Objectives of Southern Illinois University

TO EXALT BEAUTY

IN GOD,
IN NATURE,
AND IN ART;
TEACHING HOW TO LOVE THE BEST
BUT TO KEEP THE HUMAN TOUCH;

TO ADVANCE LEARNING

IN ALL LINES OF TRUTH
WHEREVER THEY MAY LEAD,
SHOWING HOW TO THINK
RATHER THAN WHAT TO THINK,
ASSISTING THE POWERS
OF THE MIND
IN THEIR SELF-DEVELOPMENT;

TO FORWARD IDEAS AND IDEALS

IN OUR DEMOCRACY,
INSPIRING RESPECT FOR OTHERS
AS FOR OURSELVES,
EVER PROMOTING FREEDOM
WITH RESPONSIBILITY;

TO BECOME A CENTER OF ORDER AND LIGHT

THAT KNOWLEDGE MAY LEAD
TO UNDERSTANDING
AND UNDERSTANDING
TO WISDOM.

General Information

This bulletin contains the schedule of classes to be offered at the Alton and East St. Louis centers of the Edwardsville Campus for the fall quarter of the 1962-63 school year. It also provides the student with information relative to advisement and registration, fees, various calendars of events, and allied information.

A student must be officially admitted to the University before registration in classes will be permitted. *Students who have not completed the admission requirements by the start of the registration period will not be permitted to register.* The student, to be permitted to attend classes at Southern Illinois University, must have completed registration, which includes admission, advisement, sectioning, and payment of fees.

Inquiries concerning admission to Southern Illinois University should be directed to the Admission Office at Edwardsville. Applications for admission are accepted any time during the calendar year but must be initiated on or before August 15, 1962, for the fall quarter.

Admission to Southern Illinois University constitutes admission to a particular college or instructional unit except in the case of a person who is admitted as an unclassified student. A student may also indicate the particular major field in which he is interested.

Classes offered during the winter, spring and summer sessions on the Edwardsville Campus will continue to appear in separate bulletins. Class schedule information for the University's Carbondale Campus may be secured from the General Publications Office, Carbondale.

ADMISSION

ADMISSION OF FRESHMAN STUDENTS

To be eligible for admission, a person must be either a graduate of a recognized high school, at least twenty-one years of age or a military veteran. A person twenty-one years of age and not a high school graduate is required to pass the General Educational Development Test. A military

veteran who is neither a graduate of a recognized high school nor at least twenty-one years of age may qualify for admission by passing the G.E.D. Test.

A high school senior who ranks in the upper two-thirds of his graduating class will be admitted at the close of his seventh semester, subject to the completion of his high school work, and to maintaining his rank in the upper two-thirds of his class.

A student who has been graduated from an approved secondary school, and who ranks in the lowest third of his graduating class, will be permitted to enter (on scholastic probation) for the summer, winter, or spring quarters only. Exception to this rule may be made for a student desiring to enter in the fall if he shows high scores on the University's special examinations.

The above policy will apply to both in-state and out-of-state students, except that for out-of-state students, all those in the lower *half* of their graduating class will be covered by the rule.

ADMISSION PROCEDURE

1. A high school student should apply to the Admission Office for the proper forms early in the senior year. These consist of a personnel information form (application), a secondary-school record form, a housing application (Carbondale campus only) and general information about the University.

2. When the personnel form and secondary-school record form are received in the Admission Office, the student will receive admission to the University if he ranks in the upper two-thirds of his graduating class (the ranking must be in the upper *half* for out-of-state students). The records for a high school senior should not be submitted to the Admission Office until after seventh semester grades are recorded.

3. The admission status of a student who ranks in the lowest third of his graduating class cannot be determined until after receipt of his test scores.

4. A high school senior will receive a supplementary transcript form which should be completed by the high school and returned to the Admission Office after graduation.

5. The student will receive information about advisement, testing and registration with his Certificate of Admission.

ADMISSION OF TRANSFER STUDENTS

To be considered for admission to advanced standing, a student must present a full record of his previous academic work. This record includes evidence of graduation from high school and transcripts and evidence of good standing from every college and university attended. All such tran-

scripts should be mailed directly from the institution to the Office of Admission.

Admission by transfer does not necessarily mean that all credits presented for transfer will be accepted. Transferable credits are determined through evaluation at the time of presentation. In all cases, at least three-fourths of transferable credits from each institution must be of "C" quality or above.

A transfer student admitted as an unclassified student will receive no transfer credit toward a degree so long as he remains in an unclassified status.

A transfer student is subject to this University's scholarship rules. A transfer student who is not in good scholastic standing under our scholarship rules can enter (on scholastic probation) the summer, winter, or spring quarters only, subject to the approval of the appropriate academic dean or his designated representative.

A transfer student suspended for poor scholarship or on academic probation at the last institution attended who would have been suspended under Southern's scholarship rules is not eligible for admission to Southern until at least one quarter has elapsed from the date of suspension. A transfer student dropped for any reason other than academic failure must be cleared by the Office of Student Affairs before admission will be granted.

A transfer student must take the American College Testing Program or submit to the Testing Service the results of such tests taken at another institution.

ADMISSION PROCEDURE

1. A transfer student should apply to the Admission Office for the transfer personnel information form and general information about the University.

2. A transfer student must have an official transcript from each college or university attended sent to the Admission Office. When *all* transcripts and the personnel information form have been received, the student will be advised of his admission status.

3. If he is eligible for admission in good standing, he will receive a Certificate of Admission and information about advisement, testing and registration.

4. If he must be admitted on probation, he will be referred to the dean (or his designated representative) of the academic unit which he expects to enter. If the student is not eligible for admission, he will be notified.

ADMISSION OF FORMER STUDENTS

A former student of Southern not in attendance on the campus at the

close of the quarter preceding application for admission must apply to the Admission Office for re-entrance clearance prior to registration.

A former student who is not in good standing must clear his status before the Admission Office will prepare his registration permit. It is advisable for such a student to initiate re-entrance clearance several weeks before the quarter which he plans to attend so that all inquiries may be answered and so that the applicant can find time to complete any requirements that may be imposed upon him.

ADMISSION PROCEDURE

1. A re-entering student should inform the Admission Office either personally or by mail about his desire to re-enter Southern. He will receive an application form which must be completed and returned to the Admission Office.

2. If the student is in good standing he will receive authorization to register, along with information on dates for advisement and registration for the quarter he plans to attend the University.

3. If the student cannot be re-admitted in good standing, but might possibly be re-admitted on probation, he will be referred to the dean or his designated representative of the academic unit he plans to enter for decision on the student's admission status. If the student is not eligible for readmission he will be so notified by the Admission Office.

ADMISSION OF FOREIGN STUDENTS

A foreign student is subject to all admission regulations and procedures described above. In addition, every foreign student is subject to the following requirements.

1. A foreign student must complete a questionnaire for foreign students indicating the years of attendance for all previous schooling.

2. He must pass an English proficiency examination which can be taken at the American Consulate or a similar agency operated by the American government.

3. He must show evidence of having adequate financial support; the University does not assume responsibility for a student who is without adequate resources.

ADMISSION OF UNCLASSIFIED STUDENTS

A person not working toward a degree at Southern or elsewhere who wishes to register for particular courses offered in any of the departments and divisions of the University without undertaking all of the regular plans of study may be admitted as an unclassified student. Such a student

must present satisfactory evidence (high school or college transcript) that he is prepared to take advantageously the work required.

Application for admission as an unclassified student should be made at the Registrar's Office. Such a student must sign a statement indicating that he is not a degree student and that credit received cannot be applied toward a degree at this University while he is enrolled as an unclassified student.

ADMISSION OF GRADUATE STUDENTS

Qualified students may apply for admission to the Graduate School any time during the calendar year. Application forms may be obtained from the Admission Office. Official admission to the Graduate School will not be granted until complete transcripts of all previous college work are on file in the Admission Office. Transcripts must reach the Admission Office at least one month prior to the time the applicant expects to enter Southern Illinois University in the case of one seeking the master's degree, and four months for one whose aim is the doctorate.

ADMISSION PROCEDURE

1. A graduate student should apply to the Admission Office for the necessary application forms. If a student writes, he should include in his letter the date he plans to enter Southern, the name of the last institution attended, and his plans for graduate work, including a statement of whether or not he plans to work toward a graduate degree at Southern.

2. The student should complete the application forms as directed and return them to the Admission Office. He should request one (1) transcript of credits for *each* college and/or university attended and three (3) transcripts from the institution which granted the baccalaureate degree. (On the Carbondale campus only one (1) transcript from the institution which granted the baccalaureate degree is required.) All transcripts should be sent directly to the Admission Office from the institutions attended and must reach the Admission Office at least one month prior to the student's desired matriculation date if he is seeking a master's degree and four months prior to matriculation if he is seeking a doctor's degree.

ADVISEMENT AND REGISTRATION

CURRENT STUDENTS

All students currently registered in the University will be continued in their present curriculum unless a change of major is made. A change of major is initiated with the student's adviser. This change should be made

at the time of advisement, and the registrar's copy of the change form should accompany the student's registration. Changes of major made after a registration has been processed will not be reflected in the student's record until the next registration.

ADVISEMENT

Advisement of students is the responsibility of the University faculty. A chief academic adviser is located at each academic center. Upper division students who have declared a major field will be assigned to divisional advisers. Arrangements for a conference with the major adviser should be scheduled as early as possible by the student in planning his program. Lower division students and those undecided as to a major field will be advised by the chief academic adviser.

During the registration periods a staff of faculty advisers will be available for consultation with students.

REGISTRATION

The Edwardsville Campus follows a pattern of advance registration during the summer prior to the fall quarter. A general registration is also held on the first day of each quarter. It is to the student's advantage to advance register in having choice of classes and times.

Students must register for classes at the location where they plan to attend in accordance with the registration calendar on page viii.

SOCIAL SECURITY IDENTIFICATION NUMBER

The University will require students to present social security numbers for student identification in the fall of 1964. Students should be prepared to present their social security card bearing the identification number at the time of registration for the Fall, 1962, quarter. Persons who do not have social security numbers should apply for information on how to obtain one at their local post office.

REQUIRED TESTS

All entering freshmen must take the American College Testing Program prior to advisement and registration. Illinois residents who ranked in the lowest third of their graduating class must take the test battery before they can be considered for admission. Out-of-state students who rank in the lower one-half of their graduating classes must take the tests prior to admis-

sion. High School students are encouraged to take the American College Testing Program during the spring of their senior year and thus be ready for academic advisement during the summer. A complete set of dates and test centers is available from the Registrar's Office. Students who are not able to take the tests in the spring may make arrangements to be tested on one of the dates listed in the testing calendar.

Transfer students are expected to take the tests unless they have their scores forwarded from their former school. These scores are not normally sent with one's transcript and should be requested from the appropriate office of the former school before the registration period.

FEES

A student who advance registers will receive his fee statement and receipt card by mail and his fees may be paid either by mail or in person by the deadline date specified in the Registration Calendar. Upon payment of fees, the fee statement and receipt card will be stamped by the bursar and returned to the student. This card which serves as the official authorization to attend classes as scheduled must be presented to obtain textbooks and activity cards and to process program changes. It should be carried at all times. If fees are paid in person, the card will be given to the student at the time of payment. If paid by mail, the card may be picked up at any time thereafter at the bursar's office.

A student who does not advance register must pay his fees at the time he registers.

Illinois students taking more than 8 hours will pay the following regular fees:

Tuition	\$42.00
Book rental	5.00
Activity fee	9.50
Student union building fund	5.00
TOTAL	\$61.50

Illinois students taking 8 or fewer hours will pay the following fees:

Tuition	\$21.00
Book rental	2.50
Student union building fund	5.00
TOTAL	\$28.50

(Optional activity fee \$9.50 for part-time students)

Once an option has been made by a student at the time of registration as to whether or not to pay the activity fee, such option is irrevocable.

Out-of-state students will pay an additional \$50 if they take more than eight hours, or an additional \$25 if they take eight hours or less.

In addition to the above, there are some physical education classes that require a special fee.

Students having special fee status such as scholarship holders, faculty and staff, will pay their respective fees according to the particular status.

The University reserves the right to change fees and have the change go into effect whenever the proper authorities so determine.

AUDITING OF COURSES

A student may register for courses in an "audit" status. He receives no letter grade and no credit for such courses. An auditor's registration card must be marked accordingly. He pays the same fees as though he were registering for credit. He is expected to attend regularly and is to determine from the instructor the amount of work expected of him. If an auditing student does not attend regularly, the instructor may determine that the student should not have the audited course placed on his record card maintained in the Registrar's Office. A student registering for a course for credit may not later change to an audit status or vice versa except for fully justified reasons. Such a change will ordinarily require the academic dean's approval.

PROGRAM CHANGES AND WITHDRAWALS

A student is officially registered for only those courses appearing on his registration cards. Any change therefrom can be made only after fees are

paid and must be made through an official program change. A student is considered officially registered after he has cleared his payment of fees at the Business Office.

A prescribed procedure must be followed by any student desiring to change his academic program or to withdraw from the University while the period for which he is registered is still in progress. Failure to follow the prescribed procedure will result in academic penalty.

PROGRAM CHANGES

Mere attendance does not constitute registration in a class, nor will attendance in a class for which a student is not registered be a basis for asking that a program change be approved permitting registration in that class.

A program change must be made in order to drop or add a course. A student may not drop a course merely by stopping attendance. If a student desires to drop a course during the second, third, or fourth week of a quarter, the change will be approved only when the reasons appear valid. If a student desires to drop a course after the fourth week, the change will be approved only under unusual conditions. In the last three weeks of a quarter changes will be approved only in extreme emergencies.

A student processing a program change is required to present his fee receipt program card at the Registrar's Office and must complete the following procedure.

The student must initiate approval for the change with his adviser. For changes made after the regularly scheduled program change day, the approved program change form must then be taken by the student to the Registrar's Office within twenty-four hours after approval by the adviser. After having been cleared with the Registrar's Office, program changes for which a program change fee is assessed must be presented to the Business Office for payment. The student immediately returns the program change to the Enrollment Center in the Registrar's Office for final processing. *A student has not completed his program change until he presents it to the Enrollment Center in the Registrar's Office.* No change is official until the preceding procedure is complete.

A program change day is listed in the registration calendar.

WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Registrar's Office to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees

is permitted only if a withdrawal is officially completed within the first two weeks of a quarter and if the application for a refund is received in the Registrar's Office within two weeks following the last regular registration period. See the registration calendars for the specific dates concerning withdrawal and refunding of fees.

CANCELLATION OF REGISTRATION

A registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the registrar by the director of the Office of Student Affairs.

PERSONAL DATA CHANGES

1. A CHANGE IN ADDRESS, whether local, home, or parents', is to be reported by the student to the Registrar's Office as soon as possible after the change occurs. The above addresses for a student are obtained from his Number 7 registration card when he first registers for a quarter during the year. Address changes are not made thereafter during the year unless they are reported by the student.

2. A CHANGE IN NAME is to be reported to the Enrollment Center in the Registrar's Office. A change for marital reasons will be made on the basis of a signed statement. Other changes may require the presenting of legal evidence.

3. A CHANGE IN MARITAL STATUS is to be reported to the Registrar's Office. A change will be made if it is based upon incorrect coding or punching. Any other change must be accompanied by a signed statement.

4. A CHANGE IN LEGAL RESIDENCE (whether an Illinois or out-of-state resident) is to be requested on the Application to be Declared an Illinois Resident form in the Registrar's Office. Before the request is honored, the registrar must be satisfied that the student has met the regulations governing residency status as established by the Board of Trustees.

VETERANS' INFORMATION

The Edwardsville Campus of Southern Illinois University is approved for veterans. Veterans eligible to receive benefits under the GI bill should contact the University veterans' adviser during registration periods. Public Law 550 expires in 1965. War orphans should discuss Public Law 634 benefits with the veterans' adviser.

Veterans enrolled under Public Law 550 and war orphans under Public Law 634 are subject to the following regulations regarding academic load required for proportional subsistence for the regular quarter.

<i>Type of Enrollment</i>	NUMBER OF HOURS REQUIRED			
	<i>Undergraduate</i>		<i>Graduate</i>	
	<i>Quarter</i>	<i>Summer</i>	<i>Quarter</i>	<i>Summer</i>
Full-time enrollment	14	10	10	7
$\frac{3}{4}$ -time enrollment	10-13	7-9	8-9	6
$\frac{1}{2}$ -time enrollment	7-9	5-6	5-7	4-5
Less than $\frac{1}{2}$ -time enrollment	6 or less	4 or less	4 or less	3 or less

To be eligible for the benefits of Public Law 550 or Public Law 634, the student must be fully admitted and enrolled as a regular classified student making satisfactory progress in a degree program.

Veterans attending under one of the public laws should note that the Registrar's Office will certify enrollment and attendance to the Veteran's Administration for subsistence purposes only as of the date when fees were cleared at the Bursar's Office.

SIGN-UP PERIODS

Veterans and war orphans eligible for benefits will sign a monthly attendance certification on the last Tuesday of each month starting October 30, 1962 at the Registrar's Office in Alton or East St. Louis.

Checks for the first sign-up period should not be expected before November 20. Veterans who fail to sign on the specified date will probably experience delay in receiving the check for that period.

ACADEMIC LOAD

1. The normal class load for a student is sixteen quarter hours, with a maximum of eighteen hours.
2. A student with a 4.25 average or above for the preceding quarter may be allowed by the chief academic adviser of the center or by the head of his division to take as many as twenty-one hours. In no case may a student carry or be credited with more than twenty-one hours in any quarter.
3. A student on probation may not take more than fourteen hours.
4. A person may not register for more than eight quarter hours if he is employed full time.
5. Veterans and war orphans must carry a minimum of 14 quarter hours to qualify for full-time training allowance.

6. The Selective Service System requires a minimum of 12 quarter hours to qualify for a student deferment.
7. The National Defense Education Act requires a minimum of 12 quarter hours to qualify for a student loan.

RESPONSIBILITY OF THE STUDENT

Each student must assume responsibility for his progress by keeping an up-to-date record of the courses he has taken and by checking periodically with his adviser and the Registrar's Office. Responsibility for errors in program or in interpretation of regulations of the University rests entirely with the student.

Class Schedule Information

The following material may be of value in interpreting the information appearing in the class schedule.

The University reserves the right to change or cancel any class.

COURSE NUMBER AND HOURS

The column containing this information shows the number of the course first, followed by the number of hours of credit. Course numbers are three-digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number. The number appearing after the hyphen denotes the hours of credit for the course. In some cases there may be more than one number following the course number such as 599-2 to 5. This represents a variable-hour course in which the student decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

- 000-099 Course not properly falling in freshman, sophomore, etc. sequence.
- 100-199 For freshman
- 200-299 For sophomores
- 300-399 For juniors and seniors
- 400-499 For seniors and graduate students
- 500-600 For graduate students only

PREREQUISITES

For the guidance of students many courses list the courses which need to have been taken before the one under question can be taken. These prerequisites may be listed in a number of different ways. If only a number

appears in the column, this refers to the division's own course. If the course is another division course, the division will be listed prior to the number. On advanced course levels registration in a course may require the consent of the instructor or of the department.

COURSES "TO BE ARRANGED"

Students registering for courses listed as "to be arranged" should consult with the division head to determine time and place of meeting.

FREE BUS TRANSPORTATION

To provide students with a broader program, certain upper division classes have been scheduled around a bus transportation schedule. Free bus service will be provided between Alton and East St. Louis on Mondays, Tuesdays, Thursdays, and Fridays.

Classes scheduled for inter-campus bus transportation meet twice weekly for periods of one and one-half or two hours.

The bus will depart from East St. Louis on the Ohio Street side and from Alton on College and Seminary streets.

Students taking courses on the bus schedule will not need to travel during the week of final examinations to take their tests. The examination will be proctored at the center at which the course does not meet by the chief academic adviser or a member of his staff.

Likewise, students will not need to travel to return their textbooks. The bookstore personnel will accept texts for courses on the bus schedule at the location different from the one at which the course meets, provided that the student makes clear this situation to the attendant at the time of book return; otherwise record confusion will result.

GENERAL STUDIES PROGRAM

The University is requiring all new students to participate in a vital general studies program starting with the fall quarter, 1962. Under study by the University faculty for a period of years, the first stages of the program are now ready.

Freshmen entering in the fall of 1962 are expected to complete the general studies program as part of the University general degree requirement. Five areas of study are included in the program:

Area A Man's Physical Environment and Biological Inheritance

Area B Man's Social Inheritance and Social Responsibilities

Area C Man's Insights and Appreciations

Area D Organization and Communication of Ideas

Area E Health and Physical Development

A typical freshman schedule of classes for the fall quarter will consist of from three to five general studies courses, one of which should be GSD 101-3, English Composition. The courses should be selected from the following list:

GSA 101-3 Introduction to Physical Science I—Physics

GSB 101-3 Introduction to Western Tradition—Geographic Background

GSC 102-3 Logic, or 103-3 Art Appreciation, or 104-3 Music Understanding

GSD 101-3 English Composition, 103-3 Oral Communication of Ideas, 105-3 Introduction to Mathematics, or 123-3 Elementary French, or 126-3 Elementary German, or 136-3 Elementary Russian, or 140-3 Elementary Spanish

GSE 201-3 Healthful Living

A student may waive the first level general studies sequence in Area A, B, or C to begin immediate work in his major field. Proficiency examinations may also be used to gain admission to advance level courses.

A special advisement period for freshmen and new students has been arranged for July 16 at Alton and July 18 at East St. Louis to counsel students on registering for the fall quarter. The registration calendar lists time and place.

Southern Illinois University Foundation

The Southern Illinois University Foundation is a nonprofit corporation chartered by the state and authorized by the Board of Trustees to receive gifts for the benefit of the University, to buy and sell property, and otherwise to serve the University.

It respectfully asks alumni and other citizens of Southern Illinois to consider making gifts and bequests to benefit the University. Such gifts should be conveyed to the Foundation, with proper stipulation as to their uses. The Foundation, through its officers and members, will be glad to confer with intending donors regarding suitable clauses to insert in wills and suitable forms of gifts and memorials, including bequests by means of life insurance. Large or small gifts to the library will be appreciated; likewise, gifts for special equipment, buildings, endowment of professorships in particular subjects, gifts to student loan funds and scholarship funds, gifts for the use of foreign students, and endowments for particular sorts of research. Any gifts or bequests can be given suitable memorial names.

The staff members of the Foundation are

Mr. Kenneth R. Miller, *Executive Director*, Carbondale, Illinois

Mrs. Lois H. Nelson, *Secretary*, Carbondale, Illinois

Mr. Robert L. Gallegly, *Treasurer*, Carbondale, Illinois

Mr. C. Eugene Peebles, *Assistant Treasurer*, Edwardsville, Illinois

Mr. C. Richard Gruny, *Legal Counsel*, Carbondale, Illinois

Mr. L. James Struif, *Assistant Legal Counsel*, Edwardsville, Illinois

Mr. Donald Leavitt, *Patent Counsel*, St. Louis, Missouri

Mr. Warren Stookey, *Field Representative*, Edwardsville, Illinois.
