Fall Enrollment on Increase

While college enrollments climbed to new record highs all over the nation, SIU was marking up its own new record high with 18,210 resident students at its Carbondale and Edwardsville campuses. This is a 12.1 per cent increase over the 16,243 figure of a year ago and the 12th year fall enrollment has topped the preceding year. In 1951 enrollment was 2,734. Peak enrollment before that was 3,100 in 1949.

Final fall enrollment at Carbondale totaled 12,503 and at Edwardsville 5,707. Alton Center accounted for 2,899 in the Edwardsville figure. Carbondale showed an increase of 884, or 7.6 per cent, over last fall, while Edwardsville numbered 1,083, or 23.4 per cent, over last year.

The East St. Louis Center came up with the greatest increase of all areas—a 27.4 jump over last year. Alton showed a 19.6 per cent increase.

Pre-registration all summer pointed to a record high entry of students. July 1 there were 7,000 students registered and on the pre-registration closing date August 23 the number totaled 11,000.

The freshman class of 6,055 tops all the classes with 466 more first-year students than last year. The senior class shows the greatest increase—from 1,990 students last year to 2,444 this year. Sophomores number 3,699; juniors 3,177; graduate students 1,859; and unclassified undergraduates 976.

Men outnumber women almost two to one. In only three academic units do women predominate—College of Education, School of Home Economics, and Department of Nursing. However, in these traditionally feminine areas, some brave males are entering the portals. Six men are among the 172 women in home economics, there are none in nursing, and 595 men hold their own with the 1,062 coeds in education.

Conversely, a few women are invading the heretofore strictly male fields. In the School of Technology are five women among the 298 men and in the School of Agriculture are another five coeds among the 342 students enrolled.

The 18,000th student to enroll was Hollis Husford of Marion, a junior English major. He registered in October when his plans for a European jaunt failed to materialize and he returned to the campus.

National and State Enrollments

According to the annual college enrollment report of School and Society, an educational journal, approximately 2.5 million full-time students have enrolled in the nation’s accredited colleges and universities this fall compared to the 2,367,451 reported last year by 1,045 accredited schools.

Illinois’ 97 public and private universities and colleges have 248,435 students registered, a 5.6 per cent increase over 1962 and 87.5 per cent over the figure 10 years ago.

Thirty-six public institutions claim 139,918, or 56.3 per cent of this year’s total enrollment. The 61 private schools have 108, 454 students.

Last Play Sinks College Bowl Team

Leading all the way until the very last moments, the SIU College Bowl team went down to defeat on the General Electric College Bowl program October 13 on NBC-TV from New York. Victor was Fairfield University of Connecticut.

At the half Southern led 165-25. The opponents got the jump as the second half started, caught up with SIU at 190, snared the last question worth 30 points, and scored the winning points (220) as the buzzer ended the game.

Members of the varsity team, which brought home $500 in scholarship money, were Douglas A. Trautt, Brighton; Theodore E. Reynolds, Cottage Hills; Noel S. Schanen, Chicago; and William Lingle, Sikeston, Mo. Also making the trip were three of the eight finalists for the SIU team—Martha Cotter, Granite City; W. Charles Z oeckler, Carbondale; and Nicholas Pasqual, Walnut. Because of a conflict, Jeffrey G. Barlow, Benton, did not go to New York. The coach was Prof. Kenneth Frandsen, Department of Speech.
Ten-Year Report on Roscoe Pulliam Scholars

William G. Eidson ’58, M.A. ’59, is a Ph.D. candidate in American history at Vanderbilt University, Nashville, Tenn. Native of Alton, he has a bachelor of divinity from Southern Baptist Theological Seminary. On campus he was a member of the Sphinx Club, Inter-Faith Council, and winner of a Service to Southern Award. He is married to the former Barbara Absher ’59; their daughter, Melissa Lynn, was born last June.

Mr. Eidson writes in part, “I have always been pleased with the publicity given to current Pulliam Scholars and with the evident pride you have in them.”

The second Ph.D. candidate, Neil M. Ford ’58, is at the University of Illinois in the Bureau of Economic and Business Research. He received his master’s degree there in 1961. Mr. Ford taught at Bradley University in Peoria from 1959 to 1962. He is from Sterling, is married, and has two daughters, Shelley and Maureen. He is a member of Phi Eta Sigma and the American Marketing Association.

Remaining at SIU is Robert S. Revak ’58, M.A. ’60, who received both degrees in physics and is an instructor in the Department of Physics. Formerly of Granite City, he and his wife Sylvia have two sons and two daughters.

At Brown University, Providence, R.I., Harold R. Ward ’57 is assistant professor in the Metcalf Research Laboratory. He joined the faculty last summer after a year as a NATO post-doctoral fellow at Oxford University in England and a year as an NSF postdoctoral fellow at the University of California. He received his doctorate from Massachusetts Institute of Technology in 1961.

Professor Ward is author of numerous chemical papers and member of the American Chemical Society. He and Mrs. Ward (Cynthia Van Lente ’57) have two children, Kenneth and Cynthia Ann.

Lt. James J. Summary ’57, Benton, received a direct commission in the U.S. Army when he received a master’s degree in biochemistry from Michigan State University in 1960. He served at Brooke Army Medical Center, Ft. Sam Houston, Tex., until last summer when he went to Germany as a clinical biochemist in the pathology service of the Second General Hospital. He was married while attending Michigan State and now has a son, Mark Joseph, three.

Capt. Edwin H. Krutsinger ’55 is assigned to the Pentagon in Washington, a member of the computer programmer staff for U.S. Air Force Command and Control System headquarters. He has been in service eight years—at Ramstein Air Base in Germany as budget, administrative, and supply officer during 1955–59 and at Travis AFB, Calif., as supply officer in 1960–61. He was married to Gertraud Radinger in Germany in 1957. Last June he received a master’s degree in management sciences from the University of Michigan.

Also in the Washington area is Mrs. James D. Lay (Dorothy Osborn ’55), Silver Spring, Md. Following graduation she was an assistant home adviser for...
The James D. Lay family of Silver Spring, Md.—Dorothy, Harriet Anne, James, Jr., Mr. Lay, and Timothy

Shelby County and home adviser for Edwards County in Illinois and later an associate home demonstration agent at the University of Maryland. In 1956 she went to Costa Rica as an International Farm Youth Exchange delegate and in 1957 as delegate to the Latin America IFYE Conference.

While attending an orientation for new delegates at the National 4-H Center in Chevy Chase, Md., she met James D. Lay, a former exchange delegate to Costa Rica who was assisting with the sessions. They were married in 1958.

Mrs. Lay writes, "Jim's ancestor, Daniel Harmon Brush, his great-great-grandfather, founded the city of Carbondale. Brush School is named after him. While at Southern I once wrote a term paper on the founding of Carbondale and this Daniel Brush, little knowing that I would marry his descendant. We are planning a return trip to Costa Rica in 1964 to visit our many friends and host families. Jim works in the Peace Corps Recruiting Office, Division of Colleges and Universities."

At Stanford University in California Gerald M. Lawless '63 is working on a master's degree in journalism. On the SIU campus he was president of Phi Eta Sigma, information officer for the AF ROTC and member of the Singing Squadron, associate editor of the Obe-lek, reporter on The Egyptian, president of Pi Delta Epsilon, and member of the Sphinx Club, Sigma Delta Chi and Kappa Alpha Mu.

Mr. Lawless, from Jacksonville, is at-

**Sports at Southern**

By Fred Huff

Lending support to SIU’s claim of an exceptionally well-balanced sports program is its composite winter sports schedule which includes top-notch competition for its gymnastics, swimming, and wrestling teams as well as basketball.

The gymnasts will again be competing in the Midwest Open meet at Chicago and the Western Gymnastics Clinic at Tucson, Ariz., as well as meeting Ohio State, Minnesota, Colorado, Denver, and Michigan State in dual meets.

Saluki swimmers, meanwhile, will be hosting their own open meet, participating in the Michigan State Relays and dueling Cincinnati, Nebraska, Iowa State, and powerful Indiana.

Southern’s wrestlers also have a formidable slate as they oppose Oklahoma State, Iowa State, and Bloomsburg, Pa., State after opening in the Illinois Invitational and participating in a quadrangular meet at Colorado School of Mines.

However, all three coaches, Bill Meade, Ralph Casey, and Jim Wilkinson, are anticipating strong clubs and hope to fare well.

Bridesmaids three years in a row in NCAA competition, Southern’s gymnastics squad will be without the services of 1960 Olympian Fred Orlofsky, but figures to have strong replacements in Bill Wolf and Ray Yano. Bill, twin brother of Dennis Wolf, who last season established himself as one of SIU’s finest gymnasts, was National AAU rings champion in 1962 and is considered a superb all-around performer. Yano, a transfer student, also figures prominently in Meade’s plans as do returnees Rusty Mitchell, Steve Pasternak, Tom Geo-caris, and Bill Hladik.

Both Casey and Wilkinson have returned from trips to Tokyo, Japan, where they served as coaches of United States teams. Casey, no doubt, could use a few of the national standouts under his tutelage last summer, but has several budding stars of his own in distance swim-

**GYMNASTICS**

Dec. 6-7 at Midwest Open (Chicago)
27-30 at NCAA (Los Angeles State College)

Jan. 11 Chicago Branch, University of Illinois
18 at Iowa State
24 Mankato State

Feb. 7 at Ball State
8 at Ohio State
14 Minnesota
21 at Colorado
22 at Denver
28 Michigan State

Mar. 27-28 at NCAA (Yale)

**WRESTLING**

Dec. 7 at Illinois Invitational (Champaign)
14 Findlay College

Jan. 4 at Michigan State Relays
11 at North Central College
18 Cincinnati
25 at Nebraska

Feb. 1 at Evansville
15 at Iowa State
22 Indiana

Mar. 28-30 at NCAA (Yale)

**SWIMMING**

Dec. 7 SIU Open

Jan. 4 at Michigan State Relays
11 at North Central College
18 Cincinnati
25 at Nebraska

Feb. 1 at Evansville
15 at Iowa State
22 Indiana

Mar. 28-30 at NCAA (Yale)

Pulliam Scholars—Continued

tending Stanford on two graduate awards—the Phi Eta Sigma Scott H. Goodnight Scholarship and the Stanley S. Beaubaire and George H. Mayr Scholarship. He writes, "I was indeed proud to be a Roscoe Pulliam Scholar. It was a significant contribution to my education and an invaluable one. I wish that more such scholarships were available to Southern students."

Another '63 graduate, Marie Adele Hughes, is a programmer for the IBM 1401 computer at Commercial and Industrial Life Insurance Company, Houston, Tex. She had worked for the SIU Data Processing and Computing Center as a student and plans to return to college for a master’s degree in economics. Miss Hughes, of Johnston City, is the oldest of six children.

Miss Hughes writes, "SIU's excellent student work program, which enabled me to enter the computing field, and also their excellent financial assistance program, through which I received several loans and scholarships, including the Pulliam award, contributed in an immeasurable way toward making my work for a degree possible financially."

In addition to the Pulliam Scholarship to help further her education, Mrs. Thomas J. Lelli (Mary Alice Carnaghi '60) also received the Thelma Louise Kellogg Scholarship in English and a State Teacher Education Scholarship. Native of Herrin, she won accolades in beauty as well as in scholastics. She won Honors Day awards and was named to the Sphinx Club. Mrs. Lelli, whose husband graduated from SIU in 1960 and is a procurement officer with the U.S. General Services Administration in Chicago, taught English at Niles Township High School West in Skokie for a year before retiring to domestic life and caring for Lisa Ann.

Mrs. Lelli

SOUTHERN SKETCHES

Second printing of Legends and Lore of Southern Illinois by John W. Allen '22-2 is underway for 7,500 additional copies. Orders for the book have come from all sections of the country and gift copies have been purchased for mailing to England, South and Central America, and Asia. . . .

Figuratively Speaking

Installation of the 400,000th phone installed by General Telephone Company of America on the SIU campus was commemorated September 26 with a day-long seminar to salute the growing use of communications in education. The telephone was placed in the Wham Education Building. Future plans in University housing include installation of a phone in every room at Thompson Point, Woody Hall, and in University Park, when it is completed. . . .

Car registration this fall totaled 4,961 with 2,132 faculty and staff permits issued and 2,829 student permits. In the student group 300 were given special permission to drive cars because of disability, for work purposes, or for limited storage. There are about 1,700 students commuting.

SIU Represented at Yale

Burnett Shryock '22-2, dean of the School of Fine Arts, and Herbert Fink, chairman of the Department of Art, represented SIU at dedication ceremonies for the new art and architecture building at Yale University last month. . . . Milton Sullivan, associate professor of sculpture, took nine students to Surry Bay, near Ellsworth, Maine, last summer for eight weeks of off-campus instruction. The class held an exhibit in Jerome Stavola's Gallery at Town Wharf in Blue Hill . . .

William J. Tudor, director of Area Services, joined Governor Otto Kerner and his Commission for Trade Expansion which toured several European countries this fall to foster increased Illinois exports to England and the Common Market countries. He is president of Southern Illinois, Inc.

Leslie J. Chamberlin, principal in the St. Louis public schools and associated with that system since 1951, is the new director of admissions on the Carbondale Campus. He replaces Wilbur R. Venerable, who was acting admissions director and now is assistant director in charge of undergraduate admissions at Illinois State University at Normal. Mrs. Vera Schmidt Borger '41 is admissions officer.

Pharaoh’s First Birthday

The Homecoming crowd in McAndrew Stadium joined in singing “Happy Birthday” to Pharaoh on the occasion of his first anniversary on the campus. Pharaoh is John Rush, talented gymnast who entertains football audiences with his antics. For more and louder enthusiasm at the games the Spirit Council organized a 100-freshman cheering squad and dubbed it the Noisy Nomads. . . .

Whether students seek excitement in the air or underground, they can find a club to suit their choice. The Spelunking Society spends its weekends exploring caves in southern Illinois. The SIU Parachute Club has some 20 members, including the national collegiate sport parachute jumping champion, Richard Roberts, Zion. President of the jumpers is Charles Haycraft, Witt.
