General Information

THIS BULLETIN contains the schedule of classes offered for the summer quarter, 1972, by Southern Illinois University at Carbondale. It also provides information relative to advisement and registration, fees, and allied information.

Admission

Inquiries concerning undergraduate admission should be directed to the Admissions Office; those on the graduate level to the Graduate School. Undergraduate admission applications should be completed at least thirty days in advance of the desired entrance date.

Registration and Advisement

Southern Illinois University at Carbondale uses an academic advisement system whereby each undergraduate academic unit has a chief academic adviser and a number of assistant advisers selected from the teaching faculty. Undergraduate students entering the University for the first time will receive selective dates from the admission process from which they are to select the preferred date on which they will come to the campus to be advised and to advance register. This includes both freshmen and transfer students. They are not to write for appointments nor are they to come to Carbondale expecting to register unless it is the date indicated for them to do so.

Graduate students will initiate advisement with their advisers, and will complete the registration process at the graduate school, where all registration forms will be completed and retained. Graduate students will not be required to go through the Registration Center. The registration process is handled at a later time, and the student receives a fee statement by mail. Cancellation of graduate student registrations for non-payment of fees occurs on the date indicated in the Registration Calendar. Graduate students may register during the period indicated in the Registration Calendar. No late fee will be assessed during this period. Graduate students who need to make program changes must follow the same procedure as undergraduate students in that these must be personally processed by the graduate students through the Registration Center.

After advisement the student may register for classes. See the Registration Calendar in this bulletin. Ordinarily, registration offices are open from 8:00 to 11:30 A.M. and 1:00 to 4:30 P.M., Monday through Friday.

During the registration process the student goes through the Registration Center, where he assigns himself to specific sections of the courses he is to take.

Mere attendance does not constitute registration in a class, nor will attendance in a class for which a student is not registered be a basis for

asking that a program change be approved permitting registration in that class.

New Students

Students entering the University for the first time are permitted to advance register only after they have been admitted to the University as evidenced by their receiving the Certificate of Admission.

New undergraduate students, freshmen and transfer, will be expected to advance register on the same date that they come to the campus for advisement. Dates for students to do so will be selective ones in which the students are asked to come to the campus on specific dates as determined by the University. Students should not expect to be advised and registered on the same date they are admitted nor are they to come to the campus for advisement and registration without an appointment. Appointments for advisement and registration will be mailed from and are to be returned to the Office of Admissions and Records.

New graduate students may register during the registration periods indicated on the registration calendars. Arrangements should be cleared with the Graduate School to do so to assure that the appropriate adviser will be available.

Re-Entering Students

Students who have attended the University at some former time but not during the session immediately prior to the time they plan re-entry are expected to advance register during the periods outlined in the Registration Calendar. After completing readmission procedures (Admissions Office for undergraduate students and graduate school for graduate students) advisement appointments should be made at the advisement offices of the academic units into which the students are entering and clearance of the registrations should be completed on that same day at the Registration Center.

Current Students, Carbondale

Students currently registered in the University will be continued in their present curricula unless a change of college or major is made. A change of college or major area of concentration is initiated with the student's adviser. Either change should be made at the time of advisement.

Undergraduate students currently registered in the University will schedule appointments with their adviser. Registrations should be processed through the Registration Center as soon after advisement as possible.

Graduate students in a degree program should make appointments with the departmental adviser for program advisement. Unclassified graduate students preparing for a degree program should contact the departmental adviser for pre-advisement. Unclassified graduate students in other categories may report directly to the graduate school for registration procedure. Unclassified students who are planning to take qualifying courses must report those courses to the Graduate Admissions office *before* registering each quarter.

Current Students, Edwardsville

Undergraduate students attending Southern Illinois University at Edwardsville who plan to attend Southern Illinois University at Carbondale must initiate their registration process by presenting to the Office of Ad-

missions and Records at Carbondale either an official transcript of their university record or a letter of good standing from the registrar at Edwardsville. The reason for reporting to the admissions office is to permit the necessary coding changes to be made so that pertinent information about their academic programs, etc., can be up-dated to reflect the change of campus. Graduate students report first to the Graduate School.

Payment of Fees

Undergraduate students receive their fee statements at the time of registration. During the advance registration period students are asked to delay paying their fees in person at the Bursar's Office until the day following registration. This is to permit necessary fee information to reach the Bursar by the time of fee payment. Students will find it easier simply to mail the fee statement along with a check or money order for the proper monetary amount to the Bursar's Office so as to arrive there by the deadline dates which are stated in the Registration Calendar located earlier in this bulletin. If students pay fees in person at the Bursar's Office they receive a Certificate of Registration at that time. When fees are paid by mail the Certificate will be mailed to the address given by the student on the back of his fee statement. Students will receive their printed schedule of classes within one week after the cancellation date. It is important that these forms be carried by the students at all times.

Undergraduate students registering at the start of a quarter must pay fees at the time of registration.

Graduate students receive fee statements by mail and must clear their fees at the Bursar's Office by 4:00 P.M. on Thursday, June 29, 1972.

Fees for a Regular Quarter

The University reserves the right to change fees and to have the change go into effect whenever the proper authorities so determine. Undergraduate students pay the following regular fees:

	Not more than 5 hrs.	More than 5, less than 11	11 or more
Tuition Fee—Illinois Resident	\$ 48.00	\$ 95.00	\$143.00
Tuition Fee—Out-of-State Resident . . .	(143.00)	(286.00)	(429.00)
Student Welfare and Recreation			
Building Trust Fund Fee	5.00	10.00	15.00
Book Rental Fee	3.00	6.00	8.00
Student Activity Fee	3.50	7.00	10.50
Student Center Fee	5.00	10.00	10.00
Athletic Fund Fee	3.00	6.50	10.00
<i>Total</i> —Illinois Resident	\$ 67.50	\$134.50	\$196.50
<i>Total</i> —Out-of-State Resident	(162.50)	(325.50)	(482.50)

Students who register for a course for *audit* or for a non-credit course will be assessed fees according to the imputed hours of that course. *Imputed hours* is generally the number of hours the class meets per week.

Graduate students do not rent their textbooks and do not pay the book rental fee. They must purchase their books.

Students having special fee status, such as scholarship holders, faculty, and staff, will pay fees according to their particular status.

The activity fee is prorated according to the number of hours carried.

Health Service benefits vary according to the amount paid. In certain instances graduate assistants, research assistants, graduate fellows, or students on fee code 27 may seek permission from the health service to pay the full activity fee even though they are only part time students. Written consent from the Health Service must be presented at the time of registration so that the student may be properly assessed.

Pass/Fail Option

A list of the courses offered under the pass/fail option for the Summer Quarter, 1972, will be available at the beginning of Summer registration in all academic advisement centers, department offices, and the registration center. A student taking a course for pass/fail should have his registration marked accordingly. Students registering in an elective pass/fail course may change from the regular grading option to the pass/fail option or vice versa only for fully justified reasons and only during the first four weeks of the quarter. Such a change will require the student's academic dean's approval.

Auditing of Courses

Students may register for courses in an *audit* status. They receive no letter grade and no credit for such courses. An auditor's registration must be marked accordingly. They pay the same fees as though they were registering for credit. They are expected to attend regularly and are to determine from the instructor the amount of work expected of them. If auditing students do not attend regularly, the instructor may determine that the students should not have the audited courses placed on their record cards maintained in the Office of Admissions and Records. Students registering for a course for credit may change to an audit status or vice versa only for fully justified reasons and only during the first four weeks of a quarter. Such a change will require the student's academic dean's approval.

Program Changes

Students are officially registered only for those courses appearing on their schedule of classes. Any change therefrom can be made only after fees are paid and must be made through an official program change, which includes the following steps:

1. Initiating the change.
Students report to their advisers for approval and Program Change form completion. Graduate students must also secure approval from the graduate school. If the change involves only that of changing sections within the same course, this may be done at the Registration Center without the necessity of securing adviser approval.
2. Registration.
Students must take the program change form to the Registration Center after approval by the adviser.

Program changes which involve the adding of a new course to the schedule or the changing of sections must be done by the "last day to add a class" as indicated in the Registration Calendar.

Dropping a Course

A program change must be made in order to drop a course. A student

may not drop merely by stopping attendance. The last date for dropping a course by an undergraduate student without receiving a letter grade is the last day of the fourth week of a quarter. Graduate students may not necessarily receive a grade for dropping after the fourth week. (Refer to Registration Calendar.)

Changing Fee Status

Students making program changes which result in their moving from one fee status to another will be assessed additional tuition and fees when appropriate. If the change is to reduce the academic load resulting in a lower tuition and fee status, students may apply for the appropriate tuition and fee refund provided the reduction in program is made officially by a program change during the same period at the start of a quarter in which students withdrawing from the University are eligible for a refund. This is usually during the first ten days. For dates refer to the Registration Calendar.

Withdrawing from School

A student who finds it necessary to withdraw from school while the quarter is in progress must report to the Office of Admissions and Records to initiate official withdrawal action. No withdrawal will be permitted during the last two weeks of a quarter, except under exceptional conditions. A refunding of fees is permitted only if a withdrawal is officially completed by Thursday, June 29.

A student who advance registers, including paying of fees, and then finds that he cannot attend school must also officially withdraw from school. He may do this either by reporting to the Office of Admissions and Records in person or by writing to the Dean of Student Services. This must be done by the end of the first two weeks, if he expects to get a refund.

Cancellation of Registration

An advance registration including the payment of tuition and fees may be considered invalid if the student is declared to be ineligible to register due to scholastic reasons. The same situation may exist due to financial or disciplinary reasons if certified to the Registrar by the Dean of Student Services.

Personal Data Changes

At the time of registration students are asked to review a Biographic Data Sketch containing personal data. Certain items, if in error, may be corrected at that time. Other items which may require some type of verifying evidence, are changed by reporting to the offices listed below.

1. *Local Address Change*.—Office of Admissions and Records, Registration Center, Graduate School, or VTI Registration Office.
2. *Name Change, Marital Status Change, Date of Birth Change*.—Records Section of the Office of Admissions and Records. Verification may be required.
3. *Selective Service Data Change or Information*.—Registration Center.
4. *Legal Residence Change* (whether an Illinois or out-of-state resident).—Must be requested by completion of the *Application to be Classified*

an Illinois Resident form in the Office of Admissions and Records. Before the change is made the student must have met the regulations governing residency status as established by the Board of Trustees.

2 / Summer Workshops and Institutes

Child and Family

Black American Child (Child and Family 408-2, Section 3) July 17-28. Explores some of the characteristics of the black child with emphasis in understanding the influences of the black child's social and cultural environment. Furthermore, it seeks to develop insight into the black child as a person, as a member of the family, school, and community. Other specific topics dealing with the black child will include the following: characteristics of the disadvantaged child, special problems and needs, influences of poverty on child relationships, economics influences upon children's learning and motivation.

Teaching Sex Education (Child and Family 408-2, Section 2) July 3-14. Aids parents, teachers, or any other persons who eventually will teach or may now be teaching sex education to children or young adults. For the benefit of school teachers, a review will be made of the current status of sex education in the Illinois public school system with special emphasis on recommendations and limitations made by school authorities. Concepts and programs for teaching sexuality in grades one through twelve discussed.

Myths pertaining to human sexuality examined and recommendations made on how to alleviate these myths. Various teaching aids such as films and written materials demonstrated or shown. Special attention given to qualification for teaching sex education and participants will be given the opportunity to ascertain their own strengths and limitations in teaching this timely topic.

Developing Motivational Traits in Children (Child and Family 408-2, Section 1) June 19-30. Explores new evidence on traits in children related to motivation. To supply this knowledge, two areas will be stressed: 1) The ways in which family, community, and peer groups exert influences that retard or advance positive attitudes, self-concept, and other requisites of motivation, and 2) A focus on the family, nursery school and elementary school as agencies for developing this attribute in children.

Stresses the development of skills in the student necessary to construct experiences for the child that will result in specific motivational traits. The study and use of learning theory pertinent to the design of motivational experiences will be included. Parents and teachers could benefit from the workshop as it should appreciably improve their effectiveness in developing a motivated child.

Family Guidance Through Community Services (Child and Family 408-2, Section 4) July 31-August 11. Provides an orientation to state supported and private agencies, religious organizations, and the services they offer to families who need help in the areas of physical and mental health, financial assistance, and crisis situations. Students become

familiar with present trends and legislation which support community based family counselling services. Techniques for referral of families needing help are practiced. Students are encouraged to participate in the development and use of community resources within their areas of employment.

Field trips are taken to a residential facility, a penal institution, and a sheltered workshop. Speakers representing such agencies as public aid and mental health explain agency tasks and services provided and in turn recipients of services (exconvict, family on ADC, etc.) speak to satisfactions and omissions of services that they have experienced.

Elementary Education

Workshop in Kindergarten-Primary Education (Elementary Education 433) June 20–July 14. Designed for in-service teachers who are looking for an opportunity to discuss and exchange ideas with their colleagues. Discussions center around the child-centered classroom, the latest developments in early childhood education, the involvement of parents and para-professionals in the classroom, and practical suggestions for use in the classroom.

There will be opportunities to see new materials, to visit area programs in operation, and to exchange many practical teaching ideas. Attempts will be made to meet the needs of the individual student thru use of field trips, resource people, films, first hand observations, and special projects.

Family Economics and Management

Economic Concepts and the Low-income Consumer: (FE&M 407–2, Section 1) July 17–28. Economic concepts will be analyzed and interpreted as they relate to low-income consumers. Psychological and social factors which affect the economic choices these consumers make relative to budgeting for and obtaining food, clothing, equipment, and housing will be discussed. Karen E. Craig.

Alternatives for Modern Consumers: (FE&M 407–2, Section 2) July 17–28. Focus is on the sharpening of consumer skills in satisfying wants through the development of an awareness of the characteristics of the modern market and the kinds of alternatives made available to American consumers. Topics to be included are: making wise choices in the market, credit, alternative forms of saving and investments, promotional devices and advertising, and consumer protection and fraud. Nancy Rudd.

Food and Nutrition

School Lunch Program (Food and Nutrition 247b–2) June 19–23. Lecture, discussion, and demonstration of quantity food production menu planning, principles of nutrition, advanced menu planning, record keeping, sanitation, purchasing, personnel management, and work simplification as they apply to the school lunch personnel. Henrietta Becker.

Health Education

Workshop in Health Education (Health Education 461–4) July 17–August 11. Workshop focus is social health: the third dimension of

well-being. Particular consideration to be given to school and college and to marriage and family as both contributors to and detractors from social health. Participants may investigate social groups or movements which improve health of their adherents. Development of teaching materials and approaches; all projects to be done in groups practicing social health. No prerequisites. Graduate or undergraduate credit.

Health Education Workshop (Health Education 462–4) Same as 461. May be taken if student already has credit for 461.

Workshop in Health Education (Health Education 463–4) Same as 462.

Practicum in Health Education Workshop. (Health Education 511) July 17–August 25. Participants help plan, lead, and evaluate Health Education 461. Alternate procedures are discussed daily and a regular log is kept. Proceedings to be compiled and published, concentrating on teaching approaches toward improving social health.

Home Economics Education

Consumer-Homemaking Workshop (HEED 507–2) June 26–30. Helps teachers become more knowledgeable of subject matter content for a consumer and homemaking program, plan meaningful programs for students who are economically disadvantaged, and develop plans for preparing students for the dual role of homemaker and wage earner. Dr. Anna Carol Fults.

Interior Design

Workshop in Concepts of Furniture Construction and Upholstering (Interior Design 418–4) June 20–July 20. Current problems facing the professional interior designer. Discussion, reports, lectures, design solution presentations, and other methods of analyzing and working on design problems.

Independent research required in which the student will select his own problem and analyze and pursue the solutions to that problem. The student will be responsible for acquiring knowledge of new techniques and materials of furniture upholstery. Through his independent research he will analyze furniture construction concepts, terminology, design philosophies, construction problems and solutions, and through practical laboratory experiences relate these concepts to his own problem solutions. Nancy Donave Greene.

Music

Music for Exceptional Children I (Music 483–3, Section 2) July 23–29, morning, afternoon, and evening. Introductory work for special education teachers and music teachers who work with exceptional children. Held under joint sponsorship of the School of Music and the Department of Special Education, with Dr. Catherine McHugh as coordinator. Guest lecturers in special phases of the subject.

Music for Exceptional Children II (Music 483–3, Section 3) July 30–August 5, morning, afternoon, and evening. Advanced work for

special education teachers and music teachers who have completed the introductory course held during the summers of 1971 and 1972. Jointly sponsored by the School of Music and the Department of Special Education. Dr. Catherine McHugh, coordinator. Guest lecturers on special phases of the subject.

Music and Youth at Southern Illinois University. July 9–22, morning, afternoon, and evening, offers to high school musicians in Southern Illinois and surrounding areas a unique experience in music learning on the campus. Participation in band, orchestra, chorus, piano, stage band; classes in music appreciation, music theory, instrument repair, and performing techniques. Part time staff of twenty under the coordination of Melvin Siener, camp director.

Opera Workshop. (Music 346, 568–6 to 8). June 19–July 29. Hot Springs, Arkansas. Registration for the annual opera workshop will be limited and must be made by June 1, 1972. Six weeks of intensive vocal and opera training under the direction of Marjorie Lawrence.

Summer Music Theatre (Music 347–568) June 19–August 12. Talented singers, actors, dancers, technicians, and orchestra personnel come to the campus of Southern Illinois University at Carbondale from colleges and universities throughout the United States for a summer of performing and instruction in the Broadway musical repertoire. Participants receive full-load graduate and undergraduate credit. Held under the direction of Mary Elaine Wallace and Michael Hanes, in cooperation with the SIU Summer Theatre.

Psychology

Theory and Practice in the Preschool (Psychology 459–4) June 20–July 18. For those who are preparing for or are engaged in preschool education. Examines a variety of topics and provides lectures, demonstrations, and practicum experience in the Child Study Cooperative Nursery. Prerequisite: consent of instructor.

Rehabilitation Institute

Eighteenth Annual Summer Rehabilitation Workshop (Rehabilitation 414–2, Section 1) August 21–26, Monday through Saturday, 8:30 A.M.–4:30 P.M. For professional personnel engaged in rehabilitation and welfare programs in Illinois: those rendering direct services to disabled, disadvantaged persons; or in developing/coordinating community resources directed to their needs. Experts in the field will examine and evaluate current trends, recent research, innovative programs, and projected developments in a wide range of rehabilitation activities. Includes group interaction and discussion.

Theater

Contemporary Dance Workshop (Theater 444–2 to 8) Dance technique and theory, composition, improvisation, and production. Advanced study of the problems of choreography and production in their presentation as theatre (dance as an art form). Public performance is required. Prerequisite: one year of technique and theory or equivalent.

3 / Schedule of Classes

Listing of Courses

Courses which students are to take to meet the General Studies requirements are listed in the front part of the Schedule of Classes. These courses are listed by the area which they satisfy and within the area by course number and section number.

Departments in which courses are being offered are listed in alphabetical order. Courses within each department are listed in order by course number and section number.

Course Numbers and Hours

The line containing this information shows the number of the course first, followed by the short title and number of hours of credit. Course numbers are three-digit numbers. In some cases the three digits may be followed by a letter which is also part of the course number.

In a variable-hour course the student decides the number of hours for which he is going to register in consultation with his adviser.

The course numbering system is as follows:

000-099	Course not properly in the following categories
100-199	For freshmen
200-299	For sophomores
300-399	For juniors and seniors
400-499	For seniors and graduate students
500-600	For graduate students only

Prerequisite

The prerequisite entry lists requirements which must be satisfied before a student registers for the course. These prerequisites may be listed in various ways. Usually they are other courses in the same department, indicated by a course number. A prerequisite in another department is indicated by the department's code letters and the number.

Section Number, Time, and Days

The section number is indicated in the first column. The times given indicate the beginning and ending of each class period. Students registering for courses listed as "to be arranged" may obtain times and days from instructor indicated or, if no instructor is listed, from the department chairman offering the course.

Building and Room Number

The following list of building abbreviations will help in the location of classrooms. Buildings are listed alphabetically according to the code used

in the class schedule. Temporary buildings are indicated in the schedule by a four-digit number.

If a building contains more than one classroom, then the number of the room follows the building's code name.

Explanation of Entries

- The entry for each course is arranged as follows:
- First Line: The course’s identification number is followed by the short title and the number of quarter hours of credit.
 - Second Line: The prerequisite (if applicable).
 - Section-Number Lines: The first column lists section numbers for courses offered. Following each section number are the time the class begins and the time it ends. The days on which the class meets, the place where it meets, and the instructor’s last name complete the entry.

Student teachers are expected to be on duty in the public schools according to the calendar of the schools in which they are teaching. During the time in which university students are student teaching, it may therefore be necessary for them to follow a calendar different from the quarterly University calendar. When this is necessary, the Director of Student Teaching will inform the students sufficiently far enough in advance so that they may make necessary arrangements.

Student teachers are expected to be on duty in the public schools according to the calendar of the schools in which they are teaching. During the time in which university students are student teaching, it may therefore be necessary for them to follow a calendar different from the quarterly University calendar. When this is necessary, the Director of Student Teaching will inform the students sufficiently far enough in advance so that they may make necessary arrangements.
