CARBONDALE CAMPUS 1964-65

Objectives of Southern Illinois University

TO EXALT BEAUTY

IN GOD,
IN NATURE,
AND IN ART,
TEACHING HOW TO LOVE THE BEST
BUT TO KEEP THE HUMAN TOUCH;

TO ADVANCE LEARNING

IN ALL LINES OF TRUTH
WHEREVER THEY MAY LEAD,
SHOWING HOW TO THINK
RATHER THAN WHAT TO THINK,
ASSISTING THE POWERS
OF THE MIND
IN THEIR SELF-DEVELOPMENT;

TO FORWARD IDEAS AND IDEALS

IN OUR DEMOCRACY,
INSPIRING RESPECT FOR OTHERS
AS FOR OURSELVES,
EVER PROMOTING FREEDOM
WITH RESPONSIBILITY;

TO BECOME A CENTER OF ORDER AND LIGHT

THAT KNOWLEDGE MAY LEAD
TO UNDERSTANDING
AND UNDERSTANDING
TO WISDOM.

General Information

THIS BULLETIN contains the schedule of classes for the fall, winter, and spring quarters, 1964-65, for the Carbondale Campus. It also provides information relative to advisement and registration, fees, and allied information for the Carbondale Campus.

ADVISEMENT & REGISTRATION SYSTEM

The Carbondale Campus uses an academic advisement system whereby each undergraduate academic unit has a chief academic adviser and a number of assistant advisers selected from the teaching faculty. After a student has received his Certificate of Admission, his next step is to contact the Academic Advisement Center for an appointment with an academic adviser of the academic unit which he is entering. Transfer students should note the procedural restrictions indicated on the next page under Advisement and Registration Procedure. Graduate students should contact the Graduate School.

After advisement the student may register for classes. The new student should also familiarize himself with the advance registration system, through which a student is expected to register for a quarter before the quarter starts. The registration calendars appear on pages vii through ix.

During the registration process the student goes through the Sectioning Center where the assignment is made to specific sections of the courses he is to take. For a number of years the Carbondale Campus has had to schedule classes at night and on Saturday mornings because of space limitations. A student is to expect assignment to such classes even though it is recognized that these may be considered undesirable class hours.

ADVISEMENT & REGISTRATION PROCEDURE

NEW STUDENTS

Students entering the University for the first time are permitted to advance register only after they have been admitted to the University as evidenced by their receiving the Certificate of Admissions from the Admissions Office. *In addition new freshmen will be permitted to be advised and advance registered only if they have completed the necessary tests and the results have been sent to Southern. New transfer students will be permitted to be advised and advance registered only after two weeks have elapsed from the date of receipt of the Certificate of Admission. Transfer students will not be able to be admitted and to register on the same day during the advance registration period. The reason for this time restriction is to permit time for the evaluation of transfer credit to be completed and available to the adviser at the time of advisement and registration.* Students should consult the Registration Calendars appearing on earlier pages of this bulletin to determine the specific dates for registration.

Undergraduate students admitted to the General Studies Program initiate the advance registration process by contacting the General Studies Advisement Office, Building T31, for an appointment with an adviser. Undergraduate students admitted to academic units other than General Studies should contact the Academic Advisement Center, Building T65. *Graduate students* contact the Graduate School, 309 West Mill Street. Specific advisement and registration information is sent to each student when he is admitted.

The Academic Advisement Center will be open June 29–July 31 and August 10–21, Monday through Friday, 8:00 to 12:00 and 1:00 to 3:30, c.d.t. The Sectioning Center will be open on the same days, 8:00 to 11:30 and 1:00 to 4:30, c.d.t. They will also be open on Saturdays from 8:30 to 11:30 during these periods, but the number of students who can be handled is restricted. Students must write at least ten days in advance for appointments for advisement.

New students who cannot take advantage of the advance registration process should refer to the Registration Calendars appearing on pages vii–ix to find out when they may register at the beginning of the appropriate quarter. New transfer students should note that if they are admitted during the last two weeks of an advance registration period they may not be advance registered but must wait to do so at the beginning of the quarter.

Students are to realize that even though there are academic advisers available to consult with them they are responsible for their academic program. They are to be aware of graduation requirements which include all-

University, academic unit, and major and, perhaps, minor requirements. They should also be keeping a record of courses completed and those yet to take and they should have a tentative listing of classes they want to take already prepared at the time they see their advisers. Advisers can help the student check to see that requirements are being met, assist in the selection of appropriate electives and in the development of long range educational and vocational plans. Qualified students may elect to be self-advised. Applications for this purpose are available at the main office of the Academic Advisement Center.

RE-ENTERING STUDENTS

Students who have attended the University at some former time but not during the session immediately prior to the time they plan to re-enter should initiate action by contacting the Admissions Office. Specific advisement and registration information will be furnished as they complete their re-entrance procedure with the Admissions Office.

CURRENT STUDENTS, CARBONDALE CAMPUS

Each student currently registered in the University will be continued in his present curriculum unless a change of college or major is made. A change of college or major is initiated with the student's adviser. Either change should be made at the time of advisement, and the registrar's copy of the change form should accompany the student's registration. Changes of college or major made after a registration has been processed will not be reflected in the student's records until the next registration.

An undergraduate student currently registered in the University will schedule an appointment with his adviser. At the time of advisement he will secure his authorization card and other registration cards. These are to be processed through the Sectioning Center as soon as possible after advisement.

A graduate student currently registered in the University will report to the Graduate School, 309 West Mill Street, to initiate the registration process. After the registration forms have been approved by the dean of the Graduate School, they should be brought to the Sectioning Center.

CURRENT STUDENTS, EDWARDSVILLE CAMPUS

A student attending the Edwardsville Campus who plans to attend the Carbondale Campus must initiate his registration process by presenting to the Admissions Office at Carbondale either an official transcript of his Southern record or a letter of good standing from the registrar at the Edwardsville Campus. The reason for his reporting to the Admission Office is

to permit the necessary coding changes to be made so that pertinent information about his academic program, etc., can be up-dated to reflect his change of campus.

PAYMENT OF FEES

A student advance registering will, in most cases, receive his fee statement and receipt card by mail, and his fees may be paid either by mail or in person by the deadline date specified in the Registration Calendar. A student registering for the spring quarter should note that the Registration Calendar indicates that during the last few days of the advance registration period the student must pay his fees at the time he registers. The reason for this is that insufficient time remains between the last days of the registration period and the fee paying deadline date to permit the mailing of the fee statement.

Upon payment of fees, the fee statement and receipt card will be stamped by the bursar and returned to the student as a fee receipt together with the No. 3 program card. These cards should be carried at all times. They serve as official authorization to attend classes as scheduled and must be presented to obtain books and activity cards and to process program changes. If fees are paid in person, these cards will be given to the student at the time of payment. If paid by mail, they may be picked up at any time thereafter at the Bursar's Office.

A student who does not advance register must pay his fees at the time he registers.

FEES FOR A REGULAR QUARTER

The University reserves the right to change fees and to have the change go into effect whenever the proper authorities so determine. Under the current fee schedule, Illinois undergraduate students taking more than 8 hours will pay the following regular fees:

Tuition	\$42.00
Book rental	5.00
Activity fee	9.50
Student union building fund fee	5.00
Total	<u>\$61.50</u>

Out-of-state students will pay an additional tuition of \$50.00 if taking more than eight hours and an additional \$25.00 if taking eight hours or fewer.

An Illinois undergraduate taking 8 or fewer hours will pay half tuition and book rental, will have an option of paying the activity fee, and will

pay the full student union building fund fee. Once an option has been made by a student at the time of registration as to whether or not to pay the activity fee, such option is irrevocable. A part-time student, then, will pay either \$28.50 or \$38.00.

Graduate students do not rent their textbooks and do not pay the book rental fee. They buy their books.

In addition to the above, students registering for the first time during the year for AF ROTC will be subject to a \$5.00 equipment deposit.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay fees according to their particular status.

REGISTERING FOR ONLY NIGHT AND/OR SATURDAY CLASSES

Students registering for only night and/or Saturday classes may advance register, during regular office hours, the same as other students. Registration offices are also open one evening during each advance registration period, the first night of each quarter, and the first Saturday morning of each quarter for the convenience of these students. (Refer to the Registration Calendars or pages vii through ix for dates and hours as to when the offices will be open the one night during advance registration period.)

LATE REGISTRATION

The first day of a quarter is considered the last day of the regular registration period. Registrations thereafter, *including* those involving "to be arranged," are considered late registrations and are assessed the appropriate late registration fee. This is \$2.00 the first day with an additional \$1.00 per day to a maximum of \$5.00. The *only* exception to this late fee rule is for students taking *only* night and/or Saturday classes. These students may register on the first Saturday without a late fee. Thereafter, these students pay a straight \$5.00 late registration fee. Registration is permitted during the first two weeks of a quarter. Registration thereafter will be permitted only with the written approval of the student's academic dean and will apply only to those students who, for valid reasons could not arrive on campus during the first two weeks. Any student who was on campus during the first two weeks of a quarter and who attempts to complete his registration (clearing his fees at the Bursar's Office) thereafter will not be permitted to do so.

Veterans attending under one of the public laws should note that the Registrar's Office will certify enrollment and attendance to the Veteran's Administration, for subsistence purposes, only as of the date when fees

were cleared at the Bursar's Office, should registration take place after the opening date of the quarter.

Students registering *only* for a course(s) whose meeting time is listed as "to be arranged" in the Schedule of Classes must be registered by the first day of a quarter or be assessed late registration fees the same as regular students.

AUDITING OF COURSES

A student may register for courses in an "audit" status. He receives no letter grade and no credit for such courses. An auditor's registration card must be marked accordingly. He pays the same fees as though he were registering for credit. He is expected to attend regularly and is to determine from the instructor the amount of work expected of him. If an auditing student does not attend regularly, the instructor may determine that the student should not have the audited course placed on his record card maintained in the Registrar's Office. A student registering for a course for credit may change to an audit status or vice versa only for fully justified reasons and only during the first four weeks of a quarter. Such a change will require the student's academic dean's approval.

REGISTERING FOR AND WITHDRAWING FROM COURSES

Mere attendance does not constitute registration in a class nor will attendance in a class for which a student is not registered be a basis for asking that a program change be approved permitting registration in that class.

A student is officially registered only for those courses appearing on his registration cards. Any change therefrom can be made only after fees are paid and must be made through an official program change, which includes the following steps:

Step 1. Initiating the change.

A graduate student changing courses initiates the change by presenting his fee receipt and No. 3 program card to his graduate adviser. He then must secure the approval of the Graduate School. *An undergraduate student changing courses* initiates the change by presenting his fee receipt and No. 3 program card to his academic adviser at the Academic Advisement Center.

A student changing sections but not courses initiates the change by taking his fee receipt and No. 3 program card to the Sectioning Center.

Step 2. Sectioning.

The student must take his program change form to the Sectioning Center *within two days* after approval by his adviser.

Step 3. Paying the program change fee.

If a program change fee has been assessed, then the program change form must be presented to the Bursar's Office for payment. (Otherwise, this step is omitted.)

Step 4. Final Processing.

The student completes his program change by presenting it to the Enrollment Center in the Registrar's Office.

All program changes made by graduate students (except section changes) require Graduate School approval. Undergraduate student program changes (except for section changes and dropping of courses) made after the second week of a quarter require the approval of the student's academic dean or his designated representative.

A program change must be made in order to drop a course. A student may not drop merely by stopping attendance. The last date for dropping a course without receiving a W-grade is the last day of the fourth week of a quarter. (Refer to Registration Calendar.)

Students making program changes which result in their moving from part-time fee status to full-time fee status will be assessed additional tuition and fees. Students moving from full-time fee status to part-time may apply for a partial refund of their tuition and book rental fee (activity fee is not refundable) provided the reduction in program is made officially by a program change during the same period at the start of a quarter in which students withdrawing from the University are eligible for a refund. This is usually during the first ten days. For dates refer to the Registration Calendars beginning on page vii.

WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Student Affairs Office to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is *officially* completed within the first two weeks of a quarter and if the application for a refund is received in the Registrar's Office within two weeks following the last regular registration period. See the Registration Calendars in this bulletin for the specific dates concerning withdrawal and refunding of fees.

A student who advance registers, including paying of fees, and then finds that he cannot attend school must also officially withdraw from school. He may do this by asking the Student Affairs Office to initiate

official withdrawal action for him. This must be done by the end of the first two weeks if the student expects to get a refund.

CANCELLATION OF REGISTRATION

An advance registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the Registrar by the Director of Student Affairs.

PERSONAL DATA CHANGES

1. A CHANGE IN ADDRESS, whether local, home, or parents', is to be reported by the student to the reception desk in the Registrar's Office as soon as possible after the change occurs. The above addresses for a student are obtained from his Number 4 registration card when he first registers for a quarter during the year. Address changes are not made thereafter during the year unless they are reported as above by the student.
2. A CHANGE IN NAME is to be reported to the Enrollment Center in the Registrar's Office. A change for marital reasons will be done on the basis of a signed statement. Other changes may require the presenting of legal evidence.
3. A CHANGE IN MARITAL STATUS is to be reported to the Enrollment Center. A change will be made if it is based upon incorrect coding or punching. Any other change must be accompanied by a signed statement.
4. A CHANGE IN LEGAL RESIDENCE (whether an Illinois or out-of-state resident) is to be requested on the Application to be Classified an Illinois Resident form in the Registrar's Office. Before the request is honored, the Registrar must be satisfied that the student has met the regulations governing residency status as established by the Board of Trustees.

Schedule of Classes

THE FOLLOWING material may be of value in interpreting the information appearing in the class schedule.

LISTING OF COURSES

GENERAL STUDIES COURSES

Courses which students are to take to meet the General Studies requirements are listed in the front of the Schedule of Classes. These courses are listed by the area which they satisfy and within the area by course number and section number.

DEPARTMENTAL COURSES

Departments in which courses are being offered are listed in alphabetical order. Courses within each department are listed in order by course number and section number.

COURSE NUMBERS AND HOURS

The column containing this information shows the number of the course first, followed by the number of hours of credit. Course numbers are three digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number. The number appearing after the hyphen denotes the hours of credit for the course. In some cases there may be more than one number following the course number such as 599-2 to 5. This represents a variable-hour course in which the student

decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

- 000-099 Course not properly falling in the following categories
- 100-199 For freshmen
- 200-299 For sophomores
- 300-399 For juniors and seniors
- 400-499 For seniors and graduate students
- 500-600 For graduate students only

PREREQUISITE

The prerequisite column lists requirements which must be satisfied before a student registers for the course. These prerequisites may be listed in various ways. Usually they are other courses in the same department, indicated by a course number. A prerequisite in another department is indicated by the department's code letters and the course number.

The listing of prerequisites provides ready information for students. An effort has been made to have the listing complete, but this is not guaranteed. For the official listing of course descriptions and prerequisites, consult the bulletin of the academic unit within which the department is located.

SECTION NUMBER, TIME, AND DAYS

The times given indicate the beginning and ending of each class period. Students registering for courses listed as "to be arranged" may obtain times and days from instructor indicated or, if no instructor is listed, from the department chairman offering the course.

The letter *T* preceding a section number indicates that the section has been tentatively scheduled and will be opened for registration only if staff is available.

BUILDING AND ROOM NUMBER

The following list of building abbreviations will help in the location of classrooms. Buildings are listed alphabetically according to the code used in the class schedule. The numbers refer to the map on page 12. Temporary buildings, which are indicated in the schedule by the letter *T* or *H* followed by a number, and religious foundations, which are indicated by the letter *R* and a number, are listed on page 11.

CODE: BUILDING NAME—NUMBER	MAP	KEY	CODE: BUILDING NAME—NUMBER	MAP	KEY
Abbott: Abbott Hall			LS: Life Science Building—17		K-4
A: Allyn Building—3	G-6		M: Old Main—1		G-7

Lake: Lake on the Campus	2, 3		Wham: Wham Education		
Lib: Morris Library—25	J-5		Building—44		J-8
LG: Little Grassy Lake	--				

If a building contains more than one classroom, then the number of the room follows the building's code name. A building code which contains a number is separated from the room number by the letter *R*. (For example, "T32 R111" means room 111 in building T32.)

FRESHMAN CONVOCATIONS

In order to establish a continuing interest in general education, a freshman convocation is held each week. All freshmen are required to register for convocations each quarter. Although no degree credit is granted, attendance is recorded. Each freshman must present a satisfactory attendance record of at least nine convocations per quarter for three quarters.

EXPLANATION OF ENTRIES

The entry for each course is arranged as follows:

First Line: The courses's identification number is followed by the number of quarter hours of credit and the descriptive title. A dotted line separates the title from the prerequisite, which appears at the right-hand end of the first line and sometimes continues to the second line.

Second Line: Special registration information, explanations, or any other remarks about the course appear on the second line. Sometimes the second line is not used.

Section-Number Lines: The first, second, and third columns list section numbers for courses offered fall, winter, and spring quarters, respectively. Following each section number are the time the class begins (between 8:00 A.M. and 4:20 P.M. for daytime classes) and the time it ends. The days on which the class meets, the place where it meets, and the instructor's last name complete the entry.

¹ USAF 110 and 210 and 220, Sections 34, make up the Cadet Band; USAF 110, 210 and 220, Sections 35, make up the Singing Squadron. While these sections are under the direction of Department of Music personnel for musical practice and proficiency, regular AF ROTC credit is given. Cadets enrolling for the above functions will be auditioned, and final selection will be based on musical merit. Total enrollment in band after audition will be 80, Singing Squadron 60. Cadets not chosen for retention will be assigned to regular sections. USAF 110, Sections 34 and 35, require certain music courses in fall and winter quarters as prerequisites. Students concerned should consult advisers. Sophomore band members will receive credit for winter and spring quarters, no credit for fall quarter.

² USAF 110, 210 and 220, Sections 36, are the Drill Team sections.

Private instruction in applied music is available to only a limited number of students, and music majors receive priority for these courses. Students who are not music majors must receive permission in writing from the chairman of the Department of Music and from the instructor concerned before they may register for these courses.

All students receiving private instruction in applied music are required to keep Mondays from 10:00 A.M. to 10:50 A.M. free to attend weekly class recitals held in the studio of their major applied instrument or voice instructor.

Private lesson appointments must be made with the individual instructor on September 23, 1964, January 2, 1965, or March 24, 1965.

Southern Illinois University Foundation

The Southern Illinois University Foundation is a nonprofit corporation chartered by the state and authorized by the Board of Trustees to receive gifts for the benefit of the University, to buy and sell property, and otherwise to serve the University.

It respectfully asks alumni and other citizens of Southern Illinois to consider making gifts and bequests to benefit the University. Such gifts should be referred to the Foundation, with proper stipulation as to their uses. The Foundation, through its officers and members, will be glad to confer with intending donors regarding suitable clauses to insert in wills and suitable types of gifts and memorials, including bequests by means of life insurance. Large or small gifts to the library will be appreciated; likewise, gifts for special equipment, buildings, endowment of professorships in particular subjects, gifts to student loan funds and scholarship funds, gifts for the use of foreign students, and endowments for particular sorts of research. Any gifts or bequests can be given suitable memorial names.
