former student in the College of Mines and Metallurgy at the University of Texas. He is a former teacher in the College of Mines and Metallurgy at the University of Texas.

Mr. and Mrs. M. E. Biles, D 1911, is living in Fort Wayne, Ind. They have one daughter.
In the most recent edition of the Intercollegiate Track and Field Report, two Southern trackmen were placed on the Midwestern Honor Roll along with the names of the record and the event.

Maroon track records at the recent meet were set by

Leland P. "Doc" Lingle, veteran track star, compiling a huge picture plaque of all record holders in track and field and hanging it on display in the foyer of the gymnasium.

Since leaving Southern, he has taught in elementary and secondary schools in Illinois, high school and the college at Western Michigan College, and served for a time as a consultant in elementary science in the Horace Mann Laboratory.

While working toward the doctor's degree in educational chemistry, he spent two years as a consultant in science laboratories in Tuscaloosa, Ala.

Mrs. Greenlee, the former Ruth W. Greenlee, was recently elected by the student body to serve as the record holder at the University of Illinois.
