Southern Sketches

Governor Otto Kerner and Secretary of State Charles F. Carpentier headlined the three-day Illinois Traffic Court Conference in November sponsored by 13 Illinois agencies. Designed primarily for justices of the peace and police magistrates, it was arranged by James A. Aaron, coordinator of the SIU Safety Center. Last month representatives of five of the six state-supported universities in Illinois met at Carbondale to discuss fallout shelters and protection. The group was organized in October. An architect-engineer firm is to survey buildings on the campuses for use as fallout shelters under a Department of Defense project.

Students Audition for Opera

Eight students will compete in the 1962 Metropolitan Opera regional auditions in St. Louis and Chicago during January and February—Larry Jarvis, Kathryn Kimmel, and Joe Thomas, Jr., Carbondale; Denice Josten, Crete; Philip Falcone, Okawville; Fred Rounsfull, Lake Forest; and Tom Page and Deanna Stevenson, Salem. Miss Kimmel, Mr. Rounsfull, and Mr. Page auditioned for the Illinois Opera Guild auditions of the air on WGN in Chicago. Selected for semi-finals, they are appearing in “showcase” presentations on that station. Finals next month will be in the Chicago Opera House. Seven students from the Opera Workshop under the direction of Research Professor Marjorie Lawrence, former Metropolitan Opera star, performed at invitation at the National Opera Convention last month in Chicago.

King Tut's Grave Marked

In a formal ceremony last month the SIU Engineering Club dedicated a monument in memory of King Tut, first Saluki mascot who was killed by a car in 1954. A pyramid-shaped monument, with appropriate plaque, now marks the grave of King Tut near the flagpole in McAndrew Stadium. Meier's Vending Service, Springfield, was selected from five bidders to install and operate 241 food, drink, and cigarette vending machines on the campuses at Carbondale, Little Grassy, and Southern Acres. A five-year contract has been signed. Formerly several operators serviced the machines.

The University has purchased five Checker Superba cars for the car rental fleet, bringing to 10 the number of Checkers in the fleet. Compact cars no longer will be bought because of continuous maintenance problems and discomfort on long trips. Six compact cars now are in the fleet. The rental fleet is maintained for use of members of the departments on official business. The Physical Plant handles the 54-car fleet.

Debaters Continue Top Rating

The debate teams continue to uphold their high standards and reputation in taking the first place sweepstakes championship at the annual Bradley University Invitational Tournament, in which more than 600 persons competed, third place at the annual Kansas State Invitational Tournament in which 40 of the country's leading schools participated, and fourth in the Kentucky Thoroughbred Invitational at the University of Kentucky. This year's topic: Labor organizations should be subject to antitrust legislation.

Thirty alumni of the Department of Physical Education attended a reunion breakfast during a meeting of the Illinois Association for Health, Physical Education and Recreation in Peoria in November. For the second year the Obelisk, Southern's yearbook, has won an All-America rating, receiving one of five citations from the Associated Collegiate Press to universities of 7,000 to 10,000 enrollment. Editor of the 1962 Obelisk is Judith Barker, Eldorado.

Gifts to Edwardsville Libraries

More than 200 books in nine languages from libraries in London, Paris, Vienna, and Warsaw have been given to the Alton and East St. Louis libraries through the efforts of Stanley B. Kimball, professor of history who traveled abroad last year on an SIU Graduate Council travel grant. Included in this valuable group is a nearly complete collection of Romanian documents from 1076 to 1625 in 21 volumes. In return SIU is sending books to the University of Warsaw and other European institutions in appreciation of the gifts. A shipment of books on French art, literature, and civilization has been received to establish a French cultural center at the Alton Center. These were sent from the French consulate in Chicago as a gift from the French government.

Russian and Spanish have been added to the foreign language program at the Edwardsville Campuses which already teach French, German, and Latin. During the fall quarter 42 students did practice teaching in 29 public schools located in 13 communities in southwestern Illinois. Robert F. Erickson, chief academic adviser at the East St. Louis Center, will be acting social science division head in the absence of Herbert H. Rosenthal, who will be away doing research on a book he is writing on the Progressive Movement in New York State.
TV Comes to Southern

Twenty-six miles directly north of Carbondale, near Route 51 south of Tamaroa, is located the transmitter tower and building of SIU’s new television station, WSIU-TV, Channel 8. After 10 years of planning and preparation, Southern has entered the educational television field. WSIU-TV is one of 50 Educational Television transmitters in the country. In this area are two others, one at St. Louis and one at Evansville, Ind.

Channel 8 can be viewed on any standard VHF receiver in the receiving area. A map of the receiving area appears on Page 5.

Future plans for the University station are for closed circuit television in classrooms on the campuses and in groups of schools in the area. Plans for new buildings on the campuses include facilities for closed circuit reception.

Tentative plans include a microwave relay to Edwardsville, where an additional low-power transmitter would provide a stronger signal for Madison and St. Clair counties, the area of the SIU Edwardsville campuses.

Education in southern Illinois enters a new phase as WSIU-TV looks to a bright and unlimited future.

For the entire story of Southern’s entry into the educational television field, turn to Page 4.
News of the Faculty

Christian Moe, assistant professor in the Department of Theater and director of plays staged by the Southern Players, has been named assistant dean of the School of Communications, assigned to the office of Dean C. Horton Talley. . . . Five faculty members have joined the School of Agriculture staff to fill vacancies or new positions—Ernest A. Kurmes and Maxwell A. McCormack in forestry, Howard W. Miller and Charles E. Wylie in animal industries, and Kimbrell A. Thomson, in agricultural industries.

James C. Austin, associate professor of English at the East St. Louis Center, has been commissioned to write three books on three nineteenth-century American humorists. They are to be part of a series of handbooks called Twayne’s United States Authors Series, all written by specialists in their fields. Professor Austin will write about the humorists Artemus Ward, Petroleum Vesuvius Nasby, and Bill Arp. . . .

Ralph McCoy, director of libraries, was the first recipient of an annual leadership award initiated by the Illinois Library Association. He received a hand-lettered scroll and a hundred-dollar check.

Grinnells Take Southern Tour

Southern’s First Family Honored

The president and the vice president of operations and their wives have made several headlines of late.

President D. W. Morris early in November was awarded one of the Air Force’s highest civilian honors during a meeting of the SIU Board of Trustees. He was presented the Citation of Merit by Col. George H. Blase, commander of the ROTC unit.

The award cited President Morris for his service in developing the ROTC program at SIU from 1951 to 1960. Granting of the citation was authorized by General Curtis LeMay, Air Force Chief of Staff, and Secretary of Air Force Eugene Zuckert.

Later that month President Morris went to Washington, where he attended the annual meeting of the board of trustees of the National Conference of Christians and Jews. After serving a three-year term on the board, he was reappointed for another term last year.

Mrs. Morris will be honored as “Women’s Leader of the Year” at the ninth annual Women’s Day to be held March 14 in University Center. Theme of the event will be “100 Years of Southern Illinois Women” and will feature a style show of fashions of the past 100 years.

In December Mrs. Morris was initiated as an honorary member of Kappa Omicron Phi, national honorary professional home economics fraternity, at the SIU chapter’s Founders Day banquet. She is one of four women elected to honorary membership in the group.

President and Mrs. Morris, who celebrated their 31st wedding anniversary last month, will take a trip around the world with their son Michael during the spring term, visiting the SIU group of teachers at Saigon, Viet Nam, during the tour.

During January and February John E. Grinnell, vice president for operations, will take a sabbatical leave to travel with Mrs. Grinnell in the British West Indies, the northeast coast of South America, and Mexico.

Dr. Grinnell will visit colleges and universities in regard to possible cooperative work with SIU’s Latin American Institute. He also will visit various U.S. Administration for International Development offices to discuss their educational problems. During 1950-51 Dr. Grinnell headed a rural education project in Panama for the State Department.

The Grinnells will travel up a jungle river in the Dutch colony of Surinam on a shallow draft boat, starting in Port of Spain, Trinidad. They also will go into the interior of Panama.
Pipe Organ To Be Installed in Shryock

A pipe organ has been purchased by the University from the Second Congregational Church of Rockford for $6,000. It is to be installed in Shryock Auditorium, the largest pipe organ in the area.

The organ has 36 ranks of pipes and a nearly new console. It will be set up at the center rear of the auditorium stage and will be visible to the audience. The installation will be some 40 feet long, 12 feet wide, and 24 feet high.

The console is movable and will be used for solo concerts or in conjunction with choral or other musical ensemble presentations. The organ is a "three manual" or three keyboard type.

Remodeling and installation costs are estimated at $13,500. A new organ would cost $60,000 and installation $50,000.

Wesley Morgan, associate professor of musicology and organ, said that with the new organ in Shryock the School of Music's organ program can be expanded. The 12 to 16 students now studying this field have to use a small, inadequate practice organ.

There is considerable interest in organ studies, particularly among the church organists in the area, but many have had to be turned down because of lack of facilities. All the organ majors perform in area churches at present.

With the new organ, Professor Morgan plans public recitals by himself and senior and graduate organ students. It also will be used in performances of the "Messiah" and other musical concerts.

At the Christmas oratorio concert last month a homemade harpsichord was used to accompany the singers. Built by John Basden, music major from Murphysboro, it was played by James McEvers, senior from Herrin.

Expert Advice Sought

Consultants Study Programs, Projects

In the long-term planning and development of programs and the launching of new projects, SIU has an established policy of seeking the expert advice of outside consultants. Recently President D. W. Morris reported on the various stages of studies now underway on research, communications, but chiefly on doctoral programs.

Max Steer, chairman of the Committee on Faculty Grants at Purdue University, visited the campus last month to study Southern's research program, which has grown from an expenditure of $203.53 in 1944 to about $2 million. In making recommendations he stressed the need of keeping a balanced program of "pure" research.

The consulting firm of Ruder and Finn, Inc., has been authorized to study the University's problems of internal communications. Some of these problems result from increased decentralization, higher enrollment, and the growth of a second major campus at Edwardsville.

Financed by Friends

The work of the firm is being financed by friends of the University, just as the environmental planning conference at East St. Louis last spring was paid for by private funds. President Morris said, "... we do not feel that state funds should be used in view of other pressing needs."

A panel of engineering consultants will advise administrators on the engineering curriculum and the organization of the engineering program, now being administered as part of the new School of Technology established July 1.

A report is due from Dr. Gerhart Hartman, head of the State University of Iowa Medical School Hospital, on a study of nursing and medical needs in Illinois, particularly in southern Illinois.

For several weeks Don Moore, assistant to Research Professor Buckminster Fuller, has been studying present and future trends in electronic data processing, television, facsimile transmission and the extent to which advancements in these fields may be used both at the Carbondale and the Edwardsville campuses.

Ph.D. Programs

Consultants for doctoral programs include Professors Clyde Kluckhohn, anthropology, Harvard; Ernest C. Abbe, botany, University of Minnesota; Arthur W. Davidson, chemistry, University of Kansas; Howard A. Cutler, economics, Pennsylvania State University; W. P. Albrecht, English, University of Kansas; Harold W. Benjamin, education, George Peabody College for Teachers.

J. O. M. Brock, geography, University of Minnesota; Ethan P. Allen, government, University of Kansas; Walter F. Johnson, guidance, Michigan State University; Oliver E. Byrd, health education, Stanford University; Alonzo F. Myers, higher education, New York University; Marie Dye, home economics, Michigan State University; James W. Markham, journalism, Pennsylvania State University.

Newton P. Stallknecht, philosophy, Indiana University; Dean A. A. Esslinger, physical education, University of Oregon; Lloyd Biedler, physiology, Florida State University; George A. Kelley, psychology, Ohio State University; William Sewell, sociology, University of Wisconsin; and Kenneth G. Hance, speech, Clarence T. Simon, speech correction, and Frank A. Brown, Jr., zoology, all from Northwestern University.
Nature and man seem to have worked against SIU’s entrance into educational television, but despite a series of misfortunes and errors, WSIU-TV, Channel 8, is on the air. It went on the air November 1 with programming starting on November 6 after a week of testing. Rainy weather in May delayed ground breaking for the tower and antenna south of Tamaroa, on Route 51, until late June. Delivery of studio and transmitter equipment was delayed during the summer, all of the sections of the 903-foot transmitter tower arriving before the second one from the bottom.

Then there was a contractor’s error in placing a guy-wire anchor. Bad weather again reared its ugly head with high winds causing still another delay. On October 12 the 90-foot antenna was hoisted up through a dense fog and placed atop the tower.

While all is not yet clear sailing—what with the help of inexperienced hands, delayed delivery of studio equipment, and the usual foibles of people and equipment—operations manager Richard Uray checks some of the equipment in the TV studios in the Home Economics Building Auditorium.

Response has been most gratifying. Letters have been received from as far as Marble Hill, Maple Grove, and Sikeston in Missouri, Terre Haute, Ind., Paducah, Ky., and Edwardsville, Ill. Viewers are enthusiastic about the quality and variety of programming; many adults are enjoying the junior high and high school class instructions presented during the morning and early afternoon hours.

Planning Started Decade Ago

It was 10 years ago last year that SIU became interested in educational television. At that time the Federal Communications Commission had proposed a list of channels for the entire country. Southern was not included in the list. Buren Robbins, head of the SIU Broadcasting Service, spent most of that summer contacting area businessmen and civic groups for statements of support for an educational television station here. The following year the FCC specified UHF Channel 64 for Carbondale. This limited range UHF channel was not activated because it would not serve the 31 counties of southern Illinois, considered to be the primary service area of the University, and also because there were few UHF sets in the area.

In a reshuffling in 1957, Channels 3 and 8 were made available to southern Illinois. Harrisburg took Channel 3 as a commercial channel. It was not until 1959 that SIU received a construction permit for Channel 8. When state funds were frozen as an economy measure, the TV plans included in the SIU biennial budget for 1959-61 had to be set aside.

In the fall of 1960 the Ford Foundation gave an $18,000 grant to help implement educational television. Jacob O. Bach, director of the University Educational Research Bureau, was named director of the project. State money was released for construction of the transmitter station and tower and September, 1961, was set as the date for beginning of operations. Because of the numerous problems already mentioned, actual operation began November 1.

The TV studio is located in the auditorium of the Home Economics Building. When the Communications Building is constructed in time on the west side of campus, the studio will be housed there permanently.

Equipment is comparable to that of any modern station, including four complete camera chains (camera, control units, and power supply), video-tape recorders, and film director Eugene Dybvig looks down at the TV stage from the studio control room in the Home Ec Auditorium.
Art director James Lash prepares an introduction to one of the TV courses for SIITA.

Staff engineer Elbert Pike (center) is assisted by Hugh Nenninger (at left) and William Ziegler in setting up equipment in the central control room in the TV studios on campus.

and the latest in staging and lighting equipment. Equipment will cost an estimated $255,000. Two of the cameras will be for studio use and two for remote shooting around campus. A $50,000 Ampex videotape recorder was acquired through a grant from the National Educational Television and Radio Center.

Atop the elevator shaft of the Home Ec Building is a microwave system of two parabolic reflectors and transmission equipment to carry audio and video signals to the transmitter. The one-story brick transmitter building near Tamaroa has a transmitter room, operations room, work room and storage, overnight quarters for an operator, and a two-car carport.

General Electric Corporation, Schenectady, N.Y., built the antenna, transmitter, and tower under a contract for $299,000. Oakes Construction Company, Metropolis, built the transmitter building under a bid of $41,546. Total costs of all building construction work came to $64,720.

The 316,000 watt station covers an 80-mile radius with an effective picture and with lesser reception possible within the 80-100 mile radius. The transmitter is directly north of Carbondale about 26 miles. There are about 300,000 TV viewers in a 75-mile radius of Tamaroa. About 150,000 are expected to be WSIU-TV viewers.

WSIU-TV is on the air from 8:30 A.M. to 5 P.M. and from 6:30 to 9:30 P.M. Monday through Thursday and from 4 to 9 P.M. on Friday. Forty-seven newspapers, 10 TV stations, and 17 radio stations are carrying programming information of WSIU-TV. Cooperation has been excellent with these media in publicizing the new station and its work.

TV Station Staff

Buren C. Robbins, director of the Broadcasting Service and acting chairman of the Radio-Television Department, heads the TV station staff. He came to Southern in 1949 to introduce the techniques and management of radio into the curriculum of the School of Communications.

Operations manager is Richard Uray, a buoyant, energetic man who has three years here in the radio broadcasting service. Film director is H. Eugene Dybvig, who came to campus after six years as program director for Peoria TV station WTVH and five years as assistant professor of speech at Bradley University.

Art director is James Lash '60, member of Southern Players who has been actor, director, playwright, and set designer in many campus productions. William E. Dixon came from Charleston, W.V., where he was chief engineer for WEHS-AM and TV, to become chief engineer here.

Marshall Allen, Jimmy Scott, David Rochelle, and Jack Gill are producer-directors; LaDonna McMurray '57, M.S. '61, is traffic-continuity director. There are three engineers at the studio and two at the transmitter.

A call went out for student help in non-paying jobs in newscasting, announcing, acting, film projection, scene construction and as master of ceremonies, program moderators, floor managers, newsmen, photographers, studio crew. The response was overwhelming. Fifty to 60 students were selected. Few of them are radio-TV majors; most of them just want to try their hand in this new enterprise. So interested are they in the work that they spend long hours at the studio, sometimes neglecting their studies. They handle all camera work and audio equipment.

Greatest portion of the daytime broadcast schedule is devoted to classroom instruction for elementary and high school classes throughout southern Illinois. Seventy school districts with 27,000 students are members of the Southern Illinois Instructional Television Association founded...
last March for this purpose. The organization was the outgrowth of a study made possible by an $18,080 grant from the Ford Foundation to the SIU Board of Trustees for assistance in activating Channel 8 for instructional purposes. Professor Bach was named director.

Last fall the foundation made a second grant, one for $80,000, for the TV instruction program in elementary and secondary schools of the region. Professor Bach stated the money would be used over a three-year period in partial support of the released time of teachers and other personnel involved in the program.

Officers of the association elected by a 15-member executive committee are Carl Barton, Freeburg, chairman; John Lester Buford '24-2, '28, Mt. Vernon, president of the SIU Alumni Association, vice chairman; and William Buys, Carbondale, secretary. Carl Planinc '50, executive committee are Carl Barton, Freeburg, chairman; and William Buys, Carbondale, secretary. Carl Planinc '50, M.S. '51, had been elected secretary but later was appointed educational television coordinator at the University, resigning as superintendent of Johnston City Unit District One to take the post.

Schools participating in the program pay $1 per student enrolled in the school or $4 per student enrolled in each TV class. Schools must join SIITA to participate.

To prepare for the TV instructional program a workshop, Utilization of Television in the Classroom, was held on campus last summer. Lee Campion, Washington, D.C., was in charge with 138 people registered for the session. This was followed by a Curriculum Production Workshop.

Nine Courses Offered for SIITA

Under the program nine courses on film and tape are being offered—senior high physics, a Britannica Films production; an elementary French course for fourth grade, from National Educational Television; and from the Midwest Program on Airborne Television Instruction tapes on elementary science for third and fourth grades, junior high general science, music for grades one through three, language arts for third and fourth grades, sixth grade arithmetic, American history for fifth and sixth grades, and elementary science for fifth and sixth grades.

These courses are offered from 8:30 to 11:25 A.M. and from 12:50 to 2:45 P.M.

Four courses are being prepared for "live" presentation by SIITA—primary art with Alice Schwartz, University School; fifth grade social studies, Sue Kempfer, Evanston School District 65; eighth grade social studies, Richard Qualls, Herrin High School; and ninth and 10th grade general science, Harold Perkins '50, M.S. '55, Carbondale Community High School.

Professor Bach has stressed many times the fact that educational television will supplement teaching and not supplant the classroom teacher. Education TV is not aimed at savings costs but at upgrading instruction. Teachers are given an opportunity to watch other instructors in action. Manuals are provided for the TV courses so that the teacher can introduce the lesson and then follow it with a discussion.

It is recommended that a student see not more than one or two TV courses a day.

Starting with the winter quarter two University college courses will be offered—Introduction to Poetry, conducted by Prof. Robert Faner, and from the Vocational Technical Institute, Typewriting, conducted by Chester E. Johnston.

The rest of programming time, including the prime time between 6:30 and 8:30 P.M., is devoted to a variety of programs.

Variety in TV Entertainment

"The Play of the Week," a series of 65 dramas, musicals, and reviews, is shown each Tuesday and Wednesday evenings from 8 to 10 P.M. Called "the finest series in the field of television entertainment" by Brooks Atkinson, New York Times drama critic, the series offers "The Cherry Orchard," "Henry IV," "Don Juan in Hell," and "Archie and Mehitabel" among the programs and featuring such stars as Helen Hayes, Siobhan McKenna, Hume Cronyn, Gertrude Berg, and Lillian Gish.

Starting in February will be presentation of eight Shakespearean plays in the 15-part "An Age of Kings" series produced by the British Broadcasting System and shown in the United States through National Educational Television. Prof. Frank Baxter of the University of Southern California appears on each program with his interpretation of the play.

University departments are presenting series of programs. "The Decision is Yours," a series of television debates and discussions between SIU debaters and teams

(Continued on Page 15)
Designers Have Winning Ways

Design Department students and teachers hit the jackpot at the fourth annual Awards Exhibition of the Art Directors Club of St. Louis in November, walking off with the Best of Show Award and nine other prizes.

SIU entries competed with 900 other entries from universities, studios, advertising agencies and advertising departments of industries in a 125-mile radius of St. Louis. Ninety-eight winners were selected.

Judged best piece in the exhibit was a book prepared last year by a class of sophomores in visual design. It was a gift to Willem Sandberg, distinguished Dutch printer, and contains designs made from antique wood and metal type using only the letters in Sandberg’s name. Pieter Brattinga, Dutch printing designer who was visiting lecturer at the time, supervised the project.

Three gold awards went to students, alumni, and faculty designers: a poster for last June’s “Environmental Planning, Edwardsville Campus (EPEC)” seminars in East St. Louis, by David T. Miles ’59 and Harold Cohen, chairman of the Department of Design; a piece by Jean Moss ’58; and the Sandberg book.

Silver award winners were instructor Harold Grosowsky and Ronald G. Bishop ’60 for the 1961 Fine Arts Festival brochure, Richard L. Kurowski ’61 for the first issue of Parallax, local literary magazine, and instructor Elsa Kula for an announcement for Chicago’s Lyric Opera Theater.

A bronze award went to research assistant Herb J. Meyer ’58, M.S. ’59, for a brochure on R. Buckminster Fuller. Merit awards were given Professor Cohen and Mr. Miles for an EPEC announcement, to Gary Decourcy for the Fine Arts Festival poster, and to Edmund Zielinski for two pieces, a Christmas card and a Parallax poster.

Magazine Spotlights Department

The entire November issue of Inland Architect magazine was devoted to the design department with feature articles and art work prepared by members of the department, including Professor Cohen, Miss Kula, Mr. Meyer, Herbert Roan, Davis Pratt, and Robert Hunter ’56.

One of the stories concerned the growth of the department’s Design Research and Development Wing, started four years ago when it staged a national conference on new designs for equipment for handicapped children.

Class Builds Basketry Dome

Nine senior design students were given a project called by Research Professor R. Buckminster Fuller of the Design Department, “the most difficult problem ever attempted in applied spherical trigonometry”—that of building a 4,000 square-foot dome out of two-by-fours.

Dubbed a “basketry dome,” it is unlike any other of dozens of geodesic shelter systems developed by Professor Fuller, inventor of the geodesic dome. Because it is the first of its kind, the students have had to do all the complicated mathematics from scratch. They were given a time schedule for calculations, research, drafting, and construction.

A 13-foot model of the dome was built inside a dome housing the department’s office on west campus, with the 72-foot diameter structure being constructed at the Campus Lake.
Teachers Still in Great Demand

Teachers are in greater demand today with business and industry offering about the same opportunities as a year ago, according to the Placement Service. More elementary teachers were needed than secondary teachers. Of 539 of 1,325 graduates who went into education, 53.4 per cent stayed here in southern Illinois.

Average annual salary for the '61 bachelor's degree elementary teacher is $4,505, a four per cent hike from the preceding year; for the secondary teacher $4,592, a three-and-a-half per cent increase; for master's degree elementary instructors $5,620, a seven per cent increase; and for secondary teachers with master's $5,524, a four per cent boost.

During 1960-61 the Placement Service requests from business and industry were greatest for engineers, accountants, recreation personnel, chemists, and marketing personnel. The federal government has stepped up its demands for college graduates.

The 1961 graduates were interviewed by 297 employers for teaching positions and by 240 employers for positions in agriculture, business, government, industry, and social work—the largest of any year except 1957 and representing a 16 per cent increase over 1959-60.

Overall, of the 1,325 graduates, 40.7 per cent went into teaching; 22 per cent into business and industry; 21.9 into graduate school; 7.3 into military service; 3.6 did not seek employment; 2.4 were unemployed; and two per cent were unreported.

Helping Hand To Communities

Since the Department of Community Development was created and launched its first program in Eldorado in 1953, it has conducted operations in more than 50 communities. During the last three years, 720 projects have been carried out, involving 17,674 people in southern Illinois.

Sole purpose of Community Development is to help improve the quality of living in this region and to aid in bringing about full development of human and natural resources. A listing of improvements and achievements growing out of its activities represents investments by communities of $2,834,000 in parks, libraries, housing developments, and other projects.

Nucleus of the program has been self-study and action programs by local citizens, with the department's technical advice. All work in the 50 communities has been handled through a general consultant assigned to keep close contact between the University and local citizen groups.

When Community Development began its operations, its goal was to work with individual towns and, through them, eventually to broaden activities to larger geographical areas. This it has achieved. The department now is working in five county and two bi-county areas with requests from other counties to do the same. Most of the requests have grown out of the programs conducted in one or more communities within the county.

Learning Audio-Visual Way

Use of audio-visual materials in college classroom work at Southern Illinois now exceeds that of any university in Illinois. With the new overhead projectors, classes have available for study maps clipped from the morning newspaper or even the smallest plants growing in glass dishes.

Advantage of this type of teaching—and learning—is that every student in the classroom can see the tiniest object of study. And there is no need to darken the room, as it used to be for audio-visual presentation.

Supplying the audio-visual materials for teaching on campus is one of the services of the SIU Audio-Visual Department. It distributes educational films and film strips throughout the area from its library of 5,500 films and 300 pieces of equipment. It works with school personnel in devising better methods for use of audio-visual equipment in the classroom.

When the Audio-Visual Department was established in 1947, it had 50 films. Last year there was a 40 per cent growth in demand for its services. It circulated 30,000 films throughout the state and arranged for use of 6,000 films in campus classes.

Heaviest request for films is from Cook County (outside of Chicago), with St. Clair County second on the list.

In the film service are titles on every educational subject from primary to adult level. Schools and organizations select films through an annual film catalog in which each title is described and graded as to age interest group and subject matter. Because of the increasing interest in the use of films, the Audio-Visual Department plans to publish a quarterly supplement to the catalog and it will be sent to all Illinois schools.

A minimum rental fee and the cost of return postage are charged for the use of the films. Each film is thoroughly checked when it is returned for damage due to inexperienced handling or incurred during shipment.

The department also arranges a series of movies for campus showings, ranging from foreign classics to light comedy to informational movies such as the Audubon Nature Series.
Chicago Alumni Help Sponsor

First Chicagoland Career Day on Campus

The Cook County superintendent of schools booth at the first Chicagoland Career Day was manned chiefly by alumni. From left, Maurice Clark '38, M.S. '53, James Keith '58, M.S. '61, Jerry Feezel '60, W. Raymond Etherton '25-2, '30, Wesley Bovinet '37, and W. O. Fisher '42. The event was held in the University Center Ballroom.

Chicagoland invaded southern Illinois—at the invitation of the downstate area as a reciprocal arrangement with Southern Illinois Day held in Chicago in past years. November 2 some 20 Chicago area business firms and industries, government and school agencies sent representatives to the Carbondale Campus to seek employees among the graduating seniors. These employers have been sending representatives on an individual basis at least once a year on recruiting missions.

Through the cooperation of the Chicago Association of Commerce and Industry, the Chicago Alumni Chapter, the student government, University Placement Service, and Alpha Kappa Psi, professional business fraternity, the Chicago alumni who participated in the career day included, seated from left, W. O. Fisher, Maurice Clark, Pat Ann Surgalski, ex '55, W. Raymond Etherton, and Wesley Bovinet. Standing, Everett Miller '39, Chicago club president, Cmdr. Francis Grisko '38, James Keith, and Jerry Feezel.

Chicagoland Career Day was planned and presented. This new personnel recruitment idea found such favor with the participants that the second career day will be held November 1, 1962.

Booths and exhibits were set up in the ballroom of University Center to which 2,500 students came for job information. Several representatives said that they had a number of good prospects lined up. The Chicago Association of Commerce and Industry presented a display on housing, transportation, living costs, and the social and cultural advantages of living in their city. SIU students assigned to Career Day put in long hours to make it a successful event for employers and job seekers.

Nominations Due Next Month For Achievement Awards

Deadline for nomination of alumni for the annual Achievement Awards is February 15.

These awards will be presented at the Alumni Banquet on Alumni Day, June 9, to those men and women who are selected for achievement in the business or professional fields or for their service to the University, or the Alumni Association, or both.

Twenty-one alumni—all men (no women have been selected as yet for the honor)—have been recipients of the awards since the first group was so honored in 1958. Eligible for nomination is any alumnus or former student, with the exception of the present faculty, members of the Board of Trustees, and the current association president.

Members of the Alumni Association are eligible to send in nominations, as well as university academic deans and department chairmen. From the names submitted a committee of five, appointed by President D. W. Morris, plus the president and executive director of the Alumni Association, makes the final selection.

Members are urged to nominate their candidates by sending in as complete a biographical sketch of them as possible, including specific details as to reason for nomination. Send these to Robert Odaniell, SIU Alumni Association, Carbondale.
Club News from Around the Country

Field Representative Jay King ’51, who estimates he traveled 14,133 miles last fall, took his longest jaunt in November, when he flew to meetings in the west and south.

First one on the logbook was at Kansas City, Mo., November 17, when alumni there held their second meeting and elected officers. President is Robert H. Martin ’56; vice president, Andrew S. Salm ’59; secretary-treasurer, Mrs. Dwight W. Parsons (Patricia Zook ’54). Members of the board are Freeman A. Wolfe, M.S. ’55, Donald G. Gibbs ’59 (who was in charge of the dinner meeting at the Wishbone Restaurant), Lewis A. Songer ’58, and Mrs. C. Theo Chenault (Phoebe Baker ’26-2).

Heading west Mr. King joined the Denver, Colo., alumni for Sunday dinner at Baur’s Restaurant on November 19. Officers of the new club are President James A. Dalton ’60, Vice President Kate Burkhart Mitchell ’38, and Secretary-Treasurer Arlyne Fitz-Gerald ’60. On the board of directors are Spencer A. Bullard, ex ’42, Mrs. Jerry Natterstad (Linda Brown Natterstad, VTI ’59), and David C. Mayfield ’61. Mrs. Natterstad is a former secretary to Mr. King and Mr. Mayfield is the husband of a former member of the Alumni Office staff.

In Oklahoma City on November 21 Mr. King met with alumni to organize a new chapter. Heading the neophyte group are President Winnie Free Penquite ’17-2, Vice President Harry C. Marberry, Jr. ’41, and Secretary-Treasurer Albert J. Shafter ’48, M.A. ’49. The dinner meeting was held at The ’89er Inn.

Field Representative Jay King ’51 met with Oklahoma City alumni November 21 and even got into the picture. First row from left, Mr. King, Albert Shafter ’48, and Harry C. Marberry, Jr. ’41. Second row, Mrs. Bertha Burnett Cline ’25-2, Mrs. Lynette Peek Shafter, ex ’46, Mrs. Winnie Free Penquite ’17-2, Mrs. Gladys Free Taylor ’21-2, George T. Taylor, Dr. Robert Penquite, Mrs. Betty Gum Marberry ’42, and Mrs. Mary Ellen Woods Vick ’35.

Club Officer Workshop January 20

Fourth annual Alumni Club Officers Workshop will be held Saturday, January 20, in the University Center Ballroom. Registration and a coffee hour will start at 9:30 A.M., followed by talks on various aspects of university life by officials and faculty members.

A tour of University Center will precede luncheon and the afternoon session will be devoted to discussions of alumni and their clubs by Alumni Association officials. Dinner and the SIU-Eastern Michigan basketball game will wind up the workshop.

Jay King is in charge of the workshop, with the assistance of Warren Stookey ’50, field representative at the Edwardsville Campus.

The Denver Alumni Chapter elected officers for 1961-62—seated from left, Vice President Kate Burkhart Mitchell ’38, Board Member Linda Brown Natterstad, VTI ’59, President James A. Dalton ’60, and Secretary-Treasurer Arlyne Fitz-Gerald ’60. Standing are board members Spencer A. Bullard, ex ’42, and David C. Mayfield ’61.

Attending the Kansas City, Mo., Alumni meeting November 17 were, seated from left, Lewis A. Songer ’58, Mrs. Marcia Rohde Songer ’58, Mrs. Robert Martin, Mrs. Phoebe Baker Chenault ’26-2, Andrew S. Salm ’59, Mrs. Annadell Reichert Salm, ex ’57, Mrs. Patsy Bruce Gibbs ’57, and Mrs. Patricia Zook Parsons ’54. Standing, Freeman A. Wolfe, M.S. ’55, and Mrs. Wolfe, Robert H. Martin ’56, Donald G. Gibbs ’59, and Dwight W. Parsons ’60.
With federal and state loans for housing and state appropriations provided through the Universities Bond Issue passed in 1960, SIU is anticipating a boom year in construction on campus.

Housing will be completed at Thompson Point, Small Group Housing, and Southern Hills. Contracts have been signed for the College of Education and Clinical Center Building and the Physical Education and Military Training Building.

Five three-story dormitories housing 600 students are under construction at Thompson Point, to the north and west of the area now occupied by six dormitories. An addition to Lentz Hall, dining hall for Thompson Point, also is under construction. It is being doubled in size to provide six dining rooms in the hall for serving the 1,350 students at Thompson.

Across Campus Lake from Thompson Point six Small Group Housing units are going up along Greek Row. These will provide housing for 270 fraternity and sorority students. Nine buildings are now in the group, with accommodations for 45 in each.

Married students will have nine new buildings with 144 apartments at Southern Hills, in the rolling woodland development east of the campus. The two-story family apartments are one and two-bedroom units with two units in each building especially designed for the physically handicapped.

The Board of Trustees at its November meeting approved the bid of $2,146,000 of M. H. Wolfe and Company, Granite City, for general construction of the Physical Education and Military Training Building. Continental Constructors, Inc., St. Louis, received the bid for general site work, including a 475-car parking lot, totaling $496,800.

Contracts for $3,025,473 were signed. Work will get underway this spring. Main feature of the building will be a 300-foot-diameter domed arena accommodating as many as 10 physical education classes at a time and seating up to 10,000 for basketball, convocation, commencement, and other assemblies.

At the December meeting of the University trustees, contracts totaling $2,871,520 were approved for the College of Education and Clinical Center Building. J. L. Simmons and Company, Decatur, was lowest of eight contractors bidding on general construction, at $1,609,000. Adjoining University School building on the west, the three-story education building will contain the greatest amount of classroom space of any of the Universities Bond Issue projects.

Included will be some 30 classrooms, including teacher training areas, observation rooms, and specialized classrooms, an auditorium, lunchrooms, instructional rooms equipped for audio-visual teaching and study, and a building-wide system for closed circuit television. A basement section will be adapted for study and research with teaching machines and other instructional equipment.

The building, to house the University's largest academic unit, is expected to be completed by spring term of 1964.

**JANUARY, 1962**
In Last IIAC Season

Salukis Eye Four Winter Sports Titles

With the fall sports season having produced two championship teams for Southern, basketball, gymnastics, swimming, and wrestling clubs have now taken over for the winter months with good prospects for an additional four Interstate Conference titles.

All four Saluki outfits are defending league champions, and, with this season slated to be the last for Southern in the IIAC, all are hoping to bid farewell in a successful manner.

Coach Harry Gallatin’s 1960-61 basketball team lost its first and last games of the season, but won 21 of 25 outings in between to finish with one of the best records (21-6) in the school’s history.

And despite losing four members of his starting lineup, Gallatin is hoping last year’s reserves and several graduates from Coach George Iubelt’s freshman team can develop into a winning combination this season.

In his fourth year as SIU cage boss, Gallatin already has attracted considerable recognition with his run-and-shoot offense which is mixed with almost equal emphasis on defensive tactics.

The Salukis were ranked fourth in the Associated Press’ final small-college ratings last year and advanced to the championship game of the NCAA college-division regional tournament before being eliminated in an 87-84 thriller by Southeast Missouri, the eventual national runner-up to Wittenberg.

Lone returnee from last year’s starting quintet is Charlie Vaughn, 6-2 senior guard who was a first-team selection on the United Press International Little All-American squad.

Still generally accepted as being the nation’s all-time high school scoring champion (he scored 3,378 points while playing for Tamms, a small southern Illinois community), Vaughn has averaged almost 25 points per game over a three-year span as a collegian. His totals are 1,891 points in 76 games. As a freshman Vaughn scored 620 points in 26 games, tallied 779 in a record-breaking 29-game sophomore season and added 492 in just 21 games last year. His field goal percentage is creditable (.439) as is his marksmanship at the free throw line where he has connected on 371 of 508 attempts (.730).

Gallatin is expecting lettermen Jim Gualdoni (captain-elect), Dave Henson, Ed Spila, Frank Lentfer, Harold Hood, and John Mees to provide good support this season and likewise is counting heavily on transfer student Rod Linder and sophomores Eldon Bigham and Eddie Blythe. Three other sophs, Dave Needham, Dan Corbin, and Mike Pratte, may also move up at any moment.

Coach Bill Meade’s power-packed gymnastics squad includes some of the finest talent in the United States and the Salukis need to move up only one notch this season to hit the jackpot. The seemingly small step would be enough to bring the University its first major national championship as last year Meade’s outfit ranked second to Penn State in the NCAA championship meet.

Southern’s three national champions—Bruno Klaus (high bar), Fred Orlofsky (still rings), and Fred Tijerina (parallel bars)—will lead the Salukis in intercollegiate competition, although Tijerina will not be eligible for this year’s NCAA meet.

Others expected to add considerable strength are Rusty Mitchell, an up-and-coming sophomore star, Chuck Woerz, Henry Schafermeyer, Rich Baumgarten, Tony Calabrese, Tom Geocaris, Chuck Ehrlich, Len Kalakian, Jon Shidler, and Hugh Blaney.

Swimming Prospects Tops

Coach Ralph Casey has enjoyed tremendous success for the past several years, but this season’s prospects appear to be at an all-time high.

Led by Ray Padovan, two-time national collegiate record-holder, SIU’s swimmers will be facing their roughest schedule ever with an all-star in virtually every event. Padovan, a third-place winner in last year’s NCAA 50-yard free-style race, will be a consistent winner in the spring events while Jack Schiltz, a sophomore, is a standout in the breaststroke events. Schiltz as a freshman established new school and pool records and has given all indications of faring even better this season.

Lending team balance will be Walt Rodgers, a versatile

Charlie Vaughn, only starter from last season, was declared scholastically ineligible for the winter term. He did play in the Missouri Intercollegiate Athletic Association holiday tournament in Cape Girardeau.

By Fred Huff
senior star who last year won 15 blue ribbons in 18 appearances. Rodgers was also a double IIAC champion and set two league records.

Another two-time league champ for Southern was Larry Asmussen and the junior natator has also been impressive in early-season workouts this year.

However, "most improved" rating from Casey goes to Ron Ballatore, a senior who won the 100-yard backstroke title in the IIAC meet last season when the Salukis swept all 14 events.

Others who will add depth to Southern's squad are Dale Cunningham, Clyde Epperson, Ron Deady, Gary Lutker, Klemens Osika, and Bruce Roman and divers Ernie Gonzales, John Robbins, and Bill Haney.

Coach Jim Wilkinson's wrestlers turned in a fine showing in their season's debut at the Illinois Invitational meet where they walked off with three championships.

The Salukis will be bidding for their fourth successive league title and have three defending champs—Ken Houston, Frank Coniglio, and Roger Plapp—returning to form the team nucleus. Coniglio had a 7-2 record last season while Houston, who was third in the NCAA 177-pound division, posted a 5-2 mark and Plapp a 7-4 record.

Others expected to perform regularly this season include Pat Coniglio, Steve Cox, Eric Feiock, Tony Jackson, Larry Kristoff, Larry Meyer, Don Millard, Ken Pontikes, and Issy Ramos.

**Win Missouri Holiday Tourney**

After being held to a 26-26 halftime tie by Arkansas Tech in the final game of the Missouri Intercollegiate Athletic Association tourney December 29, the Salukis won the championship 68-48 with a brilliant 10-minute stretch of play in the last half.

Defeating Southwest Missouri State in the first game 71-58 and Central Missouri State in the semi-finals 87-76, Southern turned in three top performances. Charlie Vaughn, playing his last college basketball, and Ed Spila were named to a 10-man all-tourney team.

In the final game, Vaughn scored 21 points, finishing his college career with a record total of 2,088 points. He again made the SIU offensive record book by racking up 23 consecutive free throws during the meet. Others who were outstanding in the tourney were Capt. Jim Gualdoni, showing great defensive work, Spila, Frank Lentfer, and Dave Henson.

After losing their two opening games of the season to Niagara 84-70 and Seton Hall 74-73, the Salukis went on to win the next four games before the holiday tournament—over Central Missouri State 76-75, Northeast Missouri State 110-76, Eastern Illinois 103-68, and Northern Illinois 80-56.

### Television Comes To Southern...

(Continued from Page 7)

from eight challenging schools, is being broadcast. Debates are moderated by Keith Sanders '61, a top debater during undergraduate days and now a graduate student and assistant debate coach. Discussions are conducted by Prof. Ralph Micken, chairman of the Department of Speech.

Interpreter's Theatre, devoted to experimental theater for presenting public performances, understanding literature, and encouraging better reading, was organized in the fall of '60 and is directed by Marion Davis, assistant professor of speech.

In a series from the SIU Museum, lectures by University of Washington anthropologist Erna Gunther are being presented. The University Film Production Unit filmed the lectures on primitive art while Professor Gunther was a visiting professor here in 1960.

Also scheduled are programs by the Office of Student Affairs with Elizabeth Mullins, coordinator of student activities, and by the School of Agriculture presenting market summaries, interviews, and demonstrations.

Once a week a commentary on United Nations is given and also College News Conference, interviews of prominent national and international figures by college student leaders.

"Education in Illinois," produced in conjunction with the Illinois State Department of Public Instruction, is a demonstration of new teaching techniques by southern Illinois elementary and secondary educators.

Sign-off program each evening is "Words for Tonight," a series of three to five minute messages of faith and wisdom featuring clergymen from southern Illinois.

From National Educational Television comes a variety of excellent TV fare, ranging from discussions of music, art, and philosophies of education to timely documentaries and fine theater.

Until remote television equipment is obtained, no sports events on campus will be televised.

Diamond Jubilee
June 9, 1962

1897

Sixty-fifth Reunion
June 9, 1962

1902

Sixtieth Reunion
June 9, 1962

1905

In response to the request for identification of members of the Classics Club, whose picture taken about 1904 appeared in the September Southern Alumnus, Judge Fred L. Wham, ex, wrote from Centralia. Judge Wham identified Carrie Hitch from Olney. Miss Hitch became Mrs. Wham in October 9, Albuquerque, N.M. Mrs. Wham is a sister-in-law of Mr. Spangler.

1906

MARRIED: Mrs. Bess Bryan Benzinger, ex, to Clyde L. Smith, ex '03, October 9, Albuquerque, N.M. Mrs. Smith is a sister-in-law of Charles C. Figley '05-2, of Boise, Idaho. Mr. Smith is associated with the Paul Brown Insurance Agency in Carbondale.

1907

Fifty-fifth Reunion
June 9, 1962

Mrs. Harry S. Becker (the former Maude M. Hiller, 2) has a new address. Formerly a Chicago resident, she now lives at 1817 Asbury Avenue in Evanston. She has two children, Harry C. and Bettie G.

1912

GOLDEN REUNION
June 9, 1962

C. Gage Brenneman, 2, retired Air Force major, lives in San Diego, Calif., with his wife Beatrice. He holds a bachelor's degree from the University of Illinois and a master of business administration from Harvard. Major Brenneman's "A Guide to Bible Study" is included in the SIU Alumni Authors Library.

1914

From Fayetteville, N.C., Gen. John R. Hodge, ex, Hon. LL.D. '54, U.S. Army, Ret., writes, "Although I am a long way from Carbondale and being a student at SIU, my interest in the school and in its wonderful growth is high indeed."

1917

Forty-fifth Reunion
June 9, 1962

1920

New assistant to the general superintendent of U.S. Steel's Gary, Ind., Sheet and Tin Mill is Earl D. Spangler, ex. A native of Jefferson County, he has been with Sheet and Tin Mill 33 years, starting in 1928 as a laborer. In 1933 he went into management as a turn foreman-tin cold reduction; four years later he became assistant superintendent of that department and in 1940 superintendent. Mr. Spangler was transferred to the sheet cold reduction department as superintendent in 1946, was named superintendent of sheet finishing in 1948 and division superintendent of the sheet mill in 1948. The following year he was transferred to the tin mill as division superintendent, the post he held when he received his newest promotion. He and his wife Anne live in Gary. Mr. Spangler is a member of the American Iron and Steel Institute, Gary Chamber of Commerce and Gary Country Club.

1921

Because of a State College Board meeting at the time of Alumni Day last June, Charles R. Sattgast, 2, president of Bemidji State College, in Minnesota, was unable to attend his class reunion. In sending his regrets, he wrote, "Mrs. Sattgast (formerly Mrs. Mabel McGuire Pulliam '26) and I live in the far north of the State of Minnesota where the climate is delightfully cool in summer and a bit cooler in winter. This is the area in Minnesota which is known as the 'Vacation Land' and it is covered with beautiful forests of pines and birches interspersed throughout with lovely lakes. Most of these lakes are teeming with wall-eyed pike and since the opening of fishing season on May 13, the fishing has been the best in history. Mabel and I have had great enjoyment in catching our limit and our deepfreeze has an abundance of fine fillets."

Another member of the class who could not return for the reunion was Maude McCard, 2, Carmi. Miss McCard, who was 87 on June 19, has not been well the last year. She taught high school for several years following graduation from SINU before illness in the family necessitated her staying at home. Later she and a sister kept a boarding house in Carmi. Now she and two sisters, who are 81 and 83, live together. In 1935 Miss McCard was called by the American Sunday School Union to aid and teach in Young People's Conference work and for 18 summers she continued in that service.

1922

Fortieth Reunion
June 9, 1962

1923

Belle Carson, 2, who formerly taught in Berwyn, is retired and living in Oakdale. She is a member of the Washington County Alumni Chapter.

Mrs. Glenn Zellhoefer (Sue Ellen Lay Mathis, 2), Normal, is one of the three
members of the board of directors of the Bloomington Area Alumni Chapter and a charter member of the group.

1924

Last fall Mrs. Lawrence Imhoff (Fay King, ex) Washington, D.C., wrote that she had spent several weeks in George Washington University Hospital, taking traction and additional therapy for rheumatoid and osteo arthritis, affecting her spine and shoulders. Mrs. Imhoff, one of the few women calligraphers in the country, said that her pens were to be taken away from her for three to six months. She has been doing calligraphy in Washington for many years, including the special invitations to the presidential inaugurations on several occasions.

Wesley B. Asbury, 2, is retired and living at 136 Northwest Seventh Avenue in Miami, Fla.

Mrs. Helen Horsfield Fisher, 2, ’53, who retired from teaching in Belleville, now lives in Springfield. She has a son Don.

1925

Mrs. Russell Gardner Duncan, 2, ’48, M.S. ’55, Marion teacher, spent last summer visiting her daughter, Mrs. Bennie Gordon (Iona Duncan, ex ’46), and her family in Los Angeles.

Mrs. Julius N. Jackson (Stella Johnson, 2, ’57, M.S. ’61), has been a teacher with Dupo Community District 196 for 25 years. She has a daughter, Sara Jane.

Mrs. Robert B. McCall (Syvilla Reiss, 2) lives in Centralia, where her husband is a shop teacher and building maintenance supervisor in the Centralia school system. Mr. McCall gave up athletics last summer after serving as a grade school coach since 1925 and later as athletic director of the city’s sports program.

1926

Although Mr. and Mrs. Charles E. Spear (Lena Lauder, 2) return to southern Illinois most every summer to visit, they could not come back at the time of the class reunion on Alumni Day in June. They live in Pasadena, Tex., where Mr. Spear is the civilian chief of transportation at Ellington AFB. Mrs. Spear is a substitute teacher in elementary and junior high schools and in music. They have three children—Sandra, who attends Huntsville, Tex., State Teachers College; Tex, who graduated from senior high last May; and Rick, who entered senior high last fall. They have lived in Pasadena since 1954.

Also sending regrets was Mrs. Delbert S. Lacquement (Cora Evelyn Whitlock, 2), Flora. Her husband is superintendent of the Olney district for the Methodist Church. They have three sons—Hubert, a West Point graduate now teaching metallurgy there; Richard, a University of Illinois graduate, who is with the Signal Corps in Germany; and Larry, who graduates next year from the School of International Service at American University in Washington, D.C.

1927

Thirty-fifth Reunion
June 9, 1962

Mrs. Herman J. Stoever (Mary Martha Brown ’25–2), who was on the SIU English faculty last year, now is teaching Latin at Carbondale Community High School. Her husband is a professor of applied science at Southern. A son is a senior at Amherst College and a daughter entered the University of Kansas this fall.

Fred H. Miller ’24–2 is on the faculty of Normal Community High School. He is a charter member of the Bloomington Area Alumni Chapter.

1928

John Lester Buford ’24–2, superintendent of Mt. Vernon schools, president of the SIU Alumni Association, and immediate past president of the SIU Foundation, was one of the speakers at a meeting of the Rhode Island Education Association last fall in Providence, R.I. He told the school superintendents and school committee members how Mt. Vernon combats welfare programs that keep “handing out.”

Dolph Stanley, ex, who left athletics after a long and successful basketball coaching career to enter business, again is coaching, this time at Rockford Auburn High School, a relatively new high school. He formerly coached in high schools at Equality, Taylorville, and Mt. Pulaski and later at Beloit College and Drake University.

Mrs. Nellie Jones Talley, 2, ’52, teaches

Alumni Book Shelf

Three books recently published by the SIU Press will be of interest to alumni.

“Illinois—Know Your State” was written by Mrs. Mabel Lane Bartlett ’43, associate professor of education, who now is in Viet Nam on an ICA program; John E. Grinnell, vice president for operations; with Jess Turnbow, field representative for the Department of Education.

The 112-page text-workbook for upper elementary and high school students covers historical, geographical, and political material about Illinois. It also provides teaching legal requirements for Illinois schools in constitution and government. Maps and charts are included, as well as the full text of the Illinois state constitution.

Lloyd Morey, Hon. LL.D. ’54, former visiting professor at Southern and former comptroller and president of the University of Illinois, has written “The State-Supported University.” The foreword was contributed by Charles D. Tenney, SIU vice president for instruction.

“Wisdom and Education” was written by the late Douglas E. Lawson, former dean of the College of Education and first recipient of the SIU Alumni “Great Teacher Award.” He prepared and edited the manuscript in its final form just before his death last March.

In the October issue of The Instructor Magazine appeared the article, “Sign Language for Fire Prevention” by Mrs. Russell W. Stiles (Grace Ellen Keller Cooper ’26–2, ’42). She is assistant professor in the Department of Education and Psychology at the University of Rhode Island at Kingston, R.I.

Mrs. Stiles, who holds a Ph.D. from New York University, formerly taught at Roselle, N.J., and at State Teachers College at Millersville, Pa. She lives in Narragansett, R.I.
During 33 Years in Education

**E in Browne Means Excellence**

One of the best-known educators in Illinois—who also is a member of one of SIU’s best-known families—has retired after 33 years of service in higher education. Richard G. Browne '19-2, Normal, retired August 31 as executive officer of the Teachers College Board, a post he held 10 years.

Last May 350 friends, including all six presidents of the state’s public universities, state officials, and associates, gathered at Illinois Normal University to honor Mr. Browne.

Among the guests were his brother, Gordon M. '10-2, '14, who retired in 1959 as head of the Middle School of St. Louis Country Day School and now lives at Cape Cod, Mass.; two sisters, Mrs. George Kerman (Lois '10-2), Macomb, and Mrs. R. W. Karraker (Margaret '15-2), Jonesboro; and three sisters-in-law, Mrs. Gordon Browne, Mrs. George Arthur Browne, Lincoln, and Mrs. Flemin Heath, Lawrenceville. The two sons and two daughters are children of the late George Mervin Browne, chemistry professor at SINU for 30 years, for whom Browne Auditorium is named.

A teacher, administrator, researcher, and scholar, Richard Browne started his career as an instructor at Marion High School during 1922-25. He then went to Chicago Heights second grade in the Madison city schools. She lives in Granite City and has a daughter, Marilyn.

**1929**

Mrs. Omar E. Allen (Helen Marie Wilson, 2, '60), Dahlgren teacher, writes that her son, Howard W. Allen, ex '52, received his Ph.D. in history from the University of Washington in Seattle in 1959 and now is associate professor of history at the University of Akron, in Akron, Ohio.

Mrs. Arthur H. Moser is the former Isabelle Johnson '28-2. She lives in Knoxville, Tenn., where her husband is head of the Department of Classical Languages at the University of Tennessee. They have three sons—Donald, a student at DePauw University; Gerard, a student at General Theological School (Episcopal) in New York City; and Charles, instructor in the Department of Russian Language and Literature at Yale University. Mrs. Moser is a granddaughter of the late Mr. and Mrs. T. W. Thompson, from whom much of the campus area was purchased. She attended SINU from 1914, when she entered first grade in Allyn Building, until 1929 and then for several summer sessions after that. She has taught at Golconda High School, Tennessee College, Louisiana College, and the University of Tennessee. Mrs. Moser has served as representative for SIU at the inaugurations of presidents of Western Carolina Teachers College and the University of Tennessee.

**MARRIED:** Dona Beaver to Elmer A. Hicks, 2, October 6, Phoenix, Ariz. Mr. Hicks owns and operates the Mountain School Problems Commission.

In 1951 he was named executive officer of the Teachers College Board of Illinois. At that time the four universities under the board—Normal Eastern, Western, and Northern—had a total resident enrollment of 6,451. In the next decade it had increased to 19,600 students. In 1951 the biennial operating budget for the four schools was $14,834,157. This grew to $48,589,740 for the '61–63 biennium.

Because of his "distinguished career in the field of education," Mr. Browne was presented an SIU Alumni Achievement Award at the Alumni Banquet in June of 1958.

Mr. Browne has busy plans for his retirement—writing another book or two (he has written several, some of which are used as textbooks in state government classes) and some teaching (INSU President Robert Bone said there would always be a classroom for Mr. Browne at Normal). Such valuable experience cannot be put on the shelf. As Irving Pierson, executive secretary of the Illinois Education Association commented at the dinner honoring the retiring Richard Browne—"The Browne with an E on the end of it has been a trade mark in Illinois education for years—the E has stood for excellence."
View Motel in Phoenix.

1930

Milton Keene is personnel director for the Coco Steel Corporation in Cicero. He lives in Oak Park.

Mrs. Inman Aiken of Detroit, Mich., is the former Mary W. Johnson, 2. She has two daughters, Linda and Sherry.

Mrs. Joseph W. LaFlамme (Elvira Frances Draper) is an elementary teacher in the LaSalle public schools. She has two children, John and Joan.

Since 1954 Mrs. Hal H. Stone (Mae C. Straub, 2) has been a substitute teacher in the Oak Ridge, Tenn., schools. She has two daughters, Abbey and Minetta.

1931

Mr. and Mrs. A. Ray Cagle, ex (Helen Edith Stiff) live in Marion and have two children, Kathleen and James. Mr. Cagle, a former Williamson County judge, now is a city judge and attorney. His wife teaches English and algebra at Marion High School.

George R. Wells '29-2, on the faculty of Joliet Township High School and Junior College since 1946, is chairman of the earth science department. He formerly taught at Farina, Champaign, Decatur, and Lawrenceville. He has served as president of the Joliet Mineralist Society. The Wellses have a son Richard.

1932

Thirtieth Reunion
June 9, 1962

Mrs. E. W. Valentine (Cecile Kuhnert, 2), Long Branch, N.J., is a radar instructor at Ft. Monmouth, N.J. She holds degrees from McKendree College and Rutgers University.

Carl Ingram, ex, is engaged in farming and operating a hunting ranch near Ewing. He is married to the former Ellen Furlow, ex '38, and they have five children.

Mrs. Ralph Hart (Audrey Roberts, ex), Mt. Vernon, who joined the Alumni Association a year ago, wrote that she enjoys it so much she wondered why she waited so long to join. She has two daughters, Sue Ann and Julie.

1934

Paul F. McRoy, owner and manager of Carbondale radio station WCIL and former president of the Alumni Association, recently was elected a board member of the Illinois Broadcasters Association. Mrs. McRoy is the former Mary Eleanor Helm '31-2, '33; they have two children.

Dee Ina Schluter, 2, teaches the first grade at Washington School in Centralia. Mrs. H. Milton Junghbluth of Shawnee Mission, Kan., is the former Wilma M. Carter, 2. She has a daughter, Terry Sue.

1935

Two months after Fred H. Comstock, ex, and his wife and two children moved into a new home in Brentwood, Calif., the home was destroyed by the devastating brush fire which raged around Los Angeles early in November. They had moved from Van Nuys, Calif., to be closer to Mr. Comstock's office. He is western manager for the National Oak Flooring Company of Memphis, Tenn.

Last fall Loren C. Kerley became principal of the Roosevelt Military Academy at Aledo with the rank of major. He formerly was superintendent of Bureau Township Schools. The Kerleys (Betty Lou Timberlake, ex '47) have two children.

James W. Stokes is a psychologist at Anna State Hospital. He lives in Jonesboro, is married, and has two children.

Mrs. Cole Shelton (Hazel Phillips Sulcer), Sesser, who has taught over 25 years, now is a substitute teacher.

Cook County Teacher Recruiter

Honored for Decade of Service

Etherton

For several years now William Raymond Etherton '25-2, '30, has been returning to his native southern Illinois, not merely as a visitor but as a recruiter of teachers for the schools of Cook County. He is assistant Cook County superintendent of schools and director of personnel and placement.

Mr. Etherton went upstate immediately after graduation and joined the faculty of Northbrook High School. He taught social studies and physical education and was a coach. In 1942 he was named principal of the high school, a job he held until 1951, when he went to the office of Cook County school superintendent. As assistant superintendent, he is in charge of Division II, which includes Evanston, New Trier, Niles and Northfield townships.

Last fall at the Niles Township Institute, Mr. Etherton was honored for his services in teacher recruitment and placement. A plaque was presented him in tribute to his fine work.

In November Mr. Etherton was accompanied to Carbondale by a contingent of Cook County teachers and administrators. They came for the Chicagoland Career Day held in University Center. That story appears elsewhere in this magazine.

Mr. Etherton and his wife, Bernice, ex '30, live in Northbrook. They have two children, a son, Richard C., M.S. '57, and a daughter, Patricia.

Plaque presented Mr. Etherton
For over 15 years Mrs. Homer E. Main (Nell Blankenship '28–2) has taught in the grade and high schools in Billings, Okla. She has a son John.

1936

After 36 years as a teacher and administrator, John Harley Hammack '25–2 retired last August. He had been superintendent of the Tuscola Community Unit School since 1955. During 1931–35, as Perry County school superintendent, he was the youngest county superintendent in Illinois. He and Mrs. Hammack (Nellie Ravenstein, ex '32) have three children and five grandchildren.

Joseph C. Penn, husband of the former Lovia Bell, Carbondale, recently was appointed a member of the general board of the African Methodist Episcopal Church by the presiding bishop in Cleveland, O. Mrs. Penn retired a couple of years ago after 25 years of teaching.

Mr. and Mrs. Orville Zimmerman (Eloise Schneider) spend their summers operating Zim's Virgin Timber Lodge at Hayward, Wis., and their winters at Englewood, Fla. They bought the Wisconsin fishing resort after 25 years of teaching.

Mr. Zimmerman suffered a coronary attack in 1955. They have a seven-year-old daughter.

James Von L. Baker, Raleigh, is a social science teacher in School District 102 at Eldorado.

1937

SILVER REUNION
June 9, 1962

Fred R. Cagle, professor of zoology and coordinator of research at Tulane University, New Orleans, recently was appointed to the United States Commission for the United Nations Educational Scientific and Cultural Organization. Member of the Tulane faculty since 1945, he formerly was director of the museum and teacher of biology at Southern. Mrs. Cagle is the former Josephine Alexander, ex '44.

Mrs. Frances Lucille Cavitt Keller, ex, has been an elementary teacher at Harmony School in Belleville for the last 12 years. She is continuing her undergraduate work at the SIU center at East St. Louis. She has three children.

MARRIED: Mrs. Bernice Barnard Daubs to Ralph D. Boor, January, 1960. They are living in Olney.

1938

Dr. Robert C. Steck, ex, whose work as superintendent of Anna State Hospital has brought wide attention to the hospital and to himself, has been cited once again. This time it was for public service from the Illinois Welfare Association. He was presented an award at the 66th annual conference of the group attended in Chicago by more than 1,200 association leaders. Dr. Steck has held his post more than 11 years.

Two items concerning Joseph R. Dillin- ger, professor of physics at the University of Wisconsin—he has been appointed regional counselor for physics in Wisconsin representing the American Institute of Physics, and he has published a manual, "Experiments in General Physics."

Since July of 1960 L. Goebel Patton has been state director of public and professional relations with the Illinois Education Association, Springfield. Before that he had been in the West Frankfort school system 28 years, as elementary teacher and principal, junior and senior high school principal, and superintendent of schools. He has served as chairman of the IEA state commission on public relations and as member of the board of directors, as president of the southern division of IEA and president of the Illinois Elementary School Principals Association.

1939

Fifteen hours after Col. Harold J. Catt, his wife, and nine children left San Francisco last spring via Pan American Boeing 707, they landed in Tokyo, Japan, with stops at Honolulu and Wake Island. Colonel Catt writes, "We are at Misawa Air Base. It is 'way up on the northeast corner of the island of Honsu, the largest of the Japanese Islands. I am assigned to Headquarters, 39th Air Division, as Deputy Commander for Operations. . . I am especially happy to be back in a flying job after five years of staff work. I am flying the F-100. This assignment is a three-year tour, so it looks like I am going to have to wait longer to make a Southern Alumni meeting. Maybe I can make the 25th Reunion of the Class of '39. "Speaking of Southern, despite our remoteness, I was most astonished about three weeks ago to encounter, within about three days, two valued friends and fraternity brothers. Oddly enough, they were both ex '40, from Benton. Lt. Col. James L. Hudelson came through here on a staff visit from his headquarters, Air Force Security Service, in San Antonio, Tex. Then, while I was in Tokyo, I attended a meeting with Col. David L. Evans III. Dave is Director of Combat Operations at Hq., Pacific Air Forces, in Hawaii. Jim had seen Dave in Hawaii on his way home and before Dave came out to Japan. We were all in a rush, of course, but we did have time to reminisce a bit. I had not seen Jim or Dave since 1941 and 1940, respectively, and I think it had been about that long since they had seen one another." Col. Harold J. Catt, Hq. 39th Air Div., Box 118, APO 919, San Francisco, Calif.

1940

In Wichita, Kan., Frank Scanlin, Jr., is a price analyst with the federal government under civil service. He and his wife Jessie have three children.

Mrs. Arthur H. Richter of Connsville, Ind., is the former Helen A. Rippelmeier '33–2.

For the last seven years Louise E. Templeton has been an accounting instructor at Florida Southern College, Lakeland, Fla. She is a former commerce teacher at Campbell Hill and Murphysboro. Miss Templeton also is a certified public accountant in Florida.

Another Southerner in Florida is William H. McKitterick, salesman for the Glidden Company in Tallahassee. He and his wife, Mary Jane, have two children, Jill and William.

Mrs. William B. Berry (Verna Lee McMullin) is on the faculty of East St. Louis Senior High School. She lives in Belleville and has two children.

1941

Ralph F. Schoefheide, ex, Belleville, has been in instrument maintenance work with Proctor and Gamble Manufacturing Company the last five years. He and his wife Ruth have two sons and four daughters.

Mr. and Mrs. Charles M. Bozarth (Thelma J. Bradshaw '50) live in Broadview and have a son, Alan C. Mr. Bozarth is principal of Lincoln School in District 89 at Maywood.

Mrs. John J. Libera of East St. Louis is the former Mary Ellen Evans. She has four sons and a daughter.

1942

Twentieth Reunion
June 9, 1962

Sometime this year Fred Applegath will be transferred to Monsanto Chemical Company's new plant at Chocolate Bayou, Texas. He now is in the firm's general offices in Creve Coeur, Mo., working with the systems engineering study group for the Texas plant. The Applegaths (Wanda Kiel '43) and their four children moved to Hazelwood, Mo., last spring from El Dorado, Ark.

(Continued on Page 22)
Alumni Named to National, State Posts

Hal Brown to Small Business—John McCarty to Civil Service

Two alumni have been appointed to government posts, one in the federal government in Washington and the other in the state government in Springfield.

On August 1 Harold D. Brown, ex '33, was made a special assistant to coordinate functions the Small Business Administration performs for the Area Redevelopment Administration. Last spring John J. McCarty '51, M.S. '54, was selected by Governor Otto Kerner to head the Illinois Civil Service Commission.

Hal Brown, native of Anna, is well acquainted with the workings of area redevelopment. As special assistant since 1955 to Illinois Senator Paul H. Douglas, who introduced the first area redevelopment bill, he had an important share in the drafting and legislative handling of the redevelopment bill. He also had served as director of field hearings for the special Senate committee on unemployment problems under the chairmanship of Minnesota Senator Eugene J. McCarthy.

Mr. Brown received a law degree from Loyola University College of Law in Chicago and has done additional work at George Washington University in Washington, D.C. During World War II he was a special agent in the Army Counter-Intelligence Corps.

After his release from service, he established law offices in Washington and also in Benton, where he was active in civic affairs and industrial development. Mr. Brown was one of the organizers of the Rend Lake Conservancy District. He, his wife Guynell, and their two children live in Alexandria, Va.

Wears Three Hats

John McCarty wears three hats.

In addition to being chairman of the Illinois Civil Service Commission, he is a psychology instructor at SIU's Vocational-Technical Institute and Ward One alderman in Herrin. In his new job he heads a three-man commission responsible for the efficient and correct administration of the state civil service system.

From 1958 until his appointment he had served on the Illinois Personnel Advisory Board.

Mr. McCarty has been on the University faculty since 1956. Before that he had been employment practices administrator for Sangamo Electric Company at Springfield and as assistant personnel manager at the firm's capacitor division at Ordill at Marion. He also had brief stints with Standard Oil of New Jersey, as supervisor of personnel research at their Iranian Oil Refining Company in Abadan, South Iran, and later worked in Chicago for Kaiser Aluminum and Chemical Sales, Inc.

He is a native of Herrin, where he now makes his home with his wife, Margaret Ann, and their three children. During World War II he served in the Navy; for three years he was a Golden Gloves boxer.
Alumni Trio Head
New Junior College

A new junior college opened its doors in southern Illinois last fall and the classes filled immediately. Southeastern Illinois College in Harrisburg now is in full swing and three alumni are helping guide its course.

Superintendent of Harrisburg Township High School and Southeastern Illinois College is Harry E. Boyd, M.S. '49, who took that position after being first assistant superintendent of the Springfield Public Schools. Boyd, native of Williamson County, had been a teacher and administrator in Sesser, Valier, and Benton before going to Springfield. He is a past president of the Southern Illinois School Master's Club.

Dean of the college is Charles A. Helwig, Jr. '46, formerly of Murphysboro. Mr. Helwig is a major in the USAF Reserve and has served as an ROTC instructor at Grinnell College, English instructor for the University of Maryland's Overseas Program during a Korean tour, and director of the Department of Instructor Training at Lowry AFB. While working on his doctorate at the University of Illinois, he was in charge of off-campus student teaching in English.

Principal of the high school is William D. Auten '53, M.S. '56, who moved to that job after being assistant superintendent of the Benton Elementary Schools. He also is a former principal and teacher at Valier Community High School.

Class Notes . . .

(Continued from Page 20)

George D. Caveglia, Pinckneyville, is an auditor with the Peoria Audit Bureau.

Last spring Dr. Quentin H. Reed, Carbondale physician, was certified as a urologist by the American Board of Urology, the first to receive the board's certification in southern Illinois. Dr. Reed is head of the urological department at the Carbondale Clinic.

Mrs. John H. Conant (Gayle Dillow), East Alton, is a substitute teacher in District 15 in Madison County. She has two daughters, Suzanne and Sally.

In Fairfield Thomas Lowry Dickey, Jr., is manager of the Mid-East Supply Company.

1943

George W. Edwards is a professor at Memphis State University, Memphis, Tenn. He holds a master's degree from the University of Oklahoma, is married, and has four children.

Mrs. Kenneth Hanes (Marjorie Mullinax) is a part-time teacher at East Richland High School. She lives in Olney and has two children.

George Reed, M.S. '57, Concord, is superintendent of Community Unit School District 27. He and his wife Verda have two children.

1944

Dolores M. Manfredini, M.A. '54, teaches at Cahokia High School and lives in East St. Louis.

The Rev. Maurice L. Winna, Methodist pastor in Harrisburg, last June finished a six-year term as superintendent of the Harrisburg district of the Southern Illinois Conference of the Methodist Church.

1945

Kenneth Poole has been on the faculty of Salem Community High School about 12 years. He is married and has three daughters, Sarah, Alice, and Mary.

Thomas E. Stephenson is a physicist with Republic Aviation Corporation, Farmingdale, L.I., N.Y. He has been a member of its scientific research staff since September, 1956, after working with the Atomic Energy Commission and the Convair Corporation. He and his family live at Huntington, N.Y.

Mrs. James B. Garner of Eldorado is the former Jessie V. Garrett. She has a son Thomas.

1946

Arthur E. Abney, former director of aeronautics for the State of Illinois, now is central director of state and community affairs for American Airlines. Before his recent appointment with American, he had served as a midwest consultant in this work for the airlines. He holds a law degree from Lincoln College of Law. The Abneys and their two sons live in Springfield.

Lt. Col. Kenneth C. Crawford, ex., is attending The Army War College at Carlisle Barracks, Pa. He will finish the 10-month course in June. Colonel Crawford is a graduate of the University of Virginia Law School and a member of Sigma Pi and Sigma Nu.

Colonel Crawford Mrs. James A. House (Mary Frances Allen) is a teacher in the Chicago public school system. She has three children.

1947

Fifteenth Reunion
June 9, 1962

Mrs. Frances Robinson York teaches the first grade at the White Sands Missile Range School. She lives in Las Cruces, N.M. She has two children, a son who is a University of Utah graduate and a daughter who lives in Liberty, Mo.

From St. Louis comes a letter from Dr. and Mrs. John R. Boswell (Patricia Ann Murrie '49). Mrs. Boswell writes, "We are in our new home at 12918 Topping Estates, North Drive, St. Louis 31. My husband is an anesthesiologist at St. John's Hospital, St. Louis. Our children are seven and a half and four and a half. Our little girl, Mimi, is enjoying school and Johnnie is anxiously awaiting his time to enroll in school."

Mrs. Sam Miller (Jennie E. Miller, ex., '60) is a teacher in the Wayne City Grade School. She has six children and 12 grandchildren.

Imogene Gray, who has been in professional girl scout work, now is teaching sixth grade English and spelling, eighth grade history, and junior and senior high school girls' physical education in Pleasant Plains. She lives in Springfield.

1948

Two alumni have been promoted by Central Illinois Public Service Company. George O. Jensen, ex., has been named...
From Consultant to President in Two Years

Arnold

From consultant to president in two years and four promotions is the story of the phenomenal rise for Richard T. Arnold '34 with Mead Johnson and Company, Evansville, Ind., manufacturers of nutritional and pharmaceutical products.

In September of 1959 Mr. Arnold became associated with the firm as a research consultant. The following month he was named to the newly-created post of director of research in the research laboratories and made responsible for the creating and operating of the company's chemical, biochemical, and biological research program in both the nutritional and pharmaceutical fields.

In November of 1960 the name of the research division was changed to research center and Mr. Arnold was elevated to vice president, research of the research center. Last August a third promotion made him vice president, research and development, and director of the research center. This was followed in October by his appointment as president of Mead Johnson Research Center.

Before joining the Evansville company, Mr. Arnold was administrator of the basic science program for the Alfred P. Sloan Foundation in New York. Prior to that he was on the faculty 18 years at the University of Minnesota, where he was head of the chemistry department.

His specialty is theoretical organic chemistry. He studied in Switzerland in 1948-49 under a Guggenheim Fellowship and in 1949 received the American Chemical Society's award in pure chemistry.

1950

Conan N. Smith, track and cross-country coach at Hillsdale High School in San Mateo, Calif., last fall had one of the top cross-country teams in the San Francisco Bay Area. His team was unbeaten in varsity competition and had a record of 64 straight dual meet victories. Before he went to the west coast in 1959, he was coaching at Robinson in eastern Illinois.

Mrs. Gilbert Jordan (Harriet F. Jordan) has been teaching in the Norris City Community School Unit over 15 years.

Another teacher is Mrs. Lois Bradley Hall, on the faculty of Dennis Elementary School in Decatur.

In Garland, Tex., Edward V. Baskette, ex, is plant industrial engineer with the Gaylord Container Corporation.

The four children of Mrs. George Lord (Myrtle Wiggs Lord, M.S.), Miami, Fla., are alumni—Lolabel '44, Laline '47, M.S. '50, Phyllis McKenzie, ex '55, and George, Jr., ex '43.

William M. Wolfshurger operates a men's clothing store in Corpus Christi, Tex.

David Sanders, M.S. '53, has been teaching biology at Quincy Senior High School for the last nine years. He and his wife Doris have two sons, Kent and Brian.

Donald L. Harvick moved his family to Urbana last summer when he became principal of Washington School in that city. He had been principal of Rosewood School in Roxana.

Mr. and Mrs. John Emery (Gale Calvert Emery) and two daughters, formerly of Carbondale, now live in Marion.

Principal of Eastwood Elementary School in East Alton is Norris L. Garner, M.S. '60. He lives in Wood River with his wife Kathleen and daughter Cathy.
1951

New assistant county superintendent of schools in Johnson County is Daniel L. Snow, M.S. '56, former Corvella and Vienna teacher.

The new pastor of the First Baptist Church in Vienna is the Rev. Stanley H. Benson.

Barbara N. Hudgins is the wife of John B. Wolf, minister of All Souls Unitarian Church in Tulsa, Okla. They have two children, David and Catherine.

Robert G. Simpson, Johnston City, has been production manager the last five years for American Magnetics Corporation, Car-

terville. He and his wife Thelma have three children.

After several years in Germany, Jack D. Moore and his family now reside at 14224 Eastgate Drive in Bellevue, Wash. Mr. Moore is a supervisor auditor with the U.S. Army Audit Agency.

Conrad O. Moss, ex, a Marlow Enterprises officer and vice president of the Ly-Mar Hotel in Herrin, last spring purchased the Hotel Herrin. Mr. Moss also is one of the operators of the MGM Maid-Rite Sandwich Shop in Herrin.

BORN: To Mr. and Mrs. Frederick W. Brenzel, Staunton, a son, October 20. The Brenzels also have three daughters. He is football coach at Staunton.

1952

Tenth Reunion
June 9, 1962

Capt. Billie G. Aldridge, of the Air Force, is attending Massachusetts Institute of Technology in Boston.

Last fall Mr. and Mrs. Valjean M. Cashen, M.S. '54 (Rebecca Jane Robert­son '51) and their son Christopher moved to Normal, where Mr. Cashen is an associate professor in the psychology department of Illinois State Normal University. He formerly was director of research and testing in the Arlington Heights High School.

Harold Gentz, M.A. '55, is on the faculty of Aviston High School. He and Mrs. Gentz (Christina Patsy Jane Nickoloff) have two children.

From Sun Prairie, Wis., comes a note from Mr. and Mrs. Myrle L. Coffman (Stella M. Senkus)—"I have been employed by Western Electric Company as an equipment engineer for six years. At present I work at Truax AFB in Madison, Wis., on a government defense project called 'Sage.' My wife and I live at 808 Davis Street in Sun Prairie, and we have two sons, Michael, six, and Steven, one."

Mrs. George A. Marlowe, Jr., of Lexington, Ky., is the former Ruth Maria Herda. Her husband is on the staff of the University of Kentucky. They have a daughter, Claudia.

Present for Alumni Day and the 1951 class reunion last June were Mr. and Mrs. Thomas C. Mathews (Doris Elaine Rich '51), of Seattle, Wash. Mr. Mathews is a tooling engineer with Boeing Airplane Company. They have two children, Cynthia and Kevin.

Saad Sultan Jaber, M.A. '54, is studying for his doctorate at Cairo University in Cairo, Egypt.

1957

Fifth Reunion
June 9, 1962

Charles F. Dykhouse has been appointed manager of the Galesburg office of Francis I. duPont and Company, brokerage firm.

Capt. Lowell S. Grissom, M.A. '58, teacher at Frankfort Community High School, West Frankfort, has been recalled to active duty and now is adjudant for the 347th Replacement Battalion from Harris­burg assigned to Ft. Bragg, N.C. Mrs. Grissom and their two daughters are remain­ing at West Frankfort.

Lt. Peter M. Dunn is undergoing navigator training at Harlingen AFB, Tex. He writes that Lt. George R. Chitty '58 is an instructor there and that while in the Phil­ippines he saw Lt. and Mrs. Danny G. Cox '56 (Mildred Ahner, ex) and John Teschner.

Doris Dunkirk, Hillsboro, is in her fourth year of teaching girls' physical education and health at Pana Senior High School. She is a member of the executive board of the Girls' Athletic Association, composed of five teachers representing all the coun­ties in the state.

Ray W. Fuller, M.A. '58, who received his Ph.D. in biochemistry in June from Purdue University, is head of the department of biochemistry at Ft. Wayne, Ind., State School, doing research in the biochemistry of mental retardation and mental disease. Mrs. Fuller is the former Sue Brown, ex '58.

Donald R. Welch is with the U.S. Soil Conservation Service in Marion County. He lives in Salem with his wife and two children.

MARRIED: Beverly Bone to James A. Shaw, June 18, St. Louis. They are living in Mayfield, Ky., where he is a salesman with the U.S. Gypsum Company.

BORN: To Mr. and Mrs. Jim R. Bla­
lock, M.S. '58 (Barbara J. Smith '56, M.S. '57), Peotone, second son, Brian Scott, July 19.

To Mr. and Mrs. Ronald D. Pemberton, M.S. '58 (Erma J. Knapp), Marshall, third daughter, Jo Ann, July 7.

To Mr. and Mrs. Thomas L. Whiteside (Jo Ann McIntire), a son, Thomas L., Jr., August 19, Palatine. Mr. Whiteside is in his third year as choral director at Palatine Township High School. Last year Mrs. Whiteside taught vocal music in the grade schools, her fourth year of teaching.

1958

Anthony (Buddy) Velasco, head coach at Tamaroa High School two years, last fall joined the coaching staff at Christopher High School to assist in basketball and track.

Mrs. Clarence M. Shelton (Reba Louise Kern, M.S.) Rockwood, is teaching the educable mentally handicapped intermediate group in Edwardsville. She formerly taught at Columbia.

Janet E. Messerli, who teaches mathematics in Columbia Community Unit Four, last summer completed work for her master's degree at the University of Oregon.

William R. (Red) Miller is assistant principal, basketball and track coach, and teacher at Thompsonville High School. Last summer he was handicraft director at the Southern 4-H camp at West Frankfort. He lives at West Frankfort with his wife (Cec­ilia Ann Yasko, ex '56), son, Michael M., and daughter, Mary Beth.

Lt. Robert L. Hilgendorf, M.A. '59, is stationed at SAC headquarters at Offutt AFB, Omaha, Neb. His wife is the former Carleen C. DeBord, ex '57, and they have two sons, Michael and Craig. They would like to meet other alumni in that area.

Mr. and Mrs. Marlin D. Henley (Caro­lyn S. Overturf) and their year-old daugh­ter, Nancy Ann, live in Hammond, Ind. Mr. Henley is a teacher in the Hammond schools and Mrs. Henley taught first grade until Nancy arrived.

MARRIED: Madoline Murphy to Charles T. Anderson, July 15, Issue, Md. They are living in Baltimore, where he is with the General Adjustments Bureau.

Marie Jose Renaudie to Robert A. Jones, April 17, Boston, Mass. They are living in Providence, R.I., where she is a French instructor at Brown University.

Charlean E. Robinson to Robert Grohe, last summer, Ottawa. They are living in Ottawa, where he is a clothing salesman and she taught in the public schools two years.

Margaret C. Higgins to Terry Schwar­trauber, May 13, East St. Louis. He is a sales­man for Sandz Pharmaceuticals.
A facsimile copy of the “Lindisfarne Gospels” has been purchased for Morris Library from a $400 gift to the library from the Class of ’61. The two-volume work is in the rare book room of the library. The “Lindisfarne Gospels” is thought to be the oldest linguistic document in Anglo-Saxon.

Judy J. Engstrom is teaching the second grade at Palisades School in Hinsdale. She lives in Western Springs.

Charles Fred Risinger is a graduate assistant in the SIU History Department. He received the Caldwell Prize in history for having the highest four-year average in that subject. He is a member of two national honorary scholastic fraternities—Kappa Delta Pi (education) and Phi Kappa Phi (all-university).

Carl M. Albano is teaching at Old Main High School in the Blue Island public schools. He is married and has one child.

From Caracas, Venezuela, John C. L. Miller, M.S., writes, “I am studying under a U.S. Government Graduate Study Grant until next July at the Central University of Venezuela, Caracas. For the most part, my courses are hispanic literature, Spanish literature, and related studies.”

Floyd L. Reeves, VTI, is in personnel work with the Emerson Electric Company in East St. Louis. He lives in Belleville with his wife and three daughters.

Arthur J. Boeshans, M.S., is principal of St. Paul’s Lutheran School at Troy.

MARRIED: Judith C. Gaghen ’62 to Marco B. Bianchi, October 14, Carbondale. They are living in Wichita, Kan.

Jean Ann De Settell to Richard L. Hughes ’59, October 21, Aurora. They are living in Melrose Park. He is a junior in the University of Illinois College of Medicine.

Lila Marie Sanders to George R. Menter, October 21, Carbondale. They are living in East St. Louis. He is an auditor with S. D. Leidesdorf and Company in St. Louis and she is continuing her studies at the SIU East St. Louis Center.

Donna Schuchard to Kenneth E. Monshein ’59, M.S. ’60, March 18, St. Louis. They are living in Vandalia, where he is physical education teacher and guidance counselor for the community high school and she is teaching first grade at Washington School.

Dr. Andy Hall, Mt. Vernon, dean of Illinois physicians and recipient of an SIU Distinguished Service Award in 1954, died November 25 at Mt. Vernon at the age of 96. From 1929 to 1933 he was state director of public health and author of the law requiring application of silver nitrate to new-born babies’ eyes to prevent blinding disease. In 1949 he was named “General Practitioner of the Year” by the American Medical Association.

Mrs. Fred C. Hughes, the former Maud E. Dickerson, died November 8 in Spokane, Wash., at the age of 72. She was assistant librarian at SINU during 1908-09.

Word has been received of the deaths of Mr. and Mrs. William A. West, 2 (Edna Stiritz ’08-2), of Johnston City, Mr. West on August 24, 1954, at the age of 74, and Mrs. West on August 19, 1961, at the age of 80.

Clyde D. Harris, 2, president of the First National Bank of Cape Girardeau, Mo., from 1920 to 1955, died October 27 in that city at the age of 72. More recently he was associated with Reinholdt and Gardner, St. Louis brokerage firm. Mr. Harris was principal of Carlyle High School three years before entering the banking profession at the First State Bank in Mounds, where he worked seven years. He was a former member of the SIU Foundation. Last June he attended the Golden Reunion of his class on Alumni Day. Mrs. Harris and two daughters survive.

Mrs. Paul F. Hake (Belva Young, 2), Racine, Wis., died November 3 in Racine at the age of 62. She taught in Centralia before her marriage when she moved to Wisconsin. For a number of years she taught in the Racine rural schools and during recent years in the city schools. Mr. Hake and two children survive.

Olma G. Stone, 2, Illinois teacher 26 years before she moved to Kentucky, died in October in Paducah, Ky., at the age of 73. She had taught in Ava, Campbell Hill, and Percy before teaching in Paducah for 13 years. She retired in 1957.

Humbert J. Phelps ’24-2, superintendent of the Norris City-Omaha Community Unit Schools since 1946, died in Norris City October 22 at the age of 64. He had been with the Norris City schools 38 years, starting as a teacher, then serving as principal and basketball coach until his appointment as superintendent. A veteran of World War I, he was active in community and civic work. He was a member of the Egyptian Health Board. Well-known as an educator in the state, he was a member of the Illinois Education Association executive board. Mrs. Phelps (Cora Alice Hill ’28-2, ’56, M.S. ’61) survives.

The Alumni Office has been notified of the death of Dorothy Mae Strecker, 2, of East St. Louis.

Mrs. John H. Lashley (Marjorie Leach), teacher in Marion Junior High School until last spring when she became ill, died November 18 at Marion at the age of 52. She was a native of Cereal Springs, Surviving are her husband, John Lashley, ex ’32, and four daughters.

Robert G. Courtney, owner of Courtney Moving and Storage Company of Marion and Mt. Vernon, died November 14 in Marion at the age of 49. He was a former principal of Jefferson School in Marion six years. Mrs. Courtney (Vivian Buford, ex ’37) and two daughters survive.

Willard L. Zimbleman, M.S. ’51, principal of Logan, Lincoln, and Edwards schools in West Frankfort, died in West Frankfort October 24 at the age of 43. Native of Metropolis, he had lived most of his life in West Frankfort. He was a veteran of World War II, and a past president of the Franklin County SIU Alumni Chapter. His wife and four children survive.

William E. Duncan, graduate student in social work who was working for the Department of Mental Health in East St. Louis, died in East St. Louis September 30.
The Tie That Binds

an Alumnus to His Alma Mater

may be a teacher who inspired him, a job referred by the Placement Office, familiar paths and corners of the campus—such as the tower of Old Main seen at the left.

Atop Old Main the pigeons serenely look about as people below hurry to classes, to appointments, to the Library. This is a fast-moving, fast-growing university and it takes a heap of doing to keep up with it.

One way an alumnus can keep up with Southern and help it, too, is through membership in the SIU Alumni Association—a life membership. The association was founded “to assist in the promotion and defense” of SIU. Join in this purpose by filling out the membership blank below.

Please enroll me in the SIU Alumni Association as a

☐ $100 Life Member (Minimum Annual Installment Payment $10.00)
☐ $125 Family Life Member (Husband and Wife both alumni. Minimum Annual Installment Payment $12.50)

I enclose__________ (Make checks payable to SIU Alumni Association)
