Objectives of Southern Illinois University

TO EXALT BEAUTY

IN GOD,
IN NATURE,
AND IN ART;
TEACHING HOW TO LOVE THE BEST
BUT TO KEEP THE HUMAN TOUCH;

TO ADVANCE LEARNING

IN ALL LINES OF TRUTH
WHEREVER THEY MAY LEAD,
SHOWING HOW TO THINK
RATHER THAN WHAT TO THINK,
ASSISTING THE POWERS
OF THE MIND
IN THEIR SELF-DEVELOPMENT;

TO FORWARD IDEAS AND IDEALS

IN OUR DEMOCRACY,
INSPIRING RESPECT FOR OTHERS
AS FOR OURSELVES,
EVER PROMOTING FREEDOM
WITH RESPONSIBILITY;

TO BECOME A CENTER OF ORDER AND LIGHT

THAT KNOWLEDGE MAY LEAD
TO UNDERSTANDING
AND UNDERSTANDING
TO WISDOM.

General Information

THIS BULLETIN contains the schedule of classes to be offered on the Carbondale and Vocational-Technical Institute campuses for the fall, winter, and spring quarters of the 1960-61 school year. It also provides the student with information relative to advisement and registration, fees, various calendars of events, and allied information as well as a listing of courses. Classes offered during the summer session for the two campuses will continue to appear in separate summer session bulletins which are usually available during March of each year.

Class schedule information for the University's Southwestern Illinois Campus is to be secured from the Registrar's Office, Southwestern Illinois Campus, Southern Illinois University, Edwardsville, Illinois, or at the Registrar's Office at the Alton or East St. Louis centers.

Each student must keep his copy of this schedule for the entire school year because he must use it for each quarter's registration.

ADVISEMENT AND REGISTRATION SYSTEM

The University uses a central academic advisement system whereby each undergraduate academic unit has a chief academic adviser and a number of assistant advisers selected from the teaching faculty. After a student has received his Certificate of Admission, his next step is to contact the Academic Advisement Center, 1218 South Thompson Street, for an appointment with an academic adviser of the academic unit in which he is entering.

After advisement the student then may register for classes. The new student should also familiarize himself with the registration system used on the Carbondale campus. For a number of years, an advance registration system has been used through which a student is expected to register for a quarter before the quarter starts. The registration calendars for the 1960-61 school year will be found on pages XIII to XV.

During the registration process the student goes through the Sectioning Center where the assignment is made to specific sections of the courses the student is to take. For a number of years the Carbondale campus has had to schedule classes at night and on Saturday mornings because of space limitations. A student is to expect assignment to night or Saturday morning classes even though it is recognized that these may be considered undesirable class hours.

ADVISEMENT AND REGISTRATION PROCEDURE

NEW STUDENTS

New undergraduate or graduate students are permitted to advance register for the fall quarter only after admission is approved as evidenced by their receiving the Certificate of Admission from the Admissions Office. New transfer students do this by contacting the Academic Advisement Center, 1218 South Thompson Street, and graduate students by contacting the Graduate School Office, 309 West Mill Street.

All entering freshmen must take the test battery **PRIOR TO** advisement and registration. (Students who ranked in the lowest quarter of their graduating class must take the test battery before they can be considered for admission). Students who have not taken the tests may do so on the following dates: July 11, 16, 18, 23, 25, 30 and August 1, 15, 20, and 22. As will be noted, these dates are either Mondays or Saturdays. On Mondays the test will be given in Furr Auditorium (University School) and on Saturday in Browne Auditorium (Parkinson Laboratory).

Testing sessions will begin at 8:30 A.M. (C.D.T.) and continue until 4:00 P.M. Students taking the tests **WILL NOT** be able to be advised or registered on the same day. Students who live a considerable distance from Carbondale may desire to stay overnight and be advised and register on the Tuesday after a Monday testing session. Those students who plan to make two trips to the campus rather than remain overnight and those students living close to Carbondale should plan to be advised and register on a day other than Tuesday if possible.

If the student cannot register in advance and cannot come to Carbondale to take the tests during the summer, he must take these tests on Thursday, September 15.

The Academic Advisement Center and Sectioning Center will be open during the following times:

July 5–August 5—8:00 A.M. to 3:30 P.M. (C.D.T.)

August 17–August 28—7:30 A.M. to 3:00 P.M. (C.D.T.)

The above times are for Monday through Friday. The offices are also open Saturday mornings from 8:30 to 11:30 A.M. during these periods, but the number of students who can be handled is rather restricted.

If a student cannot be in Carbondale to be advised on these dates, he will be advised, register, and pay his fees during New Student Week, September 16–20.

All other new students will be advised, register, and pay fees on September 21, if they have not been able to advance register.

New students planning to enter the University on the Carbondale campus during the winter or spring quarter should initiate action by contacting the Admissions Office. Specific advisement and registration information will be furnished as they complete their admission procedure.

RE-ENTERING STUDENTS

Students who have attended the University at some former time but not during the session immediately prior to the time they plan to re-enter should initiate action by contacting the Admissions Office. Specific advisement and registration information will be furnished as they complete their re-entrance procedure with the Admissions Office.

CURRENT STUDENTS

All students currently registered in the University will be continued in their present curriculum unless a change of college or major is made. A change of college or major is initiated with the student's adviser. Either change should be made at the time of advisement, and the Registrar's copy of the change form should accompany the student's registration. Changes of college or major made after a registration has been processed will not be reflected in the student's records until the next registration.

An undergraduate student currently registered in the University will schedule an appointment with his adviser. At the time of advisement he will secure his authorization card and other registration cards. These are to be processed through the Sectioning Center as soon as possible after advisement.

A graduate student currently registered in the University will report

to the Office of the Graduate School, 309 West Mill Street, to initiate the registration process. After the registration forms have been approved by the Dean of the Graduate School, they will be brought to the Sectioning Center, 1218 South Thompson Street.

PAYMENT OF FEES

A student who advance registers will receive his fee statement and receipt card by mail, and his fees may be paid either by mail or in person by the deadline date specified in the registration calendar. Upon payment of fees, the fee statement and receipt card will be stamped by the Bursar and returned to the student as a fee receipt together with the No. 3 program card. These cards should be carried at all times. They serve as official authorization to attend classes as scheduled and must be presented to obtain books and activity cards and to process program changes. If fees are paid in person, these cards will be given to the student at the time of payment. If paid by mail, they may be picked up at any time thereafter at the Bursar's Office.

A student who does not advance register must pay his fees at the time he registers.

FEES FOR A REGULAR QUARTER

Illinois students taking more than 8 hours will pay the following regular fees:

| | |
|-----------------------------------|---------|
| Tuition | \$42.00 |
| Book rental | 5.00 |
| Activity fee | 9.50 |
| Student union building fund | 5.00 |
| Total | \$61.50 |

Illinois students taking eight or fewer hours will pay half tuition and book rental, will have an option of paying the activity fee, and will pay the full student union building fund fee. Once an option has been made by a student at the time of registration as to whether or not to pay the activity fee, such option is irrevocable. A part-time student, then, will pay either \$28.50 or \$38.00.

Out-of-state students will pay an additional tuition of \$50.00 if taking more than eight hours and an additional \$25.00 if taking eight hours or less.

In addition to the above, students registering for the first time during the year for AF ROTC will be subject to a \$5.00 equipment deposit.

Students having special fee status such as scholarship holders, faculty and staff, etc., will pay fees according to their particular status.

The University reserves the right to change fees and have the change go into effect whenever the proper authorities so determine.

REGISTERING FOR ONLY NIGHT AND/OR SATURDAY CLASSES

Students registering for only night and/or Saturday classes may advance register, during regular office hours, the same as other students. Registration offices are also open on two nights, between 5 and 7 P.M., during each advance registration period for the convenience of these students. (Refer to Registration Calendar). In addition, registration offices are open on the first night of each quarter from 6 to 8 P.M. and on the first Saturday of each quarter from 8:30 A.M. to 1:00 P.M. for registering these students.

LATE REGISTRATION

The first day of a quarter is considered the last day of the regular registration period. Registrations, including those involving "to be arranged," thereafter are considered late registrations and are assessed the appropriate late registration fee. This is \$2.00 the first day with an additional \$1.00 per day to a maximum of \$5.00. The ONLY exception to this late fee rule is for students taking ONLY night and/or Saturday classes. These students may register on the first Saturday without a late fee. Thereafter, these students pay a straight \$5.00 late registration fee. Registration is permitted during the first two weeks of a quarter. Registration thereafter will be permitted only with the written approval of the student's academic dean and will apply only to those students who, for a valid reason, could not arrive on campus during the first two weeks. Any student who was on campus during the first two weeks of a quarter and who attempts to complete his registration (clearing his fees at the Bursar's Office) thereafter will not be permitted to do so.

Veterans attending under one of the public laws should note that the Registrar's Office will certify enrollment and attendance to the Veteran's Administration, for subsistence purposes, only as of the date when fees were cleared at the Bursar's Office, should registration take place after the opening date of the quarter.

Students registering ONLY for a course(s) whose meeting time is listed as "to be arranged" in the Schedule of Classes must be registered by the first day of a quarter or be assessed late registration fees the same as regular students.

AUDITING OF COURSES

A student may register for courses in an "audit" status. As an auditor a student receives no letter grade and no credit for a course. When registering as an auditor a student's registration card must be marked accordingly. An audit student pays the same fees as though he were registering for credit. When auditing, a student is expected to attend regularly and is to determine from the instructor the amount of work expected of him. If an auditing student does not attend regularly, the instructor may determine that the student should not have the audited course placed on his record card maintained in the Registrar's Office. A student registering for a course for credit may not later change to an audit status or vice versa except for fully justified reasons. Such a change will ordinarily require the student's academic dean's approval.

REGISTERING FOR AND WITHDRAWING FROM COURSES

A student is officially registered only for those courses appearing on his registration cards. Any change therefrom can be made only after fees are paid and must be made through an official program change. A student processing a program change will be required to present his fee receipt and No. 3 program card and must follow the following procedure:

1. If the change involves a change in courses and the student is a graduate student, action is initiated with the graduate adviser and the program change form approved at the Graduate School. The program change form must be taken to the Sectioning Center **WITHIN TWO DAYS** after approval by the adviser. Then follow step number four (4) below.
2. If the change involves a change in courses and the student is an undergraduate student, action is initiated with the student's adviser at the Academic Advisement Center. The program change form must be taken to the Sectioning Center **WITHIN TWO DAYS** after approval by the adviser. Then follow step number four (4) below.
3. If the change involves only a change in section of a class, initiate action at the Sectioning Center. Then follow step number four (4) below.
4. After clearing the change at the Sectioning Center, it must be presented to the Bursar's Office for payment if the program change

fee has been assessed and then taken to the Enrollment Center in the Registrar's Office for final processing. If the program change fee has not been assessed, the program change must be taken to the Enrollment Center in the Registrar's Office directly from the Sectioning Center.

5. A student has not completed his program change until he presents it to the Enrollment Center in the Registrar's Office.

Program changes (except for section changes and dropping of courses) made after the second week of a quarter will require the approval of the student's academic dean or his designated representative.

Mere attendance does not constitute registration in a class nor will attendance in a class for which a student is not registered be a basis for asking that a program change be approved permitting registration in that class.

A program change must be made in order to drop a course. A student may not drop merely by stopping attendance. The last date for dropping a course without receiving a W-grade is the last day of the fourth week of a quarter.

Program changes will not be accepted at the Sectioning Center on the first day of a quarter.

WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Office of Student Affairs to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is OFFICIALLY completed within the first two weeks of a quarter and if the application for a refund is received in the Registrar's Office within two weeks following the last regular registration period. See the Registration Calendar for the specific dates concerning withdrawal and refunding of fees.

A student who advance registers, including paying of fees, and then finds that he cannot attend school must also officially withdraw from school. He may do this by writing the Office of Student Affairs and asking them to initiate official withdrawal action for him. This must be done by the end of the first two weeks if the student expects to get a refund.

CANCELLATION OF REGISTRATION

An advance registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register

due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the Registrar by the Director of the Office of Student Affairs.

PERSONAL DATA CHANGES

1. A CHANGE IN ADDRESS, whether local, home, or parents', is to be reported by the student to the reception desk in the Registrar's Office as soon as possible after the change occurs. The above addresses for a student are obtained from his Number 4 registration card when he first registers for a quarter during the year. Address changes are not made thereafter during the year unless they are reported as above by the student.
2. A CHANGE IN NAME is to be reported to the Enrollment Center in the Registrar's Office. A change for marital reasons will be done on the basis of a signed statement. Other changes may require the presenting of legal evidence.
3. A CHANGE IN MARITAL STATUS is to be reported to the Enrollment Center. A change will be made if it is based upon incorrect coding or punching. Any other changes must be accompanied by a signed statement.
4. A CHANGE IN LEGAL RESIDENCE (whether an Illinois or out-of-state resident) is to be requested on the Application to be Declared an Illinois Resident form in the Registrar's Office. Before the request is honored, the Registrar must be satisfied that the student has met the regulations governing residency status as established by the Board of Trustees.

Class Schedule Information

THE FOLLOWING material may be of value in interpreting the information appearing in the class schedule.

COURSE NUMBERS AND HOURS

The column containing this information shows the number of the course first, followed by the number of hours of credit. Course numbers are three digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number. The number appearing after the hyphen denotes the hours of credit for the course. In some cases there may be more than one number following the course number such as 599-2 to 5. This represents a variable hour course in which the student decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

- 000-099 Course not properly falling in freshman, sophomore, etc. sequence
- 100-199 For freshmen
- 200-299 For sophomores
- 300-399 For juniors and seniors
- 400-499 For seniors and graduate students
- 500-600 For graduate students only

PREREQUISITES

For the guidance of students many courses list the courses which need to have been taken before the one under question can be taken. These prerequisites may be listed in a number of different ways. If only a number appears in the column, this refers to the department's own course. If the course is another department's course, the department will be listed prior

to the number. On advanced course levels registration in a course may require the consent of the instructor or of the department.

The listing of prerequisites provides ready information for students. An effort has been made to have the listing be as complete as possible but this is not guaranteed. For the official listing of course descriptions and prerequisites, a student needs to consult the bulletin of the academic unit within which the department is located.

BUILDING NUMBER AND ROOM NUMBER

The following list of building abbreviations will help in the location of classrooms. In the class listings the room number appears after the building abbreviations. The University finds it necessary to use a number of temporary structures for classroom purposes. In the class listing these are noted by the letter T, followed by the building number. If the building contains more than one classroom the number of the room follows the abbreviation, Rm, such as, T 32 Rm 101. Building abbreviations follow:

LISTING OF COURSES

In the following schedule of classes, departments in which courses are being offered are listed in alphabetical order. Courses within the departments are listed in order by course and section number.

INTERDEPARTMENTAL COURSES

Courses of an interdepartmental nature are offered in the humanities, science, and social studies areas. These courses are for upperclass students, and their purpose is to provide the student with an overview of the broad field after he has taken a number of courses within the more specialized area of his major. While not compulsory, it is believed that the benefits of these courses will be self-evident to the student who is interested in securing a proper perspective of his specialty as it relates to other human activities. They are to meet at the same time as the freshman convocations which usually are held at 10:00 A.M. on Thursday. These courses carry one hour of credit.

The courses to be offered during the 1959-60 academic year are as follows:

| | |
|----------------------------|----------------------------|
| Humanities 301-1 | Man's Cultural Background |
| Science 301-1 | Man's Physical Environment |
| Social Studies 301-1 | Man in Society |

COURSES "BY APPOINTMENT" OR "TO BE ARRANGED"

Students registering for courses listed as "by appointment" or "to be arranged" should consult with the instructor indicated, or with the department chairman if no instructor is listed, to determine time and place of meeting.

TENTATIVE COURSES

Courses which have a "T" appearing before the section numbers have been tentatively scheduled. The sections will be opened for registration only if staff is available.
