General Information

THIS BULLETIN contains the schedule of classes for the Carbondale Campus, fall quarter, 1963. It also provides the student with information relative to advisement and registration, fees, various calendars of events, and allied information for the Carbondale Campus.

The schedule of classes for the Edwardsville Campus may be secured from Central Publications, 113 East Grand, Carbondale, or from the General Offices at the Alton Center or the East St. Louis Center.

ADVISEMENT AND REGISTRATION SYSTEM

The Carbondale Campus uses an academic advisement system whereby each undergraduate academic unit has a chief academic adviser and a number of assistant advisers selected from the teaching faculty. After a student has received his Certificate of Admission, his next step is to contact the Academic Advisement Center for an appointment with an academic adviser of the academic unit which he is entering. Graduate students should contact the Graduate School.

After advisement the student may register for classes. The new student should also familiarize himself with the registration system used on the Carbondale Campus. For a number of years, an advance registration system has been used through which a student is expected to register for a quarter before the quarter starts. The registration calendar appears on page vii.

During the registration process the student goes through the Sectioning Center where the assignment is made to specific sections of the courses the student is to take. For a number of years the Carbondale Campus has had to schedule classes at night and on Saturday mornings because of space limitations. A student is to expect assignment to night or Saturday morning classes even though it is recognized that these may be considered undesirable class hours.

ADVISEMENT AND REGISTRATION PROCEDURE

NEW STUDENTS

Students entering the University for the first time with the 1963 fall quarter are permitted to advance register only after they have been admitted to the University as evidenced by their receiving the Certificate of Admission from the Admissions Office. In addition, new freshmen are required to have completed the necessary tests.

Undergraduate students initiate the advance registration process by contacting the Academic Advisement Center, building T65, for an appointment with an adviser. *Graduate students* contact the Graduate School, 309 West Mill Street. Specific advisement and registration information is sent to each student when he is admitted.

The Academic Advisement Center will be open July 1–August 2 and August 12–23, Monday through Friday, 8:00 to 12:00 and 1:00 to 3:30, c.d.t. The Sectioning Center will be open on the same days, 8:00 to 11:30 and 1:00 to 4:30, c.d.t. They will also be open on Saturdays from 8:30 to 11:30 during these periods, but the number of students who can be handled is restricted. Students must write at least ten days in advance for appointments for advisement.

New students who cannot take advantage of the advance registration process should refer to the Registration Calendar on page vii to find out when they may register at the beginning of the fall quarter.

RE-ENTERING STUDENTS

Students who have attended the University at some former time but not during the session immediately prior to the time they plan to re-enter should initiate action by contacting the Admissions Office. Specific advisement and registration information will be furnished as they complete their re-entrance procedure with the Admissions Office.

CURRENT STUDENTS, CARBONDALE CAMPUS

All students currently registered in the University will be continued in their present curriculum unless a change of college or major is made. A change of college or major is initiated with the student's adviser. Either change should be made at the time of advisement, and the registrar's copy of the change form should accompany the student's registration. Changes

of college or major made after a registration has been processed will not be reflected in the student's records until the next registration.

An undergraduate student currently registered in the University will schedule an appointment with his adviser. At the time of advisement he will secure his authorization card and other registration cards. These are to be processed through the Sectioning Center as soon as possible after advisement.

A graduate student currently registered in the University will report to the Graduate School, 309 West Mill Street, to initiate the registration process. After the registration forms have been approved by the dean of the Graduate School, they will be brought to the Sectioning Center, T65.

CURRENT STUDENTS, EDWARDSVILLE CAMPUS

A student attending the Edwardsville Campus who plans to attend the Carbondale Campus during the 1963 fall quarter must initiate his registration process by contacting the Admissions Office. At that time, he will need to have either an official transcript of his Southern record or a letter of good standing from the registrar at the Edwardsville Campus.

PAYMENT OF FEES

A student who advance registers will receive his fee statement and receipt card by mail, and his fees may be paid either by mail or in person by the deadline date specified in the Registration Calendar. Upon payment of fees, the fee statement and receipt card will be stamped by the bursar and returned to the student as a fee receipt together with the No. 3 program card. These cards should be carried at all times. They serve as official authorization to attend classes as scheduled and must be presented to obtain books and activity cards and to process program changes. If fees are paid in person, these cards will be given to the student at the time of payment. If paid by mail, they may be picked up at any time thereafter at the Bursar's Office.

A student who does not advance register must pay his fees at the time he registers.

FEES FOR A REGULAR QUARTER

Illinois students taking more than 8 hours will pay the following regular fees:

Tuition	\$42.00
Book rental	5.00

Activity fee	9.50
Student union building fund fee	5.00
Total	<u>\$61.50</u>

Illinois students taking eight or fewer hours will pay half tuition and book rental, will have an option of paying the activity fee, and will pay the full student union building fund fee. Once an option has been made by a student at the time of registration as to whether or not to pay the activity fee, such option is irrevocable. A part-time student, then, will pay either \$28.50 or \$38.00.

Out-of-state students will pay an additional tuition of \$50.00 if taking more than eight hours and an additional \$25.00 if taking eight hours or fewer.

In addition to the above, students registering for the first time during the year for AF ROTC will be subject to a \$5.00 equipment deposit.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay fees according to their particular status.

The University reserves the right to change fees and have the change go into effect whenever the proper authorities so determine.

REGISTERING FOR ONLY NIGHT AND/OR SATURDAY CLASSES

Students registering for only night and/or Saturday classes may advance register, during regular office hours, the same as other students. Registration offices are also open on two nights, between 5 and 7 P.M., during each advance registration period for the convenience of these students. (Refer to Registration Calendar). In addition, registration offices are open on the first night of each quarter from 6 to 8 P.M. and on the first Saturday of each quarter from 8:30 A.M. to 12 noon for registering these students.

LATE REGISTRATION

The first day of a quarter is considered the last day of the regular registration period. Registrations thereafter, including those involving "to be arranged," are considered late registrations and are assessed the appropriate late registration fee. This is \$2.00 the first day with an additional \$1.00 per day to a maximum of \$5.00. The *only* exception to this late fee rule is for students taking *only* night and/or Saturday classes. These students may register on the first Saturday without a late fee. Thereafter, these stu-

dents pay a straight \$5.00 late registration fee. Registration is permitted during the first two weeks of a quarter. Registration thereafter will be permitted only with the written approval of the student's academic dean and will apply only to those students who, for valid reasons could not arrive on campus during the first two weeks. Any student who was on campus during the first two weeks of a quarter and who attempts to complete his registration (clearing his fees at the Bursar's Office) thereafter will not be permitted to do so.

Veterans attending under one of the public laws should note that the Registrar's Office will certify enrollment and attendance to the Veteran's Administration, for subsistence purposes, only as of the date when fees were cleared at the Bursar's Office, should registration take place after the opening date of the quarter.

Students registering *only* for a course(s) whose meeting time is listed as "to be arranged" in the Schedule of Classes must be registered by the first day of a quarter or be assessed late registration fees the same as regular students.

AUDITING OF COURSES

A student may register for courses in an "audit" status. He receives no letter grade and no credit for such courses. An auditor's registration card must be marked accordingly. He pays the same fees as though he were registering for credit. He is expected to attend regularly and is to determine from the instructor the amount of work expected of him. If an auditing student does not attend regularly, the instructor may determine that the student should not have the audited course placed on his record card maintained in the Registrar's Office. A student registering for a course for credit may not later change to an audit status or vice versa except for fully justified reasons. Such a change will ordinarily require the student's academic dean's approval.

REGISTERING FOR AND WITHDRAWING FROM COURSES

Mere attendance does not constitute registration in a class nor will attendance in a class for which a student is not registered be a basis for asking that a program change be approved permitting registration in that class.

A student is officially registered only for those courses appearing on his registration cards. Any change therefrom can be made only after fees

are paid and must be made through an official program change, which includes the following steps:

Step 1. Initiating the change.

A graduate student changing courses initiates the change by presenting his fee receipt and No. 3 program card to his graduate adviser. He then must secure the approval of the Graduate School.

An undergraduate student changing courses initiates the change by presenting his fee receipt and No. 3 program card to his academic adviser at the Academic Advisement Center.

A student changing sections but not courses initiates the change by taking his fee receipt and No. 3 program card to the Sectioning Center.

Step 2. Sectioning.

The student must take his program change form to the Sectioning Center *within two days* after approval by his adviser.

Step 3. Paying the program change fee.

If a program change fee has been assessed, then the program change form must be presented to the Bursar's Office for payment. (Otherwise, this step is omitted.)

Step 4. Final Processing.

The student completes his program change by presenting it to the Enrollment Center in the Registrar's Office.

All program changes made by graduate students (except section changes) require Graduate School approval. Undergraduate student program changes (except for section changes and dropping of courses) made after the second week of a quarter require the approval of the student's academic dean or his designated representative.

A program change must be made in order to drop a course. A student may not drop merely by stopping attendance. The last date for dropping a course without receiving a W-grade is the last day of the fourth week of a quarter. (Refer to Registration Calendar.)

Program changes will not be accepted at the Sectioning Center on the first day of a quarter.

WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Student Affairs Office to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is *officially* completed within the

first two weeks of a quarter and if the application for a refund is received in the Registrar's Office within two weeks following the last regular registration period. See the Registration Calendars in this bulletin for the specific dates concerning withdrawal and refunding of fees.

A student who advance registers, including paying of fees, and then finds that he cannot attend school must also officially withdraw from school. He may do this by writing the Student Affairs Office and asking them to initiate official withdrawal action for him. This must be done by the end of the first two weeks if the student expects to get a refund.

CANCELLATION OF REGISTRATION

An advance registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the Registrar by the Director of Student Affairs.

PERSONAL DATA CHANGES

1. A CHANGE IN ADDRESS, whether local, home, or parents', is to be reported by the student to the reception desk in the Registrar's Office as soon as possible after the change occurs. The above addresses for a student are obtained from his Number 4 registration card when he first registers for a quarter during the year. Address changes are not made thereafter during the year unless they are reported as above by the student.
2. A CHANGE IN NAME is to be reported to the Enrollment Center in the Registrar's Office. A change for marital reasons will be done on the basis of a signed statement. Other changes may require the presenting of legal evidence.
3. A CHANGE IN MARITAL STATUS is to be reported to the Enrollment Center. A change will be made if it is based upon incorrect coding or punching. Any other change must be accompanied by a signed statement.
4. A CHANGE IN LEGAL RESIDENCE (whether an Illinois or out-of-state resident) is to be requested on the Application to be Declared an Illinois Resident form in the Registrar's Office. Before the request is honored, the Registrar must be satisfied that the student has met the regulations governing residency status as established by the Board of Trustees.

Schedule of Classes

THE FOLLOWING material may be of value in interpreting the information appearing in the class schedule.

LISTING OF COURSES

GENERAL STUDIES COURSES

Courses which students are to take to meet the General Studies requirements are listed in the front of the Schedule of Classes. These courses are listed by the area which they satisfy and within the area by course number and section number.

DEPARTMENTAL COURSES

Departments in which courses are being offered are listed in alphabetical order. Courses within each department are listed in order by course number and section number. For a list of academic units and the departments within each, see page 51.

COURSE NUMBERS AND HOURS

The column containing this information shows the number of the course first, followed by the number of hours of credit. Course numbers are three digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number. The number appearing after the hyphen denotes the hours of credit for the course. In some cases there may be more than one number following the course number such

as 599-2 to 5. This represents a variable-hour course in which the student decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

- 000-099 Course not properly falling in the following categories
- 100-199 For freshmen
- 200-299 For sophomores
- 300-399 For juniors and seniors
- 400-499 For seniors and graduate students
- 500-600 For graduate students only

PREREQUISITE

The prerequisite column lists requirements which must be satisfied before a student registers for the course. These prerequisites may be listed in various ways. Usually they are other courses in the same department, indicated by a course number. A prerequisite in another department is indicated by the department's code letters and the course number.

The listing of prerequisites provides ready information for students. An effort has been made to have the listing be as complete as possible but this is not guaranteed. For the official listing of course descriptions and prerequisites, a student needs to consult the bulletin of the academic unit within which the department is located.

SECTION NUMBER, TIME, AND DAYS

The times given indicate the beginning and ending of each class period. Students registering for courses listed as "to be arranged" may obtain times and days from instructor indicated or, if no instructor is listed, from the department chairman offering the course.

The letter *T* preceding a section number indicates that the section has been tentatively scheduled and will be opened for registration only if staff is available.

BUILDING AND ROOM NUMBER

The following list of building abbreviations will help in the location of classrooms. Buildings are listed alphabetically according to the code used in the class schedule. The numbers refer to the map on page 10. Temporary buildings, which are indicated in the schedule by the letter *T*

or *H* followed by a number, and religious foundations, which are indicated by the letter *R* and a number, are listed on page 12.

If a building contains more than one classroom, then the number of the room follows the building's code name. A building code which contains a number is separated from the room number by the letter *R*. (For example, "T32 R111" means room 111 in building T32.)

FRESHMAN CONVOCATIONS

In order to establish a continuing interest in general education, a freshman convocation is held each week. All freshmen are required to register for convocations each quarter. Although no degree credit is granted, attendance is recorded. Each freshman must present a satisfactory attendance record of at least nine convocations per quarter for three quarters.

ASIAN STUDIES

Students interested in a minor in Asian Studies should consult Mr. H. B. Jacobini, Chairman, Committee on Asian Studies. His office is at 800 S. University. Specific Courses in Anthropology, Art, CSD (Chinese Language), Economics, Geography, Government, History, and Philosophy, which can be counted toward such a minor are listed in a special pamphlet issued by the Committee on Asian Studies.

¹ Required ensemble for conducting, arranging, and class instrument students. Private instruction in applied music is available to only a limited number of students, and music majors receive priority for these courses. Students who are not music majors must receive permission in writing from the chairman of the Department of Music and from the instructor concerned before they may register for these courses. All students receiving private instruction in applied music are required to keep Mondays from 10:00 to 10:50 A.M. free from work hours and other meetings to attend weekly class recitals held in the studio of their major applied instrument or voice instructor. *Private lesson appointments must be made with the individual instructor on September 25, the first day of the quarter.*

Southern Illinois University Foundation

The Southern Illinois University Foundation is a nonprofit corporation chartered by the state and authorized by the Board of Trustees to receive gifts for the benefit of the University, to buy and sell property, and otherwise to serve the University.

It respectfully asks alumni and other citizens of Southern Illinois to consider making gifts and bequests to benefit the University. Such gifts should be conveyed to the Foundation, with proper stipulation as to their uses. The Foundation, through its officers and members, will be glad to confer with intending donors regarding suitable clauses to insert in wills and suitable forms of gifts and memorials, including bequests by means of life insurance. Large or small gifts to the library will be appreciated; likewise, gifts for special equipment, buildings, endowment of professorships in particular subjects, gifts to student loan funds and scholarship funds, gifts for the use of foreign students, and endowments for particular sorts of research. Any gifts or bequests can be given suitable memorial names.

The staff members of the Foundation are

Mr. Kenneth R. Miller, *Executive Director*, Carbondale, Illinois

Mrs. Lois H. Nelson, *Secretary*, Carbondale, Illinois

Mr. Robert L. Gallegly, *Treasurer*, Carbondale, Illinois

Mr. C. Eugene Peebles, *Assistant Treasurer*, Edwardsville, Illinois

Mr. C. Richard Gruny, *Legal Counsel*, Carbondale, Illinois

Mr. L. James Struif, *Assistant Legal Counsel*, Edwardsville, Illinois

Mr. Donald Leavitt, *Patent Counsel*, St. Louis, Missouri

Mr. Warren Stookey, *Field Representative*, Edwardsville, Illinois.
