Registration Calendar Summer Quarter, 1966

April 11-June 10. Advance registration period for students who were enrolled in the 1965 summer session or the 1966 spring quarter and for new and re-entry students who have cleared their admission status. New students are to refer to pages 1 and 2 for additional information relative to steps they must take before they may be advised and registered. Students registering on June 10 must be prepared to pay their fees when they register.

June 20. Summer quarter begins. Last day of regular registration. All students are expected to have completed registration by this date except for those registering only for short courses that start later than June 20. They may register on the first meeting day of class without late fee payment. Late fees apply in all other cases after this date. June 21. Classes begin except for certain short courses

June 21. Classes begin except for certain short courses having later starting dates. Program change processing will start.

June 25. Registration for the summer quarter ends except for short courses starting after this date. This also includes the registering into new courses or the changing of sections through the program change process.

July 1. Deadline for payment of fees by students whose fees were deferred.

July 2. Last day to withdraw from school to be eligible for a refund of fees.

July 8. Last day to withdraw from a course without receiving a grade for eight-week courses. Last day to change from credit to audit or vice versa.

July 15. Last day to withdraw from a course without receiving a grade for regular quarter courses. Last day to change from credit to audit or vice versa.

July 29. Last day for making a program change or withdrawing from school except under exceptional conditions for students registered for eight-week courses.

August 12. Last day for making a program change or withdrawing from school except under exceptional conditions for students registered for regular quarter courses.

General : Information :

1

ADMISSION

Inquiries concerning undergraduate admission to the Carbondale Campus should be directed to the Admissions Office. A student seeking admission as a degree student on the graduate level needs to have his application and a transcript from each institution previously attended forwarded to the Graduate School by the last Saturday in March. Otherwise he will be admitted as an unclassified student for the summer. A student seeking admission on the undergraduate level should have all necessary papers filed with the Admissions Office no later than May 15. Regular admission policies and procedures apply to the summer, except: (1) An undergraduate student attending another institution and expecting to graduate therefrom who desires to attend Southern during the summer only will be admitted as an unclassified student on the basis of a letter of good standing from the registrar of the institution which he is attending. (2) A high school senior who ranks in the lowest third (lower 60 percentiles for an out-of-state student) of his graduating class who is permitted to enter (on scholastic probation) for the summer must register for at least 8 hours, and he must complete his summer course work with a C average or better in order to continue in attendance during the fall. Otherwise, he must remain out of school until the 1967 winter quarter.

Students entering directly from high school must submit scores on the A.C.T. test as part of their admission requirements. Information as to when the A.C.T. tests are given may be secured from the high school counselor or by writing to the American College Testing Program, Box 168, Iowa City, Iowa.

REGISTRATION

The advance registration period for the 1966 summer quarter is from April 11 through June 10. During this period students in school during the spring quarter initiate the registration process by making an appointment with their advisers. New students may not be advised and register until after they have received notice that they have been admitted. Undergraduate transfer students, except those admitted as unclassified, may not be advised or register for two weeks after admission. Re-entry students (those not in school during the 1966 spring quarter or 1965 summer quarter) need to report to the Admis-

sions Office (undergraduate) or the Graduate School

(graduate) for re-entry clearance.

During this period, offices are open from 8 A.M. to 12 noon and 1 to 5 p.m. Monday through Friday, and from 8:30 A.M. to 12 noon on Saturdays. On June 20, registration offices will be open from 8 A.M. to 12 noon and from 1 to 5 p.m. to register students who were unable to advance register.

FEES

Under the current fee schedule, Illinois undergraduate students taking more than 8 hours pay the following fees:

Tuition	\$42.00
Student Welfare and	
Recreation Facilities	
Building Trust Fund Fee	15.00
Book rental	8.00
Activity fee	10.50
Student Union Building	
Fund Fee	5.00
Total	\$80.50

An Illinois undergraduate student taking 8 or fewer hours will pay half tuition and book rental, will have an option of paying the activity fee, and will pay the full student union building fund fee. He will not pay the student welfare and recreation facility building trust fund fee. Once an option has been made by a student at the time of registration as to whether or not to pay the activity fee, such option is irrevocable. A part-time student, then, will pay either \$30.00 or \$40.50.

Out-of-state students will pay an additional tuition of \$80 if taking more than 8 hours and an additional \$40

if taking 8 hours or fewer.

Graduate students do not pay the book rental fee, otherwise their tuition and fees are the same as undergraduates.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay fees according

to their particular status.

A student who officially withdraws on or before July 2 may obtain a full refund of fees provided his application for a refund is submitted to the Registrar's Office not later than July 5. Official withdrawal from the University is initiated at the Student Affairs Office.

HOUSING

Both single and married students, interested in University housing for the summer quarter, should contact the University Housing Office. Information is also available concerning off-campus housing.

SPECIAL INSTRUCTIONAL PROGRAMS

Field courses, workshops, and other special programs offered during the summer for credit are listed in the following schedule.

Schedule of : Classes :

2

Courses are listed numerically within each subject-matter area. The entry for each course is arranged as follows: Bold-Face Line: The courses's identification number is followed by the number of quarter hours of credit and the descriptive title. A dotted line separates the title from the prerequisite, which appears at the right-hand end of the first line and may continue to the second line. Light-Face Lines: The first column lists the section numbers for summer classes. Following each section number are the time the class begins and the time it ends. The days on which the class meets, the place where it meets, and the instructor's last name complete the entry.

Buildings which house summer classrooms are listed below. If a building contains more than one classroom, then the number (or letter) of the room is separated from the building's code. For example, M 314 means room number 314 in Old Main; T32 R111 means room 111 in

building T32.

Note 1—Music 503,	505, and 560	may be take	n for either	8 weeks or
full quarte	r, after consuments will be	ultation with	department	chairman.

Note—All private lessons (Applied Music Courses) must be arranged with the instructor concerned on the first day of the summer quarter (June 20). Courses in private or class instruments will be offered to qualified non-music majors after consultation with the chairman of the Department of Music. Students enrolled in private or class applied courses are expected to practice at least one hour per day. Air-conditioned practice rooms will be assigned on the first day of the quarter in Altgeld 103.
