Objectives of Southern Illinois University

TO EXALT BEAUTY

IN GOD
IN NATURE,
AND IN ART,
TEACHING HOW TO LOVE THE BEST
BUT TO KEEP THE HUMAN TOUCH.

TO ADVANCE LEARNING

IN ALL LINES OF TRUTH
WHEREVER THEY MAY LEAD,
SHOWING HOW TO THINK
RATHER THAN WHAT TO THINK,
ASSISTING THE POWERS
OF THE MIND
IN THEIR SELF-DEVELOPMENT.

TO FORWARD IDEAS AND IDEALS

IN OUR DEMOCRACY,
INSPIRING RESPECT FOR OTHERS
AS FOR OURSELVES,
EVER PROMOTING FREEDOM
WITH RESPONSIBILITY.

TO BECOME A CENTER OF ORDER AND LIGHT

THAT KNOWLEDGE MAY LEAD
TO UNDERSTANDING
AND UNDERSTANDING
TO WISDOM.

General Information

This bulletin contains the schedule of classes to be offered at the Alton and East St. Louis centers of the Edwardsville Campus for the fall quarter of the 1963-64 school year. It also provides the student with information relative to advisement and registration, fees, various calendars of events, and allied information.

Classes offered during the winter, spring, and summer on the Edwardsville Campus will continue to appear in separate bulletins. Class schedule information for the University's Carbondale Campus may be secured from Central Publications, Southern Illinois University, Carbondale, Illinois.

ADMISSION

A student must be officially admitted to the University before registration in classes will be permitted. *Students who have not completed the admission requirements by the start of the registration period will not be permitted to register.* The student, to be permitted to attend classes at Southern Illinois University, must have completed registration, which includes admission, advisement, sectioning, and payment of fees.

Admission policies for undergraduate students are stated in the General Information issue of the *Southern Illinois University Bulletin*. Admission policies for graduate students appear in the Graduate School issue. Either issue may be obtained from Central Publications.

Inquiries concerning admission to Southern Illinois University should be directed to the Admissions Office at Edwardsville. Applications for admission are accepted any time during the calendar year but should be initiated by September 1, 1963, for the fall quarter.

REQUIRED TESTS

All entering freshmen must take the American College Testing Program prior to advisement and registration. Illinois residents who ranked

in the lowest third of their graduating class must take the test battery before they can be considered for admission. Out-of-state students who rank in the lower one-half of their graduating classes must take the tests prior to admission. High school students are encouraged to take the American College Testing Program during the spring of their senior year and thus be ready for academic advisement during the summer. A complete set of dates and test centers is available from the Registrar's Office. Students who are not able to take the tests in the spring may make arrangements to be tested on one of the dates listed below.

TESTING DATE	DEADLINE FOR RECEIPT OF REGISTRATION FORM
April 20, 1963.....	March 30, 1963
June 22, 1963.....	June 1, 1963
November 9, 1963.....	October 12, 1963
February 15, 1964.....	January 18, 1964
April 25, 1964.....	April 4, 1964
June 20, 1964.....	May 31, 1964

Transfer students are expected to take the tests unless they have their scores forwarded from their former school. These scores are not normally sent with one's transcript and should be requested from the appropriate office of the former school before the registration period.

ADVISEMENT

After a student has been admitted to the University, he should talk with an adviser about his educational plans and complete his registration for the quarter he expects to enter Southern.

To insure that an undergraduate student is properly advised concerning the choice of a course of study which will fulfill the requirements of the University and prepare him for his chosen career, academic advisement has been made the special responsibility of a selected group from the teaching faculty. During his first two years he will receive prime advice from a chief academic adviser for his campus and, if he has selected a field of concentration, secondary advice from a representative of that field. Later, after formally declaring his field of concentration, he will receive prime advice from a representative of that field.

Each student must assume responsibility for his progress by keeping an up-to-date record of the courses he has taken and by checking periodically with his adviser and the Registrar's Office. Responsibility for

errors in program or in interpretation of regulations of the University rests entirely with the student.

CHANGE OF FIELD OF CONCENTRATION

Every student currently registered in the University will be continued in his present curriculum unless he initiates a change in his field of concentration. He initiates such a change with his adviser, and the registrar's copy of the change form should accompany the student's registration. No change of concentration made after a registration has been processed will be reflected in the student's record until the next registration.

REGISTRATION

At Southern, a program of advance registration is in operation. The period of time from the third through the tenth week of each quarter and from the third through the seventh week of the eight-week summer session is used for advisement and registration for the following quarter. For example, a student who plans to attend during the winter quarter may register between the third and tenth week, inclusive, of the fall quarter. All students are urged to take advantage of the advance registration period. A one day general registration is also held the first day of each quarter for new and re-entering students.

Registration for any session of the University is contingent upon being eligible for registration. Thus, a registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the registrar by the director of the Student Affairs Office.

SOCIAL SECURITY IDENTIFICATION NUMBER

The University will require students to present social security numbers for student identification in the fall of 1964. Students should be prepared to present their social security card bearing the identification number at the time of registration for the fall quarter, 1963. Persons who do not have social security numbers should apply to their local social security offices or to the Social Security Office in the Germania Savings Building, 543 East Broadway, Alton, Illinois, or 435 Missouri Avenue, East St. Louis, Illinois

FEES

A student who advance registers will receive his fee statement and receipt card by mail and his fees may be paid either by mail or in person

by the deadline date specified in the Registration Calendar. Upon payment of fees, the fee statement and receipt card will be stamped by the bursar and returned to the student. This card which serves as the official authorization to attend classes as scheduled must be presented to obtain textbooks and activity cards and to process program changes. It should be carried at all times. If fees are paid in person, the card will be given to the student at the time of payment. If paid by mail, the card may be picked up at any time thereafter at the Bursar's Office.

A student who does not advance register must pay his fees at the time he registers.

Illinois students taking more than 8 hours will pay the following regular fees:

Tuition	\$42.00
Book rental	5.00
Activity fee	9.50
Student union building fund	5.00
Total	<u>\$61.50</u>

Illinois students taking 8 or fewer hours will pay the following fees:

Tuition	\$21.00
Book rental	2.50
Student union building fund	5.00
Total	<u>\$28.50</u>

The activity fee of \$9.50 is optional for part-time students. Once an option has been made by a student at the time of registration as to whether or not to pay the activity fee, such option is irrevocable.

Out-of-state students will pay an additional \$50 if they take more than 8 hours, or an additional \$25 if they take 8 hours or fewer.

In addition to the above, there are some physical education classes that require a special fee.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay their respective fees according to the particular status.

The University reserves the right to change fees and have the change go into effect whenever the proper authorities so determine.

AUDITING OF COURSES

A student may register for courses in an "audit" status. He receives no letter grade and no credit for such courses. An auditor's registration

card must be marked accordingly. He pays the same fees as though he were registering for credit. He is expected to attend regularly and is to determine from the instructor the amount of work expected of him. If an auditing student does not attend regularly, the instructor may determine that the student should not have the audited course placed on his record card maintained in the Registrar's Office. A student registering for a course for credit may not later change to an audit status or vice versa except for fully justified reasons. Such a change will ordinarily require the academic dean's approval.

PROGRAM CHANGES

Mere attendance does not constitute registration in a class, nor will attendance in a class for which a student is not registered be a basis for asking that a program change be approved permitting registration in that class. A student is officially registered for only those courses appearing on his registration cards. Any change therefrom can be made only after fees are paid and must be made through an official program change. A student is considered officially registered after he has cleared his payment of fees at the Bursar's Office.

A program change must be made in order to drop or add a course. A student may not drop a course merely by stopping attendance. If a student desires to drop a course during the second, third, or fourth week of a quarter, the change will be approved only when the reasons appear valid. If a student desires to drop a course after the fourth week, the change will be approved only under unusual conditions. In the last three weeks changes will be approved only in extreme emergencies.

A student desiring to make a program change must initiate his request at the Enrollment Center of the Registrar's Office. He is required to present his fee receipt program card and must complete the following procedure. After having been cleared with the Enrollment Center, program changes for which a program change fee is assessed must be presented to the Business Office for payment. The student immediately returns the program change to the Enrollment Center in the Registrar's Office for final processing. *A student has not completed his program change until he presents it to the Enrollment Center in the Registrar's Office.* No change is official until the preceding procedure is complete.

A program change day is listed in the registration calendar.

WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Enrollment Center in the

Registrar's Office to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is officially completed within the first two weeks of a quarter and if the application for a refund is received in the Registrar's Office within two weeks following the last regular registration period. See the registration calendar for the specific dates concerning withdrawal and refunding of fees.

CANCELLATION OF REGISTRATION

A registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the registrar by the director of the Student Affairs Office.

ACADEMIC LOAD

The normal class load is 16 quarter hours for undergraduate students and 12 quarter hours for graduate students. The maximum load for both is 18 hours. A student with a 4.25 average or above for the preceding quarter may be allowed by the chief academic adviser of the center or by the head of his division to take as many as 21 hours. In no case may a student carry or be credited with more than 21 hours in any quarter. A student on probation may not take more than 14 hours.

A person may not register for more than 8 hours if he is employed full time.

The Selective Service System requires a minimum of 12 hours to qualify for a student deferment.

The National Defense Education Act requires a minimum of 12 hours to qualify for a student loan.

PERSONAL DATA CHANGES

1. A CHANGE IN ADDRESS, whether local, home, or parents', is to be reported by the student to the Registrar's Office as soon as possible after the change occurs. The above addresses for a student are obtained from his Number 7 registration card when he first registers for a quarter during the year. Address changes are not made thereafter during the year unless they are reported by the student.

2. A CHANGE IN NAME is to be reported to the Enrollment Center in the Registrar's Office. A change for marital reasons will be made on the basis of a signed statement. Other changes may require the presenting of legal evidence.

3. A CHANGE IN MARITAL STATUS is to be reported to the Registrar's Office. A change will be made if it is based upon incorrect coding or punching. Any other change must be accompanied by a signed statement.

4. A CHANGE IN LEGAL RESIDENCE (whether an Illinois or out-of-state resident) is to be requested on the Application to be Declared an Illinois Resident form in the Registrar's Office. Before the request is honored, the registrar must be satisfied that the student has met the regulations governing residency status as established by the Board of Trustees.

VETERANS' INFORMATION

The Edwardsville Campus is approved for veterans. Veterans eligible to receive benefits under the GI bill should contact the University veterans' adviser during registration periods. Public Law 550 expires in 1965. War orphans should discuss Public Law 634 benefits with the veterans' adviser.

Veterans enrolled under Public Law 550 and war orphans under Public Law 634 are subject to the following regulations regarding academic load required for proportional subsistence for the regular quarter.

<i>Type of Enrollment</i>	NUMBER OF HOURS REQUIRED			
	<i>Undergraduate</i>		<i>Graduate</i>	
	<i>Quarter</i>	<i>8-Week</i>	<i>Quarter</i>	<i>8-Week</i>
Full-time enrollment	14	10	10	7
¾-time enrollment	10-13	7-9	8-9	6
½-time enrollment	7-9	5-6	5-7	4-5
Less than ½-time enrollment	6 or less	4 or less	4 or less	3 or less

To be eligible for the benefits of Public Law 550 or Public Law 634, the student must be fully admitted and enrolled as a regular classified student making satisfactory progress in a degree program.

Veterans attending under one of the public laws should note that the Registrar's Office will certify enrollment and attendance to the Veteran's Administration for subsistence purposes only as of the date when fees were cleared at the Bursar's Office.

SIGN-UP PERIODS

Veterans and war orphans eligible for benefits will sign a monthly attendance certification on the last Thursday of each month starting October 31, 1963, at the Registrar's Office in Alton or East St. Louis.

Veterans who fail to sign on the specified date will probably experience delay in receiving the check for that period.

Schedule of Classes

The following material may be of value in interpreting the information appearing in the class schedule.

The University reserves the right to change or cancel any class.

LISTING OF COURSES

Courses are listed numerically within each subject-matter area. Areas in which courses are offered for the 1963 fall quarter are listed on page 11 in the order of their appearance in the schedule. Beside each area is its code (in parentheses) used for registration purposes. A single letter following the area's code letters indicates one of the six divisions: B indicates the Business Division, E the Education Division, F the Fine Arts Division, H the Humanities Division, T the Science and Technology Division, and S the Social Sciences Division.

COURSE NUMBER AND HOURS

The column containing this information shows the number of the course first, followed by the number of hours of credit. Course numbers are three-digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number. The number appearing after the hyphen denotes the hours of credit for the course. In some cases there may be more than one number following the course number such as 599-2 to 5. This represents a variable-hour course in which the student decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

- 000-099 Course not properly falling in the following categories
- 100-199 For freshmen
- 200-299 For sophomores
- 300-399 For juniors and seniors
- 400-499 For seniors and graduate students
- 500-600 For graduate students only

PREREQUISITES

For the guidance of students many courses list the courses which need to have been taken before the one under question can be taken. These prerequisites may be listed in a number of different ways. If only a number appears, it refers to a course in the same subject area. If the course is in another subject area, that area will be listed prior to the number. On advanced course levels, registration in a course may require the consent of the instructor.

SECTION NUMBER, TIME, AND DAYS

Section numbers for classes at Alton are between 1 and 49. Those for classes at E. St. Louis are between 51 and 99.

A letter prefixed to a section number has one of the following interpretations: *E* means beginning at 5:30 P.M. or later, *B* means scheduled for inter-campus bus transportation, and *S* means meeting on Saturdays.

Students registering for courses listed as "to be arranged" should consult with the division head to determine time and place of meeting.

FREE BUS TRANSPORTATION

To provide students with a broader program, certain upper division classes have been scheduled around a bus transportation schedule. Free bus service will be provided between Alton and East St. Louis on Mondays, Tuesdays, Wednesdays, and Thursdays at times given below.

Classes scheduled for inter-campus bus transportation meet twice weekly for periods of one and one-half or two hours.

The bus will depart from East St. Louis on the Ohio Street side and from Alton on College and Seminary Streets.

Students taking courses on the bus schedule will not need to travel

during the week of final examinations to take their tests. The examination will be proctored at the other center by the chief academic adviser or a member of his staff.

Likewise, students will not need to travel to return their textbooks. The bookstore at either center will accept texts for courses on the bus schedule provided that the student makes clear this situation to the attendant at the time of book return; otherwise record confusion will result.

Broadbooks

Southern Illinois University Foundation

The Southern Illinois University Foundation is a nonprofit corporation chartered by the state and authorized by the Board of Trustees to receive gifts for the benefit of the University, to buy and sell property, and otherwise to serve the University.

It respectfully asks alumni and other citizens of Southern Illinois to consider making gifts and bequests to benefit the University. Such gifts should be conveyed to the Foundation, with proper stipulation as to their uses. The Foundation, through its officers and members, will be glad to confer with intending donors regarding suitable clauses to insert in wills and suitable forms of gifts and memorials, including bequests by means of life insurance. Large or small gifts to the library will be appreciated; likewise, gifts for special equipment, buildings, endowment of professorships in particular subjects, gifts to student loan funds and scholarship funds, gifts for the use of foreign students, and endowments for particular sorts of research. Any gifts or bequests can be given suitable memorial names.

The staff members of the Foundation are

- Mr. Kenneth R. Miller, *Executive Director*, Carbondale, Illinois
- Mrs. Lois H. Nelson, *Secretary*, Carbondale, Illinois
- Mr. Robert L. Gallegly, *Treasurer*, Carbondale, Illinois
- Mr. C. Eugene Peebles, *Assistant Treasurer*, Edwardsville, Illinois
- Mr. C. Richard Gruny, *Legal Counsel*, Carbondale, Illinois
- Mr. L. James Struif, *Assistant Legal Counsel*, Edwardsville, Illinois
- Mr. Donald Leavitt, *Patent Counsel*, St. Louis, Missouri
- Mr. Warren Stookey, *Field Representative*, Edwardsville, Illinois.
