## UNIVERSITY CALENDAR

Summer, 1954

Eight Weeks

June 21	Monday	Session Begins
July 5	Monday	Independence Day Holiday
August 12-13	Thursday-Friday	Final Examinations
August 13	Friday	Commencement

Advance registration period for Summer Session will be from April 12 through June 5. June 21 will also be a registration day. See page 11 for further information.

Classes will begin on Tuesday, June 22.

The Annual Educational Materials Exhibit will be held in the University School gymnasium, July 7-8.

## GENERAL INFORMATION

### Academic Standing

Southern is accredited by the Commission on Colleges and Universities of the North Central Association in Group IV (as a University), the American Association of Colleges for Teacher Education, the Association of American Colleges, and the National Association of Schools of Music.

### Housing

*Single Students.* Women students may secure board and room at Woody Hall, a new four-story residence hall designed to provide comfortable living quarters and living facilities for 422 students. Room and board is \$120.00 for the summer session. Men students may secure rooms at Anthony Hall. It accommodates 82 men. Room is \$32.00 for the summer session. At the Vocational-Technical Institute campus, ten miles east of Carbondale, men may live in the Southern Acres Residence Halls at a cost of \$28.00 for the summer session.

Application forms for University residence halls may be secured from the Office of Student Affairs or the Office of Auxiliary Enterprises. Each application is to be accompanied by a five dollar deposit. The University reserves the right to change the rates quoted for the University housing, should it become necessary.

Additional housing is available in private homes and in several of the organized houses, including fraternities, sororities, and co-operatives, that accommodate non-members during the summer.

Students may not live in apartments without the permission of the Housing Office. Undergraduate students not living in homes with their parents or with relatives are required to live in homes approved by the University. All persons accepted as students are subject to the housing and social rules approved by the University.

Lists of room vacancies in approved homes for both men and women may be secured from the Housing Office. All requests for housing information should be addressed to the Office of Student Affairs.

*Married Students.* Every effort is made to help married students obtain satisfactory accommodations. One hundred and four two-bedroom apartments have been constructed on Chautauqua Street and are available at \$36.25 per month. This price includes all utilities.

Ninety apartments, ranking in size from one to three bedrooms, are located at the Ordnance Plant Project, ten miles east of Carbondale. Rent on those apartments ranges from \$33.75 to \$43.75 per month, according to size.

Applications for quarters in either project should be addressed to the Supervisor of Veterans Housing Projects. Requests for married students' living accommodations in Carbondale should be addressed to the Supervisor of Off-Campus Housing.

### **Student Employment**

The University assists students in obtaining employment. Employment opportunities exist in on-campus work and temporary or part-time jobs in the community and area. Inquiries relative to student employment should be addressed to the Student Employment Office.

### **Student Recreation and Entertainment**

The University gives attention to the students' recreational and entertainment needs during the summer session. Carbondale is situated in a natural recreation area affording many summer-time recreational opportunities. Giant City, a state park, is a popular picnic resort ten miles to the south of Carbondale. Excellent swimming, boating, fishing, and picnic facilities are available at Crab Orchard Lake, Little Grassy Lake, and Lake Murphysboro. All of these lakes are within a ten-mile radius of Carbondale.

During the summer session, group trips are planned to attend the Municipal Opera in Saint Louis and to various historical sites in Southern Illinois.

Swimming and intra-mural recreational programs are sponsored by the physical education departments. Outdoor square dancing programs are available. Weekly free movies, this year to be on Wednesday nights, are provided by the Audio-Visual Aids Service. The speech department will offer a Little Theatre production. All of these programs are designed to provide suitable outlets for the students' recreational and entertainment needs.

Educational opportunities other than those provided through course-work are also available. Special educational conferences permit students to participate in open sessions. Informal social hours permit students and faculty to become better acquainted. Constantly changing art exhibitions are provided by the Art department in its Gallery in the Allyn Building.

## ACADEMIC RULES AND REGULATIONS

### Admission Requirements

*Undergraduate.* To be eligible for admission, the applicant must be a graduate of a recognized high school, or over 21 years of age. Veterans not graduates of such high schools nor 21 years of age may qualify for admission by taking the General Educational Development Tests, provided their former high schools will certify high school graduation on such basis. Persons over 21 years of age and not high school graduates are required to take these tests during their attendance period at this University. These tests are regularly offered the first Friday and Saturday of each month at the Office of Student Affairs.

Out-of-state freshmen who rank in the upper three-fourths of their high school graduating classes may be admitted to the undergraduate division of Southern Illinois University upon certification by their high school principals. Out-of-state students who do not rank in the upper three-fourths of their high school graduating classes may be admitted by special permission.

Admission as a transfer student to advanced standing requires the presenting of a full record of academic experience. This includes transcript and evidence of graduation from high school, and transcript and evidence of good standing from every college or university attended. All such transcripts should be mailed directly from the institution to the Office of Admissions. At least three-fourths of transferred credits from any institution must be of "C" quality or better.

If his scholarship record shows an average below "C", the applicant will be denied admission. Appeal for exception should be addressed to the Dean or Director of the College or Division which he hopes to enter, and should be accompanied by evidence that the applicant may be readmitted to the college from which he is transferring, and by a full statement of the circumstances under which the poor record was made. The application should be made early, to permit any necessary correspondence with the authorities at the former college.

Students who were in attendance and in good standing at the close of the 1954 Spring Quarter or 1953 Summer Session need not make application for re-entrance before registering. All other former students must contact the Office of Admissions for re-entrance clearance prior to registration.

A former student who seeks re-entrance, but who is not in good standing at Southern, must clear his status before the Office of Admissions will prepare his registration permit. It is to the interest of the candidate to initiate re-entrance early so that all inquiries may be answered and so that the candidate can find time to complete any requirements that may be imposed upon him.

Admission is to a particular college or instructional division as well as admission to the University, except in the case of a student who is admitted as an unclassified student. In addition, the applicant is expected to indicate the particular major field in which he is interested. Should he be undecided, he should enroll in the College of Liberal Arts and Sciences, unless he plans to teach, in which case he may enroll in the College of Education. If any question remains, the college may be determined by turning to the Units of Instruction section of this Bulletin.

Inquiries relative to admission should be addressed to the Office of Admissions.

*Graduate School.* Admission to Graduate School is granted by the Registrar and the Dean of the Graduate School, but approval for majoring in a particular department can be given only by the chairman of that department. Field majors must be approved by the chairman of each department concerned. Unconditional admission to the Graduate School is granted only to graduates of fully-accredited colleges and universities; graduates of institutions of limited accreditation, however, may be given conditional admission, depending upon the merit of the institution concerned. Students whose undergraduate records are not such as to indicate ability to do high quality work should not expect unconditional admission to the Graduate School.

Forms upon which application may be made for admission to the Graduate School may be obtained from the Office of the Graduate School. With the application, the applicant must submit an official transcript (sent directly from the college or university from which the degree was received) of all his undergraduate work and of any graduate credits which he may wish to transfer.

A student holding a bachelor's degree, and wishing to take graduate or undergraduate courses without their being counted toward a degree at Southern, will be admitted as an "unclassi-

fied graduate student". Special application forms for such status may be obtained from the Graduate Office or the Office of Admissions. In such capacity he may enroll in graduate or undergraduate courses for which he has had the prerequisites. No course can be credited toward a master's degree unless the student, at the time the course is taken, has applied for admission to the Graduate School as a regular graduate student.

### Requirements for the Bachelor's Degree in all Academic Units

Each candidate for the degree must complete 192 quarter hours of credit in approved courses. *At least 64 must be in senior college courses, of which 48 must be earned in residence.* Each student must have a "C" average, and grades not lower than "C" in subjects aggregating at least three-fourths of the work. A "C" average is required in the major subject. These averages are required for the credit made at Southern as well as for the total record.

\*The following requirements should be met by degree candidates of all colleges within the first two years of attendance.

**Social Studies**--20 quarter hours (work in 4 departments required)

Economics, 5 hours  
Geography, 5 hours  
Government, 5 hours  
History, 5 hours  
Sociology, 5 hours

**Humanities**--18 quarter hours

English 101, 102, 103,--9 hours  
English 205, 206, 209, 311, 212--6 hours  
Art 120 or Music 100--3 hours

Note: The student is also advised to complete the foreign language requirement for the bachelor's degree within the first two years.

**Biological Sciences**--9 quarter hours

Health Education 202--4 hours  
Botany 101, 202, or Zoology 101, 105--5 hours

*\*For the Bachelor of Music and the Bachelor of Music Education degrees, for which the requirements are somewhat different, see pages 169 and 170 of the regular University Bulletin.*

**Mathematics and Physical Sciences--12 quarter hours**

Chemistry, Mathematics, Physics (The 12 hours to be selected from two departments.)

**Practical Arts and Crafts--3 quarter hours**

Agriculture, Business Administration, Home Economics, Industrial Education (Not required if the student has had any of this work in high school.)

**Physical Education--6 quarter hours****Air Science and Tactics--6 quarter hours (Men)**

Six quarter hours of Air Science and Tactics are required of all entering male freshman students, unless they are veterans or are excused from the requirement by the Military Policies Committee. Veterans who received university credit for basic training may not receive credit for the basic Air Science and Tactics nor for required activity physical education. Students who have been granted the usual academic credit for military basic training are not required to take Health Education 202, physical education activity, nor basic military.

Students may satisfy any of the above requirements by passing non-credit attainment tests. In some cases, more advanced work may be substituted for the required courses listed. Students who transfer in the junior or senior years may substitute senior college courses in most departments for the freshman-sophomore courses listed above.

Note. Before the end of the sophomore year, students will be required to remove deficiencies as shown on the freshman entrance tests. Students may remove such deficiencies by passing a university credit course, by passing a remedial course, or by passing a test given by the testing service.

Degree candidates are expected to follow the basic program set out here plus the advanced work recommended by the department in which the student expects to do his major work. If the student intends to take his degree elsewhere, the adviser may recommend changes in these requirements in favor of those of the institution from which the student plans to be graduated. If the student changes his mind and decides to take his degree at Southern, none of the above requirements will be waived.

## Fees

Fees for the eight-weeks' session:

Tuition . . . . .	\$11.25
Student Activity Fee . . . . .	7.50 (including Federal Admission Tax)
Book Rental Fee . . . . .	2.00
Total	\$20.75

Graduate student fees are the same as above with the addition of a matriculation fee of \$5.00 for graduates of schools other than Southern.

Students holding valid state scholarships and military scholarships are exempt from the above fees.

Additional special fees include the following:

Out-of-state Fee . . . . .	\$ 7.50
Late registration fee -- \$2.00 first day, \$1.00 increase each day to a maximum of	5.00
Chemistry laboratory breakage deposit . .	2.00
Botany 101 and 131 laboratory breakage deposit . .	2.00
Completion of an incomplete course . . .	1.00
Graduation . . . . .	10.00
Graduate Aptitude Test fee . . . . .	2.00

Students attending under Public Laws 346 and 16 are not required to pay any of the regular fees. Students attending under Public Law 550 are required to pay fees, both regular and special, and may not use a military scholarship for a waiving of such payment.

A student taking up to eight quarter hours inclusive may elect to pay fees on a \$2.00 per quarter basis plus a \$0.75 book rental fee per course.

Students who register by May 29 during the advance registration period will receive their Fee Address Cards by mail. This card will indicate the fee amount payable. After receipt of this card a student may pay his fees in person or by mail at the Bursar's Office. Such students must pay their fees by June 15 or their advance registration will be **cancelled** and they must completely re-register on June 21.

Students who advance register between May 31 and June 5 must pay their fees at the time they register. This also applies for those registering on June 21.

Late fees will be assessed beginning June 22 except for those students taking special workshop courses only and whose starting date is later than June 22, and for those students who are taking night courses only. Such registrations may be made on the first meeting date of the class without late fee penalty.

### **Academic Load, Course Numbers, and Credits for the Eight Weeks Session**

The normal student load for the eight-weeks' session is ten to twelve quarter hours. A student with special needs, by permission of the dean or director of his academic unit, may take a maximum of fourteen quarter hours.

Each class period is seventy-five minutes in length. The schedule of periods for the summer follows:

1st hour.....	7:30-8:45	4th hour .....	11:45-1:00
2nd hour .....	8:55-10:10	5th hour .....	1:10-2:25
3rd hour .....	10:20-11:35	6th hour.....	2:35-3:50

Courses numbered 000-099 are courses not properly falling within freshman, sophomore, junior, senior, or graduate level. Courses numbered 100-199 are primarily for freshman; 200-299 for sophomore; 300-399, for juniors and seniors; 400-499, for seniors and graduates; and 500, for graduates.

### **Grading System**

Grades are expressed in letters as follows:

	(Per quarter hour)
A, Excellent .....	5 grade points
B, Good .....	4 grade points
C, Satisfactory (this is intended to be the average grade) .....	3 grade points
D, Poor, but passing .....	2 grade points
E, Failure; all work completed including final examination, but failed .....	1 grade point
W, Course not completed; includes incomplete records of all kinds (except "deferred" for graduate students.) .....	0-5 grade points

The number of weeks the student attended is indicated by a number; if he attended more than three weeks during the summer session, this is to be followed by the grade he was making at the time of withdrawal. For example, W8B.

A grade submitted at the end of a course is final and may not be raised by additional work.

Any student who withdraws from a class without following the prescribed procedure will receive a grade of "W-E" in the course regardless of when the withdrawal occurs. A withdrawal from a course is initiated with the student's academic adviser.

Courses from which a student has withdrawn officially will be shown on his record as "W" Withdrawal within the first three weeks of the summer session will not carry a grade. Courses from which an undergraduate student has withdrawn after the first three weeks will be recorded as "W" and must carry a grade. Exceptions to this rule may be permitted for unusual circumstances but only through written approval of the student's academic dean. A graduate student may receive a grade for a course from which he has withdrawn after the third week at the discretion of the instructor.

Any change of grade, as upon the completion of a "W", must be reported within a year after the close of the term in which the course was taken. A fee of one dollar is charged for completion of a course marked "W", unless the fee is waived on recommendation of the University physician. A student who for some reason must miss the final examination may not take an examination before the one scheduled for the class. In this case a "W8" with a grade should be recorded by the instructor. The final examination may be given at a later date, within one year. A complete record of all changes in grades will appear on the official transcript.

### **Course Changes and Withdrawals from School**

A prescribed procedure must be followed by a student when desiring to change his program, or to withdraw from the University, while the period for which registered is still in progress. Failure to follow the official procedure will result in academic penalty.

Program changes by an undergraduate student must be initiated with his academic adviser. Changes by a graduate student must be approved by the chairman of the student's advisory committee, and the Dean of the Graduate School.

Official withdrawal from the University is initiated at the Office of Student Affairs. A student officially withdrawing within ten days after the beginning of the session may obtain a full refund of fees provided he makes application for a refund at the Registrar's Office within ten days following the last day of the regular university registration period. Otherwise, no refund is permitted.

### Registration Procedure

This University uses a central advisement and advance registration system. The advance registration period of the 1954 Summer Session will be from April 12 through June 5.

Summer school students should make every effort to consult their academic advisers and register during the advance registration period. Otherwise, they might not be able to secure needed, or desired, courses. Academic advisers will be available by appointment from April 5 through June 5. The Registration Center in Barracks "H" will be open from 1:00 to 4:30 p.m., Monday through Friday for the first two weeks, starting on April 12 and will be open Monday, Wednesday, and Friday afternoons thereafter. It will also process registrations during Saturday mornings.

After June 5, the Registration Center will not process registrations until June 21, except for College of Education students who were not in attendance during the 1954 Spring Quarter. Such students' registrations will be processed between June 14 and June 19.

So that a student may know how to initiate his summer registration he should study the following information carefully.

A. If he is an undergraduate student

1. He must contact the Office of Admissions to
  - a. Be admitted if he is a new student
  - b. Secure re-entry clearance if he has taken work at this University but did not do so during the 1953 Summer Session or the 1954 Spring Quarter.
  - c. Initiate re-admission permission if he has taken work at this University but was dropped at the end of his last attendance period.

2. He should first contact his academic adviser if he attended the 1954 Spring Quarter or 1953 Summer Session.
- B. If he is a graduate student
1. He must first contact either the Office of Admissions or the Graduate School to be admitted if he is a new Graduate student.
  2. He must first contact the Office of Admissions to secure re-entry clearance if he has taken graduate work at this University but did not do so during the 1953 Summer Session or the 1954 Spring Quarter.
  3. He should first contact the Graduate School if any of the above conditions do not apply to him.

### Registration Calendar

- A. Advance Registration - April 12 to June 5. (Registration Center open 1:00-4:30 p.m., Monday through Friday during first two weeks. Thereafter only on Monday, Wednesday, and Friday. Registrations will also be processed on Saturday mornings. Advisement will begin one week earlier, or on April 5.) It is advisable for all students to register during this period to assure enrollment in desired courses.
- B. College of Education students only. Students in this College who were not in attendance during 1954 Spring Quarter may register during June 14-19 period.
- C. Central Registration - June 21. (Registration Center open 8:00 a.m. - 4:30 p.m.)
- D. Late Registration - June 22 to June 26.
  1. Students may register until June 26, but will be assessed late fees.
  2. Students desiring to register after June 26 may do so only with permission of the dean or director of their academic unit.
  3. Students registering only for a night or Saturday course may do so on the first meeting date of the class without late fee payment.
  4. Students registering only for a workshop or special course that begins on a date later than June 21 may do so on the first meeting date of the class without late fee payment.

**E. Fee Payment**

1. Students advance registering by May 29 will receive Fee Address Card by mail. Fees must be paid either in person or by mail to the Bursar's Office by June 15, or advance registration will be **cancelled**.
2. Students advance registering after May 29 must pay fees at time of registration.

**F. Program Changes** may be made after students have paid their fees. However, they will not be accepted at the Registration Center between June 7 to 12, or on June 21.

## UNITS OF INSTRUCTION

Undergraduate units are the Division of Communications, the College of Education, the Division of Fine Arts, the College of Liberal Arts and Sciences, the Division of Rural Studies, and the College of Vocations and Professions. The graduate program is under the jurisdiction of the Graduate School. The Division of Technical and Adult Education offers one and two year terminal programs in vocational and technical courses and non-credit Adult Education courses. The Division of University Extension is an all-University agency through which all college credit courses in extension are scheduled.

---

### ● DIVISION OF COMMUNICATIONS

The Division is composed of the departments of Journalism and Speech. Both departments offer curricula in the College of Education and offer the Bachelor of Science degree in the Division of Communications to persons completing majors in one of the various emphases of these departments. The Speech Department also offers a major in the College of Arts and Sciences composed of non-professional speech courses. Minors are offered by both departments for students electing to major in other fields.

Students majoring in either of the departments of the Division must meet the general University requirements listed on page 5 as well as the specific requirements of their major fields.

---

### ● COLLEGE OF EDUCATION

The College of Education is for men and women who are already members of the teaching profession, and for young people who intend to enter the field of teaching or of educational administration, or some related field. Its aim is to provide a fully-rounded program of pre-service and in-service instruction and study. Its undergraduate and graduate curricula are intended to prepare students for teaching in the rural and elementary fields, high school, and college, and for holding positions as school administrators, supervisors, and supervising teachers. Opportunity for in-service growth is provided on a graduate or an undergraduate basis and also on a credit or non-credit basis.

## Requirements

**General Requirements.** All students in the College of Education must complete the general University requirements listed on page 5, including American history and government. (In this University, this means History 201 or 202 and Government 101, 231, or 300.) No general requirement in foreign language applies to the College of Education. In certain departments, however, foreign language is required of majors in secondary education.

### Majors and Minors in the College of Education

**A. Kindergarten-Primary.** With a Kindergarten-Primary major the student also must carry 24 quarter hours each in (a) the social studies, (b) the natural sciences, and (c) the language arts.

**B. Elementary.** Students preparing to teach in elementary schools are not expected to major in an academic department; the student's major is called elementary education. A student must have 36 quarter hours in education in addition to a minimum of 12 quarter hours in student teaching. He also must carry 24 hours each in (a) the social studies, (b) the natural sciences, and (c) the language arts.

**C. Secondary.** The student who is registered in the College of Education and preparing to teach may carry a major in any department of any of the three colleges of the University, provided the department offers an undergraduate major. The major must be of at least 48 quarter hours, with a minor of at least 24 quarter hours (the major and minor being in different fields); or the student may carry a major of 36 quarter hours with two approved minors of 24 hours each. Additional elective hours in the major and minor fields are also encouraged. A "field major" may be carried in the social studies.

---

## ● DIVISION OF FINE ARTS

The Division is composed of the departments of Art and Music. Both departments offer curricula in the College of Education and College of Liberal Arts and Sciences as well as for students enrolled in the Division.

The following bachelor's degrees are permissible for students majoring in Art:

1. Bachelor of Science in Education (for students in the College of Education.) Major in Art Education.
2. Bachelor of Arts (for students in the College of Liberal Arts and Sciences). Major in Art History.
3. Bachelor of Arts (for students in the Division of Fine Arts). Major in Advertising Art; Drawing and Painting; Product Design; Pottery.

Music Department curricula are designed leading to the following degrees:

1. Bachelor of Music, for students in the Division of Fine Arts, who intend to make performing in music their profession. A junior recital is required.
2. Bachelor of Science in Education, for students in the College of Education, who intend to make the teaching of music their profession.
3. Bachelor of Music Education, for a special certificate to teach music only.
4. Bachelor of Arts, for students in the College of Liberal Arts and Sciences, who want a specialization in music as a part of their general cultural education.

---

## ● COLLEGE OF LIBERAL ARTS AND SCIENCES

The College of Liberal Arts and Sciences grants the degree of Bachelor of Arts.

### Requirements for Graduation

Each candidate for the bachelor's degree must meet the following requirements:

192 quarter hours' credit in approved courses.

Of this, 64 quarter hours must be in courses numbered 300 and above, of which 48 must be in residence. No departmental method courses or student teaching may be counted in fulfillment of the degree requirements, except as stated below:

A grade point average of 3.0, and grades not lower than "C" in subjects aggregating at least three-fourths of the work. "C" average is required in the major subject.

General education requirements as listed on page 5.

4 hours in psychology or philosophy.

A reading knowledge of a foreign language. This ordinarily requires 9 hours of university study or its equivalent.

Proficiency in English, demonstrated by examination at the end of the junior year.

A major of at least 42 hours, and a minor of at least 24 hours, in the following subjects (some departments require more):

*Art	Foreign Language	Mathematics	Physics
Botany	Geography	Microbiology	Psychology
Chemistry	Government	*Music	*Speech
Economics	Health Sciences	Philosophy	Sociology
English	History	Physiology	Zoology

\*Liberal Arts, non-professional majors

Pre-professional courses: Students planning to take pre-dental, pre-legal, pre-medical, pre-pharmaceutical, pre-occupational therapy, pre-physical therapy, or pre-veterinary courses should register in the College of Liberal Arts and Sciences.

Limited High School Teaching Certificate: Students enrolled in the College of Liberal Arts and Sciences may meet the state requirements for a limited high school teaching certificate by using as their electives certain prescribed courses in the College of Education. Approval of such schedule should be secured in advance from the Dean of the College of Education. Students who plan to enter teaching as a profession should enroll in the College of Education.

---

#### ● DIVISION OF RURAL STUDIES

The Division of Rural Studies provides instruction, demonstration, and consultation in agriculture, forestry, and other activities directed toward the rural development of Southern Illinois. The Division includes the Department of Agriculture,

which is the instructional unit, the University Farms and the Illinois Horticulture Experiment Station, which are experimental and demonstrational units.

The Department of Agriculture serves the needs of

1. Those desiring pre-professional training for
  - a. Forestry
  - b. Certification under the Smith-Hughes Law for teaching Vocational Agriculture.
  - c. Pre-veterinarian training with a major in Agriculture.
2. Those wanting a four-year education leading to a baccalaureate degree of
  - a. Bachelor of Science.
  - b. Bachelor of Science in Education.

Students in the Division working toward a Bachelor of Science Degree must satisfy the general University requirements listed on page 5. Such students will major in agriculture and no minor is required.

---

## ● COLLEGES OF VOCATIONS AND PROFESSIONS

The College of Vocations and Professions serves the needs of

1. Those desiring pre-professional training for
  - a. Engineering
  - b. Medical Technology
  - c. Nursing
2. Those wanting a four-year education leading to the baccalaureate degree, Bachelor of Science in the departments of
  - (a) Business Administration
  - (b) Economics
  - (c) Home Economics
  - (d) Industrial Education
  - (e) Nursing Education

Each candidate for the Bachelor of Science Degree must fulfill the general University requirements listed on page 5. Each curriculum provides a major field of concentration. A minor is not required.

Students desiring teacher-training in any of the above fields will take subject matter work in these departments, but they will register in the College of Education. Professional education courses are accepted toward a degree in this college only by special permission of the dean, obtained in advance.

---

## THE GRADUATE SCHOOL

The administration of the Graduate School is carried on by the Graduate Council. The Graduate Council is composed of the Dean of the Graduate School as chairman, the Vice President for Instruction, the deans and directors of undergraduate colleges and divisions in which graduate courses are offered, and six members of the graduate faculty, nominated by the Dean of the Graduate School and appointed by the President. The faculty of the Graduate School is composed of the President of the University, the Dean of the Graduate School, and members of the University faculty who are designated by a committee consisting of the deans and directors of colleges and divisions providing courses for the graduate program, the Chief Officer of Instruction, and the Dean of the Graduate School.

### Graduate Degrees

The Graduate School offers instruction leading to the degrees of Master of Arts, Master of Fine Arts, Master of Science, and Master of Science in Education.

The degrees of Master of Arts and Master of Science, are available in the fields of biological sciences, botany, English, foreign languages, geography, government, history, mathematics, microbiology, philosophy (minor), physical sciences, physics, speech, sociology, and zoology.

The degree of Master of Science in Education is available in the fields of biological sciences, educational administration, instructional supervision, elementary education, English, foreign languages, guidance and counseling, home economics, industrial education, mathematics, philosophy (minor), physical sciences, special education, speech, and social sciences.

The Degree of Master of Fine Arts is available in art.

### **Advisory Committee**

Each student admitted to the Graduate School is assigned by the Dean of the Graduate School an adviser representing his major. This adviser assists the graduate student in making out his program of studies, both term-by-term and long-range. As soon as the student has selected his thesis topic and special thesis adviser, such adviser is named chairman of his advisory committee.

### **Summer Session Hour Limitation**

Twelve quarter hours of graduate credits are the maximum load permitted during the summer session, without special written permission on the part of the Dean of the Graduate School.

## **GENERAL REQUIREMENTS FOR THE MASTER'S DEGREE**

### **Graduate Courses**

Courses offering graduate credit are numbered from 400 to 499 when they are open to advanced undergraduates and to graduate students; and they are numbered 500 to 599 when they are open to graduate students only. Courses numbered below 400 do not carry graduate credit.

### **Credit Requirements**

Forty-eight quarter hours of acceptable graduate credits are required for the master's degree, of which a minimum of 24 quarter hours must be on the 500 level. A minimum of 30 quarter hours of residence credits is required for the master's degree.

### **Time Limitation**

It is necessary for a student to complete requirements for the degree within a six-year period; only work taken during the last six years prior to graduation will be counted toward the degree.

### **Grades**

Grades are recorded by the letters A, B, C, D, and E. An average of "B" in all graduate courses taken is required for the master's degree. No course with a grade below "C" will be counted toward the degree.

## GRADUATE-LEVEL INTERNSHIP PROGRAM FOR TEACHERS, SUPERVISORS, OR ADMINISTRATORS

The Southern Illinois University graduate-level teacher, supervisor, or administrator internship program is designed to meet the needs of those graduate students who desire to obtain practical experience in a public school while working on the master's degree in education. Graduate students may enroll either in a teaching, supervising, or administrative program, majoring either on the secondary or elementary level.

The necessary application for admission to this program may be secured from the Director of Teacher Training and should be filed with him at the earliest possible date. Interns will be accepted in order of applications received and approved. Professional courses selected by the intern to meet the 32 quarter hours of class work must be approved, prior to enrollment, by the Director of Teacher Training.

For more detailed or specific information concerning the graduate program, write directly to the Dean of the Graduate School. The general University Bulletin also contains additional information and will be sent upon request by the Office of Admissions.

---

### ● DIVISION OF TECHNICAL AND ADULT EDUCATION

The Division administers the Vocational-Technical Institute for students enrolling in vocational and technical courses leading toward two-year terminal certificates of "Associate in Art", "Associate in Technology", or "Associate in Business", and for other students enrolling in vocational and technical courses to be taken singly or as units toward short-course certificates.

The Division also administers the non-credit Adult Education courses offered by staff members of the Vocational-Technical Institute or members of college or division departments.

---

### ● DIVISION OF UNIVERSITY EXTENSION

The Division offers off-campus courses during the summer months when sufficient requests and needs indicate that such should be done. The Dean of University Extension should be contacted by interested persons.

## FIELD COURSES, WORKSHOPS, AND SHORT COURSES

### Field Courses

#### ● ANTHROPOLOGY

The Department of Sociology and Anthropology and the University Museum will conduct an Anthropological Field Session in Durango, Mexico, from June 21 to August 14, 1954. Enrollment is limited to fifteen men and women students. Students will register for eight quarter hours credit in Sociology 341 (Field Methods and Techniques in Archaeology). Advanced students alternatively may register for four to six quarter hours credit in Sociology 422 (Reading and/or Research in Anthropology).

Students will live in the city of Durango and will participate in the excavation of the buildings and pyramids of a large ruin located in the nearby hills. Five days of each week will be devoted to lectures and supervised field work. Weekend field trips are planned to the large archaeological sites of Chalchihuites and La Quemada in Zacatecas, and to others located across the Sierra Madre Occidental on the Pacific coast near Mazatlan. Informal field trips will be arranged on other weekends. Students desiring to improve their knowledge of the Spanish language and Mexican culture may register for weekend and evening courses at the Instituto de Benito Juarez in Durango City.

Several student assistantships will be available for students interested in earning part of their expenses. Applications for admission to the Field Session and for student assistantships must be received by March 15 and preregistration must be completed by April 15. For application blanks and detailed information write Dr. J. Charles Kelley, Museum, Southern Illinois University, Carbondale, Illinois.

#### ● FOREIGN LANGUAGES

The Department of Foreign Languages is offering its second study-tour of Mexico (Spanish 360). The course will begin with summer registration, June 21. The students will leave the campus July 3 and return August 7. The course will end August 13. It will carry 8 quarter hours of credit and will be open to Spanish majors and minors, and others with advanced standing in Spanish.

The first two weeks will be spent on the campus, and will consist of lectures on the history and customs, the art and culture of the country, as well as drill upon useful phrases. The group will travel by cars to Mexico City, which will serve as headquarters for three weeks, with side trips to Oaxaca, Taxco, Guadalajara, etc.

The fee for the tour has been set at \$175.00, and will include transportation, lodging, and guide service. Meals are not included. Fee is due before June 1. In addition, those students taking the tour for credit will be subject to regular registration fees.

Anyone interested in taking this tour (with or without credit) should write directly for reservation or information to the director of the tour, Dr. J. Cary Davis, Department of Foreign Languages.

---

## ● GEOGRAPHY

The department of Geography will offer Geography 450. This course will take the student through the Southwestern United States. The states of New Mexico, Arizona, California, Nevada, Utah, and Colorado are included within the itinerary. The course will start June 21 and end August 11. Students registering for credit must spend the first week, June 21 to June 26, on the campus studying the areas to be visited. Following the classroom work, six and one-half weeks, June 28 through August 11, will be spent on tour. Students may earn ten quarter hours of residence credit, which may be counted as natural science. The course is open to juniors, seniors, and graduate students who have had a minimum of Geography 100 or the equivalent.

The exact cost to the student taking this course cannot be given. No estimate has been made of the cost for the one week spent on the campus. The cost of the trip has been set at \$325. This includes course registration fee, bus transportation, lodging, insurance, study materials, and University tuition. It does not include meals, laundry service, optional excursions, admission charges to museums, etc. A deposit of \$50, which includes a course registration fee of \$5.00, is required for admittance to the course. The balance of \$275 is due not later than May 15. Students, up to a maximum of thirty-five, will be admitted in order of receipt of deposit.

Deposits, except for the registration fee of \$5.00, may be withdrawn, if for good reason, before May 1. After May 1, deposits, as well as subsequent payments are refundable only if the student withdrawing provides a substitute. The registration fee will not be refunded unless the course is cancelled.

In view of the fact that this trip will be somewhat strenuous, only those in good physical health will be accepted. Students will be required to submit notes from their doctors stating that their health will permit them to take the trip.

Anyone interested in the tour should write Dr. Robert A. Harper, department of Geography and Geology, who will direct the course.

### Workshops

---

#### ● ART

The Art Department's summer schedule will feature workshops in Jewelry, Weaving, Sculpture, Design, and Pottery. Each workshop will be four weeks in duration. In addition, Art 300, Art Education, will be offered as two four-week workshops. Students in art education may register for one or both workshops.

All of the workshops provide opportunity for concentrated work in specialized areas. Either beginning or advanced students may register for workshops under appropriate course numbers. These numbers may be found under the Art Department in the schedule of classes appearing in the last part of the Bulletin.

The art education workshops will include presentation of lectures, conferences, and demonstrations by visitors prominent in the field of art education.

---

#### ● EDUCATION

Two workshops, Education 441, Workshop in Teaching Elementary Science, and Education 463, Workshop in Public School Relations, will be offered by the Department of Education. Authorities from outside the University are to be brought in to take part in workshop instruction.

These courses for teachers and administrators are scheduled during the regular summer session, and each may be completed in either two or four weeks. Persons who wish to take other classes in the mornings may take a workshop for four

quarter hours of credit by attending afternoons for four weeks. Persons who wish to take only a workshop may take either one for four quarter hours of credit by attending both morning and afternoon for two weeks.

Education 441 will be offered from June 21 to July 16. Education 463 will be offered from June 21 to July 16. Both workshops may be taken 2 weeks all day or 4 weeks 3 hours daily in the afternoon.

---

#### ● FOREIGN LANGUAGE AND EDUCATION

The Department of Foreign Languages is offering a four-week workshop in elementary school foreign languages (Education 435 or Foreign Languages 435) for

1. Elementary school teachers who wish to integrate a foreign language into their teaching programs in social sciences, English, art, or other fields.
2. High School language teachers who wish to introduce or to supervise foreign language classes at the elementary school level.

The workshop will meet from 7:30 to 11:45 daily with occasional afternoon or evening sessions to demonstrate mechanical aids or language club techniques. Students will work out introductory lessons at different elementary grade levels and will receive intensive drill in the language of their choice. The course will be given by Dr. Hartwig and Dr. Peacock, with the assistance of consultants from the College of Education, demonstration classes, and foreign graduate assistants.

This workshop will run from June 21 to July 16. The credits may be counted as either education or foreign language credits. Students should have at least one year of a foreign language to enter the course.

---

#### ● GUIDANCE AND SPECIAL EDUCATION

Guidance and Special Education 480, a workshop in Counseling the Handicapped, will be offered from July 5 to July 16. This workshop is primarily for persons acting as counselors in institutions or as social and welfare workers who have contacts with handicapped persons. Emphasis will be placed upon rehabilitation. The Illinois Tuberculosis Association and the

Division of Rehabilitation are cooperating with the University in sponsoring this workshop. Prominent speakers from the University, State offices, and United States offices will participate. The workshop will carry four quarter hours of credit.

---

#### ● HEALTH EDUCATION AND HOME ECONOMICS

A workshop in Health and Nutrition (Health Education 376 or Home Economics 376) is being offered cooperatively by the Health Education and Home Economics Departments. The workshop will be offered from June 21 to July 2. The student registers in the department of his choice. Instruction in foods, nutrition, sanitation, and other public health problems as related to the school lunchroom, camping programs, and other quantity feeding programs. The workshop is designed primarily for supervisors of school lunchrooms, school administrators, camp leaders, school nurses, and any others responsible for preparing foods in quantity. Coordinators are Ralph Boatman, Health Education, and Mary Louise Barnes, Home Economics. Consultants from the University and specialists from various outside agencies will also participate. The class meets daily from 1:00 to 5:00 p.m., at Giant City. Living arrangements can be made at Giant City for those who wish to live there. For further details on housing or on the course write to either coordinator.

---

#### ● MUSIC

A Wind Instrument Workshop (Woods and Brasses) is being offered under the auspices of the Department of Music and the Division of University Extension during the week of June 14 to June 18. The following artists will be in charge of workshop sessions:

Dr. Donald McGinnis, Woodwinds, Ohio State University

Mr. William Gower, French horn and low brasses, State University of Iowa

Mr. Phillip Olsson, trumpet, Southern Illinois University

The workshop is open to high school students and teachers. Registration will be on Monday, June 14, at 8:00 a.m., in the lobby of Shryock Auditorium. There will be no charge for at-

tending the workshop except for those who desire University housing. Housing accommodations will be available at Woody Hall. Evening entertainment will be arranged by the Division of University Extension.

The workshop schedule is as follows:

Monday: 1 p.m. - Workshop in French Horn (place to be announced)

2 p.m. - Workshop in Woodwinds " " " "

3 p.m. - Workshop in Trumpet " " " "

4:30 - 5:30 p.m. - Band (Shryock Auditorium)

Tuesday: 9 to 10 a.m. - Band; 10:30 to 12 p.m. - Small ensembles

Wednesday: (Same as Tuesday)

Thursday: (Same as Tuesday)

Tuesday, Wednesday, and Thursday afternoon schedules are the same as for Monday above.

Friday: Individual conferences by appointment. During the noon hour, there will be a workshop dinner.

### Short Courses

#### ● HOME ECONOMICS

Home Economics 540, Trends in Consumer Problems, will be offered July 19 to July 31. Credit is four quarter hours. The course will cover consumer education in the public school program; selection of individual and group problems for investigation; planning and preparing units and source material in the field. Specialists in various phases of consumer problems and from the State Department will participate. Student may pre-register or may register on May 21.

Home Economics 566, Seminar in Home and Family Life, will be offered June 21 to July 16. Credit is four quarter hours. The course involves a study of factors that promote satisfactions within the immediate family; planning and preparing teaching units and source materials in this field.

For additional information on either of the two courses, write to Dr. Eileen E. Quigley, chairman of the Department of Home Economics.
