Registration Calendar

Fall, 1967

April 10–May 26. Advance registration period only for students enrolled in the 1966 spring quarter. Students on scholastic probation desiring to register for both summer and fall must wait until June 26 or later to register for fall.

June 26–August 25. Advance registration period for all students. New and re-entry students must have completed admission procedures. New students must refer to page 1 for further information on advisement and registration. Students for whom the 1966 summer quarter constitutes their first attendance at Southern must delay registering for fall until July 3 or later so that the student Biographic Data Sketch will be available for them at the time of registration.

August 30. Students will have their advance registrations cancelled if fees are not paid at the Bursar's Office by 4:00 P.M., C.D.T., on this date, unless they have received approval for deferred payment.

September 17–19. New Student Days. New students (undergraduate and graduate) who did not advance register may do so. All others must wait until Wednesday, September 20.

September 20. Fall quarter begins. Last day of regular registration. *All students are expected to have completed registration by this date.* Any exceptions will involve late registration fee changes. Night classes (5:45 P.M. or later) begin. Fall extension classes begin.

September 21. Day classes begin. Program change processing will start.

September 26. Registration for the fall quarter ends. This also includes the registration into new courses or the changing of sections through the program change process.

October 3. Last day to officially withdraw from school to be eligible for a refund of fees. Deadline for payment of fees by students whose fees were deferred.

October 17. Last day for undergraduates to officially withdraw from a course without receiving a letter grade. Graduate students officially dropping a course after this date need not be given an evaluative letter grade. Last day to change from credit to audit or vice versa for all students.

November 28. Last day for making a program change or withdrawing from school except under exceptional conditions.

Registration Calendar

Winter, 1968

October 4–November 21 and November 27–December 8. Advance registration period for all students. New students should refer to the Advisement and Registration Procedure on page 1 for further procedural information. *All continuing students are expected to be registered by December 8.*

December 13. Students will have their advance registrations cancelled if fees are not paid at the Bursar's Office by 4:00 P.M. on this date unless they have received approval for deferred payment.

January 2. Winter quarter begins. Last day of regular registration period. Only new and re-entering students will be advised and registered. *All students are expected to have completed registration by this date.* Any exceptions will involve late registration fee charges. Night classes (5:45 P.M. or later) begin.

January 3. Day classes begin. Program change processing will start.

January 8. Registration for the winter quarter ends. This also includes the registration into new courses or the changing of sections through the program change process.

January 15. Last day to officially withdraw from school to be eligible for a refund of fees. Deadline for payment of fees by students whose fees were deferred.

January 29. Last day for undergraduates to officially withdraw from a course without receiving a letter grade. Graduate students officially dropping a course after this date need not be given an evaluative letter grade. Last day to change from credit to audit or vice versa for all students.

February 28. Last day for making a program change or withdrawing from school except under exceptional conditions.

General Information

1

This Bulletin contains the schedule of classes for the fall, winter, and spring quarters, 1967-1968 for the Carbondale Campus. It also provides information relative to advisement and registration, fees, and allied information for the Carbondale Campus.

ADMISSION

Inquiries concerning undergraduate admission to the Carbondale Campus should be directed to the Admissions Office; those on the graduate level to the Graduate School. Deadlines for admission application can be found in the Calendar of Events on the preceding pages. Undergraduate admission applications should be completed at least thirty days in advance of the desired entrance date.

REGISTRATION & ADVISEMENT

The Carbondale Campus uses an academic advisement system whereby each undergraduate academic unit has a chief academic adviser and a number of assistant advisors selected from the teaching faculty. Undergraduate students entering the University for the first time will receive selective dates from the admission process from which they are to select the preferred date on which they will come to the campus to be advised and to advance register. This includes both freshmen and transfer students. They are not to write for appointments nor are they to come to Carbondale expecting to register unless it is the date indicated for them to do so.

Graduate students are to follow the procedures indicated below depending upon whether they are new, re-entering, or continuing students in being advised and registered.

After advisement the student may register for classes. The registration calendar begins on page iii. Ordinarily registration offices are open from 8:00 to 12:00 noon and 1:00 to 5:00 P.M., Monday through Friday, and from 8:30 to 12:00 noon on Saturday.

During the registration process the student goes through the Sectioning Center where the assignment is made to specific sections of the courses he is to take.

Mere attendance does not constitute registration in a class, nor will attendance in a class for which a student is

not registered be a basis for asking that a program change be approved permitting registration in that class.

NEW STUDENTS

Students entering the University for the first time are permitted to advance register only after they have been admitted to the University as evidenced by their receiving the Certificate of Admissions.

New undergraduate students, freshmen and transfer, will be expected to advance register on the same date that they come to the campus for advisement. Dates for students to do so will be selective ones in which the students are asked to come to the campus on specific dates as determined by the University. Students should not expect to be advised and registered on the same date they are admitted nor are they to come to the campus for advisement and registration without an appointment. Appointments for advisement and registration will be mailed from and are to be returned to the Registrar's Office.

New graduate students may advance register during the advance registration period from June 26 through August 25. Arrangements should be cleared with the Graduate School to do so to assure that the appropriate adviser will be available.

Students who desire to advance register for the 1967 fall quarter should be sure to have completed admission procedures by August 11 so as to permit all necessary papers to be furnished to the advisers at the time of advisement. Students admitted after this date will register at the start of the fall quarter along with students admitted earlier who cannot take advantage of the advance registration procedure.

RE-ENTERING STUDENTS

Students who have attended the University at some former time but not during the session immediately prior to the time they plan re-entry are expected to advance register during the periods outlined in the Registration Calendar. After completing readmission procedures (Admission Office for undergraduate students and Graduate School for graduate students) advisement appointments should be made at the advisement offices of the academic units into which the students are entering and clearance of the registrations should be completed on that same day at the Sectioning Center.

CURRENT STUDENTS, CARBONDALE CAMPUS

Students currently registered in the University will be continued in their present curricula unless a change of college or major is made. A change of college or major is initiated with the student's adviser. Either change should be made at the time of advisement.

Undergraduate students currently registered in the University will schedule appointments with their adviser. Registrations should be processed through the Sectioning Center as soon after advisement as possible.

Graduate students in a degree program should make

appointments with the departmental adviser for program advisement. Unclassified graduate students preparing for a degree program should contact the departmental adviser for pre-advisement. Unclassified graduate students in other categories may report directly to the Graduate School for registration procedure. Unclassified students who are planning to take qualifying courses must report those courses to the Graduate Admissions office *before* registering each quarter.

CURRENT STUDENTS, EDWARDSVILLE CAMPUS

Undergraduate students attending the Edwardsville Campus who plan to attend the Carbondale Campus must initiate their registration process by presenting to the Admissions Office at Carbondale either an official transcript of their Southern record or a letter of good standing from the registrar at the Edwardsville Campus. The reason for reporting to the Admissions Office is to permit the necessary coding changes to be made so that pertinent information about their academic programs, etc., can be up-dated to reflect the change of campus. Graduate students report first to the Graduate School.

PAYMENT OF FEES

Students receive their fee statements at the time of registration. During the advance registration period students are asked to delay paying their fees in person at the Bursar's Office until the day following registration. This is to permit necessary fee information to reach the Bursar by the time of fee payment. Students will find it easier to simply mail the fee statement along with the proper monetary amount to the Bursar's Office so as to arrive there by the deadline dates which are stated in the Registration Calendar located earlier in this Schedule. If students pay fees in person at the Bursar's Office they receive a Certificate of Registration at that time. When paying by mail they may pick up the Certificate at the Bursar's Office. Later, students will receive their printed schedule of classes at the time and place announced by the Registrar's Office. It is important that these forms be carried by the students at all times.

Students registering at the start of a quarter must pay fees at the time of registration.

Students advance registering may have their fees deferred provided the total amount of fees payable is \$35 or more. This is done through the Financial Assistance Office. Students attempting to do this via mail must do so several days prior to the fee deadline and must include their Fee Statement with the written request for deferment.

FEES FOR A REGULAR QUARTER

The University reserves the right to change fees and to have the change go into effect whenever the proper authorities so determine. Under the current fee schedule, Illinois undergraduate students taking more than 8 hours pay the following regular fees:

Tuition	\$42.00
Student Welfare and Recreational Facilities Building Trust Fund Fee	15.00
Book Rental	8.00
Activity fee	10.50
University Center fee	5.00
Total	<u>\$80.50</u>

Out-of-state students will pay an additional tuition of \$130 if taking more than 8 hours and an additional \$65 if taking 8 hours or fewer.

An Illinois undergraduate taking 8 or fewer hours will pay half tuition and book rental, will have an option of paying the activity fee, and will pay the full University Center fee. Once an option has been made by a student at the time of registration as to whether or not to pay the activity fee, such option is irrevocable. A part-time student, then, will pay either \$30 or \$40.50.

Graduate students do not rent their textbooks and do not pay the book rental fee. They purchase their books.

In addition to the above, students registering for the first time during the year for AF ROTC will be subject to a \$5 equipment deposit.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay fees according to their particular status.

REGISTERING FOR ONLY NIGHT AND/OR SATURDAY CLASSES

Students registering for only night and/or Saturday classes may advance register, during regular office hours, the same as other students. Registration offices are also open one evening during each advance registration period (except for Fall Quarter), the first night of each quarter, and the first Saturday morning of each quarter for the convenience of these students. (Refer to the Registration Calendar on page iii for dates and hours when the offices will be open the one night during advance registration period).

LATE REGISTRATION

The first day of a quarter is considered the last day of the regular registration period. Registrations thereafter, including those involving "to be arranged," are considered late registrations and are assessed the appropriate late registration fee. This is \$2 the first day with an additional \$1 per day to a maximum of \$5. The only exception is that students taking only night and/or Saturday classes may register on the first Saturday without a late fee.

AUDITING OF COURSES

Students may register for courses in an "audit" status. They receive no letter grade and no credit for such courses. An auditor's registration must be marked accord-

ngly. They pay the same fees as though they were registering for credit. They are expected to attend regularly and are to determine from the instructor the amount of work expected of them. If auditing students do not attend regularly, the instructor may determine that the students should not have the audited courses placed on their record cards maintained in the Registrar's Office. Students registering for a course for credit may change to an audit status or vice versa only for fully justified reasons and only during the first four weeks of a quarter. Such a change will require the student's academic dean's approval.

PROGRAM CHANGES

Students are officially registered only for those courses appearing on their schedule of classes. Any change therefrom can be made only after fees are paid and must be made through an official program change, which includes the following steps:

1. Initiating the change.

Students report to their advisers for approval and Program Change form completion. Graduate students must also secure approval from the Graduate School. If the change involves only that of changing sections within the same course, this may be done at the Sectioning Center without the necessity of securing adviser approval.

2. Sectioning.

Students must take the program change form to the Sectioning Center within two days after approval by the adviser. If the change involves a program change fee this must be paid at the Bursar's Office and then returned to the Sectioning Center for completion of the process.

Program changes which involve the adding of a new course to the schedule or the changing of sections must be done during the first week of a quarter.

DROPPING A COURSE

A program change must be made in order to drop a course. A student may not drop merely by stopping attendance. The last date for dropping a course by an undergraduate student without receiving a letter grade is the last day of the fourth week of a quarter. Graduate students may not necessarily receive a grade for dropping after the fourth week. (Refer to Registration Calendar.)

CHANGING FEE STATUS

Students making program changes which result in their moving from part-time fee status to full-time fee status will be assessed additional tuition and fees. Students moving from full-time fee status to part-time may apply for full refund of the student welfare and recreational facilities building trust fund fee plus a partial refund of their tuition and book rental fee (activity fee is not refundable) provided the reduction in program is made officially by a program change during the same period at the start of a quarter in which students withdrawing from the University

are eligible for a refund. This is usually during the first ten days. For dates refer to the Registration Calendar beginning on page iii.

WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Student Affairs Office to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is officially completed within the first two weeks of a quarter and if the application for a refund is received in the Registrar's Office within two weeks following the last regular registration period. See the Registration Calendar in this bulletin for the specific dates concerning withdrawal and refunding of fees.

A student who advance registers, including paying of fees, and then finds that he cannot attend school must also officially withdraw from school. He may do this by asking the Student Affairs Division to initiate official withdrawal action for him. This must be done by the end of the first two weeks if he expects to get a refund.

CANCELLATION OF REGISTRATION

An advance registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the Registrar by the Director of Student Affairs.

PERSONAL DATA CHANGES

At the time of registration students are asked to review a Biographic Data Sketch containing personal data. Certain items, if in error, are corrected at that time. Other items, which may require some type of verifying evidence, are changed by reporting to the Enrollment Section of the Registrar's Office.

1. Address Changes. Should be reported immediately either at the time of registration or at the Registrar's Office.
2. Name Changes. Should be made at the Enrollment Section of the Registrar's Office. Verification is required.
3. Marital Status Changes. Should be made at the Enrollment Center.
4. Legal Residence Changes (whether an Illinois or out-of-state resident). Must be requested by completion of the *Application to be Classified an Illinois Resident* form in the Registrar's Office. Before the change is made the student must have met the regulations governing residency status as established by the Board of Trustees.

Schedule of Classes

2

LISTING OF COURSES

Courses which students are to take to meet the General Studies requirements are listed in the front part of the Schedule of Classes. These courses are listed by the area which they satisfy and within the area by course number and section number.

Departments in which courses are being offered are listed in alphabetical order. Courses within each department are listed in order by course number and section number.

COURSE NUMBERS AND HOURS

The column containing this information shows the number of the course first, followed by the number of hours of credit. Course numbers are three-digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number.

The number appearing after the dash denotes the hours of credit for the course. In some cases there may be more than one number following the course number such as 599-2 to 5. This represents a variable-hour course in which the student decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

- 000-099 Course not properly in the following categories
- 100-199 For freshmen
- 200-299 For sophomores
- 300-399 For juniors and seniors
- 400-499 For seniors and graduate students
- 500-600 For graduate students only

PREREQUISITE

The prerequisite column lists requirements which must be satisfied before a student registers for the course. These prerequisites may be listed in various ways. Usually they are other courses in the same department, indicated by a course number. A prerequisite in another department is indicated by the department's code letters and the number.

The listing of prerequisites provides ready information for students. An effort has been made to have the listing complete, but this is not guaranteed. For the official listing of course descriptions and prerequisites, consult the undergraduate catalog or the graduate catalog.

SECTION NUMBER, TIME, AND DAYS

The times given indicate the beginning and ending of each class period. Students registering for courses listed as "to be arranged" may obtain times and days from instructor indicated or, if no instructor is listed, from the department chairman offering the course.

The letter *T* preceding a section number indicates that the section has been tentatively scheduled and will be opened for registration only if staff is available.

BUILDING AND ROOM NUMBER

The following list of building abbreviations will help in the location of classrooms. Buildings are listed alphabetically according to the code used in the class schedule. Temporary buildings are indicated in the schedule by the letter *T* or *H* followed by a number, and religious foundations are indicated by the letter *R* and a number.

CODE:	BUILDING NAME	CODE:	BUILDING NAME
A:	Allyn Building	Office:	Office of the
Abbott:	Abbott Hall (T.P.)		department
Ag:	Agriculture Building	P:	Parkinson Building
Alg:	Altgeld Hall	Pierce:	Pierce Hall (T.P.)

LS:	Life Science Building	Wham:	Wham Education
M:	Old Main		Building

If a building contains more than one classroom, then the number of the room follows the building's code name. A building code which contains a number is separated from the room number by the letter *R*. (For example, "T32 R111" means room 111 in building T32.)

EXPLANATION OF ENTRIES

The entry for each course is arranged as follows:

First Line: The course's identification number is followed by the number of quarter hours of credit and the descriptive title. A dotted line separates the title from the prerequisite, which appears at the right-hand end of the first line and sometimes continues to the second line.

Second Line: Special registration information, explanations, or any other remarks about the course appear on the second line. Sometimes the second line is not used.

Section-Number Lines: The first, second, and third columns list section numbers for courses offered fall, winter, and spring quarters, respectively. Following each section number are the time the class begins and the time it ends. The days on which the class meets, the place where it meets, and the instructor's last name complete the entry.
