Doris Wade Reigns Over 1950 Homecoming

HOMECOMERS GREETED WITH SUNSHINE THIS YEAR

For the first time in five years, the weathermen banned approval on Homecoming and good, weather prevailed throughout the celebration. Along with the sunshine came capacity crowds and a thought by many that a new record was set for attendance.

As estimated crowds of more than 30,000 packed the arena, the Little Theatre played to a full house, and about 7,200 fans witnessed a 14-14 tie between the Southern Maroons played the Illinois State Normal University football team. Reports of student organizations holding special reunions for alumni indicate that the largest number of alumni attended this year than any time in the past.

Hundreds thronged into the gym for the dance, featuring Jack Finn and his orchestra, and to watch the coronation of the 1950 Homecoming queen.

Miss Doris Wade, senior from Vanderlil, was crowned queen by Don (Red) Cross, captain of the football team, in an elaborate ceremony which was broadcast over the Herrin radio station WEPIR.

Attendants Pat Keil, sophomore from Canton, and Pauline Drake, freshman from Salem, preceded the queen to her throne, as did cowcatchers Holy Bryan, and speedster turner Gordon Tell.

Since the queen's court were Junior Sunshine, Junior from Fairfield, Jean Hall, junior from Herrin; Marilyn Marfell, junior from Murphysboro; and Mosia Wynn, junior from W. Frankfort.

The Winners

Tri-Sigma, TKE's, and Chi Delta carried away top honors in the house decorations and floats at this year's Homecoming.

The theme of the parade was centered around the slogan, the Sigma Sigma Sigma, was the theme in Women's class A for House Decorations, "Shenandoah is Building with Victory," was the theme. TKE's Kapnick Fraternity was top honors in the men's A division in house decorations with the theme, "We're Going to Win." A larger than life-size cow was voted first place in class A in the Homecoming parade for the Chi Delta fraternity's float decorated: "The Chi Delta theme was: 'It's in the bag, and that's no bull.'"

The TKE's were runner-up in the class A division of the parade. Their float centered on the idea that "Normal missed the boat." A large pyramid formed by many of corn won top honors for the Ag Club in class B float competition.

Johnson Hall, with a float featuring Southern's graveyard, complete with tombstones for Nor- man, the mastodon, and other Southern Homecoming victories, won second place in the class B parade.

Sigma Si Sigma Sigma took first place in the men's class B, and the Manor placed second.

"Southern's future is as bright as its past," said one student. Sunlight beamed down on the University and University personnel, cheering expansion of the University and also the publication of a quarterly magazine to be sent to all dues paying members of the Alumni Association.

The board discussed the future of Old Main as to whether it should be rehabilitated or torn down. They decided to let the old landmark remain until such time as it is condemned as unsafe and

ALUMNI BOARD VOTES TO BACK STUDENT UNION BUILDING

Although funds for such a building are not available at the present time, arrangements were made for a meeting in December at which time definite action will be taken on the proposal. Plans will be considered for beginning construction on a portion of the building.

The board approved a ten-year program submitted by Wayne Mann, newly appointed director of the Alumni Services. His plan included the production of a series of sound movies by the University and University personnel, showing expansion of the University, and also the publication of a quarterly magazine to be sent to all dues paying members of the Alumni Association.

Museum Gets Shipment Of Mastodon Bones

A shipment of mastodon bones and relics has been received by the University museum from the Dr. John Dey of the history department of Richmond State Teachers' College, Richmond, Ky. The relics are from the mastodon (Elephantius) and other animal bones from near Blue Lake, Ky. The mastodon bones are estimated to be about 14,000 years old.

Explosive shrapnel shells from the battle of Vicksburg were also included in the shipment to the museum, and were one of the earlier makers. The hollow bombshell shell, which was filled with powder, exploded upon contact.

A piece of a sycamore trunk from Bonnensheir, Ky., was shipped. This tree was planted at the time of the founding of Bonnensheir—a much earlier settlement named in honor of Daniel Boone. The new additions are expected to be ready for display in the museum within two weeks.
ALUMNI DEATH

Jean Young, E 1950, died suddenly on July 20 at the Carbondale hospital. She was a physical education teacher in Robinson, Indiana; Lucile Eckert Richter, E 1950, died in the early hours of June 21 at a hospital in Peoria, Illinois. She was director of the Southern Alumni Association. 

New Alumni Director Stresses Action and Ideas

Teather, editor, organizer of a national sales organization, produced a movie on the military engineering officer in top secret for General MacArthur. He is now high school counselor, director of the training program and the director of an oil company can all be described by Wayne Mann, the new director of the Alumni Service. 

“...It’s a vibrant and living Alumni organization is a means for fostering and creating strength in an institution such as Southern,” declared Mann, “and a vital Alumni association is a continuing gaining the University national prestige and recognition.” 

Mann pointed out that far reaching plans are being made for Southern’s future expansion. “The next 25 years should see as much accomplished here at the University as in the entire past of the institution. We must realize that Southern has a definite responsibility to the area which it serves. The position of our school is unique in that it is one of the few universities serving a million people, and located in the Southern region of the state which abounds in unexploited natural resources and industries.” 

“These ideas and plans,” Mann pointed out, “are the foundations in which to build activity, but ideas and plans are useless if the organization is poorly planned and loyal support is required necessary for the carrying out of any program or realm of magnitude.” 

Wayne Mann graduated from Southern in 1942 with a major in chemistry, and since his graduation he has been a radio control operator for the Sherwin-Williams Corporation before joining in 1943 as an air force cadet. He later attended Officer Candidate School, and worked under the direction of General Douglas MacArthur as a top-secret officer in engineering. Out of the army in 1946, he started Mann Enterprises, which he now runs through Stanford University. Mann ENTERPRISES started from scratch as a sales organization handling new inventions and marketing unusual products. The entity has grown from its small beginning to a national organization operating 35 local men.

While on the West Coast, Mann also made professional 16 m.m. movies. He was director of adult education at San Mateo, California, was counselor at Fremont College, Los Angeles, and is now director of adult education at the University of Southern California.

Wayne Mann’s appointment as Director of the Alumni Service is characteristic of the expanding student body of S. U. T.

Missing Alum Found In Korea

Alumni Board (Continued from page 1)

must be removed. This further decided to distribute throughout Southern Illinois, some notice having been given the proposed future campus, and to publish a calendar that would explain in the advantages found in the Southern part of the state.

Second Lieutenant Joseph Estes, who was killed in action August 24, 1950, has been reported missing in the last issue of the Southern Alumni. He has been found after spending 69 days behind the Red Line in Korea. 

For more than three months, Lt. Hicks and his platoon had been fighting desperate, delaying acción with remnants of the shattered Twenty-Fifth Infantry Division. In the early hours of July 29, Hicks and his men were cut off by a heavy attack. All he could do was to lead his wounded or captured except Hicks. He escaped by crawling into a small road culvert, which was almost filled with water. Several hours later he moved from the road to a nearby stream where he stayed for the next six days.

**SEVENTY FIVE YEARS RETROSPECT**

**BY PROF. E. G. LEWIS**

Synopsis: Southern Illinois Normal University was created by an act of the General Assembly at its session of March 3, 1869. It was selected as the site after some controversy, and the first students moved into the new buildings on the same day that Dr. Robert Allyn was inaugurated as the first President in 1874. The doors were officially opened on April 24, 1874, and a complete registration list was compiled for the four-week summer sessions.

Admission was by examination through the county superintendents of education, with officers in the Model School, and the Preliminary School. The academic requirements differed principally in that students electing the English course had to teach for three years after graduation, and the signing of a pledge was required. The state legislature of Illinois was rarely generous in its support of the two Normals because of indifference rather than outright hostility. Both the Old Normal and Southern had to work against public neglect and apathy. The local press panned most of the legislation at the Normal as assistant curator of the museum. When Dr. Thomas, it seemed, was ever so reluctant to get his work with the Southern Institution of natural science.

The value of the museum was greater than its usefulness to students as well as by faculty, because the museum was a necessary factor. Commissioned officers of the Corps of Engineers were among its first visitors. It was a necessary factor. Commissioned officers of the Corps of Engineers were among its first visitors.

The first class to graduate was the class of 1884. This class consisted of fifty-two students. They were graduated in the evening in the Old Normal and in a commencement week led to the institution of Commencement Week. Architect Isaac Rapp designed the Old Science building now stands. It was lighted by a sky light, and it was a splendid building. The fine building was restructured for the new department of science, and the museum, where the self-discipline of the fire of the Old Normal was closing its doors to students as well as by faculty, because the museum was a necessary factor. Commissioned officers of the Corps of Engineers were among its first visitors.

The building was lighted by a sky light, and it was a splendid building. The fine building was restructured for the new department of science, and the museum, where the self-discipline of the fire of the Old Normal was closing its doors to students as well as by faculty, because the museum was a necessary factor. Commissioned officers of the Corps of Engineers were among its first visitors.

The fire, of unknown origin, was discovered in the roof insulation. It was finally extinguished. It was finally extinguished. The fire caused the Old Science building to be declared a public safety hazard. The museum, where the self-discipline of the fire of the Old Normal was closing its doors to students as well as by faculty, because the museum was a necessary factor. Commissioned officers of the Corps of Engineers were among its first visitors.

Funds available for the museum came from the sale of property, and for the museum came from the sale of property, and it included relieved cabinets and other exhibits which done for the museum, where the self-discipline of the fire of the Old Normal was closing its doors to students as well as by faculty, because the museum was a necessary factor. Commissioned officers of the Corps of Engineers were among its first visitors.

There were more serious notices concerning the fire when a change in State administration occurred with the advent of Governor Adlai E. Stevenson who held the office of Governor of Illinois. The new administration was one of the most successful of any in the history of Southern Illinois. There was a movement toward a larger and more comprehensive term.
Truman Invites SIU Professor to Conference

President Harry S. Truman has invited D. Marshall S. Hickey, professor and chairman of the department of guidance and special education at the University of Chicago, to come to the Midcentury White House Conference on Education, which is to be held in December at Washington, D. C.

Dr. Hickey, who is a member of the Governor's Committee on Guidance, is chairman of the Steering Committee on Guidance in Illinois. The Committee is one of the few selected authorities on youth education in the nation to whom the Governor will address this meeting.

Seventy-Five Years

Continued from page 3

Great Music Comes to the Southern Campus

Five internationally known artists have been presented this year on the University campus by the Carbondale Community Concert Association which is now in its sixteenth successful season. Morley and Gearhart, famous American duo-pianists, presented the first concert of the 1950-51 season October 25.

Yvah Neiman will bring his violin magic to Shylock Auditorium November 13. The London Daily Express observed that . . . he was listening intently and was appalled to a performer who is a musician first and a virtuoso afterwards . . ." as a review of Yvah Neiman.

James Pease has "a baritone voice of resonance and finish, virile quality and a notable attain­ment in the fine art of diction," declared Guerra Dibild Gross in the Washington Times Herald. Pease will be presented by the Community Concert Association January 11.

Bud Stray will sing here Feb­ruary 6. She has been with the New York Metropolitan Opera for about 12 years. Her voice is technically called a Lyrico-Sopranista, and she is regarded as one of the four or five living singers in her field.

The Dallas Symphony Orchestra will be on the Southern campus March 29 and 30. The Golden Jubileen anniversary this season with approximately 300 concerts in 17 states. John Rosenfield declared that "The phenomenal national popularity of the Dallas Symphony Orchestra under Antal Dorati's stimulating four-year regime has received from impetus from the executive direction of Walter Hendel, a nat­ive star, the youngest American conductor to occupy a major sym­phonic podium in this country."

French Scientists

FRENCH SCIENTISTS VISIT SIU LAB

Dr. Boris Ephrussi, director of the Centre Institute in Paris, France, and internationally fa­mous for his work in heredity, and his wife, Dr. Hariett Taylor Ephrussi, outstanding for her re­search on the bacteria which cause pneumonia, visited the university Monday to examine the collection of yeast cul­tures in the department of micro­biology.

They selected cultures of yeast to take to Paris for experi­mental use in the laboratory there.

Southern's department of mi­s­cellany, "hosted" by Dr. Carl C. Lindegren, internationally fa­mous geneticist, contains the largest existing collection of yeast cultures. The University biology laboratory ranks second in the world among those doing re­search work with yeast cultures.

Messiah Rehearsals Get Underway

Choral rehearsals for this year's presentation of Handel's "The Messiah" began at 7:30 p.m. Monday, according to an announcement by Dr. Mauritius Keman, chairman of the biological department.

This year's performance will be the fifth given on campus under the baton of Dr. Keman.

Nationally known radio artists will be featured in the solo parts in the local presentation of the world famous or­atorio.

Dr. Keman said that it is im­possible to contact all potential singers, but all who are interested in singing in the chorus are urged to attend the rehearsals.

Homecoming Harry, the public­ity stunt made of the big cele­bration, poses nonchalantly for the camera.

Joe Embser, sophomore from Benton, was Homecoming Harry. His costume was designed by Andrey Mayer, sophomore from St. Louis, Mo.
HOMECOMING GAME ENDS IN 14-14 TIE

SIU DEFENSIVE STARS

Paul Swoodla

Swoodla, a sophomore from Du Quoin, is a promising basketball junior letterman from Harrisburg, and one of the two line backers in the Maroons' defensive line. Earlier in the season, he became the starting middle linebacker, and after Fred Brenzel's suspension in women's physical education, Coach Waller inserted him in that position. Swoodla is a mainstay of Southern line, and defense.

Herb Cummins

The Maroons' first touchdown came early in the first quarter, when Ernie Bozarth, veteran basketball star, and Southern's defensive ace, intercepted a pass and returned it for a touchdown. This was the Junior Maroons' second straight victory. Previous to this, the season was not successful.

BASKETTERS TO PLAY 26 GAMES

Southern's basketball schedule for 1950-51, which includes 26 games, offers a variety of opponents. The schedule is designed to prepare the team for the Maroon and the Alums contest, which is the Homecoming grid game. The Maroons also have January 27 open for a contest, and a February 2, and close their season at Tennessee.

HICUMS COMES

The Maroons have hopes of closing the season on a high note. The Southern basketball team has shown steady improvement throughout the season, and is expected to be a strong contender in the upcoming tournament.

THE SOUTHERN ALUMNUS

Athletics HARD-HIT BY DRAFTING

Prior to the beginning of the 1951 season, Maroon coaches and administrators were worried that they would lose a number of promising candidates to Uncle Sam in 1951. The recent developments in the athletic department have given ample opportunity to show how good they are.

ALUMNI NEWS

Welcome to the homecoming game between the Varsity Maroons and the Alums, which ended in a 2-2 tie. Robert Irwin, an outstanding student, and the Maroons' defensive end, has been almost completely eliminated from the list of the Maroons' offensive plays. He is no longer on the team.

Swoodla is a strong defensive player, and his ability to stop the offense will be tested in the final game of the season.

Coaches have been raiding their lineups recently to the linebacking antics of two of Southern's best defensive football players. Herbs Cummins and Fred Brenzel, widely known for their defensive prowess, have been the mainstays of the Maroon football defense.

The homecoming game between the Varsity Maroons and the Alums ended in a 2-2 tie. Robert Irwin, an outstanding student and assistant in women's physical education, captained the alum team.

BOOST SOUTHERN

On Saturday, October 21st, the Maroon football team played a thrilling game against Normal, and the score was 7-7. The game was exciting, and the Maroons showed great teamwork and sportsmanship.

The moral victory enjoyed by Bill Waller's football Maroons was due to the fact that they had scored the last five minutes of play, and that they came from behind the Redbirds. The Maroons led, 7-0, and when the Redbirds made a field goal, the score was 7-7. The Maroons then went on to score two touchdowns, and take the lead, 14-7. The Redbirds then scored two touchdowns, but the Maroons held on to the lead, 14-14.

The Maroons have been on a winning streak, and the credit must go to Don Zima, a Chicago boy, who intercepted a pass on the Normal 35 yard line. Oyler played a spectacular game, and the score ended, 14-7 at the opening of the fourth quarter.

The moral victory enjoyed by Bill Waller's football Maroons was due to the fact that they had scored the last five minutes of play, and that they came from behind the Redbirds. MARRIAGES

Major James H. Hudson, 1940, to Carolyn Maun, in Elgin on August 26. At home: 813 W. Church, Champaign. Mrs. Hudson is a Personnel Officer with Carbide & Carbon. Mr. Hudson is the former Margaret Uskewitz of Elgin.

Mrs. T. E. O'Conner (a guest of the Elmo's Lunchroom and the Cornelia's Lunchroom), 1940, is a teacher in the elementary school No. 67 in Indianapolis, Ind. Her husband is a school principal in the same city.

Charles H. Ward, 1930, is married to Margaret Flanagan, 1930, of Chicago. Mr. Ward teaches social studies at St. Louis, Mo. Mrs. Ward (Zella Young) is a teacher in the High School in Carbondale, Ill.

Margaret McGinn, 1937, is assistant director of one of the Navy's largest civilian training programs live at 450 Maryland Naval Shipyard. Mr. McGinn is married and has two children.

Lorena A. Dean, 1937, is in teacher and coach in the high school at Meridian, Idaho. Her husband is a member of the Idaho State Legislature.

Mrs. Jack Connors (Edith Hill), 1938, is a teacher in her home state of Missouri. She is married and has two children.

Delma M. Agloe, 1938, is employed as a railroad clerk in Meridian, Miss. She is married and has two children.

Robert J. McCall Davis, 1938, is teaching in Attucks high school, Alton, Ill. His wife is a student at the Southern Illinois University.

W. A. W. McLarty (Dorothy Warneck), 1938, is a position classifier for the Navy Department. Her present address is 643 Illinois Road, Jacksonville, Ill.

Mrs. Kate Borkっち Mitchell, 1938, is director of a service club in Ft. Custer, Mich. Mrs. Mitchell is employed by the Navy. Her husband is a lieutenant in the army.

Mrs. Robert J. Hill (Midfield Warner), 1938, is a receptionist in the offices of the Pennsylvania Railroad. She is married in 1937, is a practicing physician in St. Louis. The Hills have two children.

Dr. Robert W. Forrester, 1938, is a physician in Jacksonville, Ill. His wife is a graduate of the Southern Illinois University.

Mrs. Charles Howard (Delilah Bowers), 1938, is living in Carbondale, Ill. She is the former Mable Null of Marion, Ill.

John E. Barger, 1939, and his wife, 1939, are living in Truth or Consequences, N. Mex. His wife was named after the radio show. Their home address is 33 E. John St., Truth or Consequences, N. Mex. Their married name is DeVito. They have two children.

Dr. Paul B. Price, 1938, is a practicing physician in Madisonville, Ky. He is married and has two children.

Mrs. O. W. Dillman, 1939, is a librarian at the Gallia high school. She has taught for 32 years. During the summer, she corresponded with the head of the art department at the University of Illinois. She has taught in the Gallia high school.

Before going to Gary, he was a golfer. He is now a teacher in the Chicago Board of Education. He is married and has one child.

Dorothy B. Weight, 1939, is the former Margaret Walker of Chicago. She is married and has two children.

Margaret S. Steiner, 1939, is the former Margaret Smith of Carbondale. She is married and has two children.

Robert R. Davis, 1939, is a bank examiner in Chicago. His address is 614 E. 34th St., Chicago.

Mildred E. Stern, 1939, is the former Mildred Stern of Mare Island Naval Shipyard. She is married and has two children.

James H. Cook, 1939, is a manager in the insurance business. His address is 1011 S. Emerald Ave., Chicago.

Mr. and Mrs. Jerry M. Hileman, 1939, are living in Truth or Consequences, N. Mex. They have one child.

Robert J. Bunker, 1940, is assistant secretary of the Illinois Manufacturers Association. He is married and has two children.

Mary Lou Renfro, 1946, to Leon Fries, in Carbondale on August 26. At home: 813 W. Church, Champaign. Mrs. Renfro is the former Mary Lou Davis of Cook, Ill. Mr. Fries is the former Leon Fries of Carbondale.

William G. Smith, 1946, to Marion Higdon, 1946, both of Perryville, Mo. Both are employed by the U. S. Army. They have one child.

Mary Eliza Prudie, 1947, is a practicing physician in the Granite City public health department. She is married and has two children.

J. R. Thompson, 1947, to Ethel S. Neumeister, 1947, of Carbondale. Both are employed by the U. S. Army. They have four children.

Arnold J. Whiting, 1950, to Gladys E. Combs, 1950, of Carbondale. Both are employed by the U. S. Army. They have one child.

Robert J. Bunker, 1940, to Mildred H. Neeley, 1940, of Carbondale. Both are employed by the U. S. Army. They have one child.

Mrs. Byron J. Daubs, 1913, to Mrs. Bert Moore, 1913, of Charleston, W. Va. Both are employed by the U. S. Navy. They have one child.

Mrs. W. A. McAlilly, 1913, to Mr. W. B. McAlilly, 1913, of Memphis, Tenn. Both are employed by the U. S. Navy. They have two children.

Maria Lou Tollefsen, 1914, to John N. Tollefsen, 1914, both of Gary, Ind. Both are employed by the U. S. Navy. They have one child.

Mrs. W. B. Smith, 1914, to Mr. W. B. Smith, 1914, of Gary, Ind. Both are employed by the U. S. Navy. They have one child.

Mary E. Paulson, 1915, to Mr. E. J. Paulson, 1915, of Gary, Ind. Both are employed by the U. S. Navy. They have one child.

John L. Wood, 1916, to Miss Susan Wood, 1916, of Gary, Ind. Both are employed by the U. S. Navy. They have one child.

Arthur E. Mumford, 1917, to Miss Emily Mumford, 1917, of Gary, Ind. Both are employed by the U. S. Navy. They have one child.

Mrs. F. E. Harris, 1917, to Mr. F. E. Harris, 1917, of Gary, Ind. Both are employed by the U. S. Navy. They have one child.

Mrs. R. F. Smith, 1918, to Mr. R. F. Smith, 1918, of Gary, Ind. Both are employed by the U. S. Navy. They have one child.

Mrs. C. A. Miller, 1920, to Mr. C. A. Miller, 1920, of Gary, Ind. Both are employed by the U. S. Navy. They have one child.
Alumni Personals

Professor G. L. Benesh, associate professor of music at the University of Illinois, has been appointed to the faculty at the University of Chicago. He is the former director of the Music Department at the University of Missouri. Dr. Benesh is the author of several books and articles on music and is a frequent speaker at educational and cultural institutions.

Dr. Harry L. Givens, associate professor of philosophy at the University of Missouri, has been appointed to the faculty at the University of Chicago. He is the former director of the Philosophy Department at the University of Missouri. Dr. Givens is the author of several books and articles on philosophy and is a frequent speaker at educational and cultural institutions.

Raymond Deardorff Hahn received his master's degree from the University of Illinois in the summer of 1950. He is teaching in the fourth grade of the elementary school in the surrounding area. His address is 514 S. Main, St. Louis.

Sister Mary Patricia Filton, S.S., is teaching in the fourth grade of the elementary school in the surrounding area. Her address is 514 S. Main, St. Louis.
