Published monthly except August by the Southern Illinois University Office of Alumni Services, Carbondale, Illinois. Member of the American Alumni Council. Payment of membership dues of $4.00 annually or $100 for lifetime membership entitles an association member to all alumni publications. Subscription to the Alumni is by membership only. Second class postage paid at Carbondale, Illinois. All information concerning alumni or special feature material should be addressed to the editor of Alumni Publications. Address changes should be sent to the SIU Alumni Office, Carbondale, Ill., 62903. Please allow four weeks for changes. Printed by the SIU Printing Service at Carbondale.

On the Cover
A story on SIU's Center for the Study of Crime, Delinquency and Corrections begins on page two. One of its important facets is the training program in cooperation with the Agency for International Development. Correctional personnel from all around the world come to Southern to participate in the training programs. A student from India appears on the cover.

ALUMNI CALENDAR

November
3 Belgium-Netherlands-Luxembourg meeting.
6 Monroe County dinner, Eberhardt's, Columbia, 7:15 P.M.
7 Champaign County buffet, Savoy Elementary School Community Room, 6:30 P.M.
14 Peoria Area, Parachute Room, Peoria Airport, 6:30 P.M.
17 White County reception and smorgasbord, Carmi Township High School, 5:00 P.M. to 6:00 P.M. reception; dinner at 6:30 P.M.
19 Macon County smorgasbord, Redwood Inn, Scovil Golf Club, Decatur, 6:30 P.M.

December
1 Saline County buffet, Eldorado Country Club, 6:30 P.M.
5 Madison County buffet, Lewis & Clark Restaurant, East Alton, 6:30 P.M.
THE MAIL BAG

Wants Information About SIU

We received recently information about the Washington, D.C., area alumni chapter picnic in Rock Creek Park. We moved this past June and are now in permanent residence in El Paso, Texas. Our last residence was in Alexandria, Virginia. I am now teaching in El Paso Independent School District at Cooley Elementary. My wife Sibyl (Jones), '54, is a housewife.... Any information about Southern affairs which you can send us will be appreciated.

Charles D. Jones, '52
El Paso, Texas

Happy and Relieved

Jim and I are both happy and relieved to be able to ask you to run the following article in the next Southern Alumni.

James V. Fee, '54, M.S., '55, presently an associate professor of speech at Murray State College, has been granted a doctor of philosophy degree from Ohio State University. Dr. Fee attended the graduation exercises, accompanied by his wife, the former Ruth Beach, '49, and two children, Jan Ellen 9 and Bruce Alan 5.

Jim and I enjoyed the alumni reunions very much but wished more people had been there....

Ruth Fee, '49
Murray, Kentucky

Sad News from Anna

May I submit the following information for the next publication?

Edward D. Walton, husband of Rosemary Gunn Walton, '63, died suddenly of a heart attack on May 22, 1964. In addition to his wife, he left two children, Wesley and Barbara.

Wesley, ex, '54, is teaching in the classics department at Converse College in Spartanburg, South Carolina. He is married to Judie Evar and they have two little girls, Wendy and Robin.

Barbara, '64, was married this summer to Lt. David E. Diefenbach, a graduate of the U.S. Air Force Academy. They are living in Mesa, Arizona, where Barbara hopes to teach and David will continue his schooling and pilot training in the Air Force.

I am beginning my tenth year of teaching the second grade at Lincoln Grade School in Anna.

Rosemary Walton (Mrs. Ned)
Anna, Illinois

A Backward Glance....

Names and events that appeared in the campus news during the fall of 1959, 1954, 1939, and 1914.

Five Years Ago

Gov. William Stratton designated Homecoming Day October 17 as “Southern Illinois Day” in citing Southern as “one of the most important institutions of higher learning in the state.” Mary Ruth Newlin, Mt. Carmel, reigned as Homecoming Queen and the Salukis triumphed 7-0 over Eastern Illinois on the gridiron.

Fall enrollment hit 11,374—956 more than last fall. Cook County has the second largest enrollment among Illinois counties. . . . Trojan Powder Company has leased 236 acres in the Pine Hills area near Wolf Lake in Union County to SIU for a permanent research station, headquarters for advanced field research in zoology, geology, botany, and forestry. . . . A Chair of Economics has been established by W. W. Vandeveer, ex '09, Cleveland, former president of Ashland Oil Company, Inc.

Ten Years Ago

Four Roscoe Pulliam Memorial Alumni Scholarships of $50 each have been awarded—to Darl Lee Bolman, Steeleville; Mariejo Harris, Mound City; Iva Jean Joyner, Equality; and Harold R. Way, Mt. Vernon. Alumni Director Robert Odaniell made the presentation at the President’s Reception for alumni and friends following the Homecoming football game October 23. . . . Homecoming 1954 was the largest ever as hundreds of alumni thronged to the campus to attend more than 40 events. There were 37 bands and 32 floats in the parade. Some 1,900 attended the dance in the Armory, where Tex Beneke and his orchestra appeared. Ann Travelstead, senior home economics major, was Homecoming Queen.

Twenty-Five Years Ago

With almost a thousand freshmen registered and a total of almost two thousand enrolled this fall, SINU is the fourth largest teachers college in the world. . . . Sir Hubert Wilkins, noted Australian explorer, appeared on the College Entertainment Program.

President Pulliam administered the Ephebic Oath of Loyalty to the freshman class at the Bonfire Rally Homecoming weekend. “The oath is a tradition established by the Southern Knights and consists of a pledge of undying love to Southern.” Immediately after the oath the freshmen marched around the bonfire on the old football field and performed “the burning of the green”—after which they were welcomed into the “selective ranks of SINU students.”

Fifty Years Ago

Raymond Moore is the new band leader on campus this fall and Lydia Parsons has charge of the new piano instruction department in the Department of Music.

Charleston Normal didn’t show up for its football game in Carbondale October 16 but did make the trip the following week and tripped up SINU 25-7. On November 6 Normal had a field day on Bayliss Field by romping over International University of Arts and Science of St. Louis 118-0.

The Dramatics Club has been organized, and so popular has been its appeal that applications for membership had to be refused after the first meeting.
Myrl Alexander (l.), former director of the Center for the Study of Crime, Delinquency and Corrections points out constructional features of the U.S. Penitentiary at Marion to visitors from Iran.

Correctional personnel from around the world visit Southern's Center for the Study of

Crime, Delinquency and Corrections

Photos by SIU Photo Service

Why does delinquency increase with the introduction of Western music, juke boxes, and other new gadgets? Are crime and delinquency inevitable consequences of a Western industrial society? How can we prevent delinquency?

These are questions posed by correctional personnel from more than a dozen nations who have visited Southern Illinois University's Center for the Study of Crime, Delinquency, and Corrections.

The center was established at SIU in the spring of 1961 following a conference among University, state and federal crime and correctional authorities who pointed out the need for such a university-based program. They agreed that Southern was a natural site because of its nearness to the potential center of the nation's prison population—largely the outgrowth of the maximum security federal prison then under construction south of Marion.

According to Myrl Alexander, the crime center's first director, the program is a unique one, specially tailored from the practical approach. Assistant director of the U.S. Bureau of Prisons until coming to Carbondale to head the new center, Alexander returned this fall to the Bureau as its director. He will continue on the SIU staff as an adjunct professor.

Visiting professor and assistant director Benjamin Frank, a New York University Ph.D., was named acting director at the September meeting of the Board of Trustees.

The Center for the Study of Crime, Delinquency and Corrections is composed of two branches: one, emphasizing programs in corrections, is located at the Carbondale Campus; the other, involved in community-based programs of delinquency prevention, is located on the Edwardsville Campus.

Agency for International Development

Sponsored by the U.S. Department of State, Agency for International Development, Public Safety Training, the center offers individual and group training courses in correctional institution management, correctional institution design, juvenile and criminal courts, and probation and parole systems.

The center has attracted prison authorities from around the world and is the scene of many regional and area meetings. Speakers of national reputation are brought in for conferences and seminars, giving trainees the additional benefit of viewpoints from other correctional personnel.

Robert James Brooks, ex '41, lecturer at SIU's crime center, is in charge of training the foreign participants. Other full-time staff members at the Carbondale Campus
are Professor Frank E. Hartung and Ronald Vander Wiel, assistant professor.

Currently four Egyptian and two Iranian prison and law enforcement officials are enrolled in a program which began September 14. The six are concentrating on institutional food service, institutional classification and treatment, medical and health services, and administrative organization and custodial procedures. They feel sure that putting into practice good programs along these lines will not only mean a more efficient administrative unit, but a higher staff and inmate morale as well.

Home-away-from-Home

Through visits to our museums, our educational institutions, business houses, industries, and recreational resources, participants are given an opportunity to see something of American cultural and economic life. Invitations to on-campus activities and American homes help round out their stay in this country.

Home-away-from-Home for trainees is university-owned Brockway House at 807 South Oakland Street in Carbondale, named for Zebulon Brockway, nineteenth century warden and leader in correctional reform. Here they enjoy radio, television—some for the first time—reading, and relaxing in a club-like atmosphere. There is a modern electric kitchen for those who want to cook. The present contingent shrugged off with a wry smile the fact that they had to do their own housework because the maid had left to join her husband in another town.

Impressed with Diversity of Penal Institutions

Colonel Ibrahim El Shazly, sent to this country to find ways of preventing an expected wave of juvenile offenses in the United Arab Republic, said the UAR would rather find ways of preventing juvenile delinquency than to find ways of correcting it. Completion of the Aswan dam, bringing with it development of big business and industry, he said, was expected to loosen the present tight family control and put juvenile delinquency on the rise. Faster communications, television, motion pictures, and travel have already influenced his country’s way of life, Shazly added. “We can pick up things from the West that will benefit us more than juvenile delinquency.”

Major General Nematollah Nassiri, Iran’s national police chief, visiting the prison at Marion, which Alexander helped design, said he was “most impressed with the diversity of American penal institutions and the emphasis given to education and industry inside prison walls.” He said he had learned more about corrections in 48 hours at SIU than he expected to learn on the entire 10-week United States trip. Nassiri was here as part of an Iranian movement to improve law enforcement services and to get outside advice on building a new security prison. His country has 14 prisons, none of them as large as the 720-capacity one at Marion.

Two Indonesian National Police officers who spent 26 weeks at SIU went home with “valuable ideas” to apply. “Your system of communication here is most valuable for quick police work on crimes.” The Indonesian officers were also impressed by our highway traffic patrol system and the use of radar in airplanes. They were appalled, however, to learn that Chicago has 20,000 crimes daily. “This would be a year’s total for our police.”

K’o-Wang Mei, dean of the School of Police Science at Taipei, Taiwan, who visited SIU last year under auspices of the U.S. State Department, says he has a weak stomach to thank for his career as Free China’s top police educator. After studying medicine for a year, he decided the study of anatomy did not set well with his stomach. “Every time I went into the laboratory and operated on a cadaver my stomach revolted,” he said. “It was much like an allergy and no amount of practice seemed to help it, so I was finally forced to give up the study of medicine.”

Interested in police work, Mei decided to make it his profession. He was educated in China and the United States. His police career he likened to the one he rejected. “Doctors cure the diseases of the body,” he said, “and we cure the diseases of society.”

Captain Ahmen Jama Elmi, commandant of Central Prisons in Mandera, said he was surprised and pleased to learn that all Americans are not racially prejudiced. In a lighter vein, he said he expected to see many cowboys and Indians. “I had heard so much about them.” Methods and procedures of corrections in United States prisons he found basically like those of Somalia, but “we are learning many new methods that we hope to apply in our prisons.”

SIU Alumni Help Delinquency Study Project

Proximity to St. Louis makes the Edwardsville Campus ideal for services and studies dealing primarily with delinquency control and prevention, along with probation and parole work. The program is headed by associate professor Charles Matthews, who was named assistant director of the Center for the Study of Crime, Delinquency, and Corrections this fall. He spent five and one-half years as a research associate with the Quincy Youth Development Project of the University of Chicago.

Associated with Matthews are assistant professors Martin L. Dosick and J. Robert Russo. Dosick taught criminology, juvenile delinquency, and general sociology at Indiana University before joining the DSP staff. Russo was director of the McKim Community Center, a Baltimore settlement house, before coming to SIU.

Six full-time research assistants are also on the job, four of them graduates of Southern. They are Robert Gil-
Robert Brooks, head of the foreign trainee program, and Professor Benjamin Frank, acting director of the center, discuss correctional training with Lt. Col. Mohamed Bahgat from Egypt.

Home-away-from-Home to trainees is Brockway House. The sign was made at Menard Penitentiary.

Participants from Somali and British Guiana visit the chapel at the penitentiary in Terre Haute.

Current participants from Egypt and Iran enjoy their own coffee in Brockway House.
land, '62, M.S., '63; Thomas Hughes, '62, M.S., '63; Rosalie Kroeger Odell, '62; John William Rawlin, '62; and James A. Jacobson and Robert Peters. In addition, adjunct professors and research associates carry on a part-time basis the important workload of the Delinquency Study Project.

Co-sponsored by the President's Committee on Juvenile Delinquency and Youth Development, the Delinquency Study Project has as its central function the training of professional and other personnel who work with potential and actual delinquent young persons living in deprived areas. Object of the training has to do with the presentation of systematic, rational thinking concerning delinquency causation, and the connection of this information to intelligent programs for the prevention of delinquency.

Curriculum Demonstration Program at Quincy

An important facet of the crime center's program is the Curriculum Demonstration Program at Quincy for slow learners. Financed by the U.S. Office of Education, SIU, and the Quincy public schools, it is operated by Southern's staff. The work-study program is designed to help high school students who are having scholarship and social maladjustment problems and who are likely dropout candidates. It operates under a two-year grant in the amount of $136,000 from the Cooperative Research Division of the U.S. Office of Education. This spring additional funds will be sought for three more years. Students who take part earn credits toward high school graduation and from 75 cents to $2.14 an hour in wages.

Jobs vary. Some of the participants work in a dairy, some provide mailings and telephone services for community agencies. They work in appliance stores; they make and sell flags and flowers, and still others operate a parking lot for Carson Pirie Scott & Company.

Local business firms in Quincy gave in cash and equipment more than $6,000 to start a filling station July 1. Already "the results are outstanding," according to George F. Gruendel, work experience supervisor for the Quincy program. Thirty high school students are working at the station and twice that many more have applied. They work under a supervisor six days a week in shifts of three; some of the workers are girls. Many others in Quincy donated their time—Painters Local No. 66, for instance, made the service station shiny clean with a fresh coat of paint.

More than 300 youngsters have participated in the curriculum demonstration program; about 120 of them have been given work experience.

Bi-weekly student employment evaluations are made on each student employed by the training school. The evaluation form consists of 10 qualities necessary for job success. Each quality is rated as outstanding, satisfactory, needs improvement, or unsatisfactory, and points are given for each. As the student reaches first class status, he is awarded a certificate of achievement and becomes eligible for job placement within the community according to his vocational interests.

Project coordinator is Frank Sorenson, who holds three degrees from the University of Nebraska, two of them in school administration.

Other members of the Quincy staff are William Schulte, curriculum supervisor, and Edward Griffin, research assistant.

Training, Service, and Cooperation

In addition to training programs, not all of which have been mentioned, members of the Center for the Study of Crime, Delinquency, and Corrections serve as consultants and speakers at conferences. During the past two years the DSP staff has cooperated with such agencies as the Metropolitan Youth Commission of St. Louis and St. Louis County, the Human Development Planning Project of St. Louis, the Illinois Youth Commission, Metroplex Assemblies of Washington University, and St. Louis University's Delinquency Control Institute.

SIU's program has attracted nation-wide attention and brought many offers of help from unexpected sources. A teen-age Brooklyn, New York, youth, for example, wrote that he had been a "jitterbug" (member of a gang) for two years. During this time he had been in more than 100 gang fights—which he called "rumbles." Arrested three times, the victim of two stabbings and a caved-in chest from a lead pipe used on him by an opposing gang member, he wrote, "If any of my experiences can be of help to you keeping even one other kid from making the same mistakes I did, I will be glad to help in any way."

No Universal Panacea Soon

"Finding the cause and cure for cancer is simple compared with the problems we face with juvenile delinquency," Alexander said at the outset of the SIU program. "We do not expect to find a universal panacea for delinquency in days, weeks, months or years. This is a project which will take decades. It involves not only study of the faults of society in which the causes may lie, but in changing the attitudes of prison officials, teachers, and the general public toward the whole subject of corrections.

"The university is the medium most likely to make the findings which will solve the problems. . . .

"The schools will be the real focal point of juvenile delinquency in the future," he added. "This is by no means to say the schools are responsible for delinquency but schools are an ideal place to catch 'pre-delinquents' before they actually become entangled with the law."
Foreign trainees have many social contacts with Americans while they are in this country. Charles Matthews, assistant director of the Crime Center and head of the Delinquent Study Project, looks on as one foreign visitor gets acquainted.

Painters Local No. 66 of Quincy gave the service station operated by teenagers a coat of paint as their contribution.

Seventh grade students in Quincy Project count United Fund campaign stickers.

Poverty often causes delinquency and crime.
Stop, Listen and Play

A revolutionary idea in learning to play the violin

Photos by Charles H. Cox

Stop, Listen, and Play are magic words which can mean the difference between a musical and a non-musical child.

This is the thesis of Japanese violinist Shinichi Suzuki, who for more than eighteen years has been training violinists from as early an age as two and a half. His experience has convinced him that “any child with normal mental ability to learn to speak by repetition of sound can learn to play the violin by the same method.”

After extensive study of violin in Japan and Germany, Suzuki became the leader of his own quartet and taught in several large Japanese centers. Because of his mounting interest in teaching and a deep concern for the children who were innocent victims of World War II’s tragedies, in 1946 he founded the Talent Education Institute “for the purpose of developing children’s character at an early age through music study.” Today there are roughly 100 teachers in some 76 branches of the institute, and nearly 8,000 children are studying violin under this method.

Each year pupils from all over Japan go to Tokyo to take part in a music festival. Because they have developed a habit of listening and have learned from teachers trained by Suzuki, they are able to play together without rehearsing.

Suzuki wrote in 1956, after being acclaimed for his musical achievement with children, “If I had said ten years ago that I was going to have a group of over 1,000 children ages five to thirteen play Bach’s “Double Violin Concerto” or a Vivaldi concerto, I don’t think a single person in this world would have believed me!”

An ear for music is a human aptitude, the Japanese artist claims, which can only be developed by listening. “If a child hears good music from the day of his birth and learns to play it himself, he develops sensitivity, discipline, and endurance.”

Using the rote method by which children learn to speak, the innovator of the listen and play method of teaching starts the youngsters on tiny violins; as his pupils grow, progressively larger instruments are used. The child’s introduction to violin playing is limited to the E and A strings, and the use of three fingers in one
pattern. Emphasis is placed on steady rhythm of bowing and clear, exact sounds.

Basic motions and rhythmic patterns are memorized by repeated watching of the slow fingering of the left hand and the movements of the bow with the right. When these basic patterns are learned, the children are introduced to the D and G strings and the use of the fourth finger.

Not until the pattern of learning from memory is firmly established do the pupils advance to reading notes. Sometimes this takes as much as three years, depending, as in any learning process, on the individual student.

Leading exponent of the listen and play method in this country is John Kendall, professor of violin at Southern's Edwardsville Campus, who has traveled more than 50,000 miles, through 35 states, in the last five years lecturing and demonstrating Suzuki’s techniques, and promoting the talent education movement. A recognized authority in stringed instruments, he is much in demand at music workshops and festivals.

In 1958, while director of music at Muskingum College, Kendall saw a sound film of Suzuki's young violinists which so impressed him that the following year he went to Japan to learn more about the methods which produced such remarkable results with children. Later he wrote for publication a series of teaching manuals based on these methods. Two more volumes, with recordings, are now in preparation.

Under grants from the Bok and Presser foundations, Kendall made two trips to Japan, where he worked closely with Suzuki and his pupils, and visited the children's homes to see how they practice with their parents.

The parents' role is very important, proponents of the listen and play method believe. In Japan they attend weekly classes, study with their children, and supervise their daily practice.

According to Kendall, we are wasting five years of good learning time in America by waiting until the fourth grade to begin violin classes. "Rote or memory teaching may be extended two or three years without in any way interfering with the child's later ability to read music. In Japan, children too young for kindergarten play in ensembles. Their performances are what we might expect from high school students in America. We should certainly try this highly successful method with our own children." Many alumni of the program become successful, Kendall says. "Although producing professional musicians is not the primary aim, many fine young artists have developed through this system.

"It's up to the teachers, mothers and fathers of America. If we can create a proper learning environment for our children before school age, then all children, not only a talented few, may develop in the same way demonstrated by these young Japanese violinists."
Pitkin Heads Historical Society

William A. Pitkin, associate professor of history at SIU, was elected president of the Illinois State Historical Society this fall. Active in affairs of the society since joining the SIU staff in 1945, Pitkin is author of numerous articles published in historical journals and has prepared for publication two books, *The D. H. Brush Civil War Journal: From Cairo to Little Rock* and *The Cairo Rendezvous: Prelude to Victory in the West*.

A graduate of DePauw University, he received his master of arts from the University of Colorado and his doctor of philosophy degree from the University of Texas. His wife, Minnie Mae, is executive aide to SIU's President Delyte W. Morris.

Educational Consultants to Republic of Mali

A team of educational consultants will be sent by SIU to the Republic of Mali in West Africa under terms of a three-year pact with the Agency for International Development. Eric A. Sturley, assistant dean of the Graduate School for the Edwardsville Campus, who will head the project, spent a month in Africa this fall on a reconnaissance mission. He and the other team members will go to Africa in January.

Based in the capital of Bamako, the team will study the Mali school system and a newly-formed teacher's college, then make recommendations to the Minister of Education on the schools and on the organization of a proposed pedagogic institute. Jerome Handler, lecturer in anthropology at SIU's Carbondale Campus, joined Sturley in Mali and returned with him in October.

Most team members will sign two-year contracts, according to Sturley, but some short term consultants will be needed also. At the end of the first two years, several students from Mali are expected to be brought to Southern to study in order that they can eventually carry on the work of the U.S. educators in their home country.

Born in England, Sturley received his master's degree from Yale and his doctorate from Columbia. He came to SIU from Allegheny College in 1957. He was named chief academic adviser at SIU's Alton center in 1961 and in 1962 was appointed assistant dean.

During Sturley's absence Donal Myer, associate professor in the Science and Technology Division, will serve as assistant dean of the Graduate School. Myer received his Ph.D. degree from Ohio State University and came to Southern's Edwardsville Campus to teach in 1958.

Twenty-One Faculty Chairmen Named

Twenty-one professors at SIU's Edwardsville Campus assumed new duties this fall, each with a title that is new to the campus vocabulary. They are serving as chairmen of the faculties of 21 academic units, grouped under the divisions of business, education, fine arts, humanities, science and technology, and social sciences. Previously, all members of the faculty were directly responsible to one of the division heads.

"It is hoped that organization of the six academic divisions by faculties," President Delyte W. Morris said, "will improve the academic structure of the campus and allow recommendations for curriculum development, scheduling and staffing to become broadly based."

In the Business Division, Richard J. Milles is serving...
as chairman of the faculty of accounting; Ralston D. Scott, business administration; Miss Mary Margaret Brady, secretarial studies; and John J. Glynn, head of the division, is acting as interim chairman of the economics faculty.

Chairman of faculties in the Science and Technology Division is Ralph Axtell, biological sciences and technology; Robert N. Pendergrass, mathematical studies; J. Edmund White, physical sciences and technology; and Kermit G. Clemans, head of the division, interim chairman of applied science.

Appointed to faculty chairmanships in the Education Division, headed by Cameron W. Meredith, are David E. Bear, administration and curriculum; H. Dene Southwood, guidance; and Richard D. Spear, health, recreation and physical education. Southwood is acting as division chairman this year while Meredith is on sabbatical leave.

In the Fine Arts Division, whose head is Andrew J. Kochman, faculty chairmen include John A. Richardson, art and design; Lloyd G. Blakely, music; and Hollis L. White, speech and theater.

Newly-appointed chairmen in the Humanities Division are Gordon R. Wood, English language and literature; Alfred G. Pellegrino, foreign language and literature; and George W. Linden, philosophical studies. Gerald J. T. Runkle is in charge of the division.

Headed by Robert F. Erickson, the Social Sciences Division faculties have as chairmen Ernest L. Schusky, behavioral sciences; Melvin E. Kazeck, earth sciences; William Goodman, government and public affairs; and Allan J. McCurry, historical studies.

William T. Going, dean of academic affairs for the Edwardsville Campus, said that the new academic structure had been developed after detailed study by University officials and outside consultants. "There is every reason to believe that this arrangement, in addition to giving dignified representation to academic organization, has certain advantages over the usual school-department arrangement," he said.

SIU Acquires Title to Land Used by VTI

At its September meeting, the SIU Board of Trustees adopted a resolution to acquire title to a tract of government-owned land in the Crab Orchard Wildlife Refuge used by SIU’s Vocational Technical Institute. The 138.22 acres of land and 23 buildings of wood, tile and metal construction were declared surplus property by the U.S. Department of Health, Education and Welfare, making it possible to dispose of it "for educational or public health purposes."

Once the administrative area of the Illinois Ordnance Plant, the tract has been leased by Southern since 1951 for housing and the instructional programs of the VTI.
The temporary buildings originally on the tract, together with storage structures moved to the site for use as classrooms, laboratories and shops, have a floor space of nearly 217,000 square feet. Included is about 40,000 square feet the University added besides maintaining, repairing and altering existing buildings to meet rapidly growing needs of VTI. Student housing in the main administration building is being converted gradually into more classrooms and laboratories.

With an enrollment exceeding 1,100 students this term, and increasing needs of space training programs under the Manpower Development and Training Act, the current structures are utilized at capacity in day, evening and Saturday classes. Demands for additional technology programs in the institute cannot be accommodated with existing facilities, Dean E. J. Simon of the Division of Technical and Adult Education said. Acquisition of title to the area clears the way for state construction of new buildings when funds are available.

U.S. Grant Center Moves to SIU

The Ulysses S. Grant Association, formed in 1962 by the Civil War Centennial Commissions of Illinois, Ohio and New York, has moved its headquarters to SIU from the Ohio State Museum. Major General Ulysses S. Grant III and his sister, Mme. Julia Cantacuzene, have given the Grant Association permission to print the text of all Grant letters and have been helping to locate valuable and previously unpublished family papers. Permission also has been received from the Library of Congress to use its extensive material on the former U.S. President. The set of Grant works, expected to run to 15 volumes, will be published by SIU’s University Press.

John Y. Simon, executive director of the association has established an office in Southern’s Morris Library and will edit the works in cooperation with Vernon Sternberg, director of Southern’s University Press. The first volume, including all Grant’s correspondence from his youth to the Civil War, is expected to be ready for publication next year.

The collection includes photo-duplicates of important papers written by or addressed to Grant, as well as multiple-index files of all known Grant material. A complete microfilm record of all items is kept.

The SIU library will become permanent depository for all source materials collected through the project, according to Ralph E. McCoy, director of libraries. Relocation of the Grant Association grew out of a summer meeting of SIU officials with Ralph Newman, Chicago book dealer and Civil War specialist who is president of the organization, and Clyde C. Walton, Illinois state historian and association treasurer. Other officers include three vice presidents, historians Bruce Catton and T. Harry Williams and Library of Congress head David Mearns, and the secretary, Erwin C. Zepp of the Ohio State Museum.

Charles D. Tenney, SIU vice president for planning and review, and George W. Adams, chairman of the SIU history department, are members of the board of directors. Historian Allan Nevins is chairman of the editorial board.

SIU Yearbooks Win Awards

The 1964 Obelisk has been awarded an All-American rating from the Associated Collegiate Press. The highest award given, the All-American was presented to the Obelisk, edited by Steve Wilson, in competition with yearbooks from colleges and universities with an enrollment of 10,001 or more. In 1960 and 1961 the Obelisk received All-American awards in the 7,001 to 10,000 division.

The 1964 Muse, Edwardsville Campus yearbook, received a First Class Award in competition with schools ranging in size from 4,001 to 7,000. Edited by Judy Harris, a freshman, the Muse received 6915 points; the low for first class in the division was 6200 points, All-American, 7200. Ratings for the first two Edwardsville Campus yearbooks were second-class; the 1963 Muse, with 5700 points, also received a first-class rating.

There are five Associated Collegiate Press ratings: fourth class, third class, second, first, and All-American.

Yearbook advisers are assistant professor Manion Rice of the journalism department at Carbondale and Mrs. George Arnold, editorial writer at the Edwardsville Campus.

Southern Plans Satellite Tracking

Members of the School of Technology are constructing a satellite tracking station at Southern. Heading the building team are instructor J. S. Harmon and senior Tony Wheeler.

According to Harmon, they plan to complete the tracking station in time for the launching of the U.S. Echo III this winter.

Echo III will contain special equipment which will receive radio signals transmitted from earth. It will retransmit these signals back to earth on amateur radio frequencies, Harmon explained.

“Communication distance at such frequencies is strictly line of sight,” Harmon said. “Ordinarily, we would be limited to less than fifty miles but since our signals will be retransmitted from the satellite, we expect to increase this range to several thousand miles.”

This is the first time educational institutions have been permitted to participate in an experiment of this type; there are about a half dozen other schools taking part.
Mortuary Science Accredited at VTI

The new mortuary science and funeral service curriculum at SIU's Vocational Technical Institute has been accredited by the Illinois Department of Registration and Education. According to Dean E. J. Simon, it is the first accredited course of its kind in an Illinois state-supported school.

Eighteen students are enrolled in the program which includes general studies, basic science courses in physiology, anatomy and chemistry, and instruction in embalming, restorative art, pathology, funeral service psychology, management and public health laws and regulations.

Co-ordinator of the two-year program is assistant professor Walter K. Thorsell, who came to SIU after eight years as assistant professor and administrative assistant in the Department of Mortuary Science at the University of Minnesota.

Trustees Approve More Construction

In action taken September 29, the SIU Board of Trustees cleared the way for construction to begin next summer on two new 17-story residence halls and a food service-commons building. They will go up in the University Park area where a 17-story dormitory for women is already being built.

David Kenney Named Acting Dean

David T. Kenney, assistant dean of the Graduate School, is serving as acting dean. He replaces C. Addison Hickman who had agreed to serve in that capacity for one year, with the understanding that at the end of that period he could return to his position as professor of economics and the Vanderveer Chair in Economics. A graduate of Southern, Kenney is associate professor of government. The Graduate School deanship was left vacant when Professor Willis G. Swartz was appointed to the newly-created post of Dean of International Students. Kenney received his B.S. degree in 1947 and his M.S. degree in 1948 from Southern and is a past national president of the Alumni Association.

In other action taken by the Board of Trustees on September 29, John W. Andresen was named chairman of the Department of Forestry. A native of New York, he was formerly acting chairman of the forestry department at Michigan State University and established the Rutgers University experimental tree nursery.

Southern Alumnus Editor Resigns

The Southern Alumnus lost its editor, Miss Lucille ("Trig") Turigliatto, on October 1. She has returned to her Alma Mater, the University of Illinois, to work on the staff of President David Henry. Before coming to SIU six years ago, Trig was associate editor of the Illini News.

In tribute to Trig "for her worthy contribution to the Association these six years," the SIU Alumni Association and its Board of Directors had a resolution drawn up expressing appreciation for her "excellent services." The surprise presentation was made at the Alumni Workshop September 26 by Walter B. Young, Jr., Association president. Miss Turigliatto's successor has not been named.

Direct Lines Between Two Campuses

Direct line telephone communication between the Carbondale and Edwardsville campuses will be possible by December, according to Paul W. Isbell, director of business affairs at Carbondale. The University will use four of twelve lines which the state is leasing at "Telpak Rates" from General Telephone Company of Illinois and Illinois Bell Telephone Company.

"It will result in a saving of toll charges, give faster communication, and further implement the revision of University statutes ordered by the Board of Trustees," Isbell said. He referred to action of the Board in July when Southern's administration was changed from a geographic basis to a functional one. The positions of vice presidents for the two campuses were replaced with vice presidents for planning and review, academic affairs, business affairs, and student and area services.
Initiation ceremonies for the new Arena as an athletic showplace will be held December 1.

**Major League Basketball for Southern**

Coach Hartman expects bang-up campaign with balance the long suit.

by Fred Huff

Major league basketball for SIU’s students and area cage fans becomes a reality December 1 when Oklahoma State, a perennial Big Eight sports power, invades to oppose Coach Jack Hartman’s Salukis in initiation ceremonies of the new Arena as an athletic showplace.

Planned almost 10 years ago and one season behind its scheduled completion date, the Arena was occupied just prior to the start of the current Fall quarter and by game time December 1 should be one of SIU’s most exquisite buildings.

While there remains some question as to whether or not the Salukis will be able to consistently attract capacity crowds to the 10,000-seat Arena after having been confined to a 1,600-seat gymnasium until now, Hartman has a number of veterans returning and is hopeful of a bang-up campaign.

Balance seemingly will be Southern’s long suit as at least two strong candidates are bidding for every starting position.

Joe Ramsey, a 6-5 senior who co-captained last year’s 16-10 club, is probably the only certain starter. Southern’s leading scorer during the 1963–64 season, when he averaged 16 points per game, the former Sandoval prep star will be at one of the two forward positions.

Vying for the other spot will be lettermen Randy Goin, Rankin, Thurman Brooks, Memphis, Tenn., and possibly Duane Warning, Frankfort, although Warning may be needed at the pivot post. Goin, despite being only 6–2, is a scrapper who has performed well when called upon for reserve duty last year. Brooks, too, has ability and could move into a first-team berth at any time. Sophomore Clarence Smith, who owns a sharp shooting eye, will be a constant threat up front and junior college transfer Jerry Swan of Florida is a cinch to add depth to the squad.

Warning, the Saluki’s number three scorer last season with a 10.1 average and 264 total points, could occupy a prominent role in Hartman’s plans if he could only develop a bit more consistency in his play. The 6–6 senior led his teammates in scoring four times, but was the victim of several low-scoring games which dropped his average considerably.

Boyd O’Neal, a junior from Philadelphia who stepped into a starting role in NCAA tourney play last year and won all-star honors, has the inside track on the number one center’s job. With added confidence, O’Neal this season could be an invaluable member of Southern’s quintet.

While Warning and Swan could both challenge here, another soph, Ralph Johnson, might also demand consideration after gaining a bit more experience. Although unpolished, Johnson impressed SIU’s coaching staff with his determination and willingness to work and the 6-7 former Trenton prep may have a bright future.

Strongest position on SIU’s squad this season, however, must be at guard where four players—lettermen Dave Lee and George McNeill, transfer Bill Lacy and sophomore Walt Frazier—are top contenders.

Lee averaged more than nine points per game a year ago in his first whirl at varsity ball and started less than half of Southern’s games. A tireless
ball hawk, Lee will see a great deal of action. McNeill is probably the squad’s most under-rated player. “George may not make a lot of spectacular moves or plays, but he’s exceptionally consistent and seldom makes a mistake,” Hartman said.

Frazier, of course, became well-known to SIU’s basketball fans last season when he re-wrote all freshman scoring records. The Atlanta, Ga., product has all the requisites of becoming one of Southern’s finest all-time basketball greats, as he possesses outstanding versatility. Lacy, while lacking perhaps in some departments, is a talented ball-handler, a good shooter and tremendous competitive spirit as a result of his indoctrination under Pinckneyville’s Don Stanton. Other squad members include Roger Bechtold, Belleville; Joe Klosterman, Breese; Ray Krapf, Edwardsville; Dave Renn, Belleville; and Bill Roberts, Monticello, and any could provide surprises.

Season tickets to SIU’s 13-game home schedule are now available and can be purchased by writing Mrs. Neoma Kinney, Athletic Department, SIU Arena, Carbondale, Ill. SIU alumni are eligible for $18 season tickets while others are required to pay $20.

Shown below are seats which members of SIU’s new basketball boosters club will occupy. Located in the center on the east side of the Arena, the seats are theater-type and will be made available to club members for any athletic event held in the building. Seat holders are also given extra privileges throughout the basketball season.

Southern’s varsity cheerleaders wasted little time this fall in testing facilities at the new Arena. Pictured around the center circle are (l. to r.) Trudy Kulessa, Belleville; Susan Amberg, Harvey; Dianne Angelini, Chicago; Kathy Wolak, Cicero; Susan Owen, Herrin; and Marianne Wiley, Rantoul.

SIU 1964–65 BASKETBALL SCHEDULE

Dec. 1 (Tues.)—OKLAHOMA STATE
Dec. 2 (Wed.)—NORTH DAKOTA STATE
Dec. 5 (Sat.)—at Southwest Missouri State (Springfield, Mo.)
Dec. 7 (Mon.)—at Kansas State (Manhattan, Kansas)
Dec. 11 (Fri.)—TENNESSEE TECH
Dec. 12 (Sat.)—STATE COLLEGE OF IOWA
Jan. 6 (Wed.)—WASHINGTON UNIVERSITY
Jan. 9 (Sat.)—INDIANA STATE
Jan. 11 (Mon.)—at Wichita (Wichita, Kansas)
Jan. 15 (Fri.)—KENTUCKY WESLEYAN
Jan. 20 (Wed.)—at Evansville (Evansville, Ind.)
Jan. 25 (Mon.)—at Tennessee Tech (Cookeville, Tenn.)
Jan. 26 (Tues.)—at Tennessee State (Nashville, Tenn.)
Feb. 1 (Mon.)—at Central Missouri (Warrensburg, Mo.)
Feb. 6 (Sat.)—BALL STATE
Feb. 8 (Mon.)—at Kentucky Wesleyan (Owensboro, Ky.)
Feb. 10 (Wed.)—SAN FRANCISCO STATE
Feb. 13 (Sat.)—TOLEDO
Feb. 15 (Mon.)—TENNESSEE STATE
Feb. 20 (Sat.)—OHIO UNIVERSITY
Feb. 27 (Sat.)—EVANSVILLE
1893

Mrs. William C. Rife (Mary Lilly Royall, ex), Anna, is president of the First State Bank of Mounds. She has held that post for several years after serving as vice president. A graduate of the School of Pharmacy of Northwestern University, she has two children. Mrs. Rife, a member of the SIU Alumni Association 10 years, has served as class representative on the Legislative Council for several terms.

1906

Mrs. Roscoe Tygett (Iva Tweedy, ex) lives in Christopher and has three children, two sons and a daughter.

1911

J. Paul DeLap, ex, retired teacher, lives in Norris City. Between 1906 and 1918, six DeLap brothers attended SINU. The oldest, J. Raymond, ex, Norris City, is deceased. The others are David Frank '14-2, Bozeman, Mont.; Harve E., ex '12, Carbondale; Joe S., ex '12, Foxboro, Mass., and Sam L., ex '17, Norris City.

1912

William H. Ball retired in 1958 after teaching chemistry at Texas College of Mines and Metallurgy (Texas Western College), El Paso, Tex., for 29 years. He attended the class reunion two years ago.

Another member who came to the Golden Reunion was Mrs. John D. Becker (Mary Esther Mayer), also retired and former principal of Evansville Consolidated School 127. Her son is James B. Becker, ex '49, Affton, Mo.

1914

Frederick Clark Lusk, Alexandria, Va., could not attend the Golden Reunion in June because his grandson was graduating from George Washington High School at that time. Mr. Lusk, a longtime federal employee who served as a staff member of the Philippine Fiscal Mission, wrote, "Permissive retirement at 65, compulsory at 70 for us civilians; so when 65 came I merely waited. When the thrombosis came, I concluded my heart knew what it was talking about. So June 30, 1959, I retired, with no regrets so long as my reading matter holds out. I think it will, for I have a good distance to go before I have finished everything recommended by Mr. Shryock." Mr. Lusk, who received the degree of Juris Doctor cum laude from the University of Chicago in 1922, had been assistant head of the legal advisory staff in the Office of the Secretary of the Treasury Department.

Mrs. Herschel Randall (Chloe Agnes Garrett, 2), San Diego, Calif., also could not attend the reunion but wrote, "We visited the campus two years ago, and we were amazed at the growth of the University. I feel so very proud to have been a former student and a member of the Class of 1914."

1917

Two members of the class received certificates of recognition last spring from the Educational Council of 100, Inc.—Mrs. Lucy Twente McPherson, 2, Cairo, former Alexander County superintendent of schools, and Mrs. Lloyd Brown Robertson (Charlotte Grinnell, 2), Vienna, former teacher, secretary and assistant Johnson County superintendent of schools.

A visitor to the campus earlier this year was Mrs. James C. Hamilton (Bernice Huffman, '22), of Daly City, Calif. She is the sister of G. Nyle Huffman '22, Carbondale. The Hamiltons have two adopted sons, James P. and George E.

1918

What started out to be research about the U.S. involvement in World War I back in 1935 has turned out to be research about this country's role in both world wars and a long-term project for Herman O. Duncan, 2, Washington, D.C. This private research he is doing in the Library of Congress.

Mrs. W. O. Finks (Jessie Whiteside Finks), Shelbyville, spends her time writing Christian messages in prose, poetry, and song. Fifteen songs have been accepted by publishers and one has been printed privately. The first was published by Lorenz and made into a simple anthem which has been sung in Queen Mary's Chapel in London.

1919

Because she and her husband planned to be in Connecticut and New Jersey early in June, Mrs. S. F. Quinn (Zeta Minner, 2) could not attend her class reunion. She wrote from De Land, Fla., "We have been living in Florida for over four years and like it very much. My husband's health is much better here. Stetson University is located here and there are worthwhile programs one can attend—and I do."

One who did come was Mrs. Pearl Huck.
Crawford, 2, head nurse at Culver Hospital in Crawfordsville, Ind.

1922

James E. Bennett, 2, Du Quoin, is controller of the Du Quoin Coca-Cola Bottling Company. He has a bachelor's degree from the University of Chicago, is married, and has a daughter, Suzanne. He is the son of Mrs. Stella Hunsaker Bennett, ex '02, who retired last spring as kindergarten teacher at Royalton at the age of 81.

Mrs. Harry H. Montroy (Hazel Andrews, ex), Ellis Grove, fourth grade teacher in Community Consolidated School District 134, was given a 25-year teaching award by the Randolph County Educational Association.

MARRIED: Mrs. Faye Striebinger to John Page Wham, 2, July 3, Centralia.

Mr. Wham, prominent Centralia attorney, is chairman of the SIU Board of Trustees.

1924

After 40 years of teaching at Morrison Grade School in East St. Louis, Gertrude Brinkman, 2, '40, Belleville, retired last spring and was honored at a reception given by former pupils and friends. During her career, she had a perfect attendance record of 31 years. Miss Brinkman, who attended the class reunion in June, has traveled widely in this country and in Western Europe. She is a sister of Mrs. Curt C. Lindauer (Louise, ex '17), Belleville, and of Harry J. Brinkman '24-2, '40, principal of Columbia Grade School.

James Ralph Warren '22-2, former teacher and school administrator in Nebraska, now lives in Claremont, Calif.

1925

After spending the summer in Carbondale, Mrs. Harriett Marvin Delano, 2, returned to Elain, France, where she is teaching at the American School. She has taught in France two years and in Germany 12 years.

Mrs. Kenneth H. Owen (Josephine F. Dazhko, ex), Belleville, is on the faculty of Union School in Belleville.

Mrs. James L. Richardson (Ruth Jenkins, 2, '57), Millstadt, is an elementary teacher in District 187, Cahokia.

1926

David A. Turnipseed '22-2 is with Superior Supply Company, Newton wholesale plumbing firm.

Mr. and Mrs. Clyde L. Stewart '24-2 (Lora V. Adams, 2) live in Peoria and have three children.

1927

Jessie M. Dillow, 2, is a saleslady with Sears Roebuck and Company in Chicago.

Mrs. William F. Horner (Julia Eros, 2) Belleville, is primary teacher at Hawthorne School, District 189, East St. Louis.

Mrs. John Taggart (Clara Taggart, 2, '50, M.S. '57), seventh grade teacher at Chester Community Unit School, is secretary of the Randolph County Educational Association.

1928

Mrs. Frank C. Hearn (Esther Kopp, 2, '43) is a home economist with the Emily Griffith Opportunity School in Denver, and lives at Alabaska Park, Evergreen, Colo. She writes, "We live in the mountains south of Evergreen and commute daily to our work. Frank is assistant transportation manager for Downings, Inc. The 76-mile round trip daily is a real pleasure."

Also in the Denver area is Mrs. Lois Pavey Bingemer, 2, Englewood, Colo., fifth grade teacher in Sheridan School District R2. She has two sons and a daughter.

In Atlanta, Ga., Mrs. Opal Douglas Jackson, 2, is financial secretary with the Georgia Society for Crippled Children and Adults, Inc. She has lived in Atlanta 32 years and is active in its civic and church life. She writes, "The growth of Southern is overwhelming. We old timers are so proud of having been a part of the early history of Southern. We may be old but we are 'young at heart.'"

1929

Mr. and Mrs. Oris P. Vick, 2 (Faye Lynn Vick '28-2) live in Olive Branch. He is an inspector for the State of Illinois, formerly was assessor and treasurer of Alexander County and general merchandise storekeeper in Olive Branch. Mrs. Vick has been a third grade teacher in the Olive Branch school for 19 years. They have a daughter, Mrs. August Glaab, Jr. (Shirley Lynn, ex '54), and a granddaughter, Paula Lynne.

Mrs. Helen Dudenbostel Jones, ex, Arlington, Va., was promoted last spring to head of the bibliography and reference correspondence section in the General Reference and Bibliography Division of the Library of Congress, Washington, D.C.

1930

Mrs. Joe D. Stanley (Lillian L. Lindsey, 2), Park Ridge, is a teacher in Community Consolidated School District 59 of Elk Grove Township.

Mrs. C. B. Rippley (Mabel Minn, 2) is a first grade teacher in Alton School District 11. She has twin sons—Bill, a pharmacy student at Drake University, and John, a student at Westminster College, who was awarded the Washington Semester for honor students at American University in Washington, D.C., studying American government in operation along with his courses at the university.

1932

Earlier this year Ray S. Snider was named director of the University of Rochester Center for Brain Research, Rochester, N.Y. He also is professor of anatomy at the University of Rochester School of Medicine and Dentistry.

Mr. and Mrs. Howard G. Thurman, ex '50 (Ethel Berg, ex '34) live in West Covina, Calif. They have twin sons and a daughter. Mr. Thurman is an elementary principal in the Charter Oak School District.

Although her husband, Gilbert Holmes '27-2, '49, M.S. '58, has retired as principal of Vernon School in Sparta, Mrs. Holmes (Emma Penny, 2, '57) continues to teach the fifth grade in Lincoln School.

Mrs. Leland F. Durkes (Amy Lill, 2) has retired from teaching and resides in Belleville.

Mrs. Marion Moore (Aileen Bauman), Tolono, teaches English at New Columbia High School.

1933

Mrs. Clifford E. Glathart (Mary E. Furr, ex), Palatine, is a reading teacher at Forest View High School, District 214, Arlington Heights. She has two daughters.

Mrs. Helen Graham Simpson, ex, Evansville, is a junior high school teacher in Community Unit Five at Waterloo.

1934

William Webb Johnson, ex, Benton, is associate circuit judge of Franklin County. His son, William Ward Johnson '63, is a graduate student at Southern.

Since 1956 J. Robert Williams has been school psychologist for Kankakee School District 111. Before that he was a psychologist with the Illinois Department of Welfare for nine years and a teacher and coach for 13 years.

Mrs. Clyde Hester (Norma Nighswander, 2), Sandoval, first grade teacher, has been teaching 24 years. She has two daughters and a son.

1935

Last summer Ralph E. Davison moved from Anna to Christopher, where he now is director of athletics and head coach of

November, 1964
football, basketball, and track. He had been at Anna two years as head basketball and baseball coach and later football coach after a coaching stint at Beardstown. He also has coached at Johnston City, Harrisburg, and Benton.

Emily L. Perry, 2, '49, East St. Louis, is a fifth grade teacher in Cahokia Unit 187 schools.

In California Mrs. Margaret Nicholson Parola, ex, is on the faculty of El Monte School in the Richmond School Department. Her daughter and three grandsons live in nearby San Pablo.

1936

This year Dallas M. Young, associate professor of economics at Western Reserve University, Cleveland, O., is visiting professor of labor and industrial relations at the University of Illinois. He has been at Western Reserve since 1948, has served on the War Labor Board, and has been a visiting lecturer at Northwestern University and the Illinois Institute of Technology.

Lester S. Hunter, 2, is publisher of the Murphysboro Murmur. He is married and has two children.

Mr. and Mrs. Henry S. Burress, ex '31 (Winifred Burkhart, M.S. '52) live in Marion, where she is a fourth grade teacher in Community School Unit Two. They have a daughter Phoebe.

1937

George T. Wilkins '29-2, associate professor of education at the SIU Edwardsville Campus and former Illinois superintendent of public instruction, last summer was given an honorary life membership in the Illinois Bookmen's Association.

K. Neil Thurmond, ex, has taken leave of absence as mayor of Johnston City to become acting postmaster of his community.

In Washington, D.C., Russell G. Carter is director of the government sales division for National Cash Register Company. He is married and has two sons, Philip and John.

In Ottumwa, Ia., Frank Sisk is teacher of business education and assistant business manager at Ottumwa High School. He and his wife Virginia have a son Edward.

1938

Two members of the class are in Naval careers. In Washington, D.C., Cdr. P. Edward Hill, ex, is at the Pentagon with the Office of Chief of Naval Operations. He has been working on a master of business administration at George Washington University, where he received a bachelor's degree. He and his wife (Julia A. Mercer, ex '40) live in Arlington, Va.

Cdr. Francis J. Grisko is stationed at Kenitra Naval Air Facility in Morocco. He will retire next year, then take up residence at Aspen, Colo. He and his wife Raeia have two children.

Mrs. Hugh Rimer (Erma Beyke, ex), Falls Church, Va., is a supervisor with the National Education Association in Washington, D.C. She has been a member of the Alumni Association 10 years.

1939

Mr. and Mrs. Raymond Edward Lee (Ceola Lisenby '30-2, '40) and daughter Carol '63 all are teaching in Wheeling, District 21 of Cook County. Mr. Lee, principal of Tamaroa Grade School for more than 13 years, is on the faculty of Jack London Junior High School and his wife and daughter are at Alcott School.

In New Holland, Pa., Rolla R. Ross is manager of management services for the New Holland Machine Company, division of Sperry Rand Corporation.

Robert H. Colliker, ex, is superintendent of School District 154 at Thornton in Cook County. He lives in Dolton with his wife Jeanette and two young daughters, Daphne and Roberta.

1940

When the post of recruiting coordinator was established last spring by Pan American Petroleum Corporation and placed in its Tulsa, Okla., office, Quentin W. File was named to fill it. He has been with Pan Am (exploration-production subsidiary of Standard Oil Company (Indiana) in North America) since 1947 and since 1952 has been division industrial relations supervisor for the central division headquartered in Oklahoma City. He was an assistant professor at the University of Tulsa before joining Pan Am. Mrs. File is the former Patricia B. Wood, ex.

Alan H. Sutton is plant manager at Metropolis for the Allied Chemical Corporation.

Dr. Frank E. Trobaugh, Jr., ex, Chicago physician, is director of the Section of Hematology and of the Blood Bank at Presbyterian-St. Luke's Hospital and associate professor of medicine at the University of Illinois College of Medicine.

1941

The 1964 "Methodist Family of the Year" is the Omer W. De Jarnett family of Alton. They were honored at the southern Illinois annual conference of Methodists at Du Quoin Fairgrounds in July. Mr. De Jarnett is a chemist with Olin Mathieson Chemical Corporation.

Dr. and Mrs. Harold G. Halterman, ex (Anna Easterly, ex) and their two children, Marcy and Sheldon, live in Murphysboro, where Dr. Halterman is a chiropractic physician.

Mr. and Mrs. Charles E. Jones (Lula Belle Dix '59) and daughter, Isola Charlayne, live in Chicago. Mrs. Jones, a teacher in the Chicago schools, received a master's degree from De Paul University last February.

1942

On September 1 Robert Callis, professor of education and director of the Testing and Counseling Service at the University of Missouri, became dean of Extra-Divisional Administration, which includes those programs not in the academic division, such as admissions, registration, housing, ROTC, student union, library, instructional television, book store. He has been at Missouri since 1948. Last month he was a speaker at the 20th annual conference of the Illinois Guidance and Personnel Association in Springfield.

Mrs. William F. Huber, Jr. (Bertha Basler) has moved from San Antonio, Tex., to Fairborn, O., where she is a reference librarian in the technical library of Wright-Patterson AFB.

Ralph C. Norton has been promoted from assistant boys' work secretary of the Peoria YMCA to executive secretary of the Fon Du Land YMCA of East Peoria. His daughter, Pamela Lee, is a freshman at Southern.

Frank Setelia, ex, is a project foreman for Jankowsky Construction Company. He lives in St. Clair Shores, Mich., with his wife Jean and five children.

1943

Dr. Harry L. Davis, B.A. '46, recently became director of the pulmonary laboratories of the University of Tennessee College of Medicine, Memphis, Tenn. He also was recently elected a fellow of the American College of Physicians and has had two publications—"The Practical Differentiation of Cardiac and Pulmonary Dyspnea" and "Psychogenic Dyspnea." Mrs. Davis is the former Edna M. McReynolds, ex '46.

Attorney Hayward Whitlock, Auburn Heights, Mich., is chief assistant with the
Oakland County Corporation Counsel, Pontiac, Mich.

1944

From Chapel Hill, N. C., Mrs. Ralph H. Boatman (Helen Weaver) sent regrets that she could not attend the class reunion last June because her family planned to be at the World's Fair at that time. She wrote, "Our family is enjoying living down here in rebel country, and the girls (Cindy 16 and Betsy 11) are still trying to convince us they are not yankees any longer. We live in Chapel Hill, where Ralph '43 is professor and chairman of the Department of Health Education, School of Public Health, University of North Carolina."

Mrs. E. P. Griesell (Mary Collard Burgess, M.A. '63) is an art instructor at Kansas Wesleyan University, Salina, Kan. She has a son, Peter Todd.

1946

Maj. Pauline Potts, chief physical therapist for Wilford Hall Hospital Aerospace Medical Center at Lakeland AFB, San Antonio, Tex., returned to campus for a year of refresher courses working on a master's degree in rehabilitation administration. A veteran of 16 years in the military service, she was to report to Elgin AFB hospital in Florida in charge of physical therapy services as her next assignment.

James E. West is manager of West Brothers Coal and Material Company, Anna.

Mr. and Mrs. John Carlton Busenhart (Lucille Dillow '43) live in Mt. Prospect, where he is assistant superintendent of elementary schools. They have a daughter, Janice Rozelle.

1947

Maj. and Mrs. Billy R. Shanahan, ex (Maxine Rushing '44) and two children, Michael and Sharon, live in San Jose, Calif. Major Shanahan is scientific and technical liaison officer for the Air Force working in industry in the Bay Area with offices in Sunnyvale. His wife is teaching English at Del Mar High School in San Jose.

Mary C. Russell is a teacher in School District 189, East St. Louis.

Mr. and Mrs. Wayne Chester, M.S. '53 (Helen Williams, M.S. '53) live in Simpson. He is guidance director and mathematics teacher at Vienna High School. Their daughter, Judith Ann, is an SIU student.

Mrs. Milton M. Hartman (Ethel Britton Hartman), Mounds teacher and former principal, was honored last spring by the Educational Council of 100, Inc., for her long and meritorious service.

1948

Albert J. Shafter, M.A. '49, superintendent of Enid State School for the Mentally Retarded in Enid, Okla., since 1961, has returned to southern Illinois as head of the new school and hospital for mentally retarded children at Harrisburg and as project coordinator for the Illinois Advisory Council on Mental Retardation. He had been on the SIU faculty four years as associate professor of sociology and guidance and assistant director of the Rehabilitation Institute before going to Enid.

New dean of Southeastern Illinois Junior College in Harrisburg is John Robert Murphy, M.S. '54, mayor of Eldorado and former Saline County assistant superintendent of schools.

Mrs. Charles E. Arnette (Ella Marie Brinson, M.S. '56) teaches second grade at Thomas School in Carbondale.

Vice President of the Pacific Coast Stock Exchange in Los Angeles is James L. McPhail. He and his wife Gladys and daughter, Carol Sue, live in Downey, Calif.

BORN: To Mr. and Mrs. F. Eugene Dick (Oleva Lovelace), Newman, a daughter, Suzanne, July 2. Mrs. Dick is history and girls' physical education teacher in Newman Community Unit Schools.

To the Rev. and Mrs. Joseph C. Evers, Belleville, a daughter, Jane Ann, March 19. The Evers' have two sons, Mark and Dan. Mr. Evers is pastor of the Epworth Methodist Church and author of A History of Methodism in Southern Illinois.

1949

The Rev. R. Gene Thompson is assistant pastor and social worker with the Broadway Baptist Church in Ft. Worth, Tex. He and his wife (Rosemary Barlow '47) have two children.

William David Whiteside, M.S. '50, is coordinator of guidance, testing, and research for Township High School District 214 at Arlington Heights. He formerly was director of guidance at Arlington High School for six years.

Lt. Cmdr. Arch Camel Roll is assigned to the USS Little Rock (CLG-4). He is married and has four children.

Outstanding biology teacher for 1964 in Illinois is Mrs. Albert E. Klein (Rachel Clymore Read, B.A. '54), Riverside, who was chosen for the honor by the National Association of Biology Teachers. The award was initiated in 1962 and Mrs. Klein was runner-up for the title in 1962 and 1963. She is on the faculty of Riverside High School.

Elmo Ricci, M.S. '53, is mechanical draw-

1950

Secretary of the St. Paul, Minn., Health Council is John M. Catlin. The Health Council is part of Greater St. Paul United Fund and Council, Inc. Before assuming the post last year he was executive director of the Winnebago County Tuberculosis Association in Rockford.

Gerald M. Taylor, M.S. '56, is project programmer with the RTCC Support Programming Space Systems at Houston, Tex., in the IBM federal systems division. His wife is the former Susan Nelson, ex '55.

In Granite City Mrs. Arvel Lesseg (La- nell Glen Lesseg) is on the faculty of Coolidge Junior High School. She has a daughter, Ronna Lee.

William F. Sheffield is regional sales manager in Detroit for Liquid Carbonic, division of General Dynamics. He, his wife and four children live in Livonia, Mich.

BORN: To Mr. and Mrs. George W. Blair (Jetta Ruth Lively), Godfrey, third daughter, Mary, January 23. Deborah and Rebecca are the other members of the trio. Mrs. Blair is a substitute teacher in adult education for Alton Community Unit 11.

1951

Mr. and Mrs. Robert N. Bellinger (Patty Lou Hooppaw) are missionaries for three years at Ricks Institute, 14 miles from Monrovia, capital of Liberia. He is business manager and teacher and she is a nurse at the institute. They had been living at Lomita, Calif., where he was an accountant and she a nurse. Their three children are with them.

Harold Lee Dorris is a chemist with Electric Energy, Inc., Metropolis. He is married and has two children.

Kenneth H. Burkett, Hartly, Del., is a salesman with John Sexton and Company. He and his wife Doris have four children.

Last spring H. David Richmond was named administrator of the southern Illinois regional office at Herrin of the Illinois Board of Economic Development. He had been office manager of the Freeman Coal Corporation in West Frankfurt.

Mrs. Russell Schoene (Wilma Kuhn Schoene), Trenton, is a third grade teacher in the Wesclin Community School. She has two married sons.
1952

Davy L. Swan, ex, East Alton, is an attorney at law. He and his wife Georgeanne have a son, James Davis.

William F. Wakefield, B.A. '55, Ph.D. '64, has joined the faculty of Ball State Teachers College, Muncie, Ind., as assistant to the head of the music department. He and his wife (Ruth McClure '51) have two children, Leah and Ray Scott.

Mrs. Vernett Rees (Catherine Smith Rees) teaches second grade in Cairo School District One.

Annamae Todd, M.S. '55, Pinckneyville, is assistant Perry County superintendent of schools.

New assistant coach in basketball and baseball at Mt. Vernon, Ind., High School is Charles W. Valier, M.S. '57, who had coached at Murphysboro the past five years. He also has coached at Gorham.

BORN: To Mr. and Mrs. Evan V. Eastman (Margaret McGregor, ex '47), St. Charles, Mo., third son, Richard Allen, July 2.

To Mr. and Mrs. Herman A. Graves, Jr., M.S. '55 (Phyllis J. Dewar '58), Marion, twin son and daughter, March 4. Mr. Graves is director of the gifted children's program in the Marion schools.

1953

Mrs. John Davis (Shirley West Davis) this fall became dean of girls at Anna-Jonesboro Community High School. She is a former English teacher on the faculty there.

Earlier this year Russell L. Cloud, personnel manager for Food Machinery and Chemical Corporation at Hoopeston, was given the Distinguished Service Award by the Hoopeston Junior Chamber of Commerce. He is married and has a son.

BORN: To Mr. and Mrs. Armand V. Hanff (Marion Jean Davis), Carbondale, a daughter, April 12.

To Mr. and Mrs. John G. W. McCord (Esther Pirka), Springfield, a son, June 4.

To Mr. and Mrs. Peter T. White (A. Carol Henderson), Washington, D.C., a son, Norbert H., January 27.

1954

Wayne E. Grandcolas, assistant vice president and West Coast manager for Reasor Corporation, has been transferred from San Francisco to establish a new St. Louis area office. He, his wife Pat, and three children, Lauren, Barbara, and Robert, are living in Kirkwood, Mo.

SIU alumnus serves as

Field Associate for MPATI

MPATI is a fascinating subject and an alumnus of SIU is one of its field associates. MPATI is the Midwest Program on Airborne Television Instruction and Murrell F. Jones '52, M.S. '56, Sp. Cer. '59, is field associate in Champaign for all of southern Illinois and four southern Indiana counties.

MPATI is the educational television service set up by schools in six midwestern states, transmitting 25 courses four days a week from the airplane Airborne. There really are two planes in the program—one delivers educational material to the schools while circling in lazy eights some four miles above the little town of Montpelier, Ind. The other, equipped exactly like the first one and containing the same taped lessons, is a standby, sitting at Purdue University Airport. Should weather or mechanical difficulties prevent the first one to take off, it takes over.

This year some 700,000 students registered in 1,800 schools ranging from Decatur to Canton, O., and from Grand Rapids, Mich., to Lexington, Ky., are in the program. They are learning science, mathematics, foreign languages, music, literature, history and government. In its fourth year of operation, MPATI offers instruction at a cost of $1 per student per year.

Mr. Jones, an educator in industry as well as in the public education system, didn't always go along with instructional television. But once he observed it in action, he became convinced that "it can play a vital role in preserving the quality of education."

A native of Edwardsville, he was principal and superintendent of schools in Perry County from 1954 to 1957 before going to Indiana as principal of Nashville High School for two years and superintendent of Monroe County schools in Bloomington for three years. At one time he was director of education for an atomic energy plant at Portsmouth, O.

Mr. Jones is married to the former Doris Alvey '55 and they have three sons—Kimmel, Douglas, and Dwight Allen, who arrived last January.
From Syracuse, N.Y., came Mrs. William F. Kenney, Jr. (Mary E. Megna) to attend the class reunion in June. She has four daughters—Kathleen, Elizabeth Ann, Maria, and Sharon.

Capt. Gerald L. Biggs, ex, is stationed at Blytheville AFB, Ark. From Logan, Utah, Mr. and Mrs. William F. Campbell, ex (Phyllis Goddard) write, "We like Utah very much. Logan is very scenic, located in a valley almost completely surrounded by mountains. We live three blocks from the mountains and enjoy the lovely picnic areas located in the canyon and up the mountainside." After finishing his doctorate in botany last spring at Michigan State University, Mr. Campbell accepted a research job with the U.S. Department of Agriculture, working in the horticulture department at Utah State University. The Campbells have three children, Julie, David, and Kelly.

Mr. and Mrs. Clarence Howard Gaskins (Ruth Miller, ex) have moved from Le Roy to Minnesota, where they live in White Bear Lake and Mr. Gaskins is general manager for the Minnesota Farm Bureau Service Company in St. Paul. Their married daughter lives in Bloomington and their son is attending Illinois State University.

MARRIED: Mrs. Julia Strelow Moore to Sgt. Jack Eimes, April 3, St. Louis. She has been teaching junior high school mathematics at Pattonville Junior High School in the St. Louis area. Her husband, after advanced military training at Ft. Bragg, N.C., and study at the Army Language School at Monterey, Calif., will be an instructor in South Viet Nam.

BORN: To Mr. and Mrs. Robert L. Aaron, M.S. '57 (Mary Sue Wardell, ex '53), West Frankfort, sixth child, a daughter. June 20. Mr. Aaron is principal of Valier Community High School.

To Mr. and Mrs. Martin J. Schrader, M.A. '56, Granite City, second son, Eric Everett. February 13. Mr. Schrader is a senior engineer with McDonnell Aircraft Corporation, St. Louis.

1955

R. Alden Miller has joined the Northeast Regional Extension Service in Massachusetts as vegetable specialist serving three counties. He formerly was with the University of Illinois Downers Grove Horticulture and Drug Crop Experiment Station. He and his wife Doris have two daughters.

Harry T. Fouke is a biology instructor and audio-visual coordinator with the Manitou Springs, Colo., High School.

Frank F. Bleyer, M.S., forsook the gridiron for fashions when he resigned as head football coach and athletic director at Carbondale Community High School January 1 to become owner of Stroup's Department Store, which now is known as "Bleyer's.

James McCallum is a principal in school district 75 at Mundelein.

Mr. and Mrs. Jerry G. Engle, M.S. '58 (C. Darlene Woodsie '53, M.S. '58) live in Sandwich with their three children, Mr. Engle is head basketball and baseball coach, assistant football coach, and physical education and mathematics instructor at Sandwich High School.

From Battle Creek, Mich., Mr. and Mrs. William E. Bauer (Sadie Marie Mohan '54) write, "We both continue teaching in Lakeview (suburban area of Battle Creek). Besides his fifth grade class, Bill is serving as chairman of a systemwide curriculum committee and as department chairman for grades three to five. Through Western Michigan University, I will have my first student teacher."

1956

New director of housing at the University of Nebraska in Lincoln is M. Edward Bryan, M.S. '58, who had held a similar position for two years at Ball State Teachers College, Muncie, Ind. He had been at Ball State since 1958. The Bryans (Norma E. Ferrell '58) have a son, Gregg.

Edward Trevillion, M.S., Massac County conservationist with the U.S. Soil Conservation Service, was honored recently for his district's information program, which included local feature articles and timely reports of development.

Elmo R. Eurls has been promoted to district group manager of the Detroit office with General American Life Insurance Company. He had been district group manager in Des Moines and a member of the company since 1956.

From Godfrey A. Gutser and Frances G. Gutser (E. Jean Clarke, ex) have moved from Le Roy to Carbondale, Ill., to become owner of Stroup's Department Store, which now is known as "Bleyer's.

To Mr. and Mrs. Robert W. Clarke, M. A. '57 (E. Jean Clarke, ex '58), Madison, Wis., a daughter, Shannon, May 6. Mr. Clarke is a graduate student at the University of Wisconsin.

1957

James S. Swanson, Canton, is an accountant with International Harvester. He is married and has a daughter.

In West Frankfort Clifford E. Gayer, VTI, is a technician with Frantel TV. Mrs. Edward H. Herschbach (Pearl G. Herschbach) is a sixth grade teacher at Chester Community Grade School. She formerly taught at Central Elementary School in Palestine for several years.

Principal of Cuba High School and Junior High School is Orville A. Williams, M.S. '59. He is married and has two sons.

BORN: To Mr. and Mrs. Randall A. Watkins, Elmwood Park, a son, Bradley Jay, April 11. Mr. Watkins is officer manager and assistant controller for Sears Roebuck Profit Sharing.

1958

After receiving master and doctoral degrees in electrical engineering at Purdue University, the latter in June, 1963, Robert M. Montgomery joined the faculty at Purdue as assistant professor of electrical engineering. He is married to the former Marian Sue Touze '59 and they have a daughter, Jeanne Ellen.

Don W. Schroeder, M.S. '62, is director of music at McLeansboro Township High School. Before he joined the faculty there in 1960, he was music director at Okawville High School.

Mrs. H. A. Curtis (Sylvia Jenkins Curtis) is teaching at Oakland School in the Bloomington school system. She has three children.

Richard A. Gleiber, VTI, Waterloo, is a bookkeeper for Schmidt's Gas, Inc.

BORN: To Mr. and Mrs. Fred L. Davis (Charlene Homberg, ex), a son, Tim Alan, December 23, 1963. They live in Carbondale, where Mr. Davis is assistant secretary with Carbondale Savings and Loan Association.
police a year ago. He and his wife Joyce have three children, Jamie, Meredith, and Andrew.

Samuel Knight, Jr., Grayville, is an investigator for Retail Credit Company.

Paul D. Brown, M.S. '60, is superintendent of parks and recreation for the City of Allen Park, Mich. He and his wife Patricia have two daughters, Julia Ann and Brenda Lee.

Danny L. Telford, Herrin, is a claim representative in the Mt. Vernon claim service office of State Farm Mutual Automobile Insurance Company. His wife (Patsy Jo Bond Telford) is a commerce teacher at Christopher High School.

MARRIED: Bonnie Jane Dodillet to Marion G. Rushing, June 21, Irvington. They are living in Pinckneyville. Mr. Rushing, voted outstanding athlete at Southern in 1956 and again in 1958 and a letterman in football, basketball, track, and wrestling, is a linebacker with the St. Louis Cardinal professional football team. He joined the Cardinals in 1959, then spent two years with the Air Force in Germany playing football, before rejoining the Cardinals.

BORN: To Capt. and Mrs. George E. Hargrave (Lois Goldsmith, ex), Waco, Tex., a daughter, Kristin Elaine, February 21. Captain Hargrave, who received the Air Training Command "Well Done" Award last spring at James Connally AFB, Tex., is a navigation instructor at Connally.

To Mr. and Mrs. George R. Klann, Freeburg, second son, Ronald, February 6. Mr. Klann is an accountant with Don Rice, CPA.

1960

Harlan E. Krutsinger, formerly an underwriter with State Farm Mutual Auto Insurance Company in Bloomington, has joined the staff of the SIU Edwardsville Campus as a systems analyst. He lives in Wood River.

Sylvia J. Collins, Brighton, is a second grade teacher with Southwestern Community Unit District Nine.

James A. Larson, Elmhurst, is a social studies teacher at Blackhawk Junior High School, Bensonville.

William M. Shelton, Elgin, is a cost accountant with Flexonics, division of Calumet & Helca.

MARRIED: Joyce A. Barbero to Alan J. Burt, March 14, Steeleville. They are living in St. Louis.

Joan Mellican to Robert F. Dickson, May 16, Galesburg. They are living in Lawrenceville, where he is administrative assistant manager and credit analyst with the Wabash Production Credit Association.

On hand for the Alumni Officers Club Workshop September 26 were these two women who serve as secretary-treasurer of their respective clubs. Mrs. Mary Dexter Creager, '37, of Decatur represents the Macon County alumni; Mrs. Milton Wittenborn (Helen Grott, '56), Chester, represents Randolph Co.

Alumni club workshoppers look at the basketball floor in the new Arena.
SIU Grads in Service

Air University recently announced the names of officers attending the first of the USAF's professional schools, Squadron Officer's School. Among those listed were the following graduates of Southern Illinois University.

Captain Robert E. Crimm, a 1958 graduate who majored in English, received his pilot's wings in November 1960. He has served as an intelligence officer and B-47 co-pilot and is now stationed at Mountain Home AFB, Idaho.

Captain William D. Cook, graduated in 1959 with a major in elementary education, he is stationed at Pope AFB, North Carolina and has served with the Air Force in Friesing and Wesser Kuppe, Germany during 1960-1963.

Captain William J. Bima, Jr., a chemistry major, graduated in 1959, received his pilot's wings in 1960.

First Lieutenant Gaylord V. Hayden received his B.S. in economics from Southern in 1960. He received Air Force pilot's wings in May 1962, and will return to his assignment with the 916th Air Refueling Squadron at Travis AFB, California, just outside of San Francisco.

First Lieutenant Robert W. Provart received his B.S. in agriculture from Southern Illinois University in 1960. He received his Air Force Navigator's wings in June 1962, and is presently stationed at Dyess AFB, Texas, with the 337th Bomb Squadron.

HOMES RAZED FOR SCIENCE

Three former faculty homes overlooking the campus on South Thompson Street were razed this fall to make way for Phase I of the Physical Sciences Building. Located south of University Center, the building will be constructed in two stages.

Phase I will be a huge laboratory wing housing the Departments of Physics, Chemistry, and Geology. Built of brick and pre-cast concrete, it will have windowless laboratories. Construction, which will take about two years, is scheduled to start this year and be completed for the fall term of 1966.

The $4,100,000 structure will be financed through the Illinois Building Authority, which will issue bonds. The University will make payments as rental to the building authority.
BORN: To Mr. and Mrs. Alan Gale Morgan, Harrisburg, second son, June 11. Mr. Morgan is a mathematics instructor at Southeastern Illinois College and a graduate student at Southern.

1961

Donald E. Hepler, assistant district traffic manager for Illinois Bell Telephone Company in Rock Island and 1961 SIU basketball captain, has been transferred to Rockford. He and his wife Sharon have a daughter, Dawn Marie.

William M. Borger has joined the faculty of Carbondale Community High School as a general science and biology instructor. He also is working toward a master's degree. He formerly was a guidance counselor and science teacher at Herrin High School.

Mrs. Henry C. Price (Sarah Jane Price, M.S.) teaches English at Mt. Vernon High School. She has four children.

William C. Cole, Niles, is an underwriter with Allstate Insurance Company. He is married and has two children.

Richard Allen Jones is head basketball coach at Marion High School. He was on the faculty of Carbondale Community High School before going to Marion in 1962. He is married and has two children.

MARRIED: Margaret Anne Garrity to Robert Gartin, June 20, Sparta. They are living in Detroit, Mich., where Mrs. Gartin, flutist with the Detroit Women's Symphony, is teaching music in grades two to six of Marcy Elementary School. Mr. Gartin is studying medical technology at Wayne State University.

1962

Warner L. Ulrich is an associate underwriter for Travelers Insurance Company in Sacramento, Calif.

After being commissioned a church worker of the United Presbyterian Church at services in the Baldwin Presbyterian Church in May, Carol Ann Wehrheim received a master of arts degree in Christian education from McCormick Theological Seminary in Chicago and on June 1 became director of Christian education at The Woods Memorial Presbyterian Church of Severna Park, Md.

Mr. and Mrs. Dale L. Taylor (Frances Davidson Taylor '57) and their two daughters, Hope and Priscilla, live in Herrin. He is a fifth grade teacher at Washington School, Johnston City Community Unit One, after teaching fifth and sixth grades at Carterville.

Mr. and Mrs. Robert L. Blessing (Kay Coatney, ex '60) and daughter, Deborah Rene, live in Park Forest. He is an underwriter with Continental Casualty Insurance Company.

Glenn R. King, who received a master of education degree last summer from North Texas State University, is a mathematics instructor and head tennis coach at Stephen Austin High School, Austin, Tex.

Last spring Ernest P. Johnson, M.A., associate programming analyst with IBM, was transferred to Kingston, N.Y., to take charge of an editorial services group in the programming systems department of the corporation's data systems division.

After teaching a year at Hawthorne School in Mesa, Ariz., Louise Campanella now is teaching third grade in the Glendale, Ariz., schools and living in Phoenix.

MARRIED: Rita F. Brake, M.S. '63, to Dedrich G. Schumacher '63, June 27, Mt. Vernon. They are living in Lyons. A former editor of The Egyptian, he now is an editor in the Chicago bureau of Associated Press. She teaches at Dwight D. Eisenhower High School in Blue Island.

Kathleen Jones to Lon C. Eubanks, June 6, West Frankfort. They are living in Carbondale, where he is assistant sports editor with the Southern Illinoisan.

Maria Aurora Velazquez Aguirre to Jimmy L. Vity, VTI, December, 1963, Mexico City. They are living in Los Alamos, N.M., where he is an electronics technician at the Los Alamos Scientific Laboratory.

BORN: To Mr. and Mrs. Charles E. Dolen, Belleville, a daughter, Kimberly Ann, December 29, 1963. Mr. Dolen is a junior accountant with Arthur Young and Company.

To Mr. and Mrs. Gary W. Haskell, Collinsville, a daughter, Lisa Diane, January 17. Mr. Haskell is manager of consumer credit department at First National Bank of Collinsville.

1963

James L. Gualdoni, M.S. '64, 1962 SIU basketball captain and assistant freshman basketball coach last year, has joined the faculty of Glendale Union High School, Phoenix, Ariz., as freshman basketball and baseball coach and safety and driver education instructor. He is married to the former Deanna Lee Diamond.

Gary M. Mahon, East St. Louis, is director of a state-financed demonstration center for gifted children in Edwardsville School District Seven. He formerly taught sixth grade at LeClaire School in Edwardsville. Mr. Mahon worked on a state study project for the academically talented during 1960-61 and 1962-63 terms.

In Chicago Mary K. Thornburg is an interior decorator with Carson Pirie Scott and Company.

From Huntsville, Ala., Richard G. Webb writes, “Since my graduation last year I have been working for Brown Engineering in Huntsville, Ala., and Cape Canaveral, Fla. I haven't been able to get back to old SIU but from what I have read and heard it is growing as fast as ever. I have enjoyed the Southern Alumnus very much this last year. Keep up the good work and good luck to everyone at Southern.”

MARRIED: Jane E. Armistead to Richard E. Pacey '64, June 14, Pinckneyville. Mr. Pacey taught fourth grade in Metamora last year. Mr. Pacey plans to enter the mortuary science course at VTI this fall and enter his father's business at Washburn when he finishes his studies.

Elizabeth Jane Holland to Edmond H. Bauer, Jr., VTI, March 7, Royalton. They are living in St. Louis, where he is an electronics technician with McDonnell Aircraft Corporation.

Beverly Ann Holmes to Robert Gartin, June 20, Sparta. They are living in Detroit, Mich., where Mrs. Gartin, flutist with the Detroit Women's Symphony, is teaching music in grades two to six of Marcy Elementary School. Mr. Gartin is studying medical technology at Wayne State University.

1964

David F. Kraus, Carbondale, is an accounting with Haskins and Sells in Detroit, Mich. Last spring he was awarded a $300 cash scholarship by the Illinois Club of the Graduate School of Banking at the University of Wisconsin.

Receiving a doctoral degree is an important event in the life of any scholar. But receiving two in the same month is a very rare occasion. And so it happened to William Raymond Mofield, Ph.D., director of academic affairs for the SIU Department of Radio-Television, instructor, and member of the faculty since 1959. He received a Ph.D. in speech here on June 12. A week later he received an honorary doctor of laws at Idaho Christian College, Albion, Idaho. On August 15 Mr. Mofield became administrative assistant to the president of Murray State College, Murray, Ky. At one time he worked for CBS in New York City. He is a licensed minister of the Church of Christ.

Chris M. Elkins, who taught in the Whittington elementary schools three years, has joined the faculty of Zeigler-Royalton Community Unit School District High.
School to teach senior high school English. She formerly was an accountant in industry and business in Texas.

MARRIED: Charlet Joan Anderson to John Dale Littenberg '63, M.S. ’64, June 12, Herrin. They are living in Crystal Lake. He is a production trainee with International Harvester and she is teaching in the Chicago elementary schools.

Joe Sharknas ’37, West Frankfort, was killed in an accident at Old Ben Nine coal mine. He was an officer in Europe during World War I.

Stanley E. Hays ’39, assistant credit manager with Sangamo Electric Company, Springfield. He served in the Army during World War II and at one time was manager of the Firestone Store in Jefferson City, Mo.

Mrs. Leo Feller (Marjorie Burgess, ’ex ’41), who assisted her husband in the Du Quoin Call Engravers.

Ronald J. Sienk ’63, St. Louis, killed in an automobile accident.

The Rev. Frank Eversull, member of the faculty on the Edwardsville Campus and former vice president of the SIU Board of Trustees, died in Belleville September 6 at the age of 72. He was pastor emeritus of the First Presbyterian Church in Belleville, having been ordained in 1917. He was a former high school principal in Troy, Columbia, St. Louis, and East St. Louis and president of Huron, S.D., College and North Dakota Agriculture College. After World War II he was chief of colleges and teachers colleges with the American Military Government in Korea.

Frances W. Bennett, 2, retired Cairo teacher who taught at Lincoln School, died in Cairo October 10, 1963.

Gideon P. Chapman, 2, who retired in 1943 after 50 years of teaching in the Springfield area, died January 28 in Virden. He was a member of the Alumni Association 11 years.

Otville W. Ahl, 2, who has been vice president, secretary, comptroller, merchandising manager and a director of Hibbard, Spencer, Bartlett and Company, Evanston wholesale hardware firm, died in Evanston August 2 at the age of 63. He had been with the company since 1938 after serving as assistant controller of Wieboldt Stores of Chicago. He was a member of Phi Kappa Sigma.

Dr. Nemo D. Gaines, Hartford, Conn., physician, died in Hartford August 28. He formerly was medical director of the Todd Houston Shipbuilding Corporation, Houston, Tex.

Mrs. Abe Head (Cora Williams Head, ’ex), former Cache school teacher, died March 26 at Unity. Her home was in Cairo.

Loren D. Tucker, ’ex, former rural teacher, died in February, 1963, at East Alton at the age of 56.

Wallace Baker, M.S. ’51, English and history teacher at Herrin High School 12 years, died September 2 at his home in Johnston City at the age of 41. He previously had been principal of Jefferson School in Johnston City and Henderson School in Galesburg.

Dr. Archie P. Woolard, Carbondale dentist and a Navy veteran of World War II, died September 6 in East St. Louis of injuries received a few days before in an automobile accident on a St. Louis bridge. He was a native of Harco.

Mrs. Albert Epplin (Ina Baudison), Pinckneyville, died August 19 of leukemia. She is survived by her husband and five children. A member of Pi Kappa Sigma. Mrs. Epplin taught Latin and biology at Brentwood, Mo., High School before she married.

Benton K. Berry, physicist with National Aero Space Administration at the George C. Marshall Space Flight Center at Huntsville, Ala., died August 13 in Murphysboro at the age of 28. He was born in Dudley, Mo., and grew up in Murphysboro. He was a Mason and a member of the American Institute of Aeronautics and Astronautics and the American Rocket Society. His mother, a sister, and two brothers, Samuel ’55 and Francis ’62, survive.

Clifford D. Eckels and his nine-month-old daughter, Natalie Shaw, were killed August 8 in an automobile accident near Lively Grove. Mr. Eckels, of East St. Louis, was 29. He was on his way to Springfield to begin a new job. He had taught in the Forest-Strawn-Wing unit during 1962-63 and had coached at Strawn School and last year taught at a North Cape May, N.J., grade school and coached baseball at Wildwood, N.J. He was in the Coast Guard several years.
Two world-renowned performers have been named artists-in-residence at SIU. Katherine Dunham, dancer and choreographer, will be on campus eleven weeks during the fall and winter quarters. She will work with former Metropolitan Opera soprano Marjorie Lawrence on the opera Faust, to be produced in February by Southern's music department. Miss Dunham is now in Rome doing the choreography for the movie The Bible being produced by John Huston. Last year she designed the dance numbers for the Met's production of Aida. . . . Ruth Slenczynska, who has made more than 1,000 concert appearances and 100 recordings since her debut at the age of four, has been appointed to the teaching staff at Edwardsville. Miss Slenczynska (pronounced Slen-chin-ska) has studied under such music greats as Rachmaninoff, Schnabel, Cortot and Boulanger, and has performed in the major capitals of the United States, Europe and South America.

Hadley Develops Copper Process

Elbert H. Hadley, professor of chemistry, has developed a new system of copper electro-plating which the SIU Foundation has had patented. A result of several years of research, Hadley’s system involves an electro-plating bath containing cuprous thiocyanate and cyanide.

Continues Study of Gooney Bird

Harvey I. Fisher, zoology department chairman, left Carbondale October 5 for Midway Island to continue his study of the Laysan albatross—the “gooney bird” of the Pacific. Fisher, whose ten-month trip is being sponsored by the Office of Navy Research, has visited Midway several times since his initial trip in 1945. This year, for the first time, he will arrive before the “gooney birds” and be there until they leave. “We’re just trying to find out all we can about them before they’re wiped out,” Fisher said. “I have no doubt that eventually the albatross will be a rare thing on Midway. The more we learn about them, the greater the possibility of successfully moving them to another island.” The Navy’s reason for supporting his efforts isn’t quite so scientific. The birds have a habit of nesting near airfield runways on Midway and their presence each year is a hazard to planes approaching and leaving the island.

Contract Awards Total $3,772,981

Contract awards totaling $3,772,981 were approved at the September 29 meeting of the SIU Board of Trustees for construction of Phase I of a physical science building at Carbondale. The Joseph J. Duffy Company of Chicago was recommended for a $1,875,316 general construction contract for a four-story laboratory wing of brick and pre-cast concrete to be used by the physics, chemistry, and geology departments. Five other contracts were recommended for the physical science building covering plumbing, heating and air-conditioning, ventilation, temperature controls, and electricity. Cost of construction will be financed through the Illinois Building Authority, which will issue bonds. The University will make payments as rental to the building authority.

Closed Circuit TV Instruction Expanding

Closed circuit television instruction at Southern is expanding. Roughly 2,400 students are getting their general studies courses via the television classroom, of which there are about 29. Initiated in the spring of 1963 with a course in English and one in health education, the program now includes four courses. Associate professor Robert Hunt is taping a mathematics course for the winter quarter, and Professor Walter Welch will have a tape ready next fall for a course in economic botany. “The big advantage of the taped program,” said Marshall Allen, supervisor of closed circuit television operations, “is that one tape can be used over and over and can be revised as occasion warrants.”

At the Edwardsville Campus

Lawrence E. Taliana, ’51, M.S. ’52, coordinator of academic student counseling, has been certified as a psychologist under provisions of a new Illinois law, the Psychologist Registration Act, which requires that candidates for certification meet specified requirements and pass an examination. Associate professor of education, he is also treasurer of the Illinois guidance and Personnel Association. Mrs. Taliana is the former Phyllis Owen, ’53. The Talianas have two children,
