Registration Calendar

Summer, 1969

April 9–June 3.

Advance registration period for all undergraduate students. New students should refer to the Advisement and Registration procedure on page 1 for further procedural information. *All continuing undergraduate students are expected to be registered by June 3.*

April 14–June 27.

Registration period for graduate students.

June 4.

Undergraduate students will have their advance registration cancelled if fees are not paid at the Bursar's Office by 4:00 P.M. on this date unless they have received approval for deferred payment.

June 17.

Last day of regular registration period for undergraduate students. Only new and re-entering students will be advised and registered. *All undergraduate students are expected to have completed registration by this date, except those registering for short courses that begin after June 17. They may register on the first day of the class without a late fee payment.* Any other exceptions will involve late registration fee charges. Workshops, short courses, and night classes (5:45 P.M. or later) begin.

June 18.

Program change processing only. Day classes begin.

June 19.

Late registration period for undergraduate students. Late fee will be assessed. Program changes will be processed.

June 23.

Registration for the summer quarter ends for both graduate and undergraduate students. This also includes the registration into new courses or the changing of sections through the program change process.

June 30.

Deadline for payment of fees by students whose fees were deferred. Graduate student registration will be cancelled if fees are not paid by 4:00 P.M.

Last day officially to withdraw from school to be eligible for a refund of fees.

July 14.

Last day for undergraduates to officially withdraw from a course without receiving a letter grade. Graduate students officially drop-

ping a course after this date need not be given an evaluative letter grade. Last day to change from credit to audit or vice versa for all students.

August 15.

Last day for making a program change or withdrawing from school except under exceptional circumstances.

Calendar of Events

July, 1969

- 12, Saturday. * Graduate Record Examination
 * Admission Test for Graduate Study in Business
 * Graduate English Examination
- 19, Saturday. * National Teacher Examination
 * American College Test (National)
- 26, Saturday. Deadline to file at Registrar's Office for August graduation (graduate and undergraduate)

August

- 2, Saturday. * ETS Graduate Student Foreign Language Examination

* Pre-registration is required. Applicant should contact the Testing Center for details at least four weeks before his test is scheduled.

University Calendar

<i>SUMMER, 1969</i>	Quarter Begins	Tuesday, June 17 *
	Independence Day Holiday	Friday, July 4
	Final Examinations	Monday–Friday, August 25–29
	Commencement (Edwardsville)	Friday, August 29
	Commencement (Carbondale)	Saturday, August 30
<i>FALL, 1969</i>	New Student Week	Sunday–Tuesday, September 21–23
	Quarter Begins	Wednesday, September 24 *
	Faculty Meeting (Carbondale)	Saturday, October 4
	Homecoming (Carbondale)	Thursday– Saturday, October 23–25
	Homecoming (Edwardsville)	Thursday– Saturday, October 30–November 1
	Parents' Day	Saturday, November 15
	Thanksgiving Vacation	Tuesday, 10 P.M.– Monday, 8 A.M., November 25–December 1
	Final Examinations	Monday–Saturday, December 15–20

	Final Examinations	Monday–Saturday, March 16–21
<i>SPRING, 1970</i>	Quarter Begins	Monday, March 30 *
	Memorial Day Holiday	Friday, May 29
	Final Examinations	Monday–Saturday, June 8–13
	Commencement (Carbondale)	Friday, June 12
	Commencement (Edwardsville)	Saturday, June 13
<i>SUMMER, 1970</i>	Quarter Begins	Monday, June 22 *
	Independence Day Holiday	Friday, July 3
	Final Examinations	Monday–Friday, August 31–September 4
	Commencement (Edwardsville)	Friday, September 4
	Commencement (Carbondale)	Saturday, September 5

* Classes begin with the evening classes after 5:30 P.M. on the Carbondale campus and with the evening classes after 4:30 P.M. on the Edwardsville campus.

1 / General Information

This bulletin contains the schedule of classes for the summer quarter, 1969, for the Carbondale Campus. It also provides information relative to advisement and registration, fees, and allied information for the Carbondale Campus.

Admission

Inquiries concerning undergraduate admission to the Carbondale Campus should be directed to the Admissions Office; those on the graduate level to the Graduate School. Undergraduate admission applications should be completed at least thirty days in advance of the desired entrance date.

Registration and Advisement

The Carbondale Campus uses an academic advisement system whereby each undergraduate academic unit has a chief academic adviser and a number of assistant advisers selected from the teaching faculty. Undergraduate students entering the University for the first time will receive selective dates from the admission process from which they are to select the preferred date on which they will come to the campus to be advised and to advance register. This includes both freshmen and transfer students. They are not to write for appointments nor are they to come to Carbondale expecting to register unless it is the date indicated for them to do so.

Graduate students will initiate advisement with their advisers, and will complete the registration process at the Graduate School, where all registration forms will be completed and retained. Graduate students will not be required to go through the Registration Center. The sectioning process is handled at a later time, and the student receives a fee statement by mail. Cancellation of graduate student registrations for non-payment of fees occurs at the end of the second week of the quarter. Graduate students may register during the advance registration period or during the first week of the quarter. No late fee will be assessed during this period. Graduate students who need to make program changes must follow the same procedure as undergraduate students in that these must be personally processed by the graduate students through the Registration Center.

After advisement the student may register for classes. See the registration calendar in this bulletin. Ordinarily registration offices

are open from 8:15 to 11:45 A.M. and 1:00 to 4:45 P.M., Monday through Friday, and from 8:30 to 11:45 A.M. on Saturday.

During the registration process the student goes through the Registration Center where the student assigns himself to specific sections of the courses he is to take.

Mere attendance does not constitute registration in a class, nor will attendance in a class for which a student is not registered be a basis for asking that a program change be approved permitting registration in that class.

New Students

Students entering the University for the first time are permitted to advance register only after they have been admitted to the University as evidenced by their receiving the Certificate of Admission.

New undergraduate students, freshmen and transfer, will be expected to advance register on the same date that they come to the campus for advisement. Dates for students to do so will be selective ones in which the students are asked to come to the campus on specific dates as determined by the University. Students should not expect to be advised and registered on the same date they are admitted nor are they to come to the campus for advisement and registration without an appointment. Appointments for advisement and registration will be mailed from and are to be returned to the Registrar's Office.

New graduate students may register during the registration periods indicated on the registration calendars. Arrangements should be cleared with the Graduate School to do so to assure that the appropriate adviser will be available.

Re-Entering Students

Students who have attended the University at some former time but not during the session immediately prior to the time they plan re-entry are expected to advance register during the periods outlined in the Registration Calendar. After completing readmission procedures (Admissions Office for undergraduate students and Graduate School for graduate students) advisement appointments should be made at the advisement offices of the academic units into which the students are entering and clearance of the registrations should be completed on that same day at the Registration Center.

Current Students, Carbondale Campus

Students currently registered in the University will be continued in their present curricula unless a change of college or major is made. A change of college or major area of concentration is initiated with the student's adviser. Either change should be made at the time of advisement.

Undergraduate students currently registered in the University will schedule appointments with their adviser. Registrations should be processed through the Registration Center as soon after advisement as possible.

Graduate students in a degree program should make appointments with the departmental adviser for program advisement. Unclassified graduate students preparing for a degree program should contact the departmental adviser for pre-advisement. Unclassified graduate students in other categories may report directly to the Graduate School for registration procedure. Unclassified students who are planning to take qualifying courses must report those courses to the Graduate Admissions office *before* registering each quarter.

Current Students, Edwardsville Campus

Undergraduate students attending the Edwardsville Campus who plan to attend the Carbondale Campus must initiate their registration process by presenting to the Admissions Office at Carbondale either an official transcript of their University record or a letter of good standing from the registrar at the Edwardsville Campus. The reason for reporting to the Admissions Office is to permit the necessary coding changes to be made so that pertinent information about their academic programs, etc., can be up-dated to reflect the change of campus. Graduate students report first to the Graduate School.

Registering for Only Night or Saturday Classes

Students registering for only night and/or Saturday classes may advance register, during regular office hours, the same as other students. Registration offices are also open the first night of each quarter, and the first Saturday morning of each quarter for the convenience of these students.

Payment of Fees

Undergraduate students receive their fee statements at the time of registration. During the advance registration period students are asked to delay paying their fees in person at the Bursar's Office until the day following registration. This is to permit necessary fee information to reach the Bursar by the time of fee payment. Students will find it easier simply to mail the fee statement along with the proper monetary amount to the Bursar's Office so as to arrive there by the deadline dates which are stated in the Registration Calendar located earlier in this Schedule. If students pay fees in person at the Bursar's Office they receive a Certificate of Registration at that time. When fees are paid by mail the Certificate will be mailed to the address given by the student on the back of his fee statement. Students will receive their printed schedule of classes within one week after the cancellation date. It is important that these forms be carried by the students at all times.

Undergraduate students registering at the start of a quarter must pay fees at the time of registration.

Graduate students receive their fee statements by mail and must clear their fees at the Bursar's Office by 4:00 P.M. on the last

day of the second week of the quarter. For the 1969 summer quarter this is June 30.

Fees for A Regular Quarter

The University reserves the right to change fees and to have the change go into effect whenever the proper authorities so determine. Undergraduate students pay the following regular fees:

	Not more than 5 hrs.	More than 5, less than 11	11 or more
Tuition Fee—Illinois Resident	\$14.00	\$28.00	\$42.00
Tuition Fee—Out of State Resident ..	(30.00)	(115.00)	(172.00)
Student Welfare and Recreation			
Building Trust Fund Fee	5.00	10.00	15.00
Book Rental Fee	3.00	6.00	8.00
Student Activity Fee	3.50	7.00	10.50
University Center Fee	5.00	5.00	5.00
Athletic Fund Fee	3.00	6.50	10.00
<i>Total</i> —Illinois Resident	<u>\$33.50</u>	<u>\$62.50</u>	<u>\$90.50</u>
<i>Total</i> —Out of State Resident	(49.50)	(149.50)	(220.50)

Students who register for a course for “Audit” or for a non-credit course will be assessed fees according to the imputed hours of that course. “Imputed hours” is generally the number of hours the class meets per week.

Graduate students do not rent their textbooks and do not pay the book rental fee. They must purchase their books.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay fees according to their particular status.

The activity fee is prorated according to the number of hours carried. Health Service benefits vary according to the amount paid. In certain instances graduate assistants, research assistants, graduate fellows, or students on fee code 27 may seek permission from the health service to pay the full activity fee even though they are only part time students. Written consent from the Health Service must be presented at the time of registration so that the student may be properly assessed.

Late Registration

A late registration fee will be charged continuing undergraduate students who do not advance register. New and re-entry undergraduate students will be charged this late fee after the first day of the quarter. Graduate students will be charged a late fee after the first week of the quarter.

Auditing of Courses

Students may register for courses in an “audit” status. They receive no letter grade and no credit for such courses. An auditor’s registration must be marked accordingly. They pay the same fees as though

they were registering for credit. They are expected to attend regularly and are to determine from the instructor the amount of work expected of them. If auditing students do not attend regularly, the instructor may determine that the students should not have the audited courses placed on their record cards maintained in the Registrar's Office. Students registering for a course for credit may change to an audit status or vice versa only for fully justified reasons and only during the first four weeks of a quarter. Such a change will require the student's academic dean's approval.

Program Changes

Students are officially registered only for those courses appearing on their schedule of classes. Any change therefrom can be made only after fees are paid and must be made through an official program change, which includes the following steps:

1. Initiating the change.

Students report to their advisers for approval and Program Change form completion. Graduate students must also secure approval from the Graduate School. If the change involves only that of changing sections within the same course, this may be done at the Registration Center without the necessity of securing adviser approval.

2. Sectioning.

Students must take the program change form to the Registration Center after approval by the adviser. If the change involves a program change fee this must be paid at the Bursar's Office and then returned to the Registration Center for completion of the process.

Program changes which involve the adding of a new course to the schedule or the changing of sections must be done during the first week of a quarter.

Dropping a Course

A program change must be made in order to drop a course. A student may not drop merely by stopping attendance. The last date for dropping a course by an undergraduate student without receiving a letter grade is the last day of the fourth week of a quarter. Graduate students may not necessarily receive a grade for dropping after the fourth week. (Refer to Registration Calendar.)

Changing Fee Status

Students making program changes which result in their moving from one fee status to another will be assessed additional tuition and fees when appropriate. If the change is to reduce the academic load resulting in a lower tuition and fee status, students may apply for the appropriate tuition and fee refund provided the reduction in program is made officially by a program change during the same period at the start of a quarter in which students withdrawing from the

University are eligible for a refund. This is usually during the first ten days. For dates refer to the Registration Calendar.

Withdrawing from School

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Student Affairs Office to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is officially completed within the first two weeks of a quarter and if the application for a refund is received in the Registrar's Office within two weeks following the last regular registration period. See the Registration Calendar in this bulletin for the specific dates concerning withdrawal and refunding of fees.

A student who advance registers, including paying of fees, and then finds that he cannot attend school must also officially withdraw from school. He may do this by asking the Student Affairs Division to initiate official withdrawal action for him. This must be done by the end of the first two weeks if he expects to get a refund.

Cancellation of Registration

An advance registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the Registrar by the Dean of Students.

Personal Data Changes

At the time of registration students are asked to review a Biographic Data Sketch containing personal data. Certain items, if in error, may be corrected at that time. Other items which may require some type of verifying evidence, are changed by reporting to the offices listed below.

1. Local Address Change. Housing Office.
2. Names Changes, Marital Status Changes, Date of Birth Changes. Records section of the Registrar's Office. Verification is required.
3. Selective Service Data Changes or Information. Enrollment, Fiscal Reports, Registrar's Office.
4. Legal Residence Changes (whether an Illinois or out-of-state resident). Must be requested by completion of the *Application to be Classified an Illinois Resident* form in the Registrar's Office. Before the change is made the student must have met the regulations governing residency status as established by the Board of Trustees.

2 / Summer Workshops and Institutes

Workshops

Agricultural Industries

Principles and Philosophy of Industrial, Vocational, and Technical Education (Agricultural Industries 485-3, cross-listed with TIED 485) June 23-July 12, Monday through Friday, 8:30-10:20. The team-teaching approach is used to give an understanding of the nature and purposes of practical arts, vocational and technical education, their relationships and differences, and the place of each in preparing people for the world of work.

Interrelated Vocational Cooperative Education (Agricultural Industries 525-3, cross-listed with TIED 525) June 23-July 12, Monday through Friday, 7:30-8:30. The team-teaching approach is used. Interrelated cooperative programs as they are developed in America, and especially Illinois, are presented. Coordinator's duties and responsibilities along with the operation of interrelated vocational cooperative programs are featured.

Advanced Agricultural Marketing (Agricultural Industries 554-4) June 23-July 19, Monday through Friday, 2:30-4:20. Current complex problems in agricultural marketing and methods of developing solutions; cooperative activities.

Seminar (Agricultural Industries 581-3) June 23-July 19, Monday through Friday, 12:30-2:20. Arrangements have been made for H. W. Hannah to offer a course in agricultural law during this period.

Agricultural Occupation Internship (Agricultural Industries 512-6) Section 1: June 23-July 19, 9:00-4:00. Section 2: July 29-August 24, 9:00-4:00. Prepares coordinators to fulfill their responsibilities in selected areas of agricultural related occupations through (1) an internship in the area of specialization and (2) orientation to related technical information.

Health Education

Driver Simulation (Health Education 445s-4). A comprehensive course designed for in-service and pre-service teachers

and supervisors of driver and traffic safety education. Deals with simulation use and roles in driver and traffic safety education, methods of instruction, equipment familiarization, program development and objectives.

Workshop in Health Education (Health Education 461-4 or 462 or 463) July 14-August 8, 1:20-4:40. Familiarizes participants with a conceptual approach to health teaching; organizing concept is the utilization of health information, products, and services, with special attention to the health implications of psychoactive drugs, family planning, and world population.

Practicum in Health Education Workshop (Health Education 511-5) July 14-August 15. Insights into and practical experiences in conjunction with the conducting of a health education workshop. Offered only in conjunction with 461.

Home Economics

Designing Through Fitting (Clothing and Textiles 432-4) June 16-August 8, Monday through Thursday, 11:30-1:20, and Friday, 11:30-12:20. Designed to aid leaders in the field with current problems. Discussion, reports, lectures, and other methods of analyzing and working on solutions to problems.

The School Lunch Program (Food and Nutrition 247-2) June 16-20, Monday through Friday, 9:00-4:00. Lecture, discussion, and demonstration of quantity food production menu planning, principles of nutrition, institutional equipment, record keeping, sanitation, principles of merchandising, and principles of administration as they apply to the school lunch personnel.

Personal Problems in Family-Life Education (Home and Family 407a-2) June 16-27, Monday through Friday, 9:30-11:20. Personality involvement, and interactions of students and teachers will be examined. Problems of objectivity, introspection, emotional maladjustment, and counseling will be considered. The workshop should be valuable to those concerned with individual reactions to family-life education.

Equipment's Impact on Work in the Home (Home and Family 407b-2) July 14-25, Monday through Friday, 7:30-9:20. Recent developments in household equipment and products, including electronic ranges, self-cleaning ovens, small electric appliances, non-stick finishes, permanent press, enzyme products, and their impact on work in the home. Consideration of management aspects and evaluation of time and work-saving qualities in relation to cost, performance, and safety.

Black American Child (Home and Family 407c-2) June 16-27, Monday through Friday, 2:30-4:20. The major objective

of this workshop is embodied in its title, with emphasis in understanding the influences of the black child's social and cultural environment. The workshop seeks to develop insight into the black child as a person, as a member of the family, school, and community. Other specific topics dealing with the black child will include the following: characteristics of the disadvantaged child, special problems and needs, influences of poverty on child relationships, economic influences upon children's learning and motivation, and other areas of group interest. Lectures, films, guest speakers, and readings will constitute the major segments of the program.

Wage Earning in the High School (Home Economics Education 507a-4) June 16-July 11, Monday through Friday, 7:30-9:20. Planning for wage earning programs at the secondary level in home economics related occupations and developing of curricular materials.

Post High School Vocational-Technical Programs (Home Economics Education 507b-4) June 16-July 11, Monday through Friday, 9:30-11:20. An exploration of post high school wage earning programs for the junior college and vocational-technical institutes. Philosophy, curriculum, and methods for courses in home economics related occupations at this level.

Concepts and Generalizations (Home Economics Education 507c-4) July 14-August 8, Monday through Friday, 2:30-4:20. Development of a better understanding of concepts and generalizations and their use in teaching. Preparation of curriculum materials for use in varied situations.

Teaching Home Economics in Inner City (Home Economics Education 507e-4) June 16-July 11, Monday through Friday, 7:30-9:20. Focuses on the family needs, problems, and ways of working with low-income, disadvantaged individuals and families. Some "on-the-site" experience will be provided to help home economics teachers to become more knowledgeable and understanding in their work with these groups.

Short Course

Supervision for Cooperating Teachers (Home Economics Education 507d) June 30-July 3, Monday through Friday, 2:30-4:20 plus 2 hours to be arranged. Home economics cooperating teachers of student teaching centers are invited to work with teacher education staff on problems, needs, and techniques which will strengthen the student teaching program.

Music

Summer Music Theater Repertoire Company (Music 347 or 568 2-12) June 8-August 27. Directed by William Taylor.

Electronic Synthesis of Music Workshop (Music 531-3) June 9-21. Directed by Will Gay Bottje, with Hubert Howe as guest clinician.

Opera Workshop (Music 346 or 568 2-12) June 16-July 26. The workshop will be on summer location at Harmony Hills Ranch, Hot Springs, Arkansas, under the direction of Marjorie Lawrence.

Contemporary Compositional Techniques (Music 481-2, Sec. 2) June 23-July 5. Will Gay Bottje and Hubert Howe.

Elementary Music Education Workshop (Music 455-3) June 23-July 3. Directed by Charles Taylor with Lois Rogers, clinician.

Workshop in Piano Tuning and Maintenance (Music 420-3) June 23-July 3. Directed by John Wharton.

American Music Since 1945 (Music 482-2, Sec. 2) July 7-19. Will Gay Bottje and Hubert Howe.

Piano Workshop (Music 454-3) July 21-26.

Plant Industries

Fertilizers and Soil Fertility (Plant Industries 407a). The uses of fertilizer material; effects of various fertilizers on soils and crops; fertility maintenance and soil management. Offered to high school and junior college teachers, farm advisers, and others who wish to use their vacations to further their work toward advanced degrees.

Psychology

Advanced Psychopathology (Psychology 531-4). Eight weeks. This is the Anna summer program course for our clinical graduate students.

Advanced Seminar (Psychology 595-4, Section 2). Eight weeks.

Theory and Practice in the Preschool (Psychology 459-4) eight weeks. This workshop is designed for those in nursery educa-

tion and related fields. It examines a variety of topics and provides lectures, demonstration, and practicum experience in the Child Study Cooperative Nursery.

Recreation and Outdoor Education

Outdoor Education: Methods and Techniques (Recreation and Outdoor Education 301-4 or 510-4) June 16-June 27. This course is for teachers and youth leaders. Its purpose is to assist teachers in the use of the outdoors. Outdoor education is a method of education which utilizes the resources outside of the formal classroom. It is used to teach that which can be more effectively learned there. Outdoor education, as a means of curriculum or program enrichment, applies to most subject matter areas of the elementary and secondary schools and other educational agencies and to many courses at the college level. The course includes a weekend field trip to the Conservation Education Center, Land Between the Lakes, Kentucky. A student may also enroll in 490 Practicum and gain four quarter hours of credit at the end of the summer through field problem participation off campus.

Conservation Education: Research and Field Studies (Recreation and Outdoor Education 596-4 Section 2, Individual Research—Conservation Education; or Secondary Education 575F-4 Individual Research—Social Studies; or Secondary Education 575D-4 Individual Research—Science) August 11-22. This course is for teachers and other youth leaders. The goal is to implement conservation education programs in school and community parks and nature centers. The goal will be accomplished through lectures, discussions, films, field projects, and independent study. Conservation education is conceived as the process of helping human beings clarify their personal values concerning their environment and subsequently make decisions about the use of this environment. Enrollment will be limited to thirty teachers. A weekend trip to the Conservation Education Center, Land Between the Lakes, Kentucky, will be included.

Secondary Education

Workshop in Economics Education (Secondary Education 490-4 or Economics 490-4 August 11-22, Monday through Friday, 8:30-11:20 and 1:30-3:20. The workshop has two central purposes: 1. Presentation of economic analysis as applied to contemporary problems. 2. A consideration of possible inclusion of economic concept in elementary and secondary school subject matter. For several years the workshop has emphasized a particular theme which seems to describe the more pressing contemporary problems, for example, "The U.S. Economy: Prospects and Problems."

The workshop is planned in cooperation with the Illinois Council on Economic Education and the Joint Council on Economic Educa-

tion. In the past two years there have been guest speakers from business, labor unions, and government.

Secretarial and Business Education

Vocational Business Education Workshop for Office Occupations and Distributive Education (Secretarial and Business Education 505-1) August 11, 12. Registration begins at 8 A.M. on August 11. The general meetings will be held in Furr Auditorium. Students may preregister for this workshop at the same time they enroll for summer quarter.

This workshop presents specialists in office occupations and distributive education from the federal, state and local levels who will present current techniques relative to cooperative and in-school programs on the secondary school and junior college levels. Some of the sessions will provide sectional group meetings for discussion of pertinent problems relative to both types of programs in regard to organization, administration, and the project method of instruction.

Business Education Workshop for Consumer Education (Secretarial and Business Education 505-4) July 14-August 8. Registration begins at 11:30 on July 14, 1969. Students may also preregister for this workshop at the same time they enroll for the summer quarter. In order to develop a more informed and effective citizenship with personal economic competence, the 75th General Assembly passed and the Governor approved a bill requiring that "Pupils in the public schools, grades 8 through 12, shall be taught and be required to study courses which include instruction in consumer education, installment purchasing, budgeting, comparison of prices, and other economic information." This workshop is designed to train and qualify teachers to meet these requirements. Some sessions will have speakers from business and will also include field trips to study the problems firsthand.

Special Education

Workshop in Special Education—Mentally Retarded (Special Education 518-4) Monday and Wednesday, 2:00-4:30. For teachers of TMH and EMH. Several new programs, devices, and techniques that appear to be suitable to the mentally retarded will be discussed. Attempt to relate learning theory to practical application for all levels of retarded will be main emphasis. Trends and issues in the education of the mentally retarded will be discussed. Prerequisite: At least one year of actual teaching with retarded and consent of instructor.

Workshop in Special Education—Learning Disabilities (Special Education 518-4) Presents a review of the works of Myklebust and Johnson, Kirk, Strauss and Lehtinen, Kephardt, Cruickshank, and Frostig. Emphasis will be placed on the Mykle-

bust approach to psychoneurological learning disabilities and Kirk's approach through use of the Illinois Test of Psycholinguistic Abilities.

Prerequisite: 411 or concurrent enrollment.

Workshop in Special Education—Learning Disabilities (Special Education 518-4) The workshop will offer various theories of learning, including Piaget, Brunner, Roach-Kephardt and Doman Delacato. This will be followed by an examination of tests used in the diagnosis of learning disabilities. Areas of testing will include (1) kinesio-perceptual, (2) auditory and visual perception, (3) psycholinguistic abilities, (4) intelligence tests.

The workshop will present a number of guest lecturers and will offer the students an opportunity to acquire practice in the administration of many important diagnostic tests including:

Kinesio-Perceptual—Holt-Joiner Kinesio-Perceptual Test; Purdue

Perceptual Motor Survey; Lincoln-Oseretsky Developmental Scale; Auditory and Visual Perception—Wepman Auditory Discrimination Test; Frostig Visual Perception Test;

Psycholinguistics—ITPA; Selected Reading Assessment Tests;

Intelligence Tests—WISC; PPVT.

Theater

Contemporary Dance Workshop (Theater 444 or Physical Education for Women 444-2 to 8). An intensive course in dance technique and theory, composition, improvisation, and production. Attention is given to the advanced study of the problems of choreography and production in their presentation as theater. Public performance is required. A student must have the equivalent of one year in technique and theory in order to register for more than 2 quarter hours. Students will meet for 6 weeks, 5 times weekly, for four hours in the classroom plus laboratory and rehearsals.

3 / Schedule of Classes

Listing of Courses

Courses which students are to take to meet the General Studies requirements are listed in the front part of the Schedule of Classes. These courses are listed by the area which they satisfy and within the area by course number and section number.

Departments in which courses are being offered are listed in alphabetical order. Courses within each department are listed in order by course number and section number.

Course Numbers and Hours

The line containing this information shows the number of the course first, followed by the short title and number of hours of credit. Course numbers are three-digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number.

In a variable-hour course the student decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

- 000-099 Course not properly in the following categories
- 100-199 For freshmen
- 200-299 For sophomores
- 300-399 For juniors and seniors
- 400-499 For seniors and graduate students
- 500-600 For graduate students only

Prerequisite

The prerequisite column lists requirements which must be satisfied before a student registers for the course. These prerequisites may be listed in various ways. Usually they are other courses in the same department, indicated by a course number. A prerequisite in another department is indicated by the department's code letters and the number.

The listing of prerequisites provides ready information for students. An effort has been made to have the listing complete, but this is not guaranteed. For the official listing of course descriptions and prerequisites, consult the Undergraduate Catalog, Carbondale, or the Graduate School Catalog.

Section Number, Time, and Days

The section number is indicated in the first column. The times given indicate the beginning and ending of each class period. Students registering for courses listed as "to be arranged" may obtain times and days from instructor indicated or, if no instructor is listed, from the department chairman offering the course.

The letter *T* preceding a section number indicates that the course has been tentatively scheduled and will be opened for registration only if staff is available.

Building and Room Number

The following list of building abbreviations will help in the location of classrooms. Buildings are listed alphabetically according to the code used in the class schedule. Temporary buildings are indicated in the schedule by a four digit number.

If a building contains more than one classroom, then the number of the room follows the building's code name.

CODE:	BUILDING NAME	CODE:	BUILDING NAME
ABBOTT:	Abbott Hall (T.P.)	PARK:	Parkinson Building
AG:	Agriculture Building	PHY SC:	Physical Science Building

Explanation of Entries

The entry for each course is arranged as follows:

First Line: The course's identification number is followed by the short title and the number of quarter hours of credit.

Second Line: The prerequisite (if applicable).

Section-Number Lines: The first column lists section numbers for courses offered summer quarter. An asterisk on the section number denotes an eight-week course. Eight-week courses meet from June 17 through August 8. Following each section number are the time the class begins and the time it ends. The days on which the class meets, the place where it meets, and the instructor's last name complete the entry.
